Listed means an obligation that is quoted, listed or ordinarily purchased and sold on an exchange and, if specified as applicable to an Obligation Category, the "Listed" Obligation Characteristic shall be applicable only in respect of obligations within that Obligation Category that are Bonds or, if specified as applicable to a Deliverable Obligation Category, the "Listed" Deliverable Obligation Characteristic shall be applicable only in respect of obligations within that Deliverable Obligation Category that are Bonds.

Loan means any obligation of a type included in the Borrowed Money Obligation Category that is documented by a term loan agreement, revolving loan agreement or other similar credit agreement and shall not include any other type of Borrowed Money.

London Business Day means a day on which commercial banks and foreign exchange markets are generally open to settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London.

LPN means any bond issued in the form of a loan participation security.

LPN Issuer means, in respect of any LPN, the entity, which issued the relevant LPN.

LPN Reference Obligation means each Reference Obligation other than any Additional Obligation, which is issued for the sole purpose of providing funds to the LPN Issuer to finance an Underlying Loan. Any change to the issuer of an LPN Reference Obligation in accordance with its terms shall not prevent such LPN Reference Obligation from constituting a Reference Obligation.

M(M)R Restructuring means a "Restructuring" Credit Event in respect of which either "*Mod R*" or "*Mod Mod R*" is specified as applicable in the applicable Final Terms.

Maximum Maturity means an obligation that has a remaining maturity of not greater than:

- (a) the period specified in relation to a Reference Entity; or
- (b) if no such period is so specified, 30 years.

For purposes of the application of the Deliverable Obligation Characteristic "Maximum Maturity", remaining maturity shall be determined on the basis of the terms of the Deliverable Obligation in effect at the time of making such determination, and in the case of a Deliverable Obligation that is due and payable, the remaining maturity shall be zero.

Merger Event means that at any time during the period from (and including) the Trade Date to (but excluding) the Scheduled Redemption Date the relevant Issuer or the Guarantor (if applicable) consolidates or amalgamates with, or merges into, or transfers all or substantially all of its assets to, a Reference Entity, the relevant Issuer or the Guarantor as applicable, or (if applicable) the Guarantor and a Reference Entity or the relevant Issuer and a Reference Entity become Affiliates.

Merger Event Redemption Date means the date specified by the relevant Issuer in the notice to Securityholders.

Minimum Quotation Amount means the amount specified as such in the applicable Final Terms (or its equivalent in the relevant Obligation Currency) or, if no amount is so specified, the lower of: U.S.\$ 1,000,000 (or its equivalent in the relevant Obligation Currency); and the Quotation Amount.

Modified Eligible Transferee means any bank, financial institution or other entity, which is regularly engaged in or established for the purpose of making, purchasing or investing in loans, securities and other financial assets.

Modified Restructuring Maturity Limitation Date means, with respect to a Deliverable Obligation, the Limitation Date occurring on or immediately following the Scheduled Redemption Date. Subject to the foregoing, if the Scheduled Redemption Date is later than the 10-year Limitation Date, the Modified Restructuring Maturity Limitation Date will be the Scheduled Redemption Date.

Movement Option means, with respect to an M(M)R Restructuring to which a No Auction Announcement Date has occurred pursuant to sub-paragraph (b) or (c)(ii) of the definition thereof, the option of the Calculation Agent to apply for purposes of settlement, the Parallel Auction Settlement Terms, if any, for purposes of which the Permissible Deliverable Obligations are more limited than the Deliverable Obligations that the Issuer could specify in any Notice of Physical Settlement or, as the case may be, which could be selected as Valuation Obligations by the Calculation Agent (provided that if more than one such set of Parallel Auction Settlement Terms are published, the Parallel Auction Settlement Terms specifying the greatest number of such Permissible Deliverable Obligations shall apply). If the Calculation Agent does not deliver an effective Notice to Exercise Movement Option to the Issuer on or prior to the Movement Option Cut-off Date, the Fallback Settlement Method shall apply.

Movement Option Cut-off Date means the date that is one Relevant City Business Day following the Exercise Cut-off Date applicable to the Issuer, or such other date as the relevant Credit Derivatives Determinations Committee has Resolved.

Multiple Holder Obligation means an Obligation that:

- (a) at the time of the event which constitutes a "Restructuring" Credit Event is held by more than three (3) holders that are not Affiliates of each other; and
- (b) with respect to which a percentage of holders (determined pursuant to the terms of the Obligation as in effect on the date of such event) at least equal to sixty-six and two-thirds is required to consent to the event which constitutes a "Restructuring" Credit Event,

provided that any Obligation that is a Bond shall be deemed to satisfy the requirement in paragraph (b) above.

Next Currency Fixing Time means 4.00 p.m. (London time) on the London Business Day immediately following the date on which the Notice of Physical Settlement or relevant NOPS Amendment Notice, as applicable, is effective or, as applicable, the date of selection of Valuation Obligations.

No Auction Announcement Date means, with respect to any Reference Entity, the date on which the DC Secretary first publicly announces that:

- (a) no Transaction Auction Settlement Terms and, if applicable, Parallel Auction Settlement Terms will be published with respect to credit derivative transactions in the over-the-counter market and the relevant Credit Event and Reference Entity;
- (b) following the occurrence of a Credit Event which is an M(M)R Restructuring, no Transaction Auction Settlement Terms will be published, but Parallel Auction Settlement Terms will be published; or
- (c) the relevant Credit Derivatives Determinations Committee has Resolved that no Auction will be held following a prior public announcement by the DC Secretary to the contrary, in circumstances where either (i) no Parallel Auction will be held or (ii) one or more Parallel Auctions will be held.

No Standard Reference Obligation means if the Standard Reference Obligation is removed from the SRO List and not immediately replaced, such obligation shall cease to be a Reference Obligation (other than for the purpose of the "Not Subordinated" Obligation Characteristic or "Not Subordinated" Deliverable Obligation Characteristic) and there shall be no Reference Obligation unless and until such obligation is subsequently replaced on the SRO List, in which case, the new Standard Reference Obligation in respect of the relevant Reference Entity shall constitute the Reference Obligation for it.

Non-Capped Reference Entity means a Reference Entity, which is not a Capped Reference Entity.

Non-Conforming Reference Obligation means a Reference Obligation which is not a Conforming Reference Obligation.

Non-Conforming Substitute Reference Obligation means an obligation which would be a Deliverable Obligation determined in accordance with paragraph (b) of the definition of Deliverable Obligation on the Substitution Date but for one or more of the same reasons which resulted in the Reference Obligation constituting a Non-Conforming Reference Obligation on the date it was issued or incurred and/or immediately prior to the Substitution Event Date (as applicable).

Non-Financial Instrument means any Asset, which is not of the type typically traded in, or suitable for being traded in, financial markets.

Non-Standard Event Determination Date means:

- (a) subject to paragraph (b) below, the Notice Delivery Date, if the Notice Delivery Date occurs during either the Notice Delivery Period or the Post Dismissal Additional Period, provided that neither (i) a DC Credit Event Announcement has occurred nor (ii) a DC No Credit Event Announcement has occurred, in each case, with respect to the Credit Event specified in the Credit Event Notice; or
- (b) notwithstanding paragraph (a) above, if a DC Credit Event Announcement has occurred and the Credit Event Resolution Request Date has occurred on or prior to the last day of the Notice Delivery Period (including prior to the Trade Date) either:
 - (i) the Credit Event Resolution Request Date, if either:
 - (A) (I) "Auction Settlement" is not specified as being applicable in the Final Terms;
 - (II) the relevant Credit Event is not an M(M)R Restructuring; and
 - (III) the Trade Date occurs on or prior to the date of the DC Credit Event Announcement; or
 - (B) (I) either:
 - (x) "Auction Settlement" is specified as being applicable in the Final Terms; or
 - (y) the relevant Credit Event is an M(M)R Restructuring; and
 - (II) a Credit Event Notice is delivered by the Calculation Agent to the Issuer and is effective on or prior to the Non-Standard Exercise Cut-off Date, or
 - (ii) the first date on which a Credit Event Notice is delivered by the Calculation Agent to the Issuer and is effective during either the Notice Delivery Period or (if later) the period from and including the date of the DC Credit Event Announcement to and including the date that is fourteen calendar days thereafter (provided, in each case, that the relevant Credit Event Resolution Request Date occurred on or prior to the end of the last day of the Notice Delivery Period (including prior to the Trade Date)), if either:
 - (A) (I) "Auction Settlement" is not specified as being applicable in the Final Terms;
 - (II) the relevant Credit Event is not an M(M)R Restructuring; and

- (III) the Trade Date occurs following the date of the related DC Credit Event Announcement and on or prior to a DC Announcement Coverage Cut-off Date; or
- (B) (I) the Trade Date occurs on or prior to a DC Announcement Coverage Cut-off Date; and
- (II) either:
 - (x) "Auction Settlement" is not specified as being applicable in the Final Terms; or
 - (y) "Auction Settlement" is specified as being applicable in the Final Terms and a Credit Event Notice is delivered by the Calculation Agent to the Issuer and is effective on a date that is later than the relevant Non-Standard Exercise Cut-off Date;

provided that:

- (aa) no Physical Settlement Date, if applicable, or Cash Settlement Date has occurred on or prior to the date on which the DC Credit Event Meeting Announcement occurs;
- (bb) if any Valuation Date or Delivery Date, as applicable, has occurred on or prior to the date on which the DC Credit Event Meeting Announcement occurs, a Non-Standard Event Determination Date shall be deemed to have occurred only with respect to the portion of the Floating Rate Payer Calculation Amount, if any, with respect to which no Valuation Date or Delivery Date, as applicable, has occurred; and
- (cc) no Credit Event Notice specifying an M(M)R Restructuring as the only Credit Event has previously been delivered to the Issuer by the Calculation Agent, (xx) unless the M(M)R Restructuring specified in such Credit Event Notice is also the subject of the DC Credit Event Question resulting in the occurrence of the Credit Event Resolution Request Date, (yy) unless, and to the extent that, the Exercise Amount specified in any such Credit Event Notice was less than the Floating Rate Payer Calculation Amount or (zz) unless the Notional Credit Derivative Transaction is an Auction Covered Transaction and the Deliverable Obligations set out on the Final List are identical to the Permissible Deliverable Obligations for such Credit Derivative Transaction.

In case more than one of the options described above may apply for the purpose of determining the Non-Standard Credit Event Determination Date, the Calculation Agent will in its sole and absolute discretion, select the relevant option to be applied in accordance with the equivalent provisions of any related underlying hedging arrangements entered into in respect of the Credit Linked Securities, whether such hedging arrangement is held directly by the relevant Issuer or the Guarantor or indirectly through an Affiliate.

Non-Standard Exercise Cut-off Date means:

- (a) if the relevant Credit Event is not an M(M)R Restructuring, either:
 - (i) the Relevant City Business Day prior to the Auction Final Price Determination Date, if any;
 - (ii) the Relevant City Business Day prior to the Auction Cancellation Date, if any; or
 - (iii) the date that is fourteen calendar days following the No Auction Announcement Date, if any, as applicable; or
- (b) if the relevant Credit Event is an M(M)R Restructuring and:

- (i) the DC Secretary publishes a Final List applicable to the Transaction Auction Settlement Terms and/or Parallel Auction Settlement Terms, the date that is five Relevant City Business Days, following the date on which such Final List is published; or
- (ii) otherwise, the date that is fourteen calendar days following the relevant No Auction Announcement Date.

Non-Standard Reference Obligation means the Original Non-Standard Reference Obligation (if any) or, if a Substitute Reference Obligation has been determined, the Substitute Reference Obligation.

Non-Transferable Instrument means any Asset, which is not capable of being transferred to institutional investors, excluding due to market conditions.

NOPS Amendment Notice means a notice from by the Calculation Agent to the Issuer (after consultation with the Issuer) notifying it, that the Calculation Agent has determined that the relevant Issuer must replace, in whole or in part, one or more Deliverable Obligations specified in the Notice of Physical Settlement or a prior NOPS Amendment Notice, as applicable, (to the extent the relevant Deliverable Obligation has not been Delivered as of the date such NOPS Amendment Notice is effective) or the detailed description(s) thereof.

NOPS Cut-off Date means:

- (a) subject to paragraph (b) below, the later of:
 - (i) the thirtieth calendar day after the Event Determination Date; and
 - (ii) the tenth calendar day after either the date of the relevant DC Credit Event Announcement or of the relevant DC Credit Event Question Dismissal, if any (or, if the relevant Credit Event is an M(M)R Restructuring, the tenth calendar day after the Non-Standard Exercise Cut-off Date); or
- (b) if "Physical Settlement" is applicable pursuant to the Fallback Settlement Method and:
 - (i) the relevant Credit Event is not an M(M)R Restructuring, the later of (A) the date determined pursuant to sub-paragraph (a)(i) and (B) the thirtieth calendar day after the Auction Cancellation Date or the No Auction Announcement Date occurring pursuant to sub-paragraphs (a) or (c)(i) of the definition thereof, as applicable; or
 - (ii) the relevant Credit Event is an M(M)R Restructuring, either:
 - (A) the later of:
 - (I) the date determined pursuant to sub-paragraph (a)(i) above; and
 - (II) the thirtieth calendar day after:
 - (x) a No Auction Announcement Date occurring pursuant to sub-paragraph (a) of the definition thereof, if any;
 - (y) a No Auction Announcement Date occurring pursuant to sub-paragraph (c)(i) of the definition thereof, if any; or
 - (z) the Auction Cancellation Date, if any, as applicable; or
 - (B) the later of the Parallel Notice of Physical Settlement Date (or, if more than one should occur, the last Parallel Notice of Physical Settlement Date), and the Relevant City Business Day immediately following the Parallel Auction Cancellation Date, if any (or, if more than one should occur, the last Parallel Auction Cancellation Date), as applicable, in circumstances where either:

- (I) a No Auction Announcement Date occurs pursuant to sub-paragraph (b) of the definition thereof and Notice of Movement Option has not been delivered as a result thereof; or
- (II) a No Auction Announcement Date occurs pursuant to sub-paragraph (b) of the definition thereof and Notice of Movement Option has not been delivered as a result thereof,

provided that in the case of sub-paragraphs (a)(ii) and (b) above, the relevant Credit Event Resolution Request Date, if any, occurred on or prior to the date described in sub-paragraph (a)(i) above.

NOPS Effective Date means the date on which an effective Notice of Physical Settlement or NOPS Amendment Notice, as the case may be, is delivered by the Calculation Agent or, as the case may be, the Valuation Obligation is chosen by the Calculation Agent to form part of the Valuation Obligations Portfolio.

Not Bearer means any obligation that is not a bearer instrument unless interests with respect to such bearer instrument are cleared via Euroclear, Clearstream, Luxembourg or any other internationally recognised clearing system and, if specified as applicable to a Deliverable Obligation Category, the Not Bearer Deliverable Obligation Characteristic shall be applicable only in respect of obligations within that Deliverable Obligation Category that are Bonds.

Not Domestic Currency means any obligation that is payable in any currency other than the applicable Domestic Currency, provided that a Standard Specified Currency shall not constitute a Domestic Currency.

Not Domestic Issuance means any obligation other than an obligation that was, at the time the relevant obligation was issued (or reissued, as the case may be), or intended to be offered for sale primarily in the domestic market of the relevant Reference Entity. Any obligation that is registered or, as a result of some other action having been taken for such purpose, is qualified for sale outside the domestic market of the relevant Reference Entity (regardless of whether such obligation is also registered or qualified for sale within the domestic market of the relevant Reference Entity) shall be deemed not to be issued (or reissued, as the case may be) or intended to be offered for sale primarily in the domestic market of the Reference Entity.

If the Obligation Characteristic "Not Domestic Issuance" is specified as applicable in the applicable Final Terms, such Final Terms shall be construed as though "Not Domestic Issuance" had been specified as an Obligation Characteristic only with respect to Bonds.

If the Deliverable Obligation Characteristic "Not Domestic Issuance" is specified as applicable in the applicable Final Terms, such Final Terms shall be construed as though such Deliverable Obligation Characteristic had been specified as a Deliverable Obligation Characteristic only with respect to Bonds.

Not Domestic Law means any obligation that is not governed by the applicable Domestic Law, provided that the laws of England and the laws of the State of New York shall not constitute a Domestic Law.

Not Sovereign Lender means any obligation that is not primarily owed to (a) a Sovereign or (b) any entity or organisation established by treaty or other arrangement between two or more Sovereigns including, without limiting the foregoing, the International Monetary Fund, European Central Bank, International Bank for Reconstruction and Development and European Bank for Reconstruction and Development, which shall include, without limitation, obligations generally referred to as "*Paris Club debt*".

Not Subordinated means, in respect of a Reference Entity, an obligation of the Reference Entity that is not Subordinated to (a) the Reference Obligation or (b) the Prior Reference Obligation, if applicable.

Notice Cut-Off Date has the meaning set out in Credit Linked Condition 4.7(b) (*Procedure by the relevant Issuer and others*).

Notice Delivery Date means the first date on which both an effective Credit Event Notice and, unless "Notice of Publicly Available Information" is specified as not applicable in the applicable Final Terms, an effective Notice of Publicly Available Information, have been delivered by the Issuer to the Calculation Agent.

Notice Delivery Period means the period from and including the Trade Date to and including the date fifteen CLS Business Days (or such other number of days as may be specified in the applicable Final Terms) after the Extension Date (or, if the relevant Credit Event is a M(M)R Restructuring, the later of:

- (a) such date; and
- (b) the date that is 65 Business Days following the Final List Publication Date).

Notice of Physical Settlement means a notice delivered from the Calculation Agent to the Issuer and the Securityholders on or prior to the later of:

- (a) 65 CLS Business Days following the Final List Publication Date;
- (b) subject to sub-paragraph (c) below, 25 CLS Business Days after the last to occur of the Auction Cancellation Date, the No Auction Announcement Date, the last Parallel Auction Cancellation Date and the last Parallel Auction Final Price Determination Date (in each case if any and if applicable); and
- (c) in circumstances where the No Auction Announcement Date occurs pursuant to sub-paragraph (b) of the definition thereof, the Calculation Agent has not delivered an Auction Settlement Amount Notice specifying an applicable Parallel Auction Settlement Terms to the Issuer by the Restructuring Exercise Date, five (5) CLS Business Days following such Restructuring Exercise Date,

that:

- (i) confirms that the relevant Issuer will redeem the Credit Linked Securities by physical delivery in accordance with Credit Linked Condition 4 (*Physical Settlement*);
- (ii) contains a detailed description of the Deliverable Obligations that the relevant Issuer will Deliver (or procure Delivery of) to the Securityholders, including, if available and applicable, the ISIN number (or, if such identifying number is not available or applicable, the rate and tenor) of each such Deliverable Obligation and the Outstanding Amount (which shall be selected by the Calculation Agent in consultation with the Issuer);
- (iii) specifies the Outstanding Principal Balance or Due and Payable Amount (the "Outstanding Amount") and, if different, the face amount, of each such Deliverable Obligation and the aggregate Outstanding Amount of all Deliverable Obligations;
- (iv) sets out the Transaction Auction Settlement Terms applicable for the purposes of determining the Auction Final Price for the purposes of determining the occurrence of a Hedge Disruption Event (if applicable); and
- (v) sets out the Final Price and the Auction Final Price with respect to each Deliverable Obligation for the purposes of determining the Partial Cash Settlement Amount (if any).

In relation to Credit Linked Securities (other than Leveraged CLSs), the Notice of Physical Settlement shall specify Deliverable Obligations having an Outstanding Amount (or the equivalent specified Currency Amount converted at the Currency Rate) on the Settlement Valuation Date equal to the Floating Rate Payer Calculation Amount (or, as applicable, Exercise Amount), subject to any Physical Settlement Adjustment.

In relation to Leveraged CLSs, the Notice of Physical Settlement shall specify Deliverable Obligations having an Outstanding Amount (or the equivalent specified Currency Amount converted at the Currency Rate) such that their value on the Settlement Valuation Date as determined by the Calculation Agent in its sole discretion is equal to:

$PA - [N * (1 - MV)]$

subject to any Physical Settlement Adjustment;

where:

"MV" is an amount equal to the market value of the Deliverable Obligation on or around the Settlement Valuation Date as determined by the Calculation Agent in its sole discretion;

"N" means the Floating Rate Payer Calculation Amount or the Exercise Amount, as the case may be; and

"PA" is an amount equal to the aggregate outstanding nominal amount of the Leveraged CLSs (if they are represented by a Global Security) or the Calculation Amount multiplied by the Calculation Amount Factor (if the Leveraged CLSs are in definitive form).

The Calculation Agent may, from time to time, deliver to the Issuer in the manner specified above a NOPS Amendment Notice. A NOPS Amendment Notice shall contain a revised detailed description of each Replacement Deliverable Obligation and shall also specify the Replaced Deliverable Obligation Outstanding Amount. The Outstanding Amount of each Replacement Deliverable Obligation identified in a NOPS Amendment Notice shall be determined by applying the Revised Currency Rate to the relevant Replaced Deliverable Obligation Outstanding Amount. Each such NOPS Amendment Notice must be effective on or prior to the Physical Settlement Date (determined without reference to any change resulting from such NOPS Amendment Notice). Notwithstanding the foregoing, (i) the Calculation Agent may correct any errors or inconsistencies in the detailed description of each Deliverable Obligation contained in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, by notice to the Issuer (given in the manner specified above) prior to the relevant Delivery Date, it being understood that such notice of correction shall not constitute a NOPS Amendment Notice and (ii) if Asset Package Delivery is applicable and such Asset Package is not described in the Notice of Physical Settlement, on the NOPS Effective Date or as soon as reasonably practicable thereafter, give the Issuer and the Securityholders notice of a detailed description of the Asset Package, if any, that the Issuer is required to Deliver to the Securityholders in lieu of the Prior Deliverable Obligation or Package Observable Bond, if any, specified in the Notice of Physical Settlement or NOPS Amendment Notice, as applicable, it being understood in each case that such notice shall not constitute a NOPS Amendment Notice.

Notice of Publicly Available Information means an irrevocable notice from the Calculation Agent (which may be by telephone) to the relevant Issuer that cites Publicly Available Information confirming the occurrence of the Credit Event or Potential Repudiation/Moratorium, as applicable, described in the Credit Event Notice. The notice must contain a copy, or a description in reasonable detail, of the relevant Publicly Available Information. If Notice of Publicly Available Information is specified as applicable in the Final Terms and a Credit Event Notice contains Publicly Available Information, such Credit Event Notice will also be deemed to be a Notice of Publicly Available Information. Where an Event Determination Date has occurred pursuant to sub-paragraph (a)(ii) of the definition thereof or where a Non-Standard Event Determination Date has occurred pursuant to paragraph (b) of the definition thereof, a reference to the relevant DC Credit Event Announcement shall be deemed to be a Notice of Publicly Available Information.

Notice to Exercise Movement Option means where M(M)R Restructuring is applicable and the Fallback Settlement Method would otherwise be applicable, an irrevocable notice from the Calculation Agent to the Issuer that (i) specifies the Parallel Auction Settlement Terms which will be applicable in accordance with the definition of Movement Option and (ii) is effective on or prior to the Movement Option Cut-off Date.

Notional Credit Derivative Transaction means, with respect to any Credit Linked Security and a Reference Entity, a hypothetical market standard credit default swap transaction entered into by the relevant Issuer, as Buyer (as defined in the 2014 Credit Derivatives Definitions as published by ISDA), incorporating the terms of the 2014 Credit Derivatives Definitions as published by ISDA and under the terms of which:

- (a) the "Trade Date" is the Trade Date, if specified in the applicable Final Terms and if not, the Issue Date;
- (b) the "Scheduled Termination Date" is the Scheduled Redemption Date;
- (c) the "Reference Entit(y)(ies)" thereunder is (are) such Reference Entit(y)(ies); and
- (d) the remaining terms as to credit linkage are consistent with the terms of such Credit Linked Security as it relates to such Reference Entity.

Nth means, where the applicable Final Terms specify that "Nth-to-Default CLS" is applicable, such number as may be specified in such Final Terms.

Nth-to-Default CLS means any Credit Linked Security in respect to which the relevant Issuer purchases credit protection from Securityholders in respect of two or more Reference Entities and pursuant to which, upon the occurrence of a Credit Event and the satisfaction of the Conditions to Settlement with respect to the Nth Reference Entity, the Securities will be redeemed in accordance with Credit Linked Conditions 2.2 (*Redemption following satisfaction of Conditions to Settlement*) and 2.3 (*Nth-to-Default CLSs*).

Obligation means:

- (a) each obligation of a Reference Entity (either directly or as provider of a Relevant Guarantee) described by the Obligation Category specified in the applicable Final Terms, and having each of the Obligation Characteristics specified in the applicable Final Terms, in each case, immediately prior to the Credit Event which is the subject either of the Credit Event Notice or the DC Credit Event Question resulting from the occurrence of the Credit Event Resolution Request Date, as applicable; and
- (b) each Reference Obligation specified in the applicable Final Terms,

in each case, unless it is an Excluded Obligation.

Obligation Acceleration means one or more Obligations in an aggregate amount of not less than the Default Requirement have become due and payable before they would otherwise have been due and payable as a result of, or on the basis of, the occurrence of a default, event of default or other similar condition or event (however described), other than a failure to make any required payment, in respect of a Reference Entity under one or more Obligations.

Obligation Category means Payment, Borrowed Money, Reference Obligations Only, Bond, Loan, or Bond or Loan, only one of which shall be specified in relation to a Reference Entity.

Obligation Characteristic means any of Not Subordinated, Specified Currency, Not Sovereign Lender, Not Domestic Currency, Not Domestic Law, Listed and Not Domestic Issuance as specified in the applicable Final Terms in relation to a Reference Entity.

If Financial Reference Entity Terms" and "Governmental Intervention" are specified as applicable in the applicable Final Terms, if an obligation would otherwise satisfy a particular Obligation Characteristic, the existence of any terms in the relevant obligation in effect at the time of making the determination which permit the Reference Entity's obligations to be altered, discharged, released or suspended in circumstances which would constitute a Governmental Intervention, shall not cause such obligation to fail to satisfy such Obligation Characteristic.

Obligation Currency means the currency or currencies in which an Obligation is denominated.

Obligation Default means one or more Obligations in an aggregate amount of not less than the Default Requirement have become capable of being declared due and payable before they would otherwise have been due and payable as a result of, or on the basis of, the occurrence of a default, event of default, or other similar condition or event (howsoever described), other than a failure to make any required payment, in respect of a Reference Entity under one or more Obligations.

Officer's Certification means a certificate signed by a director (or other substantively equivalent title) of the Calculation Agent which shall certify the occurrence of a Credit Event with respect to a Reference Entity.

Original Bonds means any Bonds comprising part of the relevant Deliverable Obligations.

Original Loans means any Loans comprising part of the relevant Deliverable Obligations.

Original Non-Standard Reference Obligation means the obligation of the Reference Entity (either directly or as provider of a guarantee and which may be, for the avoidance of doubt, the Standard Reference Obligation) which is specified as the Reference Obligation in the applicable Final Terms (if any is so specified) provided that if an obligation is not an obligation of the relevant Reference Entity, such obligation will not constitute a valid Original Non-Standard Reference Obligation for purposes of the Securities (**Non-Reference Entity Original Non-Standard Reference Obligation**) other than for the purposes of determining the Seniority Level and for the "Not Subordinated" Obligation Characteristic or "Not Subordinated" Deliverable Obligation Characteristics unless (a) Non-Reference Entity Original Non-Standard Reference Obligation is specified as applicable in the applicable Final Terms; or (b) the Securities are Reference Obligation Only CLS.

Outstanding Amount means the Outstanding Principal Balance or Due and Payable Amount, as applicable.

Outstanding Principal Balance means the outstanding principal balance of an obligation calculated as follows:

- (a) first, by determining, in respect of the obligation, the amount of the Reference Entity's principal payment obligations and, where applicable in accordance with the definition of Deliverable/Valuation Obligation Accrued Interest, the Reference Entity's accrued but unpaid interest payment obligations which, in the case of a Guarantee will be the lower of (A) the Outstanding Principal Balance (including accrued but unpaid interest, where applicable) of the Underlying Obligation (determined as if references to the Reference Entity were references to the Underlying Obligor) and (B) the amount of the Fixed Cap, if any;
- (b) second, by subtracting all or any portion of such amount which, pursuant to the terms of the obligation (A) is subject to any Prohibited Action or (B) may otherwise be reduced as a result of the effluxion of time or the occurrence or non-occurrence of an event or circumstance (other than by way of (I) payment or (II) a Permitted Contingency) (the amount determined in (i) less any amounts subtracted in accordance with (ii), the "Non-Contingent Amount"); and
- (c) third, by determining the Quantum of the Claim, which shall then constitute the Outstanding Principal Balance.

in each case, determined;

- (A) unless otherwise specified in the Final Terms, in accordance with the terms of the obligation in effect on either (i) the NOPS Effective Date (or if the terms are amended after such date but on or prior to the Delivery Date, the Delivery Date) or (ii) the Relevant Valuation Date, as applicable; and
- (B) with respect to the Quantum of the Claim only, in accordance with any applicable laws (insofar as such laws reduce or discount the size of the claim to reflect the original issue price or accrued value of the obligation).

Where:

Quantum of the Claim means the lowest amount of the claim which could be validly asserted against the Reference Entity in respect of the Non-Contingent Amount if the obligation had become redeemable, been accelerated, terminated or had otherwise become due and payable at the time of the

relevant determination, provided that the Quantum of the Claim cannot exceed the Non-Contingent Amount.

Package Observable Bond means, in respect of a Reference Entity which is a Sovereign, any obligation (a) which is identified as such and published by ISDA on its website at www.isda.org from time to time (or any successor website thereto) or by a third party designated by ISDA on its website from time to time and (b) which fell within the definition of Deliverable Obligation, in each case, immediately preceding the date on which the relevant Asset Package Credit Event was legally effective.

Parallel Auction means **Auction** as defined in any relevant Parallel Auction Settlement Terms.

Parallel Auction Cancellation Date means **Auction Cancellation Date** as defined in any relevant Parallel Auction Settlement Terms.

Parallel Auction Final Price Determination Date means the **Auction Final Price Determination Date** as defined in any relevant Parallel Auction Settlement Terms.

Parallel Auction Settlement Terms means, following the occurrence of an M(M)R Restructuring, any Credit Derivatives Auction Settlement Terms published by ISDA with respect to such M(M)R Restructuring, and for which the Deliverable Obligation Terms (as defined in the relevant Transaction Auction Settlement Terms) are the same as the Deliverable Obligation Provisions (as defined in the relevant Transaction Auction Settlement Terms) which would be applicable to the relevant Reference Entity and for which such Reference Entity would not be an Auction Covered Transaction.

Parallel Notice of Physical Settlement Date means "Notice of Physical Settlement Date" as defined in the relevant Parallel Auction Settlement Terms.

Partial Cash Settlement Amount means, where the applicable Settlement Method is Physical Settlement, an amount determined by the Calculation Agent equal to the aggregate, for each Undeliverable Obligation, of:

- (a) the relevant Auction Final Price or, if no Auction Final Price is available, the Final Price of such Undeliverable Obligations multiplied by;
- (b) the relevant Outstanding Principal Balance, Due and Payable Amount or Currency Amount, as applicable, of such Undeliverable Obligation specified in the relevant Notice of Physical Settlement.

Partial Cash Settlement Date means, in relation to a Reference Entity, the date falling three (3) CLS Business Days after the calculation of the Final Price or such other date falling such number of CLS Business Days after the calculation of the Final Price as is specified in the applicable Final Terms.

Partially Principal Protected CLSs means Credit Linked Securities to which "Partially Principal Protected CLS" is specified in the applicable Final Terms.

Payment means any obligation (whether present or future, contingent or otherwise) for the payment or repayment of money, including, without limitation, Borrowed Money.

Payment Requirement means the amount specified as such in the applicable Final Terms or its equivalent in the relevant Obligation Currency or, if a Payment Requirement is not so specified in the applicable Final Terms, U.S.\$ 1,000,000, or its equivalent as calculated by the Calculation Agent in the relevant Obligation Currency, in either case, as of the occurrence of the relevant Failure to Pay or Potential Failure to Pay, as applicable.

Permissible Deliverable Obligations has the meaning set forth in the relevant Credit Derivatives Auction Settlement Terms, being either all or the portion of the Deliverable Obligations included on the Final List pursuant to the Deliverable Obligation Terms that are applicable to that Auction.

Permitted Contingency means, with respect to an obligation, any reduction to a Reference Entity's payment obligations:

- (a) as a result of the application of:
 - (i) any provisions allowing a transfer, pursuant to which another party may assume all of the payment obligations of the Reference Entity;
 - (ii) provisions implementing the Subordination of the obligation;
 - (iii) provisions allowing for a Permitted Transfer in the case of a Qualifying Guarantee (or provisions allowing for the release of the Reference Entity from its payment obligations in the case of any other Guarantee);
 - (iv) any Solvency Capital Provisions, if "Subordinated European Insurance Terms" is specified as applicable in the applicable Final Terms; or
 - (v) provisions which permit the Reference Entity's obligations to be altered, discharged, released or suspended in circumstances which would constitute a Governmental Intervention, if "Financial Reference Entity Terms" is specified as "Applicable" in the applicable Final Terms; or
- (b) which is within the control of the holders of the obligation or a third party acting on their behalf (such as an agent or trustee) in exercising their rights under or in respect of such obligation.

Permitted Currency means:

- (a) the legal tender of any Group of seven country (or any country that becomes a member of the Group of seven if such Group of seven expands its membership); or
- (b) the legal tender of any country which, as of the date of such change, is a member of the Organisation for Economic Co-operation and Development and has a local currency long term debt rating of "AAA" or higher assigned to it by S&P, "Aaa" or higher assigned to it by Moody's or "AAA" or higher assigned to it by Fitch Ratings.

Permitted Transfer means, with respect to a Qualifying Guarantee, a transfer to and the assumption by any single transferee of such Qualifying Guarantee (including by way of cancellation and execution of a new guarantee) on the same or substantially the same terms, in circumstances where there is also a transfer of all (or substantially all) of the assets of the Reference Entity to the same single transferee.

Physical Settlement means the settlement method in accordance with Credit Linked Condition 2.2(b).

Physical Settlement Adjustment means a reduction to the Outstanding Amount of Deliverable Obligations specified in a Notice of Physical Settlement, by an amount of Deliverable Obligations having a liquidation value equal to the Hedge Amount (if the Hedge Amount is a positive number, representing an amount payable by the relevant Issuer or its Affiliates in connection with the termination, settlement or re-hedge of any Hedge Transaction) rounded upwards to the nearest whole denomination of a Deliverable Obligation, such amount to be determined by the Calculation Agent. Where the applicable Final Terms specify that Hedge Amount is not applicable, the Physical Settlement Adjustment shall be zero.

Physical Settlement Adjustment Rounding Amount means an amount (if any) equal to the difference between the absolute value of the Physical Settlement Adjustment and the liquidation value of such whole number of Deliverable Obligations as are not required to be Delivered by the relevant Issuer by way of compensation for any Hedge Amount.

Physical Settlement Date means the last day of the longest Physical Settlement Period following the NOPS Cut-off Date or, if all Deliverable Obligations specified in the Notice of Physical Settlement or any NOPS

Amendment Notice, as applicable are Delivered on or before the Physical Settlement Date, the date that the Issuer completes Delivery of such Deliverable Obligations to all Securityholders.

Physical Settlement Period means, subject to Credit Linked Condition 2.9 (*Suspension of Obligations*), the number of CLS Business Days specified in the applicable Final Terms as such in relation to a Reference Entity or, if a number of CLS Business Days is not so specified, then, with respect to a Deliverable Obligation specified in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, the longest number of CLS Business Days for settlement in accordance with then current market practice of such Deliverable Obligation, as determined by the Calculation Agent after consultation with the Issuer, provided that if the Issuer has notified the Calculation Agent that it intends to Deliver an Asset Package in lieu of a Prior Deliverable Obligation or Package Observable Bond, the Physical Settlement Period shall be thirty CLS Business Days.

Post Dismissal Additional Period means the period from and including the date of the DC Credit Event Question Dismissal to and including the date that is fourteen calendar days thereafter (provided that the relevant Credit Event Resolution Request Date occurred on or prior to the end of the last day of the Notice Delivery Period (including prior to the Trade Date)).

Potential Cash Settlement Event means an event beyond the control of the relevant Issuer (including, without limitation, failure of the relevant clearance system; or the failure to obtain any requisite consent with respect to the Delivery of Loans or the non-receipt of any such requisite consents or any relevant participation (in the case of Direct Loan Participation) is not effected; or due to any law, regulation or court order, but excluding markets conditions or any contractual, statutory and/or regulatory restriction relating to the relevant Deliverable Obligation, or due to the failure of the Securityholder to give the relevant Issuer details of accounts for settlement; or a failure of the Securityholder to open or procure the opening of such accounts or if the Securityholders are unable to accept Delivery of the portfolio of Deliverable Obligations for any other reason).

Potential Failure to Pay means the failure by a Reference Entity to make, when and where due, any payments in an aggregate amount of not less than the Payment Requirement under one or more Obligations in accordance with the terms of such Obligations at the time of such failure, without regard to any grace period or any conditions precedent to the commencement of any grace period applicable to such Obligations.

Potential Repudiation/Moratorium means the occurrence of an event described in sub-paragraph (a) of the definition of "Repudiation/Moratorium".

Prior Deliverable Obligation means:

- (a) if a Governmental Intervention has occurred (whether or not such event is specified as the applicable Credit Event in the Credit Event Notice) any obligation of the Reference Entity which (i) existed immediately prior to such Governmental Intervention (ii) was the subject of such Governmental Intervention and (iii) fell within the definition of Deliverable Obligation set out in paragraph (A) or (B) of the definition of Deliverable Obligation, in each case, immediately preceding the date on which such Governmental Intervention was legally effective; or
- (b) if a Restructuring which does not constitute a Governmental Intervention has occurred in respect of the Reference Obligation (whether or not such event is specified as the applicable Credit Event in the Credit Event Notice), such Reference Obligation, if any.

Prior Reference Obligation means, in respect of a Reference Entity and in circumstances where there is no Reference Obligation applicable thereto for the purposes of the Securities, (a) the Reference Obligation most recently applicable thereto, if any, and otherwise (b) the obligation specified in the applicable Final Terms as the Reference Obligation, if any, if such Reference Obligation was redeemed on or prior to the Issue Date and otherwise, (c) any unsubordinated Borrowed Money obligation of such Reference Entity.

Private-side Loan means a Loan in respect of which the documentation governing its terms is not publicly available or capable of being made public without violating a law, agreement, understanding or other restriction regarding the confidentiality of such information.

Prohibited Action means any counterclaim, defence (other than a counterclaim or defence based on the factors set forth in sub-sections (a) to (d) of the definition of Credit Event) or right of set-off by or of the relevant Reference Entity or any applicable Underlying Obligor.

Public Source means each source of Publicly Available Information specified as such in the related Final Terms (or, if no such source is specified, each of Bloomberg, Reuters, Dow Jones Newswires, The Wall Street Journal, The New York Times, Nihon Keizai Shimbun, Asahi Shimbun, Yomiuri Shimbun, Financial Times, La Tribune, Les Echos, The Australian Financial Review and Debtwire (and successor publications), the main source(s) of business news in the country in which the Reference Entity is organised and any other internationally recognised published or electronically displayed news sources).

Publicly Available Information means:

- (a) information that reasonably confirms any of the facts relevant to the determination that the Credit Event or a Potential Repudiation/Moratorium, as applicable, described in a Credit Event Notice or Repudiation/Moratorium Extension Notice has occurred and which:
 - (i) has been published in or on not less than two Public Sources, regardless of whether the reader or user thereof pays a fee to obtain such information; or
 - (ii) is information received from or published by (A) a Reference Entity (or, if the Reference Entity is a Sovereign, any agency, instrumentality, ministry, department or other authority thereof acting in a governmental capacity (including, without limiting the foregoing, the central bank) of such Sovereign) or (B) a trustee, fiscal agent, administrative agent, clearing agent or paying agent, facility agent or agent bank for an Obligation; or
 - (iii) is information contained in any order, decree, notice, petition or filing, however described, of or filed with a court, tribunal, exchange, regulatory authority or similar administrative, regulatory or judicial body.

Provided that where any information of the type described in paragraph (ii) or (iii) of this definition is not publicly available, it can only constitute Publicly Available Information if it can be made public without violating any law, agreement, understanding or other restriction regarding the confidentiality of such information.

In relation to any information of any type described in sub-paragraphs (a)(ii) and (a)(iii) above, the Calculation Agent may assume that such information has been disclosed to it without violating any law, agreement, understanding or other restriction regarding the confidentiality of such information and that the party disclosing such information has not taken any action or entered into any agreement or understanding with the Reference Entity or any Affiliate of the Reference Entity that would be breached by, or would prevent, the disclosure of such information to third parties.

- (b) Without limitation, Publicly Available Information need not state:
 - (i) in relation to the definition of "Downstream Affiliate", the percentage of Voting Shares owned by the Reference Entity; and
 - (ii) that the relevant occurrence:
 - (A) has met the Payment Requirement or Default Requirement;
 - (B) is the result of exceeding any applicable Grace Period; or

(C) has met the subjective criteria specified in certain Credit Events.

- (c) In relation to a Repudiation/Moratorium Credit Event, Publicly Available Information must relate to the events described in both paragraphs (i) and (ii) of the definition thereof.

Qualifying Affiliate Guarantee means a Qualifying Guarantee provided by a Reference Entity in respect of an Underlying Obligation of a Downstream Affiliate of that Reference Entity.

Qualifying Guarantee means an arrangement evidenced by a written instrument (which may include a statute or regulation) pursuant to which a Reference Entity irrevocably agrees, undertakes, or is otherwise obliged to pay all amounts of nominal and interest (except for amounts which are not covered due to the existence of a Fixed Cap) due under an Underlying Obligation for which the Underlying Obligor is the obligor, by guarantee of payment and not by guarantee of collection (or, in either case, any legal arrangement which is equivalent thereto in form under the relevant governing law). A Qualifying Guarantee shall not include any guarantee:

- (a) which is structured as a surety bond, financial guarantee insurance policy, letter of credit (or legal arrangement which is equivalent thereto in form); or
- (b) pursuant to the terms applicable thereto, the principal payment obligations of the Reference Entity can be discharged, released, reduced, assigned or otherwise altered as a result of the occurrence or non-occurrence of an event or circumstance, in each case other than:
- (i) by payment;
 - (ii) by way of Permitted Transfer;
 - (iii) by operation of law;
 - (iv) due to the existence of a Fixed Cap; or
 - (v) due to:
 - (A) provisions permitting or anticipating a Governmental Intervention, if "Financial Reference Entity Terms" is specified as "Applicable" in the applicable Final Terms; or
 - (B) any Solvency Capital Provisions, if "Subordinated European Insurance Terms" is specified as "Applicable" in the applicable Final Terms.

If the guarantee or Underlying Obligation contains provisions relating to the discharge, release, reduction, assignment or other alteration of the principal payment obligations of a Reference Entity and such provisions have ceased to apply or are suspended at the time of the relevant determination, in accordance with the terms of such guarantee or Underlying Obligation, due to or following the occurrence of (I) a non-payment in respect of the guarantee or the Underlying Obligation, or (II) an event of the type described in the definition of Bankruptcy in respect of such Reference Entity or the Underlying Obligor, then it shall be deemed for these purposes that such cessation or suspension is permanent, notwithstanding the terms of the guarantee or Underlying Obligation.

In order for a guarantee to constitute a Qualifying Guarantee:

- (i) the benefit of such guarantee must be capable of being Delivered together with the Delivery of the Underlying Obligation; and
- (ii) if a guarantee contains a Fixed Cap, all claims to any amounts, which are subject to such Fixed Cap, must be capable of being Delivered together with the Delivery of such guarantee.

If an Obligation or Deliverable Obligation is a Relevant Guarantee, the following will apply:

- (A) For purposes of the application of the Obligation Category or Deliverable Obligation Category, the Relevant Guarantee shall be deemed to satisfy the same category or categories as those that describe the Underlying Obligation.
- (B) For purposes of the application of the Obligation Characteristics or Deliverable Obligation Characteristics, both the Relevant Guarantee and the Underlying Obligation must satisfy on the relevant date or dates each of the applicable Obligation Characteristics or Deliverable Obligation Characteristics, if any, specified in the applicable Final Terms from the following list: Not Subordinated, Specified Currency, Not Sovereign Lender, Not Domestic Currency, and Not Domestic Law.
- (C) For purposes of the application of the Obligation Characteristics or Deliverable Obligation Characteristics, only the Underlying Obligation must satisfy on the relevant date or dates each of the applicable Obligation Characteristics or Deliverable Obligation Characteristics, if any, specified in the applicable Final Terms from the following list: Listed, Not Domestic Issuance, Assignable Loan, Consent Required Loan, Transferable, Maximum Maturity, Accelerated or Matured and Not Bearer.
- (D) For the purposes of the application of the Obligation Characteristics or Deliverable Obligation Characteristics to an Underlying Obligation, references to the Reference Entity shall be deemed to refer to the Underlying Obligor.

Qualifying Participation Seller means any participation seller that meets the requirements specified in the applicable Final Terms in relation to a Reference Entity. If no such requirements are specified, there shall be no Qualifying Participation Seller.

Quotation means, in respect of Reference Obligations, Valuation Obligations, Deliverable Obligations and Undeliverable Obligations, as the case may be, each Full Quotation and the Weighted Average Quotation obtained and expressed as a percentage with respect to a Valuation Date in the manner that follows:

- (a) The Calculation Agent shall attempt to obtain Full Quotations with respect to each Relevant Valuation Date from five (5) or more CLS Dealers. If the Calculation Agent is unable to obtain two (2) or more such Full Quotations on the same CLS Business Day within three (3) CLS Business Days of a Relevant Valuation Date, then on the next following CLS Business Day (and, if necessary, on each CLS Business Day thereafter until the tenth CLS Business Day following the applicable Relevant Valuation Date) the Calculation Agent shall attempt to obtain Full Quotations from five (5) or more CLS Dealers and, if two (2) or more Full Quotations are not available, a Weighted Average Quotation.
- (b) If the Calculation Agent is unable to obtain two (2) or more Full Quotations or a Weighted Average Quotation on the same CLS Business Day on or prior to the fifteenth CLS Business Day following the applicable Relevant Valuation Date the Quotations shall be deemed to be any Full Quotation obtained from a CLS Dealer at the Valuation Time on such fifteenth CLS Business Day, or if no Full Quotation is obtained, the weighted average of any firm quotations for the Reference Obligation obtained from CLS Dealers at the Valuation Time on such tenth CLS Business Day with respect to the aggregate portion of the Quotation Amount for which such quotations were obtained and a quotation shall be deemed to be zero for the balance of the Quotation Amount for which firm quotations were not obtained on such day.

Quotation Amount means:

- (a) with respect to a Reference Obligation or Valuation Obligation, the amount specified in the applicable Final Terms in relation to a Reference Entity (which may be specified by reference to an amount in a currency or by reference to the Representative Amount) or, if no amount is so specified, the Floating Rate Payer Calculation Amount (or, its equivalent in the relevant Obligation Currency converted by the Calculation Agent in a commercially reasonable manner by reference to exchange rates in effect at the time that the relevant Quotation is being obtained);

- (b) with respect to each type or issue of Deliverable Obligation to be Delivered on or prior to the Physical Settlement Date, an amount equal to the Outstanding Principal Balance or Due and Payable Amount (or, in either case, its equivalent in the relevant Obligation Currency as calculated in the same manner as (a) above) of such Deliverable Obligation; and
- (c) with respect to each type or issue of Undeliverable Obligation, an amount equal to the Outstanding Principal Balance or Due and Payable Amount (or, in either case, its equivalent in the relevant Obligation Currency as calculated in the same manner as sub-paragraph (a) above) of such Undeliverable Obligation.

Redemption Date means either:

- (a) the Scheduled Redemption Date; or
- (b) if the latest date referred to in paragraph (i) or (ii) below would fall after the Scheduled Redemption Date, such later date, being either:
 - (i) the date falling two (2) Business Days after the expiry of the Notice Delivery Period (or, if later, after the latest date on which it would be possible for the Calculation Agent to deliver a Credit Event Notice under paragraph (a)(iii)(B) of the definition of "Event Determination Date"); or
 - (ii) if a Credit Event Resolution Request Date has occurred on or prior to the expiry of the Notice Delivery Period in relation to a Reference Entity, the date falling 15 Business Days following any date on which the Credit Derivatives Determinations Committee Resolves that the relevant event does not constitute a Credit Event, or Resolves not to make such determination.

Reference Entity or **Reference Entities** mean the reference entity or reference entities specified in the applicable Final Terms and any Successor to a Reference Entity either:

- (a) as identified by the Calculation Agent in accordance with the definition of "Successor" on or following the Trade Date; or
- (b) in respect of which ISDA publicly announces on or following the Trade Date that the relevant Credit Derivatives Determinations Committee has resolved that a Succession Event has occurred, in respect of a Succession Event Resolution Request Date. A Successor in accordance with the DC Rules shall in each case be a Reference Entity for the Securities, as the terms of which may be modified pursuant to Credit Linked Condition 6 (*Succession Event*).

Reference Entity Spread means:

- (a) the lowest offer quotation received by the Calculation Agent from four dealers for a credit default swap on such Reference Entity with a notional amount equal to the Floating Rate Payer Calculation Amount specified for such Reference Entity with a termination date closest to the Scheduled Redemption Date of the Securities (or the nearest standard maturity after the date if it is not possible to obtain at least one offer quotation); or
- (b) if it is not possible to obtain any offer quotation, a rate determined by the Calculation Agent in its sole and absolute discretion but acting in good faith and in a commercially reasonable manner.

Reference Entity Spread Trigger has the meaning given to that term in Credit Linked Condition 2.7.

Reference Entity Trigger has the meaning given to that term in Credit Linked Condition 2.7.

Reference Obligation means the Standard Reference Obligation, if any, unless:

- (a) "Standard Reference Obligation" is specified as not applicable in the related Final Terms, in which case the Reference Obligation will be the Non-Standard Reference Obligation, if any; or

- (b) any Substitute Reference Obligation if (i) "Standard Reference Obligation" is specified as applicable in the related Final Terms (or no election is specified in the related Final Terms), (ii) there is no Standard Reference Obligation and (iii) a Non-Standard Reference Obligation is specified in the related Final Terms, in which case the Reference Obligation will be (A) the Non-Standard Reference Obligation to but excluding the first date of publication of the Standard Reference Obligation and (B) the Standard Reference Obligation from such date onwards, provided that the Standard Reference Obligation that is published would have been eligible to be selected as a Substitute Reference Obligation; and
- (c) where "LPN Reference Entity" is applicable to a Reference Entity, each of the obligations listed as a Reference Obligation of the Reference Entity in the applicable Final Terms or set forth on the relevant LPN Reference Obligations List (each, a "Markit Published LPN Reference Obligation"), as published by Markit Group Limited, or any successor thereto, which list is currently available at <http://www.markit.com> (or any successor website thereto) or any Additional LPN, determined in accordance with the Additional LPN definition, and each Additional Obligation; for the avoidance of doubt, in respect of an LPN Reference Entity, notwithstanding anything to the contrary in these Credit Linked Security Conditions (in particular, notwithstanding that the obligation is not an obligation of the Reference Entity):
- (i) each Reference Obligation will be an Obligation and a Deliverable Obligation or a Valuation Obligation (as applicable);
 - (ii) each Reference Obligation determined in accordance with the foregoing will be a Reference Obligation;
 - (iii) Standard Reference Obligation shall not be applicable;
 - (iv) the proviso in the definition of Non-Standard Reference Obligation shall not apply;
 - (v) it is intended that there may be more than one Reference Obligation, as a result of which all applicable references in these Credit Linked Security Conditions to "the Reference Obligation" shall be construed as a reference to "a Reference Obligation", and all other provisions of these Credit Linked Security Conditions shall be construed accordingly; and
 - (vi) the provisions relating to the Substitute Reference Obligation shall not be applicable to LPN Reference Obligations.

Reference Obligations Only means any obligation that is a Reference Obligation and no Obligation Characteristics or, as the case may be, Deliverable Obligation Characteristics shall be applicable where Reference Obligations Only applies.

Reference Obligations Only CLS means Credit Linked Securities in relation to which "Reference Obligations Only" is specified as the Obligation Category and Deliverable Obligation Category, if applicable, and Standard Reference Obligation is not specified as applicable in the applicable Final Terms.

Relevant City Business Day has the meaning given to it in the DC Rules.

Relevant Guarantee means a Qualifying Affiliate Guarantee or, if All Guarantees is specified as applicable in the applicable Final Terms, a Qualifying Guarantee.

Relevant Holder means a holder of the Prior Deliverable Obligation or Package Observable Bond, as the case may be, with an Outstanding Principal Balance or Due and Payable Amount, as applicable, immediately prior to the relevant Asset Package Credit Event, equal to the Outstanding Amount specified in respect of such Prior Deliverable Obligation or Package Observable Bond in the Notice of Physical Settlement, or NOPS Amendment Notice, as applicable or by the Calculation Agent when determining the Validation Obligations, as applicable.

Relevant Obligations means, in respect of a Reference Entity, the Obligations of such Reference Entity which fall within the Obligation Category "Bond or Loan" and which are outstanding immediately prior to the Succession Date (or, if there is a Steps Plan, immediately prior to the legally effective date of the first succession), provided that:

- (a) any Bonds or Loans outstanding between the Reference Entity and any of its Affiliates, or held by the Reference Entity, shall be excluded;
- (b) if there is a Steps Plan, the Calculation Agent shall, for purposes of the determination required to be made under paragraph (A) of the definition of Successor make the appropriate adjustments required to take account of any Obligations of the Reference Entity which fall within the Obligation Category "Bond or Loan" that are issued, incurred, redeemed, repurchased or cancelled from and including the legally effective date of the first succession to and including the Succession Date;
- (c) if "Financial Reference Entity Terms" is specified as "Applicable" in the applicable Final Terms and the Securities are a Senior Transaction, the Relevant Obligations shall only include the Senior Obligations of the Reference Entity which fall within the Obligation Category "Bond or Loan";
- (d) if "Financial Reference Entity Terms" is specified as "Applicable" in the applicable Final Terms, and the Securities are a Subordinated Transaction, Relevant Obligations shall exclude Senior Obligations and any Further Subordinated Obligations of the Reference Entity which fall within the Obligation Category "Bond or Loan", provided that if no such Relevant Obligations exist, "Relevant Obligations" shall have the same meaning as it would if the Securities were a Senior Transaction; and
- (e) where "LPN Reference Entity" is applicable to a Reference Entity, each of the obligations listed as a Reference Obligation of such Reference Entity in the relevant "LPN Reference Obligation List" as published by Markit Group Limited, or any successor thereto, which list is currently available online on the Markit Group Limited website, any Additional LPN, and each Additional Obligation.

Relevant Time means with respect to any Reference Entity, Greenwich Mean Time or, where the Reference Entity is incorporated in Japan, Tokyo time, as specified in the applicable Final Terms.

Relevant Valuation Date means the Settlement Valuation Date, Valuation Date or Undeliverable Valuation Date, as the case may be.

Replaced Deliverable Obligation Outstanding Amount means the Outstanding Amount of each Deliverable Obligation identified in the Notice of Physical Settlement or a prior NOPS Amendment Notice, as applicable, which is being replaced.

Replacement Deliverable Obligation means each replacement Deliverable Obligation that the relevant Issuer will, subject to Credit Linked Condition 4 (*Physical Settlement*), Deliver to the Securityholders in lieu of each original Deliverable Obligation, which has not been Delivered as at the date of such NOPS Amendment Notice.

Replacement Reference Entity means an entity selected by the Calculation Agent in its discretion which is incorporated in the same geographical area, has the same Transaction Type as the Legacy Reference Entity and which is of a similar or better credit quality than the Legacy Reference Entity, as measured by Standard & Poor's Ratings Services and/or by Moody's Investors Service Ltd, at the date of the relevant Succession Event provided that in selecting any Replacement Reference Entity, the Calculation Agent is under no obligation to the Securityholders, the relevant Issuer or any other person and, provided that the Successor selected meets the criteria specified above, is entitled, and indeed will endeavour, to select the least credit-worthy of the Successors. In making any selection, the Calculation Agent will not be liable to account to the Securityholders, the relevant Issuer or any other person for any profit or other benefit to it or any of its Affiliates, which may result directly or indirectly from any such selection.

Representative Amount means an amount that is representative for a single transaction in the relevant market and at the relevant time, such amount to be determined by the Calculation Agent.

Repudiation/Moratorium means the occurrence of both of the following events:

- (a) an authorised officer of a Reference Entity or a Governmental Authority:
 - (i) disaffirms, disclaims, repudiates or rejects, in whole or in part, or challenges the validity of, one or more Obligations in an aggregate amount of not less than the Default Requirement; or
 - (ii) declares or imposes a moratorium, standstill, roll-over or deferral, whether *de facto* or *de jure*, with respect to one or more Obligations in an aggregate amount of not less than the Default Requirement; and
- (b) a Failure to Pay, determined without regard to the Payment Requirement, or a Restructuring, determined without regard to the Default Requirement, with respect to any such Obligation occurs on or prior to the Repudiation/Moratorium Evaluation Date.

Repudiation/Moratorium Evaluation Date means, if a Potential Repudiation/Moratorium occurs on or prior to the Scheduled Redemption Date (determined by reference to the Relevant Time):

- (a) if the Obligations to which such Potential Repudiation/Moratorium relates include Bonds, the date that is the later of:
 - (i) the date that is 60 days after the date of such Potential Repudiation/Moratorium; and
 - (ii) the first payment date under any such Bond after the date of such Potential Repudiation/Moratorium (or, if later, the expiration date of any applicable Grace Period in respect of such payment date); and
 - (b) if the Obligations to which such Potential Repudiation/Moratorium relates do not include Bonds, the date that is 60 days after the date of such Potential Repudiation/Moratorium,
- provided that in either case, the Repudiation/Moratorium Extension Condition is satisfied.

Repudiation/Moratorium Extension Condition means a condition that is satisfied:

- (a) if the DC Secretary publicly announces, pursuant to a valid request that was delivered and effectively received on or prior to the Scheduled Redemption Date, that the relevant Credit Derivatives Determinations Committee has Resolved that an event that constitutes a Potential Repudiation/Moratorium has occurred with respect to an Obligation of the relevant Reference Entity and that such event occurred on or prior to the Scheduled Redemption Date, or
- (b) otherwise, by the delivery of a Repudiation/Moratorium Extension Notice and unless Notice of Publicly Available Information is specified as "Not Applicable" in the applicable Final Terms, a Notice of Publicly Available Information by or on behalf of the Issuer to the Securityholders that is effective on or prior to the Scheduled Redemption Date.

In all cases, the Repudiation/Moratorium Extension Condition will be deemed not to have been satisfied, or not capable of being satisfied, if, or to the extent that, the DC Secretary publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved that either (i) an event does not constitute a Potential Repudiation/Moratorium with respect to an Obligation of the relevant Reference Entity or (ii) an event that constitutes a Potential Repudiation/Moratorium has occurred with respect to an Obligation of the relevant Reference Entity but that such event occurred after the Scheduled Redemption Date.

Repudiation/Moratorium Extension Notice means an irrevocable notice delivered by or on behalf of the Issuer to the Securityholders that describes a Potential Repudiation/Moratorium that occurred on or prior to the Scheduled Redemption Date. A Repudiation/Moratorium Extension Notice must contain a description in

reasonable detail of the facts relevant to the determination that a Potential Repudiation/Moratorium has occurred and indicate the date of the occurrence. The Potential Repudiation/Moratorium that is the subject of the Repudiation/Moratorium Extension Notice need not be continuing on the date the Repudiation/Moratorium Extension Notice is effective. Unless Notice of Publicly Available Information is specified as "Not Applicable" in the applicable Final Terms, if a Repudiation/Moratorium Extension Notice contains Publicly Available Information, such Repudiation/Moratorium Extension Notice will also be deemed to be a Notice of Publicly Available Information.

Resolve has the meaning given to that term in the DC Rules, and "Resolved" and "Resolves" shall be interpreted accordingly.

Restructured Bond or Loan means an Obligation which is a Bond or Loan and in respect of which the relevant Restructuring has occurred.

Restructuring means:

- (a) that, with respect to one or more Obligations and in relation to an aggregate amount of not less than the Default Requirement, any one or more of the following events occurs in a form that binds all holders of such Obligation, is agreed between the Reference Entity or a Governmental Authority and a sufficient number of holders of such Obligation to bind all holders of such Obligation or is announced (or otherwise decreed) by a Reference Entity or a Governmental Authority in a form that binds all holders of such Obligation (including, in each case, in respect of Bonds only, by way of any exchange) and such event is not expressly provided for under the terms of such Obligation in effect as of the later of the Credit Event Backstop Date and the date as of which such Obligation is issued or incurred:
 - (i) a reduction in the rate or amount of interest payable or the amount of scheduled interest accruals (including by way of redenomination);
 - (ii) a reduction in the amount of principal or premium payable at maturity or at scheduled redemption dates (including by way of redenomination);
 - (iii) a postponement or other deferral of a date or dates for either (A) the payment or accrual of interest or (B) the payment of principal or premium;
 - (iv) a change in the ranking in priority of payment of any Obligation, causing the Subordination of such Obligation to any other Obligation; or
 - (v) any change in the currency of any payment of interest, principal or premium to any currency other than the lawful currency of Canada, Japan, Switzerland, the United Kingdom and the United States of American and the euro and any successor currency to any of the aforementioned currencies (which in the case of the euro, shall mean the currency which succeeds to and replaces the euro in whole).
- (b) Notwithstanding the provisions of sub-paragraph (a) above, none of the following shall constitute a Restructuring:
 - (i) the payment in euros of interest or principal in relation to an Obligation denominated in a currency of a Member State of the European Union that adopts or has adopted the single currency in accordance with the Treaty establishing the European Community, as amended by the Treaty on European Union;
 - (ii) the redenomination from euros into another currency, if (A) the redenomination occurs as a result of action taken by a Governmental Authority of a Member State of the European Union which is of general application in the jurisdiction of such Governmental Authority and (B) a freely available market rate of conversion between euros and such other currency existed at the time of such redenomination and there is no reduction in the rate or amount of interest, nominal

or premium payable, as determined by reference to such freely available market rate of conversion;

- (iii) the occurrence of, agreement to or announcement of any of the events described in sub-paragraphs (a)(i) to (v) (inclusive) above due to an administrative adjustment, accounting adjustment or tax adjustment or other technical adjustment occurring in the ordinary course of business; and
 - (iv) the occurrence of, agreement to or announcement of any of the events described sub-paragraphs (a)(i) to (v) (inclusive) above in circumstances where such event does not directly or indirectly result from a deterioration in the creditworthiness or financial condition of the Reference Entity provided that in respect of paragraph (a)(v) only, no such deterioration in the creditworthiness or financial condition of the Reference Entity is required where the redenomination is from euros into another currency and occurs as a result of action taken by a Governmental Authority of a Member State of the European Union which is of general application in the jurisdiction of such Governmental Authority.
- (c) For the purposes of sub-paragraphs (a) and (b) above and Credit Linked Condition 8.4 (*Multiple Holder Obligations*), the term "Obligation" shall be deemed to include Underlying Obligations for which the Reference Entity is acting as provider of a Guarantee. In the case of a Qualifying Guarantee and an Underlying Obligation, references to the Reference Entity in sub-paragraph (a) above shall be deemed to refer to the Underlying Obligor and the reference to the Reference Entity in sub-paragraph (b) above shall continue to refer to the Reference Entity.
- (d) If an exchange has occurred, the determination as to whether one of the events described under paragraphs (a)(i) to (v) above has occurred will be based on a comparison of the terms of the Bond immediately prior to such exchange and the terms of the resulting obligations immediately following such exchange.

Restructuring Date means the date on which a Restructuring is legally effective in accordance with the terms of the documentation governing such Restructuring.

Restructuring Exercise Date means the date that is 65 Business Days following the Final List Publication Date.

Restructuring Maturity Limitation Date means, with respect to a Deliverable Obligation, the Limitation Date occurring on or immediately following the Scheduled Redemption Date. Notwithstanding the foregoing, if the final redemption date of the Restructured Bond or Loan with the latest final redemption date of any Restructured Bond or Loan occurs prior to the 2.5-year Limitation Date (such Restructured Bond or Loan, a "Latest Maturity Restructured Bond or Loan") and the Scheduled Redemption Date occurs prior to the final redemption date of such Latest Maturity Restructured Bond or Loan, then the Restructuring Maturity Limitation Date will be the final redemption date of such Latest Maturity Restructured Bond or Loan.

Revised Currency Rate means, with respect to a Replacement Deliverable Obligation specified in a NOPS Amendment Notice, the rate of conversion between the currency in which the Replaced Deliverable Obligation Outstanding Amount is denominated and the currency in which the Outstanding Amount of such Replacement Deliverable Obligation is denominated that is determined either:

- (a) by reference to the Currency Rate Source as at the Next Currency Fixing Time; or
- (b) if such rate is not available at such time, by the Calculation Agent in a commercially reasonable manner after consultation with the parties.

Scheduled Redemption Date means the date specified as such in the applicable Final Terms. Such date shall be subject to adjustment in accordance with the applicable Business Day Convention.

Senior Obligation means any obligation, which is not Subordinated to any unsubordinated Borrowed Money obligation of the Reference Entity.

Senior Transaction means a Notional Credit Derivative Transaction for which (a) the Reference Obligation or Prior Reference Obligation, as applicable, is a Senior Obligation, or (b) there is no Reference Obligation or Prior Reference Obligation.

Seniority Level means, with respect to an obligation of the Reference Entity, (a) "Senior Level" or "Subordinated Level" as specified in the related Final Terms, or (b) if no such Seniority Level is specified in the related Final Terms, "Senior Level" if the Original Non-Standard Reference Obligation is a Senior Obligation or "Subordinated Level" if the Original Non-Standard Reference Obligation is a Subordinated Obligation, failing which (c) "Senior Level".

Settlement Currency means the currency specified as such in the applicable Final Terms, or if no currency is so specified in the Final Terms, the Specified Currency.

Settlement Method means:

- (a) the Auction Settlement, Cash Settlement or Physical Settlement, as specified in the Final Terms; or
- (b) if no Settlement Method is specified in the Final Terms, Auction Settlement.

Settlement Valuation Date means the date being three (3) CLS Business Days prior to the Delivery Date provided that if a Notice of Physical Settlement is given or, as the case may be, changed at any time after the third CLS Business Day prior to the Physical Settlement Date, the Settlement Valuation Date shall be the date which is three (3) CLS Business Days after such Notice of Physical Settlement is given.

Single Reference Entity CLS means Credit Linked Securities in relation to which the relevant Issuer purchases credit protection from the Securityholders in respect of only one (1) Reference Entity.

Solvency Capital Provisions means any terms in an obligation which permit the Reference Entity's payment obligations thereunder to be deferred, suspended, cancelled, converted, reduced or otherwise varied and which are necessary in order for the obligation to constitute capital resources of a particular tier.

Sovereign means any state, political subdivision or government, or any agency, instrumentality, ministry, department or other authority acting in a governmental capacity (including without limiting the foregoing, the central bank) thereof.

Sovereign Restructured Deliverable Obligation means an Obligation of a Reference Entity, which is a Sovereign (either directly or as provider of a Relevant Guarantee):

- (a) in respect of which a Restructuring that is the subject of the relevant Credit Event Notice has occurred; and
- (b) which fell within the definition of a Deliverable Obligation immediately preceding the date on which such Restructuring is legally effective in accordance with the terms of the documentation governing such Restructuring.

Sovereign Succession Event means, with respect to a Reference Entity that is a Sovereign, an annexation, unification, secession, partition, dissolution, consolidation, reconstitution or other similar event.

Specified Deliverable Obligation(s) means Deliverable Obligations of the Reference Entity or Nth Reference Entity as specified in the Notice of Physical Settlement or NOPS Amendment Notice (subject to the definition of such term) which, for the avoidance of doubt, may where Asset Package Delivery is applicable, include any Prior Deliverable Obligation, Package Observable Bond or Asset Package.

Specified Currency means, for the purposes of determining compliance with the Obligation Characteristics and Deliverable Obligation Characteristics only an obligation that is payable in the currency or currencies

specified in the applicable Final Terms as such in relation to a Reference Entity (or, if Specified Currency is specified in the applicable Final Terms and no currency is so specified, Standard Specified Currency), provided that if the euro is a Specified Currency, "Specified Currency" shall also include an obligation that was previously payable in the euro, regardless of any redenomination thereafter if such redenomination occurred as a result of action taken by a Governmental Authority of a Member State of the European Union which is of general application in the jurisdiction of such Governmental Authority.

SRO List means the list of Standard Reference Obligations as published by ISDA on its website at www.isda.org from time to time (or any successor website thereto) or by a third party designated by ISDA on its website from time to time.

Standard Reference Obligation means the obligation of the Reference Entity with the relevant Seniority Level, which is specified from time to time on the SRO List.

Standard Specified Currencies means the lawful currencies of Canada, Japan, Switzerland, France, Germany, the United Kingdom and the United States of America and the euro and any successor currency to any of the aforementioned currencies (which in the case of the euro shall mean the currency which succeeds to and replaces the euro in whole).

Steps Plan means a plan evidenced by Eligible Information contemplating that there will be a series of successions to some or all of the Relevant Obligations of the Reference Entity, by one or more entities.

Subordinated Obligation means any obligation which is Subordinated to any unsubordinated Borrowed Money obligation of the Reference Entity or which would be so Subordinated if any unsubordinated Borrowed Money obligation of the Reference Entity existed.

Subordinated Transaction means a Notional Credit Derivative Transaction for which the Reference Obligation or Prior Reference Obligation, as applicable, is a Subordinated Obligation.

Subordination means, with respect to an obligation (the **Second Obligation**) and another obligation of the Reference Entity to which such obligation is being compared (the **First Obligation**), a contractual, trust or similar arrangement providing that (i) upon the liquidation, dissolution, reorganisation or winding-up of the Reference Entity, claims of the holders of the First Obligation are required to be satisfied prior to the claims of the holders of the Second Obligation or (ii) the holders of the Second Obligation will not be entitled to receive or retain payments in respect of their claims against the Reference Entity at any time that the Reference Entity is in payment arrears or is otherwise in default under the First Obligation. Subordinated will be construed accordingly. For purposes of determining whether Subordination exists or whether an obligation is Subordinated with respect to another obligation to which it is being compared, (x) the existence of preferred creditors arising by operation of law or of collateral, credit support or other credit enhancement or security arrangements shall not be taken into account, except that, notwithstanding the foregoing, priorities arising by operation of law shall be taken into account where the Reference Entity is a Sovereign and (y) in the case of the Reference Obligation or the Prior Reference Obligation, as applicable, the ranking in priority of payment shall be determined as of the date as of which it was issued or incurred (or in circumstances where the Reference Obligation or a Prior Reference Obligation is the Standard Reference Obligation and "Standard Reference Obligation" is applicable, then the priority of payment of the Reference Obligation or the Prior Reference Obligation, as applicable, shall be determined as of the date of selection) and, in each case, shall not reflect any change to such ranking in priority of payment after such date.

Substitute Reference Obligation means with respect to a Non-Standard Reference Obligation to which a Substitution Event has occurred, the obligation that will replace one or more Reference Obligations, identified by the Calculation Agent in accordance with the following procedures:

- (a) The Calculation Agent shall identify the Substitute Reference Obligation in accordance with paragraph (c) and (d) below to replace the Non-Standard Reference Obligation; provided that the Calculation

Agent will not identify an obligation as the Substitute Reference Obligation if, at the time of determination, such obligation has already been rejected as the Substitute Reference Obligation by the relevant Credit Derivatives Determinations Committee and such obligation has not changed materially since the date of the relevant DC Resolution.

- (b) If any of the events set forth under paragraph (a) or (c) of the definition of Substitution Event have occurred with respect to the Non-Standard Reference Obligation, the Non-Standard Reference Obligation will cease to be the Reference Obligation (other than for purposes of the "Not Subordinated" Obligation Characteristic or "Not Subordinated" Deliverable Obligation Characteristic and paragraph (c)(ii) below). If the event set forth in paragraph (b) of the definition of Substitution Event has occurred with respect to the Non-Standard Reference Obligation and no Substitute Reference Obligation is available, the Non-Standard Reference Obligation will continue to be the Reference Obligation until the Substitute Obligation is identified or, if earlier, until any of the events set forth under paragraphs (a) or (c) of the definition of Substitution Event occur with respect to such Non-Standard Reference Obligation.
- (c) The Substitute Reference Obligation shall be an obligation that on the Substitution Date:
- (i) is a Borrowed Money obligation of the Reference Entity (either directly or as provider of a guarantee);
 - (ii) satisfies the Not Subordinated Deliverable Obligation Characteristic as of the date it was issued or incurred (without reflecting any change to the priority of payment after such date) and on the Substitution Date; and
 - (iii) (A) if the Non-Standard Reference Obligation was a Conforming Reference Obligation when issued or incurred and immediately prior to the Substitution Event Date:
 - (I) is a Deliverable Obligation (other than a Loan) determined in accordance with paragraph (b) of the definition of Deliverable Obligation;
 - (II) is a Loan (other than a Private-side Loan) which constitutes a Deliverable Obligation determined in accordance with paragraph (b) of the definition of Deliverable Obligation;
 - (B) if the Non-Standard Reference Obligation was a Bond (or any other Borrowed Money obligation other than a Loan) which was a Non-Conforming Reference Obligation when issued or incurred and/or immediately prior to the Substitution Event Date:
 - (I) is a Non-Conforming Substitute Reference Obligation (other than a Loan); or if no such obligation is available,
 - (II) is a Deliverable Obligation (other than a Loan) determined in accordance with paragraph (b) of the definition of Deliverable Obligation; or if no such obligation is available,
 - (III) is a Non-Conforming Substitute Reference Obligation which is a Loan (other than a Private-side Loan) or, if no such obligation is available,
 - (IV) is a Loan (other than a Private-side Loan) which constitutes a Deliverable Obligation determined in accordance with paragraph (b) of the definition of Deliverable Obligation; or

- (C) if the Non-Standard Reference Obligation was a Loan, which was a Non-Conforming Reference Obligation when incurred and/or immediately prior to the Substitution Event Date:
- (I) is a Non-Conforming Substitute Reference Obligation which is a Loan (other than a Private-side Loan); or if no such obligation is available,
 - (II) is a Non-Conforming Substitute Reference Obligation (other than a Loan) or if no such obligation is available,
 - (III) is a Deliverable Obligation (other than a Loan) determined in accordance with paragraph (b) of the definition of Deliverable Obligation; or if no such obligation is available,
 - (IV) is a Loan (other than a Private-side Loan) which constitutes a Deliverable Obligation determined in accordance with paragraph (b) of the definition of Deliverable Obligation.
- (d) If more than one specific Substitute Reference Obligation is identified pursuant to the process described in in paragraph (c) above, the Substitute Reference Obligation will be the potential Substitute Reference Obligation that most closely preserves the economic equivalent of the delivery and payment obligations of the Issuer under the Securities, as determined by the Calculation Agent. The Substitute Reference Obligation will replace the Non-Standard Reference Obligation on such date as determined by the Calculation Agent, which is expected to be as soon as reasonably practicable after it has been identified in accordance with paragraph (c) above. Information about the occurrence of a Substitute Reference Obligation with a description in reasonable detail of the facts relevant to the determination of the Substitute Reference Obligation, including the identity thereof and the date of substitution, may be requested at any time by the Securityholders at the specified office of the Calculation Agent (subject to proof of ownership of such Securities in a form acceptable to the Calculation Agent).
- (e) If a Substitution Event has occurred with respect to the Non-Standard Reference Obligation and the Calculation Agent determines that no Substitute Reference Obligation is available for the Non-Standard Reference Obligation, then, subject to paragraph (a) above and notwithstanding the fact that the Non-Standard Reference Obligation may have ceased to be the Reference Obligation in accordance with paragraph (b) above, the Calculation Agent shall continue to attempt to identify the Substitute Reference Obligation. For the purposes of identification of a Reference Obligation, any change in the Reference Obligation's CUSIP or ISIN number or other similar identifier will not, in and of itself, convert such Reference Obligation into a different Obligation.

Substitution Date means, with respect to a Substitute Reference Obligation, the date on which the Calculation Agent notifies the parties of the Substitute Reference Obligation

Substitution Event means, with respect to the Non-Standard Reference Obligation:

- (a) the Non-Standard Reference Obligation is redeemed in whole;
- (b) the aggregate amounts due under the Non-Standard Reference Obligation have been reduced by redemption or otherwise below U.S.\$10,000,000 (or its equivalent in the relevant Obligation Currency, as determined by the Calculation Agent); or
- (c) for any reason, other than due to the existence or occurrence of a Credit Event, the Non-Standard Reference Obligation is no longer an obligation of the Reference Entity (either directly or as provider of a guarantee).

For purposes of identification of a Non-Standard Reference Obligation, any change in the Non-Standard Reference Obligation's CUSIP or ISIN number or other similar identifier will not, in and of itself, constitute a Substitution Event.

If an event described in paragraph (a) or (b) above has occurred on or prior to the Issue Date, then a Substitution Event shall be deemed to have occurred pursuant to paragraph (a) or (b), as the case may be, on the Issue Date.

Substitution Event Date means, with respect to a Reference Obligation, the date of the occurrence of the relevant Substitution Event.

Succession Date means the legally effective date of an event in which one or more entities succeed to some or all of the Relevant Obligations of the Reference Entity; provided that if at such time, there is a Steps Plan, the Succession Date will be the legally effective date of the final succession in respect of such Steps Plan, or if earlier (i) the date on which a determination pursuant to paragraph (a) of the definition of Successor would not be affected by any further related successions in respect of such Steps Plan, or (ii) the occurrence of a Credit Event Determination Date in respect of the Reference Entity or any entity which would constitute a Successor.

Successor means, in respect of a Reference Entity, the entity or entities, if any, determined as follows:

- (a) subject to paragraph (c) below of this definition, the entity or entities, if any determined as follows:
 - (i) Subject to paragraph (a)(vii) below, if one entity succeeds, either directly or as a provider of a Relevant Guarantee, to seventy-five per cent. or more of the Relevant Obligations of the Reference Entity, that entity will be the sole Successor.
 - (ii) If only one entity succeeds, either directly or as a provider of a Relevant Guarantee, to more than twenty-five per cent. (but less than seventy-five per cent.) of the Relevant Obligations of the Reference Entity, and not more than twenty-five per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entity that succeeds to more than twenty-five per cent. of the Relevant Obligations will be the sole Successor.
 - (iii) If more than one entity each succeeds, either directly or as a provider of a Relevant Guarantee to more than twenty-five per cent. of the Relevant Obligations of the Reference Entity, and not more than twenty-five per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entities that succeed to more than twenty-five per cent. of the Relevant Obligations will each be a Successor and the terms of the Securities will be amended in accordance with the provisions set out in Credit Linked Condition 6 (*Succession Event*) above.
 - (iv) If one or more entities each succeeds, either directly or as a provider of a Relevant Guarantee, to more than twenty-five per cent. of the Relevant Obligations of the Reference Entity, and more than twenty-five per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, each such entity and the Reference Entity will each be a Successor and the terms of the Securities will be amended in accordance with the provisions set out in in Credit Linked Condition 6 (*Succession Event*) above.
 - (v) If one or more entities succeed, either directly or as a provider of a Relevant Guarantee, to a portion of the Relevant Obligations of the Reference Entity, but no entity succeeds to more than twenty-five per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity continues to exist, there will be no Successor and the terms of the Securities will not be changed in any way as a result of such succession.
 - (vi) If one or more entities succeed, either directly or as a provider of a Relevant Guarantee, to a portion of the Relevant Obligations of the Reference Entity, but no entity succeeds to more than

twenty-five per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity ceases to exist, the entity which succeeds to the greatest percentage of Relevant Obligations will be the Successor (provided that if two or more entities succeed to an equal percentage of Relevant Obligations, each such entity will be a Successor).

- (vii) in respect of a Reference Entity which is not a Sovereign, if one entity assumes all of the obligations (including at least one Relevant Obligation) of the Reference Entity, and either (A) the Reference Entity has ceased to exist or (B) the Reference Entity is in the process of being dissolved (howsoever described) and the Reference Entity has not issued or incurred any Borrowed Money obligation at any time since the legally effective date of the assumption, that entity (the **Universal Successor**) will be the sole Successor.
- (b) The Calculation Agent will be responsible for determining with effect from the Succession Date any Successor or Successors under paragraph (a) above; provided that the Calculation Agent will not make such determination if, at the time of determination, the DC Secretary has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that there is no Successor based on the relevant succession to Relevant Obligations. Information about the occurrence of a succession (or, in relation to a Reference Entity that is a Sovereign, a Sovereign Succession Event) pursuant to which one or more Successors to a Reference Entity can be determined, with reasonable detail of the facts relevant to the determination, pursuant to paragraph (a) of the definition of Successor, of the identity of any Successor(s), may be requested at any time by the Securityholders at the specified office of the Calculation Agent (subject to proof of ownership of such Securities in a form acceptable to the Calculation Agent), and will be notified as part of a notice of Potential Failure to Pay or a Repudiation/Moratorium Extension Notice or a Credit Event Notice (as the case may be) in respect of the relevant Reference Entity.

The Calculation Agent will make all calculations and determinations required to be made under this definition on the basis of Eligible Information.

In calculating the percentages used to determine whether an entity qualifies as a Successor under paragraph (a)(i) to (vii) (inclusive) above, if there is a Steps Plan, the Calculation Agent shall consider all related successions contemplated by such Steps Plan in aggregate as if forming part of a single succession.

- (c) An entity may only be a Successor if:
 - (i) either (1) the related Succession Date occurs on or after the Successor Backstop Date or (2) such entity is a Universal Successor in respect of which the Succession Date occurred on or after 1 January 2014;
 - (ii) the Reference Entity had at least one Relevant Obligation outstanding immediately prior to the Succession Date and such entity succeeds to all or part of at least one Relevant Obligation of the Reference Entity; and
 - (iii) where the Reference Entity is a Sovereign, such entity succeeded to the Relevant Obligations by way of a Sovereign Succession Event.
- (d) For the purposes of this definition, "succeed" means, with respect to a Reference Entity and its Relevant Obligations, that an entity other than the Reference Entity (i) assumes or becomes liable for such Relevant Obligations whether by operation of law or pursuant to any agreement (including, with respect to a Reference Entity that is a Sovereign, any protocol, treaty, convention, accord, concord, entente, pact or other agreement) or (ii) issues Bonds or incurs Loans (the Exchange Bonds or Loans) that are exchanged for Relevant Obligations, and in either case the Reference Entity is not thereafter a direct obligor or a provider of a Relevant Guarantee with respect to such Relevant Obligations or such

Exchange Bonds or Loans, as applicable. For the purposes of this definition, succeeded and succession shall be construed accordingly.

- (e) In the case of an exchange offer, the determination required pursuant to paragraph (a) above shall be made on the basis of the outstanding principal balance of Relevant Obligations exchanged and not on the basis of the outstanding principal balance of the Exchange Bonds or Loans.
- (f) If two or more entities (each, a Joint Potential Successor) jointly succeed to one or more Relevant Obligations (collectively, the Joint Relevant Obligations) either directly or as a provider of a Relevant Guarantee, then (1) if the Joint Relevant Obligation was a direct obligation of the relevant Reference Entity, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as direct obligor or obligors, or (2) if the Joint Relevant Obligation was a Relevant Guarantee, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as guarantor or guarantors, if any, or otherwise by each Joint Potential Successor in equal parts.

Successor Backstop Date means for purposes of any Successor determination determined by DC Resolution the date that is ninety calendar days prior to the Successor Resolution Request Date otherwise, the date that is ninety calendar days prior to the earlier of (a) the date on which the Calculation Agent determines that the succession is effective which date may be determined and (b) in circumstances where (i) a Successor Resolution Request Date has occurred, (ii) the relevant Credit Derivatives Determinations Committee has Resolved not to make a Successor determination and (iii) the Calculation Agent determines that the date on which the succession is effective is not more than fourteen calendar days after the day on which the DC Secretary publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to make a Successor determination, the Successor Resolution Request Date. The Successor Backstop Date shall not be subject to adjustment in accordance with any Business Day Convention. **Successor Resolution Request Date** means, with respect to a notice to the DC Secretary, requesting that a Credit Derivatives Determinations Committee be convened to Resolve one or more Successors to a Reference Entity, the date, as publicly announced by the DC Secretary, that the relevant Credit Derivatives Determinations Committee Resolves to be the date on which such notice is effective.

Surviving Reference Entity has the meaning given to such term in Credit Linked Condition 6.2(b).

Trade Date means the date specified as such in the applicable Final Terms.

Transaction Auction Settlement Terms means, in respect of any Reference Entity and a related Credit Event, the Credit Derivatives Auction Settlement Terms published by ISDA in respect of such Credit Event and in respect of which the Notional Credit Derivative Transaction would be an Auction Covered Transaction.

Transaction Type means any "Transaction Type" specified as such in the Credit Derivatives Physical Settlement Matrix Supplement to the Credit Derivatives Definitions, as most recently amended or supplemented as at the Trade Date and as published by ISDA, as at the date of the Base Prospectus, at <http://www.isda.org>.

Transferable means an obligation that is transferable to institutional investors without any contractual, statutory or regulatory restriction, provided that none of the following shall be considered contractual, statutory or regulatory restrictions:

- (a) contractual, statutory or regulatory restrictions that provide for eligibility for resale pursuant to Rule 144A or Regulation S promulgated under the United States Securities Act of 1933, as amended (and any contractual, statutory or regulatory restrictions promulgated under the laws of any jurisdiction having a similar effect in relation to the eligibility for resale of an obligation);

- (b) restrictions on permitted investments such as statutory or regulatory investment restrictions on insurance companies and pension funds; or
- (c) restrictions in respect of blocked periods on or around payment dates and voting periods,

and, if specified as applicable to a Deliverable Obligation Category, the Transferable Deliverable Obligation Characteristic shall be applicable only in respect of obligations within that Deliverable Obligation Category that are not Loans.

Undeliverable Obligation means a Deliverable Obligation included in the Notice of Physical Settlement which, on the Physical Settlement Date for such Deliverable Obligation, the Calculation Agent determines for any reason (including without limitation, failure by the Securityholder to deliver an Asset Transfer Notice, failure of the relevant clearance system or due to any law, regulation, court order or market conditions or the non-receipt of any requisite consents with respect to the Delivery of Loans) it is impossible, impracticable or illegal to Deliver on the Physical Settlement Date.

Undeliverable Valuation Date means the date that is five (5) CLS Business Days after the Latest Permissible Physical Settlement Date or, as applicable, the Extended Physical Settlement Date.

Underlying Finance Instrument means where the LPN Issuer provides finance to the Reference Entity by way of a deposit, loan or other Borrowed Money instrument.

Underlying Loan means where the LPN Issuer provides a loan to the Reference Entity.

Underlying Obligation means, with respect to a guarantee, an obligation in respect of which the Reference Entity has agreed to pay all the amounts due thereunder.

Underlying Obligor means, the party, which is the principal obligor of an Underlying Obligation.

Valuation Date means:

- (a) any CLS Business Day falling within 122 CLS Business Days following the Event Determination Date, or, following any Auction Cancellation Date or No Auction Announcement Date, such later CLS Business Day, (in each case, as selected by the Calculation Agent in its sole and absolute discretion); or
- (b) if "Cash Settlement" is applicable as a Fallback Settlement Method, any CLS Business Day falling within 122 CLS Business Days following the Event Determination Date, as selected by the Calculation Agent in its sole and absolute discretion; or
- (c) if Partial Cash Settlement is specified as being applicable in the applicable Final Terms, the date which is up to fifteen CLS Business Days after the Latest Permissible Physical Settlement Date or, as applicable the Extended Physical Settlement Date (as selected by the Calculation Agent in its sole and absolute discretion).

Valuation Obligation means, in respect of a Reference Entity, notwithstanding anything to the contrary in the Credit Linked Conditions, one or more obligations of such Reference Entity (either directly or as provider of a Qualifying Guarantee or, as the case may be, Qualifying Affiliate Guarantee), which would constitute a "Deliverable Obligation" if Physical Settlement were the applicable Settlement Method as selected by the Calculation Agent (in consultation with the relevant Issuer) in its sole and absolute discretion on the applicable Valuation Date, provided that, for such purpose:

- (a) any reference to the words "Delivery Date" in the definitions of "Conditionally Transferable Obligation", "Deliverable Obligation", within any of the terms comprising "Deliverable Obligation Category" or "Deliverable Obligation Characteristic" and "Due and Payable Amount" shall be deemed to be a reference to the words "Relevant Valuation Date"; and

- (b) where used in this definition of "Valuation Obligation", the term "Deliverable Obligation" is for convenience only and is not intended to amend the selected settlement method.

Valuation Obligations Portfolio means the Reference Obligation and/or one or more Valuation Obligations of a Reference Entity selected by the Calculation Agent in its discretion (in consultation with the relevant Issuer), each in an Outstanding Principal Balance selected by the Calculation Agent in its sole and absolute discretion provided that the aggregate of such Outstanding Principal Balances (or in each case the equivalent in the Specified Currency thereof (converted at the foreign exchange rate prevailing on any date from (and including) the Event Determination Date to (and including) the Valuation Date, as selected by the Calculation Agent in its sole and absolute discretion)), shall not exceed the relevant Floating Rate Payer Calculation Amount.

Valuation Time means the time specified as such in the applicable Final Terms in relation to a Reference Entity or, if no time is so specified, 11.00 a.m. in the principal trading market for the relevant Valuation Obligation or Undeliverable Obligation, as the case may be.

Voting Shares shall mean those shares or other interests that have the power to elect the board of directors or similar governing body of an entity.

Weighted Average Final Price means the weighted average of the Final Prices determined for each selected Valuation Obligation and/or Reference Obligation of a Reference Entity in the Valuation Obligations Portfolio, weighted by the Currency Amount of each such Valuation Obligation (or its equivalent in the Settlement Currency, converted by the Calculation Agent, in a commercially reasonable manner, by reference to exchange rates in effect at the time of such determination).

Weighted Average Quotation means, in accordance with the bid quotations provided by the CLS Dealers, the weighted average of firm quotations obtained from the CLS Dealers at the Valuation Time, to the extent reasonably practicable, each for an amount of the Valuation Obligation, Reference Obligation or Undeliverable Obligation, as the case may be, with an Outstanding Principal Balance of as large a size as available but less than the Quotation Amount (in the case of Deliverable Obligations only, but of a size equal to the Minimum Quotation Amount or, if quotations of a size equal to the Minimum Quotation Amount are not available, quotations as near in size as practicable to the Minimum Quotation Amount) that in the aggregate are approximately equal to the Quotation Amount.

ANNEX 3 – BOND LINKED CONDITIONS

This annex sets out additional terms and conditions for Securities that are Bond Linked Securities. It is only applicable to Securities, which are specified to be Bond Linked Securities in the applicable Final Terms.

The terms and conditions applicable to Bond Linked Securities shall comprise the General Conditions and the Additional Conditions, in each case subject to completion in the applicable Final Terms.

In the event of any inconsistency between the General Conditions and the Additional Conditions, the Additional Conditions shall prevail.

*The following terms and conditions (the **Bond Linked Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Bond Linked Securities is applicable. These Bond Linked Conditions are subject to completion in accordance with the applicable Final Terms.*

1 GENERAL

Bond Terms

The Final Terms shall specify:

- (a) the type of Bond Linked Securities, being Single Bond BLSs or Basket BLSs;
- (b) the Settlement Method;
- (c) the Bond(s) and Bond Issuer;
- (d) the Trade Date and the Scheduled Redemption Date;
- (e) the Bond Principal Amount in respect of each Bond; and
- (f) the principal amount outstanding as at the Trade Date in respect of each Bond.

2 REDEMPTION

2.1 Redemption absent the occurrence of a Bond Event Determination Date

The relevant Issuer will redeem each Bond Linked Security on the related Redemption Date (as such date may be extended in accordance with the definition thereof) by payment of an amount equal to the Final Redemption Amount (together with interest, if any, payable thereon) unless:

- (a) the Bond Linked Securities have been previously redeemed or purchased and cancelled in full (including pursuant to Bond Linked Condition 2.4 (*Redemption following a Merger Event*) or 2.5 (*Redemption following an Additional Disruption Event*)); or
- (b) a Bond Event Determination Date has occurred, in which event the relevant Issuer shall redeem the Bond Linked Securities in accordance with Bond Linked Condition 2.2 (*Redemption following the occurrence of a Bond Event Determination Date*).

2.2 Redemption following the occurrence of a Bond Event Determination Date

Subject to Bond Linked Condition 2.3 (Basket BLSs), upon the occurrence of a Bond Event Determination Date in relation to any Bond, each Bond Linked Security will be subject to redemption:

- (a) if the applicable Settlement Method is "Physical Settlement", in accordance with Bond Linked Condition 4 (*Physical Settlement*); and

- (b) if the applicable Settlement Method is "Cash Settlement", by payment on the Cash Settlement Date of an amount, subject to a minimum of zero, equal to (i) such Bond Linked Security's *pro rata* share of the Realisable Amount minus (ii) such Bond Linked Security's *pro rata* share of the Hedge Amount (if applicable).

2.3 Basket BLSs

If the Bond Linked Securities are Basket BLSs, then the provisions of these Bond Linked Conditions relating to redemption of Bond Linked Securities following the occurrence of a Bond Event Determination Date, extension of maturity of Bond Linked Securities on delivery of an Extension Notice, cessation or suspension of accrual of interest or accrual and payment of interest following the Scheduled Maturity Date shall apply to each Bond Linked Security with respect to each Bond separately and to such Bond Linked Security's *pro rata* share of the relevant Bond Principal Amount. As a result, the Bond Linked Securities will be redeemed in part in respect of each such Bond Event, such part to be determined by reference to the proportion that the Bond Principal Amount of the affected Bond has to the aggregate Bond Principal Amounts of such Bond and all the Bonds in respect of which a Bond Event has yet to occur. The remaining provisions of these Bond Linked Conditions shall be construed accordingly.

2.4 Early redemption following a Fair Market Value Trigger Event

If Fair Market Value Trigger is specified as being applicable in the relevant Final Terms, upon the occurrence of a Fair Market Value Trigger Event, the Bond Linked Securities may be redeemed at the Fair Market Value Redemption Amount (determined in accordance with General Condition 6.8 (*Fair Market Value Redemption Amounts*)) at the option of the Issuer in whole, but not in part, at any time, on giving not less than the minimum period and not more than the maximum period of notice specified in the applicable Final Terms to the Principal Paying Agent or the Registrar, as the case may be, and, in accordance with General Condition 14 (*Notices*), the Securityholders (which notice shall be irrevocable). The Fair Market Value Trigger needs not be continuing at the time any notice is delivered under this Bond Linked Condition 2.4.

Bond Linked Securities redeemed pursuant to this Bond Linked Condition 2.4 will be redeemed at their Fair Market Value Redemption Amount.

For the purpose of this Bond Linked Condition 2.4, **Fair Market Value Trigger Event** means that on any day the Fair Market Value Redemption Amount expressed as a percentage of the aggregate nominal amount of a Bond Linked Security of the relevant Series would be, assuming that such Series of Bond Linked Securities would be redeemed in full on such day at the applicable Fair Market Value Redemption Amount, lower than or equal to the "Fair Market Value Trigger" specified in the applicable Final Terms, as determined by the Calculation Agent in its sole and absolute discretion.

2.5 Redemption following a Merger Event

If this Bond Linked Condition 2.5 is specified as applicable in the applicable Final Terms, in the event that in the determination of the Calculation Agent a Merger Event has occurred, the relevant Issuer may give notice to the Securityholders in accordance with General Condition 14 (*Notices*) and redeem all but not some only of the Bond Linked Securities at the Fair Market Value Redemption Amount (determined in accordance with General Condition 6.8 (*Fair Market Value Redemption Amounts*)) on the Merger Event Redemption Date or, if the applicable Settlement Method is "Physical Settlement", the Securities will be redeemed in accordance with Bond Linked Condition 4 (*Physical Settlement*).

2.6 Redemption following an Additional Disruption Event

If the Calculation Agent determines that an Additional Disruption Event has occurred, the relevant Issuer may redeem all, but not some of, the Securities by giving notice to Securityholders in accordance with General Condition 14 (*Notices*). If the Securities are so redeemed, the relevant Issuer will pay an amount to each Securityholder in respect of each Security as shall be determined to be the Fair Market Value Redemption Amount (determined in accordance with General Condition 6.8 (*Fair Market Value Redemption Amounts*)) or, if the applicable Settlement Method is "Physical Settlement", the Securities will be redeemed in accordance with Bond Linked Condition 4 (*Physical Settlement*).

2.7 Suspension of Obligations

If a Potential Failure to Pay occurs with respect to a Bond, then (unless the relevant Issuer otherwise elects by notice to the Calculation Agent and the Securityholders), from the date of such Potential Failure to Pay any obligation of the relevant Issuer to redeem any Bond Linked Security (including pursuant to Bond Linked Condition 2.2 (*Redemption following the occurrence of a Bond Event Determination Date*)) or pay any amount of interest which would otherwise be due thereon shall, insofar as it relates to the relevant Bond, be and remain suspended until such time as the Calculation Agent determines either that a Failure to Pay has occurred with respect to such Bond or the relevant Potential Failure to Pay has been cured.

The Issuer will give notice to the Securityholders of any such suspension in accordance with General Condition 14 (*Notices*) within 14 days of becoming aware of the same.

If the Calculation Agent determines that the relevant Potential Failure to Pay has been cured, then all obligations of the relevant Issuer that have been suspended in accordance with this Bond Linked Condition 2.7 shall resume and shall be paid to the holders of the Bond Linked Securities no later than three Business Days following the Calculation Agent making such determination.

Where payment of interest or nominal is suspended in accordance with this Bond Linked Condition 2.7, no interest shall accrue on such interest or nominal.

2.8 Miscellaneous provisions relating to Redemption

If the Bond Linked Securities are partially redeemed, the relevant Bond Linked Securities or, if the Bond Linked Securities are represented by a Global Security, such Global Security, shall be endorsed to reflect such partial redemption. Accordingly, upon such partial redemption, the outstanding nominal amount of each Security shall be reduced for all purposes (including accrual of interest thereon) accordingly.

Redemption of any Bond Linked Security in accordance with Bond Linked Condition 2 (*Redemption*), together with payment of interest, if any, due thereon shall discharge all or the relevant portion of the obligations of the relevant Issuer in relation thereto.

Any amount payable under Bond Linked Condition 2 (*Redemption*) shall be rounded downwards to the nearest sub-unit of the relevant currency.

3 INTEREST

3.1 Cessation of Interest Accrual

- (a) Upon the occurrence of a Bond Event Determination Date in respect of any Bond Linked Securities, interest on such Bond Linked Securities (or, in the case of Basket BLSs, the relevant portion thereof determined in accordance with Bond Linked Condition 2.3 (*Basket BLSs*)) shall cease to accrue with effect from and including, the Interest Period Date immediately preceding

such Bond Event Determination Date (or, in the case of the first Interest Accrual Period, the Interest Commencement Date).

- (b) Upon the Calculation Agent determining that a Merger Event or Additional Disruption Event has occurred in respect of any Bond Linked Securities, interest on such Bond Linked Securities shall cease to accrue with effect from and including, the Interest Payment Date immediately preceding such determination.

3.2 Interest following Scheduled Redemption

Notwithstanding Bond Linked Condition 3.1 (*Cessation of Interest Accrual*), each Bond Linked Security shall only accrue interest up to (but excluding) the Scheduled Redemption Date.

3.3 Interest Payment Dates

If the Bond Linked Securities are redeemed early pursuant to a Bond Event, Merger Event or Additional Disruption Event, the Scheduled Redemption Date, the Redemption Date (if not the Scheduled Redemption Date), the Cash Settlement Date or the Delivery Date(s), as the case may be, shall not be Interest Payment Dates in respect of each Bond Linked Security (or, in the case of Basket BLSs, the relevant portion thereof determined in accordance with Bond Linked Condition 2.3 (*Basket BLSs*)).

4 PHYSICAL SETTLEMENT

4.1 Delivery and payment

If Physical Settlement applies to any Bond Linked Security, then, upon the occurrence of a Bond Event Determination Date or the Calculation Agent determining that a Merger Event or Additional Disruption Event has occurred, the relevant Issuer, or any third party appointed at its discretion, shall, on or prior to the related Physical Settlement Date and subject to Bond Linked Condition 4.2 (*Partial Cash Settlement Due to Impossibility, Impracticality or Illegality*), Bond Linked Condition 4.3 (*Non-Delivery of Bonds*) and Bond Linked Condition 4.6 (*Asset Transfer Notice*), redeem such Bond Linked Security or, in the case of Basket BLSs, the relevant portion thereof determined in accordance with Bond Linked Condition 2.3 (*Basket BLSs*), respectively, by:

- (a) delivering a *pro rata* share of the Bond equal to the Physical Settlement Amount;
- (b) paying such Security's *pro rata* portion of the related Physical Settlement Adjustment Rounding Amount; and
- (c) if the Hedge Amount is expressed as a negative number, paying such Security's *pro rata* portion of an amount equal to the absolute value of such *pro rata* portion.

4.2 Partial Cash Settlement Due to Impossibility, Impracticality or Illegality

If, due to an event beyond the control of the relevant Issuer, it is in the opinion of the Calculation Agent, impossible, impractical (including, without limitation, due to the relevant Issuer receiving insufficient or incorrect account or transfer information) or illegal for the relevant Issuer to Deliver or, due to an event beyond the control of the relevant Issuer or any Securityholder, it is in the opinion of the Calculation Agent impossible, impractical or illegal for the relevant Issuer or the relevant Securityholder to accept Delivery of all the Bonds on the related Physical Settlement Date, then on such date the relevant Issuer shall Deliver any of the Bonds for which it is possible, practicable and legal to take Delivery. If any Undeliverable Bonds have not been Delivered on or prior to the Latest Permissible Physical Settlement Date, then Partial Cash Settlement shall apply with respect to Bond and, accordingly, the relevant Issuer shall pay the relevant Securityholders an amount equal to the

Partial Cash Settlement Amount to be apportioned *pro rata* amongst the relevant Securityholders on the Partial Cash Settlement Date.

4.3 Non-Delivery of Bonds

If the relevant Issuer does not Deliver any Bond other than as a result of an event or circumstance contemplated in Bond Linked Condition 4.2 (*Partial Cash Settlement Due to Impossibility, Impracticality or Illegality*), such failure shall not constitute an event of default for the purpose of the Securities and the relevant Issuer may continue to attempt to Deliver the Bond until the Extended Physical Settlement Date.

If, as at the relevant Extended Physical Settlement Date, the relevant Bond has not been Delivered, then Partial Cash Settlement shall apply with respect to such Bond and the relevant Issuer shall pay to the Securityholders an amount equal to the Partial Cash Settlement Amount to be apportioned *pro rata* amongst the Securityholders on the Partial Cash Settlement Date.

4.4 Rounding

If the principal amount outstanding of the Bond to be Delivered in respect of each Bond Linked Security to be redeemed pursuant to this Bond Linked Condition 4 (*Physical Settlement*) on any occasion is not equal to an authorised denomination (or integral multiple thereof) of such Bonds then the Bond Principal Amount of the Bond to be Delivered will be rounded down so that the principal amount outstanding of the Bond being Delivered is equal to the nearest authorised denomination or multiple thereof, or, if none, to zero. In such circumstances, the Bonds that were not capable of being Delivered shall, if and to the extent practicable, be sold by the relevant Issuer or such other agent as may be appointed by the relevant Issuer for such purpose and, if they are so sold, the relevant Issuer shall make payment in respect of each Bond Linked Security in an amount equal to its *pro rata* share of the related net sale proceeds as soon as reasonably practicable following receipt thereof.

4.5 Delivery and Fees

The Delivery of any of the Bond pursuant to the provisions of this Bond Linked Condition 4 shall be made in such commercially reasonable manner as the relevant Issuer shall, in its sole discretion, determine to be appropriate for such Delivery. Subject as set out in the definition of "Deliver", all expenses including, without limitation, any applicable depository charges, transaction or exercise charges, stamp duty, stamp duty reserve tax and/or other taxes or duties (together Delivery Expenses) arising from the Delivery and/or transfer of the Physical Settlement Amount shall be for the account of the relevant Securityholder and no Delivery and/or transfer of the Physical Settlement Amount shall be made until all Delivery Expenses have been paid to the satisfaction of the Delivery Agent by the relevant Securityholder.

Delivery and/or transfer of the Bonds shall be delayed until all expenses relating to such Delivery or transfer payable by the Securityholders have been paid to the satisfaction of the relevant Issuer.

4.6 Asset Transfer Notice

A Securityholder will not be entitled to any of the amounts or assets specified as being due to it in this Bond Linked Condition 4 upon the occurrence of a Bond Event Determination Date unless it has complied with Bond Linked Condition 4 (*Physical Settlement Procedures*). For so long as the Bond Linked Securities are held in any clearing system, any communication from such clearing system on behalf of the Securityholder containing the information required in an Asset Transfer Notice will be treated as an Asset Transfer Notice. For as long as Securities are represented by a Global Security, surrender of Bond Linked Securities for such purpose will be effected by presentation of the Global

Security and its endorsement to note the nominal amount of Bond Linked Securities to which the relevant Asset Transfer Notice relates.

4.7 Physical Settlement Procedures

(a) *Procedure by Securityholders*

If any Bond Linked Security falls to be redeemed and Physical Settlement is specified to be the Settlement Method in the applicable Final Terms, any Delivery of Bonds in respect of the Physical Settlement Amount shall be in accordance with any applicable securities laws.

In order to receive the Physical Settlement Amount, the relevant Securityholder shall (or shall procure that a depository, custodian or entity with which it has a similar relationship in respect of the Securities shall on its behalf), at least ten (10) Business Days, or such other number of Business Days as may be specified in the applicable Final Terms, prior to the Physical Settlement Date:

- (i) if the Bond Linked Securities are represented by a Global Security, present a notice to DTC and/or Euroclear and/or Clearstream, Luxembourg, as the case may be, with a copy to any Paying Agent or the Registrar, as the case may be, and the relevant Issuer, via the EUCLID System or any equivalent or successor system (a **EUCLID Notice**); or
- (ii) if the Bond Linked Security is in definitive form, surrender to the Paying Agent or the Registrar, as the case may be, the Definitive Security (which expression shall, for the purposes of this Bond Linked Condition 4.7, include Receipt(s) and, if applicable, all unmatured Coupons, in accordance with the provisions of General Condition 5 (*Payments*)), a completed Asset Transfer Notice substantially in the form set out in the Agency Agreement (the **Asset Transfer Notice**) (a copy of which may be obtained from the specified office of any of the Paying Agents) with a copy to the relevant Issuer.
- (iii) A EUCLID Notice and an Asset Transfer Notice, as the case may be, are referred to herein as a **Notice**.
- (iv) The EUCLID Notice referred to above must:
 - (A) specify the name and address of the relevant Securityholder and the person from whom the Delivery Agent may obtain details for the Delivery of the Physical Settlement Amount;
 - (B) specify the number of Bond Linked Securities which are the subject of such notice and the number of the Securityholder's account at DTC, Euroclear or Clearstream, Luxembourg, as the case may be, to be debited with such Bond Linked Securities;
 - (C) irrevocably instruct and authorise DTC, Euroclear or Clearstream, Luxembourg, as the case may be, to debit the relevant Securityholder's account with such Bond Linked Securities on the date on which such Bond Linked Securities are redeemed in accordance with Bond Linked Condition 4.1 (*Delivery and payment*);
 - (D) provide the Securityholder's certification that it is not a U.S. person, or a person acting on behalf of a U.S. person, or a person within the United States (as such terms are defined in Regulation S under the Securities Act); and

- (E) authorise the production of such notice in any applicable administrative or legal proceedings.
- (v) The Asset Transfer Notice referred to above must:
 - (A) specify the name and address of the person from whom the Delivery Agent may obtain details for Delivery of the Physical Settlement Amount;
 - (B) authorise the production of such notice in any applicable administrative or legal proceedings; and
 - (C) provide the Securityholder's certification that it is not a U.S. person, or a person acting on behalf of a U.S. person, or a person within the United States (as such terms are defined in Regulation S under the Securities Act).
- (vi) No Notice may be withdrawn after receipt thereof by DTC, Euroclear or Clearstream, Luxembourg, the Paying Agent, the Registrar or the relevant Issuer, as the case may be.
- (vii) After delivery of such Notice, the relevant Securityholder may not transfer the Bond Linked Securities, which are the subject of such Notice, and no transfers of the Bond Linked Securities specified therein represented by a Global Security will be effected by DTC and/or Euroclear and/or Clearstream, Luxembourg.
- (viii) Any determination as to whether a notice is valid and has been properly completed and delivered as provided in this Bond Linked Condition 4.7 shall be made by DTC, Euroclear or Clearstream, Luxembourg or the relevant Issuer, as the case may be, after consultation with the Delivery Agent and shall be conclusive and binding on the relevant Issuer and the relevant Securityholder.

(b) *Procedure by the relevant Issuer and others*

Upon receipt of a duly completed Notice and (in the case of Bond Linked Securities in definitive form) the Definitive Security to which such Notice relates, the relevant Paying Agent or the Registrar, as the case may be, DTC, Euroclear or Clearstream, Luxembourg, as the case may be, shall verify that the person specified therein as the accountholder is the holder of the Bond Linked Securities referred to therein according to its books.

Subject as provided herein, in relation to each Bond Linked Security, the Physical Settlement Amount will be Delivered at the risk of the relevant Securityholder in such commercially reasonable manner as the Delivery Agent shall, in its sole discretion, determine to be appropriate for such delivery on the Physical Settlement Date for the Bond Linked Securities, provided that the relevant Bond Linked Security in definitive form and the Notice are delivered not later than the close of business in Luxembourg on the date (the **Notice Cut-Off Date**) which is five (5) Business Days (or such other number of Business Days as may be specified in the applicable Final Terms) before the Physical Settlement Date.

(c) *Delay or Failure to Deliver Notice*

If the Notice and, in the case of Bond Linked Securities in definitive form, the Definitive Security to which such Notice relates, are delivered to the relevant Issuer later than close of business on the Notice Cut-Off Date, then the Physical Settlement Amount will be delivered as soon as practicable after the due date for redemption of the Bond Linked Securities, at the risk of such Securityholder.

For the avoidance of doubt, without prejudice to Bond Linked Condition 4.1(b) and 4.1(c), such Securityholder shall not be entitled to any payment or other assets, whether of interest or otherwise, in the event of the Delivery of the Physical Settlement Amount falling after the due date for redemption of the Bond Linked Securities pursuant to the provisions of this Bond Linked Condition 4.7 or otherwise due to circumstances beyond the control of the relevant Issuer.

If the relevant Securityholder fails to validly deliver a Notice, or procure that a notice is validly delivered on its behalf, in the manner set out in these Conditions or delivers a Notice, or procures that a Notice is delivered, on any day falling after the day that is 180 calendar days after the Notice Cut-Off Date or, in the case of Bond Linked Securities in definitive form, fails to deliver the Definitive Security related thereto, or procure that such Definitive Security is delivered, or fails to pay the expenses referred to in Bond Linked Condition 4.5 (*Delivery and Fees*), the relevant Issuer shall be discharged from its obligation in respect of such Bond Linked Security and shall have no further obligation or liability whatsoever in respect thereof.

(d) *Delivery at risk of Securityholder*

Delivery of the Physical Settlement Amount by the relevant Issuer to the Securityholder shall be at the risk of the Securityholder and no additional payment or delivery will be due to a Securityholder where the Physical Settlement Amount is delivered after its due date in circumstances beyond the control of either the relevant Issuer or the Delivery Agent.

(e) *No further liability of Issuer*

After delivery of the Physical Settlement Amount by the relevant Issuer to a Securityholder pursuant to this Bond Linked Condition 4.7 but prior to the time when the Securityholder (or his designee) becomes the holder of the relevant Bond (the **Intervening Period**), neither the relevant Issuer nor its agent or nominee shall (i) be under any obligation to deliver to such Securityholder or any subsequent beneficial owner of such relevant Bond any letter, note, notice, circular, dividend or any other document or payment whatsoever received by the relevant Issuer or its agent or nominee in its capacity as the holder of such relevant Bond, (ii) exercise any or all rights (including voting rights) attaching to such relevant Bond during the Intervening Period nor be under any obligation to exercise any such rights during the Intervening Period (either on its own behalf or on behalf of any Securityholder or any subsequent beneficial owner of such relevant Bond), or (iii) be under any liability to such Securityholder or any subsequent beneficial owner of such relevant Bond in respect of any loss or damage which such Securityholder or subsequent beneficial owner may sustain or suffer as a result, whether directly or indirectly, of the relevant Issuer or its agent or nominee being registered during such Intervening Period as legal owner of such relevant Bond.

(f) *Escrow*

If Escrow is specified in relation to a Bond as applicable, either the relevant Issuer or any Securityholder may require that Physical Settlement take place through the use of an Escrow Agent (in the case of any such request by a Securityholder, solely in relation to the Securities held by such Securityholder). Any costs or expenses incurred in connection with establishing such escrow arrangement shall be borne by the relevant Securityholder.

5 MISCELLANEOUS PROVISIONS RELATING TO BOND LINKED SECURITIES

5.1 Determinations of the Calculation Agent

The determination by the Calculation Agent of any amount or of any state of affairs, circumstance, event or other matter, or the formation of any opinion or the exercise of any discretion required or permitted to be determined, formed or exercised by the Calculation Agent pursuant to the Bond Linked Conditions shall be final and binding on the relevant Issuer, the Guarantor (if applicable) and the Securityholders in accordance with the General Conditions. Whenever the Calculation Agent is required to make any determination it may, *inter alia*, decide issues of construction and legal interpretation. Any delay, deferral or forbearance by the Calculation Agent in the performance or exercise of any of its obligations or its discretion under the Bond Linked Securities including, without limitation, the giving of any notice by it to any person, shall not affect the validity or binding nature of any later performance or exercise of such obligation or discretion, and none of the Calculation Agent, the relevant Issuer or the Guarantor (if applicable) shall, in the absence of wilful misconduct and gross negligence, bear any liability in respect of, or consequent upon, any such delay, deferral or forbearance.

5.2 Delivery of Notices

As soon as reasonably practicable after receiving a Bond Event Notice or Notice of Publicly Available Information from the Calculation Agent, the relevant Issuer shall inform, or shall procure that the Calculation Agent informs the Securityholders in accordance with General Condition 14 (*Notices*).

5.3 Bond Principal Amount

The Realisable Amount or Physical Settlement Amount, as the case may be, is determined by reference to the Bond Principal Amount, subject as set out below. At the time of such determination, the principal amount outstanding of the Bond may not be equal to the Bond Principal Amount due to a redemption, writedown, accretion or other event relating to the Bond in accordance with its terms and, as a result, such principal amount outstanding will be the amount which is realised, Delivered or otherwise valued in connection with the calculation of the Realisable Amount or Physical Settlement Amount.

Securityholders shall not be entitled to any return in respect of the difference between such principal amount outstanding and the Bond Principal Amount as a result thereof provided that where there has been an Exchange Event or the Bonds have been redeemed in whole or in part, in each case in the period from, and including, the Trade Date to, but excluding the Extension Date, the Realisable Amount or Physical Settlement Amount, as the case may be, will take into account such redemption or Exchange Event, in each case as determined by the Calculation Agent.

5.4 Effectiveness of Notices

Any notice referred to in Bond Linked Condition 5.2 (*Delivery of Notices*) above which is delivered at or prior to 5:00 p.m. (London time) on a London Business Day is effective on such date and if delivered after such time or on a day that is not a London Business Day, is deemed effective on the next following London Business Day.

6 DEFINITIONS

In these Bond Linked Conditions:

Additional Disruption Event means any of Change in Law, Hedging Disruption and/or (provided that the Securities are not Italian Listed Certificates) Increased Cost of Hedging, in each case unless disapplied in the applicable Final Terms.

Affiliate means in relation to any entity (the **First Entity**), any entity controlled, directly or indirectly, by the First Entity, any entity that controls, directly or indirectly, the First Entity or any entity directly or indirectly under common control with the First Entity. For these purposes control means ownership of a majority of the voting power of an entity.

Asset means each obligation, equity, amount of cash, security, fee (including any "early-bird" or other consent fee), right and/or other asset, whether tangible or otherwise and whether issued, incurred, paid or provided by the relevant Bond Issuer or a third party (or any value which was realised or capable of being realised in circumstances where the right and/or asset no longer exists).

Asset Market Value means the market value of an Asset, as the Calculation Agent shall determine by reference to an appropriate specialist valuation or pricing source or in accordance with the methodology determined by the Calculation Agent.

Asset Transfer Notice has the meaning given to such term in Bond Linked Asset Condition 4.7 (*Physical Settlement Procedures*).

Asset Package means, in respect of an Exchange Event, all of the Assets in the proportion received or retained by a Relevant Holder in connection with such relevant Exchange Event. If the Relevant Holder is offered a choice of Assets or a choice of combinations of Assets, the Asset Package will be the Largest Asset Package. If the Relevant Holder is offered, receives and retains nothing, the Asset Package shall be deemed to be zero.

Basket BLS means Bond Linked Securities, which are linked to more than one Bond, as, specified in the applicable Final Terms.

BLS Business Day means, in respect of any Bond, a day on which commercial banking and foreign exchange markets are generally open to settle payments in the place or places specified for that purpose with respect to such Bond, a TARGET2 Settlement Day (if "TARGET2 Settlement Day" is specified in the applicable Final Terms for that purpose, or, if a place or places are not so specified, a day on which commercial banks and foreign exchange markets are generally open to settlement payments in the jurisdiction of the currency of the related Bond Linked Security and the Bond Principal Amount).

BLS Dealer means (a) a dealer in obligations of the type of Bond for which quotations are to be obtained (as selected by the Calculation Agent) and may include the Calculation Agent or its Affiliate and a Securityholder or its Affiliate or (b) such other dealer specified as such in the applicable Final Terms.

Bond means the obligation specified as such in the Final Terms (by identifying, amongst other things, its ISIN or other securities identification number, principal amount on issue and any applicable rate of interest) with the Bond Principal Amount specified in the Final Terms provided that, for the purposes of determining the Realisable Amount or Physical Settlement Amount, as the case may be, (i) upon the occurrence of an Exchange Event in the period from, and including, the Trade Date to, but excluding, the Extension Date, the Asset Package which the Calculation Agent determines a holder of the Bond (a **Relevant Holder**) would have received had it held the Bond with the Bond Principal Amount specified in the Final Terms shall be deemed to form part of the Bond and (ii) to the extent the Bond in an amount equal to the Bond Principal Amount is redeemed in whole or in part in the period from, and including, the Trade Date to, but excluding, the

Extension Date, the term "Bond" shall include a sum of money equivalent to the proceeds of such redemption which the Calculation Agent determines the Issuer would have received had it held the Bond with such Bond Principal Amount.

Bond Currency means the currency or currencies in which a Bond is denominated.

Bond Event means, in respect of a Bond, the occurrence during the period from, and including, the Trade Date to, and including, the Extension Date of one or more of:

- (a) a Failure to Pay;
- (b) a Repudiation/Moratorium;
- (c) a Restructuring;
- (d) a Writedown;
- (e) the Bond has become capable of being declared due and payable before it would otherwise have been due and payable as a result of, or on the basis of, the occurrence of a default, event of default, or other similar condition or event (howsoever described in the terms and conditions governing such Bond as at the Trade Date), other than a failure to make any required payment, in respect of the Bond Issuer under the Bond;
- (f) the Bond has become due and payable before it would otherwise have been due and payable as a result of, or on the basis of, the occurrence of a default, event of default or other similar condition or event (however described in the terms and conditions governing such Bond as at the Trade Date), other than a failure to make any required payment, in respect of the Bond Issuer under the Bond; and
- (g) the Bond is redeemed in part or in full for any reason prior to its scheduled redemption date (other than for the reason set out in sub-paragraph (f) above),

in each case, as determined by the Calculation Agent in its sole discretion.

If an occurrence would otherwise constitute a Bond Event, such occurrence will constitute a Bond Event whether or not such occurrence arises directly or indirectly from, or is subject to a defence based upon:

- (i) any lack or alleged lack of authority or capacity of the Bond Issuer to enter into any Bond;
- (ii) any actual or alleged unenforceability, illegality, impossibility or invalidity with respect to any Bond, however described;
- (iii) any applicable law, order, regulation, decree or notice, however described, or the promulgation of, or any change in, the interpretation by any court, tribunal, regulatory authority or similar administrative or judicial body with competent or apparent jurisdiction of any applicable law, order, regulation, decree or notice, however described; or
- (iv) the imposition of, or any change in, any exchange controls, capital restrictions or any other similar restrictions imposed by any monetary or other authority, however described.

Bond Event Determination Date means, in respect of any Bond Event, the first date on or before the Extension Date, on which both the Bond Event Notice and, if Notice of Publicly Available Information is specified as being applicable in the Final Terms, the Notice of Publicly Available Information are delivered by the relevant Issuer to the Calculation Agent and the Securityholders.

Bond Event Notice means an irrevocable notice from the Calculation Agent (which may be in writing (including by facsimile and/or email and/or by telephone) to the relevant Issuer that describes a Bond Event

that occurred on or after the Trade Date (determined by reference to the Relevant Time) and on or prior to the Extension Date (determined by reference to the Relevant Time). A Bond Event Notice must contain a description in reasonable detail of the facts relevant to the determination that a Bond Event has occurred. The Bond Event that is the subject of the Bond Event Notice need not be continuing on the date the Bond Event Notice is effective.

Bond Issuer means, the party which is the actual obligor of a Bond, as specified in the Final Terms, and any successor to such entity, which becomes the obligor under the Bond.

Bond Principal Amount means, in respect of each Bond, the principal amount (expressed in terms of the Face Amount) in the Bond Currency of such Bond specified in the Final Terms, subject to Bond Linked Condition 5.3.

Cash Settlement means the settlement method in accordance with Bond Linked Condition 2.2(b) (*Redemption following the occurrence of a Bond Event Determination Date*).

Cash Settlement Date means either:

- (a) if "Settlement at Maturity" is specified as "Applicable" in the applicable Final Terms, or if neither "Applicable" or "Not Applicable" is specified, the later of (i) the Scheduled Redemption Date and (ii) three (3) Business Days after determination by the Calculation Agent of the Realisable Amount and the Hedge Amount; or
- (b) if "Settlement at Maturity" is specified as "Not Applicable" in the applicable Final Terms, the date that is the number of Business Days specified in the applicable Final Terms (or, if a number of Business Days is not specified, three (3) Business Days) immediately following the determination by the Calculation Agent of the Realisable Amount and the Hedge Amount.

Change in Law means, unless Change of Law is specified as not applicable in the applicable Final Terms, that, on or after the Trade Date (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law, solvency or capital requirements), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority or financial authority), or the combined effect thereof if occurring more than once, the relevant Issuer determines in its sole and absolute discretion that:

- (a) it is unable to perform its obligations in respect of the Securities or it has become illegal to hold, acquire or dispose of (i) any relevant hedge positions in respect of the Securities or (ii) the Bond; or
- (b) it is unable to receive payments from, or on behalf of, the Bond Issuer or to transfer such amounts to a third party; or
- (c) it or any of its Affiliates would incur a materially increased cost (including, without limitation, in respect of any tax, solvency or capital requirements) in maintaining the Securities in issue or in holding, acquiring or disposing of any relevant hedge positions of the Securities.

Currency Rate means with respect to a Bond, the rate of conversion between the Settlement Currency and the currency in which such Bond is denominated. The relevant rate shall be the rate displayed on the Currency Screen Page at the Currency Specified Time or, if no such Currency Screen Page is specified in the applicable Final Terms or such Currency Screen Page is not available, the relevant rate shall be the rate determined by the Calculation Agent in good faith and in a commercially reasonable manner.

Currency Screen Page means the relevant screen page specified in the applicable Final Terms for the purpose of determining the relevant exchange rate.

Currency Specified Time means the specified time specified in the applicable Final Terms for the purpose of determining the relevant exchange rate.

Deliver means to deliver, novate, transfer, assign or sell, as appropriate, in the manner customary for the settlement of the applicable Bond (which shall include executing all necessary documentation and taking any other necessary actions), in order to convey all right, title and interest in the Bond, to the relevant Issuer or the Securityholders, as the case may be, free and clear of any and all liens, charges, claims or encumbrances (including, without limitation, any counterclaim, defence (other than a counterclaim or defence as set out in the definition of "Bond Event") or right of set-off by or of the Bond Issuer. **Delivered** and **Delivery** will be construed accordingly.

Delivery Date means, with respect to a Bond, the date such Bond is Delivered.

Escrow Agent means an independent third party financial institution (a) specified by the relevant Issuer prior to the Physical Settlement Date or (b) specified in the applicable Final Terms, in each case subject to the terms of the escrow arrangement.

Exchange Event means the Calculation Agent has determined that a Bond has been converted in whole or in part into, or exchanged for, any other asset or assets (howsoever described).

Extended Physical Settlement Date means the number of BLS Business Days specified in the Final Terms following the Physical Settlement Date and if such number is not so specified, such date as the Calculation Agent may determine in its absolute discretion provided that such date falls no later than the 120th BLS Business Day following the Physical Settlement Date or, in the absence of such determination, such 120th BLS Business Day and provided further that if, under the terms of a Hedge Transaction, the Bond may not be received by the relevant Issuer and/or any of its Affiliates on or before the Extended Physical Settlement Date but the relevant Issuer and/or any of its Affiliates may, in accordance with the terms of the Hedge Transaction, receive or otherwise obtain the Bond in lieu thereof on or before the date falling three (3) BLS Business Days after the Extended Physical Settlement Date, such date may be further extended to a date falling up to three (3) BLS Business Days after the original Extended Physical Settlement Date, or to such earlier date as the Calculation Agent may determine, in its absolute discretion.

Extension Date means the later of:

- (a) the Scheduled Redemption Date (or, if so specified in the applicable Final Terms, such other date falling such number of calendar or Business Days specified in the applicable Final Terms immediately preceding the Scheduled Redemption Date); and
- (b) the third BLS Business Day following the Grace Period Extension Date if:
 - (i) Failure to Pay is an applicable Bond Event in relation to any Bond;
 - (ii) Grace Period Extension is specified as applicable in relation to such Bond; and
 - (iii) the relevant Issuer delivers an Extension Notice under sub-paragraph (b) of the definition thereof.

Extension Notice means a notice from the relevant Issuer to the Calculation Agent and the Securityholders giving notice of the following in relation to a Bond:

- (a) without prejudice to sub-paragraph (b) below, that a Bond Event has occurred or may occur on or prior to the Scheduled Redemption Date; or
- (b) that a Potential Failure to Pay has occurred or may occur on or prior to the Scheduled Redemption Date (determined by reference to the Relevant Time).

Face Amount means, in respect of a Bond, the face amount of such Bond, which, as at its issue date, is due on maturity thereof.

Failure to Pay means, after the expiration of any applicable Grace Period (after the satisfaction of any conditions precedent to the commencement of such Grace Period), the failure by a Bond Issuer to make, when and where due, any payments under the Bond in accordance with the terms of such Bond at the time of such failure. The amount due shall be determined without regard to the effect of any provisions (howsoever described) of the Bond which:

- (a) permits the limitation of due payments or distribution of funds in accordance with the terms of the Bond or that provide for the extinguishing or reduction of such payments or distributions;
- (b) allows for a writedown of principal or interest without payment of such amounts to the holders of the Bond;
- (c) permit the limitation of due payments to distribution of funds available from the proceeds of certain assets or which provide for the capitalisation or deferral of interest on the Bond or that provide for extinguishing or reduction of such payments or distributions;
- (d) impose a weighted average coupon cap (howsoever described) whereby the interest rate or entitlement is limited, decreased or increased and the terms of the Bond do not provide for any interest shortfall arising as a result of such provision to be deferred, capitalised or otherwise compensated for at any future time; or
- (e) allow the Bond Issuer not to gross up any amount due in respect of such Bond where the Bond Issuer has been required to withhold or deduct an amount from such sum on account of tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted in any jurisdiction.

Full Quotation means, in accordance with the bid quotations provided by the BLS Dealers, each firm quotation (expressed as an amount payable for the Face Amount) obtained from a BLS Dealer at the Valuation Time, to the extent reasonably practicable, for a Face Amount of the Bond or, as the case may be, Undeliverable Bond equal to the Quotation Amount.

Governmental Authority means any *de facto* or *de jure* government (or any agency, instrumentality, ministry or department thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of a Bond Issuer or of the jurisdiction of organisation of the relevant Bond Issuer.

Grace Period means:

- (a) subject to sub-paragraphs (b) and (c) below, the applicable grace period with respect to payments under the relevant Bond under the terms of such Bond in effect as of the date as of which such Bond is issued or incurred; and
- (b) if Grace Period Extension is specified to be applicable in the applicable Final Terms in relation to the relevant Bond, a Potential Failure to Pay has occurred on or prior to the Scheduled Redemption Date (determined by reference to the Relevant Time) and the applicable grace period cannot, by its terms, expire on or prior to the Scheduled Redemption Date (determined by reference to the Relevant Time), the Grace Period shall be deemed to be the lesser of such grace period and the period specified as such in the applicable Final Terms or, if no period is specified, thirty calendar days.

Grace Period Business Day means a day on which commercial banks and foreign exchange markets are generally open to settle payments in the place or places and on the days specified for that purpose in the relevant Bond and if a place or places are not so specified, in the jurisdiction of the currency of the Bond.

Grace Period Extension Date means, if:

- (a) Grace Period Extension is specified as applicable in relation to a Bond in the applicable Final Terms; and
- (b) a Potential Failure to Pay occurs on or prior to the Scheduled Redemption Date (determined by reference to the Relevant Time),

the date that is the number of days in the Grace Period after the date of such Potential Failure to Pay.

Hedge Amount means:

- (a) if "One-Way Hedge Amount" is specified in the applicable Final Terms, an amount in the Settlement Currency, subject to a minimum of zero, determined by the Calculation Agent equal to the sum of (without duplication) all costs, expenses (including loss of funding), tax, and duties incurred by the relevant Issuer (and/or its Affiliates on its behalf) in connection with the redemption of the Bond Linked Securities and/or the termination, settlement or re-establishment of any Hedge Transaction on or around the Bond Event Determination Date;
- (b) if "Two-Way Hedge Amount" is specified in the applicable Final Terms, an amount in the Settlement Currency (which may be expressed as a positive number or a negative number) determined by the Calculation Agent equal to the sum of (without duplication) all costs and gains incurred by the relevant Issuer and/or its Affiliates on its behalf in connection with the redemption of the Bond Linked Securities and/or the termination, settlement or re-establishment of any Hedge Transaction on or around the Bond Event Determination Date. A cost will be expressed as a positive number and a gain as a negative number; or
- (c) if Hedge Amount is specified as "Not Applicable" in the applicable Final Terms, zero.

Hedging Disruption means, unless Hedging Disruption is specified as not applicable in the applicable Final Terms, that:

- (a) In respect of Securities which are not Italian Listed Certificates, the relevant Issuer, the Guarantor (if applicable) and/or any of their respective Affiliates is unable, after using commercially reasonable efforts, to (1) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge any relevant price risk including but not limited to the currency risk of the relevant Issuer or the Guarantor, (if applicable), in issuing and performing its obligations with respect to the Securities, or (2) freely realise, recover, remit, receive, repatriate or transfer the proceeds of any such transaction(s) or asset(s).
- (b) In respect of Securities which are Italian Listed Certificates, Hedging Disruption means, unless Hedging Disruption is specified as not applicable in the applicable Final Terms, that the relevant Issuer, the Guarantor (if applicable) and/or any of their respective Affiliates is unable, after using commercially reasonable efforts and as a result of an event which is beyond the control of such Issuer, Guarantor (if applicable) and/or Affiliate(s) (including, without limitation, any force majeure, act of state, change in any applicable law or regulation (including, without limitation, any tax law), promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), to (1) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge any relevant price risk including but not limited to the currency risk of the relevant Issuer or the Guarantor,

(if applicable), issuing and performing its obligations with respect to the Italian Listed Certificates, or (2) freely realise, recover, remit, receive, repatriate or transfer the proceeds of any such transaction(s) or asset(s).

Hedge Transaction means any transaction or trading position entered into or held by the relevant Issuer and/or any of its Affiliates to hedge, directly or indirectly, the relevant Issuer's obligations or positions (whether in whole or in part) in respect of the Bond Linked Securities (including, without limitation, any rate swap transaction, swap option, basis swap, forward rate transaction, commodity swap, commodity option, equity or equity index swap, interest rate option, currency transaction, asset swap transaction, credit derivative transaction or funding transaction such as, but not limited to, an internal funding arrangement or a repurchase transaction).

Increased Cost of Hedging means, unless Increased Cost of Hedging is specified as not applicable in the applicable Final Terms, that the relevant Issuer, the Guarantor (if applicable) and/or any of their respective Affiliates would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the market risk (including, without limitation, equity price risk, foreign exchange risk and interest rate risk) of the relevant Issuer or the Guarantor, (if applicable), in issuing and performing its obligations with respect to the Securities, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the relevant Issuer, the Guarantor, (if applicable) and/or any of their respective Affiliates shall not be deemed an Increased Cost of Hedging.

Largest Asset Package means, in respect of an Exchange Event, the package of Assets with the highest immediately realisable value, as determined by the Calculation Agent in its sole discretion.

Latest Permissible Physical Settlement Date means, in respect of partial cash settlement due to a Potential Cash Settlement Event, 30 calendar days following the Physical Settlement Date (or any earlier date designated by the Calculation Agent following any determination by the Calculation Agent that the relevant Issuer, or the Delivery Agent on its behalf, is or will be unable to or it will be impractical for the relevant Issuer or the Delivery Agent on its behalf to Deliver all or any portion of the Bonds).

London Business Day means a day on which commercial banks and foreign exchange markets are generally open to settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London.

Redemption Date means the later of:

- (a) the Scheduled Redemption Date; and
- (b) the date falling three (3) Business Days after the Extension Date.

Merger Event means that at any time during the period from (and including) the Trade Date to (but excluding) the Scheduled Redemption Date the relevant Issuer or the Guarantor (if applicable) consolidates or amalgamates with, or merges into, or transfers all or substantially all of its assets to, a Bond Issuer, or (if applicable) the Guarantor and a Bond Issuer or the relevant Issuer and a Bond Issuer become Affiliates.

Merger Event Redemption Date means the date specified by the relevant Issuer in the notice to Securityholders.

Notice Cut-Off Date has the meaning set out in Bond Linked Condition 4.7(b) (*Procedure by the relevant Issuer and others*).

Notice of Publicly Available Information means an irrevocable notice from the Calculation Agent (which may be by telephone) to the relevant Issuer that cites Publicly Available Information confirming the occurrence of the Bond Event, as applicable, described in the Bond Event Notice. The notice must contain a copy, or a description in reasonable detail, of the relevant Publicly Available Information. If Notice of Publicly Available Information is specified as applicable in the Final Terms and a Bond Event Notice contains Publicly Available Information, such Bond Event Notice will also be deemed to be a Notice of Publicly Available Information.

Officer's Certification means a note signed by a director (or other substantively equivalent title) of the relevant Issuer which shall certify the occurrence of a Bond Event with respect to a Bond.

Partial Cash Settlement Amount means, where the applicable Settlement Method is Physical Settlement, an amount determined by the Calculation Agent equal to the Realisable Amount determined for the Undeliverable Bond.

Partial Cash Settlement Date means, in relation to an Undeliverable Bond, the date falling three (3) BLS Business Days after the determination of the Realisable Value of such Undeliverable Bond or such other date falling such number of BLS Business Days after the determination of the Realisable Amount as is specified in the applicable Final Terms.

Physical Settlement means the settlement method in accordance with Bond Linked Condition 2.2(a) (*Redemption following the occurrence of a Bond Event Determination Date*).

Physical Settlement Adjustment means a reduction to the Bonds which would otherwise have been Delivered in accordance with Bond Linked Condition 4.1 (*Delivery and payment*) by an amount of Bonds having a liquidation value in the Settlement Currency equal to the Hedge Amount (if the Hedge Amount is a positive number, representing an amount payable by the relevant Issuer or its Affiliates in connection with the termination, settlement or re-hedge of any Hedge Transaction) rounded upwards to the nearest whole denomination of a Bond, such amount to be determined by the Calculation Agent. Where the applicable Final Terms specify that Hedge Amount is not applicable, the Physical Settlement Adjustment shall be zero.

Physical Settlement Adjustment Rounding Amount means an amount (if any) equal to the absolute value of the difference between the Physical Settlement Adjustment and the liquidation value in the Settlement Currency of such whole number of Bonds as are not required to be Delivered by the relevant Issuer by way of compensation for any Hedge Amount.

Physical Settlement Amount means, in respect of any Bond, the Bond, as adjusted by any Physical Settlement Adjustment.

Physical Settlement Date means the last day of the longest Physical Settlement Period following the occurrence of a Bond Event Determination Date or the determination by the Calculation Agent of the occurrence of Merger Event or Additional Disruption Event, as the case may be, as specified in relation to a Bond.

Physical Settlement Period means the number of BLS Business Days specified as such in the Final Terms or, if a number of BLS Business Days is not so specified, then the longest number of BLS Business Days for settlement in accordance with then current market practice of such Bond, as determined by the Calculation Agent.

Potential Cash Settlement Event means an event beyond the control of the relevant Issuer (including, without limitation, failure of the relevant clearance system or due to any law, regulation or court order, but excluding markets conditions or any contractual, statutory and/or regulatory restriction relating to the relevant Bond, or due to the failure of the Securityholder to give the relevant Issuer details of accounts for settlement;

or a failure of the Securityholder to open or procure the opening of such accounts or if the Securityholders are unable to accept Delivery of the portfolio of Bonds for any other reason).

Potential Failure to Pay means an event which would be a Failure to Pay with respect to a Bond save for a grace period or any conditions precedent to the commencement of a grace period applicable to such Bond, in accordance with the terms of such Bond at the time of such event.

Public Source means each source of Publicly Available Information specified as such in the applicable Final Terms (or, if a source is not so specified in the Final Terms, each of Bloomberg Service, Dow Jones Telerate Service, Reuter Monitor Money Rates Services, Dow Jones News Wire, Wall Street Journal, New York Times, Nihon Keizai Shinbun, Asahi Shinbun, Yomiuri Shinbun, Financial Times, La Tribune, Les Echos and The Australian Financial Review (and successor publications), the main source(s) of business news in the country in which the Bond is organised and any other internationally recognised published or electronically displayed news sources).

Publicly Available Information means information that reasonably confirms any of the facts relevant to the determination that the Bond Event, as applicable, described in a Bond Event Notice has occurred and which:

- (i) has been published in the number of Public Sources specified in the Final Terms, regardless of whether the reader or user thereof pays a fee to obtain such information provided that, if either the Calculation Agent or the relevant Issuer, the Guarantor (if applicable) or any of their respective Affiliates is cited as the sole source of such information, then such information shall not be deemed to be Publicly Available Information unless either the Calculation Agent or the relevant Issuer, the Guarantor (if applicable) or any of their Affiliates is acting in its capacity as trustee, fiscal agent, administrative agent, clearing agent or paying agent, facility agent or agent bank for a Bond;
- (ii) is information received from or published by (A) a Bond Issuer (or a Sovereign Agency in respect of a Bond which is a Sovereign) or (B) a trustee, fiscal agent, administrative agent, clearing agent or paying agent, facility agent or agent bank for a Bond Issuer;
- (iii) is received from the Issuer, the Guarantor or any of their Affiliates as the sole holder of the Bond with respect to which a Bond Event has occurred; or
- (iv) is information contained in any petition or filing instituting a proceeding against or by the Bond Issuer seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation, and, in the case of any such proceeding or petition instituted or presented against it, such proceeding or petition (1) results in a judgment of insolvency or bankruptcy or the entry of an order for relief or the making of an order for its winding-up or liquidation or (2) is not dismissed, discharged, stayed or restrained in each case within thirty calendar days of the institution or presentation thereof; or
- (v) is information contained in any order, decree, notice or filing, however described, of or filed with a court, tribunal, exchange, regulatory authority or similar administrative, regulatory or judicial body.

In the event that the Calculation Agent, the Issuer or the Guarantor or any Affiliate thereof is:

- (I) the sole source of information in its capacity as trustee, fiscal agent, administrative agent, clearing agent, paying agent, facility agent or agent bank for a Bond; or
- (II) the sole holder of the Bond with respect to which a Bond Event has occurred,

the Calculation Agent shall be required to deliver to the relevant Issuer an Officer's Certification.

In relation to any information of any type described in sub-paragraphs (ii) to (v) above, the Calculation Agent may assume that such information has been disclosed to it without violating any law, agreement or understanding regarding the confidentiality of such information and that the party disclosing such information has not taken any action or entered into any agreement or understanding with the Bond or any Affiliate of the Bond that would be breached by, or would prevent, the disclosure of such information to third parties.

Publicly Available Information need not state that such occurrence:

- (A) is the result of exceeding any applicable Grace Period; or
- (B) has met the subjective criteria specified in certain Bond Events.

Quotation means, in respect of a Bond or an Undeliverable Bond, as the case may be, each Full Quotation and the Weighted Average Quotation obtained and expressed as an amount payable for the Quotation Amount, with respect to a Valuation Date in the manner that follows:

- (a) The Calculation Agent shall attempt to obtain Full Quotations with respect to each Relevant Valuation Date from three (3) or more BLS Dealers. If the Calculation Agent is unable to obtain two (2) or more such Full Quotations on the same BLS Business Day within three (3) BLS Business Days of a Relevant Valuation Date, then on the next following BLS Business Day (and, if necessary, on each BLS Business Day thereafter until the tenth BLS Business Day following the applicable Relevant Valuation Date) the Calculation Agent shall attempt to obtain Full Quotations from three (3) or more BLS Dealers and, if two (2) or more Full Quotations are not available, a Weighted Average Quotation. If the Calculation Agent is unable to obtain two (2) or more Full Quotations or a Weighted Average Quotation on the same BLS Business Day on or prior to the tenth BLS Business Day following the applicable Relevant Valuation Date the Quotations shall be deemed to be any Full Quotation obtained from a BLS Dealer at the Valuation Time on such tenth BLS Business Day, or if no Full Quotation is obtained, the weighted average of any firm quotations for the Bond obtained from BLS Dealers at the Valuation Time on such tenth BLS Business Day with respect to the aggregate portion of the Quotation Amount for which such quotations were obtained and a quotation shall be deemed to be zero for the balance of the Quotation Amount for which firm quotations were not obtained on such day.
- (b) If:
 - (i) "Include Accrued Interest" is specified in the applicable Final Terms in respect of Quotations, such Quotations shall include accrued but unpaid interest;
 - (ii) "Exclude Accrued Interest" is specified in the applicable Final Terms in respect of Quotations, such Quotations shall not include accrued but unpaid interest; and
 - (iii) neither "Include Accrued Interest" nor "Exclude Accrued Interest" is specified in the applicable Final Terms in respect of Quotations, the Calculation Agent shall determine based on then current market practice in the market of the Bond, whether such Quotations shall include or exclude accrued but unpaid interest, all Quotations shall be obtained in accordance with this determination;
 - (iv) any Quotation obtained is expressed by a BLS Dealer as a percentage, the Calculation Agent shall, for the purposes hereof, determine what such Quotation would be if expressed as an amount payable for the Quotation Amount; and
 - (v) an Exchange Event has occurred, for the purposes of determining a Quotation in respect of the original Bond (to the extent applicable) the Quotation Amount shall be reduced by the Calculation Agent (acting in its sole discretion) so that it reflects the proportion of the Bond Principal Amount of the Bond, which has not been affected by the Exchange Event.

Quotation Amount means:

- (a) with respect to a Bond, the Bond Principal Amount at the time of the Relevant Valuation Date; and
- (b) respect to each type or issue of Undeliverable Bond, an amount equal to the portion of the Bond Principal Amount relating to such Undeliverable Bond (as determined by the Calculation Agent).

Realisable Amount means the realisable value of the Bond or the Undeliverable Bond, as relevant, determined by the Calculation Agent as being the highest Quotation obtained by the Calculation Agent (or otherwise in accordance with the definition of "Quotation") with respect to the Relevant Valuation Date and expressed in the Settlement Currency using, if applicable a conversion rate determined by the Calculation Agent by reference to the Currency Rate provided that:

- (a) in relation to a Bond that takes the form in whole or in part of cash, the Realisable Amount for such portion of the Bond which related to cash shall be equal to the amount of the cash expressed in the Settlement Currency using, if applicable a conversion rate determined by the Calculation Agent by reference to the Currency Rate; and
- (b) in relation to a Bond that has been the subject of an Exchange Event, the Realisable Amount shall be determined by the Calculation Agent, acting in a commercially reasonable manner, by reference to such pricing sources as it deems appropriate in the circumstances and, in the case of the Asset Package, by reference to the Asset Market Value of each Asset in the Asset Package.

Relevant Time means with respect to any Bond, Greenwich Mean Time, Tokyo time or New York time, as specified in the applicable Final Terms.

Relevant Valuation Date means the Valuation Date or Undeliverable Valuation Date, as the case may be.

Repudiation/Moratorium means an authorised officer of a Bond Issuer or a Governmental Authority:

- (i) disaffirms, disclaims, repudiates or rejects, in whole or in part, or challenges the validity of, the Bond; or
- (ii) declares or imposes a moratorium, standstill, roll-over or deferral, whether *de facto* or *de jure*, with respect to the Bond.

Restructuring means the Calculation Agent has determined that, with respect to a Bond, any one or more of the following events occurs in a form that binds all holders of such Bond, is agreed between the Bond Issuer or a Governmental Authority and a sufficient number of holders of such Bond to bind all holders of such Bond or is announced (or otherwise decreed) by a Bond Issuer or a Governmental Authority in a form that binds all holders of such Bond (including by way of exchange), and such event is not expressly provided for under the terms of such Bond in effect as of the Trade Date:

- (i) a reduction in the rate or amount of interest payable or the amount of scheduled interest accruals (including by way of redenomination);
- (ii) a reduction in the amount of nominal or premium payable at maturity or at scheduled redemption dates (including by way of redenomination);
- (iii) a postponement or other deferral of a date or dates for either (A) the payment or accrual of interest or (B) the payment of nominal or premium;
- (iv) a change in the ranking in priority of payment of the Bond, causing the Subordination of such Bond to any other obligation;

- (v) the exchange or conversion of the Bond into any other form of security or asset (howsoever described);
or
- (vi) any change in the currency or composition of any payment of interest, nominal or premium to any other currency.

Scheduled Redemption Date means the date specified as such in the applicable Final Terms. Such date shall be subject to adjustment in accordance with the applicable Business Day Convention.

Settlement Currency means the currency specified as such in the applicable Final Terms, or if no currency is so specified in the Final Terms, the currency of the Bond Linked Securities.

Settlement Method means:

- (a) Cash Settlement or Physical Settlement, as specified in the Final Terms; or
- (b) if no Settlement Method is specified in the Final Terms, Cash Settlement.

Single Bond BLS means Bond Linked Securities, which are linked to a single Bond.

Sovereign means any state, political subdivision or government, or any agency, instrumentality, ministry, department or other authority (including without limiting the foregoing, the central bank) thereof.

Sovereign Agency means any agency, instrumentality, ministry, department or other authority (including, without limiting the foregoing, the central bank) of a Sovereign.

Subordination means, with respect to a Bond (the **Subordinated Obligation**) and another obligation of the Bond Issuer to which such Bond is being compared (the **Senior Obligation**), a contractual, trust or other similar arrangement providing that (a) upon the liquidation, dissolution, reorganisation or winding up of the Bond Issuer, claims of the holders of the Senior Obligation will be satisfied prior to the claims of the holders of the Subordinated Obligation or (b) the holders of the Subordinated Obligation will not be entitled to receive or retain payments in respect of their claims against the Bond Issuer at any time that the Bond Issuer is in payment arrears or is otherwise in default under the Senior Obligation. "Subordinated" will be construed accordingly. For purposes of determining whether Subordination exists or whether an obligation is Subordinated with respect to another obligation to which it is being compared, the existence of preferred creditors arising by operation of law or of collateral, credit support or other credit enhancement arrangements shall not be taken into account, except that, notwithstanding the foregoing, priorities arising by operation of law shall be taken into account where the Bond Issuer is a Sovereign.

Trade Date means the date specified as such in the applicable Final Terms.

Undeliverable Bond means a Bond, or portion of that Bond, which, on the Physical Settlement Date for such Bond, the Calculation Agent determines for any reason (including without limitation, failure by the Securityholder to deliver an Asset Transfer Notice, failure of the relevant clearance system or due to any law, regulation, court order or market conditions) it is impossible, impracticable or illegal to Deliver on the Physical Settlement Date.

Undeliverable Valuation Date means the date that is five (5) BLS Business Days after the Latest Permissible Physical Settlement Date or, as applicable, the Extended Physical Settlement Date.

Valuation Date means any BLS Business Day falling within the number of BLS Business Days specified in the Final Terms or if no such BLS Business Days are specified, within 122 BLS Business Days following the Bond Event Determination Date.

Valuation Time means the time specified in relation to a Bond or, if no time is so specified, 11.00 a.m. in the principal trading market for the relevant Bond or Undeliverable Bond, as the case may be.

Weighted Average Quotation means, in accordance with the bid quotations provided by the BLS Dealers, the weighted average of firm quotations (expressed as a percentage of the Face Amount of the Bond) obtained from the BLS Dealers at the Valuation Time, to the extent reasonably practicable, each for a Face Amount of the Bond or Undeliverable Bond, as the case may be, of as large a size as available but less than the Quotation Amount that in the aggregate are approximately equal to the Quotation Amount.

Writedown means the occurrence at any time on or after the Trade Date of:

- (a) a writedown or applied loss (however described in the terms of the Bond) resulting in a reduction in the amount payable on any payment date (other than as a result of a scheduled or unscheduled payment of principal);
- (b) the attribution of a principal deficiency or realised loss (however described under the Bond) to the Bond resulting in a reduction or subordination of the current interest payable on the Bond;
- (c) the forgiveness of any amount of principal by the holders of the Bond pursuant to an amendment to the terms of the Bond resulting in a reduction in the amount payable on any payment date; or
- (d) the Calculation Agent otherwise determines that there has been an implied writedown of principal or interest in respect of the Bond.

ANNEX 4 – ALTERNATIVE CURRENCY CONDITIONS

This annex sets out additional terms and conditions for Securities that are Alternative Currency Securities.

The terms and conditions applicable to Alternative Currency Securities shall comprise the General Conditions and the Additional Conditions, in each case subject to completion in the applicable Final Terms. In the event of any inconsistency between the General Conditions and the Additional Conditions, the Additional Conditions shall prevail.

*The following terms and conditions (the **Alternative Currency Conditions**) shall apply to the Securities in respect of which the applicable Final Terms indicate that "Alternative Currency Conditions" are applicable. These Alternative Currency Conditions are subject to completion in accordance with the applicable Final Terms.*

1 DEFINITIONS

Alternative Currency means United States dollars or such other currency as may be specified as such in the applicable Final Terms (or any lawful successor currency to that currency).

Alternative Currency Event means any one of Illiquidity, Non-Transferability and Inconvertibility.

Alternative Settlement Rate means the spot rate between the Scheduled Payment Currency and the Alternative Currency determined by the Calculation Agent, taking into consideration all available information which the Calculation Agent deems relevant (including, but not limited to, if the Scheduled Payment Currency is CNY, the pricing information obtained from the CNY non-deliverable market outside the PRC and/or the CNY exchange market inside the PRC).

Dual Currency (Interest) Feature has the meaning set out in Chapter 11 (*Dual Currency (Interest) Payoff Feature Conditions*) of Annex 7 (*Payoff Feature Conditions*).

Dual Currency (Redemption) Payoff Feature has the meaning set out in Chapter 3 (*Dual Currency (Redemption) Payoff Feature Conditions*) of Annex 7 (*Payoff Feature Conditions*).

Governmental Authority means any *de facto* or *de jure* government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of the Scheduled Payment Currency Jurisdiction.

Hong Kong means the Hong Kong Special Administrative Region of the People's Republic of China.

Inconvertibility means the occurrence of any event that makes it impossible, impracticable or illegal for the relevant Issuer and/or any of its Affiliates to convert any amount into or from the Scheduled Payment Currency as may be required to be paid by the relevant Issuer under the Securities on any payment date or such other amount as may be determined by the Calculation Agent in its sole and absolute discretion at the general Scheduled Payment Currency exchange market in the Scheduled Payment Currency Jurisdiction, other than where such impossibility, impracticability or illegality is due solely to the failure of that party to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date of the relevant Series of Securities and it is impossible for the relevant Issuer and/or any of its Affiliates, due to an event beyond the control of the relevant Issuer or the relevant Affiliate, to comply with such law, rule or regulation).

Interest Currency has the meaning set out in the Dual Currency (Interest) Feature.

Illiquidity means the general Scheduled Payment Currency exchange market in the Scheduled Payment Currency Jurisdiction becomes illiquid as a result of which the relevant Issuer and/or any of its Affiliates cannot obtain sufficient Scheduled Payment Currency in order to make a payment or perform any other of its obligations under the Securities, as determined by the Calculation Agent in good faith and in a commercially reasonable manner.

Non-Transferability means the occurrence of any event that makes it impossible, impracticable or illegal for the relevant Issuer and/or any of its Affiliates to deliver the Scheduled Payment Currency between accounts inside the Scheduled Payment Currency Jurisdiction or from an account inside the Scheduled Payment Currency Jurisdiction to an account outside the Scheduled Payment Currency Jurisdiction, other than where such impossibility, impracticability or illegality is due solely to the failure of the relevant Issuer and/or the relevant Affiliate to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the relevant Issuer and/or any of its Affiliates, due to an event beyond the control of the relevant Issuer and/or the relevant Affiliate, to comply with such law, rule or regulation).

PRC means the People's Republic of China.

Redemption Currency has the meaning set out in the Dual Currency (Redemption) Payoff Feature.

Scheduled Payment Currency means the currency specified as such in the applicable Final Terms.

Scheduled Payment Currency Jurisdiction means (a) if CNY is specified in the applicable Final Terms as the Scheduled Payment Currency, Hong Kong or (b) any other jurisdiction specified as such in the applicable Final Terms with respect to any Scheduled Payment Currency.

2 ALTERNATIVE CURRENCY EVENT

If an Alternative Currency Event, as determined by the Calculation Agent in its sole and absolute discretion, exists on a date for payment of any amount in respect of any Security, Receipt or Coupon, the relevant Issuer may determine one or more of the following, and require the Calculation Agent to take such action or make such determination accordingly, in its sole and absolute discretion:

- (a) the relevant payment by the relevant Issuer be postponed to the date falling 10 Business Days after the date on which the Alternative Currency Event ceases to exist or, if that would not be possible (as determined by the relevant Issuer acting in good faith) as soon as reasonably practicable thereafter (provided that, in each case, the relevant payment made on such postponed date will be made without any interest or any other additional sum payable in respect of the postponement of the payment of such amount);
- (b) that the relevant Issuer's obligation to make a payment in Scheduled Payment Currency under the terms of the Securities be replaced by an obligation to pay such amount in the Alternative Currency (converted at the Alternative Settlement Rate determined by the Calculation Agent as of a time selected in good faith by the Calculation Agent); and
- (c) by giving notice to the Securityholders in accordance with the Conditions, the relevant Issuer, in its sole and absolute discretion, may redeem all, but not some only, of the Securities early on a date to be specified by the Issuer, each Security being redeemed at its Fair Market Value Redemption Amount.

Upon the occurrence of an Alternative Currency Event, the relevant Issuer shall give notice, as soon as practicable, to the Securityholders in accordance with General Condition 14 (*Notices*) stating the occurrence of the Alternative Currency Event, giving brief details thereof and the action proposed to be taken in relation thereto.

Any payment made by the relevant Issuer in the Alternative Currency in accordance with these Alternative Currency Conditions will constitute valid payment and will not constitute a default in respect of the Securities.

ANNEX 5 – STANDARD PAYOFF CONDITIONS

The chapters of this annex each set out additional terms and conditions that may apply to the interest and/or redemption in respect of the Securities.

The terms and conditions applicable to the Linked Interest Rate on Linked Interest Securities and/or the Redemption Payoff on Linked Redemption Securities shall comprise the General Conditions and the Additional Conditions, in each case subject to completion in the applicable Final Terms. In the event of any inconsistency between the General Conditions and the Additional Conditions, the Additional Conditions shall prevail.

If the applicable Final Terms specify that a Standard Interest Payoff is applicable for the purposes of a Combination Interest Payoff specified in the applicable Final Terms as applicable, such Standard Interest Payoff shall only apply for the purposes of determining the relevant Linked Interest Rate in accordance with such Combination Interest Payoff.

If the applicable Final Terms specify that a Standard Redemption Payoff is applicable for the purposes of a Combination Redemption Payoff specified in the applicable Final Terms as applicable, such Standard Redemption Payoff shall only apply for the purposes of determining the relevant Redemption Payoff in accordance with such Combination Redemption Payoff.

If the applicable Final Terms specify that a Standard Interest Payoff is applicable for the purposes of a Payoff Feature specified in the applicable Final Terms as applicable, such Standard Interest Payoff shall only apply for the purposes of determining the relevant Linked Interest Rate in accordance with such Payoff Feature.

If the applicable Final Terms specify that a Standard Redemption Payoff is applicable for the purposes of a Payoff Feature specified in the applicable Final Terms as applicable, such Standard Redemption Payoff shall only apply for the purposes of determining the relevant Redemption Payoff in accordance with such Payoff Feature.

If the applicable Final Terms specify that a Standard Redemption Payoff is applicable for the purposes of a Redemption Determination Date in respect of the Final Redemption Amount, an Instalment Redemption Amount or an Early Redemption Amount, as the case may be, such Standard Redemption Payoff shall only apply for the purposes of determining the Final Redemption Amount, Instalment Redemption Amount or Early Redemption Amount in accordance with the applicable Redemption Method.

*The following chapters comprise the terms and conditions (the **Standard Payoff Conditions**) that shall apply to the Securities if the applicable Final Terms indicate that one or more chapters of the Standard Payoff Conditions is applicable. Only those chapters containing a payoff specified in the applicable Final Terms to be applicable will apply to a particular Series of Securities. The Standard Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

The Standard Payoff Conditions are set out as follows:

Part A

Standard Interest Payoff Conditions

The interest payable (if any) on the Securities may (i) be calculated using the Linked Interest Rate determined in accordance with one of the chapters which follows (as may be specified in the applicable Final Terms), (ii) use one or more Linked Interest Rates, determined in accordance with one of the chapters which follows, as a component of a formula if a Combination Interest Payoff is applicable (as may be specified in the applicable Final Terms and as described in greater detail in Annex 6 (Combination Payoff Conditions)), or (iii) be affected by a Payoff Feature which is dependent on the Linked Interest Rate determined in accordance with one of the

chapters which follows (as may be specified in the applicable Final Terms and as described in greater detail in Annex 7 (Payoff Feature Conditions)).

Standard Rainbow Performance Interest	Chapter 32

Part B**Standard Redemption Payoff Conditions**

The amount payable on redemption (if any) of the Security may (i) be calculated using the Redemption Payoff determined in accordance with one of the chapters which follows (as may be specified in the applicable Final Terms), (ii) use one or more Redemption Payoff, determined in accordance with one of the chapters which follows, as a component of a formula if a Combination Redemption Payoff is applicable (as may be specified in the applicable Final Terms and as described in greater detail in Annex 6 (Combination Payoff Conditions)), or (iii) be affected by a Payoff Feature which is dependent on the Redemption Payoff determined in accordance with one of the chapters which follows (as may be specified in the applicable Final Terms and as described in greater detail in Annex 7 (Payoff Feature Conditions)).

Standard Payoff Conditions: Part A: Chapter 1: Standard Fixed Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Fixed Interest to be applicable.

*The following terms and conditions (the **Standard Fixed Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Fixed Interest (the **Standard Fixed Interest**) is applicable. These Standard Fixed Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Fixed Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

1 STANDARD FIXED INTEREST

The Linked Interest Rate is calculated in accordance with the General Conditions and is not affected by the value of any Underlying.

1.1 Definitions and interpretation

For the purposes of these Standard Fixed Interest Payoff Conditions, the following terms shall have the following meanings:

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

1.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Fixed Interest is applicable in respect of such Interest Accrual Period shall be calculated in accordance with General Condition 4.1 (*Interest on Fixed Rate Securities*).
- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Fixed Interest is applicable as a relevant Standard Interest Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard Fixed Interest Payoff Condition 1.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x, as applicable.

Standard Payoff Conditions: Part A: Chapter 2: Standard Floating Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Floating Interest to be applicable.

*The following terms and conditions (the **Standard Floating Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Floating Interest (the **Standard Floating Interest**) is applicable. These Standard Floating Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Floating Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

2 STANDARD FLOATING INTEREST

The Linked Interest Rate is calculated as equal to the Rate of Interest determined in accordance with the General Conditions.

2.1 Definitions and interpretation

For the purposes of these Standard Floating Interest Payoff Conditions, the following terms shall have the following meanings:

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

2.2 Linked Interest Rates

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Floating Interest is applicable in respect of such Interest Accrual Period shall be calculated as equal to the Rate of Interest determined in accordance with General Condition 4.2 (*Interest on Floating Rate Securities*).
- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Floating Interest is applicable as a relevant Standard Interest Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard Floating Interest Payoff Condition 2.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x.

Standard Payoff Conditions: Part A: Chapter 3: Standard Floater Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Floater Interest to be applicable.

*The following terms and conditions (the **Standard Floater Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Floater Interest (the **Standard Floater Interest**) is applicable. These Standard Floater Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Floater Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

3 STANDARD FLOATER INTEREST

The Linked Interest Rate is calculated as the product of $Leverage_1$ by the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Margin added to the result of $Leverage_2$ multiplied by Underlying Value_{xy}. Subject as provided below, the Underlying Value_{xy} reflects the price, level or rate of the Underlying or (if a combination of an Underlying_x and an Underlying_y is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Underlying_x and the price, level or rate of the Underlying_y (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying (or, as applicable, the relevant Underlying_x and Underlying_y) will be used as a component in this calculation and may therefore affect the Linked Interest Rate, subject to $Leverage_1$, $Leverage_2$, the Margin, the Cap and the Floor.

Where, in relation to these Standard Floater Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value, the Underlying Value may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

3.1 Definitions and interpretation

For the purposes of these Standard Floater Interest Payoff Conditions, the following terms shall have the following meanings:

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Date means, in respect of an Interest Accrual Period, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days immediately preceding the first or last day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Leverage₁ means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Leverage₂ means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to an Interest Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_{xy} means:

- (a) the Underlying Value of the Underlying; or
- (b) if a combination of an Underlying_x and an Underlying_y is specified in the applicable Final Terms:

- the sum of the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
- the algebraical difference between the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
- the product of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
- the quotient of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y.

3.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Floater Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Leverage}_1 \times \text{Min} (\text{Cap}, \text{Max} (\text{Floor}, \text{Leverage}_2 \times \text{Underlying Value}_{xy} + \text{Margin}))$$

and expressed as a percentage.

- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Floater Interest is applicable as a relevant Standard Interest Payoff_x, for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard Floater Interest Payoff Condition 3.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x.

3.3 Relevant Observation

Where, in relation to these Standard Floater Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value, references in these Standard Floater Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Floater Interest Payoff Condition 3.1 above) shall, for the purposes of determining the Underlying Value of the Underlying, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Floater Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;

- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part A: Chapter 4: Standard Inverse Floater Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Inverse Floater Interest to be applicable.

*The following terms and conditions (the **Standard Inverse Floater Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Inverse Floater Interest (the **Standard Inverse Floater Interest**) is applicable. These Standard Inverse Floater Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Inverse Floater Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

4 STANDARD INVERSE FLOATER INTEREST

The Linked Interest Rate is calculated as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) the result of Leverage multiplied by Underlying Value_{xy} subtracted from Fixed Rate. Subject as provided below, the Underlying Value_{xy} reflects the price, level or rate of the Underlying or (if a combination of an Underlying_x and an Underlying_y is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Underlying_x and the price, level or rate of the Underlying_y (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying (or, as applicable, the relevant Underlying_x and Underlying_y) will be used as a component in this calculation and may therefore affect the Linked Interest Rate, subject to the Leverage, the Fixed Rate, the Cap and the Floor.

Where, in relation to these Standard Inverse Floater Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value, the Underlying Value may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

4.1 Definitions and interpretation

For the purposes of these Standard Inverse Floater Interest Payoff Conditions, the following terms shall have the following meanings:

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Fixed Rate means the rate specified as such in the applicable Final Terms.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Date means, in respect of an Interest Accrual Period, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days immediately preceding the first or last day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Max}(X,Y)$ means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Min}(X,Y)$ means whichever is the lesser of component X and component Y.

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to an Interest Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_{xy} means:

- (a) the Underlying Value of the Underlying; or
- (b) if a combination of an Underlying_x and an Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or

- the algebraical difference between the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
- the product of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
- the quotient of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y.

4.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Inverse Floater Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Min} \left(\text{Cap}, \text{Max}(\text{Floor}, \text{Fixed Rate} - \text{Leverage} \times \text{Underlying Value}_{xy}) \right)$$

and expressed as a percentage.

- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Inverse Floater Interest is applicable as a relevant Standard Interest Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard Inverse Floater Interest Payoff Condition 4.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x.

4.3 Relevant Observation

Where, in relation to these Standard Inverse Floater Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value, references in these Standard Inverse Floater Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Inverse Floater Interest Payoff Condition 4.1 above) shall, for the purposes of determining the Underlying Value of the Underlying, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Inverse Floater Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or

- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part A: Chapter 5: Standard Alternative Basket Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Alternative Basket Interest to be applicable.

*The following terms and conditions (the **Standard Alternative Basket Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Alternative Basket Interest (the **Standard Alternative Basket Interest**) is applicable. These Standard Alternative Basket Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Alternative Basket Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

5 STANDARD ALTERNATIVE BASKET INTEREST

The Linked Interest Rate is calculated as the lesser of (a) Margin_3 added to the sum of the individual products of Leverage_k and the Underlying Value of each Underlying $_k$ and (b) the greater of (i) Margin_2 added to the sum of the individual products of Leverage_j and the Underlying Value of each Underlying $_j$ and (ii) Margin_1 added to the sum of the individual products of Leverage_i and the Underlying Value for each Underlying $_i$. Subject as provided below, the Underlying Value reflects the price, level or rate of the relevant Underlying (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The sum of the value of various Underlyings each multiplied by the relevant leverage will be used as a component in this calculation to define a cap and a floor and each will therefore have the potential to affect the Linked Interest Rate although it will be the sum of only one of the Baskets of Underlyings each multiplied by the relevant leverage which, together with the relevant margin, will determine the Linked Interest Rate.

Where, in relation to these Standard Alternative Basket Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of Underlying Value $_i$, Underlying Value $_j$ and/or Underlying Value $_k$, the Underlying Value may be determined for such purposes by reference to the average, minimum or maximum value of the relevant Underlying, or the change in value of the relevant Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the relevant Underlying at a specific point in time.

5.1 Definitions and interpretation

For the purposes of these Standard Alternative Basket Interest Payoff Conditions, the following terms shall have the following meanings:

i, j, k means a number which corresponds to an item specified as such in the applicable Final Terms.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Date means, in respect of an Interest Accrual Period and an Underlying, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days immediately preceding the first or last day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Leverage $_i$, Leverage $_j$ or Leverage $_k$ means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying $_i$, Underlying $_j$ or Underlying $_k$, as the case may be. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Margin₁, Margin₂ or Margin₃ means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms, each an Underlying.

Underlying_i, Underlying_j and Underlying_k means an Underlying corresponding to an i, j and k number, respectively, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions), all Underlying_j together constitute a Basket or a Multi-Asset Basket, as applicable, all Underlying_k together constitute a Basket or a Multi-Asset Basket, as applicable and all Underlying_i, Underlying_j and Underlying_k together will constitute a Basket or a Multi-Asset Basket, as applicable.

Underlying Value means, with respect to an Interest Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means the Underlying Value of an Underlying_i.

Underlying Value_j means the Underlying Value of an Underlying_j.

Underlying Value_k means the Underlying Value of an Underlying_k.

Σ means the sum of the values, which follow in brackets.

Σ (**Leverage_i x Underlying Value_i**) means the sum of the individual products of the Leverage_i and the Underlying Value_i for each i.

$\Sigma (\text{Leverage}_j \times \text{Underlying Value}_j)$ means the sum of the individual products of the Leverage_j and the $\text{Underlying Value}_j$ for each j .

$\Sigma (\text{Leverage}_k \times \text{Underlying Value}_k)$ means the sum of the individual products of the Leverage_k and the $\text{Underlying Value}_k$ for each k .

5.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Alternative Basket Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Min} \left(\text{Margin}_3 + \Sigma (\text{Leverage}_k \times \text{Underlying Value}_k), \text{Max} \left(\text{Margin}_2 + \Sigma (\text{Leverage}_j \times \text{Underlying Value}_j), \text{Margin}_1 + \Sigma (\text{Leverage}_i \times \text{Underlying Value}_i) \right) \right)$$

and expressed as a percentage.

- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Alternative Basket Interest is applicable as a relevant Standard Interest Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard Alternative Basket Interest Payoff Condition 5.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x.

5.3 Relevant Observation

Where, in relation to these Standard Alternative Basket Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of $\text{Underlying Value}_i$, $\text{Underlying Value}_j$ and/or $\text{Underlying Value}_k$, references in these Standard Alternative Basket Interest Payoff Conditions to '**Underlying Value**' (save for the definition of such terms in Standard Alternative Basket Interest Payoff Condition 5.1 above) shall, for the purposes of determining $\text{Underlying Value}_i$, $\text{Underlying Value}_j$ and/or $\text{Underlying Value}_k$, as the case may be, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Alternative Basket Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or

- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part A: Chapter 6: Standard Strangle Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Strangle Interest to be applicable.

*The following terms and conditions (the **Standard Strangle Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Strangle Interest (the **Standard Strangle Interest**) is applicable. These Standard Strangle Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Strangle Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

6 STANDARD STRANGLE INTEREST

The Linked Interest Rate is calculated as the lesser of (a) Cap and (b) the Absolute Value of the result of Margin added to the sum of the individual products of Underlying Value_i and Leverage_i. Subject as provided below, the Underlying Value_i reflects the price, level or rate of the relevant Underlying_i or (if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the relevant Underlying_{ix} and the price, level or rate of the relevant Underlying_{iy} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The sum of the Underlying Values_i each multiplied by the relevant leverage will be used as a component in this calculation and each may therefore affect the Linked Interest Rate, subject to the Margin, the effect of taking an Absolute Value of part of the formula and the Cap.

Where, in relation to these Standard Strangle Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying_i, the Underlying Value may be determined for such purposes by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

6.1 Definitions and interpretation

For the purposes of these Standard Strangle Interest Payoff Conditions, the following terms shall have the following meanings:

Absolute Value means, in respect of a number, its non-negative value without regard to its sign. For example, the Absolute Value of -10 is 10.

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Date means, in respect of an Interest Accrual Period and an Underlying, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days immediately preceding the first or last day of such Interest Accrual Period as specified in the applicable Final Terms and corresponding to the relevant Underlying_i (or, as applicable, Underlying_{ix} and Underlying_{iy}), and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Leverage_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i (or, as applicable, relevant Underlying_{ix} and Underlying_{iy}). For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms, each an Underlying.

Underlying_i means an Underlying corresponding to an i, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to an Interest Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (a) the Underlying Value of an Underlying_i; or

- (b) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:
- the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

Σ means the sum of the values, which follow in brackets.

Σ (**Leverage_i x Underlying Value_i**) means the sum of the individual products of the Underlying Value_i and the Leverage_i for each i.

6.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Strangle Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Min} \left(\text{Cap, Absolute Value} \left(\text{Margin} + \sum (\text{Leverage}_i \times \text{Underlying Value}_i) \right) \right)$$

and expressed as a percentage.

- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Strangle Interest is applicable as a relevant Standard Interest Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard Strangle Interest Payoff Condition 6.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x.

6.3 Relevant Observation

Where, in relation to these Standard Strangle Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying Value_i, references in these Standard Strangle Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Strangle Interest Payoff Condition 6.1 above) shall, for the purposes of determining such Underlying Value_i, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Strangle Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part A: Chapter 7: Standard Option Basket Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Option Basket Interest to be applicable.

*The following terms and conditions (the **Standard Option Basket Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Option Basket Interest (the **Standard Option Basket Interest**) is applicable. These Standard Option Basket Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Option Basket Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

7 STANDARD OPTION BASKET INTEREST

The Linked Interest Rate is calculated as the lesser of (a) Cap and (b) the greater of (i) Floor, and (ii) Margin added to Global Leverage multiplied by the sum of the individual products of Underlying Value_i and Leverage_i for each i. Subject as provided below, the Underlying Value_i reflects the price, level or rate of the relevant Underlying_i or (if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the relevant Underlying_{ix} and the price, level or rate of the relevant Underlying_{iy} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The sum of the value of various Underlyings each multiplied by the relevant leverage will be used as a component in this calculation and each may therefore affect the Linked Interest Rate, subject to the Margin, the Global Leverage, the Cap and the Floor.

Where, in relation to these Standard Option Basket Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying Value_i, the Underlying Value may be determined for such purposes by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

7.1 Definitions and interpretation

For the purposes of these Standard Option Basket Interest Payoff Conditions, the following terms shall have the following meanings:

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Global Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Date means, in respect of an Interest Accrual Period and an Underlying, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days immediately preceding the first or last day of such Interest Accrual Period as specified in

the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Leverage_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i (or, as applicable, to the relevant Underlying_{ix} and Underlying_{iy}). For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms, each an Underlying.

Underlying_i means an Underlying corresponding to an i, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to an Interest Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (a) the Underlying Value of an Underlying_i; or
- (b) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

Σ means the sum of the values, which follow in brackets.

$\Sigma(\text{Leverage}_i \times \text{Underlying Value}_i)$ means the sum of the individual products of the Underlying Value_i and the Leverage_i for each i.

7.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Option Basket Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Min} \left(\text{Cap}, \text{Max} \left(\text{Floor}, \text{Margin} + \left(\text{Global Leverage} \times \sum \left(\text{Leverage}_i \times \text{Underlying Value}_i \right) \right) \right) \right)$$

and expressed as a percentage.

- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Option Basket Interest is applicable as a relevant Standard Interest Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard Option Basket Interest Payoff Condition 7.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x.

7.3 Relevant Observation

Where, in relation to these Standard Option Basket Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying Value_i, references in these Standard Option Basket Interest Payoff Conditions to 'Underlying Value', for the purposes of

determining such Underlying Value_i, (save for the definition of such term in Standard Option Basket Interest Payoff Condition 7.1 above) shall, for the purposes of determining such Underlying Value_i be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Option Basket Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part A: Chapter 8: Standard Maximum-Minimum Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Maximum-Minimum Interest to be applicable.

*The following terms and conditions (the **Standard Maximum-Minimum Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Maximum-Minimum Interest (the **Standard Maximum-Minimum Interest**) is applicable. These Standard Maximum-Minimum Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Maximum-Minimum Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

8 STANDARD MAXIMUM-MINIMUM INTEREST

The Linked Interest Rate is calculated as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Leverage multiplied by the result of the Minimum Underlying Value subtracted from the Maximum Underlying Value. Subject as provided below, the Minimum Underlying Value reflects the lowest Underlying Value observed on any Performance Observation Date during the relevant Interest Observation Period and the Maximum Underlying Value reflects the highest Underlying Value observed on any Performance Observation Date during the relevant Interest Observation Period. Subject as provided below, the Underlying Value_{xy} reflects the price, level or rate of the Underlying or (if a combination of an Underlying_x and an Underlying_y is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Underlying_x and the price, level or rate of the Underlying_y (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The lowest and the highest value of the Underlying (or, as applicable, the relevant Underlying_x and Underlying_y) observed on any of the relevant days may therefore each be used as a component in this calculation and may therefore affect the Linked Interest Rate, subject to the Leverage, the Cap and the Floor.

Where, in relation to these Standard Maximum-Minimum Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Maximum Underlying Value and/or the Minimum Underlying Value, the Underlying Value may be determined for such purposes by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

8.1 Definitions and interpretation

For the purposes of these Standard Maximum-Minimum Interest Payoff Conditions, the following terms shall have the following meanings:

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Period means, in respect of an Interest Accrual Period, the period from and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first day of the relevant Interest Accrual Period to and including the date

falling such number of Business Days specified in the applicable Final Terms immediately preceding the last day of that Interest Accrual Period.

Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Max}(X,Y)$ means whichever is the greater of component X and component Y.

Maximum Underlying Value means, with respect to an Interest Accrual Period, the highest Underlying Value_{xy} observed on any Performance Observation Date falling during the relevant Interest Observation Period, or where the Maximum Underlying Value is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Underlying Value_{xy} determined in accordance with Standard Maximum-Minimum Interest Payoff Condition 8.3 below.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Min}(X,Y)$ means whichever is the lesser of component X and component Y.

Minimum Underlying Value means, with respect to an Interest Accrual Period, the lowest Underlying Value_{xy} observed on any Performance Observation Date falling during the relevant Interest Observation Period, or where the Minimum Underlying Value is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Underlying Value_{xy} determined in accordance with Standard Maximum-Minimum Interest Payoff Condition 8.3 below.

Performance Observation Date means, with respect to an Interest Observation Period, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days immediately preceding the first or last day of such Interest Observation Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Performance Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;

- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_{xy} means:

- (a) the Underlying Value of the Underlying; or
- (b) if a combination of an Underlying_x and an Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the algebraical difference between the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Subtraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the product of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the quotient of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y.

8.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Maximum-Minimum Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Min} \left(\text{Cap}, \text{Max} \left(\text{Floor}, \text{Leverage} \times (\text{Maximum Underlying Value} - \text{Minimum Underlying Value}) \right) \right)$$

and expressed as a percentage.

- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Maximum-Minimum Interest is applicable as a relevant Standard Interest Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard Maximum-Minimum Interest Payoff Condition 8.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x.

8.3 Relevant Observation

Where, in relation to these Standard Maximum-Minimum Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Maximum Underlying Value and/or the Minimum Underlying Value, references in these Standard Maximum-Minimum Interest

Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Maximum-Minimum Interest Payoff Condition 8.1 above) shall, for the purposes of determining the Maximum Underlying Value and/or the Minimum Underlying Value, as the case may be, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Maximum-Minimum Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part A: Chapter 9: Standard Participation Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Participation Interest to be applicable.

*The following terms and conditions (the **Standard Participation Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Participation Interest (the **Standard Participation Interest**) is applicable. These Standard Participation Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Participation Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

9 STANDARD PARTICIPATION INTEREST

The Linked Interest Rate is calculated as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Leverage multiplied by the sum of Margin and the result of the Underlying_{Observation1} corresponding to the relevant Interest Accrual Period divided by the Underlying_{Observation2} corresponding to the relevant Interest Accrual Period. Subject as provided below, the Underlying_{Observation2} reflects a specified value or the Underlying Value on the relevant Underlying Observation Date₂ and the Underlying_{Observation1} reflects the Underlying Value on the Underlying Observation Date₁. Subject as provided below, the Underlying Value_{xy} reflects the price, level or rate of the Underlying or (if a combination of an Underlying_x and an Underlying_y is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Underlying_x and the price, level or rate of the Underlying_y (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying (or, as applicable, the relevant Underlying_x and Underlying_y) observed on each of the relevant days corresponding to the relevant Interest Accrual Period may therefore each be used as a component in this calculation and may therefore affect the Linked Interest Rate, subject to the Leverage, the Margin, the Cap and the Floor.

Where, in relation to these Standard Participation Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying_{Observation1} and/or the Underlying_{Observation2}, the Underlying Value may be determined for such purposes by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

9.1 Definitions and interpretation

For the purposes of these Standard Participation Interest Payoff Conditions, the following terms shall have the following meanings:

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Date means an Underlying Observation Date₁ or a Underlying Observation Date₂.

Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Observation Date₁ means, with respect to an Interest Accrual Period, each date specified as such in the applicable Final Terms or, alternatively, the date falling such number of Business Days immediately preceding the last day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Observation Date₂ means, with respect to an Interest Accrual Period, each date specified as such in the applicable Final Terms or, alternatively, the date falling such number of Business Days immediately preceding the first day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying_{Observation1} means, with respect to an Interest Accrual Period, (i) the level, percentage, number, price or amount specified in the applicable Final Terms or (ii) the Underlying Value_{xy} on the Underlying Observation Date₁, or where Underlying_{Observation1} is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Underlying Value_{xy} determined in accordance with Standard Participation Interest Payoff Condition 9.3 below.

Underlying_{Observation2} means, with respect to an Interest Accrual Period, (i) the level, percentage, number, price or amount specified in the applicable Final Terms or (ii) the Underlying Value_{xy} on the Underlying Observation Date₂, or where Underlying_{Observation2} is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Underlying Value_{xy} determined in accordance with Standard Participation Interest Payoff Condition 9.3 below.

Underlying Value means, with respect to an Interest Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;

- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_{xy} means:

- (a) the Underlying Value of the Underlying; or
- (b) if a combination of an Underlying_x and an Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the algebraical difference between the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the product of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the quotient of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y.

9.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Participation Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Min} \left(\text{Cap}, \text{Max} \left(\text{Floor}, \text{Leverage} \times \left(\frac{\text{Underlying}_{\text{Observation1}}}{\text{Underlying}_{\text{Observation2}}} + \text{Margin} \right) \right) \right)$$

and expressed as a percentage.

- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Participation Interest is applicable as a relevant Standard Interest Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard Participation Interest Payoff Condition 9.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x.

9.3 Relevant Observation

Where, in relation to these Standard Participation Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying_{Observation1} and/or the Underlying_{Observation2}, references in these Standard Participation Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Participation Interest Payoff Condition 9.1 above) shall, for the purposes of determining the Underlying_{Observation1} and/or the Underlying_{Observation2}, as the case may be, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Participation Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part A: Chapter 10: Standard Lookback Performance Basket Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Lookback Performance Basket Interest to be applicable.

*The following terms and conditions (the **Standard Lookback Performance Basket Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Lookback Performance Basket Interest (the **Standard Lookback Performance Basket Interest**) is applicable. These Standard Lookback Performance Basket Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Lookback Performance Basket Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

10 STANDARD LOOKBACK PERFORMANCE BASKET INTEREST

The Linked Interest Rate is calculated as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Global Leverage multiplied by the sum of Basket Value and Margin. Subject as provided below, the Value Basket Value reflects the sum of the individual products of Leverage_i and Underlying Value_i observed in respect of any Performance Observation Date within the Interest Observation Period. Subject as provided below, the Underlying Value_i reflects the price, level or rate of the relevant Underlying_i or (if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the relevant Underlying_{ix} and the price, level or rate of the relevant Underlying_{iy} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The sum of the Underlying Values_i observed on any of the relevant days each multiplied by the relevant leverage may therefore be used as a component in this calculation and each may therefore affect the Linked Interest Rate, subject to the Global Leverage, the Margin, the Cap and the Floor.

Where, in relation to these Standard Lookback Performance Basket Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying(s) comprising the Basket, the Underlying Value in respect of such Underlying(s) may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

10.1 Definitions and interpretation

For the purposes of these Standard Lookback Performance Basket Interest Payoff Conditions, the following terms shall have the following meanings:

Basket Value means, with respect to a Performance Observation Date or Relevant Timing, as the case may be, $\sum (\text{Leverage}_i \times \text{Underlying Value}_i)$ on such date where, in respect of a Performance Observation Date, Underlying Value_i is determined in respect of the corresponding Underlying Observation Dates.

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Global Leverage means the percentage on number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Period means, in respect of an Interest Accrual Period, the period from and including each date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first day of the relevant Interest Accrual Period to and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the last day of that Interest Accrual Period.

Leverage_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, may be one (1).

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Performance Observation Date means, with respect to an Interest Observation Period, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days immediately preceding the first or last day of such Interest Observation Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms, each an Underlying.

Underlying_i means an Underlying corresponding to an *i*, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an *i*, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an *i*, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Observation Date means with respect to an Underlying and a Performance Observation Date, each date specified as such in the applicable Final Terms and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Value means, with respect to an Underlying Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (a) the Underlying Value of an Underlying_i; or
- (b) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

$\sum (\text{Leverage}_i \times \text{Underlying Value}_i)$ means the sum of the individual products of the Leverage_i and Underlying Value_i for each i.

10.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Lookback Performance Basket Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Min} (\text{Cap}, \text{Max} (\text{Floor}, \text{Global Leverage} \times (\text{Basket Value} + \text{Margin})))$$

and expressed as a percentage.

- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Lookback Performance Basket Interest is applicable as a relevant Standard Interest Payoff_x, for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard Lookback Performance Basket Interest Payoff Condition 10.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x.

10.3 Relevant Observation

Where, in relation to these Standard Lookback Performance Basket Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying(s) in the Basket, references in these Standard Lookback Performance Basket Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Lookback Performance Basket Interest Payoff Condition 10.1 above) shall, for the purposes of determining the Underlying Value of any such Underlying, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Lookback Performance Basket Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part A: Chapter 11: Standard Maximum-Minimum Basket Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Maximum-Minimum Basket Interest to be applicable.

*The following terms and conditions (the **Standard Maximum-Minimum Basket Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Maximum-Minimum Basket Interest (the **Standard Maximum-Minimum Basket Interest**) is applicable. These Standard Maximum-Minimum Basket Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Maximum-Minimum Basket Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

11 STANDARD MAXIMUM-MINIMUM BASKET INTEREST

The Linked Interest Rate is calculated as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Global Leverage multiplied by the result of subtracting the Minimum Basket Value from the Maximum Basket Value. Subject as provided below, the Minimum Basket Value is the lowest sum of the individual products of Leverage_i and Underlying Value_i observed in respect of any Performance Observation Date within an Interest Observation Period and the Maximum Basket Value is the highest sum of the individual products of Leverage_i and Underlying Value_i observed in respect of any Performance Observation Date within an Interest Observation Period. Subject as provided below, the Underlying Value_i reflects the price, level or rate of the relevant Underlying_i or (if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the relevant Underlying_{ix} and the price, level or rate of the relevant Underlying_{iy} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The sum of the Underlying Values_i observed on any of the relevant days each multiplied by the relevant leverage may therefore be used as a component in this calculation and each may therefore affect the Linked Interest Rate, subject to the Global Leverage, the Cap and the Floor.

Where, in relation to these Standard Maximum-Minimum Basket Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying(s) comprising the Basket, and with respect to the Maximum Basket Value and/or the Minimum Basket Value, the Underlying Value in respect of such Underlying may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

11.1 Definitions and interpretation

For the purposes of these Standard Maximum-Minimum Basket Interest Payoff Conditions, the following terms shall have the following meanings:

Basket Value means, with respect to a Performance Observation Date or Relevant Timing, as the case may be, $\sum (\text{Leverage}_i \times \text{Underlying Value}_i)$ on such date where, in respect of a Performance Observation Date, Underlying Value_i is determined in respect of the corresponding Underlying Observation Dates.

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Global Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Period means, in respect of an Interest Accrual Period, the period from and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first day of the relevant Interest Accrual Period to and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the last day of that Interest Accrual Period.

Leverage_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i (or, as applicable, to the relevant Underlying_{ix} and Underlying_{iy}). For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Maximum Basket Value means, with respect to an Interest Accrual Period, the highest Basket Value observed on any Performance Observation Date falling during an Interest Observation Period.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Minimum Basket Value means, with respect to an Interest Accrual Period, the lowest Basket Value observed on any Performance Observation Date falling during an Interest Observation Period.

Performance Observation Date means, with respect to an Interest Observation Period, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days immediately preceding the first or last day of such Interest Observation Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms, each an Underlying.

Underlying_i means an Underlying corresponding to an i, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Observation Date means with respect to an Underlying and a Performance Observation Date, each date specified as such in the applicable Final Terms and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Value means, with respect to an Underlying Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (a) the Underlying Value of an Underlying_i; or
- (b) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

\sum (**Leverage_i x Underlying Value_i**) means the sum of the individual products of the Leverage_i and the Underlying Value_i for each i.

11.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Maximum-Minimum Basket Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Min} \left(\text{Cap}, \text{Max} \left(\text{Floor}, \text{Global Leverage} \times (\text{Maximum Basket Value} - \text{Minimum Basket Value}) \right) \right)$$

and expressed as a percentage.

- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Maximum-Minimum Basket Interest is applicable as a relevant Standard Interest Payoff_x, as applicable, for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard Maximum-Minimum Basket Interest Payoff Condition 11.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x.

11.3 Relevant Observation

Where, in relation to these Standard Maximum-Minimum Basket Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying(s) in the Basket and in respect of the Maximum Basket Value and/or the Minimum Basket Value, references in these Standard Maximum-Minimum Basket Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Maximum-Minimum Basket Interest Payoff Condition 11.1 above) shall, for the purposes of determining the Underlying Value of such Underlying and in respect of the Maximum Basket Value and/or the Minimum Basket Value, as the case may be, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Maximum-Minimum Basket Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part A: Chapter 12: Standard Volbond Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Volbond Interest to be applicable.

*The following terms and conditions (the **Standard Volbond Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Volbond Interest (the **Standard Volbond Interest**) is applicable. These Standard Volbond Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Volbond Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

12 STANDARD VOLBOND INTEREST

The Linked Interest Rate is calculated as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Global Leverage multiplied by the Absolute Value of Basket Value₂ subtracted from Basket Value₁. The Basket Value₁ is the Basket Value observed in respect of the Underlying Observation Date₁. The Basket Value₂ is the Basket Value observed in respect of the Underlying Observation Date₂. Subject as set out below, Basket Value is the sum of the individual products of Leverage_i and Underlying Value_i observed on the relevant date. Subject as provided below, the Underlying Value_i reflects the price, level or rate of the relevant Underlying_i or (if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the relevant Underlying_{ix} and the price, level or rate of the relevant Underlying_{iy} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The sum of the Underlying Values_i each observed on each of the relevant days corresponding to the relevant Interest Accrual Period each multiplied by the relevant leverage may therefore be used as a component in this calculation and each may therefore affect the Linked Interest Rate, subject to the Global Leverage, the effect of taking an Absolute Value of part of the formula, the Cap and the Floor.

Where, in relation to these Standard Volbond Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying(s) comprising the Basket and with respect to the Basket Value₁ and/or the Basket Value₂, the Underlying Value in respect of such Underlying may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

12.1 Definitions and interpretation

For the purposes of these Standard Volbond Interest Payoff Conditions, the following terms shall have the following meanings:

Absolute Value means, in respect of a number, its non-negative value without regard to its sign. For example, the Absolute Value of -10 is 10.

Basket Value means, with respect to an Interest Observation Date or Relevant Timing, as the case may be, $\sum (\text{Leverage}_i \times \text{Underlying Value}_i)$ on such date where, in respect of an Interest Observation Date, Underlying Value_i is determined in respect of the corresponding Underlying Observation Dates.

Basket Value₁ means the Basket Value on the relevant Underlying Observation Date₁.

Basket Value₂ means the Basket Value on the relevant Underlying Observation Date₂.

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Global Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Date means an Underlying Observation Date₂ or an Underlying Observation Date₁.

Leverage_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i (or, as applicable, to the relevant Underlying_{ix} and Underlying_{iy}). For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms, each an Underlying.

Underlying_i means an Underlying corresponding to an i, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Observation Date means with respect to an Underlying and an Interest Observation Date, each date specified as such in the applicable Final Terms and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Observation Date₁ means, with respect to an Interest Accrual Period, each date specified as such in the applicable Final Terms or, alternatively, the date falling such number of Business Days immediately preceding the last day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Observation Date₂ means, with respect to an Interest Accrual Period, each date specified as such in the applicable Final Terms or, alternatively, the date falling such number of Business Days immediately preceding the first day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Value means, with respect to an Underlying Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (c) the Underlying Value of an Underlying_i; or
- (d) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

Σ means the sum of the values, which follow in brackets.

Σ (**Leverage_i x Underlying Value_i**) means the sum of the individual products of the Underlying Value_i, and the Leverage_i for each i.

12.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Volbond Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Min} \left(\text{Cap}, \text{Max} \left(\text{Floor}, \text{Global Leverage} \times \text{Absolute Value}(\text{Basket Value}_1 - \text{Basket Value}_2) \right) \right)$$

and expressed as a percentage.

- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Volbond Interest is applicable as a relevant Standard Interest Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard Volbond Interest Payoff Condition 12.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x.

12.3 Relevant Observation

Where, in relation to these Standard Volbond Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying(s) in the Basket and in respect of the Basket Value₁ and/or the Basket Value₂, references in these Standard Volbond Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Volbond Interest Payoff Condition 12.1 above) shall, for the purposes of determining the Underlying Value of such Underlying and in respect of the Basket Value₁ or the Basket Value₂ as the case may be, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Volbond Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or

- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part A: Chapter 13: Standard Participation Basket Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Participation Basket Interest to be applicable.

*The following terms and conditions (the **Standard Participation Basket Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Participation Basket Interest (the **Standard Participation Basket Interest**) is applicable. These Standard Participation Basket Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Participation Basket Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

13 STANDARD PARTICIPATION BASKET INTEREST

The Linked Interest Rate is calculated as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Global Leverage multiplied by the result of Margin added to the result of Basket Value₁ divided by Basket Value₂. The Basket Value₂ is the Basket Value observed in respect of Underlying Observation Date₂. The Basket Value₁ is the Basket Value observed in respect of Underlying Observation Date₁. Subject as provided below, Basket Value in respect of any Interest Observation Date is the sum of the individual products of Leverage_i and Underlying Value_i observed on the corresponding Underlying Observation Dates. Subject as provided below, the Underlying Value_i reflects the price, level or rate of the relevant Underlying_i or (if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the relevant Underlying_{ix} and the price, level or rate of the relevant Underlying_{iy} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The sum of the Underlying Values_i each observed on each of the relevant days corresponding to the relevant Interest Accrual Period each multiplied by the relevant leverage may therefore be used as a component in this calculation and each may therefore affect the Linked Interest Rate, subject to the Global Leverage, the Margin, the Cap and the Floor.

Where, in relation to these Standard Participation Basket Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying(s) comprising the Basket and with respect to the Basket Value₂ and/or the Basket Value₁, the Underlying Value in respect of such Underlying may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

13.1 Definitions and interpretation

For the purposes of these Standard Participation Basket Interest Payoff Conditions, the following terms shall have the following meanings:

Basket Value means, with respect to an Interest Observation Date or Relevant Timing, as the case may be, $\sum (\text{Leverage}_i \times \text{Underlying Value}_i)$ on such date where, in respect of an Interest Observation Date, Underlying Value_i is determined in respect of the corresponding Underlying Observation Dates.

Basket Value₁ means the level, percentage, number, price or amount specified in the applicable Final Terms or the Basket Value on the Underlying Observation Date₁.

Basket Value₂ means the level, percentage, number, price or amount specified in the applicable Final Terms or the Basket Value on the Underlying Observation Date₂.

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Global Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, may be one (1).

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Date means an Underlying Observation Date₂ or an Underlying Observation Date₁.

Leverage_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i (or, as applicable, to the relevant Underlying_{ix} and Underlying_{iy}). For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms, each an Underlying.

Underlying_i means an Underlying corresponding to an i, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Observation Date means with respect to an Underlying and an Interest Observation Date, each date specified as such in the applicable Final Terms and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Observation Date₁ means, with respect to an Interest Accrual Period, each date specified as such in the applicable Final Terms or, alternatively, the date falling such number of Business Days immediately preceding the last day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Observation Date₂ means, with respect to an Interest Accrual Period, each date specified as such in the applicable Final Terms or, alternatively, the date falling such number of Business Days immediately preceding the first day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Value means, with respect to an Underlying Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (a) the Underlying Value of an Underlying_i; or
- (b) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or

- the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

Σ means the sum of the values, which follow in brackets.

Σ (**Leverage_i x Underlying Value_i**) means the sum of the individual products of the Underlying Value_i and the Leverage_i for each i.

13.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Participation Basket Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Min} \left(\text{Cap}, \text{Max} \left(\text{Floor}, \text{Global Leverage} \times \left(\frac{\text{Basket Value}_1}{\text{Basket Value}_2} + \text{Margin} \right) \right) \right)$$

and expressed as a percentage.

- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Participation Basket Interest is applicable as a relevant Standard Interest Payoff_x, as applicable, for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard Participation Basket Interest Payoff Condition 13.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x.

13.3 Relevant Observation

Where, in relation to these Standard Participation Basket Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying(s) in the Basket and in respect of the Basket Value₁ and/or the Basket Value₂, references in these Standard Participation Basket Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Participation Basket Interest Payoff Condition 13.1 above) shall, for the purposes of determining the Underlying Value of such Underlying and in respect of the Basket Value₁ or the Basket Value₂, as the case may be, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Participation Basket Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part A: Chapter 14: Standard Range Accrual Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Range Accrual Interest to be applicable.

*The following terms and conditions (the **Standard Range Accrual Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Range Accrual Interest (the **Standard Range Accrual Interest**) is applicable. These Standard Range Accrual Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Range Accrual Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

14 STANDARD RANGE ACCRUAL INTEREST

*The Linked Interest Rate is calculated as the Accrual Factor (if 'Accrual Factor OUT' applies) or 1 multiplied by an amount equal to the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Margin₂ added to the result of the product of (A) Accrual Factor (if 'Accrual Factor IN' applies) or 1 and (B) the result of Leverage multiplied by Global Underlying Value on the relevant Interest Observation Date and added to Margin₁. The Accrual Factor is a number calculated by dividing (x) the product of **a** and **n** minus the product of **b** and **N** by (y) **N**. **a** and **b** are numbers specified in the applicable Final Terms, **n** is the number of Range Accrual Days during the relevant Interest Observation Period on which each Underlying Value_{*i*} is within the Underlying Value_{*i*} Range and **N** is the total number of Range Accrual Days in the relevant Interest Observation Period. Subject as provided below, the Global Underlying Value reflects the price, level or rate of the Global Underlying or (if a combination of a Global Underlying_{*x*} and a Global Underlying_{*y*} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Global Underlying_{*x*} and the price, level or rate of the Global Underlying_{*y*}. Subject as provided below, the Underlying Value_{*i*} reflects the price, level or rate of the Underlying_{*i*} or (if a combination of an Underlying_{*ix*} and an Underlying_{*iy*} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Underlying_{*ix*} and the price, level or rate of the Underlying_{*iy*} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying will therefore affect the Linked Interest Rate since (i) the value of the Underlying_{*i*} (or, as applicable, the relevant Underlying_{*ix*} and Underlying_{*iy*}) affects the value of the Accrual Factor which is used as a component of the formula used to calculate the Linked Interest Rate and (ii) the value of the Global Underlying (or, as applicable, the Global Underlying_{*x*} and the Global Underlying_{*y*}) is used as a separate component in the formula used to calculate the Linked Interest Rate.*

*Where, in relation to these Standard Range Accrual Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Global Underlying Value or the Underlying Value_{*p*}, the Underlying Value for such purposes may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.*

14.1 Definitions and interpretation

For the purposes of these Standard Range Accrual Interest Payoff Conditions, the following terms shall have the following meanings:

a means the number specified as such in the applicable Final Terms. If **a** is specified as 'not applicable', **a** shall be 1.

Accrual Factor means, with respect to an Interest Accrual Period:

$$\frac{a \times n - b \times N}{N}$$

Accrual Factor IN means, if 'Accrual Factor IN' is specified as applicable in the Final Terms, the Accrual Factor, otherwise 1.

Accrual Factor OUT means, if 'Accrual Factor OUT' is specified as applicable in the Final Terms, the Accrual Factor, otherwise 1.

b means the number specified as such in the applicable Final Terms. If b is specified as 'not applicable', b shall be 0.

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Global Underlying means the Underlying specified as such in the applicable Final Terms. For the avoidance of doubt, Global Underlying and, as applicable, all Underlying_i and/or Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Global Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Global Underlying_x, Global Underlying_y and, as applicable, all Underlying_i and/or Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Global Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Global Underlying_x, Global Underlying_y and, as applicable, all Underlying_i and/or Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Global Underlying Value means:

- (a) the Underlying Value of the Global Underlying on an Interest Observation Date; or
- (b) if a combination of a Global Underlying_x and a Global Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Global Underlying_x and the Underlying Value of such Global Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y; or
 - the algebraical difference between the Underlying Value of such Global Underlying_x and the Underlying Value of such Global Underlying_y, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y; or
 - the product of the Underlying Value of such Global Underlying_x by the Underlying Value of such Global Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y; or

- the quotient of the Underlying Value of such Global Underlying_x by the Underlying Value of such Global Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y.

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Date means, in respect of an Interest Accrual Period, each date specified as such in the applicable Final Terms or, alternatively, the date falling such number of Business Days immediately preceding the first or last day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Interest Observation Period means, in respect of an Interest Accrual Period, the period from and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first day of the relevant Interest Accrual Period to and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the last day of that Interest Accrual Period.

Interest Observation Period Cut-Off Date means the date as specified in the applicable Final Terms.

Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Lower Limit_i means the percentage or number specified as such in the applicable Final Terms and corresponding to an Underlying_i (or, as applicable, to Underlying_{ix} and Underlying_{iy}).

Margin₁ or **Margin₂** means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

n means the number of Range Accrual Days in the relevant Interest Observation Period in respect of which each Underlying Value_i is within the Underlying Value_i Range, as determined by the Calculation Agent. For the purposes hereof, (and where Range Accrual Days are expressed in the applicable Final Terms as falling on calendar days which may not be Business Days) the Underlying Value in respect of any Range Accrual Day which is not a Business Day shall be deemed to be the Underlying Value in respect of either the immediately preceding or the immediately following Business Day, as specified in the applicable Final Terms.

N means the total number of Range Accrual Days in the relevant Interest Observation Period, as determined by the Calculation Agent.

Range means in respect of each Underlying_i, any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms for such Underlying_i (or, as applicable, the relevant Underlying_{ix} and Underlying_{iy}).

Range₁ means that on the relevant Range Accrual Day the Underlying Value_i is greater than or equal to the Lower Limit_i and lower than or equal to the Upper Limit_i.

Range₂ means that on the relevant Range Accrual Day the Underlying Value_i is greater than the Lower Limit_i and lower than the Upper Limit_i.

Range₃ means that on the relevant Range Accrual Day the Underlying Value_i is greater than or equal to the Lower Limit_i and lower than the Upper Limit_i.

Range₄ means that on the relevant Range Accrual Day the Underlying Value_i is greater than the Lower Limit_i and lower than or equal to the Upper Limit_i.

Range₅ means that on the relevant Range Accrual Day the Underlying Value_i is lower than the Lower Limit_i or greater than the Upper Limit_i.

Range₆ means that on the relevant Range Accrual Day the Underlying Value_i is lower than or equal to the Lower Limit_i or greater than or equal to the Upper Limit_i.

Range Accrual Day means, with respect to an Interest Observation Period, each date specified as a Range Accrual Day in the applicable Final Terms, which may be each Business Day, each calendar day, each calendar day or Business Day within a week, each calendar day or Business Day within a month, or any other day, falling within such Interest Observation Period. Each Range Accrual Day shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_i means an Underlying corresponding to an i, as specified in the applicable Final Terms. For the avoidance of doubt, the Global Underlying (or, if applicable, Global Underlying_x and Global Underlying_y), all Underlying_i and (as applicable) all Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, the Global Underlying (or, if applicable, Global Underlying_x and Global Underlying_y), (as applicable) all Underlying_i, all Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, the Global Underlying (or, if applicable, Global Underlying_x and Global Underlying_y), (as applicable) all Underlying_i, all Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Range Accrual Day, an Interest Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;

- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price,

provided that if an Interest Observation Period Cut-Off Date is specified in the applicable Final Terms, the Underlying Value in respect of any Range Accrual Day falling on or after the Interest Observation Period Cut-Off Date shall be deemed to be the Underlying Value in respect of the Range Accrual Day falling on such Interest Observation Period Cut-Off Date.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (a) the Underlying Value of an Underlying_i; or
- (b) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

Underlying Value_i Range means the Range specified as such in the applicable Final Terms and corresponding to an Underlying_i.

Upper Limit_i means the percentage or number specified as such in the applicable Final Terms and corresponding to an Underlying_i (or, as applicable, to Underlying_{ix} and Underlying_{iy}).

14.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Range Accrual Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Accrual Factor } OUT \times \text{Min}(\text{Cap}, \text{Max}(\text{Floor}, (\text{Leverage} \times \text{Global Underlying Value} + \text{Margin}_1) \times \text{Accrual Factor } IN + \text{Margin}_2))$$

and expressed as a percentage.

- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Range Accrual Interest is applicable as a relevant Standard Interest Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard Range Accrual Interest Payoff Condition 14.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x as applicable.

14.3 Relevant Observation

Where, in relation to these Standard Range Accrual Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Global Underlying Value or Underlying Value_i, references in these Standard Range Accrual Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Range Accrual Interest Payoff Condition 14.1 above) shall, for the purposes of determining the Global Underlying Value or Underlying Value_i, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Range Accrual Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part A: Chapter 15: Standard Resettable Range Accrual Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Resettable Range Accrual Interest to be applicable.

*The following terms and conditions (the **Standard Resettable Range Accrual Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Resettable Range Accrual Interest (the **Standard Resettable Range Accrual Interest**) is applicable. These Standard Resettable Range Accrual Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Resettable Range Accrual Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

15 STANDARD RESETTABLE RANGE ACCRUAL INTEREST

The Linked Interest Rate is calculated as the Accrual Factor multiplied by the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) the sum of Leverage multiplied by Global Underlying Value added to Margin₂. The Accrual Factor is calculated as the number of Range Accrual Days during the relevant Interest Observation Period on which the Underlying Value_{xy} is within the relevant Resettable Range divided by the total number of Range Accrual Days in the relevant Interest Observation Period. The lower level used for the Resettable Range is calculated by subtracting Margin₁ from a specified value or Underlying Value_{xy} at a relevant time and the upper level used for the Resettable Range is calculated by adding Margin₁ to a specified value or Underlying Value_{xy} at a relevant time. Subject as provided below, the Global Underlying Value reflects the price, level or rate of the Global Underlying or (if a combination of a Global Underlying_x and a Global Underlying_y is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Global Underlying_x and the price, level or rate of the Global Underlying_y. Subject as provided below, the Underlying Value_{xy} reflects the price, level or rate of the Underlying_{xy} or (if a combination of an Underlying_x and an Underlying_y is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Underlying_x and the price, level or rate of the Underlying_y (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying will therefore affect the Linked Interest Rate since (i) the value of the Underlying_{xy} (or, as applicable, the Underlying_x and the Underlying_y) affects the way that the limits of the Resettable Range, used in the Accrual Factor, are calculated and the value of the Accrual Factor and (ii) the value of the Global Underlying (or, as applicable, the Global Underlying_x and the Global Underlying_y) is used as a separate component in the formula used to calculate the Linked Interest Rate.

Where, in relation to these Standard Resettable Range Accrual Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Global Underlying Value and/or the Initial Underlying Value and/or Underlying Value_{xy}, the Underlying Value may be determined for such purposes by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

15.1 Definitions and interpretation

For the purposes of these Standard Resettable Range Accrual Interest Payoff Conditions, the following terms shall have the following meanings:

Accrual Factor means, with respect to an Interest Accrual Period, the number of Range Accrual Days in the relevant Interest Observation Period in respect of which the Underlying Value_{xy} was within the relevant Resettable Range, divided by the total number of Range Accrual Days in such Interest Observation Period, in each case as determined by the Calculation Agent. For the purposes hereof,

(and where Range Accrual Days are expressed in the applicable Final Terms as falling on calendar days which may not be Business Days) the Underlying Value_{xy} in respect of any Range Accrual Day which is not a Business Day shall be deemed to be the Underlying Value_{xy} in respect of either the immediately preceding or the immediately following Business Day, as specified in the applicable Final Terms.

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Global Underlying means the Underlying specified as such in the applicable Final Terms. For the avoidance of doubt, the Global Underlying and the Underlying_{xy} or (if applicable) Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Global Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Global Underlying_x, Global Underlying_y and the Underlying_{xy} or (if applicable) Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Global Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Global Underlying_x, Global Underlying_y and the Underlying_{xy} or (if applicable) Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Global Underlying Value means:

- (a) the Underlying Value of the Global Underlying on an Interest Observation Date; or
- (b) if a combination of a Global Underlying_x and a Global Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Global Underlying_x and the Underlying Value of such Global Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y; or
 - the algebraical difference between the Underlying Value of such Global Underlying_x and the Underlying Value of such Global Underlying_y, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y; or
 - the product of the Underlying Value of such Global Underlying_x by the Underlying Value of such Global Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y; or
 - the quotient of the Underlying Value of such Global Underlying_x by the Underlying Value of such Global Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y.

Initial Underlying Value means, with respect to an Interest Observation Period, the level, percentage, number, price or amount specified in the applicable Final Terms or, where the Initial Underlying Value is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the

Underlying Value_{xy} determined in accordance with Standard Resettable Range Accrual Interest Payoff Condition 15.3 below.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Date means, in respect of an Interest Accrual Period, each date specified as such in the applicable Final Terms or, alternatively, the date falling such number of Business Days immediately preceding the first or last day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Interest Observation Period means, in respect of an Interest Accrual Period, the period from and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first day of the relevant Interest Accrual Period to and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the last day of that Interest Accrual Period.

Interest Observation Period Cut-Off Date means the date as specified in the applicable Final Terms.

Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Lower Resettable Range Accrual Level means:

(Initial Underlying Value – Margin₁)

Margin₁ or **Margin₂** means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Range Accrual Day means, with respect to an Interest Observation Period, each date specified as a Range Accrual Day in the applicable Final Terms, which may be each Business Day, each calendar day, each calendar day or Business Day within a week, each calendar day or Business Day within a month, or any other day, falling within such Interest Observation Period. Each Range Accrual Day shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Resettable Range means any one (only) of Resettable Range₁, Resettable Range₂, Resettable Range₃, Resettable Range₄, Resettable Range₅ or Resettable Range₆ as specified in the applicable Final Terms.

Resettable Range₁ means that on the relevant Range Accrual Day the Underlying Value_{xy} is greater than or equal to the Lower Resettable Range Accrual Level and lower than or equal to the Upper Resettable Range Accrual Level.

Resettable Range₂ means that on the relevant Range Accrual Day the Underlying Value_{xy} is greater than the Lower Resettable Range Accrual Level and lower than the Upper Resettable Range Accrual Level.

Resettable Range₃ means that on the relevant Range Accrual Day the Underlying Value_{xy} is greater than or equal to the Lower Resettable Range Accrual Level and lower than the Upper Resettable Range Accrual Level.

Resettable Range₄ means that on the relevant Range Accrual Day the Underlying Value_{xy} is greater than the Lower Resettable Range Accrual Level and lower than or equal to the Upper Resettable Range Accrual Level.

Resettable Range₅ means that on the relevant Range Accrual Day the Underlying Value_{xy} is lower than the Lower Resettable Range Accrual Level or greater than the Upper Resettable Range Accrual Level.

Resettable Range₆ means that on the relevant Range Accrual Day the Underlying Value_{xy} is lower than or equal to the Lower Resettable Range Accrual Level or greater than or equal to the Upper Resettable Range Accrual Level.

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y and the Global Underlying or, if applicable, Global Underlying_x and Global Underlying_y, together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{xy} means any Underlying specified as such in the applicable Final Terms. For the avoidance of doubt, Underlying_{xy} and the Global Underlying or, if applicable, Global Underlying_x and Global Underlying_y, together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y and the Global Underlying or, if applicable, Global Underlying_x and Global Underlying_y, together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Range Accrual Day, an Interest Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price,

provided that if an Interest Observation Period Cut-Off Date is specified in the applicable Final Terms, the Underlying Value in respect of any Range Accrual Day falling on or after the Interest Observation Period Cut-Off Date shall be deemed to be the Underlying Value in respect of the Range Accrual Day falling on such Interest Observation Period Cut-Off Date.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_{xy} means:

- (a) the Underlying Value of the Underlying_{xy}; or
- (b) if a combination of an Underlying_x and an Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the algebraical difference between the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Subtraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the product of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the quotient of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y.

Upper Resettable Range Accrual Level means:

(Initial Underlying Value + Margin₁)

15.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Resettable Range Accrual Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Accrual Factor} \times \text{Min} \left(\text{Cap}, \text{Max} \left(\text{Floor}, (\text{Leverage} \times \text{Global Underlying Value} + \text{Margin}_2) \right) \right)$$

and expressed as a percentage.

- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Resettable Range Accrual Interest is applicable as a relevant Standard Interest Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard Resettable Range Accrual Interest Payoff Condition 15.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x as applicable.

15.3 Relevant Observation

Where, in relation to these Standard Resettable Range Accrual Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Global Underlying Value and/or the Initial Underlying Value and/or Underlying Value_{xy}, references in these Standard Resettable Range Accrual Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Resettable Range Accrual Interest Payoff Condition 15.1 above) shall, for the purposes of determining the Global Underlying Value and/or the Initial Underlying Value and/or the Underlying Value_{xy}, as the case may be, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Resettable Range Accrual Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part A: Chapter 16: Standard 3D Range Accrual Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard 3D Range Accrual Interest to be applicable.

*The following terms and conditions (the **Standard 3D Range Accrual Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard 3D Range Accrual Interest (the **Standard 3D Range Accrual Interest**) is applicable. These Standard 3D Range Accrual Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard 3D Range Accrual Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

16 STANDARD 3D RANGE ACCRUAL INTEREST

The Linked Interest Rate is calculated as Accrual Factor in respect of Underlying_i (or, as applicable, the relevant Underlying_{ix} and Underlying_{iy}) corresponding to the number 1 multiplied by Accrual Factor in respect of Underlying_i (or, as applicable, the relevant Underlying_{ix} and Underlying_{iy}) corresponding to the number 2 multiplied by Accrual Factor in respect of Underlying_i (or, as applicable, the relevant Underlying_{ix} and Underlying_{iy}) corresponding to the number 3 and then multiplied by the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) the result of Leverage multiplied by Global Underlying Value added to Margin. An Accrual Factor is calculated as the number of Range Accrual Days during the relevant Interest Observation Period on which the relevant Underlying Value_i is within the relevant Range divided by the total number of Range Accrual Days in the relevant Interest Observation Period. Subject as provided below, the Global Underlying Value reflects the price, level or rate of the Global Underlying or (if a combination of a Global Underlying_x and a Global Underlying_y is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Global Underlying_x and the price, level or rate of the Global Underlying_y. Subject as provided below, the Underlying Value_i reflects the price, level or rate of the relevant Underlying_i or (if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Underlying_{ix} and the price, level or rate of the Underlying_{iy} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of each relevant Underlying may therefore affect the Linked Interest Rate since (i) the value of the relevant Underlying_i (or, as applicable, the relevant Underlying_{ix} and Underlying_{iy}) affects the value of the corresponding Accrual Factor which is used as a component of the formula used to calculate the Redemption Payoff and (ii) the value of the Global Underlying (or, as applicable, the Global Underlying_x and the Global Underlying_y) is used as a separate component in the formula used to calculate the Linked Interest Rate.

Where, in relation to these Standard 3D Range Accrual Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Global Underlying Value and/or the Underlying Value_i, the Underlying Value may be determined for such purposes by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

16.1 Definitions and interpretation

For the purposes of these Standard 3D Range Accrual Interest Payoff Conditions, the following terms shall have the following meanings:

Accrual Factor₁ means, with respect to an Interest Accrual Period, the number of Range Accrual Days in the relevant Interest Observation Period in respect of which the Underlying Value_i corresponding to

the number 1 (as specified in the applicable Final Terms) was within the relevant Range, divided by the total number of Range Accrual Days in such Interest Observation Period, in each case as determined by the Calculation Agent. For the purposes hereof, (and where Range Accrual Days are expressed in the applicable Final Terms as falling on calendar days which may not be Business Days) the Underlying Value_i in respect of any Range Accrual Day which is not a Business Day shall be deemed to be the Underlying Value_i in respect of either the immediately preceding or the immediately following Business Day, as specified in the applicable Final Terms.

Accrual Factor₂ means, with respect to an Interest Accrual Period, the number of Range Accrual Days in the relevant Interest Observation Period in respect of which the Underlying Value_i corresponding to the number 2 (as specified in the applicable Final Terms) was within the relevant Range, divided by the total number of Range Accrual Days in such Interest Observation Period, in each case as determined by the Calculation Agent. For the purposes hereof, (and where Range Accrual Days are expressed in the applicable Final Terms as falling on calendar days which may not be Business Days) the Underlying Value_i in respect of any Range Accrual Day which is not a Business Day shall be deemed to be the Underlying Value_i in respect of either the immediately preceding or the immediately following Business Day, as specified in the applicable Final Terms.

Accrual Factor₃ means, with respect to an Interest Accrual Period, the number of Range Accrual Days in the relevant Interest Observation Period in respect of which the Underlying Value_i corresponding to the number 3 (as specified in the applicable Final Terms) was within the relevant Range, divided by the total number of Range Accrual Days in such Interest Observation Period, in each case as determined by the Calculation Agent. For the purposes hereof, (and where Range Accrual Days are expressed in the applicable Final Terms as falling on calendar days which may not be Business Days) the Underlying Value_i in respect of any Range Accrual Day which is not a Business Day shall be deemed to be the Underlying Value_i in respect of either the immediately preceding or the immediately following Business Day, as specified in the applicable Final Terms.

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Global Underlying means the Underlying specified as such in the applicable Final Terms. For the avoidance of doubt, Global Underlying and, as applicable, all Underlying_i and/or Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Global Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Global Underlying_x, Global Underlying_y and, as applicable, all Underlying_i and/or Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Global Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Global Underlying_x, Global Underlying_y and, as applicable, all Underlying_i and/or Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Global Underlying Value means:

- (a) the Underlying Value of the Global Underlying on an Interest Observation Date; or

- (b) if a combination of a Global Underlying_x and a Global Underlying_y is specified in the applicable Final Terms:
- the sum of the Underlying Value of such Global Underlying_x and the Underlying Value of such Global Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y; or
 - the algebraical difference between the Underlying Value of such Global Underlying_x and the Underlying Value of such Global Underlying_y, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y; or
 - the product of the Underlying Value of such Global Underlying_x by the Underlying Value of such Global Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y; or
 - the quotient of the Underlying Value of such Global Underlying_x by the Underlying Value of such Global Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y.

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Date means, in respect of an Interest Accrual Period, each date specified as such in the applicable Final Terms or, alternatively, the date falling such number of Business Days immediately preceding the first or last day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Interest Observation Period means, in respect of an Interest Accrual Period, the period from and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first day of the relevant Interest Accrual Period to and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the last day of that Interest Accrual Period.

Interest Observation Period Cut-Off Date means the date as specified in the applicable Final Terms.

Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Lower Range Accrual Level_i means the percentage or number specified as such in the applicable Final Terms and corresponding to an **i**.

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Range means in respect of each Underlying_i, any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms for such Underlying_i (or, as applicable, the relevant Underlying_{ix} and Underlying_{iy}).

Range₁ means that on the relevant Range Accrual Day the Underlying Value_i is greater than or equal to the Lower Range Accrual Level_i and lower than or equal to the Upper Range Accrual Level_i.

Range₂ means that on the relevant Range Accrual Day the Underlying Value_i is greater than the Lower Range Accrual Level_i and lower than the Upper Range Accrual Level_i.

Range₃ means that on the relevant Range Accrual Day the Underlying Value_i is greater than or equal to the Lower Range Accrual Level_i and lower than the Upper Range Accrual Level_i.

Range₄ means that on the relevant Range Accrual Day the Underlying Value_i is greater than the Lower Range Accrual Level_i and lower than or equal to the Upper Range Accrual Level_i.

Range₅ means that on the relevant Range Accrual Day the Underlying Value_i is lower than the Lower Range Accrual Level_i or greater than the Upper Range Accrual Level_i.

Range₆ means that on the relevant Range Accrual Day the Underlying Value_i is lower than or equal to the Lower Range Accrual Level_i or greater than or equal to the Upper Range Accrual Level_i.

Range Accrual Day means, with respect to an Interest Observation Period and an Underlying_i (or, as applicable, an Underlying_{ix} and an Underlying_{iy}), each date specified as a Range Accrual Day in the applicable Final Terms, which may be each Business Day, each calendar day, each calendar day or Business Day within a week, each calendar day or Business Day within a month, or any other day, falling within such Interest Observation Period. Each Range Accrual Day shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_i means an Underlying corresponding to an *i*, as specified in the applicable Final Terms. For the avoidance of doubt, the Global Underlying or (if applicable) Global Underlying_x and Global Underlying_y and all Underlying_i and (if applicable) Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an *i*, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, the Global Underlying or (if applicable) Global Underlying_x and Global Underlying_y and all Underlying_i and (if applicable) Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an *i*, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, the Global Underlying or (if applicable) Global Underlying_x and Global Underlying_y and all Underlying_i and (if applicable) Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Range Accrual Day, an Interest Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price,

provided that if an Interest Observation Period Cut-Off Date is specified in the applicable Final Terms, the Underlying Value in respect of any Range Accrual Day falling on or after the Interest Observation Period Cut-Off Date shall be deemed to be the Underlying Value in respect of the Range Accrual Day falling on such Interest Observation Period Cut-Off Date.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (a) the Underlying Value of an Underlying_i; or
- (b) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

Upper Range Accrual Level_i means the percentage or number specified as such in the applicable Final Terms and corresponding to an i.

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Linked Interest Rate, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

16.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard 3D Range Accrual Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$Accrual\ Factor_1 \times Accrual\ Factor_2 \times Accrual\ Factor_3 \times \text{Min} \left(\text{Cap}, \text{Max} \left(\text{Floor}, (\text{Leverage} \times \text{Global Underlying Value} + \text{Margin}) \right) \right)$$

and expressed as a percentage.

- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard 3D Range Accrual Interest is applicable as a relevant Standard Interest Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard 3D Range Accrual Interest Payoff Condition 16.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x.

16.3 Relevant Observation

Where, in relation to these Standard 3D Range Accrual Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Global Underlying Value and/or Underlying Value_i, references in these Standard 3D Range Accrual Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard 3D Range Accrual Interest Payoff Condition 16.1 above) shall, for the purposes of determining the Global Underlying Value and/or Underlying Value_i, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard 3D Range Accrual Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part A: Chapter 17: Standard Fixed Digital Basket Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Fixed Digital Basket Interest to be applicable.

*The following terms and conditions (the **Standard Fixed Digital Basket Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Fixed Digital Basket Interest (the **Standard Fixed Digital Basket Interest**) is applicable. These Standard Fixed Digital Basket Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Fixed Digital Basket Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

17 STANDARD FIXED DIGITAL BASKET INTEREST

The Linked Interest Rate is calculated as (a) if Underlying Value_i is within the Underlying Value_i Range on the relevant Interest Observation Date, being Fixed Rate₁ (b) otherwise, being Fixed Rate₂. Subject as provided below, the Underlying Value_i reflects the price, level or rate of the relevant Underlying_i or (if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the relevant Underlying_{ix} and the price, level or rate of the relevant Underlying_{iy} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of each Underlying_i (or, as applicable, each Underlying_{ix} and Underlying_{iy}) will therefore affect whether Fixed Rate₁ or Fixed Rate₂ is used to calculate the Linked Interest Rate applicable to the Securities.

Where, in relation to these Standard Fixed Digital Basket Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable, the Underlying Value may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

17.1 Definitions and interpretation

For the purposes of these Standard Fixed Digital Basket Interest Payoff Conditions, the following terms shall have the following meanings:

Fixed Rate₁ or Fixed Rate₂ means the rate specified as such in the applicable Final Terms.

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Date means, in respect of an Interest Accrual Period, each date specified as such in the applicable Final Terms or, alternatively, the date falling such number of Business Days immediately preceding the first or last day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Lower Limit_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i (or, as applicable, to the relevant Underlying_{ix} and Underlying_{iy}).

Range means, in respect of each Underlying_i (or, as applicable, each Underlying_{ix} and Underlying_{iy}), any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms for such Underlying_i (or, as applicable, for such Underlying_{ix} and Underlying_{iy}).

Range₁ means that on the relevant Interest Observation Date each Underlying Value_i is greater than or equal to the Lower Limit_i and lower than or equal to the Upper Limit_i.

Range₂ means that on the relevant Interest Observation Date each Underlying Value_i is greater than the Lower Limit_i and lower than the Upper Limit_i.

Range₃ means that on the relevant Interest Observation Date each Underlying Value_i is greater than or equal to the Lower Limit_i and lower than the Upper Limit_i.

Range₄ means that on the relevant Interest Observation Date each Underlying Value_i is greater than the Lower Limit_i and lower than or equal to the Upper Limit_i.

Range₅ means that on the relevant Interest Observation Date each Underlying Value_i is lower than the Lower Limit_i or greater than the Upper Limit_i.

Range₆ means that on the relevant Interest Observation Date each Underlying Value_i is lower than or equal to the Lower Limit_i or greater than or equal to the Upper Limit_i.

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms, each an Underlying.

Underlying_i means an Underlying corresponding to an i, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to an Interest Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;

- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (a) the Underlying Value of an Underlying_i; or
- (b) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

Underlying Value_i Range means the Range specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i (or, as applicable, to the relevant Underlying_{ix} and Underlying_{iy}).

Upper Limit_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i (or, as applicable, to the relevant Underlying_{ix} and Underlying_{iy}).

17.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Fixed Digital Basket Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:
 - (i) if each Underlying Value_i is within the Underlying Value_i Range on the relevant Interest Observation Date, Fixed Rate₁; or
 - (ii) otherwise, Fixed Rate₂.
- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Fixed Digital Basket Interest is applicable as a relevant Standard Interest Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with

Standard Fixed Digital Basket Interest Payoff Condition 17.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x.

17.3 Relevant Observation

Where, in relation to these Standard Fixed Digital Basket Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable, references in these Standard Fixed Digital Basket Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Fixed Digital Basket Interest Payoff Condition 17.1 above) shall, for the purposes of determining the Underlying Value, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Fixed Digital Basket Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part A: Chapter 18: Standard Power Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Power Interest to be applicable.

*The following terms and conditions (the **Standard Power Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Power Interest (the **Standard Power Interest**) is applicable. These Standard Power Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Power Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

18 STANDARD POWER INTEREST

The Linked Interest Rate is calculated as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Margin added to the result, exponentiated to the power of x , of 1 plus Leverage multiplied by Underlying Value_{xy}. Subject as provided below, the Underlying Value_{xy} reflects the price, level or rate of the Underlying or (if a combination of an Underlying_x and an Underlying_y is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Underlying_x and the price, level or rate of the Underlying_y (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying (or, as applicable, Underlying_x and Underlying_y) will be used as a component in this calculation and will therefore affect the Linked Interest Rate, subject to the Leverage, Margin, Cap, Floor and the exponential part of the formula.

Where, in relation to these Standard Power Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value, the Underlying Value may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

18.1 Definitions and interpretation

For the purposes of these Standard Power Interest Payoff Conditions, the following terms shall have the following meanings:

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Date means, in respect of an Interest Accrual Period, each date specified as such in the applicable Final Terms or, alternatively, the date falling such number of Business Days immediately preceding the first or last day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Max}(X,Y)$ means whichever is the greater of component X and component Y.

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Min}(X,Y)$ means whichever is the lesser of component X and component Y.

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to an Interest Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_{xy} means:

- (c) the Underlying Value of the Underlying; or
- (d) if a combination of an Underlying_x and an Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or

- the algebraical difference between the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
- the product of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
- the quotient of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y.

x means the value specified as such in the applicable Final Terms.

(1 + Leverage x Underlying Value_{xy})^x means the result, exponentiated to the power of x, of Leverage multiplied by Underlying Value added to 1.

18.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Power Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Min} \left(\text{Cap}, \text{Max} \left(\text{Floor}, (1 + \text{Leverage} \times \text{Underlying Value}_{xy})^x + \text{Margin} \right) \right)$$

and expressed as a percentage.

- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Power Interest is applicable as a relevant Standard Interest Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard Power Interest Payoff Condition 18.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x.

18.3 Relevant Observation

Where, in relation to these Standard Power Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value, references in these Standard Power Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Power Interest Payoff Condition 18.1 above) shall, for the purposes of determining the Underlying Value of the Underlying, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Power Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;

- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part A: Chapter 19: Standard Dual Range Accrual Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Dual Range Accrual Interest to be applicable.

*The following terms and conditions (the **Standard Dual Range Accrual Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Dual Range Accrual Interest (the **Standard Dual Range Accrual Interest**) is applicable. These Standard Dual Range Accrual Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Dual Range Accrual Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

19 STANDARD DUAL RANGE ACCRUAL INTEREST

The Linked Interest Rate is calculated as the Accrual Factor (if 'Accrual Factor OUT' applies) or 1 multiplied by an amount equal to the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) the result of Global Leverage multiplied by Global Underlying Value added to Margin, multiplied by the Accrual Factor (if 'Accrual Factor IN' applies) or 1. The Accrual Factor is calculated as the number of Range Accrual Days during the relevant Interest Observation Period on which each Underlying Value_i is within its corresponding Underlying Value_i Range divided by the total number of Range Accrual Days in the relevant Interest Observation Period. Subject as provided below, the Global Underlying Value reflects the price, level or rate of the Global Underlying or (if a combination of a Global Underlying_x and a Global Underlying_y is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Global Underlying_x and the price, level or rate of the Global Underlying_y. Subject as provided below, the Underlying Value_i reflects the price, level or rate of the relevant Underlying_i or (if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the relevant Underlying_{ix} and the price, level or rate of the relevant Underlying_{iy} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of each Underlying may therefore affect the Linked Interest Rate since (i) the value of each Underlying_i or, as applicable, each Underlying_{ix} and Underlying_{iy}, affects the value of the Accrual Factor which is used as a component of the formula used to calculate the Linked Interest Rate and (ii) the value of the Global Underlying (or, as applicable, the Global Underlying_x and the Global Underlying_y) is also used as a component to calculate the Linked Interest Rate.

Where, in relation to these Standard Dual Range Accrual Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Global Underlying Value or the Underlying Value_b, the Underlying Value may be determined in respect of the Global Underlying by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

19.1 Definitions and interpretation

For the purposes of these Standard Dual Range Accrual Interest Payoff Conditions, the following terms shall have the following meanings:

Accrual Factor means, with respect to an Interest Accrual Period, the number of Range Accrual Days in the relevant Interest Observation Period in respect of which each Underlying Value_i was within the Underlying Value_i Range, divided by the total number of Range Accrual Days in such Interest Observation Period, in each case as determined by the Calculation Agent. For the purposes hereof, (and where Range Accrual Days are expressed in the applicable Final Terms as falling on calendar

days which may not be Business Days) the Underlying Value_i, in respect of any Range Accrual Day which is not a Business Day shall be deemed to be the Underlying Value_i, in respect of either the immediately preceding or the immediately following Business Day, as specified in the applicable Final Terms.

Accrual Factor IN means, if 'Accrual Factor IN' is specified as applicable in the Final Terms, the Accrual Factor, otherwise 1.

Accrual Factor OUT means, if 'Accrual Factor OUT' is specified as applicable in the Final Terms, the Accrual Factor, otherwise 1.

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Global Underlying means the Underlying specified as such in the applicable Final Terms. For the avoidance of doubt, Global Underlying and, as applicable, all Underlying_i and/or Underlying_{ix} and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Global Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Global Underlying_x, Global Underlying_y and, as applicable, all Underlying_i and/or Underlying_{ix} and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Global Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Global Underlying_x, Global Underlying_y and, as applicable, all Underlying_i and/or Underlying_{ix} and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Global Underlying Value means:

- (a) the Underlying Value of the Global Underlying on an Interest Observation Date; or
- (b) if a combination of a Global Underlying_x and a Global Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Global Underlying_x and the Underlying Value of such Global Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y; or
 - the algebraical difference between the Underlying Value of such Global Underlying_x and the Underlying Value of such Global Underlying_y, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y; or
 - the product of the Underlying Value of such Global Underlying_x by the Underlying Value of such Global Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y; or

- the quotient of the Underlying Value of such Global Underlying_x by the Underlying Value of such Global Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y.

Global Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Date means, in respect of an Interest Accrual Period, each date specified as such in the applicable Final Terms or, alternatively, the date falling such number of Business Days immediately preceding the first or last day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Interest Observation Period means, in respect of an Interest Accrual Period, the period from and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first day of the relevant Interest Accrual Period to and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the last day of that Interest Accrual Period.

Interest Observation Period Cut-Off Date means the date as specified in the applicable Final Terms.

Leverage_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i (or, as applicable, the relevant Underlying_{ix} and Underlying_{iy}). For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, may be one (1).

Lower Dual Range Accrual Level_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i (or, as applicable, the relevant Underlying_{ix} and Underlying_{iy}).

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Range means in respect of each Underlying_i, any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms for such Underlying_i.

Range₁ means that on the relevant Range Accrual Day the Underlying Value_i is greater than or equal to the Lower Dual Range Accrual Level_i and lower than or equal to the Upper Dual Range Accrual Level_i.

Range₂ means that on the relevant Range Accrual Day the Underlying Value_i is greater than the Lower Dual Range Accrual Level_i and lower than the Upper Dual Range Accrual Level_i.

Range₃ means that on the relevant Range Accrual Day the Underlying Value_i is greater than or equal to the Lower Dual Range Accrual Level_i and lower than the Upper Dual Range Accrual Level_i.

Range₄ means that on the relevant Range Accrual Day the Underlying Value_i is greater than the Lower Dual Range Accrual Level_i and lower than or equal to the Upper Dual Range Accrual Level_i.

Range₅ means that on the relevant Range Accrual Day the Underlying Value_i is lower than the Lower Dual Range Accrual Level_i or greater than the Upper Dual Range Accrual Level_i.

Range₆ means that on the relevant Range Accrual Day the Underlying Value_i is lower than or equal to the Lower Dual Range Accrual Level_i or greater than or equal to the Upper Dual Range Accrual Level_i.

Range Accrual Day means, with respect to an Interest Observation Period, each date specified as a Range Accrual Day in the applicable Final Terms, which may be each Business Day, each calendar day, each calendar day or Business Day within a week, each calendar day or Business Day within a month, or any other day, falling within such Interest Observation Period. Each Range Accrual Day shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_i means an Underlying corresponding to an i, as specified in the applicable Final Terms. For the avoidance of doubt, the Global Underlying (or, if applicable, Global Underlying_x and Global Underlying_y), all Underlying_i and (as applicable) all Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, the Global Underlying (or, if applicable, Global Underlying_x and Global Underlying_y), (as applicable) all Underlying_i, all Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, the Global Underlying (or, if applicable, Global Underlying_x and Global Underlying_y), (as applicable) all Underlying_i, all Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Observation Date means with respect to an Underlying and an Interest Observation Date, each date specified as such in the applicable Final Terms and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Value means, with respect to an Underlying Observation Date, Range Accrual Day or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;

- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price,

provided that if an Interest Observation Period Cut-Off Date is specified in the applicable Final Terms, the Underlying Value in respect of any Range Accrual Day falling on or after the Interest Observation Period Cut-Off Date shall be deemed to be the Underlying Value in respect of the Range Accrual Day falling on such Interest Observation Period Cut-Off Date.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (a) the Underlying Value of an Underlying_i; or
- (b) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

Underlying Value_i Range means the Range specified a such in the applicable Final Terms and corresponding to the relevant Underlying_i.

Upper Dual Range Accrual Level_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i (or, as applicable, the relevant Underlying_{ix} and Underlying_{iy}).

Σ means the sum of the values, which follow.

Σ (**Leverage_i x Underlying Value_i**) means the sum of the individual products of the Leverage_i and Underlying Value_i for each Underlying_i (or, as applicable, the relevant Underlying_{ix} and Underlying_{iy}).

19.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Dual Range Accrual Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Accrual Factor OUT} \times \text{Min} (\text{Cap}, \text{Max} (\text{Floor}, (\text{Global Leverage} \\ \times \text{Global Underlying Value} + \text{Margin}) \times \text{Accrual Factor IN}))$$

and expressed as a percentage.

- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Dual Range Accrual Interest is applicable as a relevant Standard Interest Payoff_x, for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard Dual Range Accrual Interest Payoff Condition 19.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x.

19.3 Relevant Observation

Where, in relation to these Standard Dual Range Accrual Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Global Underlying Value and/or Underlying Value_i, references in these Standard Dual Range Accrual Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Dual Range Accrual Interest Payoff Condition 19.1 above) shall, for the purposes of determining the Global Underlying Value and/or Underlying Value_i, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Dual Range Accrual Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part A: Chapter 20: Standard Trend Participation Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Trend Participation Interest to be applicable.

*The following terms and conditions (the **Standard Trend Participation Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Trend Participation Interest (the **Standard Trend Participation Interest**) is applicable. These Standard Trend Participation Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Trend Participation Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

20 STANDARD TREND PARTICIPATION INTEREST

The Linked Interest Rate is calculated as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Leverage multiplied by the sum of Margin added to the result of Underlying_{Observation1} divided by Underlying_{Observation2}. Subject as provided below, Underlying_{Observation1} reflects Underlying Value_{xy} on Underlying Observation Date₁ corresponding to the relevant Interest Accrual Period and Underlying_{Observation2} reflects Underlying Value_{xy} on Underlying Observation Date₂ corresponding to the relevant Interest Accrual Period. Subject as provided below, the Underlying Value_{xy} reflects the price, level or rate of the Underlying or (if a combination of an Underlying_x and an Underlying_y is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Underlying_x and the price, level or rate of the Underlying_y (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying (or, as applicable, of Underlying_x and Underlying_y) observed on each of the relevant days corresponding to the relevant Interest Accrual Period may each be used as a component in this calculation and may therefore affect the Linked Interest Rate, subject to the Leverage, the Margin, the Cap and the Floor.

Where, in relation to these Standard Trend Participation Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of Underlying_{Observation1} and/or Underlying_{Observation2}, the Underlying Value for the purposes of determining Underlying_{Observation1} and/or Underlying_{Observation2}, as the case may be, may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

20.1 Definitions and interpretation

For the purposes of these Standard Trend Participation Interest Payoff Conditions, the following terms shall have the following meanings:

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{Observation1} means, with respect to an Interest Accrual Period, (i) the level, percentage, number, price or amount specified in the applicable Final Terms or (ii) Underlying Value_{xy} on the Underlying Observation Date₁, or where Underlying_{Observation1} is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, Underlying Value_{xy} determined in accordance with Standard Trend Participation Interest Payoff Condition 20.3 below.

Underlying_{Observation2} means, with respect to an Interest Accrual Period, (i) the level, percentage, number, price or amount specified in the applicable Final Terms or (ii) Underlying Value_{xy} on the Underlying Observation Date₂, or where Underlying_{Observation2} is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, Underlying Value_{xy} determined in accordance with Standard Trend Participation Interest Payoff Condition 20.3 below.

Underlying Observation Date means Underlying Observation Date₁ or Underlying Observation Date₂, as the case may be.

Underlying Observation Date₁ means, with respect to an Interest Accrual Period, the date specified as such in the applicable Final Terms, which may be each date falling such number of Business Days immediately preceding the first or last day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Observation Date₂ means, with respect to an Interest Accrual Period, the date specified as such in the applicable Final Terms, which may be each date falling such number of Business Days immediately preceding the first or last day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Value means, with respect to an Underlying Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_{xy} means:

- (a) the Underlying Value of the Underlying; or
- (b) if a combination of an Underlying_x and an Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the algebraical difference between the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the product of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the quotient of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y.

20.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Trend Participation Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Min} \left(\text{Cap}, \text{Max} \left(\text{Floor}, \text{Leverage} \times \left(\frac{\text{Underlying}_{\text{Observation 1}}}{\text{Underlying}_{\text{Observation 2}}} + \text{Margin} \right) \right) \right)$$

and expressed as a percentage.

- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Trend Participation Interest is applicable as a relevant Standard Interest Payoff_x for the

purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard Trend Participation Interest Payoff Condition 20.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff.

20.3 Relevant Observation

Where, in relation to these Standard Trend Participation Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of Underlying_{Observation1} and/or Underlying_{Observation2}, references in these Standard Trend Participation Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Trend Participation Interest Payoff Condition 20.1 above) shall, for the purposes of determining Underlying_{Observation1} and/or Underlying_{Observation2}, as the case may be, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Trend Participation Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part A: Chapter 21: Standard Trend Participation Basket Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Trend Participation Basket Interest to be applicable.

*The following terms and conditions (the **Standard Trend Participation Basket Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Trend Participation Basket Interest (the **Standard Trend Participation Basket Interest**) is applicable. These Standard Trend Participation Basket Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Trend Participation Basket Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

21 STANDARD TREND PARTICIPATION BASKET INTEREST

The Linked Interest Rate is calculated as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Global Leverage multiplied by the sum of Margin and the result of $\text{Basket}_{\text{Observation1}}$ divided by $\text{Basket}_{\text{Observation2}}$. $\text{Basket}_{\text{Observation1}}$ means the Basket Value observed in respect of Performance Observation Date₁ and $\text{Basket}_{\text{Observation2}}$ means the Basket Value observed in respect of Performance Observation Date₂. Basket Value in respect of the relevant day is the sum of the individual products of Leverage_i and Underlying Value_i observed on the relevant day. Subject as provided below, the Underlying Value_i reflects the price, level or rate of the relevant Underlying_i or (if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the relevant Underlying_{ix} and the price, level or rate of the relevant Underlying_{iy} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The sum of the value of each Underlying_i or, as applicable, each Underlying_{ix} and Underlying_{iy}, observed on each of the relevant days corresponding to the relevant Interest Accrual Period each multiplied by the relevant leverage may be used as a component in this calculation and each may therefore affect the Linked Interest Rate, subject to the Global Leverage, the Margin, the Cap and the Floor.

Where, in relation to these Standard Trend Participation Basket Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying(s) comprising the Basket and with respect to $\text{Basket}_{\text{Observation1}}$ and/or $\text{Basket}_{\text{Observation2}}$, the Underlying Value in respect of such Underlying(s) may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

21.1 Definitions and interpretation

For the purposes of these Standard Trend Participation Basket Interest Payoff Conditions, the following terms shall have the following meanings:

Basket_{Observation1} means, with respect to an Interest Accrual Period, the Basket Value on the Underlying Observation Date₁.

Basket_{Observation2} means, with respect to an Interest Accrual Period, the Basket Value on the Underlying Observation Date₂.

Basket Value means, with respect to a Performance Observation Date or Relevant Timing, as the case may be, $\sum (\text{Leverage}_i \times \text{Underlying Value}_i)$ on such date where, in respect of a Performance Observation Date, Underlying Value_i is determined in respect of the corresponding Underlying Observation Dates.

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Global Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Leverage_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i (or, as applicable, to the relevant Underlying_{ix} and Underlying_{iy}). For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Performance Observation Date means a Performance Observation Date₁ or a Performance Observation Date₂, as applicable.

Performance Observation Date₁, means, with respect to an Interest Accrual Period, the date specified as such in the applicable Final Terms, which may be a date falling such number of Business Days immediately preceding the first or last day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Performance Observation Date₂, means, with respect to an Interest Accrual Period, the date specified as such in the applicable Final Terms, which may be a date falling such number of Business Days immediately preceding the first or last day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms, each an Underlying.

Underlying_i means an Underlying corresponding to an i, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Observation Date means with respect to an Underlying and a Performance Observation Date, each date specified as such in the applicable Final Terms and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Value means, with respect to an Underlying Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (a) the Underlying Value of an Underlying_i; or
- (b) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Subtraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or

- the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

Σ means the sum of the values, which follow in brackets.

Σ (Leverage_i x Underlying Value_i) means the sum of the individual products of the Underlying Value_i, and the Leverage_i for each i.

21.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Trend Participation Basket Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Min} \left(\text{Cap, Max} \left(\text{Floor, Global Leverage} \times \left(\frac{\text{Basket}_{\text{Observation 1}}}{\text{Basket}_{\text{Observation 2}}} + \text{Margin} \right) \right) \right)$$

and expressed as a percentage.

- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Trend Participation Basket Interest is applicable as a relevant Standard Interest Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard Trend Participation Basket Interest Payoff Condition 21.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x.

21.3 Relevant Observation

Where, in relation to these Standard Trend Participation Basket Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying(s) in the Basket and in respect to Basket_{Observation1} and/or Basket_{Observation2}, references in these Standard Trend Participation Basket Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Trend Participation Basket Interest Payoff Condition 21.1 above) shall, for the purposes of determining the Underlying Value of any such Underlying(s) and with respect to Basket_{Observation1} and/or Basket_{Observation2}, as the case may be, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Trend Participation Basket Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or

- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part A: Chapter 22: Standard Average Trend Participation Basket Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Average Trend Participation Basket Interest to be applicable.

*The following terms and conditions (the **Standard Average Trend Participation Basket Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Average Trend Participation Basket Interest (the **Standard Average Trend Participation Basket Interest**) is applicable. These Standard Average Trend Participation Basket Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Average Trend Participation Basket Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

22 STANDARD AVERAGE TREND PARTICIPATION BASKET INTEREST

The Linked Interest Rate is calculated as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Global Leverage multiplied by the sum of Margin and the result of Average Basket_{Observation Period1} divided by Average Basket_{Observation Period2}. Subject as provided below, Average Basket_{Observation Period1} and Average Basket_{Observation Period2} means (A) (if 'Arithmetic Average' is applicable) the arithmetic average of the Basket Value in respect of each Interest Average Date falling during Interest Observation Period₁ or Interest Observation Period₂, respectively or (B) (if 'Weighted Average' is applicable) (I) the sum of the Basket Value observed in respect of each Interest Average Date falling during Interest Observation Period₁ or Interest Observation Period₂, respectively each multiplied by the Weight corresponding to such Interest Average Date divided by the aggregate Basket Value observed in respect of each Interest Average Date falling during Interest Observation Period₁ or Interest Observation Period₂, respectively. Subject as provided below, Basket Value on the relevant day is the sum of the individual results of Leverage_i multiplied by the Underlying Value_i observed on the relevant day. Subject as provided below, the Underlying Value_i reflects the price, level or rate of the relevant Underlying_i or (if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the relevant Underlying_{ix} and the price, level or rate of the relevant Underlying_{iy} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The sum of (which may be subject to a Weight if 'Weighted Average' is applicable) the Underlying Values_i observed on each of the relevant days corresponding to the relevant Interest Accrual Period each multiplied by the relevant Leverage_i may be used as a component in this calculation and each may therefore affect the Linked Interest Rate, subject to the Global Leverage, the Margin, the Cap and the Floor.

Where, in relation to these Standard Average Trend Participation Basket Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying(s) comprising the Basket and in respect of Average Basket_{Observation Period1} and/or Average Basket_{Observation Period1}, the Underlying Value in respect of such Underlying(s) may be determined for such purposes by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

22.1 Definitions and interpretation

For the purposes of these Standard Average Trend Participation Basket Interest Payoff Conditions, the following terms shall have the following meanings:

Average Basket_{Observation Period1} means, with respect to an Interest Accrual Period,

- (a) if 'Arithmetic Average' is specified in the applicable Final Terms, the arithmetic average of the Basket Value on each Interest Average Date falling during Interest Observation Period₁; or
- (b) if 'Weighted Average' is specified in the applicable Final Terms, the sum of the Basket Value on each Interest Average Date falling during the Interest Observation Period₁ each multiplied by the applicable Weight, divided by the aggregate Basket Value on each Interest Average Date falling during the Interest Observation Period.

Average Basket_{Observation Period2} means, with respect to an Interest Accrual Period,

- (a) if 'Arithmetic Average' is specified in the applicable Final Terms, the arithmetic average of the Basket Value on each Interest Average Date falling during Interest Observation Period₂; or
- (b) if 'Weighted Average' is specified in the applicable Final Terms, the sum of the Basket Value on each Interest Average Date falling during the Interest Observation Period₂ each multiplied by the applicable Weight, divided by the aggregate Basket Value on each Interest Average Date falling during the Interest Observation Period.

Basket Value means, with respect to an Interest Average Date or Relevant Timing, as the case may be, $\sum (\text{Leverage}_i \times \text{Underlying Value}_i)$ on such date where, in respect of an Interest Average Date, Underlying Value_i is determined in respect of the corresponding Underlying Observation Dates.

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Global Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Average Date means, with respect to an Interest Observation Period, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days immediately preceding the first or last day of such Interest Observation Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Interest Observation Period means Interest Observation Period₁ or Interest Observation Period₂, as the case may be.

Interest Observation Period₁ means, with respect to an Interest Accrual Period, the period from and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first day of the relevant Interest Accrual Period to and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the last day of that Interest Accrual Period.

Interest Observation Period₂ means, with respect to an Interest Accrual Period, the period from and including the date falling such number of Business Days specified in the applicable Final Terms

immediately preceding the first day of the relevant Interest Accrual Period to and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the last day of that Interest Accrual Period.

Leverage_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i (or, as applicable, to the relevant Underlying_{ix} and Underlying_{iy}). For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms, each an Underlying.

Underlying_i means an Underlying corresponding to an i, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Observation Date means with respect to an Underlying and an Interest Average Date, each date specified as such in the applicable Final Terms and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Value means, with respect to an Underlying Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;

- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (a) the Underlying Value of an Underlying_i; or
- (b) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

Weight means, with respect to an Interest Average Date, the number or percentage specified as such in the applicable Final Terms.

$\sum (\text{Leverage}_i \times \text{Underlying Value}_i)$ means the sum of the individual products of the Underlying Value_i, and the Leverage_i for each i.

\sum means the sum of the values, which follow in brackets.

22.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Average Trend Participation Basket Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Min} \left(\text{Cap}, \text{Max} \left(\text{Floor}, \text{Global Leverage} \times \left(\frac{\text{Average Basket}_{\text{Observation Period 1}}}{\text{Average Basket}_{\text{Observation Period 2}}} + \text{Margin} \right) \right) \right)$$

and expressed as a percentage.

- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Average Trend Participation Basket Interest is applicable as a relevant Standard Interest Payoff_x for the purposes of any applicable Combination Payoff Condition shall be

calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard Average Trend Participation Basket Interest Payoff Condition 22.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x.

22.3 Relevant Observation

Where, in relation to these Standard Average Trend Participation Basket Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying(s) in the Basket and with respect to Average Basket_{Observation Period1} and/or Average Basket_{Observation Period1}, references in these Standard Average Trend Participation Basket Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Average Trend Participation Basket Interest Payoff Condition 22.1 above) shall, for the purposes of determining the Underlying Value of any such Underlying(s) and with respect to Average Basket_{Observation Period1} and/or Average Basket_{Observation Period1}, as the case may be, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Average Trend Participation Basket Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part A: Chapter 23: Standard Multi Fixed Digital Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Multi Fixed Digital Interest to be applicable.

*The following terms and conditions (the **Standard Multi Fixed Digital Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Multi Fixed Digital Interest (the **Standard Multi Fixed Digital Interest**) is applicable. These Standard Multi Fixed Digital Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Multi Fixed Digital Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

23 STANDARD MULTI FIXED DIGITAL INTEREST

The Linked Interest Rate is calculated as (a) if the Underlying Value_{xy} is within Range_A on each or any, as the case may be, relevant Interest Observation Dates falling during the relevant Interest Observation Period, being Fixed Rate₁; (b) otherwise, if the Underlying Value_{xy} is within the Range_B on each or any, as the case may be, relevant Interest Observation Dates falling during the relevant Interest Observation Period, being Fixed Rate₂; (c) otherwise, if the Underlying Value_{xy} is within the Range_C on each or any, as the case may be, relevant Interest Observation Dates falling during the relevant Interest Observation Period, being Fixed Rate₃; (d) otherwise, if the Underlying Value_{xy} is within the Range_D on each or any, as the case may be, relevant Interest Observation Dates falling during the relevant Interest Observation Period, being Fixed Rate₄; (e) otherwise, if the Underlying Value_{xy} is within the Range_E on each or any, as the case may be, relevant Interest Observation Dates falling during the relevant Interest Observation Period, being Fixed Rate₅; or (f) otherwise being Fixed Rate₆. Subject as provided below, the Underlying Value_{xy} reflects the price, level or rate of the Underlying or (if a combination of an Underlying_x and an Underlying_y is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Underlying_x and the price, level or rate of the Underlying_y (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying will therefore affect which fixed rate is used to calculate the Linked Interest Rate applicable to the Securities.

Where, in relation to these Standard Multi Fixed Digital Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value, the Underlying Value may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

23.1 Definitions and interpretation

For the purposes of these Standard Multi Fixed Digital Interest Payoff Conditions, the following terms shall have the following meanings:

Fixed Rate₁ means the rate specified as such in the applicable Final Terms.

Fixed Rate₂ means the rate specified as such in the applicable Final Terms.

Fixed Rate₃ means the rate specified as such in the applicable Final Terms.

Fixed Rate₄ means the rate specified as such in the applicable Final Terms.

Fixed Rate₅ means the rate specified as such in the applicable Final Terms.

Fixed Rate₆ means the rate specified as such in the applicable Final Terms.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Date means, with respect to an Interest Observation Period, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days immediately preceding the first or last day of such Interest Observation Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Interest Observation Period means, in respect of an Interest Accrual Period, the period from and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first day of the relevant Interest Accrual Period to and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the last day of that Interest Accrual Period.

Lower Limit means the percentage or number specified as such in the applicable Final Terms, corresponding to Range_A, Range_B, Range_C, Range_D or Range_E, as applicable.

Range_A, Range_B, Range_C, Range_D and Range_E means any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms.

Range₁ means that, on the relevant Interest Observation Date, the Underlying Value_{xy} is greater than or equal to the Lower Limit and lower than or equal to the Upper Limit.

Range₂ means that, on the relevant Interest Observation Date, the Underlying Value_{xy} is greater than the Lower Limit and lower than the Upper Limit.

Range₃ means that, on the relevant Interest Observation Date, the Underlying Value_{xy} is greater than or equal to the Lower Limit and lower than the Upper Limit.

Range₄ means that, on the relevant Interest Observation Date, the Underlying Value_{xy} is greater than the Lower Limit and lower than or equal to the Upper Limit.

Range₅ means that, on the relevant Interest Observation Date, the Underlying Value_{xy} is lower than the Lower Limit or greater than the Upper Limit.

Range₆ means that, on the relevant Interest Observation Date, the Underlying Value_{xy} is lower than or equal to the Lower Limit or greater than or equal to the Upper Limit.

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to an Interest Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_{xy} means:

- (a) the Underlying Value of the Underlying; or
- (b) if a combination of an Underlying_x and an Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the algebraical difference between the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the product of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the quotient of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y.

Upper Limit means the percentage or number specified as such in the applicable Final Terms, corresponding to Range_A, Range_B, Range_C, Range_D or Range_E, as applicable.

23.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Multi Fixed Digital Interest is applicable in respect of such Interest Accrual Period shall be calculated as:
 - (i) if the Underlying Value_{xy} is within the Range_A on, if Any Dates is specified in the applicable Final Terms, any Interest Observation Date falling within the Interest Observation Period or, if Specific Dates is specified in the applicable Final Terms, on

each Interest Observation Date falling during the Interest Observation Period, equal to the Fixed Rate₁; or

- (ii) if the Underlying Value_{xy} is within the Range_B on, if Any Dates is specified in the applicable Final Terms, any Interest Observation Date falling within the Interest Observation Period or, if Specific Dates is specified in the applicable Final Terms, on each Interest Observation Date falling during the Interest Observation Period, equal to the Fixed Rate₂; or
 - (iii) if the Underlying Value_{xy} is within the Range_C on, if Any Dates is specified in the applicable Final Terms, any Interest Observation Date falling within the Interest Observation Period or, if Specific Dates is specified in the applicable Final Terms, on each Interest Observation Date falling during the Interest Observation Period, equal to the Fixed Rate₃; or
 - (iv) if the Underlying Value_{xy} is within the Range_D on, if Any Dates is specified in the applicable Final Terms, any Interest Observation Date falling within the Interest Observation Period or, if Specific Dates is specified in the applicable Final Terms, on each Interest Observation Date falling during the Interest Observation Period, equal to the Fixed Rate₄; or
 - (v) if the Underlying Value_{xy} is within the Range_E on, if Any Dates is specified in the applicable Final Terms, any Interest Observation Date falling within the Interest Observation Period or, if Specific Dates is specified in the applicable Final Terms, on each Interest Observation Date falling during the Interest Observation Period, equal to the Fixed Rate₅; and
 - (vi) otherwise, equal to the Fixed Rate₆.
- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Multi Fixed Digital Interest is applicable as a relevant Standard Interest Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard Multi Fixed Digital Interest Payoff Condition 23.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x.

23.3 Relevant Observation Date

Where, in relation to these Standard Multi Fixed Digital Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value, references in these Standard Multi Fixed Digital Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Multi Fixed Digital Interest Payoff Condition 23.1 above) shall, for the purposes of determining the Underlying Value, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Multi Fixed Digital Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;

- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part A: Chapter 24: Standard Digital to Participation Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Digital to Participation Interest to be applicable.

*The following terms and conditions (the **Standard Digital to Participation Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Digital to Participation Interest (the **Standard Digital to Participation Interest**) is applicable. These Standard Digital to Participation Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Digital to Participation Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

24 STANDARD DIGITAL TO PARTICIPATION INTEREST

The Linked Interest Rate is calculated as either (a) if the Underlying Value_{xy} is within the relevant Range on each Interest Observation Date falling within the Interest Observation Period, being the Fixed Rate or (b) otherwise, being the lesser of (i) Cap and (ii) the greater of (A) Floor and (B) Leverage multiplied by the sum of Margin and the result of Underlying_{Observation1} divided by Underlying_{Observation2}. Subject as provided below, Underlying_{Observation1} reflects a specified value or the Underlying Value_{xy} or the Underlying Value_z on the Underlying Observation Date₁ corresponding to the relevant Interest Accrual Period and Underlying_{Observation2} reflects a specified value or the Underlying Value_{xy} or the Underlying Value_z on the Underlying Observation Date₂ corresponding to the relevant Interest Accrual Period where (i) the Underlying Value_{xy} reflects the price, level or rate of the Underlying_{xy} or (if a combination of an Underlying_x and an Underlying_y is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Underlying_x and the price, level or rate of the Underlying_y (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time and (ii) the Underlying Value_z reflects the price, level or rate of the Underlying_z (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying_{xy} (or, as applicable, the relevant Underlying_x and Underlying_y) and, as applicable, the relevant Underlying_z may therefore affect which rate is used to calculate the Linked Interest Rate applicable to the Securities and the value of the Underlying_{xy} (or, as applicable, the relevant Underlying_x and Underlying_y) and, as applicable, the relevant Underlying_z, observed on each of the relevant days corresponding to the relevant Interest Accrual Period may each be used as a component in the calculation of one of the rates, if applicable, subject to the Leverage, the Margin, the Cap and the Floor.

Where, in relation to these Standard Digital to Participation Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of Underlying_{Observation1} and/or Underlying_{Observation2}, the Underlying Value may be determined for such purposes by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

24.1 Definitions and interpretation

For the purposes of these Standard Digital to Participation Interest Payoff Conditions, the following terms shall have the following meanings:

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Fixed Rate₁ means the rate specified as such in the applicable Final Terms.

Fixed Rate₂ means the rate specified as such in the applicable Final Terms.

Fixed Rate₃ means the rate specified as such in the applicable Final Terms.

Fixed Rate₄ means the rate specified as such in the applicable Final Terms.

Fixed Rate₅ means the rate specified as such in the applicable Final Terms.

Fixed Rate₆ means the rate specified as such in the applicable Final Terms.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Date means, with respect to an Interest Observation Period, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days immediately preceding the first or last day of such Interest Observation Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Interest Observation Period means, in respect of an Interest Accrual Period, the period from and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first day of the relevant Interest Accrual Period to and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the last day of that Interest Accrual Period.

Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Lower Limit means the percentage or number specified as such in the applicable Final Terms.

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Range_A, Range_B, Range_C, Range_D, Range_E and Range_F means any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms.

Range₁ means that on the relevant Interest Observation Date the Underlying Value_{xy} is greater than or equal to the Lower Limit and lower than or equal to the Upper Limit.

Range₂ means that on the relevant Interest Observation Date the Underlying Value_{xy} is greater than the Lower Limit and lower than the Upper Limit.

Range₃ means that on the relevant Interest Observation Date the Underlying Value_{xy} is greater than or equal to the Lower Limit and lower than the Upper Limit.

Range₄ means that on the relevant Interest Observation Date the Underlying Value_{xy} is greater than the Lower Limit and lower than or equal to the Upper Limit.

Range₅ means that on the relevant Interest Observation Date the Underlying Value_{xy} is lower than the Lower Limit or greater than the Upper Limit.

Range₆ means that on the relevant Interest Observation Date the Underlying Value_{xy} is lower than or equal to the Lower Limit or greater than or equal to the Upper Limit.

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y and (if applicable) Underlying_z together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y and (if applicable) Underlying_z together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_z means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y and (if applicable) Underlying_z together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{Observation1} means, with respect to an Interest Accrual Period, (i) the level, percentage, number, price or amount specified in the applicable Final Terms, (ii) the Underlying Value_{xy} on the Underlying Observation Date₁ or (iii) or the Underlying Value_z on the Underlying Observation Date₁ or, where Underlying_{Observation1} is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Underlying Value_{xy} or, as applicable, the Underlying Value_z determined in accordance with Standard Digital to Participation Interest Payoff Condition 24.3 below.

Underlying_{Observation2} means, with respect to an Interest Accrual Period, (i) the level, percentage, number, price or amount specified in the applicable Final Terms or (ii) the Underlying Value_{xy} on the Underlying Observation Date₂ or (iii) or the Underlying Value_z on the Underlying Observation Date₂ or, where Underlying_{Observation1} is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Underlying Value_{xy} or, as applicable, the Underlying Value_z determined in accordance with Standard Digital to Participation Interest Payoff Condition 24.3 below.

Underlying Observation Date means Underlying Observation Date₁ or Underlying Observation Date₂.

Underlying Observation Date₁ means, with respect to an Interest Accrual Period, the date specified as such in the applicable Final Terms, which may be a date falling such number of Business Days immediately preceding the first or last day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Observation Date₂ means, with respect to an Interest Accrual Period, the date specified as such in the applicable Final Terms, which may be a date falling such number of Business Days

immediately preceding the first or last day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Value means, with respect to an Interest Observation Date, an Underlying Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_{xy} means:

- (a) the Underlying Value of the Underlying_{xy}; or
- (b) if a combination of an Underlying_x and an Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the algebraical difference between the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Subtraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the product of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the quotient of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y.

Underlying Value_z means the Underlying Value of the Underlying_z.

Upper Limit means the percentage or number specified as such in the applicable Final Terms.

24.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Digital to Participation Interest is applicable in respect of such Interest Accrual Period shall be calculated as:

- (i) if the Underlying Value_{xy} is within Range_A on each Interest Observation Date falling within the Interest Observation Period, equal to Fixed Rate₁; or
- (ii) if the Underlying Value_{xy} is within Range_B on each Interest Observation Date falling within the Interest Observation Period, equal to Fixed Rate₂; or
- (iii) if the Underlying Value_{xy} is within Range_C on each Interest Observation Date falling within the Interest Observation Period, equal to Fixed Rate₃; or
- (iv) if the Underlying Value_{xy} is within Range_D on each Interest Observation Date falling within the Interest Observation Period, equal to Fixed Rate₄; or
- (v) if the Underlying Value_{xy} is within Range_E on each Interest Observation Date falling within the Interest Observation Period, equal to Fixed Rate₅; or
- (vi) if the Underlying Value_{xy} is within Range_F on each Interest Observation Date falling within the Interest Observation Period, equal to Fixed Rate₆; or
- (vii) otherwise, equal to:

$$\text{Min} \left(\text{Cap}, \text{Max} \left(\text{Floor}, \text{Leverage} \times \left(\frac{\text{Underlying}_{\text{Observation 1}}}{\text{Underlying}_{\text{Observation 2}}} + \text{Margin} \right) \right) \right)$$

and expressed as a percentage.

- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Digital to Participation Interest is applicable as a relevant Standard Interest Payoff_x, as applicable, for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard Digital to Participation Interest Payoff Condition 24.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x.

24.3 Relevant Observation

Where, in relation to these Standard Digital to Participation Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of Underlying_{Observation1} and/or Underlying_{Observation2}, references in these Standard Digital to Participation Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Digital to Participation Interest Payoff Condition 24.1 above) shall, for the purposes of determining Underlying_{Observation1} and/or Underlying_{Observation2} and/or Underlying Value_{xy}, as the case may be, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Digital to Participation Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;

- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part A: Chapter 25: Standard Knock-out Range Accrual Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Knock-out Range Accrual Interest to be applicable.

*The following terms and conditions (the **Standard Knock-out Range Accrual Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Knock-out Range Accrual Interest (the **Standard Knock-out Range Accrual Interest**) is applicable. These Standard Knock-out Range Accrual Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Knock-out Range Accrual Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

25 STANDARD KNOCK-OUT RANGE ACCRUAL INTEREST

The Linked Interest Rate is calculated as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Margin₂ added to the result of (A) Accrual Factor multiplied by (B) Leverage multiplied by the Global Underlying Value on the Interest Observation Date added to Margin₁. The Accrual Factor is calculated as (a) if an Accrual Factor Knock-out Event has not occurred, the number of Range Accrual Days during the relevant Accrual Factor Observation Period on which the Underlying Value_{xy} is within the relevant Range divided by the total number of Range Accrual Days in the relevant Accrual Factor Observation Period or (b) if an Accrual Factor Knock-out Event has occurred, the number of Range Accrual Days in the relevant Knock-out Event Observation Period on which the Underlying Value_{xy} is within the relevant Range divided by the total number of Range Accrual Days in the relevant Knock-out Event Observation Period. An Accrual Factor Knock-out Event occurs if the Underlying Value_{xy} is not within the Accrual Factor Knock-out Range on (i) (if 'Any Accrual Factor Event Day' is applicable) any Accrual Factor Event Day falling in the Accrual Factor Observation Period, or (ii) (if 'Specific Accrual Factor Event Day' is applicable) each Accrual Factor Event Days falling in the Accrual Factor Observation Period. Subject as provided below, the Global Underlying Value reflects the price, level or rate of the Global Underlying or (if a combination of a Global Underlying_x and a Global Underlying_y is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Global Underlying_x and the price, level or rate of the Global Underlying_y. Subject as provided below, the Underlying Value_{xy} reflects the price, level or rate of the Underlying_{xy} or (if a combination of an Underlying_x and an Underlying_y is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Underlying_x and the price, level or rate of the Underlying_y (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying may therefore affect the Linked Interest Rate since (i) the value of the Underlying_{xy} (or, as applicable, the relevant Underlying_x and Underlying_y) affects if an Accrual Factor Knock-out Event has occurred which itself affects the period over which the Accrual Factor is calculated (ii) the value of the Underlying_{xy} (or, as applicable, the relevant Underlying_x and Underlying_y) affects the value of the Accrual Factor which is used as a component of the formula used to calculate the Linked Interest Rate and (iii) the value of the Global Underlying (or, as applicable, the Global Underlying_x and the Global Underlying_y) is used as a separate component in the formula used to calculate the Linked Interest Rate.

Where, in relation to these Standard Knock-out Range Accrual Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Global Underlying Value and/or Underlying Value_{xy}, the Underlying Value may for the purposes of determining the Global Underlying Value and/or Underlying Value_{xy} be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

25.1 Definitions and interpretation

For the purposes of these Standard Knock-out Range Accrual Interest Payoff Conditions, the following terms shall have the following meanings:

Accrual Factor means, with respect to an Interest Accrual Period, (i) if an Accrual Factor Knock-out Event has not occurred, the number of Range Accrual Days in the relevant Accrual Factor Observation Period in respect of which the relevant Underlying Value_{xy} was within the Range, divided by the total number of Range Accrual Days in such Accrual Factor Observation Period, or (ii) if an Accrual Factor Knock-out Event has occurred, the number of Range Accrual Days in the relevant Knock-out Event Observation Period in respect of which the relevant Underlying Value_{xy} was within the Range, divided by the total number of Range Accrual Days in such Knock-out Event Observation Period, in each case as determined by the Calculation Agent. For the purposes hereof, (and where Range Accrual Days are expressed in the applicable Final Terms as falling on calendar days which may not be Business Days) the Underlying Value in respect of any Range Accrual Day which is not a Business Day shall be deemed to be the Underlying Value_{xy} in respect of either the immediately preceding or the immediately following Business Day, as specified in the applicable Final Terms.

Accrual Factor Event Day means, with respect to an Accrual Factor Observation Period, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days immediately preceding the first or last day of such Accrual Factor Observation Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Accrual Factor Knock-out Event means, in respect of an Interest Accrual Period, that the Underlying Value is not within the Accrual Factor Knock-out Range on (i) if 'Any Accrual Factor Event Day' is specified in the applicable Final Terms, any Accrual Factor Event Day falling in the Accrual Factor Observation Period, or (ii) if 'Specific Accrual Factor Event Day' is specified in the applicable Final Terms, each Accrual Factor Event Day falling in the Accrual Factor Observation Period.

Accrual Factor Knock-out Range or Range means any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms.

Accrual Factor Observation Period means, in respect of an Interest Accrual Period, the period from and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first day of the relevant Interest Accrual Period to and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the last day of that Interest Accrual Period.

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Global Underlying means the Underlying specified as such in the applicable Final Terms. For the avoidance of doubt, the Global Underlying and the Underlying_{xy} or (if applicable) Underlying_x and Underlying_y, together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Global Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Global Underlying_x, Global Underlying_y and the Underlying_{xy}

or (if applicable) Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Global Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Global Underlying_x, Global Underlying_y and the Underlying_{xy} or (if applicable) Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Global Underlying Value means:

- (a) the Underlying Value of the Global Underlying on an Interest Observation Date; or
- (b) if a combination of a Global Underlying_x and a Global Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Global Underlying_x and the Underlying Value of such Global Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y; or
 - the algebraical difference between the Underlying Value of such Global Underlying_x and the Underlying Value of such Global Underlying_y, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y; or
 - the product of the Underlying Value of such Global Underlying_x by the Underlying Value of such Global Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y; or
 - the quotient of the Underlying Value of such Global Underlying_x by the Underlying Value of such Global Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Date means, in respect of an Interest Accrual Period, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days immediately preceding the first or last day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Knock-out Event Observation Period means, in respect of an Interest Accrual Period, the period from and including the date on which the relevant Accrual Factor Observation Period starts on, to and including the first Accrual Factor Event Day on which an Accrual Factor Knock-out Event occurs during the relevant Accrual Factor Observation Period.

Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Lower Limit means the percentage or number specified as such in the applicable Final Terms and corresponding to the Accrual Factor Knock-out Range or Range, as applicable.

Margin₁ or **Margin₂** means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Range₁ means that on the relevant Range Accrual Day or Accrual Factor Event Day, as applicable, the Underlying Value_{xy} is greater than or equal to the relevant Lower Limit and lower than or equal to the relevant Upper Limit.

Range₂ means that on the relevant Range Accrual Day or Accrual Factor Event Day, as applicable, the Underlying Value_{xy} is greater than the relevant Lower Limit and lower than the relevant Upper Limit.

Range₃ means that on the relevant Range Accrual Day or Accrual Factor Event Day, as applicable, the Underlying Value_{xy} is greater than or equal to the relevant Lower Limit and lower than the relevant Upper Limit.

Range₄ means that on the relevant Range Accrual Day or Accrual Factor Event Day, as applicable, the Underlying Value_{xy} is greater than the relevant Lower Limit and lower than or equal to the relevant Upper Limit.

Range₅ means that on the relevant Range Accrual Day or Accrual Factor Event Day, as applicable, the Underlying Value_{xy} is lower than the relevant Lower Limit or greater than the relevant Upper Limit.

Range₆ means that on the relevant Range Accrual Day or Accrual Factor Event Day, as applicable, the Underlying Value_{xy} is lower than or equal to the relevant Lower Limit or greater than or equal to the relevant Upper Limit.

Range Accrual Day means, with respect to an Accrual Factor Observation Period, each date specified as a Range Accrual Day in the applicable Final Terms, which may be each Business Day, each calendar day, each calendar day or Business Day within a week, each calendar day or Business Day within a month, or any other day, falling within such Accrual Factor Observation Period. Each Range Accrual Day shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y and the Global Underlying or, if applicable, Global Underlying_x and Global Underlying_y, together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{xy} means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_{xy} and the Global Underlying or, if applicable, Global Underlying_x

and Global Underlying_y, together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y and the Global Underlying or, if applicable, Global Underlying_x and Global Underlying_y, together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Range Accrual Day, an Accrual Factor Knock Event Day, an Interest Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_{xy} means:

- (a) the Underlying Value of the Underlying_{xy}; or
- (b) if a combination of an Underlying_x and an Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the algebraical difference between the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Subtraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the product of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the quotient of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y.

Upper Limit means the percentage or number specified as such in the applicable Final Terms and corresponding to the Accrual Factor Knock-out Range or Range, as applicable.

25.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Knock-out Range Accrual Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Min} \left(\text{Cap}, \text{Max} \left(\text{Floor}, \left(\text{Leverage} \times \text{Global Underlying Value} + \text{Margin}_1 \right) \times \text{Accrual Factor} + \text{Margin}_2 \right) \right)$$

and expressed as a percentage.

- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Knock-out Range Accrual Interest is applicable as a relevant Standard Interest Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard Knock-out Range Accrual Interest Payoff Condition 25.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x.

25.3 Relevant Observation

Where, in relation to these Standard Knock-out Range Accrual Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Global Underlying Value and/or Underlying Value_{xy}, references in these Standard Knock-out Range Accrual Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Knock-out Range Accrual Interest Payoff Condition 25.1 above) shall, for the purposes of determining the Global Underlying Value and/or Underlying Value_{xy}, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Knock-out Range Accrual Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part A: Chapter 26: Standard Product Basket Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Product Basket Interest to be applicable.

*The following terms and conditions (the **Standard Product Basket Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Product Basket Interest (the **Standard Product Basket Interest**) is applicable. These Standard Product Basket Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Product Basket Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

26 STANDARD PRODUCT BASKET INTEREST

The Linked Interest Rate is calculated as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) the result of Product Basket Observation₂ subtracted from Product Basket Observation₁ divided by Product Basket Observation₁. The Product Basket Observation₁ means the Basket Value in respect of the Underlying Observation Date₁ and the Product Basket₂ means the Basket Value in respect of the Underlying Observation Date₂. Subject as provided below, the Basket Value is the result of the Ratio multiplied by the product of each Underlying Value_i exponentiated to the corresponding Weight_i. Subject as provided below, the Underlying Value_i reflects the price, level or rate of the relevant Underlying_i or (if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the relevant Underlying_{ix} and the price, level or rate of the relevant Underlying_{iy} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying_i or, as applicable, each Underlying_{ix} and Underlying_{iy}, on each relevant date may therefore be used as a component in this calculation and each may therefore affect the Linked Interest Rate, subject to the Cap and the Floor.

Where, in relation to these Standard Product Basket Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of in respect of any Underlying(s) comprising the Basket and with respect to the Product Basket Observation₂ and/or the Product Basket Observation₁, the Underlying Value in respect of such Underlying(s) may be determined for such purposes by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

26.1 Definitions and interpretation

For the purposes of these Standard Product Basket Interest Payoff Conditions, the following terms shall have the following meanings:

Basket Value means, with respect to an Interest Observation Date or Relevant Timing, as the case may be,

$$\text{Ratio} \times \prod_{i=1}^{i=n} ((\text{Underlying Value}_i)^{\text{Weight}_i})$$

on such date where, in respect of an Interest Observation Date, Underlying Value_i is determined in respect of the corresponding Underlying Observation Dates.

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Date means an Underlying Observation Date₁ or an Underlying Observation Date₂, as applicable.

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

n means the total number of Underlying_i.

Product Basket Observation₁ means the Basket Value on the Underlying Observation Date₁ or, where Product Basket Observation₁ is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Basket Value determined in accordance with Standard Product Basket Interest Payoff Condition 26.3 below.

Product Basket Observation₂ means the Basket Value on the Underlying Observation Date₂ or, where Product Basket Observation₂ is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Basket Value determined in accordance with Standard Product Basket Interest Payoff Condition 26.3 below.

Ratio means the ratio specified as such in the applicable Final Terms.

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms, each an Underlying.

Underlying_i means an Underlying corresponding to an i, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Observation Date means with respect to an Underlying and an Interest Observation Date, each date specified as such in the applicable Final Terms and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Observation Date₁ means, with respect to an Interest Accrual Period, each date specified as such in the applicable Final Terms or, alternatively, the date falling such number of Business Days immediately preceding the last day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Observation Date₂ means, with respect to an Interest Accrual Period, each date specified as such in the applicable Final Terms or, alternatively, the date falling such number of Business Days immediately preceding the first day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Value means, with respect to an Underlying Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (a) the Underlying Value of an Underlying_i; or
- (b) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or

- the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

(Underlying Value_i)^{Weight_i} means Underlying Value_i exponentiated to the power of the corresponding Weight_i.

Weight means the number or percentage specified as such in the applicable Final Terms.

Weight_i means each Weight corresponding to an i as specified in the applicable Final Terms.

$\prod_{i=1}^n$ means the multiplication of each of the values which follow in brackets.

26.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Product Basket Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Min} \left(\text{Cap}, \text{Max} \left(\text{Floor}, \left(\frac{\text{Product Basket Observation}_1 - \text{Product Basket Observation}_2}{\text{Product Basket Observation}_1} \right) \right) \right)$$

and expressed as a percentage.

- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Product Basket Interest is applicable as a relevant Standard Interest Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard Product Basket Interest Payoff Condition 26.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x.

26.3 Relevant Observation

Where, in relation to these Standard Product Basket Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying(s) in the Basket and in respect of the Product Basket Observation₂ and/or the Product Basket Observation₁, references in these Standard Product Basket Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Product Basket Interest Payoff Condition 26.1 above) shall, for the purposes of determining the Underlying Value of any such Underlying(s) and in respect of the Product Basket Observation₂ and/or the Product Basket Observation₁, as the case may be, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Product Basket Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;

- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part A: Chapter 27: Standard Multi Fixed Basket Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Multi Fixed Basket Interest to be applicable.

*The following terms and conditions (the **Standard Multi Fixed Basket Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Multi Fixed Basket Interest (the **Standard Multi Fixed Basket Interest**) is applicable. These Standard Multi Fixed Basket Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Multi Fixed Basket Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

27 STANDARD MULTI FIXED BASKET INTEREST

The Linked Interest Rate is calculated as (a) if the Underlying Value of each Underlying_i is within the Underlying Value_i Range on the relevant Interest Observation Date, being Fixed Rate₁ or (b) if the Underlying Value of any Underlying_j is within the Underlying Value_j Range on the relevant Interest Observation Date, being Fixed Rate₂ or (c) otherwise, being Fixed Rate₃. Subject as provided below, the Underlying Value reflects the price, level or rate of the relevant Underlying (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the various Underlying_i or Underlying_j may each therefore affect which fixed rate is used to calculate the Linked Interest Rate applicable to the Securities.

Where, in relation to these Standard Multi Fixed Basket Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value, the Underlying Value may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

27.1 Definitions and interpretation

For the purposes of these Standard Multi Fixed Basket Interest Payoff Conditions, the following terms shall have the following meanings:

Fixed Rate₁, Fixed Rate₂ or Fixed Rate₃ means the rate specified as such in the applicable Final Terms.

i or j mean a number, which corresponds to an item specified as such in the applicable Final Terms.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Date means, in respect of an Interest Accrual Period, each date specified as such in the applicable Final Terms or, alternatively, the date falling such number of Business Days immediately preceding the first or last day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Lower Limit_i or Lower Limit_j means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i or Underlying_j.

Range means, in respect of each Underlying_i or Underlying_j, any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms for such Underlying.

Range₁ means that on the relevant Interest Observation Date each Underlying Value_i or Underlying Value_j is greater than or equal to the Lower Limit_i or Lower Limit_j and lower than or equal to the Upper Limit_i or Upper Limit_j, in each case, as the case may be.

Range₂ means that on the relevant Interest Observation Date each Underlying Value_i or Underlying Value_j is greater than the Lower Limit_i or Lower Limit_j and lower than the Upper Limit_i or Upper Limit_j, in each case, as the case may be.

Range₃ means that on the relevant Interest Observation Date each Underlying Value_i or Underlying Value_j is greater than or equal to the Lower Limit_i or Lower Limit_j and lower than the Upper Limit_i or Upper Limit_j, in each case, as the case may be.

Range₄ means that on the relevant Interest Observation Date each Underlying Value_i or Underlying Value_j is greater than the Lower Limit_i or Lower Limit_j and lower than or equal to the Upper Limit_i or Upper Limit_j, in each case, as the case may be.

Range₅ means that on the relevant Interest Observation Date each Underlying Value_i or Underlying Value_j is lower than the Lower Limit_i or Lower Limit_j or greater than the Upper Limit_i or Upper Limit_j, in each case, as the case may be.

Range₆ means that on the relevant Interest Observation Date each Underlying Value_i or Underlying Value_j is lower than or equal to the Lower Limit_i or Lower Limit_j or greater than or equal to the Upper Limit_i or Upper Limit_j, in each case, as the case may be.

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms, each an Underlying.

Underlying_i and **Underlying_j** means an Underlying corresponding to an i and j number, respectively, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions), all Underlying_j together constitute a Basket or a Multi-Asset Basket, as applicable and all Underlying_i and Underlying_j together will constitute a Basket or a Multi-Asset Basket, as applicable.

Underlying Value means, with respect to an Interest Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means the Underlying Value of an Underlying_i.

Underlying Value_j means the Underlying Value of an Underlying_j.

Underlying Value_i Range means the Range specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i.

Underlying Value_j Range means the Range specified as such in the applicable Final Terms and corresponding to the relevant Underlying_j.

Upper Limit_i or **Upper Limit_j** means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i or Underlying_j.

27.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Multi Fixed Basket Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:
- (i) if each Underlying Value_i is within the Underlying Value_i Range on the relevant Interest Observation Date, Fixed Rate₁; or
 - (ii) if any (but not all) Underlying Value_j is within the Underlying Value_j Range on the relevant Interest Observation Date, Fixed Rate₂; or
 - (iii) otherwise, Fixed Rate₃.
- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Multi Fixed Basket Interest is applicable as a relevant Standard Interest Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard Multi Fixed Basket Interest Payoff Condition 27.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x.

27.3 Relevant Observation

Where, in relation to these Standard Multi Fixed Basket Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value, references in these Standard Multi Fixed Basket Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Multi Fixed Basket Interest Payoff Condition 27.1 above) shall, for the purposes of determining the Underlying Value of the Underlying, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Multi Fixed Basket Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;

- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part A: Chapter 28: Standard Fixed Range Accrual Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Fixed Range Accrual Interest to be applicable.

*The following terms and conditions (the **Standard Fixed Range Accrual Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Fixed Range Accrual Interest (the **Standard Fixed Range Accrual Interest**) is applicable. These Standard Fixed Range Accrual Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Fixed Range Accrual Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

28 STANDARD FIXED RANGE ACCRUAL INTEREST

The Linked Interest Rate is calculated as (A) in the case of Linear type of Range Accrual payoff, Fixed Rate multiplied by Accrual Factor and as (B) in the case of Non-linear type of Range Accrual payoff, the Fixed Rate (n) applicable to the n calculated for that Interest Observation Period. The Accrual Factor is a number calculated by dividing (x) the product of a and n minus the product of b and N by (y) N. a and b are numbers specified in the applicable Final Terms, n is the number of Range Accrual Days during the relevant Interest Observation Period on which each Underlying Value_i is within the Underlying Value_i Range and N is the total number of Range Accrual Days in the relevant Interest Observation Period. Subject as provided below, the Underlying Value_i reflects the price, level or rate of the relevant Underlying_i or (if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the relevant Underlying_{ix} and the price, level or rate of the relevant Underlying_{iy} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of each Underlying_i or, as applicable, each Underlying_{ix} and Underlying_{iy}, will therefore affect the value of the Accrual Factor which is used as a component of the formula used to calculate the Linked Interest Rate.

Where, in relation to these Standard Fixed Range Accrual Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value, the Underlying Value may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

28.1 Definitions and interpretation

For the purposes of these Standard Fixed Range Accrual Interest Payoff Conditions, the following terms shall have the following meanings:

a means the number specified as such in the applicable Final Terms. If a is specified as 'not applicable', a shall be 1.

Accrual Factor means, with respect to an Interest Accrual Period:

$$\frac{a \times n - b \times N}{N}$$

b means the number specified as such in the applicable Final Terms. If b is specified as 'not applicable', b shall be 0.

Fixed Rate means the rate specified as such in the applicable Final Terms.

Fixed Rate (n) means the rate specified for each “n” in the applicable Final Terms.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Period means, in respect of an Interest Accrual Period, the period from and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first day of the relevant Interest Accrual Period to and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the last day of that Interest Accrual Period.

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Interest Observation Period Cut-Off Date means the date as specified in the applicable Final Terms.

Lower Limit_i means, in respect of a Range Accrual Day in an Interest Observation Period, the percentage, number or a percentage of a previous Underlying Value as specified in the applicable Final Terms and corresponding to an Underlying_i (or, as applicable, to Underlying_{ix} and Underlying_{iy}), which specification may be of the following type:

Range Accrual Day	Lower Limit (i)
First Range Accrual Day	[Fixed percentage or number]
Subsequent Range Accrual Day	A percentage of Underlying Value (i) on the immediately preceding Range Accrual Day

n means the number of Range Accrual Days in the relevant Interest Observation Period in respect of which each Underlying Value_i is within the Underlying Value_i Range, as determined by the Calculation Agent. For the purposes hereof, (and where Range Accrual Days are expressed in the applicable Final Terms as falling on calendar days which may not be Business Days) the Underlying Value in respect of any Range Accrual Day which is not a Business Day shall be deemed to be the Underlying Value in respect of either the immediately preceding or the immediately following Business Day, as specified in the applicable Final Terms.

N means the total number of Range Accrual Days in the relevant Interest Observation Period, as determined by the Calculation Agent.

Range means any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms.

Range₁ means that on the relevant Range Accrual Day the Underlying Value_i is greater than or equal to the Lower Limit_i and lower than or equal to the Upper Limit_i.

Range₂ means that on the relevant Range Accrual Day the Underlying Value_i is greater than the Lower Limit_i and lower than the Upper Limit_i.

Range₃ means that on the relevant Range Accrual Day the Underlying Value_i is greater than or equal to the Lower Limit_i and lower than the Upper Limit_i.

Range₄ means that on the relevant Range Accrual Day the Underlying Value_i is greater than the Lower Limit_i and lower than or equal to the Upper Limit_i.

Range₅ means that on the relevant Range Accrual Day the Underlying Value_i is lower than the Lower Limit_i or greater than the Upper Limit_i.

Range₆ means that on the relevant Range Accrual Day the Underlying Value_i is lower than or equal to the Lower Limit_i or greater than or equal to the Upper Limit_i.

Range Accrual Day means, with respect to an Interest Observation Period and an Underlying_i (or, as applicable, an Underlying_{ix} and an Underlying_{iy}), each date specified as a Range Accrual Day in the applicable Final Terms, which may be each Business Day, each calendar day, each calendar day or Business Day within a week, each calendar day or Business Day within a month, or any other day, falling within such Interest Observation Period. Each Range Accrual Day shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_i means an Underlying corresponding to an i, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Range Accrual Day or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price,

provided that if an Interest Observation Period Cut-Off Date is specified in the applicable Final Terms, the Underlying Value in respect of any Range Accrual Day falling on or after the Interest Observation Period Cut-Off Date shall be deemed to be the Underlying Value in respect of the Range Accrual Day falling on such Interest Observation Period Cut-Off Date.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (c) the Underlying Value of an Underlying_i; or
- (d) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

Underlying Value_i Range means the Range specified as such in the applicable Final Terms and corresponding to an Underlying_i (or, as applicable, the relevant Underlying_{ix} and Underlying_{iy}).

Upper Limit_i means, in respect of any Range Accrual Day in an Interest Observation Period, the percentage, number or a percentage of a previous Underlying Value as specified in the applicable Final Terms and corresponding to an Underlying_i (or, as applicable, to Underlying_{ix} and Underlying_{iy}), which may be of the following type:

Range Accrual Day	Lower Limit (i)
First Range Accrual Day	[Fixed percentage or number]
Subsequent Range Accrual Day	A percentage of Underlying Value (i) on the immediately preceding Range Accrual Day

28.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Fixed Range Accrual Interest is applicable in respect of such Interest Accrual Period and
 - (i) in respect to which *Linear* is specified as applicable in the Final Terms shall be calculated as follows:

$$\text{Fixed Rate} \times \text{Accrual Factor}$$

and expressed as a percentage;

(ii) in respect to which *Non-linear* is specified as applicable in the Final Terms shall be calculated as follows:

Fixed Rate (n) for the n applicable in respect of such Interest Accrual Period.

- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Fixed Range Accrual Interest is applicable as a relevant Standard Interest Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard Fixed Range Accrual Interest Payoff Condition 28.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x.

28.3 Relevant Observation

Where, in relation to these Standard Fixed Range Accrual Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value, references in these Standard Fixed Range Accrual Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Fixed Range Accrual Interest Payoff Condition 28.1 above) shall, for the purposes of determining the Underlying Value of the Underlying Value, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Fixed Range Accrual Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part A: Chapter 29: Standard ABF Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard ABF Interest to be applicable.

*The following terms and conditions (the Standard ABF Interest Payoff Conditions) shall apply to the Securities if the applicable Final Terms indicate that Standard ABF Interest (the **Standard ABF Interest**) is applicable. These Standard ABF Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard ABF Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

29 STANDARD ABF INTEREST

The Linked Interest Rate is calculated as Global Leverage multiplied by (a) the FX Conversion Factor and (b) the sum of (i) the result of Accrual Factor₁ multiplied by Leverage₁ and (ii) the result of Accrual Factor₂ multiplied by Leverage₂.

An Accrual Factor is calculated as the number of Range Accrual Days during the relevant Interest Observation Period on which the relevant Underlying Value_{xy} is within the relevant Range divided by the total number of Range Accrual Days in the relevant Interest Observation Period. Subject as provided below, the Underlying Value_{xy} reflects the price, level or rate of the Underlying or (if a combination of an Underlying_x and an Underlying_y is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Underlying_x and the price, level or rate of the Underlying_y (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying (or, as applicable, the relevant Underlying_x and Underlying_y) may therefore affect the Linked Interest Rate since the value of the Underlying affects the value of the Accrual Factor, which is used as a component of the formula used to calculate the Linked Interest Rate.

Where, in relation to these Standard ABF Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value, the Underlying Value may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

29.1 Definitions and interpretation

For the purposes of these Standard ABF Interest Payoff Conditions, the following terms shall have the following meanings:

Accrual Factor₁ means, with respect to an Interest Accrual Period, the number of Range Accrual Days in the relevant Interest Observation Period in respect of which the Underlying Value_{xy} was within Range_a, divided by the total number of Range Accrual Days in such Interest Observation Period, in each case as determined by the Calculation Agent. For the purposes hereof, (and where Range Accrual Days are expressed in the applicable Final Terms as falling on calendar days which may not be Business Days) the Underlying Value_{xy} in respect of any Range Accrual Day which is not a Business Day shall be deemed to be the Underlying Value_{xy} in respect of either the immediately preceding or the immediately following Business Day, as specified in the applicable Final Terms.

Accrual Factor₂ means, with respect to an Interest Accrual Period, the number of Range Accrual Days in the relevant Interest Observation Period in respect of which the Underlying Value_{xy} was within Range_b, divided by the total number of Range Accrual Days in such Interest Observation Period, in

each case as determined by the Calculation Agent. For the purposes hereof, (and where Range Accrual Days are expressed in the applicable Final Terms as falling on calendar days which may not be Business Days) the Underlying Value_{xy} in respect of any Range Accrual Day which is not a Business Day shall be deemed to be the Underlying Value_{xy} in respect of either the immediately preceding or the immediately following Business Day, as specified in the applicable Final Terms.

Base Currency has the meaning set out in Annex 1 Chapter 3 (*Asset Conditions: FX Linked Asset Conditions*).

Basis of Determination has the meaning set out in Annex 1 Chapter 3 (*Asset Conditions: FX Linked Asset Conditions*).

FX Conversion Factor means either one (1) or the FX Strike Level divided by the FX Final Value, as specified in the Final Terms.

FX Final Value means, in respect of the Reference Currency, the exchange rate of one currency for another currency expressed as a number of units of the Reference Currency (or fractional amounts thereof) per unit of the Base Currency, which is either:

- (i) specified in the applicable Final Terms observed by the Calculation Agent on the FX Price Source at approximately the applicable Valuation Time on the Final FX Observation Date and by reference to the Basis of Determination (if any) set out in the applicable Final Terms; or
- (ii) if "Calculation Agent FX Rate Determination" is specified in the applicable Final Terms, based on any price determined by the Calculation Agent in its sole and absolute discretion (if FX Price Source is specified as "Not Applicable as Calculation Agent FX Determination applies" in the applicable Final Terms), at approximately the applicable Valuation Time on the Final FX Observation Date.

Final FX Observation Date means, with respect to an Interest Accrual Period, each date specified as such in the applicable Final Terms or, alternatively, the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the last day of such Interest Accrual Period and each such date shall be deemed to be an 'Observation Date' for the purposes of the FX Linked Asset Conditions.

FX Price Source has the meaning set out in Annex 1 Chapter 3 (*Asset Conditions: FX Linked Asset Conditions*).

FX Strike Level means the percentage or number specified as such in the applicable Final Terms.

Global Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Date means, in respect of an Interest Accrual Period, each date specified as such in the applicable Final Terms or, alternatively, the date falling such number of Business Days immediately preceding the first or last day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Interest Observation Period means, in respect of an Interest Accrual Period, the period from and including the date falling such number of Business Days specified in the applicable Final Terms

immediately preceding the first day of the relevant Interest Accrual Period to and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the last day of that Interest Accrual Period.

Interest Observation Period Cut-Off Date means the date as specified in the applicable Final Terms.

Leverage₁ means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Leverage₂ means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Lower Range Accrual Level means the percentage or number specified as such in the applicable Final Terms.

Range means any of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms.

Range_a means the relevant Range specified as such in the applicable Final Terms.

Range_b means the relevant Range specified as such in the applicable Final Terms.

Range₁ means that on the relevant Range Accrual Day the Underlying Value_{xy} is greater than or equal to the Lower Range Accrual Level and lower than or equal to the Upper Range Accrual Level.

Range₂ means that on the relevant Range Accrual Day the Underlying Value_{xy} is greater than the Lower Range Accrual Level and lower than the Upper Range Accrual Level.

Range₃ means that on the relevant Range Accrual Day the Underlying Value_{xy} is greater than or equal to the Lower Range Accrual Level and lower than the Upper Range Accrual Level.

Range₄ means that on the relevant Range Accrual Day the Underlying Value_{xy} is greater than the Lower Range Accrual Level and lower than or equal to the Upper Range Accrual Level.

Range₅ means that on the relevant Range Accrual Day the Underlying Value_{xy} is lower than the Lower Range Accrual Level or greater than the Upper Range Accrual Level.

Range₆ means that on the relevant Range Accrual Day the Underlying Value_{xy} is lower than or equal to the Lower Range Accrual Level or greater than or equal to the Upper Range Accrual Level.

Range Accrual Day means, with respect to an Interest Observation Period, each date specified as a Range Accrual Day in the applicable Final Terms, which may be each Business Day, each calendar day, each calendar day or Business Day within a week, each calendar day or Business Day within a month, or any other day, falling within such Interest Observation Period. Each Range Accrual Day shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Reference Currency has the meaning set out in Annex 1 Chapter 3 (*Asset Conditions: FX Linked Asset Conditions*).

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Range Accrual Day, an Interest Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price,

provided that if an Interest Observation Period Cut-Off Date is specified in the applicable Final Terms, the Underlying Value in respect of any Range Accrual Day falling on or after the Interest Observation Period Cut-Off Date shall be deemed to be the Underlying Value in respect of the Range Accrual Day falling on such Interest Observation Period Cut-Off Date.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_{xy} means:

- (a) the Underlying Value of the Underlying; or
- (b) if a combination of an Underlying_x and an Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the algebraical difference between the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the product of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or

- the quotient of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y.

Upper Range Accrual Level means the percentage or number specified as such in the applicable Final Terms.

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Linked Interest Rate, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

Valuation Time has the meaning set out in Annex 1 Chapter 3 (*Asset Conditions: FX Linked Asset Conditions*).

29.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard ABF Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\frac{\text{Global Leverage} \times \text{FX Conversion Factor}}{\left((\text{Leverage}_1 \times \text{Accrual Factor}_1) + (\text{Leverage}_2 \times \text{Accrual Factor}_2) \right)}$$

and expressed as a percentage.

- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard ABF Interest is applicable as a relevant Standard Interest Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard ABF Interest Payoff Condition 29.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x.

29.3 Relevant Observation

Where, in relation to these Standard ABF Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value, references in these Standard ABF Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard ABF Interest Payoff Condition 29.1 above) shall, for the purposes of determining the Underlying Value of the Underlying, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard ABF Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or

- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part A: Chapter 30: Standard Worst of Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Worst of Interest to be applicable.

The following terms and conditions (the Standard Worst of Interest Payoff Conditions) shall apply to the Securities if the applicable Final Terms indicate that Standard Worst of Interest (the Standard Worst of Interest) is applicable. These Standard Worst of Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.

All capitalised terms that are not defined in these Standard Worst of Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

30 STANDARD WORST OF INTEREST

The Linked Interest Rate is calculated as (a) if the Worst of Performance with respect to the relevant Interest Accrual Period is within the applicable Range on each relevant Interest Observation Date, the Absolute Value, if applicable, of the Worst of Performance or (b) if the Worst of Performance with respect to the relevant Interest Accrual Period is not within the applicable Range on each relevant Interest Observation Date, the Worst of Performance. Subject as provided below, the Worst of Performance with respect to an Interest Accrual Period is the lesser of (i) the result of Underlying Value_i on the Underlying Observation Date₁ divided by Underlying Value_i on the Underlying Observation Date₂, minus one and (ii) the result of Underlying Value_j on the Underlying Observation Date₁ divided by Underlying Value_j on the Underlying Observation Date₂, minus one.

Where, in relation to these Standard Worst of Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value_{1i}, the Underlying Value_{1j}, the Underlying Value_{2i} and/or the Underlying Value_{2j}, the Underlying Value may for the purposes of determining the Underlying Value_{1i}, the Underlying Value_{1j}, the Underlying Value_{2i} and/or the Underlying Value_{2j}, as the case may be, be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

30.1 Definitions and interpretation

For the purposes of these Standard Worst of Interest Payoff Conditions, the following terms shall have the following meanings:

Absolute Value means, if applicable, in respect of a number, its non-negative value without regard to its sign. For example, the Absolute Value of -10 is 10.

Interest Observation Date means, in respect of an Interest Accrual Period and an Underlying, each date specified as such in the applicable Final Terms, or alternatively, the date falling such number of Business Days immediately preceding the first or last day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Lower Limit_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i.

Lower Limit_j means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_j.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Min}(X,Y)$ means whichever is the lesser of component X and component Y.

Range means any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms for the relevant Underlying_i or Underlying_j.

Range₁ means that on the relevant Interest Observation Date, Underlying Value_i is greater than or equal to the Lower Limit and lower than or equal to the Upper Limit.

Range₂ means that on the relevant Interest Observation Date, Underlying Value_i is greater than the Lower Limit and lower than the Upper Limit.

Range₃ means that on the relevant Interest Observation Date, Underlying Value_i is greater than or equal to the Lower Limit and lower than the Upper Limit.

Range₄ means that on the relevant Interest Observation Date, Underlying Value_i is greater than the Lower Limit and lower than or equal to the Upper Limit.

Range₅ means that on the relevant Interest Observation Date, Underlying Value_i is lower than the Lower Limit or greater than the Upper Limit.

Range₆ means that on the relevant Interest Observation Date, Underlying Value_i is lower than or equal to the Lower Limit or greater than or equal to the Upper Limit.

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_i and **Underlying_j** means an Underlying corresponding to an i and j number, respectively, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions), all Underlying_j together constitute a Basket or a Multi-Asset Basket, as applicable, and all Underlying_i and Underlying_j together will constitute a Basket or a Multi-Asset Basket, as applicable.

Underlying Observation Date₁ means, with respect to an Interest Accrual Period and an Underlying, each date specified as such in the applicable Final Terms or, alternatively, the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the last day of such Interest Accrual Period as specified in the applicable Final Terms and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Observation Date₂ means each date specified as such in the applicable Final Terms and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Value means, with respect to an Interest Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;

- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means the Underlying Value of Underlying_i.

Underlying Value_j means the Underlying Value of Underlying_j.

Underlying Value_{1i} means Underlying Value_i on the relevant Underlying Observation Date₁ or, where Underlying Value_{1i} is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Underlying Value_i determined in accordance with Standard Worst of Interest Payoff Condition 30.3 below.

Underlying Value_{1j} means Underlying Value_j on the relevant Underlying Observation Date₁ or, where Underlying Value_{1j} is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Underlying Value_j determined in accordance with Standard Worst of Interest Payoff Condition 30.3 below.

Underlying Value_{2i} means the level, percentage, number, price or amount specified in the applicable Final Terms or, if no such level, percentage, number, price or amount is specified, Underlying Value_i on the Underlying Observation Date₂ or, where Underlying Value_{2i} is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Underlying Value_i determined in accordance with Standard Worst of Interest Payoff Condition 30.3 below.

Underlying Value_{2j} means the level, percentage, number, price or amount specified in the applicable Final Terms or, if no such level, percentage, number, price or amount is specified, the Underlying Value_j on the Underlying Observation Date₂ or, where Underlying Value_{2j} is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Underlying Value_j determined in accordance with Standard Worst of Interest Payoff Condition 30.3 below.

Upper Limit_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i.

Upper Limit_j means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_j.

Worst of Performance means, with respect to an Interest Accrual Period, the result of the following formula expressed in percentage:

$$\text{Min} \left(\left(\frac{\text{Underlying Value}_{1i}}{\text{Underlying Value}_{2i}} - 1 \right), \left(\frac{\text{Underlying Value}_{1j}}{\text{Underlying Value}_{2j}} - 1 \right) \right)$$

30.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Worst of Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

- (i) If Worst of Performance with respect to such Interest Accrual Period is within the Range on each Interest Observation Date:

The Absolute Value of the Worst of Performance.

- (ii) Otherwise:

The Worst of Performance.

- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Worst of Interest is applicable as a relevant Standard Interest Payoff_x, for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard Worst of Interest Payoff Condition 30.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x.

30.3 Relevant Observation

Where, in relation to these Standard Worst of Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value_{1i}, the Underlying Value_{1j}, the Underlying Value_{2i} and/or the Underlying Value_{2j}, references in these Standard Worst of Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Worst of Interest Payoff Condition 30.1 above) shall, for the purposes of determining the Underlying Value_{1i}, the Underlying Value_{1j}, the Underlying Value_{2i} and/or the Underlying Value_{2j}, as the case may be, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Worst of Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part A: Chapter 31: Standard Annualised Performance Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Annualised Performance Interest to be applicable.

*The following terms and conditions (the **Standard Annualised Performance Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Annualised Performance Interest (the **Standard Annualised Performance Interest**) is applicable. These Standard Annualised Performance Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Annualised Performance Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

31 STANDARD ANNUALISED PERFORMANCE INTEREST

The Linked Interest Rate for each Interest Accrual Period is calculated as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) the result of Underlying Value₁ divided by Underlying Value₂, exponentiated to the power of a number equal to 1 divided by x, plus Margin. Subject as provided below, the Underlying Value₂ reflects a specified value or the Underlying Value_{xy} on the Underlying Observation Date₂ and Underlying Value₁ reflects the Underlying Value_{xy} on the Underlying Observation Date₁. Subject as provided below, the Underlying Value_{xy} reflects the price, level or rate of the Underlying or (if a combination of an Underlying_x and an Underlying_y is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Underlying_x and the price, level or rate of the Underlying_y (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying (or, as applicable, the relevant Underlying_x and Underlying_y) may therefore be used as a component in this calculation and may therefore affect the Linked Interest Rate, subject to the Cap, Floor and the exponential part of the formula.

Where, in relation to these Standard Annualised Performance Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value₁ and/or the Underlying Value₂, the Underlying Value may for the purposes of determining the Underlying Value₁ and/or the Underlying Value₂, as the case may be, be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

31.1 Definitions and interpretation

For the purposes of these Standard Annualised Performance Interest Payoff Conditions, the following terms shall have the following meanings:

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'Not Applicable', the Cap shall be infinity.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'Not Applicable', the Floor shall be minus infinity.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Date means either an Underlying Observation Date₁ or an Underlying Observation Date₂, as the case may be.

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Max}(X,Y)$ means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Min}(X,Y)$ means whichever is the lesser of component X and component Y.

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Observation Date₁ means, with respect to an Interest Accrual Period, each date specified as such in the applicable Final Terms or, alternatively, the date falling such number of Business Days immediately preceding the last day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Observation Date₂ means, with respect to an Interest Accrual Period, each date specified as such in the applicable Final Terms or, alternatively, the date falling such number of Business Days immediately preceding the first day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Value means, with respect to an Interest Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

x means, with respect to an Interest Accrual Period, a number specified with respect to such Interest Accrual Period in the applicable Final Terms.

Underlying Value_{xy} means:

- (a) the Underlying Value of the Underlying; or
- (b) if a combination of an Underlying_x and an Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the algebraical difference between the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the product of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the quotient of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y.

Underlying Value₁ means, with respect to an Interest Accrual Period, the Underlying Value_{xy} on the Underlying Observation Date₁ or, where Underlying Value₁ is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Underlying Value_{xy} determined in accordance with Standard Annualised Performance Interest Payoff Condition 31.3 below.

Underlying Value₂ means the level, percentage, number, price or amount specified in the applicable Final Terms or, if no such level, percentage, number, price or amount is so specified, the Underlying Value_{xy} on the Underlying Observation Date₂ or, where Underlying Value₂ is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Underlying Value_{xy} determined in accordance with Standard Annualised Performance Interest Payoff Condition 31.3 below.

$\left(\frac{\text{Underlying Value}_1}{\text{Underlying Value}_2}\right)^{\frac{1}{x}}$ means the result, exponentiated to the power of a number equal to 1 divided by x, of the Underlying Value₁ divided by the Underlying Value₂.

31.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Annualised Performance Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Min} \left(\text{Cap}, \text{Max} \left(\text{Floor}, \left(\frac{\text{Underlying Value}_1}{\text{Underlying Value}_2} \right)^{\frac{1}{x}} + \text{Margin} \right) \right)$$

and expressed as a percentage.

- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Annualised Performance Interest is applicable as a relevant Standard Interest Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard Annualised Performance Interest Payoff Condition 31.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x.

31.3 Relevant Observation

Where, in relation to these Standard Annualised Performance Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value₁ and/or the Underlying Value₂, references in these Standard Annualised Performance Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Annualised Performance Interest Payoff Condition 31.1 above) shall, for the purposes of determining the Underlying Value₁ and/or the Underlying Value₂, as the case may be, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Annualised Performance Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part A: Chapter 32: Standard Rainbow Performance Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Annualised Performance Interest to be applicable.

*The following terms and conditions (the **Standard Rainbow Performance Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Rainbow Performance Interest (the **Standard Rainbow Performance Interest**) is applicable. These Standard Rainbow Performance Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Rainbow Performance Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

32 STANDARD RAINBOW PERFORMANCE INTEREST

The Linked Interest Rate for each Interest Accrual Period is calculated as (a) if the Rainbow Performance is within the applicable Range on each relevant Interest Observation Date, the greater of the Rainbow Performance and the Floor or (b) if the Rainbow Performance is not within the applicable Range on any relevant Interest Observation Date, the Fixed Percentage.

The Rainbow Performance is the sum of the performances of all Underlying_i, with each performance weighed in accordance with its rank (from best to worst). The performance for each Underlying_i or, as applicable, each Underlying_{ix} and Underlying_{iy}, is expressed as the Underlying Value_i on the Underlying Observation Date₁ divided by the Underlying Value_i on the Underlying Observation Date₂, minus one.

Subject as provided below, Underlying Value_{2i} reflects a specified value or the Underlying Value_i on the Underlying Observation Date₂ and Underlying Value_{1i} reflects the Underlying Value_i on the Underlying Observation Date₁. Subject as provided below, the Underlying Value_i reflects the price, level or rate of the relevant Underlying_i or (if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the relevant Underlying_{ix} and the price, level or rate of the relevant Underlying_{iy} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying_i or, as applicable, each Underlying_{ix} and Underlying_{iy}, may therefore be used as a component in this calculation and may therefore affect the Linked Interest Rate.

Where, in relation to these Standard Rainbow Performance Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value_{1i} and/or the Underlying Value_{2i}, the Underlying Value may for the purposes of determining the Underlying Value_{1i} and/or the Underlying Value_{2i}, as the case may be, be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

32.1 Definitions and interpretation

For the purposes of these Standard Rainbow Performance Interest Payoff Conditions, the following terms shall have the following meanings:

Fixed Percentage means a percentage specified as such in the applicable Final Terms.

Floor means a number or percentage specified as such in the applicable Final Terms. If Floor is specified as 'Not Applicable', the Floor shall be minus infinity.

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Date means an Underlying Observation Date₂ or an Underlying Observation Date₁.

Lower Limit means the percentage or number specified as such in the applicable Final Terms.

Max means the greatest of several amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

P(i) means the performance of Underlying Value_i between the Underlying Observation Date₂ and the Underlying Observation Date₁ calculated as:

$$\left(\frac{\text{Underlying Value}_{1i}}{\text{Underlying Value}_{2i}} - 1 \right)$$

Rainbow Performance means the result of the following formula expressed in percentage:

$$\text{Rainbow Performance} = \sum_{i=0}^n (\text{Weight}(i) \times P(i)) - \text{Threshold}$$

Rank means the rank of each P(i) ranging from 1 for the highest (best) P(i) numerical value to the highest i number for the lowest (worst) P(i) value; for example, in the case of 5 Underlyings, the highest (best) rank is 1st and the lowest (worst) rank is 5th.

Range means any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms.

Range₁ means that on the relevant Interest Observation Date, the Rainbow Performance is greater than or equal to the Lower Limit and lower than or equal to the Upper Limit.

Range₂ means that on the relevant Interest Observation Date, Rainbow Performance is greater than the Lower Limit and lower than the Upper Limit.

Range₃ means that on the relevant Interest Observation Date, Rainbow Performance is greater than or equal to the Lower Limit and lower than the Upper Limit.

Range₄ means that on the relevant Interest Observation Date, Rainbow Performance is greater than the Lower Limit and lower than or equal to the Upper Limit.

Range₅ means that on the relevant Interest Observation Date, Rainbow Performance is lower than the Lower Limit or greater than the Upper Limit.

Range₆ means that on the relevant Interest Observation Date, Rainbow Performance is lower than or equal to the Lower Limit or greater than or equal to the Upper Limit.

Standard Interest Payoff_x means any of Standard Interest Payoff₁, Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇ or Standard Interest Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Threshold means the percentage specified as such in the applicable Final Terms.

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_i means an Underlying corresponding to an *i*, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an *i*, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an *i*, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Observation Date₁ means, with respect to an Interest Accrual Period, each date specified as such in the applicable Final Terms or, alternatively, the date falling such number of Business Days immediately preceding the last day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Observation Date₂ means, with respect to an Interest Accrual Period, each date specified as such in the applicable Final Terms or, alternatively, the date falling such number of Business Days immediately preceding the first day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Value means, with respect to a Redemption Observation Date:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (a) the Underlying Value of an Underlying_i; or
- (b) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same *i*:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or

- the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
- the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
- the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

Underlying Value_{1i} means, with respect to an Interest Accrual Period, the Underlying Value_i on the Underlying Observation Date₁ or, where Underlying Value_{1i} is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Underlying Value_i determined in accordance with Standard Rainbow Performance Interest Payoff Condition 32.3 below.

Underlying Value_{2i} means the level, percentage, number, price or amount specified in the applicable Final Terms or, if no such level, percentage, number, price or amount is specified, Underlying Value_i on the Underlying Observation Date₂.

Upper Limit means the percentage or number specified as such in the applicable Final Terms.

Weight(i) means, for each P(i), the relevant weight specified for the Rank of such P(i) in the applicable Final Terms.

32.2 Linked Interest Rate

- (a) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Rainbow Performance Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:
 - (i) If the Rainbow Performance is within the Range on each Interest Observation Date: Max [Floor; Rainbow Performance]
 - (ii) Otherwise: Fixed Percentage
 and expressed as a percentage.
- (b) The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Standard Rainbow Performance Interest is applicable as a relevant Standard Interest Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Linked Interest Rate determined in accordance with Standard Rainbow Performance Interest Payoff Condition 32.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Interest Payoff_x.

32.3 Relevant Observation

Where, in relation to these Standard Rainbow Performance Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value_{1i} and/or the Underlying Value_{2i}, references in these Standard Rainbow Performance Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Rainbow Performance Interest Payoff Condition 32.1 above) shall, for the purposes of determining the Underlying Value_{1i} and/or the Underlying Value_{2i}, as the case may be, be deemed to be references to

the applicable Relevant Observation. For the purposes of these Standard Rainbow Performance Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part B: Chapter 1: Standard Fixed Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Fixed Redemption to be applicable.

*The following terms and conditions (the **Standard Fixed Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Fixed Redemption (the **Standard Fixed Redemption**) is applicable. These Standard Fixed Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Fixed Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

1 STANDARD FIXED REDEMPTION

The Redemption Payoff is calculated as equal to the Fixed Percentage and is not affected by the value of any underlying.

1.1 Definitions and interpretation

For the purposes of these Standard Fixed Redemption Payoff Conditions, the following terms shall have the following meanings:

Fixed Percentage means the percentage specified as such in the applicable Final Terms.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

1.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Fixed Redemption is applicable shall be equal to the Fixed Percentage.
- (b) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Fixed Redemption is applicable as a relevant Standard Redemption Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance with Standard Fixed Redemption Payoff Condition 1.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff_x.

Standard Payoff Conditions: Part B: Chapter 2: Standard Floater Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Floater Redemption to be applicable.

*The following terms and conditions (the **Standard Floater Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Floater Redemption (the **Standard Floater Redemption**) is applicable. These Standard Floater Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Floater Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

2 STANDARD FLOATER REDEMPTION

The Redemption Payoff is calculated on the Redemption Determination Date as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Margin added to the result of Leverage multiplied by Underlying Value_{xy}. Subject as provided below, the Underlying Value_{xy} reflects the price, level or rate of the Underlying or (if a combination of an Underlying_x and an Underlying_y is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Underlying_x and the price, level or rate of the Underlying_y (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying (or, as applicable, the relevant Underlying_x and Underlying_y) will be used as a component in this calculation and may therefore affect the Redemption Payoff, subject to the Leverage, the Margin, the Cap and the Floor.

Where, in relation to these Standard Floater Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable, the Underlying Value may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

2.1 Definitions and interpretation

For the purposes of these Standard Floater Redemption Payoff Conditions, the following terms shall have the following meanings:

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Leverage₁ means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Leverage₂ means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Redemption Determination Date has the meaning set out in Annex 9 (*Redemption Method Conditions*).

Redemption Observation Date means, with respect to a Redemption Determination Date, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days specified in the applicable Final Terms immediately preceding the Redemption Determination Date, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Redemption Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_{xy} means:

- (a) the Underlying Value of the Underlying; or

- (b) if a combination of an Underlying_x and an Underlying_y is specified in the applicable Final Terms:
- the sum of the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the algebraical difference between the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the product of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the quotient of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y.

2.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Floater Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Leverage}_1 \times (\text{Min}(\text{Cap}, \text{Max}(\text{Floor}, \text{Leverage}_2 \times \text{Underlying Value}_{xy} + \text{Margin})))$$

and expressed as a percentage.

- (b) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Floater Redemption is applicable as a relevant Standard Redemption Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance with Standard Floater Redemption Payoff Condition 2.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff_x.

2.3 Relevant Observation

Where, in relation to these Standard Floater Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value, references in these Standard Floater Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Floater Redemption Payoff Condition 2.1 above) shall, for the purposes of determining the Underlying Value of the Underlying, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Floater Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;

- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part B: Chapter 3: Standard Inverse Floater Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Inverse Floater Redemption to be applicable.

*The following terms and conditions (the **Standard Inverse Floater Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Inverse Floater Redemption (the **Standard Inverse Floater Redemption**) is applicable. These Standard Inverse Floater Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Inverse Floater Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

3 STANDARD INVERSE FLOATER REDEMPTION

The Redemption Payoff is calculated on the Redemption Determination Date as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) the result of Leverage multiplied by Underlying Value_{xy} subtracted from Fixed Percentage. Subject as provided below, the Underlying Value_{xy} reflects the price, level or rate of the Underlying or (if a combination of an Underlying_x and an Underlying_y is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Underlying_x and the price, level or rate of the Underlying_y (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying will be used as a component in this calculation and may therefore affect the Redemption Payoff, subject to the Leverage, the Fixed Percentage, the Cap and the Floor.

Where, in relation to these Standard Inverse Floater Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value, the Underlying Value may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

3.1 Definitions and interpretation

For the purposes of these Standard Inverse Floater Redemption Payoff Conditions, the following terms shall have the following meanings:

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Fixed Percentage means the percentage specified as such in the applicable Final Terms.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Min}(X,Y)$ means whichever is the lesser of component X and component Y.

Redemption Determination Date has the meaning set out in Annex 9 (*Redemption Method Conditions*).

Redemption Observation Date means, with respect to a Redemption Determination Date, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days specified in the applicable Final Terms immediately preceding the Redemption Determination Date, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Redemption Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_{xy} means:

- (a) the Underlying Value of the Underlying; or
- (b) if a combination of an Underlying_x and an Underlying_y is specified in the applicable Final Terms:

- the sum of the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
- the algebraical difference between the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
- the product of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
- the quotient of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y.

3.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Inverse Floater Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Min} \left(\text{Cap}, \text{Max} \left(\text{Floor}, \text{Fixed Percentage} - \text{Leverage} \times \text{Underlying Value}_{xy} \right) \right)$$

and expressed as a percentage.

- (b) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Inverse Floater Redemption is applicable as a relevant Standard Redemption Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance with Standard Inverse Floater Redemption Payoff Condition 3.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff_x.

3.3 Relevant Observation

Where, in relation to these Standard Inverse Floater Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value, references in these Standard Inverse Floater Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Inverse Floater Redemption Payoff Condition 3.1 above) shall, for the purposes of determining the Underlying Value of the Underlying, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Inverse Floater Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;

- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part B: Chapter 4: Standard Alternative Basket Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Alternative Basket Redemption to be applicable.

*The following terms and conditions (the **Standard Alternative Basket Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Alternative Basket Redemption (the **Standard Alternative Basket Redemption**) is applicable. These Standard Alternative Basket Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Alternative Basket Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

4 STANDARD ALTERNATIVE BASKET REDEMPTION

The Redemption Payoff is calculated on the Redemption Determination Date as the lesser of (a) Margin_3 added to the sum of the individual products of Leverage_k and the Underlying Value of each Underlying $_k$ and (b) the greater of (i) Margin_2 added to the sum of the individual products of Leverage_j and the Underlying Value of each Underlying $_j$ and (ii) Margin_1 added to the sum the individual products of Leverage_i and the Underlying Value of each Underlying $_i$. Subject as provided below, the Underlying Value reflects the price, level or rate of the relevant Underlying (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The sum of the value of various Underlyings each multiplied by the relevant leverage will be used as a component in this calculation to define a cap and a floor and each will therefore have the potential to affect the Redemption Payoff although it will be the sum of only one of the Basket of Underlyings each multiplied by the relevant leverage which, together with the relevant margin, will give the Redemption Payoff.

Where, in relation to these Standard Alternative Basket Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of Underlying Value $_i$, Underlying Value $_j$ and/or Underlying Value $_k$, the Underlying Value may be determined for such purposes by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

4.1 Definitions and interpretation

For the purposes of these Standard Alternative Basket Redemption Payoff Conditions, the following terms shall have the following meanings:

i, j, k means a number which corresponds to an item specified as such in the applicable Final Terms.

Leverage $_i$, Leverage $_j$ or Leverage $_k$ means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying $_i$, Underlying $_j$ or Underlying $_k$, as the case may be. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Margin $_1$, Margin $_2$ or Margin $_3$ means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Min}(X,Y)$ means whichever is the lesser of component X and component Y.

Redemption Determination Date has the meaning set out in Annex 9 (*Redemption Method Conditions*).

Redemption Observation Date means, with respect to a Redemption Determination Date and an Underlying, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days specified in the applicable Final Terms immediately preceding the Redemption Determination Date, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms, each an Underlying.

Underlying_i, **Underlying_j** and **Underlying_k** means an Underlying corresponding to an i, j and k number, respectively, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions), all Underlying_j together constitute a Basket or a Multi-Asset Basket, as applicable, all Underlying_k together constitute a Basket or a Multi-Asset Basket, as applicable and all Underlying_i, Underlying_j and Underlying_k together constitute a Basket or a Multi-Asset Basket, as applicable.

Underlying Value means, with respect to a Redemption Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means the Underlying Value of an Underlying_i.

Underlying Value_j means the Underlying Value of an Underlying_j.

Underlying Value_k means the Underlying Value of an Underlying_k.

Σ means the sum of the values, which follow in brackets.

$\sum (\text{Leverage}_i \times \text{Underlying Value}_i)$ means the sum of the individual products of the Leverage_i and the $\text{Underlying Value}_i$ for each i .

$\sum (\text{Leverage}_j \times \text{Underlying Value}_j)$ means the sum of the individual products of the Leverage_j and the $\text{Underlying Value}_j$ for each j .

$\sum (\text{Leverage}_k \times \text{Underlying Value}_k)$ means the sum of the individual products of the Leverage_k and the $\text{Underlying Value}_k$ for each k .

4.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Alternative Basket Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Min}(\text{Margin}_3 + \sum (\text{Leverage}_k \times \text{Underlying Value}_k), \text{Max}(\text{Margin}_2 + \sum (\text{Leverage}_j \times \text{Underlying Value}_j), \text{Margin}_1 + \sum (\text{Leverage}_i \times \text{Underlying Value}_i)))$$

and expressed as a percentage.

- (b) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Alternative Basket Redemption is applicable as a relevant Standard Redemption Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance with Standard Alternative Basket Redemption Payoff Condition 4.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff_x.

4.3 Relevant Observation

Where, in relation to these Standard Alternative Basket Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of $\text{Underlying Value}_i$, $\text{Underlying Value}_j$, and/or $\text{Underlying Value}_k$, references in these Standard Alternative Basket Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Alternative Basket Redemption Payoff Condition 4.1 above) shall, for the purposes of determining $\text{Underlying Value}_i$, $\text{Underlying Value}_j$ and/or $\text{Underlying Value}_k$, as the case may be, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Alternative Basket Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part B: Chapter 5: Standard Strangle Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Strangle Redemption to be applicable.

*The following terms and conditions (the **Standard Strangle Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Strangle Redemption (the **Standard Strangle Redemption**) is applicable. These Standard Strangle Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Strangle Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

5 STANDARD STRANGLE REDEMPTION

The Redemption Payoff is calculated on the Redemption Determination Date as the lesser of (a) Cap and (b) the Absolute Value of the result of Margin added to the sum of the individual products of Leverage_i and the Underlying Value of each Underlying_i. Subject as provided below, the Underlying Value_i reflects the price, level or rate of the relevant Underlying_i or (if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the relevant Underlying_{ix} and the price, level or rate of the relevant Underlying_{iy} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The sum of the value of various Underlyings each multiplied by the relevant leverage will be used as a component in this calculation and each may therefore affect the Redemption Payoff, subject to the Margin, the effect of taking an Absolute Value of part of the formula and the Cap.

Where, in relation to these Standard Strangle Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying_i, the Underlying Value may be determined for such purposes by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

5.1 Definitions and interpretation

For the purposes of these Standard Strangle Redemption Payoff Conditions, the following terms shall have the following meanings:

Absolute Value means, in respect of a number, its non-negative value without regard to its sign. For example, the Absolute Value of -10 is 10.

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Leverage_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i (or, as applicable, the relevant Underlying_{ix} and Underlying_{iy}). For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Min}(X,Y)$ means whichever is the lesser of component X and component Y.

Redemption Determination Date has the meaning set out in Annex 9 (*Redemption Method Conditions*).

Redemption Observation Date means, with respect to a Redemption Determination Date and an Underlying, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days specified in the applicable Final Terms immediately preceding the Redemption Determination Date, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms, each an Underlying.

Underlying_i means an Underlying corresponding to an i, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Redemption Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (a) the Underlying Value of an Underlying_i; or
- (b) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:
- the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

Σ means the sum of the values, which follow in brackets.

Σ (**Leverage_i x Underlying Value_i**) means the sum of the individual products of the Underlying Value_i and the Leverage_i for each i.

5.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Strangle Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Min}(\text{Cap}, \text{Absolute Value} (\text{Margin} + \Sigma(\text{Leverage}_i \times \text{Underlying Value}_i)))$$

and expressed as a percentage.

- (b) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Strangle Redemption is applicable as a relevant Standard Redemption Payoff_x as applicable, for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance with Standard Strangle Redemption Payoff Condition 5.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff_x.

5.3 Relevant Observation

Where, in relation to these Standard Strangle Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying Value_i, references in these Standard Strangle Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Strangle Redemption Payoff Condition 5.1 above) shall, for the purposes of determining such Underlying Value_i, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Strangle Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part B: Chapter 6: Standard Option Basket Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Option Basket Redemption to be applicable.

*The following terms and conditions (the **Standard Option Basket Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Option Basket Redemption (the **Standard Option Basket Redemption**) is applicable. These Standard Option Basket Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Option Basket Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

6 STANDARD OPTION BASKET REDEMPTION

The Redemption Payoff is calculated on the Redemption Determination Date as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Margin added to Global Leverage multiplied by the sum of the individual products of Leverage_i and the Underlying Value of each Underlying_i. Subject as provided below, the Underlying Value_i reflects the price, level or rate of the relevant Underlying_i or (if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the relevant Underlying_{ix} and the price, level or rate of the relevant Underlying_{iy} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The sum of the value of various Underlyings each multiplied by the relevant leverage will be used as a component in this calculation and each may therefore affect the Redemption Payoff, subject to the Margin, the Global Leverage, the Cap and the Floor.

Where, in relation to these Standard Option Basket Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying Value_i, the Underlying Value may be determined for such purposes by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

6.1 Definitions and interpretation

For the purposes of these Standard Option Basket Redemption Payoff Conditions, the following terms shall have the following meanings:

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Global Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Leverage_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i (or, as applicable, the relevant Underlying_{ix} and Underlying_{iy}). For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Max}(X,Y)$ means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Min}(X,Y)$ means whichever is the lesser of component X and component Y.

Redemption Determination Date has the meaning set out in Annex 9 (*Redemption Method Conditions*).

Redemption Observation Date means, with respect to a Redemption Determination Date and an Underlying, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days specified in the applicable Final Terms immediately preceding the Redemption Determination Date, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms, each an Underlying.

Underlying_i means an Underlying corresponding to an i, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Redemption Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or

(g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (a) the Underlying Value of an Underlying_i; or
- (b) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

\sum means the sum of the values, which follow in brackets.

$\sum (\text{Leverage}_i \times \text{Underlying Value}_i)$ means the sum of the individual products of the Underlying Value_i and the Leverage_i for each i.

6.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Option Basket Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Min}(\text{Cap}, \text{Max}(\text{Floor}, \text{Margin} + \text{Global Leverage} \times \sum (\text{Leverage}_i \times \text{Underlying Value}_i)))$$

and expressed as a percentage.

- (b) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Option Basket Redemption is applicable as a relevant Standard Redemption Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance with Standard Option Basket Redemption Payoff Condition 6.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff_x.

6.3 Relevant Observation

Where, in relation to these Standard Option Basket Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of Underlying Value_i,

references in these Standard Option Basket Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Option Basket Redemption Payoff Condition 6.1 above) shall, for the purposes of determining such Underlying Value, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Option Basket Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part B: Chapter 7: Standard Maximum-Minimum Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Maximum-Minimum Redemption to be applicable.

*The following terms and conditions (the **Standard Maximum-Minimum Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Maximum-Minimum Redemption (the **Standard Maximum-Minimum Redemption**) is applicable. These Standard Maximum-Minimum Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Maximum-Minimum Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

7 STANDARD MAXIMUM-MINIMUM REDEMPTION

The Redemption Payoff is calculated on the Redemption Determination Date as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Leverage multiplied by the Minimum Underlying Value subtracted from the Maximum Underlying Value. Subject as provided below, the Minimum Underlying Value reflects the lowest Underlying Value_{xy} observed on any Redemption Observation Date falling during the relevant Redemption Observation Period and the Maximum Underlying Value reflects the highest Underlying Value_{xy} observed on any Redemption Observation Date falling during the relevant Redemption Observation Period. Subject as provided below, the Underlying Value_{xy} reflects the price, level or rate of the Underlying or (if a combination of an Underlying_x and an Underlying_y is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Underlying_x and the price, level or rate of the Underlying_y (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The lowest and the highest value of the Underlying observed on any of the relevant days may therefore each be used as a component in this calculation and may therefore affect the Redemption Payoff, subject to the Leverage, the Cap and the Floor.

Where, in relation to these Standard Maximum-Minimum Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Maximum Underlying Value and/or the Minimum Underlying Value, the Underlying Value may be determined for such purposes by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

7.1 Definitions and interpretation

For the purposes of these Standard Maximum-Minimum Redemption Payoff Conditions, the following terms shall have the following meanings:

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Commencement Date means the Issue Date or such other date falling prior to the Issue Date and specified as such in the applicable Final Terms.

Early Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Early Redemption Date has the meaning set out in General Condition 24 (*Definitions*).

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Instalment Date means each date specified as such in the applicable Final Terms.

Issue Date has the meaning set out in General Condition 24 (*Definitions*).

Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Max}(X,Y)$ means whichever is the greater of component X and component Y.

Maximum Underlying Value means, with respect to a Redemption Observation Period, the highest Underlying Value_{xy} observed on any Redemption Observation Date falling during the relevant Redemption Observation Period or, where the Maximum Underlying Value is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Underlying Value_{xy} determined in accordance with Standard Maximum-Minimum Redemption Payoff Condition 7.3 below.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Min}(X,Y)$ means whichever is the lesser of component X and component Y.

Minimum Underlying Value means, with respect to a Redemption Observation Period, the lowest Underlying Value_{xy} observed on any Redemption Observation Date falling during the relevant Redemption Observation Period or, where the Minimum Underlying Value is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Underlying Value_{xy} determined in accordance with Standard Maximum-Minimum Redemption Payoff Condition 7.3 below.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Redemption Observation Date means, with respect to a Redemption Observation Period, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days immediately preceding the first or last day of such Redemption Observation Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Redemption Observation Period means:

- (a) with respect to Securities, other than Instalment Securities or for the purposes of calculating an Early Redemption Amount, the period specified as the Redemption Observation Period in the applicable Final Terms; or
- (b) with respect to Instalment Securities, the period from and including the Commencement Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first Instalment Date and each successive period beginning on and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding an Instalment Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the following Instalment Date; or
- (c) for the purposes of calculating an Early Redemption Amount, the period from and including the Commencement Date to and including the date falling such number of Business Days as specified in the applicable Final Terms prior to the Early Redemption Date.

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Redemption Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_{xy} means:

- (a) the Underlying Value of the Underlying; or
- (b) if a combination of an Underlying_x and an Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the algebraical difference between the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the product of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or

- the quotient of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y.

7.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Maximum-Minimum Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Min} \left(\text{Cap}, \text{Max} \left(\text{Floor}, \text{Leverage} \times (\text{Maximum Underlying Value} - \text{Minimum Underlying Value}) \right) \right)$$

and expressed as a percentage.

- (b) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Maximum-Minimum Redemption is applicable as a relevant Standard Redemption Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance with Standard Maximum-Minimum Redemption Payoff Condition 7.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff_x.

7.3 Relevant Observation

Where, in relation to these Standard Maximum-Minimum Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Maximum Underlying Value and/or the Minimum Underlying Value, references in these Standard Maximum-Minimum Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Maximum-Minimum Redemption Payoff Condition 7.1 above) shall, for the purposes of determining the Maximum Underlying Value and/or the Minimum Underlying Value, as the case may be, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Maximum-Minimum Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or

- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part B: Chapter 8: Standard Participation Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Participation Redemption to be applicable.

*The following terms and conditions (the **Standard Participation Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Participation Redemption (the **Standard Participation Redemption**) is applicable. These Standard Participation Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Participation Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

8 STANDARD PARTICIPATION REDEMPTION

The Redemption Payoff is calculated on the Redemption Determination Date as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Leverage multiplied by the sum of Margin and the result of the $Underlying_{Observation1}$ divided by the $Underlying_{Observation2}$. Subject as provided below, the $Underlying_{Observation1}$ reflects the Underlying Value_{xy} on the Underlying Observation Date₁ and the $Underlying_{Observation2}$ reflects a specified value or the Underlying Value_{xy} on the Underlying Observation Date₂. Subject as provided below, the Underlying Value_{xy} reflects the price, level or rate of the Underlying or (if a combination of an Underlying_x and an Underlying_y is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Underlying_x and the price, level or rate of the Underlying_y (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying (or, as applicable, the relevant Underlying_x and Underlying_y) observed on each of the relevant days may each be used as a component in this calculation and may therefore affect the Redemption Payoff, subject to the Leverage, the Margin, the Cap and the Floor.

Where, in relation to these Standard Participation Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the $Underlying_{Observation1}$ and/or the $Underlying_{Observation2}$, the Underlying Value may be determined for such purposes by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

8.1 Definitions and interpretation

For the purposes of these Standard Participation Redemption Payoff Conditions, the following terms shall have the following meanings:

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Early Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Early Redemption Date has the meaning set out in General Condition 24 (*Definitions*).

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Redemption Determination Date has the meaning set out in Annex 9 (*Redemption Method Conditions*).

Redemption Observation Date means an Underlying Observation Date₁ or an Underlying Observation Date₂.

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{Observation1} means (i) the level, percentage, number, price or amount specified in the applicable Final Terms or (ii) the Underlying Value_{xy} on Underlying Observation Date₁ or, where the Underlying_{Observation1} is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Underlying Value_{xy} determined in accordance with Standard Participation Redemption Payoff Condition 8.3 below.

Underlying_{Observation2} means (i) the level, percentage, number, price or amount specified in the applicable Final Terms or (ii) the Underlying Value_{xy} on Underlying Observation Date₂ or, where the Underlying_{Observation2} is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Underlying Value determined in accordance with Standard Participation Redemption Payoff Condition 8.3 below.

Underlying Observation Date₁ means, with respect to a Redemption Determination Date, each date falling such number of Business Days specified in the applicable Final Terms immediately preceding the Redemption Determination Date or such date specified as an Underlying Observation Date₁ in the applicable Final Terms or, for the purposes of calculating an Early Redemption Amount, the date falling such number of Business Days as specified in the applicable Final Terms prior to the Early Redemption Date, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Observation Date₂ means, with respect to a Redemption Determination Date, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of

Business Days specified in the applicable Final Terms immediately preceding or immediately following (as specified in the applicable Final Terms) (a) in the case of Instalment Securities, the immediately preceding Instalment Date or (b) in the case of all other Securities, the Issue Date, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Value means, with respect to a Redemption Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_{xy} means:

- (a) the Underlying Value of the Underlying; or
- (b) if a combination of an Underlying_x and an Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the algebraical difference between the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the product of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the quotient of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y.

8.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Participation Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Min} \left(\text{Cap}, \text{Max} \left(\text{Floor}, \text{Leverage} \times \left(\frac{\text{Underlying}_{\text{Observation1}}}{\text{Underlying}_{\text{Observation2}}} + \text{Margin} \right) \right) \right)$$

and expressed as a percentage.

- (b) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Participation Redemption is applicable as a relevant Standard Redemption Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance with Standard Participation Redemption Payoff Condition 8.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff_x.

8.3 Relevant Observation

Where, in relation to these Standard Participation Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying_{Observation1} and/or the Underlying_{Observation2}, references in these Standard Participation Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Participation Redemption Payoff Condition 8.1 above) shall, for the purposes of determining the Underlying_{Observation1} and/or the Underlying_{Observation2}, as the case may be, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Participation Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part B: Chapter 9: Standard Lookback Performance Basket Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Lookback Performance Basket Redemption to be applicable.

*The following terms and conditions (the **Standard Lookback Performance Basket Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Lookback Performance Basket Redemption (the **Standard Lookback Performance Basket Redemption**) is applicable. These Standard Lookback Performance Basket Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Lookback Performance Basket Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

9 STANDARD LOOKBACK PERFORMANCE BASKET REDEMPTION

The Redemption Payoff is calculated on the Redemption Determination Date as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Global Leverage multiplied by the sum of Basket Value and Margin. Subject as provided below, the Underlying Value_i reflects the price, level or rate of the relevant Underlying_i or (if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the relevant Underlying_{ix} and the price, level or rate of the relevant Underlying_{iy} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The sum of each Underlying Value_i observed on any of the relevant days each multiplied by the relevant leverage may therefore be used as a component in this calculation and each may therefore affect the Redemption Payoff, subject to the Global Leverage, the Margin, the Cap and the Floor.

Where, in relation to these Standard Lookback Performance Basket Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying(s) comprising the Basket, the Underlying Value in respect of such Underlying(s) may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

9.1 Definitions and interpretation

For the purposes of these Standard Lookback Performance Basket Redemption Payoff Conditions, the following terms shall have the following meanings:

Basket Value means, with respect to a Redemption Observation Date or Relevant Timing, as the case may be, $\sum (\text{Leverage}_i \times \text{Underlying Value}_i)$ on such date where, in respect of a Redemption Observation Date, Underlying Value_i is determined in respect of the corresponding Underlying Observation Dates.

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Commencement Date means the Issue Date or such other date falling prior to the Issue Date and specified as such in the applicable Final Terms.

Early Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Early Redemption Date has the meaning set out in General Condition 24 (*Definitions*).

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Global Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Instalment Date means each date specified as such in the applicable Final Terms.

Issue Date has the meaning set out in General Condition 24 (*Definitions*).

Leverage_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i (or, as applicable, each Underlying_{ix} and Underlying_{iy}). For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Redemption Observation Date means, with respect to a Redemption Observation Period, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days immediately preceding the first or last day of such Redemption Observation Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Redemption Observation Period means:

- (a) with respect to Securities, other than Instalment Securities or for the purposes of calculating an Early Redemption Amount, the period specified as the Redemption Observation Period in the applicable Final Terms; or
- (b) with respect to Instalment Securities, the period from and including the Commencement Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first Instalment Date and each successive period beginning on and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding an Instalment Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the following Instalment Date; or
- (c) for the purposes of calculating an Early Redemption Amount, the period from and including the Commencement Date to and including the date falling such number of Business Days as specified in the applicable Final Terms prior to the Early Redemption Date.

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms, each an Underlying.

Underlying_i means an Underlying corresponding to an *i*, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an *i*, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an *i*, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Observation Date means with respect to an Underlying and a Redemption Observation Date, each date specified as such in the applicable Final Terms and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset **Conditions**.

Underlying Value means, with respect to an Underlying **Observation Date** or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (c) the Underlying Value of an Underlying_i; or
- (d) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same *i*:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or

- the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
- the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
- the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

Σ means the sum of the values, which follow in brackets.

Σ (Leverage_i x Underlying Value_i) means the sum of the individual products of the Underlying Value_i and the Leverage_i for each i.

9.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Lookback Performance Basket Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Min}(\text{Cap}, \text{Max}(\text{Floor}, \text{Global Leverage} \times (\text{Basket Value} + \text{Margin})))$$

and expressed as a percentage.

- (b) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Lookback Performance Basket Redemption is applicable as a relevant Standard Redemption Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance with Standard Lookback Performance Basket Redemption Payoff Condition 9.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff_x.

9.3 Relevant Observation

Where, in relation to these Standard Lookback Performance Basket Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying(s) in the Basket, references in these Standard Lookback Performance Basket Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Lookback Performance Basket Redemption Payoff Condition 9.1 above) shall, for the purposes of determining the Underlying Value of any such Underlying(s), be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Lookback Performance Basket Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;

- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part B: Chapter 10: Standard Maximum-Minimum Basket Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Maximum-Minimum Basket Redemption to be applicable.

*The following terms and conditions (the **Standard Maximum-Minimum Basket Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Maximum-Minimum Basket Redemption (the **Standard Maximum-Minimum Basket Redemption**) is applicable. These Standard Maximum-Minimum Basket Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Maximum-Minimum Basket Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

10 STANDARD MAXIMUM-MINIMUM BASKET REDEMPTION

The Redemption Payoff is calculated on the Redemption Determination Date as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Global Leverage multiplied by the result of subtracting the Minimum Basket Value from the Maximum Basket Value. Subject as provided below, the Minimum Basket Value is the lowest sum of the individual products of $Leverage_i$ and $Underlying Value_i$ observed in respect of any Redemption Observation Date within a relevant Redemption Observation Period and the Maximum Basket Value is the highest sum of the individual products of $Leverage_i$ and $Underlying Value_i$ observed on any Redemption Observation Date within a relevant Redemption Observation Period. Subject as provided below, the $Underlying Value_i$ reflects the price, level or rate of the relevant $Underlying_i$ or (if a combination of an $Underlying_{ix}$ and an $Underlying_{iy}$ is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the relevant $Underlying_{ix}$ and the price, level or rate of the relevant $Underlying_{iy}$ (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The sum of each $Underlying Value_i$ observed on any of the relevant days each multiplied by the relevant leverage may therefore be used as a component in this calculation and each may therefore affect the Redemption Payoff, subject to the Global Leverage, the Cap and the Floor.

Where, in relation to these Standard Maximum-Minimum Basket Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying(s) comprising the Basket, the Underlying Value in respect of such Underlying(s) may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

10.1 Definitions and interpretation

For the purposes of these Standard Maximum-Minimum Basket Redemption Payoff Conditions, the following terms shall have the following meanings:

Basket Value means, with respect to a Redemption Observation Date or Relevant Timing, as the case may be, $\sum (Leverage_i \times Underlying Value_i)$ on such date where, in respect of a Redemption Observation Date, $Underlying Value_i$ is determined in respect of the corresponding Underlying Observation Dates.

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Commencement Date means the Issue Date or such other date falling prior to the Issue Date and specified as such in the applicable Final Terms.

Early Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Early Redemption Date has the meaning set out in General Condition 24 (*Definitions*).

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Global Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Instalment Date means each date specified as such in the applicable Final Terms.

Issue Date has the meaning set out in General Condition 24 (*Definitions*).

Leverage_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i (or, as applicable, each Underlying_{ix} and Underlying_{iy}). For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Maximum Basket Value means, with respect to a Redemption Observation Period, the highest Basket Value observed on any Redemption Observation Date falling during such Redemption Observation Period.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Minimum Basket Value means, with respect to a Redemption Observation Period, the lowest Basket Value observed on any Redemption Observation Date falling during such Redemption Observation Period.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Redemption Observation Date means, with respect to a Redemption Observation Period, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days immediately preceding the first or last day of such Redemption Observation Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Redemption Observation Period means:

- (a) with respect to Securities, other than Instalment Securities or for the purposes of calculating an Early Redemption Amount, the period specified as the Redemption Observation Period in the applicable Final Terms; or
- (b) with respect to Instalment Securities, the period from and including the Commencement Date to but excluding the date falling such number of Business Days specified in the applicable Final

Terms immediately preceding the first Instalment Date and each successive period beginning on but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding an Instalment Date to and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the following Instalment Date; or

- (c) for the purposes of calculating an Early Redemption Amount, the period from and including the Commencement Date to and including the date falling such number of Business Days as specified in the applicable Final Terms prior to the Early Redemption Date.

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms, each an Underlying.

Underlying_i means an Underlying corresponding to an i, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Observation Date means with respect to an Underlying and a Redemption Observation Date, each date specified as such in the applicable Final Terms and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Value means, with respect to an Underlying Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (e) the Underlying Value of an Underlying_i; or
- (f) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

Σ means the sum of the values, which follow in brackets.

Σ (**Leverage_i x Underlying Value_i**) means the sum of the individual products of the Underlying Value_i and the Leverage_i for each i.

10.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Maximum-Minimum Basket Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Min} \left(\text{Cap}, \text{Max} \left(\text{Floor}, \text{Global Leverage} \times (\text{Maximum Basket Value} - \text{Minimum Basket Value}) \right) \right)$$

and expressed as a percentage.

- (b) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Maximum-Minimum Basket Redemption is applicable as a relevant Standard Redemption Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance with Standard Maximum-Minimum Basket Redemption Payoff Condition 10.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff_x.

10.3 Relevant Observation

Where, in relation to these Standard Maximum-Minimum Basket Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable, in respect of any Underlying(s) in the Basket and in respect of the Maximum Basket Value and/or the Minimum Basket Value, references in these Standard Maximum-Minimum Basket Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Maximum-Minimum Basket Redemption Payoff Condition 10.1 above) shall, for the purposes of determining the Underlying Value

of any such Underlying(s) and in respect of the Maximum Basket Value and/or the Minimum Basket Value, as the case may be, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Maximum-Minimum Basket Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part B: Chapter 11: Standard Volbond Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Volbond Redemption to be applicable.

*The following terms and conditions (the **Standard Volbond Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Volbond Redemption (the **Standard Volbond Redemption**) is applicable. These Standard Volbond Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Volbond Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

11 STANDARD VOLBOND REDEMPTION

The Redemption Payoff is calculated on the Redemption Determination Date as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Global Leverage multiplied by the Absolute Value of Basket Value₂ subtracted from Basket Value₁. Subject as provided below, the Basket Value₁ is the Basket Value observed in respect of the Underlying Observation Date₁ and the Basket Value₂ is the Basket Value observed in respect of the Underlying Observation Date₂ where Basket Value is the sum of the individual products of Leverage_i and the Underlying Value of each Underlying_i observed on the relevant date and the Underlying Value reflects the price, level or rate of the relevant Underlying (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The sum of the value of each Underlying_i each observed on each of the relevant days each multiplied by the relevant leverage may therefore be used as a component in this calculation and each may therefore affect the Redemption Payoff, subject to the Global Leverage, the effect of taking an Absolute Value of part of the formula, the Cap and the Floor.

Where, in relation to these Standard Volbond Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying(s) comprising the Basket and with respect to the Basket Value₁ and/or the Basket Value₂, the Underlying Value in respect of such Underlying(s) may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

11.1 Definitions and interpretation

For the purposes of these Standard Volbond Redemption Payoff Conditions, the following terms shall have the following meanings:

Absolute Value means, in respect of a number, its non-negative value without regard to its sign. For example, the Absolute Value of -10 is 10.

Basket Value means, with respect to a Redemption Observation Date or Relevant Timing, as the case may be, $\sum (\text{Leverage}_i \times \text{Underlying Value}_i)$ on such date where, in respect of a Redemption Observation Date, Underlying Value_i is determined in respect of the corresponding Underlying Observation Dates.

Basket Value₁ means the Basket Value on Underlying Observation Date₁.

Basket Value₂ means the Basket Value on Underlying Observation Date₂.

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Early Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Early Redemption Date has the meaning set out in General Condition 24 (*Definitions*).

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Global Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

i means a number which corresponds to an item specified as such in the applicable Final Terms.

Leverage_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Redemption Determination Date has the meaning set out in Annex 9 (*Redemption Method Conditions*).

Redemption Observation Date means an Underlying Observation Date₁ or an Underlying Observation Date₂.

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms, each an Underlying.

Underlying_i means each Underlying corresponding to an i as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i together will constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Observation Date means with respect to an Underlying and a Redemption Observation Date, each date specified as such in the applicable Final Terms and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Observation Date₁ means, with respect to a Redemption Determination Date, each date falling such number of Business Days specified in the applicable Final Terms immediately preceding the Redemption Determination Date or such date specified as an Underlying Observation Date₁ in the applicable Final Terms or, for the purposes of calculating an Early Redemption Amount, the date falling such number of Business Days as specified in the applicable Final Terms prior to the Early Redemption Date, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Observation Date₂ means, with respect to a Redemption Determination Date, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days specified in the applicable Final Terms immediately preceding or immediately following (as specified in the applicable Final Terms) (a) in the case of Instalment Securities, the immediately preceding Instalment Date or (b) in the case of all other Securities, the Issue Date, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Value means, with respect to an Underlying Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means the Underlying Value of an Underlying_i.

Σ means the sum of the values, which follow in brackets.

Σ (**Leverage_i x Underlying Value_i**) means the sum of the individual products of the Underlying Value_i and the Leverage_i for each i.

11.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Volbond Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Min} \left(\text{Cap}, \text{Max} \left(\text{Floor}, \text{Global Leverage} \times \text{Absolute Value} \left(\text{Basket Value}_1 - \text{Basket Value}_2 \right) \right) \right)$$

and expressed as a percentage.

- (b) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Volbond Redemption is applicable as a relevant Standard Redemption Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance with Standard Volbond Redemption Payoff Condition 11.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff_x.

11.3 Relevant Observation

Where, in relation to these Standard Volbond Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying(s) in the Basket

and in respect of the Basket Value₁ and/or the Basket Value₂, references in these Standard Volbond Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Volbond Redemption Payoff Condition 11.1 above) shall, for the purposes of determining the Underlying Value of any such Underlying(s) and in respect of the Basket Value₁ or the Basket Value₂, as the case may be, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Volbond Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part B: Chapter 12: Standard Participation Basket Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Participation Basket Redemption to be applicable.

*The following terms and conditions (the **Standard Participation Basket Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Participation Basket Redemption (the **Standard Participation Basket Redemption**) is applicable. These Standard Participation Basket Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Participation Basket Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

12 STANDARD PARTICIPATION BASKET REDEMPTION

The Redemption Payoff is calculated on the Redemption Determination Date as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Global Leverage multiplied by the result of Margin added to the result of Basket Value₁ divided by Basket Value₂. The Basket Value₂ is the Basket Value observed in respect of the Underlying Observation Date₂. The Basket Value₁ is the Basket Value observed in respect of the Underlying Observation Date₁. Subject as provided below, the Basket Value on any Redemption Observation Date is the sum of the individual products of Leverage_i and the Underlying Value of each Underlying_i observed on such date where the Underlying Value reflects the price, level or rate of the relevant Underlying (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The sum of the value of each of the various Underlyings each observed on each of the relevant days may therefore be used as a component in this calculation and each may therefore affect the Redemption Payoff, subject to the Global Leverage, the Margin, the Cap and the Floor.

Where, in relation to these Standard Participation Basket Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying(s) comprising the Basket, the Underlying Value in respect of such Underlying(s) may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

12.1 Definitions and interpretation

For the purposes of these Standard Participation Basket Redemption Payoff Conditions, the following terms shall have the following meanings:

Basket Value means, with respect to a Redemption Observation Date or Relevant Timing, as the case may be, $\sum (\text{Leverage}_i \times \text{Underlying Value}_i)$ on such date where, in respect of a Redemption Observation Date, Underlying Value_i is determined in respect of the corresponding Underlying Observation Dates.

Basket Value₁ means the level, percentage, number, price or amount specified in the applicable Final Terms or the Basket Value on the Underlying Observation Date₁.

Basket Value₂ means the level, percentage, number, price or amount specified in the applicable Final Terms or the Basket Value on the Underlying Observation Date₂.

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Early Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Early Redemption Date has the meaning set out in General Condition 24 (*Definitions*).

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

i means a number which corresponds to an item specified as such in the applicable Final Terms.

Global Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Leverage_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Redemption Determination Date has the meaning set out in Annex 9 (*Redemption Method Conditions*).

Redemption Observation Date means an Underlying Observation Date₂ or an Underlying Observation Date₁.

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms, each an Underlying.

Underlying_i means each Underlying corresponding to an i as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i together will constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Observation Date means with respect to an Underlying and a Redemption Observation Date, each date specified as such in the applicable Final Terms and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Observation Date₁ means, with respect to a Redemption Determination Date, each date falling such number of Business Days specified in the applicable Final Terms immediately preceding the Redemption Determination Date or such date specified as an Underlying Observation Date₁ in the applicable Final Terms or, for the purposes of calculating an Early Redemption Amount, the date falling such number of Business Days as specified in the applicable Final Terms prior to the Early Redemption Date, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Observation Date₂ means, with respect to a Redemption Determination Date, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days specified in the applicable Final Terms immediately preceding or immediately following (as specified in the applicable Final Terms) (a) in the case of Instalment Securities, the immediately preceding Instalment Date or (b) in the case of all other Securities, the Issue Date, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Value means, with respect to an Underlying Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Σ means the sum of the values, which follow in brackets.

Underlying Value_i means the Underlying Value of an Underlying.

Σ (**Leverage_i x Underlying Value_i**) means the sum of the individual products of the Underlying Value_i and the Leverage_i for each i.

12.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Participation Basket Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Min} \left(\text{Cap}, \text{Max} \left(\text{Floor}, \text{Global Leverage} \times \left(\frac{\text{Basket Value}_1}{\text{Basket Value}_2} + \text{Margin} \right) \right) \right)$$

and expressed as a percentage.

- (b) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Participation Basket Redemption is applicable as a relevant Standard Redemption Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance with Standard Participation Basket Redemption Payoff Condition 12.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff_x.

12.3 Relevant Observation

Where, in relation to these Standard Participation Basket Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying(s) in the Basket and in respect of the Basket Value₁ and/or the Basket Value₂, references in these Standard Participation Basket Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Participation Basket Redemption Payoff Condition 12.1 above) shall, for the purposes of determining the Underlying Value of any such Underlying(s) and in respect of the Basket Value₁ and/or the Basket Value₂, as the case may be, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Participation Basket Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part B: Chapter 13: Standard Range Accrual Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Range Accrual Redemption to be applicable.

*The following terms and conditions (the **Standard Range Accrual Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Range Accrual Redemption (the **Standard Range Accrual Redemption**) is applicable. These Standard Range Accrual Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Range Accrual Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

13 STANDARD RANGE ACCRUAL REDEMPTION

*The Redemption Payoff is calculated on the Redemption Determination Date as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Margin₂ added to the result of the product of (A) Accrual Factor and (B) Leverage multiplied by the Global Underlying Value on the Redemption Observation Date added to Margin₁. The Accrual Factor is a number calculated by dividing (x) the product of **a** and **n** minus the product of **b** and **N** by (y) **N**. **a** and **b** are numbers specified in the applicable Final Terms, **n** is the number of Range Accrual Days during the relevant Redemption Observation Period on which the Underlying Value_{*i*} is within the relevant Range and **N** is the total number of Range Accrual Days in the relevant Redemption Observation Period. Subject as provided below, the Global Underlying Value reflects the price, level or rate of the Global Underlying or (if a combination of a Global Underlying_{*x*} and a Global Underlying_{*y*} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Global Underlying_{*x*} and the price, level or rate of the Global Underlying_{*y*}. Subject as provided below, the Underlying Value_{*i*} reflects the price, level or rate of the Underlying_{*i*} or (if a combination of an Underlying_{*ix*} and an Underlying_{*iy*} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Underlying_{*ix*} and the price, level or rate of the Underlying_{*iy*} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying will therefore affect the Redemption Payoff since (i) the value of the Underlying_{*i*} (or, as applicable, the relevant Underlying_{*ix*} and Underlying_{*iy*}) affects the value of the Accrual Factor which is used as a component of the formula used to calculate the Redemption Payoff and (ii) the value of the Global Underlying (or, as applicable, the Global Underlying_{*x*} and the Global Underlying_{*y*}) is used as a separate component in the formula used to calculate the Redemption Payoff.*

*Where, in relation to these Standard Range Accrual Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Global Underlying Value and/or the Underlying Value_{*i*}, the Underlying Value for such purposes may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.*

13.1 Definitions and interpretation

For the purposes of these Standard Range Accrual Redemption Payoff Conditions, the following terms shall have the following meanings:

a means the number specified as such in the applicable Final Terms. If **a** is specified as 'not applicable', **a** shall be 1.

Accrual Factor means, with respect to a Redemption Observation Period:

$$\frac{a \times n - b \times N}{N}$$

b means the number specified as such in the applicable Final Terms. If b is specified as 'not applicable', b shall be 0.

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Commencement Date means the Issue Date or such other date falling prior to the Issue Date and specified as such in the applicable Final Terms.

Early Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Early Redemption Date has the meaning set out in General Condition 24 (*Definitions*).

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Global Underlying means the Underlying specified as such in the applicable Final Terms. For the avoidance of doubt, Global Underlying and all Underlying_i and (if applicable) Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Global Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Global Underlying_x, Global Underlying_y and all Underlying_i and (if applicable) Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Global Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Global Underlying_x, Global Underlying_y and all Underlying_i and (if applicable) Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Global Underlying Value means:

- (a) the Underlying Value of the Global Underlying on an Interest Observation Date; or
- (b) if a combination of a Global Underlying_x and a Global Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Global Underlying_x and the Underlying Value of such Global Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y; or
 - the algebraical difference between the Underlying Value of such Global Underlying_x and the Underlying Value of such Global Underlying_y, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y; or
 - the product of the Underlying Value of such Global Underlying_x by the Underlying Value of such Global Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y; or

- the quotient of the Underlying Value of such Global Underlying_x by the Underlying Value of such Global Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y.

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Instalment Date means each date specified as such in the applicable Final Terms.

Issue Date has the meaning set out in General Condition 24 (*Definitions*).

Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Lower Limit_i means the percentage or number specified as such in the applicable Final Terms and corresponding to an Underlying_i (or, as applicable, to Underlying_{ix} and Underlying_{iy}).

Margin₁ or **Margin₂** means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

n means the number of Range Accrual Days in the relevant Redemption Observation Period in respect of which each Underlying Value_i is within the Underlying Value_i Range, as determined by the Calculation Agent. For the purposes hereof, (and where Range Accrual Days are expressed in the applicable Final Terms as falling on calendar days which may not be Business Days) the Underlying Value in respect of any Range Accrual Day which is not a Business Day shall be deemed to be the Underlying Value in respect of either the immediately preceding or the immediately following Business Day, as specified in the applicable Final Terms.

N means the total number of Range Accrual Days in the relevant Redemption Observation Period, as determined by the Calculation Agent.

Range means in respect of each Underlying_i, any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms for such Underlying_i (or, as applicable, the relevant Underlying_{ix} and Underlying_{iy}).

Range₁ means that on the relevant Range Accrual Day the Underlying Value_i is greater than or equal to the Lower Limit_i and lower than or equal to the Upper Limit_i.

Range₂ means that on the relevant Range Accrual Day the Underlying Value_i is greater than the Lower Limit_i and lower than the Upper Limit_i.

Range₃ means that on the relevant Range Accrual Day the Underlying Value_i is greater than or equal to the Lower Limit_i and lower than the Upper Limit_i.

Range₄ means that on the relevant Range Accrual Day the Underlying Value_i is greater than the Lower Limit_i and lower than or equal to the Upper Limit_i.

Range₅ means that on the relevant Range Accrual Day the Underlying Value_i is lower than the Lower Limit_i or greater than the Upper Limit_i.

Range₆ means that on the relevant Range Accrual Day the Underlying Value_i is lower than or equal to the Lower Limit_i or greater than or equal to the Upper Limit_i.

Range Accrual Day means, with respect to a Redemption Observation Period, each date specified as a Range Accrual Day in the applicable Final Terms, which may be each Business Day, each calendar day, each calendar day or Business Day within a week, each calendar day or Business Day within a month, or any other day, falling within such Redemption Observation Period. Each Range Accrual Day shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Redemption Observation Date means, with respect to a Redemption Determination Date, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days specified in the applicable Final Terms immediately preceding the Redemption Determination Date, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Redemption Observation Period Cut-Off Date means the date as specified in the applicable Final Terms.

Redemption Observation Period means:

- (a) with respect to Securities, other than Instalment Securities or for the purposes of calculating an Early Redemption Amount, the period specified as the Redemption Observation Period in the applicable Final Terms; or
- (b) with respect to Instalment Securities, the period from and including the Commencement Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first Instalment Date and each successive period beginning on and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding an Instalment Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the following Instalment Date; or
- (c) for the purposes of calculating an Early Redemption Amount, the period from and including the Commencement Date to and including the date falling such number of Business Days as specified in the applicable Final Terms prior to the Early Redemption Date.

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_i means an Underlying corresponding to an *i*, as specified in the applicable Final Terms. For the avoidance of doubt, the Global Underlying or (if applicable) Global Underlying_x and Global Underlying_y and all Underlying_i and (if applicable) Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, the Global Underlying or (if applicable) Global Underlying_x and Global Underlying_y and all Underlying_i and (if applicable) Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, the Global Underlying or (if applicable) Global Underlying_x and Global Underlying_y and all Underlying_i and (if applicable) Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Range Accrual Day, a Redemption Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price,

provided that if a Redemption Observation Period Cut-Off Date is specified as applicable in the applicable Final Terms, the Underlying Value in respect of any Range Accrual Day falling on or after the Redemption Observation Period Cut-Off Date shall be deemed to be the Underlying Value in respect of the Range Accrual Day falling on such Redemption Observation Period Cut-Off Date.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (a) the Underlying Value of an Underlying_i; or
- (b) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or

- the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
- the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

Upper Limit_i means the percentage or number specified as such in the applicable Final Terms and corresponding to an Underlying_i (or, as applicable, to Underlying_{ix} and Underlying_{iy}).

13.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Range Accrual Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Min}(\text{Cap}, \text{Max}(\text{Floor}, (\text{Leverage} \times \text{Global Underlying Value} + \text{Margin}_1) \times \text{Accrual Factor} + \text{Margin}_2))$$

and expressed as a percentage.

- (b) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Range Accrual Redemption is applicable as a relevant Standard Redemption Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance with Standard Range Accrual Redemption Payoff Condition 13.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff_x.

13.3 Relevant Observation

Where, in relation to these Standard Range Accrual Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Global Underlying Value and/or Underlying Value_i, references in these Standard Range Accrual Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Range Accrual Redemption Payoff Condition 13.1 above) shall, for the purposes of determining the Global Underlying Value and/or Underlying Value_i, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Range Accrual Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part B: Chapter 14: Standard Resettable Range Accrual Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Resettable Range Accrual Redemption to be applicable.

*The following terms and conditions (the **Standard Resettable Range Accrual Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Resettable Range Accrual Redemption (the **Standard Resettable Range Accrual Redemption**) is applicable. These Standard Resettable Range Accrual Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Resettable Range Accrual Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

14 STANDARD RESETTABLE RANGE ACCRUAL REDEMPTION

The Redemption Payoff is calculated as Accrual Factor multiplied by the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) the sum of (A) the result of Leverage multiplied by Global Underlying Value and (B) Margin₂. The Accrual Factor is calculated as the number of Range Accrual Days during the relevant Redemption Observation Period on which the Underlying Value_{xy} is within the relevant Resettable Range divided by the total number of Range Accrual Days in the relevant Redemption Observation Period. The lower level used for the Resettable Range is calculated by subtracting Margin₁ from a specified value or Underlying Value_{xy} at the relevant time and the upper level used for the Resettable Range is calculated by adding Margin₁ to the a specified value or Underlying Value_{xy} at the relevant time. Subject as provided below, the Global Underlying Value reflects the price, level or rate of the Global Underlying or (if a combination of a Global Underlying_x and a Global Underlying_y is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Global Underlying_x and the price, level or rate of the Global Underlying_y. Subject as provided below, the Underlying Value_{xy} reflects the price, level or rate of the Underlying_{xy} or (if a combination of an Underlying_x and an Underlying_y is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Underlying_x and the price, level or rate of the Underlying_y (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying will therefore affect the Redemption Payoff since (i) the value of the Underlying_{xy} (or, as applicable, the relevant Underlying_x and Underlying_y) affects the way that the limits of the Resettable Range, used in the Accrual Factor, are calculated and the value of the Accrual Factor and (ii) the value of the Global Underlying (or, as applicable, the Global Underlying_x and the Global Underlying_y) is used as a separate component in the formula used to calculate the Redemption Payoff.

Where, in relation to these Standard Resettable Range Accrual Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Global Underlying Value and/or the Initial Underlying Value and/or Underlying Value_{xy}, the Underlying Value may be determined for such purposes by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

14.1 Definitions and interpretation

For the purposes of these Standard Resettable Range Accrual Redemption Payoff Conditions, the following terms shall have the following meanings:

Accrual Factor means, with respect to a Redemption Observation Period, the number of Range Accrual Days in the relevant Redemption Observation Period in respect of which the Underlying Value_{xy} was within the relevant Resettable Range, divided by the total number of Range Accrual Days in such Redemption Observation Period, in each case as determined by the Calculation Agent. For the purposes hereof, (and where Range Accrual Days are expressed in the applicable Final Terms as falling on calendar days which may not be Business Days) the Underlying Value_{xy} in respect of any Range Accrual Day which is not a Business Day shall be deemed to be the Underlying Value_{xy} in respect of either the immediately preceding or the immediately following Business Day, as specified in the applicable Final Terms.

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Commencement Date means the Issue Date or such other date falling prior to the Issue Date and specified as such in the applicable Final Terms.

Early Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Early Redemption Date has the meaning set out in General Condition 24 (*Definitions*).

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Global Underlying means the Underlying specified as such in the applicable Final Terms. For the avoidance of doubt, the Global Underlying and the Underlying_{xy} or (if applicable) Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Global Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Global Underlying_x, Global Underlying_y and the Underlying_{xy} or (if applicable) Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Global Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Global Underlying_x, Global Underlying_y and the Underlying_{xy} or (if applicable) Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Global Underlying Value means:

- (a) the Underlying Value of the Global Underlying on an Interest Observation Date; or
- (b) if a combination of a Global Underlying_x and a Global Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Global Underlying_x and the Underlying Value of such Global Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y; or

- the algebraical difference between the Underlying Value of such Global Underlying_x and the Underlying Value of such Global Underlying_y, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y; or
- the product of the Underlying Value of such Global Underlying_x by the Underlying Value of such Global Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y; or
- the quotient of the Underlying Value of such Global Underlying_x by the Underlying Value of such Global Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y.

Initial Underlying Value means, with respect to a Redemption Observation Period, the level, percentage, number, price or amount specified in the applicable Final Terms or, where the Initial Underlying Value is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Underlying Value_{xy} determined in accordance with Standard Resettable Range Accrual Redemption Payoff Condition 14.3 below.

Instalment Date means each date specified as such in the applicable Final Terms.

Issue Date has the meaning set out in General Condition 24 (*Definitions*).

Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Lower Resettable Range Accrual Level means:

(Initial Underlying Value – Margin₁)

Margin₁ or **Margin₂** means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Range Accrual Day means, with respect to a Redemption Observation Period, each date specified as a Range Accrual Day in the applicable Final Terms, which may be each Business Day, each calendar day, each calendar day or Business Day within a week, each calendar day or Business Day within a month, or any other day, falling within such Redemption Observation Period. Each Range Accrual Day shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Redemption Observation Period means:

- (a) with respect to Securities, other than Instalment Securities or for the purposes of calculating an Early Redemption Amount, the period specified as the Redemption Observation Period in the applicable Final Terms; or
- (b) with respect to Instalment Securities, the period from and including the Commencement Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first Instalment Date and each successive period beginning on and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding an Instalment Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the following Instalment Date; or
- (c) for the purposes of calculating an Early Redemption Amount, the period from and including the Commencement Date to and including the date falling such number of Business Days as specified in the applicable Final Terms prior to the Early Redemption Date.

Redemption Observation Period Cut-Off Date means the date as specified in the applicable Final Terms.

Resetable Range means any one (only) of Resetable Range₁, Resetable Range₂, Resetable Range₃, Resetable Range₄, Resetable Range₅ or Resetable Range₆ as specified in the applicable Final Terms.

Resetable Range₁ means that on the relevant Range Accrual Day the Underlying Value_{xy} is greater than or equal to the Lower Resetable Range Accrual Level and less than or equal to the Upper Resetable Range Accrual Level.

Resetable Range₂ means that on the relevant Range Accrual Day the Underlying Value_{xy} is greater than the Lower Resetable Range Accrual Level and less than the Upper Resetable Range Accrual Level.

Resetable Range₃ means that on the relevant Range Accrual Day the Underlying Value_{xy} is greater than or equal to the Lower Resetable Range Accrual Level and less than the Upper Resetable Range Accrual Level.

Resetable Range₄ means that on the relevant Range Accrual Day the Underlying Value_{xy} is greater than the Lower Resetable Range Accrual Level and less than or equal to the Upper Resetable Range Accrual Level.

Resetable Range₅ means that on the relevant Range Accrual Day the Underlying Value_{xy} is less than the Lower Resetable Range Accrual Level or greater than the Upper Resetable Range Accrual Level.

Resetable Range₆ means that on the relevant Range Accrual Day the Underlying Value_{xy} is less than or equal to the Lower Resetable Range Accrual Level or greater than or equal to the Upper Resetable Range Accrual Level.

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y and the Global Underlying or, if applicable, Global Underlying_x and Global Underlying_y, together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{xy} means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_{xy} and the Global Underlying or, if applicable, Global Underlying_x and Global Underlying_y, together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y and the Global Underlying or, if applicable, Global Underlying_x and Global Underlying_y, together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Range Accrual Day or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price,

provided that if a Redemption Observation Period Cut-Off Date is specified as applicable in the applicable Final Terms, the Underlying Value in respect of any Range Accrual Day falling on or after the Redemption Observation Period Cut-Off Date shall be deemed to be the Underlying Value in respect of the Range Accrual Day falling on such Redemption Observation Period Cut-Off Date.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_{xy} means:

- (a) the Underlying Value of the Underlying_{xy}; or
- (b) if a combination of an Underlying_x and an Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the algebraical difference between the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or

- the product of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
- the quotient of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y.

Upper Resettable Range Accrual Level means:

(Initial Underlying Value + Margin₁)

14.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Resettable Range Accrual Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Accrual Factor} \times \text{Min} \left(\text{Cap}, \text{Max} \left(\text{Floor}, \left(\text{Leverage} \times \text{Global Underlying Value} + \text{Margin}_2 \right) \right) \right)$$

and expressed as a percentage.

- (b) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Resettable Range Accrual Redemption is applicable as a relevant Standard Redemption Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance with Standard Resettable Range Accrual Redemption Payoff Condition 14.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff_x.

14.3 Relevant Observation

Where, in relation to these Standard Resettable Range Accrual Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Global Underlying Value and/or the Initial Underlying Value and/or Underlying Value_{xy}, references in these Standard Resettable Range Accrual Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Resettable Range Accrual Redemption Payoff Condition 14.1 above) shall, for the purposes of determining the Global Underlying Value and/or the Initial Underlying Value and/or Underlying Value_{xy}, as the case may be, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Resettable Range Accrual Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or

- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part B: Chapter 15: Standard 3D Range Accrual Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard 3D Range Accrual Redemption to be applicable.

*The following terms and conditions (the **Standard 3D Range Accrual Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard 3D Range Accrual Redemption (the **Standard 3D Range Accrual Redemption**) is applicable. These Standard 3D Range Accrual Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard 3D Range Accrual Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

15 STANDARD 3D RANGE ACCRUAL REDEMPTION

The Redemption Payoff is calculated on the Redemption Determination Date as Accrual Factor in respect of Underlying_i (or, as applicable, the relevant Underlying_{ix} and Underlying_{iy}) corresponding to the number 1 multiplied by Accrual Factor in respect of Underlying_i (or, as applicable, the relevant Underlying_{ix} and Underlying_{iy}) corresponding to the number 2 multiplied by Accrual Factor in respect of Underlying_i (or, as applicable, the relevant Underlying_{ix} and Underlying_{iy}) corresponding to the number 3 and then multiplied by the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) the result of Leverage multiplied by Global Underlying Value added to Margin. An Accrual Factor is calculated as the number of Range Accrual Days during the relevant Redemption Observation Period on which the relevant Underlying Value is within the relevant Range divided by the total number of Range Accrual Days in the relevant Redemption Observation Period. The Global Underlying Value means the Underlying Value of the Global Underlying on a Redemption Observation Date. Subject as provided below, the Global Underlying Value reflects the price, level or rate of the Global Underlying or (if a combination of a Global Underlying_x and a Global Underlying_y is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Global Underlying_x and the price, level or rate of the Global Underlying_y. Subject as provided below, the Underlying Value reflects the price, level or rate of the relevant Underlying or (if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the relevant Underlying_{ix} and the price, level or rate of the relevant Underlying_{iy} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of each relevant Underlying will therefore affect the Redemption Payoff since (i) the value of the relevant Underlying_i (or, as applicable, the relevant Underlying_{ix} and Underlying_{iy}) affects the value of the corresponding Accrual Factor which is used as a component of the formula used to calculate the Redemption Payoff and (ii) the value of the Global Underlying (or, as applicable, the Global Underlying_x and the Global Underlying_y) is used as a separate component in the formula used to calculate the Redemption Payoff.

Where, in relation to these Standard 3D Range Accrual Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Global Underlying Value and/or the Underlying Value_i, the Underlying Value may for the purposes of determining the Global Underlying Value be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

15.1 Definitions and interpretation

For the purposes of these Standard 3D Range Accrual Redemption Payoff Conditions, the following terms shall have the following meanings:

Accrual Factor₁ means, with respect to a Redemption Observation Period, the number of Range Accrual Days in the relevant Redemption Observation Period in respect of which the Underlying Value_i corresponding to the number 1 (as specified in the applicable Final Terms) was within the relevant Range, divided by the total number of Range Accrual Days in such Redemption Observation Period, in each case as determined by the Calculation Agent. For the purposes hereof, (and where Range Accrual Days are expressed in the applicable Final Terms as falling on calendar days which may not be Business Days) the Underlying Value_i in respect of any Range Accrual Day which is not a Business Day shall be deemed to be the Underlying Value_i in respect of either the immediately preceding or the immediately following Business Day, as specified in the applicable Final Terms.

Accrual Factor₂ means, with respect to a Redemption Observation Period, the number of Range Accrual Days in the relevant Redemption Observation Period in respect of which the Underlying Value_i corresponding to the number 2 (as specified in the applicable Final Terms) was within the relevant Range, divided by the total number of Range Accrual Days in such Redemption Observation Period, in each case as determined by the Calculation Agent. For the purposes hereof, (and where Range Accrual Days are expressed in the applicable Final Terms as falling on calendar days which may not be Business Days) the Underlying Value_i in respect of any Range Accrual Day which is not a Business Day shall be deemed to be the Underlying Value_i in respect of either the immediately preceding or the immediately following Business Day, as specified in the applicable Final Terms.

Accrual Factor₃ means, with respect to a Redemption Observation Period, the number of Range Accrual Days in the relevant Redemption Observation Period in respect of which the Underlying Value_i corresponding to the number 3 (as specified in the applicable Final Terms) was within the relevant Range, divided by the total number of Range Accrual Days in such Redemption Observation Period, in each case as determined by the Calculation Agent. For the purposes hereof, (and where Range Accrual Days are expressed in the applicable Final Terms as falling on calendar days which may not be Business Days) the Underlying Value_i in respect of any Range Accrual Day which is not a Business Day shall be deemed to be the Underlying Value_i in respect of either the immediately preceding or the immediately following Business Day, as specified in the applicable Final Terms.

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Commencement Date means the Issue Date or such other date falling prior to the Issue Date and specified as such in the applicable Final Terms.

Early Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Early Redemption Date has the meaning set out in General Condition 24 (*Definitions*).

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Global Underlying means the Underlying specified as such in the applicable Final Terms. For the avoidance of doubt, Global Underlying and all Underlying_i and (if applicable) Underlying_{ix} and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Global Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Global Underlying_x, Global Underlying_y and all Underlying_i and (if applicable) Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Global Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Global Underlying_x, Global Underlying_y and all Underlying_i and (if applicable) Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Global Underlying Value means:

- (a) the Underlying Value of the Global Underlying on an Interest Observation Date; or
- (b) if a combination of a Global Underlying_x and a Global Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Global Underlying_x and the Underlying Value of such Global Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y; or
 - the algebraical difference between the Underlying Value of such Global Underlying_x and the Underlying Value of such Global Underlying_y, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y; or
 - the product of the Underlying Value of such Global Underlying_x by the Underlying Value of such Global Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y; or
 - the quotient of the Underlying Value of such Global Underlying_x by the Underlying Value of such Global Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y.

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Instalment Date means each date specified as such in the applicable Final Terms.

Issue Date has the meaning set out in General Condition 24 (*Definitions*).

Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Lower Range Accrual Level_i means the percentage or number specified as such in the applicable Final Terms and corresponding to an *i*.

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Max}(X,Y)$ means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Min}(X,Y)$ means whichever is the lesser of component X and component Y.

Range means in respect of each Underlying_i, any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms for such Underlying_i (or, as applicable, the relevant Underlying_{ix} and Underlying_{iy}).

Range₁ means that on the relevant Range Accrual Day the Underlying Value_i is greater than or equal to the Lower Range Accrual Level_i and less than or equal to the Upper Range Accrual Level_i.

Range₂ means that on the relevant Range Accrual Day the Underlying Value_i is greater than the Lower Range Accrual Level_i and less than the Upper Range Accrual Level_i.

Range₃ means that on the relevant Range Accrual Day the Underlying Value_i is greater than or equal to the Lower Range Accrual Level_i and less than the Upper Range Accrual Level_i.

Range₄ means that on the relevant Range Accrual Day the Underlying Value_i is greater than the Lower Range Accrual Level_i and less than or equal to the Upper Range Accrual Level_i.

Range₅ means that on the relevant Range Accrual Day the Underlying Value_i is less than the Lower Range Accrual Level_i or greater than the Upper Range Accrual Level_i.

Range₆ means that on the relevant Range Accrual Day the Underlying Value_i is less than or equal to the Lower Range Accrual Level_i or greater than or equal to the Upper Range Accrual Level_i.

Range Accrual Day means, with respect to a Redemption Observation Period and an Underlying_i, each date specified as a Range Accrual Day in the applicable Final Terms, which may be each Business Day, each calendar day, each calendar day or Business Day within a week, each calendar day or Business Day within a month, or any other day, falling within such Redemption Observation Period. Each Range Accrual Day shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Redemption Observation Date means, with respect to a Redemption Determination Date, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days specified in the applicable Final Terms immediately preceding the Redemption Determination Date, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Redemption Observation Period means:

- (a) with respect to Securities, other than Instalment Securities or for the purposes of calculating an Early Redemption Amount, the period specified as the Redemption Observation Period in the applicable Final Terms; or
- (b) with respect to Instalment Securities, the period from and including the Commencement Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first Instalment Date and each successive period beginning on and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding an Instalment Date to but excluding the date falling such number

of Business Days specified in the applicable Final Terms immediately preceding the following Instalment Date; or

- (c) for the purposes of calculating an Early Redemption Amount, the period from and including the Commencement Date to and including the date falling such number of Business Days as specified in the applicable Final Terms prior to the Early Redemption Date.

Redemption Observation Period Cut-Off Date means the date as specified in the applicable Final Terms.

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_i means an Underlying corresponding to an i, as specified in the applicable Final Terms. For the avoidance of doubt, the Global Underlying or (if applicable) Global Underlying_x and Global Underlying_y and all Underlying_i and (if applicable) Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, the Global Underlying or (if applicable) Global Underlying_x and Global Underlying_y and all Underlying_i and (if applicable) Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, the Global Underlying or (if applicable) Global Underlying_x and Global Underlying_y and all Underlying_i and (if applicable) Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Range Accrual Day, a Redemption Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price,

provided that if a Redemption Observation Period Cut-Off Date is specified as applicable in the applicable Final Terms, the Underlying Value in respect of any Range Accrual Day falling on or after the Redemption Observation Period Cut-Off Date shall be deemed to be the Underlying Value in respect of the Range Accrual Day falling on such Redemption Observation Period Cut-Off Date.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (a) the Underlying Value of an Underlying_i; or
- (b) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Subtraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

Upper Range Accrual Level_i means the percentage or number specified as such in the applicable Final Terms and corresponding to an i.

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Redemption Payoff, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

15.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard 3D Range Accrual Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Accrual Factor}_1 \times \text{Accrual Factor}_2 \times \text{Accrual Factor}_3 \times \text{Min} \left(\text{Cap, Max} \left(\text{Floor, (Leverage} \times \text{Global Underlying Value} + \text{Margin}) \right) \right)$$

and expressed as a percentage.

- (b) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard 3D Range Accrual Redemption is applicable as a relevant Standard Redemption Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance with Standard 3D Range Accrual Redemption Payoff Condition 15.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff, Standard Redemption Payoff₁ or Standard Redemption Payoff_x.

15.3 Relevant Observation

Where, in relation to these Standard 3D Range Accrual Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Global Underlying Value and/or Underlying Value_i, references in these Standard 3D Range Accrual Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard 3D Range Accrual Redemption Payoff Condition 15.1 above) shall, for the purposes of determining the Global Underlying Value and/or Underlying Value_i, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard 3D Range Accrual Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part B: Chapter 16: Standard Fixed Digital Basket Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Fixed Digital Basket Redemption to be applicable.

*The following terms and conditions (the **Standard Fixed Digital Basket Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Fixed Digital Basket Redemption (the **Standard Fixed Digital Basket Redemption**) is applicable. These Standard Fixed Digital Basket Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Fixed Digital Basket Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

16 STANDARD FIXED DIGITAL BASKET REDEMPTION

The Redemption Payoff is calculated on the Redemption Determination Date as (a) if the Underlying Value of each Underlying_i is within the Underlying Value_i Range on the relevant Redemption Observation Date, being Fixed Percentage₁ (b) otherwise, being Fixed Percentage₂. Subject as provided below, the Underlying Value reflects the price, level or rate of the relevant Underlying_i (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of each Underlying_i will therefore affect whether Fixed Rate₁ or Fixed Rate₂ is used to calculate the Redemption Payoff applicable to the Securities.

Where, in relation to these Standard Fixed Digital Basket Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable, the Underlying Value may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

16.1 Definitions and interpretation

For the purposes of these Standard Fixed Digital Basket Redemption Payoff Conditions, the following terms shall have the following meanings:

Fixed Percentage₁ or Fixed Percentage₂ means the percentage specified as such in the applicable Final Terms.

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Lower Limit_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i.

Range means any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms.

Range₁ means that on the relevant Redemption Observation Date each Underlying Value_i is greater than or equal to the Lower Limit_i and less than or equal to the Upper Limit_i.

Range₂ means that on the relevant Redemption Observation Date each Underlying Value_i is greater than the Lower Limit_i and less than the Upper Limit_i.

Range₃ means that on the relevant Redemption Observation Date each Underlying Value_i is greater than or equal to the Lower Limit_i and less than the Upper Limit_i.

Range₄ means that on the relevant Redemption Observation Date each Underlying Value_i is greater than the Lower Limit_i and less than or equal to the Upper Limit_i.

Range₅ means that on the relevant Redemption Observation Date each Underlying Value_i is less than the Lower Limit_i or greater than the Upper Limit_i.

Range₆ means that on the relevant Redemption Observation Date each Underlying Value_i is less than or equal to the Lower Limit_i or greater than or equal to the Upper Limit_i.

Redemption Determination Date has the meaning set out in Annex 9 (*Redemption Method Conditions*).

Redemption Observation Date means, with respect to a Redemption Determination Date, each date specified as such in the applicable Final Terms or, alternatively, the, or in the case of Instalment Securities, each date falling such number of Business Days specified in the applicable Final Terms immediately preceding the Redemption Determination Date, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_i means any Underlying specified in the applicable Final Terms. For the avoidance of doubt, each Underlying_i together will constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Redemption Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means the Underlying Value of the Underlying_i.

Underlying Value_i Range means the Range specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i.

Upper Limit_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i.

16.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Fixed Digital Basket Redemption is applicable shall be calculated on such Redemption Determination Date as follows:
- (i) if each Underlying Value_i is within the Underlying Value_i Range on the Redemption Observation Date, Fixed Percentage₁; or
 - (ii) otherwise, Fixed Percentage₂.
- (b) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Fixed Digital Basket Redemption is applicable as a relevant Standard Redemption Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance with Standard Fixed Digital Basket Redemption Payoff Condition 16.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff_x.

16.3 Relevant Observation

Where, in relation to these Standard Fixed Digital Basket Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable, references in these Standard Fixed Digital Basket Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Fixed Digital Basket Redemption Payoff Condition 16.1 above) shall, for the purposes of determining the Underlying Value of the Underlying, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Fixed Digital Basket Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or

- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part B: Chapter 17: Standard Power Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Power Redemption to be applicable.

*The following terms and conditions (the **Standard Power Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Power Redemption (the **Standard Power Redemption**) is applicable. These Standard Power Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Power Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

17 STANDARD POWER REDEMPTION

The Redemption Payoff is calculated on the Redemption Determination Date as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Margin added to the result, exponentiated to the power of x, of 1 plus Leverage multiplied by Underlying Value. Subject as provided below, the Underlying Value reflects the price, level or rate of the Underlying (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying will be used as a component in this calculation and will therefore affect the Redemption Payoff subject to the Leverage, Margin, Cap, Floor and the exponential part of the formula.

Where, in relation to these Standard Power Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value, the Underlying Value may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

17.1 Definitions and interpretation

For the purposes of these Standard Power Redemption Payoff Conditions, the following terms shall have the following meanings:

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Redemption Determination Date has the meaning set out in Annex 9 (*Redemption Method Conditions*).

Redemption Observation Date means, with respect to a Redemption Determination Date, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days specified in the applicable Final Terms immediately preceding the Redemption Determination Date, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying Value means, with respect to a Redemption Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

x means the value specified as such in the applicable Final Terms.

(1 + Leverage x Underlying Value)^x means the result, exponentiated to the power of x, of Leverage multiplied by Underlying Value added to 1.

17.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Power Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Min}(\text{Cap}, \text{Max}(\text{Floor}, (1 + \text{Leverage} \times \text{Underlying Value})^x + \text{Margin}))$$

and expressed as a percentage.

- (b) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Power Redemption is applicable as a relevant Standard Redemption Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance

with Standard Power Redemption Payoff Condition 17.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff.

17.3 Relevant Observation

Where, in relation to these Standard Power Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value, references in these Standard Power Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Power Redemption Payoff Condition 17.1 above) shall, for the purposes of determining the Underlying Value of the Underlying, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Power Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part B: Chapter 18: Standard Dual Range Accrual Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Dual Range Accrual Redemption to be applicable.

*The following terms and conditions (the **Standard Dual Range Accrual Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Dual Range Accrual Redemption (the **Standard Dual Range Accrual Redemption**) is applicable. These Standard Dual Range Accrual Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Dual Range Accrual Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

18 STANDARD DUAL RANGE ACCRUAL REDEMPTION

The Redemption Payoff is calculated on the Redemption Determination Date as Accrual Factor multiplied by the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Global Leverage multiplied by Basket Value added to Margin. The Accrual Factor is calculated as the number of Range Accrual Days during the relevant Redemption Observation Period on which each Underlying Value_i is within its corresponding Underlying Value_i Range divided by the total number of Range Accrual Days in the relevant Redemption Observation Period. Subject as provided below, Basket Value means the sum of the individual products of Leverage_i and Underlying Value of each Underlying_i in respect of a Redemption Observation Date where the Underlying Value_i reflects the price, level or rate of the relevant Underlying_i or (if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the relevant Underlying_{ix} and the price, level or rate of the relevant Underlying_{iy} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of each Underlying_i or, as applicable, each Underlying_{ix} and Underlying_{iy}, may therefore affect the Redemption Payoff since (i) the value of each Underlying_i or, as applicable, each Underlying_{ix} and Underlying_{iy}, affects the value of the Accrual Factor which is used as a component of the formula used to calculate the Redemption Payoff and (ii) the sum of the individual products of Leverage_i and Underlying Value of each Underlying_i or, as applicable, each Underlying_{ix} and Underlying_{iy}, is also used as a component to calculate the Redemption Payoff.

Where, in relation to these Standard Dual Range Accrual Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying(s) comprising the Basket, the Underlying Value in respect of such Underlying(s) may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

18.1 Definitions and interpretation

For the purposes of these Standard Dual Range Accrual Redemption Payoff Conditions, the following terms shall have the following meanings:

Accrual Factor means, with respect to a Redemption Observation Period, the number of Range Accrual Days in the relevant Redemption Observation Period in respect of which each Underlying Value_i was within the Underlying Value_i Range, divided by the total number of Range Accrual Days in such Redemption Observation Period, in each case as determined by the Calculation Agent. For the purposes hereof, (and where Range Accrual Days are expressed in the applicable Final Terms as falling on calendar days which may not be Business Days) the Underlying Value in respect of any Range Accrual Day which is not a Business Day shall be deemed to be the Underlying Value in respect of

either the immediately preceding or the immediately following Business Day, as specified in the applicable Final Terms.

Basket Value means, with respect to a Redemption Observation Date or Relevant Timing, as the case may be, $\sum (\text{Leverage}_i \times \text{Underlying Value}_i)$ on such date where, in respect of a Redemption Observation Date, $\text{Underlying Value}_i$ is determined in respect of the corresponding Underlying Observation Dates.

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Commencement Date means the Issue Date or such other date falling prior to the Issue Date and specified as such in the applicable Final Terms.

Early Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Early Redemption Date has the meaning set out in General Condition 24 (*Definitions*).

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Global Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Instalment Date means each date specified as such in the applicable Final Terms.

Issue Date has the meaning set out in General Condition 24 (*Definitions*).

Leverage_i means the percentage or number specified as such in the applicable Final Terms and corresponding to an *i*. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, may be one (1).

Lower Dual Range Accrual Level_i means the percentage or number specified as such in the applicable Final Terms and corresponding an *i*.

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Max}(X,Y)$ means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Min}(X,Y)$ means whichever is the lesser of component X and component Y.

Range means any one (only) of Range_1 , Range_2 , Range_3 , Range_4 , Range_5 or Range_6 as specified in the applicable Final Terms.

Range₁ means that on the relevant Range Accrual Day the Underlying Value_i is greater than or equal to the Lower Dual Range Accrual Level_i and less than or equal to the Upper Dual Range Accrual Level_i.

Range₂ means that on the relevant Range Accrual Day the Underlying Value_i is greater than the Lower Dual Range Accrual Level_i and less than the Upper Dual Range Accrual Level_i.

Range₃ means that on the relevant Range Accrual Day the Underlying Value_i is greater than or equal to the Lower Dual Range Accrual Level_i and less than the Upper Dual Range Accrual Level_i.

Range₄ means that on the relevant Range Accrual Day the Underlying Value_i is greater than the Lower Dual Range Accrual Level_i and less than or equal to the Upper Dual Range Accrual Level_i.

Range₅ means that on the relevant Range Accrual Day the Underlying Value_i is less than the Lower Dual Range Accrual Level_i or greater than the Upper Dual Range Accrual Level_i.

Range₆ means that on the relevant Range Accrual Day the Underlying Value_i is less than or equal to the Lower Dual Range Accrual Level_i or greater than or equal to the Upper Dual Range Accrual Level_i.

Range Accrual Day means, with respect to a Redemption Observation Period, each date specified as a Range Accrual Day in the applicable Final Terms, which may be each Business Day, each calendar day, each calendar day or Business Day within a week, each calendar day or Business Day within a month, or any other day, falling within such Redemption Observation Period. Each Range Accrual Day shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Redemption Observation Date means, with respect to a Redemption Determination Date, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days specified in the applicable Final Terms immediately preceding the Redemption Determination Date, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Redemption Observation Period means:

- (a) with respect to Securities, other than Instalment Securities or for the purposes of calculating an Early Redemption Amount, the period specified as the Redemption Observation Period in the applicable Final Terms; or
- (b) with respect to Instalment Securities, the period from and including the Commencement Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first Instalment Date and each successive period beginning on but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding an Instalment Date to and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the following Instalment Date; or
- (c) for the purposes of calculating an Early Redemption Amount, the period from and including the Commencement Date to and including the date falling such number of Business Days as specified in the applicable Final Terms prior to the Early Redemption Date.

Redemption Observation Period Cut-Off Date means the date as specified in the applicable Final Terms.

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_i means each Underlying corresponding to an *i* specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an *i*, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an *i*, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Observation Date means with respect to an Underlying and a Redemption Observation Date, each date specified as such in the applicable Final Terms and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Value means, with respect to an Underlying Observation Date, a Range Accrual Day or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price,

provided that if a Redemption Observation Period Cut-Off Date is specified as applicable in the applicable Final Terms, the Underlying Value in respect of any Range Accrual Day falling on or after the Redemption Observation Period Cut-Off Date shall be deemed to be the Underlying Value in respect of the Range Accrual Day falling on such Redemption Observation Period Cut-Off Date.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (a) the Underlying Value of an Underlying_i; or
- (b) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same *i*:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable

Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or

- the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
- the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

Underlying Value_i Range means the Range specified as such in the applicable Final Terms and corresponding to an i.

Upper Dual Range Accrual Level_i means the percentage or number specified as such in the applicable Final Terms and corresponding to an i.

Σ means the sum of the values, which follow.

Σ (**Leverage_i x Underlying Value_i**) means the sum of the individual products of the Leverage_i and Underlying Value_i for each Underlying_i (or, as applicable, the relevant Underlying_{ix} and Underlying_{iy}).

18.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Dual Range Accrual Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Accrual Factor} \times \text{Min} (\text{Cap}, \text{Max}(\text{Floor}, (\text{Global Leverage} \times \text{Basket Value} + \text{Margin})))$$

and expressed as a percentage.

- (b) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Dual Range Accrual Redemption is applicable as a relevant Standard Redemption Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance with Standard Dual Range Accrual Redemption Payoff Condition 18.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff_x.

18.3 Relevant Observation

Where, in relation to these Standard Dual Range Accrual Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying(s) in the Basket, references in these Standard Dual Range Accrual Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Dual Range Accrual Redemption Payoff Condition 18.1 above) shall, for the purposes of determining the Underlying Value of any such Underlying(s), be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Dual Range Accrual Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;

- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part B: Chapter 19: Standard Trend Participation Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Trend Participation Redemption to be applicable.

*The following terms and conditions (the **Standard Trend Participation Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Trend Participation Redemption (the **Standard Trend Participation Redemption**) is applicable. These Standard Trend Participation Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Trend Participation Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

19 STANDARD TREND PARTICIPATION REDEMPTION

The Redemption Payoff is calculated on the Redemption Determination Date as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Leverage multiplied by the sum of Margin and the result of $Underlying_{Observation1}$ divided by $Underlying_{Observation2}$. Subject as provided below, $Underlying_{Observation1}$ reflects the Underlying Value on Redemption Observation Date₁ and $Underlying_{Observation2}$ reflects the Underlying Value on Redemption Observation Date₂ where the Underlying Value reflects the price, level or rate of the Underlying (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying observed on each of the relevant days may each be used as a component in this calculation and may therefore affect the Redemption Payoff, subject to the Leverage, the Margin, the Cap and the Floor.

Where, in relation to these Standard Trend Participation Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of $Underlying_{Observation1}$ and/or $Underlying_{Observation2}$, the Underlying Value may for the purposes of determining $Underlying_{Observation1}$ and/or $Underlying_{Observation2}$, as the case may be, be determined for such purposes by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

19.1 Definitions and interpretation

For the purposes of these Standard Trend Participation Redemption Payoff Conditions, the following terms shall have the following meanings:

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example $Max(X,Y)$ means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Redemption Observation Date means Redemption Observation Date₁ or Redemption Observation Date₂, as the case may be.

Redemption Observation Date₁ means, with respect to a Redemption Determination Date set out in General Condition 24 (*Definitions*), the date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days specified in the applicable Final Terms immediately preceding the Redemption Determination Date, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Redemption Observation Date₂ means, with respect to a Redemption Determination Date, the date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days specified in the applicable Final Terms immediately preceding the Redemption Determination Date, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_{Observation1} means, with respect to a Redemption Determination Date, (i) the level, percentage, number, price or amount specified in the applicable Final Terms or (ii) the Underlying Value on the Redemption Observation Date₁ or, where Underlying_{Observation1} is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Underlying Value determined in accordance with Standard Trend Participation Redemption Payoff Condition 19.3 below.

Underlying_{Observation2} means, with respect to a Redemption Determination Date, (i) the level, percentage, number, price or amount specified in the applicable Final Terms or (ii) the Underlying Value on the Redemption Observation Date₂ or, where Underlying_{Observation2} is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Underlying Value determined in accordance with Standard Trend Participation Redemption Payoff Condition 19.3 below.

Underlying Value means, with respect to a Redemption Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;

- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

19.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Trend Participation Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Min} \left(\text{Cap}, \text{Max} \left(\text{Floor}, \text{Leverage} \times \left(\frac{\text{Underlying}_{\text{Observation 1}}}{\text{Underlying}_{\text{Observation 2}}} + \text{Margin} \right) \right) \right)$$

and expressed as a percentage.

- (b) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Trend Participation Redemption is applicable as a relevant Standard Redemption Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance with Standard Trend Participation Redemption Payoff Condition 19.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff_x.

19.3 Relevant Observation

Where, in relation to these Standard Trend Participation Redemption Payoff Conditions provides that 'Relevant Observation' is applicable in respect of Underlying_{Observation1} and/or Underlying_{Observation2}, references in these Standard Trend Participation Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Trend Participation Redemption Payoff Condition 19.1 above) shall, for the purposes of determining Underlying_{Observation1} and/or Underlying_{Observation2}, as the case may be, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Trend Participation Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part B: Chapter 20: Standard Trend Participation Basket Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Trend Participation Basket Redemption to be applicable.

*The following terms and conditions (the **Standard Trend Participation Basket Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Trend Participation Basket Redemption (the **Standard Trend Participation Basket Redemption**) is applicable. These Standard Trend Participation Basket Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Trend Participation Basket Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

20 STANDARD TREND PARTICIPATION BASKET REDEMPTION

The Redemption Payoff is calculated on the Redemption Determination Date as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Global Leverage multiplied by the sum of Margin and the result of $Basket_{Observation1}$ divided by $Basket_{Observation2}$. $Basket_{Observation1}$ means the Basket Value observed in respect of Redemption Observation Date₁ and $Basket_{Observation2}$ means the Basket Value observed in respect of Redemption Observation Date₂. Basket Value on the relevant day is the sum of the individual products of $Leverage_i$ and Underlying Value of each Underlying_i observed on the relevant day. Subject as provided below, the Underlying Value reflects the price, level or rate of the Underlying (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The sum of the value of each Underlying_i observed on each of the relevant days each multiplied by the relevant leverage may be used as a component in this calculation and each may therefore affect the Redemption Payoff, subject to the Global Leverage, the Margin, the Cap and the Floor.

Where, in relation to these Standard Trend Participation Basket Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying(s) comprising the Basket and with respect to $Basket_{Observation1}$ and/or $Basket_{Observation2}$, the Underlying Value in respect of such Underlying(s) may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

20.1 Definitions and interpretation

For the purposes of these Standard Trend Participation Basket Redemption Payoff Conditions, the following terms shall have the following meanings:

Basket_{Observation1} means, with respect to a Redemption Determination Date, the Basket Value on the Redemption Observation Date₁.

Basket_{Observation2} means, with respect to a Redemption Determination Date, the Basket Value on the Redemption Observation Date₂.

Basket Value means, with respect to a Redemption Observation Date or Relevant Timing, as the case may be, $\sum(Leverage_i \times Underlying\ Value_i)$ on such date where, in respect of a Redemption Observation Date, Underlying Value_i is determined in respect of the corresponding Underlying Observation Dates.

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Global Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Leverage_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Redemption Observation Date means a Redemption Observation Date₁ or a Redemption Observation Date₂, as applicable.

Redemption Observation Date₁ means, with respect to a Redemption Determination Date, each date specified as such in the applicable Final Terms, which may be a date falling such number of Business Days immediately preceding the Redemption Determination Date as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Redemption Observation Date₂ means, with respect to a Redemption Determination Date, the date specified as such in the applicable Final Terms, which may be a date falling such number of Business Days immediately preceding the Redemption Determination Date as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms, each an Underlying.

Underlying_i means each Underlying corresponding to an i as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i together will constitute a Basket or a Multi-Asset Basket, as applicable (each defined in the applicable Asset Conditions).

Underlying Observation Date means with respect to an Underlying and a Redemption Observation Date, each date specified as such in the applicable Final Terms and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Value means, with respect to an Underlying Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means the Underlying Value of an Underlying_i.

Σ means the sum of the values, which follow in brackets.

Σ (**Leverage_i x Underlying Value_i**) means the sum of the individual products of the Underlying Value_i and the Leverage_i for each i.

20.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Trend Participation Basket Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Min} \left(\text{Cap}, \text{Max} \left(\text{Floor}, \text{Global Leverage} \times \left(\frac{\text{Basket}_{\text{Observation1}}}{\text{Basket}_{\text{Observation2}}} + \text{Margin} \right) \right) \right)$$

and expressed as a percentage.

- (b) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Trend Participation Basket Redemption is applicable as a relevant Standard Redemption Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance with Standard Trend Participation Basket Redemption Payoff Condition 20.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff_x.

20.3 Relevant Observation

Where, in relation to these Standard Trend Participation Basket Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying(s) in the Basket and with respect to Basket_{Observation1} and/or Basket_{Observation2}, references in these Standard Trend Participation Basket Redemption Payoff Conditions to 'Underlying Value' (save

for the definition of such term in Standard Trend Participation Basket Redemption Payoff Condition 20.1 above) shall, for the purposes of determining the Underlying Value of any such Underlying(s) and with respect to Basket_{Observation1} and/or Basket_{Observation2}, as the case may be, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Trend Participation Basket Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part B: Chapter 21: Standard Average Trend Participation Basket Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Average Trend Participation Basket Redemption to be applicable.

*The following terms and conditions (the **Standard Average Trend Participation Basket Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Average Trend Participation Basket Redemption (the **Standard Average Trend Participation Basket Redemption**) is applicable. These Standard Average Trend Participation Basket Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Average Trend Participation Basket Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

21 STANDARD AVERAGE TREND PARTICIPATION BASKET REDEMPTION

The Redemption Payoff is calculated on the Redemption Determination Date as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Global Leverage multiplied by the sum of Margin and the result of Average Basket_{Observation Period1} divided by Average Basket_{Observation Period2}. Subject as provided below, Average Basket_{Observation Period1} and Average Basket_{Observation Period2} means (A) (if 'Arithmetic Average' is applicable) the arithmetic average of the Basket Value in respect of each Redemption Observation Date falling during Redemption Observation Period₁ or Redemption Observation Period₂, respectively or (B) (if 'Weighted Average' is applicable) (I) the sum of the Basket Value observed in respect of each Redemption Observation Date falling during a Redemption Observation Period₁ or Redemption Observation Period₂, respectively each multiplied by the Weight corresponding to such Redemption Observation Date divided by the aggregate Basket Value observed in respect of each Redemption Observation Date falling during Redemption Observation Period₁ or Redemption Observation Period₂, respectively. Basket Value on the relevant day is the sum of the individual results of Leverage_i multiplied by Underlying Value_i observed on the relevant day. Subject as provided below, the Underlying Value_i reflects the price, level or rate of the relevant Underlying_i or (if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the relevant Underlying_{ix} and the price, level or rate of the relevant Underlying_{iy} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The sum of (which may be subject to a Weight if 'Weighted Average' is applicable) each Underlying Value_i each multiplied by the relevant Leverage_i may be used as a component in this calculation and each may therefore affect the Redemption Payoff, subject to the Global Leverage, the Margin, the Cap and the Floor.

Where, in relation to these Standard Average Trend Participation Basket Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying(s) comprising the Basket and with respect to Average Basket_{Observation Period1} and/or Average Basket_{Observation Period1}, the Underlying Value may in respect of such Underlying(s) be determined for such purposes by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

21.1 Definitions and interpretation

For the purposes of these Standard Average Trend Participation Basket Redemption Payoff Conditions, the following terms shall have the following meanings:

Average Basket_{Observation Period1} means, with respect to a Redemption Determination Date,

- (a) if 'Arithmetic Average' is specified in the applicable Final Terms, the arithmetic average of the Basket Value on each Redemption Observation Date falling during Redemption Observation Period₁; or
- (b) if 'Weighted Average' is specified in the applicable Final Terms, the sum of the Basket Value on each Redemption Observation Date falling during the Redemption Observation Period₁ each multiplied by the applicable Weight, divided by the aggregate Basket Value on each Redemption Observation Date falling during the Redemption Observation Period.

Average Basket_{Observation Period2} means, with respect to a Redemption Determination Date,

- (a) if 'Arithmetic Average' is specified in the applicable Final Terms, the arithmetic average of the Basket Value on each Redemption Observation Date falling during Redemption Observation Period₂; or
- (b) if 'Weighted Average' is specified in the applicable Final Terms, the sum of the Basket Value on each Redemption Observation Date falling during the Redemption Observation Period₂ each multiplied by the applicable Weight, divided by the aggregate Basket Value on each Redemption Observation Date falling during the Redemption Observation Period.

Basket Value means, with respect to a Redemption Observation Date or Relevant Timing, as the case may be, $\sum (\text{Leverage}_i \times \text{Underlying Value}_i)$ on such date where, in respect of a Redemption Observation Date, Underlying Value_i is determined in respect of the corresponding Underlying Observation Dates.

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Global Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Leverage_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Redemption Observation Date means, with respect to a Redemption Observation Period, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days immediately preceding the first or last day of such Redemption Observation Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Redemption Observation Period means Redemption Observation Period₁ or Redemption Observation Period₂, as the case may be.

Redemption Observation Period₁ means:

- (a) with respect to Securities, other than Instalment Securities or for the purposes of calculating an Early Redemption Amount, the period specified as the Redemption Observation Period in the applicable Final Terms; or
- (b) with respect to Instalment Securities, the period from and including the Commencement Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first Instalment Date and each successive period beginning on and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding an Instalment Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the following Instalment Date; or
- (c) for the purposes of calculating an Early Redemption Amount, the period from and including the Commencement Date to and including the date falling such number of Business Days as specified in the applicable Final Terms prior to the Early Redemption Date.

Redemption Observation Period₂ means:

- (a) with respect to Securities, other than Instalment Securities or for the purposes of calculating an Early Redemption Amount, the period specified as the Redemption Observation Period in the applicable Final Terms; or
- (b) with respect to Instalment Securities, the period from and including the Commencement Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first Instalment Date and each successive period beginning on and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding an Instalment Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the following Instalment Date; or
- (c) for the purposes of calculating an Early Redemption Amount, the period from and including the Commencement Date to and including the date falling such number of Business Days as specified in the applicable Final Terms prior to the Early Redemption Date.

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms, each an Underlying.

Underlying_i means an Underlying corresponding to an i, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Observation Date means with respect to an Underlying and a Redemption Observation Date, each date specified as such in the applicable Final Terms and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Value means, with respect to an Underlying Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (a) the Underlying Value of an Underlying_i; or
- (b) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Subtraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or

- the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
- the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

Weight means, with respect to a Redemption Observation Date, the number or percentage specified as such in the applicable Final Terms.

Σ (**Leverage_i x Underlying Value_i**) means the sum of the individual products of the Underlying Value_i and the Leverage_i for each i.

Σ means the sum of the values, which follow in brackets.

21.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Average Trend Participation Basket Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Min} \left(\text{Cap, Max} \left(\text{Floor, Global Leverage} \times \left(\frac{\text{Average Basket}_{\text{Observation Period}_1}}{\text{Average Basket}_{\text{Observation Period}_2}} + \text{Margin} \right) \right) \right)$$

and expressed as a percentage.

- (b) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Average Trend Participation Basket Redemption is applicable as a relevant Standard Redemption Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance with Standard Average Trend Participation Basket Redemption Payoff Condition 21.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff_x.

21.3 Relevant Observation

Where, in relation to these Standard Average Trend Participation Basket Redemption Payoff Conditions, the applicable Final **Terms** provides that 'Relevant Observation' is applicable in respect of any Underlying(s) in the Basket and with respect to Average Basket_{Observation Period1} and/or Average Basket_{Observation Period1}, references in these Standard Average Trend Participation Basket Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Average Trend Participation Basket Redemption Payoff Condition 21.1 above) shall, for the purposes of determining the Underlying Value of any such Underlying(s) and with respect to Average Basket_{Observation Period1} and/or Average Basket_{Observation Period1}, as the case may be, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Average Trend Participation Basket Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;

- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part B: Chapter 22: Standard Multi Fixed Digital Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Multi Fixed Digital Redemption to be applicable.

*The following terms and conditions (the **Standard Multi Fixed Digital Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Multi Fixed Digital Redemption (the **Standard Multi Fixed Digital Redemption**) is applicable. These Standard Multi Fixed Digital Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Multi Fixed Digital Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

22 STANDARD MULTI FIXED DIGITAL REDEMPTION

The Redemption Payoff is calculated on the Redemption Determination Date as (a) if the Underlying Value_{xy} is within Range_A on each or any, as the case may be, relevant Redemption Observation Dates falling during the relevant Redemption Observation Period, being Fixed Percentage₁; (b) otherwise, if the Underlying Value_{xy} is within Range_B on each or any, as the case may be, relevant Redemption Observation Dates falling during the relevant Redemption Observation Period, being Fixed Percentage₂; (c) otherwise, if the Underlying Value_{xy} is within Range_C on each or any, as the case may be, relevant Redemption Observation Dates falling during the relevant Redemption Observation Period, being Fixed Percentage₃; (d) otherwise, if the Underlying Value_{xy} is within Range_D on each or any, as the case may be, relevant Redemption Observation Dates falling during the relevant Redemption Observation Period, being Fixed Percentage₄; (e) otherwise, if the Underlying Value_{xy} is within Range_E on each or any, as the case may be, relevant Redemption Observation Dates falling during the relevant Redemption Observation Period, being Fixed Percentage₅; or (f) otherwise being Fixed Percentage₆. Subject as provided below, the Underlying Value_{xy} reflects the price, level or rate of the Underlying or (if a combination of an Underlying_x and an Underlying_y is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Underlying_x and the price, level or rate of the Underlying_y (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying will therefore affect which fixed percentage is used to calculate the Redemption Payoff applicable to the Securities.

Where, in relation to these Standard Multi Fixed Digital Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value, the Underlying Value may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

22.1 Definitions and interpretation

For the purposes of these Standard Multi Fixed Digital Redemption Payoff Conditions, the following terms shall have the following meanings:

Fixed Percentage₁ means the percentage specified as such in the applicable Final Terms.

Fixed Percentage₂ means the percentage specified as such in the applicable Final Terms.

Fixed Percentage₃ means the percentage specified as such in the applicable Final Terms.

Fixed Percentage₄ means the percentage specified as such in the applicable Final Terms.

Fixed Percentage₅ means the percentage specified as such in the applicable Final Terms.

Fixed Percentage₆ means the percentage specified as such in the applicable Final Terms.

Lower Limit means the percentage or number specified as such in the applicable Final Terms, corresponding to Range_A, Range_B, Range_C, Range_D or Range_E, as applicable.

Range_A, Range_B, Range_C, Range_D and Range_E means any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms.

Range₁ means that, on the relevant Redemption Observation Date, the Underlying Value_{xy} is greater than or equal to the Lower Limit and less than or equal to the Upper Limit.

Range₂ means that, on the relevant Redemption Observation Date, the Underlying Value_{xy} is greater than the Lower Limit and less than the Upper Limit.

Range₃ means that, on the relevant Redemption Observation Date, the Underlying Value_{xy} is greater than or equal to the Lower Limit and less than the Upper Limit.

Range₄ means that, on the relevant Redemption Observation Date, the Underlying Value_{xy} is greater than the Lower Limit and less than or equal to the Upper Limit.

Range₅ means that, on the relevant Redemption Observation Date, the Underlying Value_{xy} is less than the Lower Limit or greater than the Upper Limit.

Range₆ means that, on the relevant Redemption Observation Date, the Underlying Value_{xy} is less than or equal to the Lower Limit or greater than or equal to the Upper Limit.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Redemption Observation Date means, with respect to a Redemption Observation Period, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days immediately preceding the first or last day of such Redemption Observation Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Redemption Observation Period means:

- (a) with respect to Securities, other than Instalment Securities or for the purposes of calculating an Early Redemption Amount, the period specified as the Redemption Observation Period in the applicable Final Terms; or
- (b) with respect to Instalment Securities, the period from and including the Commencement Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first Instalment Date and each successive period beginning on and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding an Instalment Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the following Instalment Date; or
- (c) for the purposes of calculating an Early Redemption Amount, the period from and including the Commencement Date to and including the date falling such number of Business Days as specified in the applicable Final Terms prior to the Early Redemption Date.

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅,

Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Redemption Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_{xy} means:

- (a) the Underlying Value of the Underlying; or
- (b) if a combination of an Underlying_x and an Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the algebraical difference between the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Subtraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the product of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or

- the quotient of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y.

Upper Limit means the percentage or number specified as such in the applicable Final Terms, corresponding to Range_A, Range_B, Range_C, Range_D or Range_E, as applicable.

22.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Multi Fixed Digital Redemption is applicable shall be calculated on such Redemption Determination Date as:
- (i) if the Underlying Value is within the Range_A on, if Any Dates is specified in the applicable Final Terms, any Redemption Observation Date falling within the Redemption Observation Period or, if Specific Dates is specified in the applicable Final Terms, on each Redemption Observation Date falling during the Redemption Observation Period, equal to the Fixed Percentage₁; or
 - (ii) if the Underlying Value is within the Range_B on, if Any Dates is specified in the applicable Final Terms, any Redemption Observation Date falling within the Redemption Observation Period or, if Specific Dates is specified in the applicable Final Terms, on each Redemption Observation Date falling during the Redemption Observation Period, equal to the Fixed Percentage₂; or
 - (iii) if the Underlying Value is within the Range_C on, if Any Dates is specified in the applicable Final Terms, any Redemption Observation Date falling within the Redemption Observation Period or, if Specific Dates is specified in the applicable Final Terms, on each Redemption Observation Date falling during the Redemption Observation Period, equal to the Fixed Percentage₃; or
 - (iv) if the Underlying Value is within the Range_D on, if Any Dates is specified in the applicable Final Terms, any Redemption Observation Date falling within the Redemption Observation Period or, if Specific Dates is specified in the applicable Final Terms, on each Redemption Observation Date falling during the Redemption Observation Period, equal to the Fixed Percentage₄; or
 - (v) if the Underlying Value is within the Range_E on, if Any Dates is specified in the applicable Final Terms, any Redemption Observation Date falling within the Redemption Observation Period or, if Specific Dates is specified in the applicable Final Terms, on each Redemption Observation Date falling during the Redemption Observation Period, equal to the Fixed Percentage₅; and
 - (vi) otherwise, equal to the Fixed Percentage₆.
- (b) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Multi Fixed Digital Redemption is applicable as a relevant Standard Redemption Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance with Standard Multi Fixed Digital Redemption Payoff Condition 22.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff_x.

22.3 Relevant Observation

Where, in relation to these Standard Multi Fixed Digital Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value, references in these Standard Multi Fixed Digital Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Multi Fixed Digital Redemption Payoff Condition 22.1 above) shall, for the purposes of determining the Underlying Value of the Underlying, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Multi Fixed Digital Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part B: Chapter 23: Standard Digital to Participation Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Digital to Participation Redemption to be applicable.

*The following terms and conditions (the **Standard Digital to Participation Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Digital to Participation Redemption (the **Standard Digital to Participation Redemption**) is applicable. These Standard Digital to Participation Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Digital to Participation Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

23 STANDARD DIGITAL TO PARTICIPATION REDEMPTION

The Redemption Payoff is calculated on the Redemption Determination Date as either (a) if the Underlying Value_{xy} is within the relevant Range on each Redemption Observation Date falling within the Redemption Observation Period, being Fixed Percentage or (b) otherwise, being the lesser of (i) Cap and (ii) the greater of (A) Floor and (B) Leverage multiplied by the sum of Margin and the result of Underlying_{Observation1} divided by Underlying_{Observation2}. Subject as provided below, Underlying_{Observation1} reflects a specified value or the Underlying Value_{xy} or the Underlying Value_z on the Underlying Observation Date₁ corresponding to the relevant Interest Accrual Period and Underlying_{Observation2} reflects a specified value or the Underlying Value_{xy} or the Underlying Value_z on the Underlying Observation Date₂ corresponding to the relevant Interest Accrual Period where (i) the Underlying Value_{xy} reflects the price, level or rate of the Underlying_{xy} or (if a combination of an Underlying_x and an Underlying_y is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Underlying_x and the price, level or rate of the Underlying_y (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time and (ii) the Underlying Value_z reflects the price, level or rate of the Underlying_z (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying_{xy} (or, as applicable, the relevant Underlying_x and Underlying_y) and, as applicable, the relevant Underlying_z may therefore affect which rate is used to calculate the Redemption Payoff applicable to the Securities and the value of Underlying_{xy} (or, as applicable, the relevant Underlying_x and Underlying_y) and, as applicable, the relevant Underlying_z observed on each of the relevant days may each be used as a component in the calculation of one of the rates, if applicable, subject to the Leverage, the Margin, the Cap and the Floor.

Where, in relation to these Standard Digital to Participation Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of Underlying_{Observation1} and/or Underlying_{Observation2}, the Underlying Value may be determined for such purposes by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

23.1 Definitions and interpretation

For the purposes of these Standard Digital to Participation Redemption Payoff Conditions, the following terms shall have the following meanings:

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Fixed Percentage₁ means the percentage specified as such in the applicable Final Terms.

Fixed Percentage₂ means the percentage specified as such in the applicable Final Terms.

Fixed Percentage₃ means the percentage specified as such in the applicable Final Terms.

Fixed Percentage₄ means the percentage specified as such in the applicable Final Terms.

Fixed Percentage₅ means the percentage specified as such in the applicable Final Terms.

Fixed Percentage₆ means the percentage specified as such in the applicable Final Terms.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Lower Limit means the percentage or number specified as such in the applicable Final Terms.

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Range_A, Range_B, Range_C, Range_D, Range_E and Range_F means any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms.

Range₁ means that on the relevant Redemption Observation Date the Underlying Value_{xy} is greater than or equal to the Lower Limit and less than or equal to the Upper Limit.

Range₂ means that on the relevant Redemption Observation Date the Underlying Value_{xy} is greater than the Lower Limit and less than the Upper Limit.

Range₃ means that on the relevant Redemption Observation Date the Underlying Value_{xy} is greater than or equal to the Lower Limit and less than the Upper Limit.

Range₄ means that on the relevant Redemption Observation Date the Underlying Value_{xy} is greater than the Lower Limit and less than or equal to the Upper Limit.

Range₅ means that on the relevant Redemption Observation Date the Underlying Value_{xy} is less than the Lower Limit or greater than the Upper Limit.

Range₆ means that on the relevant Redemption Observation Date the Underlying Value_{xy} is less than or equal to the Lower Limit or greater than or equal to the Upper Limit.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Redemption Observation Date means, with respect to a Redemption Observation Period, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days immediately preceding the first or last day of such Redemption Observation Period as

specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Redemption Observation Period means:

- (a) with respect to Securities, other than Instalment Securities or for the purposes of calculating an Early Redemption Amount, the period specified as the Redemption Observation Period in the applicable Final Terms; or
- (b) with respect to Instalment Securities, the period from and including the Commencement Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first Instalment Date and each successive period beginning on and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding an Instalment Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the following Instalment Date; or
- (c) for the purposes of calculating an Early Redemption Amount, the period from and including the Commencement Date to and including the date falling such number of Business Days as specified in the applicable Final Terms prior to the Early Redemption Date.

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y and (if applicable) Underlying_z together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y and (if applicable) Underlying_z together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_z means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y and (if applicable) Underlying_z together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{Observation1} means, with respect to a Redemption Determination Date, (i) the level, percentage, number, price or amount specified in the applicable Final Terms, (ii) the Underlying Value_{xy} on the Underlying Observation Date₁ or (iii) the Underlying Value_z on the Underlying Observation Date₁ or, where Underlying_{Observation1} is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Underlying Value_{xy} or (as applicable) the Underlying Value_z determined in accordance with Standard Digital to Participation Redemption Payoff Condition 23.3 below.

Underlying_{Observation2} means, with respect to a Redemption Determination Date, (i) the level, percentage, number, price or amount specified in the applicable Final Terms (ii) the Underlying Value_{xy}

on the Underlying Observation Date₂ or (iii) the Underlying Value_z on the Underlying Observation Date₂ or, where Underlying_{Observation2} is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Underlying Value_{xy} or (as applicable) the Underlying Value_z in accordance with Standard Digital to Participation Redemption Payoff Condition 23.3 below.

Underlying Observation Date means Underlying Observation Date₁ or Underlying Observation Date₂.

Underlying Observation Date₁ means, with respect to a Redemption Determination Date, the date specified as such in the applicable Final Terms, which may be a date falling such number of Business Days immediately preceding the Redemption Determination Date as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Observation Date₂ means, with respect to a Redemption Determination Date, the date specified as such in the applicable Final Terms, which may be a date falling such number of Business Days immediately preceding the Redemption Determination Date as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Value means, with respect to a Redemption Observation Date, a Underlying Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_{xy} means:

- (a) the Underlying Value of the Underlying_{xy}; or
- (b) if a combination of an Underlying_x and an Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the algebraical difference between the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or

- the product of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
- the quotient of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y.

Underlying Value_z means the Underlying Value of the Underlying_z.

Upper Limit means the percentage or number specified as such in the applicable Final Terms.

23.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Digital to Participation Redemption is applicable shall be calculated on such Redemption Determination Date as:
- (i) if the Underlying Value_{xy} is within Range_A on each Redemption Observation Date falling within the Redemption Observation Period, equal to Fixed Percentage₁; or
 - (ii) if the Underlying Value_{xy} is within Range_B on each Redemption Observation Date falling within the Redemption Observation Period, equal to Fixed Percentage₂; or
 - (iii) if the Underlying Value_{xy} is within Range_C on each Redemption Observation Date falling within the Redemption Observation Period, equal to Fixed Percentage₃; or
 - (iv) if the Underlying Value_{xy} is within Range_D on each Redemption Observation Date falling within the Redemption Observation Period, equal to Fixed Percentage₄; or
 - (v) if the Underlying Value_{xy} is within Range_E on each Redemption Observation Date falling within the Redemption Observation Period, equal to Fixed Percentage₅; or
 - (vi) if the Underlying Value_{xy} is within Range_F on each Redemption Observation Date falling within the Redemption Observation Period, equal to Fixed Percentage₆; or
 - (vii) otherwise, equal to:

$$\text{Min} \left(\text{Cap}, \text{Max} \left(\text{Floor}, \text{Leverage} \times \left(\frac{\text{Underlying}_{\text{Observation}_1}}{\text{Underlying}_{\text{Observation}_2}} + \text{Margin} \right) \right) \right)$$

and expressed as a percentage.

- (b) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Digital to Participation Redemption is applicable as a relevant Standard Redemption Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance with Standard Digital to Participation Redemption Payoff Condition 23.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff_x.

23.3 Relevant Observation

Where, in relation to these Standard Digital to Participation Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of Underlying_{Observation1} and/or Underlying_{Observation2} and/or Underlying Value_{xy}, references in these

Standard Digital to Participation Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Digital to Participation Redemption Payoff Condition 23.1 above) shall, for the purposes of determining $Underlying_{Observation1}$ and/or $Underlying_{Observation2}$ and/or $Underlying_{Value_{xy}}$, as the case may be, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Digital to Participation Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part B: Chapter 24: Standard Knock-out Range Accrual Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Knock-out Range Accrual Redemption to be applicable.

*The following terms and conditions (the **Standard Knock-out Range Accrual Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Knock-out Range Accrual Redemption (the **Standard Knock-out Range Accrual Redemption**) is applicable. These Standard Knock-out Range Accrual Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Knock-out Range Accrual Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

24 STANDARD KNOCK-OUT RANGE ACCRUAL REDEMPTION

The Redemption Payoff is calculated on the Redemption Determination Date as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Margin₂ added to the result of (A) Accrual Factor multiplied by (B) Leverage multiplied by the Global Underlying Value on the Redemption Observation Date added to Margin₁. The Accrual Factor is calculated as (a) if an Accrual Factor Knock-out Event has not occurred, the number of Range Accrual Days during the relevant Accrual Factor Observation Period on which the Underlying Value_{xy} is within the relevant Range divided by the total number of Range Accrual Days in the relevant Accrual Factor Observation Period or (b) if an Accrual Factor Knock-out Event has occurred, the number of Range Accrual Days in the relevant Knock-out Event Observation Period on which the Underlying Value_{xy} is within the relevant Range divided by the total number of Range Accrual Days in the relevant Knock-out Event Observation Period. An Accrual Factor Knock-out Event occurs if the Underlying Value_{xy} is not within the Accrual Factor Knock-out Range on (i) (if 'Any Accrual Factor Event Day' is applicable) any Accrual Factor Event Day falling in the Accrual Factor Observation Period, or (ii) (if 'Specific Accrual Factor Event Day' is applicable) each Accrual Factor Event Days falling in the Accrual Factor Observation Period. Subject as provided below, the Global Underlying Value reflects the price, level or rate of the Global Underlying or (if a combination of a Global Underlying_x and a Global Underlying_y is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Global Underlying_x and the price, level or rate of the Global Underlying_y. Subject as provided below, the Underlying Value_{xy} reflects the price, level or rate of the Underlying_{xy} or (if a combination of an Underlying_x and an Underlying_y is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Underlying_x and the price, level or rate of the Underlying_y (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying may therefore affect the Redemption Payoff since (i) the value of the Underlying_{xy} (or, as applicable, the relevant Underlying_x and Underlying_y) affects if an Accrual Factor Knock-out Event has occurred which itself affects the period over which the Accrual Factor is calculated, (ii) the value of the Underlying_{xy} (or, as applicable, the relevant Underlying_x and Underlying_y) affects the value of the Accrual Factor which is used as a component of the formula used to calculate the Redemption Payoff and (iii) the value of the Global Underlying (or, as applicable, the Global Underlying_x and the Global Underlying_y) is used as a separate component in the formula used to calculate the Redemption Payoff.

Where, in relation to these Standard Knock-out Range Accrual Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Global Underlying Value and/or the Underlying Value_{xy}, the Underlying Value may for the purposes of determining the Global

Underlying Value be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

24.1 Definitions and interpretation

For the purposes of these Standard Knock-out Range Accrual Redemption Payoff Conditions, the following terms shall have the following meanings:

Accrual Factor means, with respect to a Redemption Determination Date, (i) if an Accrual Factor Knock-out Event has not occurred, the number of Range Accrual Days in the relevant Accrual Factor Observation Period in respect of which the relevant Underlying Value_{xy} was within the Range, divided by the total number of Range Accrual Days in such Accrual Factor Observation Period, or (ii) if an Accrual Factor Knock-out Event has occurred, the number of Range Accrual Days in the relevant Knock-out Event Observation Period in respect of which the relevant Underlying Value_{xy} was within the Range, divided by the total number of Range Accrual Days in such Knock-out Event Observation Period, in each case as determined by the Calculation Agent. For the purposes hereof, (and where Range Accrual Days are expressed in the applicable Final Terms as falling on calendar days which may not be Business Days) the Underlying Value in respect of any Range Accrual Day which is not a Business Day shall be deemed to be the Underlying Value in respect of either the immediately preceding or the immediately following Business Day, as specified in the applicable Final Terms.

Accrual Factor Event Day means, with respect to an Accrual Factor Observation Period, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days immediately preceding the first or last day of such Accrual Factor Observation Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Accrual Factor Knock-out Event means, in respect of a Redemption Determination Date, that the Underlying Value is not within the Accrual Factor Knock-out Range on (i) if 'Any Accrual Factor Event Day' is specified in the applicable Final Terms, any Accrual Factor Event Day falling in the Accrual Factor Observation Period, or (ii) if 'Specific Accrual Factor Event Day' is specified in the applicable Final Terms, each Accrual Factor Event Day falling in the Accrual Factor Observation Period.

Accrual Factor Knock-out Range or **Range** means any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms.

Accrual Factor Observation Period means, in respect of a Redemption Determination Date, the period from and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the Redemption Determination Date to and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the Redemption Determination Date.

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Global Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Global Underlying_x, Global Underlying_y and the Underlying_{xy}

or (if applicable) Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Global Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Global Underlying_x, Global Underlying_y and the Underlying_{xy} or (if applicable) Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Global Underlying Value means:

- (a) the Underlying Value of the Global Underlying on an Interest Observation Date; or
- (b) if a combination of a Global Underlying_x and a Global Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Global Underlying_x and the Underlying Value of such Global Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y; or
 - the algebraical difference between the Underlying Value of such Global Underlying_x and the Underlying Value of such Global Underlying_y, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y; or
 - the product of the Underlying Value of such Global Underlying_x by the Underlying Value of such Global Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y; or
 - the quotient of the Underlying Value of such Global Underlying_x by the Underlying Value of such Global Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Global Underlying_x and Global Underlying_y.

Knock-out Event Observation Period means, in respect of a Redemption Determination Date, the period from and including the date on which the relevant Accrual Factor Observation Period starts on, to and including the first Accrual Factor Event Day on which an Accrual Factor Knock-out Event occurs during the relevant Accrual Factor Observation Period.

Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Lower Limit means the percentage or number specified as such in the applicable Final Terms and corresponding to the Accrual Factor Knock-out Range or Range, as applicable.

Margin₁ or **Margin₂** means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Min}(X,Y)$ means whichever is the lesser of component X and component Y.

Range₁ means that on the relevant Range Accrual Day or Accrual Factor Event Day, as applicable, the Underlying Value_{xy} is greater than or equal to the relevant Lower Limit and less than or equal to the relevant Upper Limit.

Range₂ means that on the relevant Range Accrual Day or Accrual Factor Event Day, as applicable, the Underlying Value_{xy} is greater than the relevant Lower Limit and less than the relevant Upper Limit.

Range₃ means that on the relevant Range Accrual Day or Accrual Factor Event Day, as applicable, the Underlying Value_{xy} is greater than or equal to the relevant Lower Limit and less than the relevant Upper Limit.

Range₄ means that on the relevant Range Accrual Day or Accrual Factor Event Day, as applicable, the Underlying Value_{xy} is greater than the relevant Lower Limit and less than or equal to the relevant Upper Limit.

Range₅ means that on the relevant Range Accrual Day or Accrual Factor Event Day, as applicable, the Underlying Value_{xy} is less than the relevant Lower Limit or greater than the relevant Upper Limit.

Range₆ means that on the relevant Range Accrual Day or Accrual Factor Event Day, as applicable, the Underlying Value_{xy} is less than or equal to the relevant Lower Limit or greater than or equal to the relevant Upper Limit.

Range Accrual Day means, with respect to an Accrual Factor Observation Period, each date specified as a Range Accrual Day in the applicable Final Terms, which may be each Business Day, each calendar day, each calendar day or Business Day within a week, each calendar day or Business Day within a month, or any other day, falling within such Accrual Factor Observation Period. Each Range Accrual Day shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Redemption Observation Date means, in respect of a Redemption Determination Date, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days immediately preceding the Redemption Determination Date as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y and the Global Underlying or, if applicable, Global Underlying_x and Global Underlying_y, together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{xy} means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_{xy} and the Global Underlying or, if applicable, Global Underlying_x

and Global Underlying_y, together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y and the Global Underlying or, if applicable, Global Underlying_x and Global Underlying_y, together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Range Accrual Day, an Accrual Factor Knock Event Day, a Redemption Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_{xy} means:

- (a) the Underlying Value of the Underlying_{xy}; or
- (b) if a combination of an Underlying_x and an Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the algebraical difference between the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Subtraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the product of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the quotient of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y.

Upper Limit means the percentage or number specified as such in the applicable Final Terms and corresponding to the Accrual Factor Knock-out Range or Range, as applicable.

24.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Knock-out Range Accrual Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Min} \left(\text{Cap}, \text{Max} \left(\text{Floor}, \left(\text{Leverage} \times \text{Global Underlying Value} + \text{Margin}_1 \right) \times \text{Accrual Factor} + \text{Margin}_2 \right) \right)$$

and expressed as a percentage.

- (b) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Knock-out Range Accrual Redemption is applicable as a relevant Standard Redemption Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance with Standard Knock-out Range Accrual Redemption Payoff Condition 24.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff_x.

24.3 Relevant Observation

Where, in relation to these Standard Knock-out Range Accrual Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Global Underlying Value and/or Underlying Value_{xy}, references in these Standard Knock-out Range Accrual Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Knock-out Range Accrual Redemption Payoff Condition 24.1 above) shall, for the purposes of determining the Global Underlying Value and/or Underlying Value_{xy}, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Knock-out Range Accrual Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part B: Chapter 25: Standard Product Basket Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Product Basket Redemption to be applicable.

*The following terms and conditions (the **Standard Product Basket Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Product Basket Redemption (the **Standard Product Basket Redemption**) is applicable. These Standard Product Basket Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Product Basket Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

25 STANDARD PRODUCT BASKET REDEMPTION

The Redemption Payoff is calculated on the Redemption Determination Date as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) the result of the Product Basket Observation₂ subtracted from Product Basket Observation₁ divided by Product Basket Observation₁. The Product Basket Observation₁ means the Basket Value in respect of the Underlying Observation Date₁ and the Product Basket₂ means the Basket Value in respect of the Underlying Observation Date₂. Subject as provided below, the Basket Value is the result of the Ratio multiplied by the product of each Underlying Value_i exponentiated to the corresponding Weight_i. Subject as provided below, the Underlying Value_i reflects the price, level or rate of the relevant Underlying_i or (if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the relevant Underlying_{ix} and the price, level or rate of the relevant Underlying_{iy} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of Underlying_i (or, as applicable, each Underlying_{ix} and Underlying_{iy}) on each relevant date (exponentiated to the corresponding weight) may be used as a component in this calculation and each may therefore affect the Redemption Payoff, subject to the Cap and the Floor.

Where, in relation to these Standard Product Basket Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying(s) comprising the Basket and with respect to the Product Basket Observation₂ and/or the Product Basket Observation₁, the Underlying Value in respect of such Underlying(s) may be determined for such purposes by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

25.1 Definitions and interpretation

For the purposes of these Standard Product Basket Redemption Payoff Conditions, the following terms shall have the following meanings:

Basket Value means, with respect to a Redemption Observation Date or Relevant Timing, as the case may be,

$$\text{Ratio} \times \prod_{i=1}^{i=n} ((\text{Underlying Value}_i)^{\text{Weight}_i})$$

on such date where, in respect of a Redemption Observation Date, Underlying Value_i is determined in respect of the corresponding Underlying Observation Dates.

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means the percentage or number specified as such in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Max}(X,Y)$ means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Min}(X,Y)$ means whichever is the lesser of component X and component Y.

n means the total number of Underlying_i.

Product Basket Observation₁ means the Basket Value on the Underlying Observation Date₁ or, where Product Basket Observation₁ is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Basket Value determined in accordance with Standard Product Basket Redemption Payoff Condition 25.3 below.

Product Basket Observation₂ means the Basket Value on the Underlying Observation Date₂ or, where Product Basket Observation₂ is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Basket Value determined in accordance with Standard Product Basket Redemption Payoff Condition 25.3 below.

Ratio means the ratio specified as such in the applicable Final Terms.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Redemption Observation Date means an Underlying Observation Date₁ or an Underlying Observation Date₂, as applicable.

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms, each an Underlying.

Underlying_i means an Underlying corresponding to an i, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Observation Date means with respect to an Underlying and a Redemption Observation Date, each date specified as such in the applicable Final Terms and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Observation Date₁ means, with respect to a Redemption Determination Date, each date falling such number of Business Days specified in the applicable Final Terms immediately preceding the Redemption Determination Date or such date specified as an Underlying Observation Date₁ in the applicable Final Terms or, for the purposes of calculating an Early Redemption Amount, the date falling such number of Business Days as specified in the applicable Final Terms prior to the Early Redemption Date, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Observation Date₂ means, with respect to a Redemption Determination Date, each date specified as such in the applicable Final Terms or, alternatively, the date falling such number of Business Days immediately preceding the Redemption Determination Date as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Value means, with respect to an Underlying Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (a) the Underlying Value of an Underlying_i; or
- (b) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or

- the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
- the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

(Underlying Value)^{Weight_i} means Underlying Value_i exponentiated to the power of the corresponding Weight_i.

Weight means the number or percentage specified as such in the applicable Final Terms.

Weight_i means each Weight corresponding to an i as specified in the applicable Final Terms.

$\prod_{i=1}^n$ means the multiplication of each of the values, which follow in brackets.

25.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Product Basket Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Min} \left(\text{Cap, Max} \left(\text{Floor,} \left(\frac{\text{Product Basket Observation}_1 - \text{Product Basket Observation}_2}{\text{Product Basket Observation}_1} \right) \right) \right)$$

and expressed as a percentage.

- (b) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Product Basket Redemption is applicable as a relevant Standard Redemption Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance with Standard Product Basket Redemption Payoff Condition 25.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff_x.

25.3 Relevant Observation

Where, in relation to these Standard Product Basket Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of any Underlying(s) in the Basket, and in respect of the Product Basket Observation₂ and/or the Product Basket Observation₁, references in these Standard Product Basket Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Product Basket Redemption Payoff Condition 25.1 above) shall for the purposes of determining the Underlying Value of any such Underlying(s) and in respect of the Product Basket Observation₂ and/or the Product Basket Observation₁, as the case may be, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Product Basket Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;

- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part B: Chapter 26: Standard Multi Fixed Basket Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Multi Fixed Basket Redemption to be applicable.

*The following terms and conditions (the **Standard Multi Fixed Basket Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Multi Fixed Basket Redemption (the **Standard Multi Fixed Basket Redemption**) is applicable. These Standard Multi Fixed Basket Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Multi Fixed Basket Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

26 STANDARD MULTI FIXED BASKET REDEMPTION

The Redemption Payoff is calculated on the Redemption Determination Date as (a) if the Underlying Value of each Underlying_i is within the Underlying Value_i Range on the relevant Redemption Observation Date, being Fixed Percentage₁ or (b) if the Underlying Value of any Underlying_j is within the Underlying Value_j Range on the relevant Redemption Observation Date, being Fixed Percentage₂ or (c) otherwise, being Fixed Percentage₃. Subject as provided below, the Underlying Value reflects the price, level or rate of the relevant Underlying (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the various Underlying_i or Underlying_j may each therefore affect which fixed percentage is used to calculate the Redemption Payoff applicable to the Securities.

Where, in relation to these Standard Multi Fixed Basket Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value, the Underlying Value may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

26.1 Definitions and interpretation

For the purposes of these Standard Multi Fixed Basket Redemption Payoff Conditions, the following terms shall have the following meanings:

Fixed Percentage₁, Fixed Percentage₂ or Fixed Percentage₃ means the percentage specified as such in the applicable Final Terms.

i or j mean a number, which corresponds to an item specified as such in the applicable Final Terms.

Lower Limit_i or Lower Limit_j means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i or Underlying_j.

Range means any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms.

Range₁ means that on the relevant Redemption Observation Date each Underlying Value_i or Underlying Value_j is greater than or equal to the Lower Limit_i or Lower Limit_j and less than or equal to the Upper Limit_i or Upper Limit_j, in each case, as the case may be.

Range₂ means that on the relevant Redemption Observation Date each Underlying Value_i or Underlying Value_j is greater than the Lower Limit_i or Lower Limit_j and less than the Upper Limit_i or Upper Limit_j, in each case, as the case may be.

Range₃ means that on the relevant Redemption Observation Date each Underlying Value_i or Underlying Value_j is greater than or equal to the Lower Limit_i or Lower Limit_j and less than the Upper Limit_i or Upper Limit_j, in each case, as the case may be.

Range₄ means that on the relevant Redemption Observation Date each Underlying Value_i or Underlying Value_j is greater than the Lower Limit_i or Lower Limit_j and less than or equal to the Upper Limit_i or Upper Limit_j, in each case, as the case may be.

Range₅ means that on the relevant Redemption Observation Date each Underlying Value_i or Underlying Value_j is less than the Lower Limit_i or Lower Limit_j or greater than the Upper Limit_i or Upper Limit_j, in each case, as the case may be.

Range₆ means that on the relevant Redemption Observation Date each Underlying Value_i or Underlying Value_j is less than or equal to the Lower Limit_i or Lower Limit_j or greater than or equal to the Upper Limit_i or Upper Limit_j, in each case, as the case may be.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Redemption Observation Date means, in respect of a Redemption Determination Date, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days immediately preceding the Redemption Determination Date as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms, each an Underlying.

Underlying_i and **Underlying_j** means an Underlying corresponding to an i and j number, respectively, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions), all Underlying_j together constitute a Basket or a Multi-Asset Basket, as applicable and all Underlying_i and Underlying_j together will constitute a Basket or a Multi-Asset Basket, as applicable.

Underlying Value means, with respect to a Redemption Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or

(g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means the Underlying Value of an Underlying_i.

Underlying Value_j means the Underlying Value of an Underlying_j.

Underlying Value_i Range means the Range specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i.

Underlying Value_j Range means the Range specified as such in the applicable Final Terms and corresponding to the relevant Underlying_j.

Upper Limit_i or Upper Limit_j means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i or Underlying_j.

26.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Multi Fixed Basket Redemption is applicable shall be calculated on such Redemption Determination Date as follows:
- (i) if each Underlying Value_i is within the Underlying Value_i Range on the relevant Redemption Observation Date, Fixed Percentage₁; or
 - (ii) if any (but not all) Underlying Value_j is within the Underlying Value_j Range on the relevant Redemption Observation Date, Fixed Percentage₂; or
 - (iii) otherwise, Fixed Percentage₃.
- (b) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Multi Fixed Basket Redemption is applicable as a relevant Standard Redemption Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance with Standard Multi Fixed Redemption Payoff Condition 26.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff_x.

26.3 Relevant Observation

Where, in relation to these Standard Multi Fixed Basket Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value, references in these Standard Multi Fixed Basket Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Multi Fixed Basket Redemption Payoff Condition 26.1 above) shall, for the purposes of determining the Underlying Value of the Underlying, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Multi Fixed Basket Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;

- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part B: Chapter 27: Standard Fixed Range Accrual Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Fixed Range Accrual Redemption to be applicable.

*The following terms and conditions (the **Standard Fixed Range Accrual Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Fixed Range Accrual Redemption (the **Standard Fixed Range Accrual Redemption**) is applicable. These Standard Fixed Range Accrual Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Fixed Range Accrual Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

27 STANDARD FIXED RANGE ACCRUAL REDEMPTION

*The Redemption Payoff is calculated as (A) in the case of Linear type of Range Accrual payoff, Fixed Percentage multiplied by Accrual Factor and as (B) in the case of Non-linear type of Range Accrual payoff, the Fixed Rate (n) applicable to then calculated for that Interest Observation Period. The Accrual Factor is a number calculated by dividing (x) the product of **a** and **n** minus the product of **b** and **N** by (y) **N**. **a** and **b** are numbers specified in the applicable Final Terms, **n** is the number of Range Accrual Days during the relevant Redemption Observation Period on which each Underlying Value_i is within the Underlying Value_i Range and **N** is the total number of Range Accrual Days in the relevant Redemption Observation Period. Subject as provided below, the Underlying Value_i reflects the price, level or rate of the relevant Underlying_i or (if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the relevant Underlying_{ix} and the price, level or rate of the relevant Underlying_{iy} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying_i or, as applicable, each Underlying_{ix} and Underlying_{iy}, will therefore affect the value of the Accrual Factor which is used as a component of the formula used to calculate the Redemption Payoff.*

Where, in relation to these Standard Fixed Range Accrual Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value, the Underlying Value may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

27.1 Definitions and interpretation

For the purposes of these Standard Fixed Range Accrual Redemption Payoff Conditions, the following terms shall have the following meanings:

a means the number specified as such in the applicable Final Terms. If **a** is specified as 'not applicable', **a** shall be 1.

Accrual Factor means, with respect to a Redemption Observation Period:

$$\frac{a \times n - b \times N}{N}$$

b means the number specified as such in the applicable Final Terms. If **b** is specified as 'not applicable', **b** shall be 0.

Commencement Date means the Issue Date or such other date falling prior to the Issue Date and specified as such in the applicable Final Terms.

Early Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Early Redemption Date has the meaning set out in General Condition 24 (*Definitions*).

Fixed Percentage means the percentage specified as such in the applicable Final Terms.

Fixed Percentage (n) means the rate specified for each “n” in the applicable Final Terms.

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Instalment Date means each date specified as such in the applicable Final Terms.

Issue Date has the meaning set out in General Condition 24 (*Definitions*).

Lower Limit_i means, in respect of a Range Accrual Day in a Redemption Observation Period, the percentage, number or a percentage of a previous Underlying Value as specified in the applicable Final Terms and corresponding to an i which specification may be of the following type:

Range Accrual Day	Lower Limit (i)
First Range Accrual Day	[Fixed percentage or number]
Subsequent Range Accrual Day	A percentage of Underlying Value (i) on the immediately preceding Range Accrual Day

n means the number of Range Accrual Days in the relevant Redemption Observation Period in respect of which each Underlying Value_i is within the Underlying Value_i Range, as determined by the Calculation Agent. For the purposes hereof, (and where Range Accrual Days are expressed in the applicable Final Terms as falling on calendar days which may not be Business Days) the Underlying Value in respect of any Range Accrual Day which is not a Business Day shall be deemed to be the Underlying Value in respect of either the immediately preceding or the immediately following Business Day, as specified in the applicable Final Terms.

N means the total number of Range Accrual Days in the relevant Redemption Observation Period, as determined by the Calculation Agent.

Range means any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms.

Range₁ means that on the relevant Range Accrual Day the Underlying Value_i is greater than or equal to the Lower Limit_i and less than or equal to the Upper Limit_i.

Range₂ means that on the relevant Range Accrual Day the Underlying Value_i is greater than the Lower Limit_i and less than the Upper Limit_i.

Range₃ means that on the relevant Range Accrual Day the Underlying Value_i is greater than or equal to the Lower Limit_i and less than the Upper Limit_i.

Range₄ means that on the relevant Range Accrual Day the Underlying Value_i is greater than the Lower Limit_i and less than or equal to the Upper Limit_i.

Range₅ means that on the relevant Range Accrual Day the Underlying Value_i is less than the Lower Limit_i or greater than the Upper Limit_i.

Range₆ means that on the relevant Range Accrual Day the Underlying Value_i is less than or equal to the Lower Limit_i or greater than or equal to the Upper Limit_i.

Range Accrual Day means, with respect to a Redemption Observation Period, each date specified as a Range Accrual Day in the applicable Final Terms, which may be each Business Day, each calendar day, each calendar day or Business Day within a week, each calendar day or Business Day within a month, or any other day, falling within such Redemption Observation Period. Each Range Accrual Day shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Redemption Observation Period means:

- (a) with respect to Securities, other than Instalment Securities or for the purposes of calculating an Early Redemption Amount, the period specified as the Redemption Observation Period in the applicable Final Terms; or
- (b) with respect to Instalment Securities, the period from and including the Commencement Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first Instalment Date and each successive period beginning on and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding an Instalment Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the following Instalment Date; or
- (c) for the purposes of calculating an Early Redemption Amount, the period from and including the Commencement Date to and including the date falling such number of Business Days as specified in the applicable Final Terms prior to the Early Redemption Date.

Redemption Observation Period Cut-Off Date means the date as specified in the applicable Final Terms.

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_i means an Underlying corresponding to an i, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Range Accrual Day or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price,

provided that if a Redemption Observation Period Cut-Off Date is specified as applicable in the applicable Final Terms, the Underlying Value in respect of any Range Accrual Day falling on or after the Redemption Observation Period Cut-Off Date shall be deemed to be the Underlying Value in respect of the Range Accrual Day falling on such Redemption Observation Period Cut-Off Date.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (a) the Underlying Value of an Underlying_i; or
- (b) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

Underlying Value_i Range means the Range specified as such in the applicable Final Terms and corresponding to an Underlying_i (or, as applicable, the relevant Underlying_{ix} and Underlying_{iy}).

Upper Limit_i means, in respect of any Range Accrual Day in a Redemption Observation Period, the percentage, number or a percentage of a previous Underlying Value as specified in the applicable Final Terms and corresponding to an i, which may be of the following type:

Range Accrual Day	Lower Limit (i)
First Range Accrual Day	[Fixed percentage or number]
Subsequent Range Accrual Day	A percentage of Underlying Value (i) on the immediately preceding Range Accrual Day

27.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Observation Period for Securities for which Standard Fixed Range Accrual Redemption is applicable in respect of such Redemption Observation Period and

(i) in respect to which *Linear* is specified as applicable in the Final Terms shall be calculated as follows:

$$\text{Fixed Percentage} \times \text{Accrual Factor}$$

and expressed as a percentage;

(ii) in respect to which *Non-linear* is specified as applicable in the Final Terms shall be calculated as follows:

Fixed Percentage (n) for the n applicable in respect of such Redemption Observation Period.

- (b) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Fixed Range Accrual Redemption is applicable as a relevant Standard Redemption Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance with Standard Fixed Range Accrual Redemption Payoff Condition 27.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff_x.

27.3 Relevant Observation

Where, in relation to these Standard Fixed Range Accrual Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value₁, references in these Standard Fixed Range Accrual Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Fixed Range Accrual Redemption Payoff Condition 27.1 above) shall, for the purposes of determining the Underlying Value of the Underlying, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Fixed Range Accrual Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;

- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part B: Chapter 28: Standard ABF Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard ABF Redemption to be applicable.

*The following terms and conditions (the **Standard ABF Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard ABF Redemption (the **Standard ABF Redemption**) is applicable. These Standard ABF Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard ABF Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

28 STANDARD ABF REDEMPTION

The Redemption Payoff is calculated as one (1), minus Global Leverage multiplied by the sum of (i) the result of Accrual Factor₁ multiplied by Leverage₁ and (ii) the result of Accrual Factor₂ multiplied by Leverage₂.

An Accrual Factor is calculated as the number of Range Accrual Days during the relevant Redemption Observation Period on which the relevant Underlying Value_{xy} is within the relevant Range divided by the total number of Range Accrual Days in the relevant Redemption Observation Period. Subject as provided below, the Underlying Value_{xy} reflects the price, level or rate of the Underlying or (if a combination of an Underlying_x and an Underlying_y is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Underlying_x and the price, level or rate of the Underlying_y (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying may therefore affect the Redemption Payoff since the value of the Underlying affects the value of the Accrual Factor, which is used as a component of the formula used to calculate the Redemption Payoff.

Where, in relation to these Standard ABF Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value, the Underlying Value may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

28.1 Definitions and interpretation

For the purposes of these Standard ABF Redemption Payoff Conditions, the following terms shall have the following meanings:

Accrual Factor₁ means, with respect to a Redemption Observation Period, the number of Range Accrual Days in the relevant Redemption Observation Period in respect of which the Underlying Value_{xy} was within Range_a, divided by the total number of Range Accrual Days in such Redemption Observation Period, in each case as determined by the Calculation Agent. For the purposes hereof, (and where Range Accrual Days are expressed in the applicable Final Terms as falling on calendar days which may not be Business Days) the Underlying Value_{xy} in respect of any Range Accrual Day which is not a Business Day shall be deemed to be the Underlying Value_{xy} in respect of either the immediately preceding or the immediately following Business Day, as specified in the applicable Final Terms.

Accrual Factor₂ means, with respect to a Redemption Observation Period, the number of Range Accrual Days in the relevant Redemption Observation Period in respect of which the Underlying Value_{xy} was within Range_b, divided by the total number of Range Accrual Days in such Redemption Observation Period, in each case as determined by the Calculation Agent. For the purposes hereof, (and where Range Accrual Days are expressed in the applicable Final Terms as falling on calendar days which may not be Business Days) the Underlying Value_{xy} in respect of any Range Accrual Day which is not a Business Day shall be deemed to be the Underlying Value_{xy} in respect of either the immediately preceding or the immediately following Business Day, as specified in the applicable Final Terms.

Commencement Date means the Issue Date or such other date falling prior to the Issue Date and specified as such in the applicable Final Terms.

Global Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Leverage₁ means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Leverage₂ means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Lower Range Accrual Level means the percentage or number specified as such in the applicable Final Terms.

Range means any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms.

Range_a means the relevant Range specified as such in the applicable Final Terms.

Range_b means the relevant Range specified as such in the applicable Final Terms.

Range₁ means that on the relevant Range Accrual Day the Underlying Value_{xy} is greater than or equal to the Lower Range Accrual Level and less than or equal to the Upper Range Accrual Level.

Range₂ means that on the relevant Range Accrual Day the Underlying Value_{xy} is greater than the Lower Range Accrual Level and less than the Upper Range Accrual Level.

Range₃ means that on the relevant Range Accrual Day the Underlying Value_{xy} is greater than or equal to the Lower Range Accrual Level and less than the Upper Range Accrual Level.

Range₄ means that on the relevant Range Accrual Day the Underlying Value_{xy} is greater than the Lower Range Accrual Level and less than or equal to the Upper Range Accrual Level.

Range₅ means that on the relevant Range Accrual Day the Underlying Value_{xy} is less than the Lower Range Accrual Level or greater than the Upper Range Accrual Level.

Range₆ means that on the relevant Range Accrual Day the Underlying Value_{xy} is less than or equal to the Lower Range Accrual Level or greater than or equal to the Upper Range Accrual Level.

Range Accrual Day means, with respect to a Redemption Observation Period, each date specified as a Range Accrual Day in the applicable Final Terms, which may be each Business Day, each calendar

day, each calendar day or Business Day within a week, each calendar day or Business Day within a month, or any other day, falling within such Redemption Observation Period. Each Range Accrual Day shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Redemption Observation Date means, with respect to a Redemption Observation Period, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days immediately preceding the first or last day of such Redemption Observation Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Redemption Observation Period means:

- (a) with respect to Securities, other than Instalment Securities or for the purposes of calculating an Early Redemption Amount, the period specified as the Redemption Observation Period in the applicable Final Terms; or
- (b) with respect to Instalment Securities, the period from and including the Commencement Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first Instalment Date and each successive period beginning on but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding an Instalment Date to and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the following Instalment Date; or
- (c) for the purposes of calculating an Early Redemption Amount, the period from and including the Commencement Date to and including the date falling such number of Business Days as specified in the applicable Final Terms prior to the Early Redemption Date.

Redemption Observation Period Cut-Off Date means the date as specified in the applicable Final Terms.

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Range Accrual Day, a Redemption Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;

- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price,

provided that if a Redemption Observation Period Cut-Off Date is specified as applicable in the applicable Final Terms, the Underlying Value in respect of any Range Accrual Day falling on or after the Redemption Observation Period Cut-Off Date shall be deemed to be the Underlying Value in respect of the Range Accrual Day falling on such Redemption Observation Period Cut-Off Date.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_{xy} means:

- (a) the Underlying Value of the Underlying; or
- (b) if a combination of an Underlying_x and an Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the algebraical difference between the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Subtraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the product of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the quotient of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y.

Upper Range Accrual Level means the percentage or number specified as such in the applicable Final Terms.

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Redemption Payoff, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

28.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Observation Date for Securities for which Standard ABF Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$1 - \left(\text{Global Leverage} \left((\text{Leverage}_1 \times \text{Accrual Factor}_1) + (\text{Leverage}_2 \times \text{Accrual Factor}_2) \right) \right)$$

and expressed as a percentage.

- (b) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard ABF Redemption is applicable as a relevant Standard Redemption Payoff_x for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance with Standard ABF Redemption Payoff Condition 28.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff_x.

28.3 Relevant Observation

Where, in relation to these Standard ABF Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value, references in these Standard ABF Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard ABF Redemption Payoff Condition 28.1 above) shall, for the purposes of determining the Underlying Value of the Underlying, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard ABF Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part B: Chapter 29: Standard Worst of Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Standard Worst of Redemption to be applicable.

*The following terms and conditions (the **Standard Worst of Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Worst of Redemption (the **Standard Worst of Redemption**) is applicable. These Standard Worst of Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Worst of Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

29 STANDARD WORST OF REDEMPTION

*The Redemption Payoff is calculated on the Redemption Determination Date as (a) if the Underlying Value of Underlying_i is within the applicable Range on the relevant Redemption Observation Date, the Absolute Value, if applicable, of the lesser (the **Worst of Performance**) of (i) the result of Underlying Value_i on the Underlying Observation Date₁ divided by Underlying Value_i on the Underlying Observation Date₂ and (ii) the result of Underlying Value_j on the Underlying Observation Date₁ divided by Underlying Value_j on the Underlying Observation Date₂ or (b) if the Underlying Value of Underlying_i is not within the applicable Range on the relevant Redemption Observation Date, the Worst of Performance.*

Subject as provided below, the Underlying Value reflects the price, level or rate of the relevant Underlying_i (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of each Underlying_i and Underlying_j will therefore affect the Redemption Payoff applicable to the Securities.

Where, in relation to these Standard Worst of Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of Underlying Value_{1b}, Underlying Value_{1p}, Underlying Value_{2i} and/or Underlying Value_{2p}, the Underlying Value may for the purposes of determining Underlying Value_{1b}, Underlying Value_{1p}, Underlying Value_{2i} and/or Underlying Value_{2p}, as the case may be, be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

29.1 Definitions and interpretation

For the purposes of these Standard Worst of Redemption Payoff Conditions, the following terms shall have the following meanings:

Absolute Value means, if applicable, in respect of a number, its non-negative value without regard to its sign. For example, the Absolute Value of -10 is 10.

Lower Limit_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i.

Lower Limit_j means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_j.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Range means any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms for the relevant Underlying_i or Underlying_j.

Range₁ means that on the relevant Redemption Observation Date, Underlying Value_i is greater than or equal to the Lower Limit and less than or equal to the Upper Limit.

Range₂ means that on the relevant Redemption Observation Date, Underlying Value_i is greater than the Lower Limit and less than the Upper Limit.

Range₃ means that on the relevant Redemption Observation Date, Underlying Value_i is greater than or equal to the Lower Limit and less than the Upper Limit.

Range₄ means that on the relevant Redemption Observation Date, Underlying Value_i is greater than the Lower Limit and less than or equal to the Upper Limit.

Range₅ means that on the relevant Redemption Observation Date, Underlying Value_i is less than the Lower Limit or greater than the Upper Limit.

Range₆ means that on the relevant Redemption Observation Date, Underlying Value_i is less than or equal to the Lower Limit or greater than or equal to the Upper Limit.

Redemption Determination Date has the meaning set out in Annex 9 (*Redemption Method Conditions*).

Redemption Observation Date means an Underlying Observation Date₁ or an Underlying Observation Date₂.

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying Observation Date₁ means, with respect to a Redemption Determination Date and an Underlying, each date falling such number of Business Days specified in the applicable Final Terms immediately preceding the Redemption Determination Date or such date specified as an Underlying Observation Date₁ in the applicable Final Terms or, for the purposes of calculating an Early Redemption Amount, the date falling such number of Business Days as specified in the applicable Final Terms prior to the Early Redemption Date, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Observation Date₂ means each date specified as such in the applicable Final Terms and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Value means, with respect to a Redemption Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;

- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means the Underlying Value of Underlying_i.

Underlying Value_j means the Underlying Value of Underlying_j.

Underlying Value_{1i} means Underlying Value_i on the relevant Underlying Observation Date₁ or, where Underlying Value_{1i} is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Underlying Value_i determined in accordance with Standard Worst of Redemption Payoff Condition 29.3 below.

Underlying Value_{1j} means Underlying Value_j on the relevant Underlying Observation Date₁ or, where Underlying Value_{1j} is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Underlying Value_j determined in accordance with Standard Worst of Redemption Payoff Condition 29.3 below.

Underlying Value_{2i} means the level, percentage, number, price or amount specified in the applicable Final Terms or, if no such level, percentage, number, price or amount is specified, Underlying Value_i on the Underlying Observation Date₂ or, where Underlying Value_{2i} is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Underlying Value_i determined in accordance with Standard Worst of Redemption Payoff Condition 29.3 below.

Underlying Value_{2j} means the level, percentage, number, price or amount specified in the applicable Final Terms or, if no such level, percentage, number, price or amount is specified, the Underlying Value_j on the Underlying Observation Date₂ or, where Underlying Value_{2j} is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Underlying Value_j determined in accordance with Standard Worst of Redemption Payoff Condition 29.3 below.

Upper Limit_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i.

Upper Limit_j means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_j.

29.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Worst of Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

- (i) If Underlying Value_i is within the Range on each Redemption Observation Date:

$$\text{Absolute Value} \left(\text{Min} \left(\left(\frac{\text{Underlying Value}_{1i}}{\text{Underlying Value}_{2i}} \right), \left(\frac{\text{Underlying Value}_{1j}}{\text{Underlying Value}_{2j}} \right) \right) \right)$$

- (ii) Otherwise:

$$\text{Min} \left(\left(\frac{\text{Underlying Value}_{1i}}{\text{Underlying Value}_{2i}} \right), \left(\frac{\text{Underlying Value}_{1j}}{\text{Underlying Value}_{2j}} \right) \right)$$

and expressed as a percentage.

- (b) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Worst of Redemption is applicable as a relevant Standard Redemption Payoff_x, for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance with Standard Worst of Redemption Payoff Condition 29.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff_x.

29.3 Relevant Observation

Where, in relation to these Standard Worst of Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of Underlying Value_{1i}, Underlying Value_{1j}, Underlying Value_{2i} and/or Underlying Value_{2j}, references in these Standard Worst of Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Worst of Redemption Payoff Condition 29.1 above) shall, for the purposes of determining Underlying Value_{1i}, Underlying Value_{1j}, Underlying Value_{2i} and/or Underlying Value_{2j}, as the case may be, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Worst of Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Standard Payoff Conditions: Part B: Chapter 30: Standard Rainbow Performance Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Rainbow Performance Redemption to be applicable.

*The following terms and conditions (the **Standard Rainbow Performance Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Standard Rainbow Performance Redemption (the **Standard Rainbow Performance Redemption**) is applicable. These Standard Rainbow Performance Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Standard Rainbow Performance Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

30 STANDARD RAINBOW PERFORMANCE REDEMPTION

The Redemption Payoff is calculated on the Redemption Determination Date as (a) if the Rainbow Performance is within the applicable Range on each relevant Redemption Observation Date, the greater of the Rainbow Performance and the Floor or (b) if the Rainbow Performance is not within the applicable Range on any relevant Redemption Observation Date, the Fixed Percentage.

The Rainbow Performance is the sum of the performances of all Underlying_i, with each performance weighed in accordance with its rank (from best to worst). The performance for each Underlying_i is expressed as either (a) the Underlying Value_i on the Underlying Observation Date₁ divided by Underlying Value_i on the Underlying Observation Date₂, minus one.

Subject as provided below, Underlying Value_{2i} reflects a specified value or the Underlying Value_i on the Underlying Observation Date₂ and Underlying Value_{1i} reflects the Underlying Value_i on the Underlying Observation Date₁, where the Underlying Value_i reflects the price, level or rate of the relevant Underlying_i (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of each Underlying_i will therefore affect the Redemption Payoff applicable to the Securities.

Where, in relation to these Standard Rainbow Performance Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of Underlying Value_{1i} and/or Underlying Value_{2i}, the Underlying Value may for the purposes of determining Underlying Value_{1i} and/or Underlying Value_{2i}, as the case may be, be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

30.1 Definitions and interpretation

For the purposes of these Standard Rainbow Performance Redemption Payoff Conditions, the following terms shall have the following meanings:

Fixed Percentage means a percentage specified as such in the applicable Final Terms.

Floor means a number or percentage specified as such in the applicable Final Terms.

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Lower Limit means the percentage or number specified as such in the applicable Final Terms.

Max means the greatest of several amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

P(i) means the performance of Underlying Value_i between the Underlying Observation Date₂ and the Underlying Observation Date₁ calculated as:

$$\left(\frac{\text{Underlying Value}_{1_i}}{\text{Underlying Value}_{2_i}} - 1 \right)$$

as specified in the Final Terms.

Rainbow Performance means the result of the following formula expressed in percentage:

$$\text{Rainbow Performance} = \sum_{i=0}^n (\text{Weight}(i) * P(i)) - \text{Threshold}$$

Rank means the rank of each P(i) ranging from 1 for the highest (best) P(i) numerical value to the highest i number for the lowest (worst) P(i) value; for example, in the case of 5 Underlyings, the highest (best) rank is 1st and the lowest (worst) rank is 5th.

Range means any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms.

Range₁ means that on the relevant Redemption Observation Date, the Rainbow Performance is greater than or equal to the Lower Limit and lower than or equal to the Upper Limit.

Range₂ means that on the relevant Redemption Observation Date, the Rainbow Performance is greater than the Lower Limit and lower than the Upper Limit.

Range₃ means that on the relevant Redemption Observation Date, the Rainbow Performance is greater than or equal to the Lower Limit and lower than the Upper Limit.

Range₄ means that on the relevant Redemption Observation Date, the Rainbow Performance is greater than the Lower Limit and lower than or equal to the Upper Limit.

Range₅ means that on the relevant Redemption Observation Date, the Rainbow Performance is lower than the Lower Limit or greater than the Upper Limit.

Range₆ means that on the relevant Redemption Observation Date, the Rainbow Performance is lower than or equal to the Lower Limit or greater than or equal to the Upper Limit.

Redemption Determination Date has the meaning set out in Annex 9 (*Redemption Method Conditions*).

Redemption Observation Date means an Underlying Observation Date₂ or an Underlying Observation Date₁.

Standard Redemption Payoff_x means any of Standard Redemption Payoff₁, Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇ or Standard Redemption Payoff₈ (as such terms are defined in the relevant Combination Payoff Condition, as applicable).

Threshold means the percentage specified as such in the applicable Final Terms.

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_i means each Underlying corresponding to an *i*, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Observation Date₁ means, with respect to a Redemption Determination Date and an Underlying, each date falling such number of Business Days specified in the applicable Final Terms immediately preceding the Redemption Determination Date or such date specified as an Underlying Observation Date₁ in the applicable Final Terms or, for the purposes of calculating an Early Redemption Amount, the date falling such number of Business Days as specified in the applicable Final Terms prior to the Early Redemption Date, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Observation Date₂ means each date specified as such in the applicable Final Terms and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Value means, with respect to a Redemption Observation Date:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means the Underlying Value of Underlying_i.

Underlying Value_{1i} means Underlying Value_i on the relevant Underlying Observation Date₁.

Underlying Value_{2i} means the level, percentage, number, price or amount specified in the applicable Final Terms or, if no such level, percentage, number, price or amount is specified, Underlying Value_i on the Underlying Observation Date₂.

Upper Limit means the percentage or number specified as such in the applicable Final Terms.

Weight(i) means, for each P(i), the relevant weight specified for the Rank of such P(i) in the applicable Final Terms.

30.2 Redemption Payoff

- (a) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Rainbow Performance Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

- (b) If the Rainbow Performance is within the Range on each Redemption Observation Date: Max [Floor; Rainbow Performance]
- Otherwise: Fixed Percentage
- and expressed as a percentage.
- (c) The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Standard Rainbow Performance Redemption is applicable as a relevant Standard Redemption Payoff_x, for the purposes of any applicable Combination Payoff Condition shall be calculated in accordance with such Combination Payoff Condition and the Redemption Payoff determined in accordance with Standard Rainbow Performance Redemption Payoff Condition 30.2(a) shall be used in the relevant Combination Payoff Condition as the relevant Standard Redemption Payoff_x.

30.3 Relevant Observation

Where, in relation to these Standard Rainbow Performance Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of Underlying Value_{1i} and/or Underlying Value_{2i}, references in these Standard Rainbow Performance Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Standard Rainbow Performance Redemption Payoff Condition 30.1 above) shall, for the purposes of determining Underlying Value_{1i} and/or Underlying Value_{2i}, as the case may be, be deemed to be references to the applicable Relevant Observation. For the purposes of these Standard Rainbow Performance Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

ANNEX 6 – COMBINATION PAYOFF CONDITIONS

The chapters of this annex each set out additional terms and conditions that may apply to the interest and/or redemption in respect of the Securities.

The terms and conditions applicable to the Linked Interest Rate on Linked Interest Securities and/or the Redemption Payoff on Linked Redemption Securities shall comprise the General Conditions and the Additional Conditions, in each case subject to completion in the applicable Final Terms. In the event of any inconsistency between the General Conditions and the Additional Conditions, the Additional Conditions shall prevail.

If the applicable Final Terms specify that a Combination Interest Payoff is applicable for the purposes of a Payoff Feature specified in the applicable Final Terms as applicable, such Combination Interest Payoff shall only apply for the purposes of determining the relevant Linked Interest Rate in accordance with such Payoff Feature.

If the applicable Final Terms specify that a Combination Redemption Payoff is applicable for the purposes of a Payoff Feature specified in the applicable Final Terms as applicable, such Combination Redemption Payoff shall only apply for the purposes of determining the relevant Redemption Payoff in accordance with such Payoff Feature.

If the applicable Final Terms specify that a Combination Interest Payoff is applicable for the purposes of a Redemption Determination Date in respect of the Final Redemption Amount, an Instalment Redemption Amount or an Early Redemption Amount, as the case may be, such Combination Interest Payoff shall only apply for the purposes of determining the Final Redemption Amount, Instalment Redemption Amount or Early Redemption Amount in accordance with the applicable Redemption Method.

*The following chapters comprise the terms and conditions (the **Combination Payoff Conditions**) that shall apply to the Securities if the applicable Final Terms indicate that one or more chapters of the Combination Payoff Conditions is applicable. Only those chapters containing a payoff specified in the applicable Final Terms to be applicable will apply to a particular Series of Securities. The Combination Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

The Combination Payoff Conditions are set out as follows:

Part A

Combination Interest Payoff Conditions

The interest payable (if any) on the Securities may (i) be calculated using the Linked Interest Rate determined in accordance with one of the chapters which follows (as may be specified in the applicable Final Terms) which will use one or more Linked Interest Rates, determined in accordance with the Standard Payoff Conditions (as may be specified in the applicable Final Terms and as described in greater detail in Annex 5 (Standard Payoff Conditions)) and (ii) be affected by a Payoff Feature which is dependent on the Linked Interest Rate determined in accordance with one of the chapters which follows (as may be specified in the applicable Final Terms and as described in greater detail in Annex 7 (Payoff Feature Conditions)).

Combination Addition Interest	Chapter 1
Combination Capitalisation Interest	Chapter 2
Combination Digital Interest	Chapter 3
Combination Division Interest	Chapter 4

Combination Multiplication Interest	Chapter 5
Combination Ratchet Interest	Chapter 6
Combination Range Interest	Chapter 7
Combination Resettable Range Interest	Chapter 8
Combination Snowrange Interest	Chapter 9
Combination Subtract Interest	Chapter 10
Combination Maximum Interest	Chapter 11
Combination Minimum Interest	Chapter 12
Combination Digital Basket Interest	Chapter 13
Combination Payoff-Linked Digital Interest	Chapter 14
Combination Ladder Ratchet Interest	Chapter 15
Combination Rainbow Performance Interest	Chapter 16

Part B

Combination Redemption Payoff Conditions

The amount payable on redemption (if any) of the Securities may (i) be calculated using the Redemption Payoff determined in accordance with one of the chapters which follows (as may be specified in the applicable Final Terms) which will use one or more Redemption Payoffs, determined in accordance with the Standard Payoff Conditions (as may be specified in the applicable Final Terms and as described in greater detail in Annex 5 (Standard Payoff Conditions)) and (ii) be affected by a Payoff Feature which is dependent on the Redemption Payoff determined in accordance with one of the chapters which follows (as may be specified in the applicable Final Terms and as described in greater detail in Annex 7 (Payoff Feature Conditions)).

Combination Addition Redemption	Chapter 1
Combination Capitalisation Redemption	Chapter 2
Combination Digital Redemption	Chapter 3
Combination Division Redemption	Chapter 4
Combination Multiplication Redemption	Chapter 5
Combination Ratchet Redemption	Chapter 6
Combination Range Redemption	Chapter 7
Combination Resettable Range Redemption	Chapter 8
Combination Snowrange Redemption	Chapter 9

Combination Maximum Redemption	Chapter 11
Combination Minimum Redemption	Chapter 12
Combination Digital Basket Redemption	Chapter 13
Combination Complex Digital Basket Contingency Redemption	Chapter 14
Combination Payoff-Linked Digital Redemption	Chapter 15
Combination Rainbow Performance Redemption	Chapter 16

Combination Payoff Conditions: Part A: Chapter 1: Combination Addition Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Addition Interest to be applicable.

*The following terms and conditions (the **Combination Addition Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Addition Interest (the **Combination Addition Interest**) is applicable. These Combination Addition Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Addition Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

1 COMBINATION ADDITION INTEREST

The Linked Interest Rate applicable to the Securities is calculated as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) the result of adding together the Linked Interest Rate calculated using Standard Interest Payoff¹ and the Linked Interest Rate calculated using Standard Interest Payoff². You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Linked Interest Rate (and, if applicable, the Floor and/or the Cap) calculated using the relevant Standard Interest Payoff used as a component for this Combination Payoff Condition.

1.1 Definitions and Interpretation

For the purposes of these Combination Addition Interest Payoff Conditions, the following terms shall have the following meanings:

Cap means:

- the percentage or number; or
- Min (Standard Interest Payoff³, Standard Interest Payoff⁴, Standard Interest Payoff⁵); or
- Max (Standard Interest Payoff³, Standard Interest Payoff⁴, Standard Interest Payoff⁵),

as specified in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means:

- the percentage or number; or
- Min (Standard Interest Payoff⁶, Standard Interest Payoff⁷, Standard Interest Payoff⁸); or
- Max (Standard Interest Payoff⁶, Standard Interest Payoff⁷, Standard Interest Payoff⁸),

as specified in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Standard Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Interest Payoff₁ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₂ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₃ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₄ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₅ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₆ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₇ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₈ means the Standard Interest Payoff specified as such in the applicable Final Terms.

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Linked Interest Rate, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

1.2 **Linked Interest Rate**

The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Combination Addition Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Min}[\text{Cap}; \text{Max}(\text{Floor}, \text{Standard Interest Payoff}_1 + \text{Standard Interest Payoff}_2)]$$

and expressed as a percentage.

Combination Payoff Conditions: Part A: Chapter 2: Combination Capitalisation Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Capitalisation Interest to be applicable.

*The following terms and conditions (the **Combination Capitalisation Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Capitalisation Interest (the **Combination Capitalisation Interest**) is applicable. These Combination Capitalisation Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Capitalisation Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

2 COMBINATION CAPITALISATION INTEREST

The Linked Interest Rate applicable to the Securities is calculated as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Previous Interest Amount multiplied by the result of Leverage, multiplied by the Linked Interest Rate calculated using Standard Interest Payoff₁ added to 1. You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Linked Interest Rate (and, if applicable, the Floor and/or the Cap) calculated using the relevant Standard Interest Payoff used as a component for this Combination Payoff Condition.

2.1 Definitions and Interpretation

For the purposes of these Combination Capitalisation Interest Payoff Conditions, the following terms shall have the following meanings:

Calculation Amount Factor has the meaning set out in General Condition 24 (*Definitions*).

Cap means:

- the percentage or number; or
- Min (Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄); or
- Max (Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄),

as specified in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

First Interest Amount Percentage means the percentage specified as such in the applicable Final Terms.

Floor means:

- the percentage or number; or
- Min (Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇); or
- Max (Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇),

as specified in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Amount has the meaning set out in General Condition 24 (*Definitions*).

Interest Amount Percentage means:

- (i) if 'Specific Interest Accrual Period' is specified in the applicable Final Terms, with respect to a specified Interest Accrual Period, the Interest Amount with respect to the previous specific Interest Accrual Period as so specified in the applicable Final Terms;
- (ii) if 'Previous Interest Accrual Period' is specified in the applicable Final Terms, with respect to an Interest Accrual Period, the Interest Amount with respect to the immediately preceding Interest Accrual Period;

in each case divided by (a) in the case of Securities represented by a Global Security, the aggregate outstanding nominal amount of the Securities and (b) in the case of each Security in definitive form, the product of the Calculation Amount and the Calculation Amount Factor, expressed as a percentage.

Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Max}(X,Y)$ means whichever is the greater of component X and component Y.

Previous Interest Amount means (i) with respect to the first Interest Accrual Period, the First Interest Amount Percentage, and (ii) with respect to all other Interest Accrual Periods, the Interest Amount Percentage.

Standard Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Interest Payoff₁ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₂ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₃ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₄ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₅ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₆ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₇ means the Standard Interest Payoff specified as such in the applicable Final Terms.

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Linked Interest Rate, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

2.2 Linked Interest Rate

The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Combination Capitalisation Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Min} \left[\text{Cap}; \text{Max} \left(\text{Floor}, \text{Previous Interest Amount} \times (1 + \text{Leverage} \times \text{Standard Interest Payoff}_1) \right) \right]$$

and expressed as a percentage.

Combination Payoff Conditions: Part A: Chapter 3: Combination Digital Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Digital Interest to be applicable.

*The following terms and conditions (the **Combination Digital Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Digital Interest (the **Combination Digital Interest**) is applicable. These Combination Digital Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Digital Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

3 COMBINATION DIGITAL INTEREST

The Linked Interest Rate applicable to the Securities is calculated as either (a) if the Underlying Value_{xy} is within the relevant Range on each relevant Performance Observation Date, the Linked Interest Rate calculated using the relevant Standard Interest Payoff or (b) otherwise, the Linked Interest Rate calculated using Standard Interest Payoff⁷. The value of the Underlying will therefore affect which Standard Payoff Condition is used to calculate the Linked Interest Rate applicable to the Securities. You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Linked Interest Rate calculated using the relevant Standard Interest Payoff used as a component for this Combination Payoff Condition.

Where, in relation to these Combination Digital Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable, the Underlying Value may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

3.1 Definitions and Interpretation

For the purposes of these Combination Digital Interest Payoff Conditions, the following terms shall have the following meanings:

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Period means, in respect of an Interest Accrual Period, the period from and including each date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first day of the relevant Interest Accrual Period to and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the last day of that Interest Accrual Period.

Lower Limit means the percentage or number specified as such in the applicable Final Terms.

Performance Observation Date means, with respect to an Interest Observation Period, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days immediately preceding the first or last day of such Interest Observation Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Range_A, Range_B, Range_C, Range_D, Range_E and Range_F means any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms.

Range₁ means that on the relevant Performance Observation Date the Underlying Value_{xy} is greater than or equal to the Lower Limit and less than or equal to the Upper Limit.

Range₂ means that on the relevant Performance Observation Date the Underlying Value_{xy} is greater than the Lower Limit and less than the Upper Limit.

Range₃ means that on the relevant Performance Observation Date the Underlying Value_{xy} is greater than or equal to the Lower Limit and less than the Upper Limit.

Range₄ means that on the relevant Performance Observation Date the Underlying Value_{xy} is greater than the Lower Limit and less than or equal to the Upper Limit.

Range₅ means that on the relevant Performance Observation Date the Underlying Value_{xy} is less than the Lower Limit or greater than the Upper Limit.

Range₆ means that on the relevant Performance Observation Date the Underlying Value_{xy} is less than or equal to the Lower Limit or greater than or equal to the Upper Limit.

Standard Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Interest Payoff₁ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₂ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₃ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₄ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₅ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₆ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₇ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Performance Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;

- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_{xy} means:

- (a) the Underlying Value of the Underlying; or
- (b) if a combination of an Underlying_x and an Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the algebraical difference between the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the product of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the quotient of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y.

Upper Limit means the percentage or number specified as such in the applicable Final Terms.

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Linked Interest Rate, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

3.2 Linked Interest Rate

The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Combination Digital Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

- (a) if Underlying Value_{xy} is within Range_A on each Performance Observation Date, Standard Interest Payoff₁; or
- (b) if Underlying Value_{xy} is within Range_B on each Performance Observation Date, Standard Interest Payoff₂;

- (c) if Underlying Value_{xy} is within Range_C on each Performance Observation Date, Standard Interest Payoff₃;
- (d) if Underlying Value_{xy} is within Range_D on each Performance Observation Date, Standard Interest Payoff₄;
- (e) if Underlying Value_{xy} is within Range_E on each Performance Observation Date, Standard Interest Payoff₅;
- (f) if Underlying Value_{xy} is within Range_F on each Performance Observation Date, Standard Interest Payoff₆;
- (g) otherwise, Standard Interest Payoff₇.

3.3 Relevant Observation

Where, in relation to these Combination Digital Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable, references in these Combination Digital Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Combination Digital Interest Payoff Condition 3.1 above) shall be deemed to be references to the applicable Relevant Observation. For the purposes of these Combination Digital Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Combination Payoff Conditions: Part A: Chapter 4: Combination Division Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Division Interest to be applicable.

*The following terms and conditions (the **Combination Division Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Division Interest (the **Combination Division Interest**) is applicable. These Combination Division Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Division Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

4 COMBINATION DIVISION INTEREST

The Linked Interest Rate applicable to the Securities is calculated as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Linked Interest Rate calculated using Standard Interest Payoff₁ divided by the Linked Interest Rate calculated using Standard Interest Payoff₂. You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Linked Interest Rate (and, if applicable, the Floor and/or the Cap) calculated using the relevant Standard Interest Payoff used as a component for this Combination Payoff Condition.

4.1 Definitions and Interpretation

For the purposes of these Combination Division Interest Payoff Conditions, the following terms shall have the following meanings:

Cap means:

- the percentage or number; or
- Min (Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅); or
- Max (Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅),

as specified in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means:

- the percentage or number; or
- Min (Standard Interest Payoff₆, Standard Interest Payoff₇, Standard Interest Payoff₈); or
- Max (Standard Interest Payoff₆, Standard Interest Payoff₇, Standard Interest Payoff₈),

as specified in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Standard Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Interest Payoff₁ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₂ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₃ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₄ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₅ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₆ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₇ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₈ means the Standard Interest Payoff specified as such in the applicable Final Terms.

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Linked Interest Rate, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

4.2 **Linked Interest Rate**

The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Combination Division Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Min} \left[\text{Cap}; \text{Max} \left(\text{Floor}; \left(\frac{\text{Standard Interest Payoff}_1}{\text{Standard Interest Payoff}_2} \right) \right) \right]$$

and expressed as a percentage.

Combination Payoff Conditions: Part A: Chapter 5: Combination Multiplication Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Multiplication Interest to be applicable.

*The following terms and conditions (the **Combination Multiplication Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Multiplication Interest (the **Combination Multiplication Interest**) is applicable. These Combination Multiplication Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Multiplication Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

5 COMBINATION MULTIPLICATION INTEREST

The Linked Interest Rate applicable to the Securities is calculated as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Linked Interest Rate calculated using Standard Interest Payoff¹ multiplied by the Linked Interest Rate calculated using Standard Interest Payoff². You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Linked Interest Rate (and, if applicable, the Floor and/or the Cap) calculated using the relevant Standard Interest Payoff used as a component for this Combination Payoff Condition.

5.1 Definitions and Interpretation

For the purposes of these Combination Multiplication Interest Payoff Conditions, the following terms shall have the following meanings:

Cap means:

- the percentage or number; or
- Min (Standard Interest Payoff³, Standard Interest Payoff⁴, Standard Interest Payoff⁵); or
- Max (Standard Interest Payoff³, Standard Interest Payoff⁴, Standard Interest Payoff⁵),

as specified in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means:

- the percentage or number; or
- Min (Standard Interest Payoff⁶, Standard Interest Payoff⁷, Standard Interest Payoff⁸); or
- Max (Standard Interest Payoff⁶, Standard Interest Payoff⁷, Standard Interest Payoff⁸),

as specified in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Standard Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Interest Payoff₁ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₂ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₃ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₄ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₅ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₆ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₇ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₈ means the Standard Interest Payoff specified as such in the applicable Final Terms.

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Linked Interest Rate, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

5.2 Linked Interest Rate

The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Combination Multiplication Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Min} [\text{Cap}; \text{Max}(\text{Floor}, (\text{Standard Interest Payoff}_1 \times \text{Standard Interest Payoff}_2))]]$$

and expressed as a percentage.

Combination Payoff Conditions: Part A: Chapter 6: Combination Ratchet Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Ratchet Interest to be applicable.

*The following terms and conditions (the **Combination Ratchet Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Ratchet Interest (the **Combination Ratchet Interest**) is applicable. These Combination Ratchet Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Ratchet Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

6 COMBINATION RATCHET INTEREST

The Linked Interest Rate applicable to the Securities is calculated as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) the Previous Interest Amount added to the result of Leverage multiplied by the Linked Interest Rate calculated using Standard Interest Payoff₁. You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Linked Interest Rate (and, if applicable, the Floor and/or the Cap) calculated using the relevant Standard Interest Payoff used as a component for this Combination Payoff Condition.

6.1 Definitions and Interpretation

For the purposes of these Combination Ratchet Interest Payoff Conditions, the following terms shall have the following meanings:

Cap means:

- the percentage or number; or
- Min (Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄); or
- Max (Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄),

as specified in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Calculation Amount Factor has the meaning set out in General Condition 24 (*Definitions*).

Floor means:

- the percentage or number; or
- Min (Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇); or
- Max (Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇),

as specified in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

First Interest Amount Percentage means the amount or percentage specified as such in the applicable Final Terms.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Amount has the meaning set out in General Condition 24 (*Definitions*).

Interest Amount Percentage means:

- (i) if 'Specific Interest Accrual Period' is specified in the applicable Final Terms, with respect to a specified Interest Accrual Period, the annualised Interest Amount with respect to the previous specific Interest Accrual Period as so specified in the applicable Final Terms;
- (ii) if 'Previous Interest Accrual Period' is specified in the applicable Final Terms, with respect to an Interest Accrual Period, the annualised Interest Amount with respect to the immediately preceding Interest Accrual Period;

in each case divided by (a) in the case of Securities represented by a Global Security, the aggregate outstanding nominal amount of the Securities and (b) in the case of each Security in definitive form, the product of the Calculation Amount and the Calculation Amount Factor, expressed as a percentage.

Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Max}(X,Y)$ means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Min}(X,Y)$ means whichever is the lesser of component X and component Y.

Previous Interest Amount means (i) with respect to the first Interest Accrual Period, the First Interest Amount Percentage, and (ii) with respect to all other Interest Accrual Periods, the Interest Amount Percentage.

Standard Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Interest Payoff₁ means the Standard Interest Payoff₁ specified as such in the applicable Final Terms.

Standard Interest Payoff₂ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₃ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₄ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₅ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₆ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₇ means the Standard Interest Payoff specified as such in the applicable Final Terms.

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Linked Interest Rate, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

6.2 Linked Interest Rate

The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Combination Ratchet Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Min}(\text{Cap}, \text{Max}(\text{Floor}, \text{Previous Interest Amount} + \text{Leverage} \times \text{Standard Interest Payoff}_1))$$

and expressed as a percentage.

Combination Payoff Conditions: Part A: Chapter 7: Combination Range Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Range Interest to be applicable.

*The following terms and conditions (the **Combination Range Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Range Interest (the **Combination Range Interest**) is applicable. These Combination Range Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Range Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

7 COMBINATION RANGE INTEREST

The Linked Interest Rate applicable to the Securities is calculated as the Linked Interest Rate calculated using Standard Interest Payoff_i multiplied by the Accrual Factor. The Accrual Factor is calculated as the number of Range Accrual Days during the relevant Interest Observation Period on which each Underlying Value_i is within the relevant Range divided by the total number of Range Accrual Days in the relevant Interest Observation Period. The value of the Underlying will therefore affect the Accrual Factor, which is used as a component of the formula used to calculate the Linked Interest Rate. You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Linked Interest Rate calculated using the relevant Standard Interest Payoff_i used as a component for this Combination Payoff Condition.

Where, in relation to these Combination Range Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable, the Underlying Value may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

7.1 Definitions and Interpretation

For the purposes of these Combination Range Interest Payoff Conditions, the following terms shall have the following meanings:

Accrual Factor means, with respect to an Interest Accrual Period, the number of Range Accrual Days in the relevant Interest Observation Period in respect of which Underlying Value_i is within the Underlying Value_i Range, divided by the total number of Range Accrual Days in such Interest Observation Period, in each case as determined by the Calculation Agent. For the purposes hereof, (and where Range Accrual Days are expressed in the applicable Final Terms as falling on calendar days which may not be Business Days) the Underlying Value in respect of any Range Accrual Day which is not a Business Day shall be deemed to be the Underlying Value in respect of either the immediately preceding or the immediately following Business Day, as specified in the applicable Final Terms.

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Period means, in respect of an Interest Accrual Period, the period from and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first day of the relevant Interest Accrual Period to and including the date

falling such number of Business Days specified in the applicable Final Terms immediately preceding the last day of that Interest Accrual Period.

Interest Observation Period Cut-Off Date means the date as specified in the applicable Final Terms.

Lower Limit_i means the percentage or number specified as such in the applicable Final Terms and corresponding to an Underlying_i (or, as applicable, an Underlying_{ix} and an Underlying_{iy}).

Range means in respect of each Underlying_i (or, as applicable, each Underlying_{ix} and each Underlying_{iy}), any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms for such Underlying_i (or, as applicable, such Underlying_{ix} and Underlying_{iy}).

Range₁ means that on the relevant Range Accrual Day the Underlying Value_i is greater than or equal to the Lower Limit_i and lower than or equal to the Upper Limit_i.

Range₂ means that on the relevant Range Accrual Day the Underlying Value_i is greater than the Lower Limit_i and lower than the Upper Limit_i.

Range₃ means that on the relevant Range Accrual Day the Underlying Value_i is greater than or equal to the Lower Limit_i and lower than the Upper Limit_i.

Range₄ means that on the relevant Range Accrual Day the Underlying Value_i is greater than the Lower Limit_i and lower than or equal to the Upper Limit_i.

Range₅ means that on the relevant Range Accrual Day the Underlying Value_i is lower than the Lower Limit_i or greater than the Upper Limit_i.

Range₆ means that on the relevant Range Accrual Day the Underlying Value_i is lower than or equal to the Lower Limit_i or greater than or equal to the Upper Limit_i.

Range Accrual Day means, with respect to an Interest Observation Period and an Underlying_i (or, as applicable, an Underlying_{ix} and an Underlying_{iy}), each date specified as a Range Accrual Day in the applicable Final Terms, which may be each Business Day, each calendar day, each calendar day or Business Day within a week, each calendar day or Business Day within a month, or any other day, falling within such Interest Observation Period. Each Range Accrual Day shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Standard Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Interest Payoff₁ means the Standard Interest Payoff₁ specified as such in the applicable Final Terms.

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_i means an Underlying corresponding to an *i*, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an *i*, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an *i*, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i,

Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Range Accrual Day or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price,

provided that if an Interest Observation Period Cut-Off Date is specified in the applicable Final Terms, the Underlying Value in respect of any Range Accrual Day falling on or after the Interest Observation Period Cut-Off Date shall be deemed to be the Underlying Value in respect of the Range Accrual Day falling on such Interest Observation Period Cut-Off Date.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (a) the Underlying Value of an Underlying_i; or
- (b) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

Underlying Value_i Range means the Range specified as such in the applicable Final Terms and corresponding to an Underlying_i (or, as applicable, an Underlying_{ix} and an Underlying_{iy}).

Upper Limit_i means the percentage or number specified as such in the applicable Final Terms and corresponding to an Underlying_i (or, as applicable, an Underlying_{ix} and an Underlying_{iy}).

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Linked Interest Rate, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

7.2 Linked Interest Rate

The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Combination Range Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Standard Interest Payoff}_1 \times \text{Accrual Factor}$$

and expressed as a percentage.

7.3 Relevant Observation

Where, in relation to these Combination Range Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable, references in these Combination Range Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Combination Range Interest Payoff Condition 7.1 above) shall be deemed to be references to the applicable Relevant Observation. For the purposes of these Combination Range Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Combination Payoff Conditions: Part A: Chapter 8: Combination Resettable Range Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Resettable Range Interest to be applicable.

*The following terms and conditions (the **Combination Resettable Range Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Resettable Interest (the **Combination Resettable Range Interest**) is applicable. These Combination Resettable Range Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Resettable Range Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

8 COMBINATION RESETTABLE RANGE INTEREST

The Linked Interest Rate applicable to the Securities is calculated as the Linked Interest Rate calculated using Standard Interest Payoff₁ multiplied by the Accrual Factor. The Accrual Factor is calculated as the number of Range Accrual Days during the relevant Interest Observation Period on which the Underlying Value_{xy} is within the relevant Resettable Range divided by the total number of Range Accrual Days in the relevant Interest Observation Period. The lower level used for the Resettable Range is calculated by subtracting Margin from a specified value or Underlying Value_{xy} at the relevant time and the upper level used for the Resettable Range is calculated by adding Margin to a specified value or the Underlying Value_{xy} at the relevant time. The value of the Underlying (or, as applicable, the relevant Underlying_x and Underlying_y) will therefore affect the Linked Interest Rate since the value of the Underlying (or, as applicable, the relevant Underlying_x and Underlying_y) (i) affects the way that the limits of the Resettable Range used in the Accrual Factor are calculated and (ii) the value of the Accrual Factor which is used as a component in the formula used to calculate the Linked Interest Rate. You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Linked Interest Rate calculated using the relevant Standard Interest Payoff₁ used as a component for this Combination Payoff Condition.

Where, in relation to these Combination Resettable Range Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Initial Underlying Value, the Underlying Value may, for the purposes of determining the Initial Underlying Value and/or the Underlying Value_{xy}, be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

8.1 Definitions and Interpretation

For the purposes of these Combination Resettable Range Interest Payoff Conditions, the following terms shall have the following meanings:

Accrual Factor means, with respect to an Interest Accrual Period, the number of Range Accrual Days in the relevant Interest Observation Period in respect of which the Underlying Value_{xy} was within the relevant Resettable Range, divided by the total number of Range Accrual Days in such Interest Observation Period, in each case as determined by the Calculation Agent. For the purposes hereof, (and where Range Accrual Days are expressed in the applicable Final Terms as falling on calendar days which may not be Business Days) the Underlying Value_{xy} in respect of any Range Accrual Day which is not a Business Day shall be deemed to be the Underlying Value_{xy} in respect of either the

immediately preceding or the immediately following Business Day, as specified in the applicable Final Terms.

Initial Underlying Value means the level, percentage, number, price or amount specified in the applicable Final Terms or, where Initial Underlying Value is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Underlying Value_{xy} determined in accordance with Combination Resettable Range Interest Payoff Condition 8.3 below.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Period means, in respect of an Interest Accrual Period, the period from and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first day of the relevant Interest Accrual Period to and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the last day of that Interest Accrual Period.

Interest Observation Period Cut-Off Date means the date as specified in the applicable Final Terms.

Lower Resettable Range Accrual Level means:

(Initial Underlying Value – Margin)

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, be zero (0).

Range Accrual Day means, with respect to an Interest Observation Period, each date specified as a Range Accrual Day in the applicable Final Terms, which may be each Business Day, each calendar day, each calendar day or Business Day within a week, each calendar day or Business Day within a month, or any other day, falling within such Interest Observation Period. Each Range Accrual Day shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Resettable Range means any one (only) of Resettable Range₁, Resettable Range₂, Resettable Range₃, Resettable Range₄, Resettable Range₅ or Resettable Range₆ as specified in the applicable Final Terms.

Resettable Range₁ means that on the relevant Range Accrual Day the Underlying Value_{xy} is greater than or equal to the Lower Resettable Range Accrual Level and less than or equal to the Upper Resettable Range Accrual Level.

Resettable Range₂ means that on the relevant Range Accrual Day the Underlying Value_{xy} is greater than the Lower Resettable Range Accrual Level and less than the Upper Resettable Range Accrual Level.

Resettable Range₃ means that on the relevant Range Accrual Day the Underlying Value_{xy} is greater than or equal to the Lower Resettable Range Accrual Level and less than the Upper Resettable Range Accrual Level.

Resettable Range₄ means that on the relevant Range Accrual Day the Underlying Value_{xy} is greater than the Lower Resettable Range Accrual Level and less than or equal to the Upper Resettable Range Accrual Level.

Resettable Range₅ means that on the relevant Range Accrual Day the Underlying Value_{xy} is less than the Lower Resettable Range Accrual Level or greater than the Upper Resettable Range Accrual Level.

Resettable Range₆ means that on the relevant Range Accrual Day the Underlying Value_{xy} is less than or equal to the Lower Resettable Range Accrual Level or greater than or equal to the Upper Resettable Range Accrual Level.

Standard Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Interest Payoff₁ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_y means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Range Accrual Day or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price,

provided that if an Interest Observation Period Cut-Off Date is specified in the applicable Final Terms, the Underlying Value in respect of any Range Accrual Day falling on or after the Interest Observation Period Cut-Off Date shall be deemed to be the Underlying Value in respect of the Range Accrual Day falling on such Interest Observation Period Cut-Off Date.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_{xy} means:

- (a) the Underlying Value of the Underlying; or
- (b) if a combination of an Underlying_x and an Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or

- the algebraical difference between the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
- the product of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
- the quotient of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y.

Upper Resettable Range Accrual Level means:

(Initial Underlying Value + Margin)

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Linked Interest Rate, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

8.2 Linked Interest Rate

The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Combination Resettable Range Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Standard Interest Payoff}_1 \times \text{Accrual Factor}$$

and expressed as a percentage.

8.3 Relevant Observation

Where, in relation to these Combination Resettable Range Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Initial Underlying Value and/or the Underlying Value_{xy}, references in these Combination Resettable Range Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Combination Resettable Range Interest Payoff Condition 8.1 above) shall, for the purposes of determining the Initial Underlying Value and/or the Underlying Value_{xy}, be deemed to be references to the applicable Relevant Observation. For the purposes of these Combination Resettable Range Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or

- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Combination Payoff Conditions: Part A: Chapter 9: Combination Snowrange Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Snowrange Interest to be applicable.

*The following terms and conditions (the **Combination Snowrange Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Snowrange Interest (the **Combination Snowrange Interest**) is applicable. These Combination Snowrange Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Snowrange Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

9 COMBINATION SNOWRANGE INTEREST

The Linked Interest Rate applicable to the Securities is calculated as the Previous Interest Amount multiplied by the Accrual Factor. The Previous Interest Amount is calculated by reference to Standard Interest Payoff₁ in relation to a previous period or in the case of the first Interest Accrual Period, the First Interest Amount. The Accrual Factor is calculated as the number of Range Accrual Days during the relevant Interest Observation Period on which each Underlying Value_i is within the relevant Range divided by the total number of Range Accrual Days in the relevant Interest Observation Period. The value of the Underlying will therefore affect the value of the Accrual Factor, which is used as a component of the formula used to calculate the Linked Interest Rate. You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Linked Interest Rate calculated using the relevant Standard Interest Payoff₁ used as a component for this Combination Payoff Condition.

Where, in relation to these Combination Snowrange Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable, the Underlying Value may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

9.1 Definitions and Interpretation

For the purposes of these Combination Snowrange Interest Payoff Conditions, the following terms shall have the following meanings:

Accrual Factor means, with respect to an Interest Accrual Period, the number of Range Accrual Days in the relevant Interest Observation Period in respect of which each Underlying Value_i was within the Underlying Value_i Range, divided by the total number of Range Accrual Days in such Interest Observation Period, in each case as determined by the Calculation Agent. For the purposes hereof, (and where Range Accrual Days are expressed in the applicable Final Terms as falling on calendar days which may not be Business Days) the Underlying Value in respect of any Range Accrual Day which is not a Business Day shall be deemed to be the Underlying Value in respect of either the immediately preceding or the immediately following Business Day, as specified in the applicable Final Terms.

Calculation Amount Factor has the meaning set out in General Condition 24 (*Definitions*).

First Interest Amount means the percentage specified as such in the applicable Final Terms.

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Amount Percentage means:

- (i) if 'Specific Interest Accrual Period' is specified in the applicable Final Terms, with respect to a specified Interest Accrual Period, the Interest Amount with respect to the previous specific Interest Accrual Period as so specified in the applicable Final Terms;
- (ii) if 'Previous Interest Accrual Period' is specified in the applicable Final Terms, with respect to an Interest Accrual Period, the Interest Amount with respect to the immediately preceding Interest Accrual Period;

in each case divided by (a) in the case of Securities represented by a Global Security, the aggregate outstanding nominal amount of the Securities and (b) in the case of each Security in definitive form, the product of the Calculation Amount and the Calculation Amount Factor, expressed as a percentage.

Interest Observation Period means, in respect of an Interest Accrual Period, the period from and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first day of the relevant Interest Accrual Period to and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the last day of that Interest Accrual Period.

Interest Observation Period Cut-Off Date means the date as specified in the applicable Final Terms.

Lower Limit_i means the percentage or number specified as such in the applicable Final Terms and corresponding to an Underlying_i (or, as applicable, an Underlying_{ix} and an Underlying_{iy}).

Previous Interest Amount means (i) with respect to the first Interest Accrual Period, the First Interest Amount, and (ii) with respect to all other Interest Accrual Periods, the Interest Amount Percentage.

Range means in respect of each Underlying_i (or, as applicable, each Underlying_{ix} and each Underlying_{iy}), any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms for such Underlying_i (or, as applicable, such Underlying_{ix} and Underlying_{iy}).

Range₁ means that on the relevant Range Accrual Day the Underlying Value_i is greater than or equal to the Lower Limit_i and lower than or equal to the Upper Limit_i.

Range₂ means that on the relevant Range Accrual Day the Underlying Value_i is greater than the Lower Limit_i and lower than the Upper Limit_i.

Range₃ means that on the relevant Range Accrual Day the Underlying Value_i is greater than or equal to the Lower Limit_i and lower than the Upper Limit_i.

Range₄ means that on the relevant Range Accrual Day the Underlying Value_i is greater than the Lower Limit_i and lower than or equal to the Upper Limit_i.

Range₅ means that on the relevant Range Accrual Day the Underlying Value_i is lower than the Lower Limit_i or greater than the Upper Limit_i.

Range₆ means that on the relevant Range Accrual Day the Underlying Value_i is lower than or equal to the Lower Limit_i or greater than or equal to the Upper Limit_i.

Range Accrual Day means, with respect to an Interest Observation Period and an Underlying_i (or, as applicable, an Underlying_{ix} and an Underlying_{iy}), each date specified as a Range Accrual Day in the applicable Final Terms, which may be each Business Day, each calendar day, each calendar day or Business Day within a week, each calendar day or Business Day within a month, or any other day,

falling within such Interest Observation Period. Each Range Accrual Day shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Standard Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Interest Payoff_i means the Standard Interest Payoff_i specified as such in the applicable Final Terms.

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_i means an Underlying corresponding to an i, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Range Accrual Day or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price,

provided that if an Interest Observation Period Cut-Off Date is specified in the applicable Final Terms, the Underlying Value in respect of any Range Accrual Day falling on or after the Interest Observation Period Cut-Off Date shall be deemed to be the Underlying Value in respect of the Range Accrual Day falling on such Interest Observation Period Cut-Off Date.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (a) the Underlying Value of an Underlying_i; or
- (b) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:

- the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
- the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
- the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
- the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

Underlying Value_i Range means the Range specified as such in the applicable Final Terms and corresponding to an Underlying_i (or, as applicable, an Underlying_{ix} and an Underlying_{iy}).

Upper Limit_i means the percentage or number specified as such in the applicable Final Terms and corresponding to an Underlying_i (or, as applicable, an Underlying_{ix} and an Underlying_{iy}).

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Linked Interest Rate, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

9.2 Linked Interest Rate

The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Combination Snowrange Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Previous Interest Amount} \times \text{Accrual Factor}$$

and expressed as a percentage.

9.3 Relevant Observation

Where, in relation to these Combination Snowrange Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable, references in these Combination Snowrange Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Combination Snowrange Interest Payoff Condition 9.1 above) shall be deemed to be references to the applicable Relevant Observation. For the purposes of these Combination Snowrange Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;

- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Combination Payoff Conditions: Part A: Chapter 10: Combination Subtract Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Subtract Interest to be applicable.

*The following terms and conditions (the **Combination Subtract Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Subtract Interest (the **Combination Subtract Interest**) is applicable. These Combination Subtract Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Subtract Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

10 COMBINATION SUBTRACT INTEREST

The Linked Interest Rate applicable to the Securities is calculated as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) the product of (1) the Leverage and (2) the Linked Interest Rate calculated using Standard Interest Payoff₂ subtracted from the Linked Interest Rate calculated using Standard Interest Payoff₁. You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Linked Interest Rate (and, if applicable, the Floor and/or the Cap) calculated using the relevant Standard Interest Payoff used as a component for this Combination Payoff Condition.

10.1 Definitions and Interpretation

For the purposes of these Combination Subtract Interest Payoff Conditions, the following terms shall have the following meanings:

Cap means:

- the percentage or number; or
- Min (Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅); or
- Max (Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅),

as specified in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means:

- the percentage or number; or
- Min (Standard Interest Payoff₆, Standard Interest Payoff₇, Standard Interest Payoff₈); or
- Max (Standard Interest Payoff₆, Standard Interest Payoff₇, Standard Interest Payoff₈),

as specified in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Standard Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Interest Payoff₁ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₂ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₃ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₄ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₅ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₆ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₇ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₈ means the Standard Interest Payoff specified as such in the applicable Final Terms.

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Linked Interest Rate, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

10.2 Linked Interest Rate

The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Combination Subtract Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Min}[\text{Cap}; \text{Max}(\text{Floor}, \text{Leverage} \times \{ \text{Standard Interest Payoff}_1 - \text{Standard Interest Payoff}_2 \})]$$

and expressed as a percentage.

Combination Payoff Conditions: Part A: Chapter 11: Combination Maximum Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Maximum Interest to be applicable.

*The following terms and conditions (the **Combination Maximum Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Maximum Interest (the **Combination Maximum Interest**) is applicable. These Combination Maximum Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Maximum Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

11 COMBINATION MAXIMUM INTEREST

The Linked Interest Rate applicable to the Securities is calculated as the lesser of (a) Cap and (b) the greater of (i) Floor, (ii) the Linked Interest Rate calculated using Standard Interest Payoff¹ and (iii) the Linked Interest Rate calculated using Standard Interest Payoff². You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Linked Interest Rate (and, if applicable, the Floor and/or the Cap) calculated using the relevant Standard Interest Payoff used as a component for this Combination Payoff Condition.

11.1 Definitions and Interpretation

For the purposes of these Combination Maximum Interest Payoff Conditions, the following terms shall have the following meanings:

Cap means:

- the percentage or number; or
- Min (Standard Interest Payoff³, Standard Interest Payoff⁴, Standard Interest Payoff⁵); or
- Max (Standard Interest Payoff³, Standard Interest Payoff⁴, Standard Interest Payoff⁵),

as specified in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means:

- the percentage or number; or
- Min (Standard Interest Payoff⁶, Standard Interest Payoff⁷, Standard Interest Payoff⁸); or
- Max (Standard Interest Payoff⁶, Standard Interest Payoff⁷, Standard Interest Payoff⁸),

as specified in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Max means the greater of the amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example, Min (X, Y) means whichever is the lesser component X and component Y.

Standard Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Interest Payoff₁ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₂ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₃ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₄ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₅ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₆ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₇ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₈ means the Standard Interest Payoff specified as such in the applicable Final Terms.

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Linked Interest Rate, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

11.2 Linked Interest Rate

The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Combination Maximum Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Min}(\text{Cap}, \text{Max}(\text{Floor}, \text{Standard Interest Payoff}_{f_1}, \text{Standard Interest Payoff}_{f_2}))$$

and expressed as a percentage.

Combination Payoff Conditions: Part A: Chapter 12: Combination Minimum Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Minimum Interest to be applicable.

*The following terms and conditions (the **Combination Minimum Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Minimum Interest (the **Combination Minimum Interest**) is applicable. These Combination Minimum Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Minimum Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

12 COMBINATION MINIMUM INTEREST

The Linked Interest Rate applicable to the Securities is calculated as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) the lesser of (a) the Linked Interest Rate calculated using Standard Interest Payoff₁ and (b) the Linked Interest Rate calculated using Standard Interest Payoff₂. You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Linked Interest Rate (and, if applicable, the Floor and/or the Cap) calculated using the relevant Standard Interest Payoff used as a component for this Combination Payoff Condition.

12.1 Definitions and Interpretation

For the purposes of these Combination Minimum Interest Payoff Conditions, the following terms shall have the following meanings:

Cap means:

- the percentage or number; or
- Min (Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅); or
- Max (Standard Interest Payoff₃, Standard Interest Payoff₄, Standard Interest Payoff₅),

as specified in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means:

- the percentage or number; or
- Min (Standard Interest Payoff₆, Standard Interest Payoff₇, Standard Interest Payoff₈); or
- Max (Standard Interest Payoff₆, Standard Interest Payoff₇, Standard Interest Payoff₈),

as specified in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Standard Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Interest Payoff₁ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₂ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₃ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₄ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₅ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₆ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₇ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₈ means the Standard Interest Payoff specified as such in the applicable Final Terms.

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Linked Interest Rate, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

12.2 Linked Interest Rate

The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Combination Minimum Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Min} \left[\text{Cap}; \text{Max} \left(\text{Floor}, \text{Min} \left(\text{Standard Interest Payoff}_1, \text{Standard Interest Payoff}_2 \right) \right) \right]$$

and expressed as a percentage.

Standard Payoff Conditions: Part A: Chapter 13: Combination Digital Basket Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Digital Basket Interest to be applicable.

*The following terms and conditions (the **Combination Digital Basket Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Digital Basket Interest (the **Combination Digital Basket Interest**) is applicable. These Combination Digital Basket Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Digital Basket Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

13 COMBINATION DIGITAL BASKET INTEREST

The Linked Interest Rate is calculated as either (A) if the Underlying Value_i is within the Underlying Value_i Range on each relevant Performance Observation Date, being the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) the result of Leverage multiplied by Linked Interest Rate calculated using Standard Interest Payoff₁ added to Margin or (B) otherwise, being the Fixed Rate. The Underlying Value_i reflects the price, level or rate of the Underlying_i or (if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Underlying_{ix} and the price, level or rate of the Underlying_{iy} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying_i (or, as applicable, the relevant Underlying_{ix} and Underlying_{iy}) will therefore affect which rate is used to calculate the Linked Interest Rate applicable to the Securities. You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Linked Interest Rate (and, if applicable, the Floor and/or the Cap) calculated using the relevant Standard Interest Payoff₁ used as a component for this Combination Payoff Condition.

Where, in relation to these Combination Digital Basket Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable, the Underlying Value may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

13.1 Definitions and Interpretation

For the purposes of these Combination Digital Basket Interest Payoff Conditions, the following terms shall have the following meanings:

Cap means:

- the percentage or number; or
- Min (Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄); or
- Max (Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄),

as specified in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Fixed Rate means the rate specified as such in the applicable Final Terms.

Floor means:

- the percentage or number; or

- Min (Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇); or
- Max (Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇),

as specified in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Period means, in respect of an Interest Accrual Period, the period from and including each date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first day of the relevant Interest Accrual Period to and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the last day of that Interest Accrual Period.

Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Lower Limit_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i (or, as applicable, the relevant Underlying_{ix} and Underlying_{iy}).

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Performance Observation Date means, with respect to an Interest Observation Period, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days immediately preceding the first or last day of such Interest Observation Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Range means in respect of each Underlying_i (or, as applicable, each Underlying_{ix} and Underlying_{iy}), any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms for such Underlying_i.

Range₁ means that on the relevant Performance Observation Date the relevant Underlying Value_i is greater than or equal to the Lower Limit_i and less than or equal to the Upper Limit_i.

Range₂ means that on the relevant Performance Observation Date the relevant Underlying Value_i is greater than the Lower Limit_i and less than the Upper Limit_i.

Range₃ means that on the relevant Performance Observation Date the relevant Underlying Value_i is greater than or equal to the Lower Limit_i and less than the Upper Limit_i.

Range₄ means that on the relevant Performance Observation Date the relevant Underlying Value_i is greater than the Lower Limit_i and less than or equal to the Upper Limit_i.

Range₅ means that on the relevant Performance Observation Date the relevant Underlying Value_i is less than the Lower Limit_i or greater than the Upper Limit_i.

Range₆ means that on the relevant Performance Observation Date the relevant Underlying Value_i is less than or equal to the Lower Limit_i or greater than or equal to the Upper Limit_i.

Standard Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Interest Payoff₁ means the Standard Interest Payoff₁ specified as such in the applicable Final Terms.

Standard Interest Payoff₂ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₃ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₄ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₅ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₆ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₇ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Underlying_i means an Underlying corresponding to an *i*, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an *i*, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an *i*, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to an Performance Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying_i which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying_i which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying_i which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying_i which is an Inflation Index, the Inflation Index Level;

- (e) in respect of an Underlying_i which is a FX Rate, the relevant rate of exchange; or
- (f) in respect of an Underlying_i which is an ETF, the ETF Closing Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (a) the Underlying Value of an Underlying_i; or
- (b) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

Underlying Value_i Range means the Range specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i (or, as applicable, the relevant Underlying_{ix} and Underlying_{iy}).

Upper Limit_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i (or, as applicable, the relevant Underlying_{ix} and Underlying_{iy}).

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Linked Interest Rate, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

13.2 Linked Interest Rate

The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Combination Digital Basket Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

- (a) if each Underlying Value_i is within the Underlying Value_i Range on each Performance Observation Date, be calculated as follows:

$$\text{Min} \left(\text{Cap}, \text{Max} \left(\text{Floor}, \text{Leverage} \times \text{Standard Interest Payoff}_1 + \text{Margin} \right) \right)$$

and expressed as a percentage.

- (b) otherwise, be equal to Fixed Rate.

13.3 Relevant Observation

Where, in relation to these Combination Digital Basket Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable, references in these Combination Digital Basket Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Combination Digital Basket Interest Payoff Condition 13.1 above) shall be deemed to be references to the applicable Relevant Observation. For the purposes of these Combination Digital Basket Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Combination Payoff Conditions: Part A: Chapter 14: Combination Payoff-Linked Digital Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Payoff-Linked Digital Interest to be applicable.

*The following terms and conditions (the **Combination Payoff-Linked Digital Interest Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Payoff-Linked Digital Interest (the **Combination Payoff-Linked Digital Interest**) is applicable. These Combination Payoff-Linked Digital Interest Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Payoff-Linked Digital Interest Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

14 COMBINATION PAYOFF-LINKED DIGITAL INTEREST

The Linked Interest Rate applicable to the Securities is calculated as either (a) if the Standard Interest Payoff₂ is within the Range, the Linked Interest Rate calculated using Standard Interest Payoff₁ or (b) otherwise, the Fixed Rate. The value of the Standard Interest Payoff₂, which may depend on the value of an Underlying, will therefore affect which rate is used to calculate the Linked Interest Rate applicable to the Securities. You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Linked Interest Rate calculated using the relevant Standard Interest Payoff used as a component for this Combination Payoff Condition.

14.1 Definitions and Interpretation

For the purposes of these Combination Payoff-Linked Digital Interest Payoff Conditions, the following terms shall have the following meanings:

Fixed Rate means the rate specified as such in the applicable Final Terms.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Date means, with respect to an Interest Accrual Period, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days immediately preceding the first or last day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Lower Limit means the percentage or number specified as such in the applicable Final Terms.

Range means any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms.

Range₁ means that on the relevant Interest Observation Date the Standard Interest Payoff₂ is greater than or equal to the Lower Limit and less than or equal to the Upper Limit.

Range₂ means that on the relevant Interest Observation Date the Standard Interest Payoff₂ is greater than the Lower Limit and less than the Upper Limit.

Range₃ means that on the relevant Interest Observation Date the Standard Interest Payoff₂ is greater than or equal to the Lower Limit and less than the Upper Limit.

Range₄ means that on the relevant Interest Observation Date the Standard Interest Payoff₂ is greater than the Lower Limit and less than or equal to the Upper Limit.

Range₅ means that on the relevant Interest Observation Date the Standard Interest Payoff₂ is less than the Lower Limit or greater than the Upper Limit.

Range₆ means that on the relevant Interest Observation Date the Standard Interest Payoff₂ is less than or equal to the Lower Limit or greater than or equal to the Upper Limit.

Standard Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Interest Payoff₁ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₂ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Upper Limit means the percentage or number specified as such in the applicable Final Terms.

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Linked Interest Rate, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

14.2 Linked Interest Rate

The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Combination Payoff-Linked Digital Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

- (a) if Standard Interest Payoff₂ is within the Range on the relevant Interest Observation Date, Standard Interest Payoff₁; or
- (b) otherwise, be equal to the Fixed Rate.

Combination Payoff Conditions: Part A: Chapter 15: Combination Ladder Ratchet Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Ladder Ratchet Interest to be applicable.

*The following terms and conditions (the **Combination Ladder Ratchet Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Ladder Ratchet Interest (the **Combination Ladder Ratchet Interest**) is applicable. These Combination Ladder Ratchet Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Ladder Ratchet Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

15 COMBINATION LADDER RATCHET INTEREST

The Linked Interest Rate applicable to the Securities is calculated as the lesser of (a) Cap (which may be an Interest Amount with respect to a preceding Interest Accrual Period) and (b) the greater of (i) the Floor (which may be an Interest Amount with respect to a preceding Interest Accrual Period) and (ii) Standard Interest Payoff. You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Linked Interest Rate (and, if applicable, the Floor and/or the Cap) calculated using the relevant Standard Interest Payoff used as a component for this Combination Payoff Condition.

15.1 Definitions and Interpretation

For the purposes of these Combination Ladder Ratchet Interest Payoff Conditions, the following terms shall have the following meanings:

Cap means:

- the percentage or number; or
- Min (Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄); or
- Max (Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄),

as specified in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Calculation Amount Factor has the meaning set out in General Condition 24 (*Definitions*).

First Interest Amount Percentage means the percentage specified as such in the applicable Final Terms.

Floor means:

- the percentage or number; or
- Min (Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇); or
- Max (Standard Interest Payoff₅, Standard Interest Payoff₆, Standard Interest Payoff₇),

as specified in the applicable Final Terms or, if Previous Interest Amount is specified as applicable in the applicable Final Terms, the applicable Previous Interest Amount. If Floor is specified as 'Not Applicable', the Floor shall be minus infinity.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Amount has the meaning set out in General Condition 24 (*Definitions*).

Interest Amount Percentage means:

- (a) if 'Specific Interest Accrual Period' is specified in the applicable Final Terms, with respect to a specified Interest Accrual Period, the Interest Amount with respect to the previous specific Interest Accrual Period as so specified in the applicable Final Terms;
- (b) if 'Previous Interest Accrual Period' is specified in the applicable Final Terms, with respect to an Interest Accrual Period, the Interest Amount with respect to the immediately preceding Interest Accrual Period;

in each case divided by the Day Count Fraction divided by (a) in the case of Securities represented by a Global Security, the aggregate outstanding nominal amount of the Securities and (b) in the case of each Security in definitive form, the product of the Calculation Amount and the Calculation Amount Factor, expressed as a percentage.

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Max}(X,Y)$ means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Min}(X,Y)$ means whichever is the lesser of component X and component Y.

Previous Interest Amount means (i) with respect to the first Interest Accrual Period, the First Interest Amount Percentage, and (ii) with respect to all other Interest Accrual Periods, the Interest Amount Percentage.

Standard Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Interest Payoff₁ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₂ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₃ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₄ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₅ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₆ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₇ means the Standard Interest Payoff specified as such in the applicable Final Terms.

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Redemption Payoff, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

15.2 Redemption Payoff

The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Combination Ladder Ratchet Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

$$\text{Min}(\text{Cap}, \text{Max}(\text{Floor}, \text{Standard Interest Payoff}_1))$$

and expressed as a percentage.

Combination Payoff Conditions: Part A: Chapter 16: Combination Rainbow Performance Interest

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Rainbow Performance Interest to be applicable.

*The following terms and conditions (the **Combination Rainbow Performance Interest Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Rainbow Performance Interest (the **Combination Rainbow Performance Interest**) is applicable. These Combination Rainbow Performance Interest Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Rainbow Performance Interest Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

16 COMBINATION RAINBOW PERFORMANCE INTEREST

The Linked Interest Rate applicable to the Securities is calculated as a) if the Rainbow Performance is within the applicable Range on each relevant Interest Observation Date, the greater of the Rainbow Performance and the Floor or (b) if the Rainbow Performance is not within the applicable Range on any relevant Interest Observation Date, the Standard Interest Payoff₁.

The Rainbow Performance is the sum of the performances of all Underlying_i (or, as applicable, each Underlying_{ix} and Underlying_{iy}), with each performance weighed in accordance with its rank (from best to worst). The performance for each Underlying_i (or, as applicable, each Underlying_{ix} and Underlying_{iy}), is expressed as either (a) the Underlying Value₁ on the Underlying Observation Date₁ divided by Underlying Value_i on the Underlying Observation Date₂, minus one.

Subject as provided below, Underlying Value_{2i} reflects a specified value or the Underlying Value_i on the Underlying Observation Date₂ and Underlying Value_{1i} reflects the Underlying Value_i on the Underlying Observation Date₁. Subject as provided below, the Underlying Value_i reflects the price, level or rate of the relevant Underlying_i or (if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the relevant Underlying_{ix} and the price, level or rate of the relevant Underlying_{iy} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of each Underlying_i (or, as applicable, each Underlying_{ix} and Underlying_{iy}) will therefore affect which rate is used to calculate the Linked Interest Rate applicable to the Securities. You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Linked Interest Rate (and, if applicable, the Floor) calculated using the relevant Standard Interest Payoff used as a component for this Combination Payoff Condition.

Where, in relation to these Combination Rainbow Performance Interest Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Underlying Value_{1i} and/or the Underlying Value_{2i}, the Underlying Value may for the purposes of determining the Underlying Value_{1i} and/or the Underlying Value_{2i}, as the case may be, be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

16.1 Definitions and Interpretation

For the purposes of these Combination Rainbow Performance Interest Payoff Conditions, the following terms shall have the following meanings:

Fixed Percentage means a percentage specified as such in the applicable Final Terms.

Floor means:

- the percentage or number; or
- Min (Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄); or
- Max (Standard Interest Payoff₂, Standard Interest Payoff₃, Standard Interest Payoff₄),

as specified in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Observation Date means Underlying Observation Date₁ or Underlying Observation Date₂.

Lower Limit means the percentage or number specified as such in the applicable Final Terms.

Max means the greatest of several amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

P(i) means the performance of Underlying Value_i between the Underlying Observation Date₂ and the Underlying Observation Date₁ calculated as:

$$\left(\frac{\text{Underlying Value}_{1i}}{\text{Underlying Value}_{2i}} - 1 \right)$$

Rainbow Performance means the result of the following formula expressed in percentage:

$$\text{Rainbow Performance} = \sum_{i=0}^n (\text{Weight}(i) * P(i)) - \text{Threshold}$$

Rank means the rank of each P(i) ranging from 1 for the highest (best) P(i) numerical value to the highest i number for the lowest (worst) P(i) value; for example, in the case of 5 Underlyings, the highest (best) rank is 1st and the lowest (worst) rank is 5th.

Range means any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms.

Range₁ means that on the relevant Interest Observation Date, the Rainbow Performance is greater than or equal to the Lower Limit and lower than or equal to the Upper Limit.

Range₂ means that on the relevant Interest Observation Date, the Rainbow Performance is greater than the Lower Limit and lower than the Upper Limit.

Range₃ means that on the relevant Interest Observation Date, the Rainbow Performance is greater than or equal to the Lower Limit and lower than the Upper Limit.

Range₄ means that on the relevant Interest Observation Date, the Rainbow Performance is greater than the Lower Limit and lower than or equal to the Upper Limit.

Range₅ means that on the relevant Interest Observation Date, the Rainbow Performance is lower than the Lower Limit or greater than the Upper Limit.

Range₆ means that on the relevant Interest Observation Date, the Rainbow Performance is lower than or equal to the Lower Limit or greater than or equal to the Upper Limit.

Standard Interest Payoff₁ means the Standard Interest Payoff₁ specified as such in the applicable Final Terms.

Standard Interest Payoff₂ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₃ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Standard Interest Payoff₄ means the Standard Interest Payoff specified as such in the applicable Final Terms.

Threshold means the percentage specified as such in the applicable Final Terms.

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_i means an Underlying corresponding to an *i*, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an *i*, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an *i*, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Observation Date₁ means, with respect to an Interest Accrual Period, each date specified as such in the applicable Final Terms or, alternatively, the date falling such number of Business Days immediately preceding the last day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Observation Date₂ means, with respect to an Interest Accrual Period, each date specified as such in the applicable Final Terms or, alternatively, the date falling such number of Business Days immediately preceding the first day of such Interest Accrual Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Value means, with respect to a Redemption Observation Date:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;

- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (a) the Underlying Value of an Underlying_i; or
- (b) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

Underlying Value_{1i} means, with respect to an Interest Accrual Period, the Underlying Value_i on the Underlying Observation Date₁ or, where Underlying Value_{1i} is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Underlying Value_i determined in accordance with Combination Rainbow Performance Interest Payoff Condition 16.3 below.

Underlying Value_{2i} means the level, percentage, number, price or amount specified in the applicable Final Terms or, if no such level, percentage, number, price or amount is specified, Underlying Value_i on the Underlying Observation Date₂.

Upper Limit means the percentage or number specified as such in the applicable Final Terms.

Weight(i) means, for each P(i), the relevant weight specified for the Rank of such P(i) in the applicable Final Terms.

16.2 Linked Interest Rate

The Linked Interest Rate applicable to an Interest Accrual Period for Securities for which Combination Rainbow Performance Interest is applicable in respect of such Interest Accrual Period shall be calculated as follows:

- (i) If the Rainbow Performance is within the Range on each Interest Observation Date: Max [Floor; Rainbow Performance]

- (ii) Otherwise: Standard Interest Payoff₁
and expressed as a percentage.

16.3 Relevant Observation

Where, in relation to these Combination Rainbow Performance Interest Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable, references in these Combination Rainbow Performance Interest Payoff Conditions to 'Underlying Value' (save for the definition of such term in Combination Rainbow Performance Interest Payoff Condition 16.1 above) shall be deemed to be references to the applicable Relevant Observation. For the purposes of these Combination Rainbow Performance Interest Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Combination Payoff Conditions: Part B: Chapter 1: Combination Addition Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Addition Redemption to be applicable.

*The following terms and conditions (the **Combination Addition Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Addition Redemption (the **Combination Addition Redemption**) is applicable. These Combination Addition Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Addition Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

1 COMBINATION ADDITION REDEMPTION

The Redemption Payoff applicable to the Securities is calculated as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) the result of adding together the Redemption Payoff calculated using Standard Redemption Payoff₁ and the Redemption Payoff calculated using Standard Redemption Payoff₂. You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Redemption Payoff (and, if applicable, the Floor and/or the Cap) calculated using the relevant Standard Redemption Payoff used as a component for this Combination Payoff Condition.

1.1 Definitions and Interpretation

For the purposes of these Combination Addition Redemption Payoff Conditions, the following terms shall have the following meanings:

Cap means the percentage or number specified as such in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Cap means:

- the percentage or number; or
- Min (Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅); or
- Max (Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅),

as specified in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means:

- the percentage or number; or
- Min (Standard Redemption Payoff₆, Standard Redemption Payoff₇, Standard Redemption Payoff₈); or
- Max (Standard Redemption Payoff₆, Standard Redemption Payoff₇, Standard Redemption Payoff₈),

as specified in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption Payoff₁ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₂ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₃ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₄ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₅ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₆ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₇ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₈ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Redemption Payoff, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

1.2 Redemption Payoff

The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Combination Addition Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Min}[\text{Cap}; \text{Max}(\text{Floor}, \text{Standard Redemption Payoff}_{f_1} + \text{Standard Redemption Payoff}_{f_2})]$$

and expressed as a percentage.

Combination Payoff Conditions: Part B: Chapter 2: Combination Capitalisation Redemption

This chapter sets out additional terms and conditions Securities for which the applicable Final Terms specify Combination Capitalisation Redemption to be applicable.

*The following terms and conditions (the **Combination Capitalisation Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Capitalisation Redemption (the **Combination Capitalisation Redemption**) is applicable. These Combination Capitalisation Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Capitalisation Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

2 COMBINATION CAPITALISATION REDEMPTION

The Redemption Payoff applicable to the Securities is calculated on the Redemption Determination Date as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) the Alternative Redemption multiplied by the result of Leverage multiplied by the Redemption Payoff calculated using Standard Redemption Payoff₁ added to 1. You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Redemption Payoff (and, if applicable, the Floor and/or the Cap) calculated using the relevant Standard Redemption Payoff₁ used as a component for this Combination Payoff Condition.

2.1 Definitions and Interpretation

For the purposes of these Combination Capitalisation Redemption Payoff Conditions, the following terms shall have the following meanings:

Alternative Redemption means:

- (1) with respect to Securities, other than Instalment Securities, the Redemption Payoff determined in accordance with Standard Redemption Payoff₁ on the Redemption Determination Date;
- (2) with respect to Instalment Securities:
 - (a) if 'Specific Redemption Determination Date' is specified in the applicable Final Terms, with respect to a specified Redemption Determination Date, the Redemption Payoff determined in accordance with Standard Redemption Payoff₁ with respect to the previous specific Redemption Determination Date as so specified in the applicable Final terms; or
 - (b) if 'Previous Redemption Determination Date' is specified in the applicable Final Terms, with respect to a Redemption Determination Date, the Redemption Payoff determined in accordance with Standard Redemption Payoff₁ with respect to the immediately preceding Redemption Determination Date;
 - (c) with respect to the first Redemption Determination Date, the First Redemption Amount.

Cap means:

- the percentage or number; or
- $\text{Min} (\text{Standard Redemption Payoff}_2, \text{Standard Redemption Payoff}_3, \text{Standard Redemption Payoff}_4)$; or
- $\text{Max} (\text{Standard Redemption Payoff}_2, \text{Standard Redemption Payoff}_3, \text{Standard Redemption Payoff}_4)$,

as specified in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

First Redemption Amount means the percentage specified in the applicable Final Terms.

Floor means:

- the percentage or number; or
- Min (Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇); or
- Max (Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇),

as specified in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption Payoff₁ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₂ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₃ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₄ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₅ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₆ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₇ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Redemption Payoff, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

2.2 Redemption Payoff

The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Combination Capitalisation Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Min}[Cap; \text{Max}(\text{Floor}, \text{Alternative Redemption} \times (1 + \text{Leverage} \times \text{Standard Redemption Payoff}_1))]$$

and expressed as a percentage.

Combination Payoff Conditions: Part B: Chapter 3: Combination Digital Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Digital Redemption to be applicable.

*The following terms and conditions (the **Combination Digital Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Digital Redemption (the **Combination Digital Redemption**) is applicable. These Combination Digital Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Digital Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

3 COMBINATION DIGITAL REDEMPTION

The Redemption Payoff applicable to the Securities is calculated as either (a) if the Underlying Value_{xy} is within the relevant Range on each relevant Redemption Observation Date, the Redemption Payoff calculated using the relevant Standard Redemption Payoff or (b) otherwise, the Redemption Payoff calculated using Standard Redemption Payoff⁷. The value of the Underlying (or, as applicable, the relevant Underlying_x and Underlying_y) will therefore affect which Standard Payoff Condition is used to calculate the Redemption Payoff applicable to the Securities. You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Redemption Payoff calculated using the relevant Standard Redemption Payoff used as a component for this Combination Payoff Condition.

Where, in relation to these Combination Digital Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable, the Underlying Value may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

3.1 Definitions and Interpretation

For the purposes of these Combination Digital Redemption Payoff Conditions, the following terms shall have the following meanings:

Commencement Date means the Issue Date or such other date falling prior to the Issue Date and specified as such in the applicable Final Terms.

Early Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Early Redemption Date has the meaning set out in General Condition 24 (*Definitions*).

Instalment Date means each date specified as such in the applicable Final Terms.

Issue Date has the meaning set out in General Condition 24 (*Definitions*).

Lower Limit means the percentage or number specified as such in the applicable Final Terms.

Range_A, Range_B, Range_C, Range_D, Range_E and Range_F means any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms.

Range₁ means that on the relevant Redemption Observation Date the Underlying Value_{xy} is greater than or equal to the Lower Limit and less than or equal to the Upper Limit.

Range₂ means that on the relevant Redemption Observation Date the Underlying Value_{xy} is greater than the Lower Limit and less than the Upper Limit.

Range₃ means that on the relevant Redemption Observation Date the Underlying Value_{xy} is greater than or equal to the Lower Limit and less than the Upper Limit.

Range₄ means that on the relevant Redemption Observation Date the Underlying Value_{xy} is greater than the Lower Limit and less than or equal to the Upper Limit.

Range₅ means that on the relevant Redemption Observation Date the Underlying Value_{xy} is less than the Lower Limit or greater than the Upper Limit.

Range₆ means that on the relevant Redemption Observation Date the Underlying Value_{xy} is less than or equal to the Lower Limit or greater than or equal to the Upper Limit.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Redemption Observation Date means, with respect to a Redemption Observation Period, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days immediately preceding the first or last day of such Redemption Observation Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Redemption Observation Period means:

- (a) with respect to Securities, other than Instalment Securities or for the purposes of calculating an Early Redemption Amount, the period specified as the Redemption Observation Period in the applicable Final Terms; or
- (b) with respect to Instalment Securities, the period from and including the Commencement Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first Instalment Date and each successive period beginning on and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding an Instalment Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the following Instalment Date; or
- (c) for the purposes of calculating an Early Redemption Amount, the period from and including the Commencement Date to and including the date falling such number of Business Days as specified in the applicable Final Terms prior to the Early Redemption Date.

Standard Redemption Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption Payoff₁ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₂ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₃ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₄ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₅ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₆ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₇ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_x means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_y means any Underlying specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Redemption Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_{xy} means:

- (a) the Underlying Value of the Underlying; or
- (b) if a combination of an Underlying_x and an Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the algebraical difference between the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the product of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or

- the quotient of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y.

Upper Limit means the percentage or number specified as such in the applicable Final Terms.

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Redemption Payoff, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

3.2 Redemption Payoff

The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Combination Digital Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

- (a) if Underlying Value_{xy} is within Range_A on each Redemption Observation Date, Standard Redemption Payoff₁; or
- (b) if Underlying Value_{xy} is within the Range_B on each Redemption Observation Date, Standard Redemption Payoff₂; or
- (c) if Underlying Value_{xy} is within the Range_C on each Redemption Observation Date, Standard Redemption Payoff₃; or
- (d) if Underlying Value_{xy} is within the Range_D on each Redemption Observation Date, Standard Redemption Payoff₄; or
- (e) if Underlying Value_{xy} is within the Range_E on each Redemption Observation Date, Standard Redemption Payoff₅; or
- (f) if Underlying Value_{xy} is within the Range_F on each Redemption Observation Date, Standard Redemption Payoff₆; or
- (g) otherwise, Standard Redemption Payoff₇.

3.3 Relevant Observation

Where, in relation to these Combination Digital Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable, references in these Combination Digital Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Combination Digital Redemption Payoff Condition 3.1 above) shall be deemed to be references to the applicable Relevant Observation. For the purposes of these Combination Digital Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;

- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Combination Payoff Conditions: Part B: Chapter 4: Combination Division Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Division Redemption to be applicable.

*The following terms and conditions (the **Combination Division Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Division Redemption (the **Combination Division Redemption**) is applicable. These Combination Division Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Division Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

4 COMBINATION DIVISION REDEMPTION

The Redemption Payoff applicable to the Securities is calculated on the Redemption Determination Date as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Redemption Payoff calculated using Standard Redemption Payoff₁ divided by the Redemption Payoff calculated using Standard Redemption Payoff₂. You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Redemption Payoff (and, if applicable, the Floor and/or the Cap) calculated using the relevant Standard Redemption Payoff used as a component for this Combination Payoff Condition.

4.1 Definitions and Interpretation

For the purposes of these Combination Division Redemption Payoff Conditions, the following terms shall have the following meanings:

Cap means:

- the percentage or number; or
- Min (Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅); or
- Max (Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅),

as specified in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means:

- the percentage or number; or
- Min (Standard Redemption Payoff₆, Standard Redemption Payoff₇, Standard Redemption Payoff₈); or
- Max (Standard Redemption Payoff₆, Standard Redemption Payoff₇, Standard Redemption Payoff₈),

as specified in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption Payoff₁ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₂ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₃ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₄ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₅ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₆ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₇ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₈ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Redemption Payoff, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

4.2 Redemption Payoff

The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Combination Division Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Min} \left[\text{Cap}; \text{Max} \left(\text{Floor}, \left(\frac{\text{Standard Redemption Payoff}_1}{\text{Standard Redemption Payoff}_2} \right) \right) \right]$$

and expressed as a percentage.

Combination Payoff Conditions: Part B: Chapter 5: Combination Multiplication Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Multiplication Redemption to be applicable.

*The following terms and conditions (the **Combination Multiplication Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Multiplication Redemption (the **Combination Multiplication Redemption**) is applicable. These Combination Multiplication Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Multiplication Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

5 COMBINATION MULTIPLICATION REDEMPTION

The Redemption Payoff applicable to the Securities is calculated as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Redemption Payoff calculated using Standard Redemption Payoff₁ multiplied by the Redemption Payoff calculated using Standard Redemption Payoff₂. You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Redemption Payoff (and, if applicable, the Floor and/or the Cap) calculated using the relevant Standard Redemption Payoff used as a component for this Combination Payoff Condition.

5.1 Definitions and Interpretation

For the purposes of these Combination Multiplication Redemption Payoff Conditions, the following terms shall have the following meanings:

Cap means:

- the percentage or number; or
- Min (Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅); or
- Max (Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅),

as specified in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means:

- the percentage or number; or
- Min (Standard Redemption Payoff₆, Standard Redemption Payoff₇, Standard Redemption Payoff₈); or
- Max (Standard Redemption Payoff₆, Standard Redemption Payoff₇, Standard Redemption Payoff₈),

as specified in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption Payoff₁ means the Standard Redemption Payoff, specified as such in the applicable Final Terms.

Standard Redemption Payoff₂ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₃ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₄ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₅ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₆ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₇ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₈ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Redemption Payoff, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

5.2 Redemption Payoff

The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Combination Multiplication Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Min} [\text{Cap}; \text{Max}(\text{Floor}, (\text{Standard Redemption Payoff}_1 \times \text{Standard Redemption Payoff}_2))]]$$

and expressed as a percentage.

Combination Payoff Conditions: Part B: Chapter 6: Combination Ratchet Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Ratchet Redemption to be applicable.

*The following terms and conditions (the **Combination Ratchet Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Ratchet Redemption (the **Combination Ratchet Redemption**) is applicable. These Combination Ratchet Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Ratchet Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

6 COMBINATION RATCHET REDEMPTION

The Redemption Payoff applicable to the Securities is calculated on the Redemption Determination Date as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) Alternative Redemption added to the result of Leverage multiplied by the Redemption Payoff calculated using Standard Redemption Payoff₁. You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Redemption Payoff (and, if applicable, the Floor and/or the Cap) calculated using the relevant Standard Redemption Payoff used as a component for this Combination Payoff Condition.

6.1 Definitions and Interpretation

For the purposes of these Combination Ratchet Redemption Payoff Conditions, the following terms shall have the following meanings:

Alternative Redemption means:

- (1) with respect to Securities, other than Instalment Securities, the Redemption Payoff determined in accordance with Standard Redemption Payoff₁ on the Redemption Determination Date;
- (2) with respect to Instalment Securities:
 - (a) if 'Specific Redemption Determination Date' is specified in the applicable Final Terms, with respect to a specified Redemption Determination Date, the Redemption Payoff determined in accordance with Standard Redemption Payoff₁ with respect to the previous specific Redemption Determination Date as so specified in the applicable Final terms;
 - (b) if 'Previous Redemption Determination Date' is specified in the applicable Final Terms, with respect to a Redemption Determination Date, the Redemption Payoff determined in accordance with Standard Redemption Payoff₁ with respect to the immediately preceding Redemption Determination Date; or
 - (c) with respect to the first Redemption Determination Date in the case of Instalment Securities, the First Redemption Amount.

Cap means:

- the percentage or number; or
- Min (Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄); or

- Max (Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄),

as specified in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

First Redemption Amount means the amount or percentage specified as such in the applicable Final Terms.

Floor means:

- the percentage or number; or
- Min (Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇); or
- Max (Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇),

as specified in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption Payoff₁ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₂ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₃ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₄ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₅ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₆ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₇ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Redemption Payoff, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

6.2 Redemption Payoff

The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Combination Ratchet Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

Min(Cap, Max(Floor, Alternative Redemption + Leverage × Standard Redemption Payoff1))

and expressed as a percentage.

Combination Payoff Conditions: Part B: Chapter 7: Combination Range Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Range Redemption to be applicable.

*The following terms and conditions (the Combination Range Redemption Payoff Conditions) shall apply to the Securities if the applicable Final Terms indicate that Combination Range Redemption (the **Combination Range Redemption**) is applicable. These Combination Range Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Range Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

7 COMBINATION RANGE REDEMPTION

The Redemption Payoff applicable to the Securities is calculated as the Redemption Payoff calculated using Standard Redemption Payoff_i multiplied by the Accrual Factor. The Accrual Factor is calculated as the number of Range Accrual Days during the relevant Redemption Observation Period on which each Underlying Value_i is within the relevant Range divided by the total number of Range Accrual Days in the relevant Redemption Observation Period. The value of the Underlying will therefore affect the Accrual Factor, which is used as a component of the formula used to calculate the Redemption Payoff. You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Redemption Payoff calculated using the relevant Standard Redemption Payoff_i used as a component for this Combination Payoff Condition.

Where, in relation to these Combination Range Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable, the Underlying Value may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

7.1 Definitions and Interpretation

For the purposes of these Combination Range Redemption Payoff Conditions, the following terms shall have the following meanings:

Accrual Factor means, with respect to a Redemption Observation Period, the number of Range Accrual Days in the relevant Redemption Observation Period in respect of which each Underlying Value_i was within the Underlying Value_i Range, divided by the total number of Range Accrual Days in such Redemption Observation Period, in each case as determined by the Calculation Agent. For the purposes hereof, (and where Range Accrual Days are expressed in the applicable Final Terms as falling on calendar days which may not be Business Days) the Underlying Value in respect of any Range Accrual Day which is not a Business Day shall be deemed to be the Underlying Value in respect of either the immediately preceding or the immediately following Business Day, as specified in the applicable Final Terms.

Commencement Date means the Issue Date or such other date falling prior to the Issue Date and specified as such in the applicable Final Terms.

Early Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Early Redemption Date has the meaning set out in General Condition 24 (*Definitions*).

Instalment Date means each date specified as such in the applicable Final Terms.

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Issue Date has the meaning set out in General Condition 24 (*Definitions*).

Lower Limit_i means the percentage or number specified as such in the applicable Final Terms and corresponding to an Underlying_i (or, as applicable, an Underlying_{ix} and an Underlying_{iy})

Range means in respect of each Underlying_i (or, as applicable, each Underlying_{ix} and Underlying_{iy}), any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms for such Underlying_i (or, as applicable, the relevant Underlying_{ix} and Underlying_{iy}).

Range₁ means that on the relevant Range Accrual Day the Underlying Value_i is greater than or equal to the Lower Limit_i and lower than or equal to the Upper Limit_i.

Range₂ means that on the relevant Range Accrual Day the Underlying Value_i is greater than the Lower Limit_i and lower than the Upper Limit_i.

Range₃ means that on the relevant Range Accrual Day the Underlying Value_i is greater than or equal to the Lower Limit_i and lower than the Upper Limit_i.

Range₄ means that on the relevant Range Accrual Day the Underlying Value_i is greater than the Lower Limit_i and lower than or equal to the Upper Limit_i.

Range₅ means that on the relevant Range Accrual Day the Underlying Value_i is lower than the Lower Limit_i or greater than the Upper Limit_i.

Range₆ means that on the relevant Range Accrual Day the Underlying Value_i is lower than or equal to the Lower Limit_i or greater than or equal to the Upper Limit_i.

Range Accrual Day means, with respect to a Redemption Observation Period, each date specified as a Range Accrual Day in the applicable Final Terms, which may be each Business Day, each calendar day, each calendar day or Business Day within a week, each calendar day or Business Day within a month, or any other day, falling within such Redemption Observation Period. Each Range Accrual Day shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Redemption Observation Period means:

- (a) with respect to Securities, other than Instalment Securities or for the purposes of calculating an Early Redemption Amount, the period specified as the Redemption Observation Period in the applicable Final Terms; or
- (b) with respect to Instalment Securities, the period from and including the Commencement Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first Instalment Date and each successive period beginning on and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding an Instalment Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the following Instalment Date; or
- (c) for the purposes of calculating an Early Redemption Amount, the period from and including the Commencement Date to and including the date falling such number of Business Days as specified in the applicable Final Terms prior to the Early Redemption Date.

Redemption Observation Period Cut-Off Date means the date as specified in the applicable Final Terms.

Standard Redemption Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption Payoff₁ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_i means an Underlying corresponding to an *i*, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an *i*, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an *i*, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Range Accrual Day or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price,

provided that if a Redemption Observation Period Cut-Off Date is specified as applicable in the applicable Final Terms, the Underlying Value in respect of any Range Accrual Day falling on or after the Redemption Observation Period Cut-Off Date shall be deemed to be the Underlying Value in respect of the Range Accrual Day falling on such Redemption Observation Period Cut-Off Date.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (a) the Underlying Value of an Underlying_i; or
- (b) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same *i*:

- the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
- the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
- the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
- the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

Underlying Value_i Range means the Range specified as such in the applicable Final Terms and corresponding to an Underlying_i.

Upper Limit_i means the percentage or number specified as such in the applicable Final Terms and corresponding to an Underlying_i.

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Redemption Payoff, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

7.2 Redemption Payoff

The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Combination Range Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Standard Redemption Payoff}_1 \times \text{Accrual Factor}$$

and expressed as a percentage.

7.3 Relevant Observation

Where, in relation to these Combination Range Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable, references in these Combination Range Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Combination Range Redemption Payoff Condition 7.1 above) shall be deemed to be references to the applicable Relevant Observation. For the purposes of these Combination Range Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;

- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Combination Payoff Conditions: Part B: Chapter 8: Combination Resettable Range Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Resettable Range Redemption to be applicable.

*The following terms and conditions (the **Combination Resettable Range Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Resettable Range Redemption (the **Combination Resettable Range Redemption**) is applicable. These Combination Resettable Range Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Resettable Range Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

8 COMBINATION RESETTABLE RANGE REDEMPTION

The Redemption Payoff applicable to the Securities is calculated on the Redemption Determination Date as the Redemption Payoff calculated using Standard Redemption Payoff₁ multiplied by the Accrual Factor. The Accrual Factor is calculated as the number of Range Accrual Days during the relevant Redemption Observation Period on which the Underlying Value_{xy} is within the relevant Resettable Range divided by the total number of Range Accrual Days in the relevant Redemption Observation Period. The lower level used for the Resettable Range is calculated by subtracting Margin from a specified value or Underlying Value_{xy} at the relevant time and the upper level used for the Resettable Range is calculated by adding Margin to a specified value or the Underlying Value_{xy} at the relevant. The value of the Underlying (or, as applicable, the relevant Underlying_x and Underlying_y) will therefore affect the Redemption Payoff since the value of the Underlying (or, as applicable, the relevant Underlying_x and Underlying_y) (i) affects the way that the limits of the Resettable Range used in the Accrual Factor are calculated and (ii) the value of the Accrual Factor which is used as a component in the formula used to calculate the Redemption Payoff. You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Redemption Payoff calculated using the relevant Standard Redemption Payoff₁ used as a component for this Combination Payoff Condition.

Where, in relation to these Combination Resettable Range Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Initial Underlying Value and/or the Underlying Value_{xy}, the Underlying Value may for the purposes of determining the Initial Underlying Value and/or the Underlying Value_{xy} be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

8.1 Definitions and Interpretation

For the purposes of these Combination Resettable Range Redemption Payoff Conditions, the following terms shall have the following meanings:

Accrual Factor means, with respect to a Redemption Observation Period, the number of Range Accrual Days in the relevant Redemption Observation Period in respect of which the Underlying Value_{xy} was within the relevant Resettable Range, divided by the total number of Range Accrual Days in such Redemption Observation Period, in each case as determined by the Calculation Agent. For the purposes hereof, (and where Range Accrual Days are expressed in the applicable Final Terms as falling on calendar days which may not be Business Days) the Underlying Value_{xy} in respect of any Range Accrual Day which is not a Business Day shall be deemed to be the Underlying Value_{xy} in respect of

either the immediately preceding or the immediately following Business Day, as specified in the applicable Final Terms.

Commencement Date means the Issue Date or such other date falling prior to the Issue Date and specified as such in the applicable Final Terms.

Early Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Early Redemption Date has the meaning set out in General Condition 24 (*Definitions*).

Initial Underlying Value means the level, percentage, number, price or amount specified in the applicable Final Terms or, where Initial Underlying Value is specified in the applicable Final Terms as being determined by reference to a Relevant Observation, the Underlying Value_{xy} determined in accordance with Combination Resettable Range Redemption Payoff Condition 8.3 below.

Instalment Date means each date specified as such in the applicable Final Terms.

Issue Date has the meaning set out in General Condition 24 (*Definitions*).

Lower Resettable Range Accrual Level means:

(Initial Underlying Value – Margin)

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Range Accrual Day means, with respect to a Redemption Observation Period, each date specified as a Range Accrual Day in the applicable Final Terms, which may be each Business Day, each calendar day, each calendar day or Business Day within a week, each calendar day or Business Day within a month, or any other day, falling within such Redemption Observation Period. Each Range Accrual Day shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Redemption Observation Period means:

- (a) with respect to Securities, other than Instalment Securities or for the purposes of calculating an Early Redemption Amount, the period specified as the Redemption Observation Period in the applicable Final Terms; or
- (b) with respect to Instalment Securities, the period from and including the Commencement Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first Instalment Date and each successive period beginning on and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding an Instalment Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the following Instalment Date; or
- (c) for the purposes of calculating an Early Redemption Amount, the period from and including the Commencement Date to and including the date falling such number of Business Days as specified in the applicable Final Terms prior to the Early Redemption Date.

Redemption Observation Period Cut-Off Date means the date as specified in the applicable Final Terms.

Resettable Range means any one (only) of Resettable Range₁, Resettable Range₂, Resettable Range₃, Resettable Range₄, Resettable Range₅ or Resettable Range₆ as specified in the applicable Final Terms.

Resettable Range₁ means that on the relevant Range Accrual Day the Underlying Value_{xy} is greater than or equal to the Lower Resettable Range Accrual Level and less than or equal to the Upper Resettable Range Accrual Level.

Resettable Range₂ means that on the relevant Range Accrual Day the Underlying Value_{xy} is greater than the Lower Resettable Range Accrual Level and less than the Upper Resettable Range Accrual Level.

Resettable Range₃ means that on the relevant Range Accrual Day the Underlying Value_{xy} is greater than or equal to the Lower Resettable Range Accrual Level and less than the Upper Resettable Range Accrual Level.

Resettable Range₄ means that on the relevant Range Accrual Day the Underlying Value_{xy} is greater than the Lower Resettable Range Accrual Level and less than or equal to the Upper Resettable Range Accrual Level.

Resettable Range₅ means that on the relevant Range Accrual Day the Underlying Value_{xy} is less than the Lower Resettable Range Accrual Level or greater than the Upper Resettable Range Accrual Level.

Resettable Range₆ means that on the relevant Range Accrual Day the Underlying Value_{xy} is less than or equal to the Lower Resettable Range Accrual Level or greater than or equal to the Upper Resettable Range Accrual Level.

Standard Redemption Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption Payoff₁ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_x means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_y means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms, if applicable. For the avoidance of doubt, Underlying_x and Underlying_y together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Range Accrual Day or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;

- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price,

provided that if a Redemption Observation Period Cut-Off Date is specified as applicable in the applicable Final Terms, the Underlying Value in respect of any Range Accrual Day falling on or after the Redemption Observation Period Cut-Off Date shall be deemed to be the Underlying Value in respect of the Range Accrual Day falling on such Redemption Observation Period Cut-Off Date.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_{xy} means:

- (a) the Underlying Value of the Underlying; or
- (b) if a combination of an Underlying_x and an Underlying_y is specified in the applicable Final Terms:
 - the sum of the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the algebraical difference between the Underlying Value of such Underlying_x and the Underlying Value of such Underlying_y, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the product of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y; or
 - the quotient of the Underlying Value of such Underlying_x by the Underlying Value of such Underlying_y, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_x and Underlying_y.

Upper Resettable Range Accrual Level means:

(Initial Underlying Value + Margin)

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Redemption Payoff, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

8.2 Redemption Payoff

The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Combination Resettable Range Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Standard Redemption Payoff}_i \times \text{Accrual Factor}$$

and expressed as a percentage.

8.3 Relevant Observation

Where, in relation to these Combination Resettable Range Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of the Initial Underlying Value and/or the Underlying Value_{xy}, references in these Combination Resettable Range Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Combination Resettable Range Redemption Payoff Condition 8.1 above) shall, for the purposes of determining the Initial Underlying Value and/or the Underlying Value_{xy}, be deemed to be references to the applicable Relevant Observation. For the purposes of these Combination Resettable Range Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Combination Payoff Conditions: Part B: Chapter 9: Combination Snowrange Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Snowrange Redemption to be applicable.

*The following terms and conditions (the **Combination Snowrange Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Snowrange Redemption (the **Combination Snowrange Redemption**) is applicable. These Combination Snowrange Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Snowrange Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

9 COMBINATION SNOWRANGE REDEMPTION

The Redemption Payoff applicable to the Securities is calculated as the Redemption Payoff calculated using the Alternative Redemption or the First Redemption Amount, as applicable, multiplied by the Accrual Factor. The Accrual Factor is calculated as the number of Range Accrual Days during the relevant Redemption Observation Period on which each Underlying Value_i is within the relevant Range divided by the total number of Range Accrual Days in the relevant Redemption Observation Period. The value of the Underlying will therefore affect the value of the Accrual Factor, which is used as a component of the formula used to calculate the Redemption Payoff. You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Redemption Payoff calculated using the Standard Redemption Payoff₁ used as a component for this Combination Payoff Condition.

Where, in relation to these Combination Snowrange Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable, the Underlying Value may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

9.1 Definitions and Interpretation

For the purposes of these Combination Snowrange Redemption Payoff Conditions, the following terms shall have the following meanings:

Accrual Factor means, with respect to a Redemption Observation Period, the number of Range Accrual Days in the relevant Redemption Observation Period in respect of which each Underlying Value_i was within the Underlying Value_i Range, divided by the total number of Range Accrual Days in such Redemption Observation Period, in each case as determined by the Calculation Agent. For the purposes hereof, (and where Range Accrual Days are expressed in the applicable Final Terms as falling on calendar days which may not be Business Days) the Underlying Value in respect of any Range Accrual Day which is not a Business Day shall be deemed to be the Underlying Value in respect of either the immediately preceding or the immediately following Business Day, as specified in the applicable Final Terms.

Alternative Redemption means:

- (1) with respect to Securities, other than Instalment Securities, the Redemption Payoff determined in accordance with Standard Redemption Payoff₁ on the Alternative Redemption Date;

- (2) with respect to Instalment Securities:
- (a) if 'Specific Redemption Determination Date' is specified in the applicable Final Terms, with respect to a specified Redemption Determination Date, the Redemption Payoff determined in accordance with Standard Redemption Payoff_i with respect to the previous specific Redemption Determination Date as so specified in the applicable Final terms; or
 - (b) if 'Previous Redemption Determination Date' is specified in the applicable Final Terms, with respect to a Redemption Determination Date, the Redemption Payoff determined in accordance with Standard Redemption Payoff_i with respect to the immediately preceding Redemption Determination Date;
 - (c) with respect to the first Redemption Determination Date in the case of Instalment Securities, the First Redemption Amount.

Alternative Redemption Date means the date falling such number of Business Days immediately preceding the relevant Redemption Determination Date, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Commencement Date means the Issue Date or such other date falling prior to the Issue Date and specified as such in the applicable Final Terms.

Early Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Early Redemption Date has the meaning set out in General Condition 24 (*Definitions*).

First Redemption Amount means the percentage specified as such in the applicable Final Terms.

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Instalment Date means each date specified as such in the applicable Final Terms.

Issue Date has the meaning set out in General Condition 24 (*Definitions*).

Lower Limit_i means the percentage or number specified as such in the applicable Final Terms and corresponding to an Underlying_i (or, as applicable, an Underlying_{ix} and an Underlying_{iy}).

Range means in respect of each Underlying_i (or, as applicable, each Underlying_{ix} and Underlying_{iy}), any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms for such Underlying_i (or, as applicable, such Underlying_{ix} and Underlying_{iy}).

Range₁ means that on the relevant Range Accrual Day the Underlying Value_i is greater than or equal to the Lower Limit_i and lower than or equal to the Upper Limit_i.

Range₂ means that on the relevant Range Accrual Day the Underlying Value_i is greater than the Lower Limit_i and lower than the Upper Limit_i.

Range₃ means that on the relevant Range Accrual Day the Underlying Value_i is greater than or equal to the Lower Limit_i and lower than the Upper Limit_i.

Range₄ means that on the relevant Range Accrual Day the Underlying Value_i is greater than the Lower Limit_i and lower than or equal to the Upper Limit_i.

Range₅ means that on the relevant Range Accrual Day the Underlying Value_i is lower than the Lower Limit_i or greater than the Upper Limit_i.

Range₆ means that on the relevant Range Accrual Day the Underlying Value_i is lower than or equal to the Lower Limit_i or greater than or equal to the Upper Limit_i.

Range Accrual Day means, with respect to a Redemption Observation Period, each date specified as a Range Accrual Day in the applicable Final Terms, which may be each Business Day, each calendar day, each calendar day or Business Day within a week, each calendar day or Business Day within a month, or any other day, falling within such Redemption Observation Period. Each Range Accrual Day shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Redemption Observation Period means:

- (a) with respect to Securities, other than Instalment Securities or for the purposes of calculating an Early Redemption Amount, the period specified as the Redemption Observation Period in the applicable Final Terms; or
- (b) with respect to Instalment Securities, the period from and including the Commencement Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first Instalment Date and each successive period beginning on and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding an Instalment Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the following Instalment Date; or
- (c) for the purposes of calculating an Early Redemption Amount, the period from and including the Commencement Date to and including the date falling such number of Business Days as specified in the applicable Final Terms prior to the Early Redemption Date.

Redemption Observation Period Cut-Off Date means the date as specified in the applicable Final Terms.

Standard Redemption Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption Payoff₁ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_i means an Underlying corresponding to an *i*, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an *i*, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an *i*, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Range Accrual Day or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price,

provided that if a Redemption Observation Period Cut-Off Date is specified as applicable in the applicable Final Terms, the Underlying Value in respect of any Range Accrual Day falling on or after the Redemption Observation Period Cut-Off Date shall be deemed to be the Underlying Value in respect of the Range Accrual Day falling on such Redemption Observation Period Cut-Off Date.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (g) the Underlying Value of an Underlying_i; or
- (h) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

Underlying Value_i Range means the Range specified as such in the applicable Final Terms and corresponding to an Underlying_i (or, as applicable, an Underlying_{ix} and an Underlying_{iy}).

Upper Limit_i means the percentage or number specified as such in the applicable Final Terms and corresponding to an Underlying_i (or, as applicable, an Underlying_{ix} and an Underlying_{iy}).

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Redemption Payoff, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

9.2 Redemption Payoff

The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Combination Snowrange Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Alternative Redemption} \times \text{Accrual Factor}$$

and expressed as a percentage.

9.3 Relevant Observation

Where, in relation to these Combination Snowrange Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable, references in these Combination Snowrange Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Combination Snowrange Redemption Payoff Condition 9.1 above) shall be deemed to be references to the applicable Relevant Observation. For the purposes of these Combination Snowrange Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Combination Payoff Conditions: Part B: Chapter 10: Combination Subtract Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Subtract Redemption to be applicable.

*The following terms and conditions (the **Combination Subtract Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Subtract Redemption (the **Combination Subtract Redemption**) is applicable. These Combination Subtract Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Subtract Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

10 COMBINATION SUBTRACT REDEMPTION

The Redemption Payoff applicable to the Securities is calculated on the Redemption Determination Date as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) the product of (1) the Leverage and (2) the Redemption Payoff calculated using Standard Redemption Payoff₂ subtracted from the Redemption Payoff calculated using Standard Redemption Payoff₁. You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Redemption Payoff (and, if applicable, the Floor and/or the Cap) calculated using the relevant Standard Redemption Payoff used as a component for this Combination Payoff Condition.

10.1 Definitions and Interpretation

For the purposes of these Combination Subtract Redemption Payoff Conditions, the following terms shall have the following meanings:

Cap means:

- the percentage or number; or
- Min (Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅); or
- Max (Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅),

as specified in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means:

- the percentage or number; or
- Min (Standard Redemption Payoff₆, Standard Redemption Payoff₇, Standard Redemption Payoff₈); or
- Max (Standard Redemption Payoff₆, Standard Redemption Payoff₇, Standard Redemption Payoff₈),

as specified in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Max}(X,Y)$ means whichever is the greater of component X and component Y.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption Payoff₁ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₂ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₃ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₄ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₅ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₆ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₇ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₈ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Redemption Payoff, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

10.2 Redemption Payoff

The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Combination Subtract Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Min} \left[\text{Cap}; \text{Max}(\text{Floor}; \text{Leverage} \times \{\text{Standard Redemption Payoff}_1 - \text{Standard Redemption Payoff}_2\}) \right]$$

and expressed as a percentage.

Combination Payoff Conditions: Part B: Chapter 11: Combination Maximum Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Maximum Redemption to be applicable.

*The following terms and conditions (the **Combination Maximum Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Maximum Redemption (the **Combination Maximum Redemption**) is applicable. These Combination Maximum Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Maximum Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

11 COMBINATION MAXIMUM REDEMPTION

The Redemption Payoff applicable to the Securities is calculated as the lesser of (a) Cap and (b) the greater of (i) Floor; (ii) the Redemption Payoff calculated using Standard Redemption Payoff₁ and (iii) the Redemption Payoff calculated using Standard Redemption Payoff₂. You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Redemption Payoff (and, if applicable, the Floor and/or the Cap) calculated using the relevant Standard Redemption Payoff used as a component for this Combination Payoff Condition.

11.1 Definitions and Interpretation

For the purposes of these Combination Maximum Redemption Payoff Conditions, the following terms shall have the following meanings:

Cap means:

- the percentage or number; or
- Min (Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅); or
- Max (Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅),

as specified in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means:

- the percentage or number; or
- Min (Standard Redemption Payoff₆, Standard Redemption Payoff₇, Standard Redemption Payoff₈); or
- Max (Standard Redemption Payoff₆, Standard Redemption Payoff₇, Standard Redemption Payoff₈),

as specified in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Min}(X, Y)$ means whichever is the lesser of component X and component Y.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption Payoff₁ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₂ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₃ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₄ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₅ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₆ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₇ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₈ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Redemption Payoff, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

11.2 Redemption Payoff

The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Combination Maximum Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Min}(\text{Cap}, \text{Max}(\text{Floor}, \text{Standard Redemption Payoff}_1, \text{Standard Redemption Payoff}_2))$$

and expressed as a percentage.

Combination Payoff Conditions: Part B: Chapter 12: Combination Minimum Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Minimum Redemption to be applicable.

*The following terms and conditions (the **Combination Minimum Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Minimum Redemption (the **Combination Minimum Redemption**) is applicable. These Combination Minimum Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Minimum Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

12 COMBINATION MINIMUM REDEMPTION

The Redemption Payoff applicable to the Securities is calculated on the Redemption Determination Date as the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) the lesser of (a) the Redemption Payoff calculated using Standard Redemption Payoff₁ or (b) the Redemption Payoff calculated using Standard Redemption Payoff₂. You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Redemption Payoff (and, if applicable, the Floor and/or the Cap) calculated using the relevant Standard Redemption Payoff used as a component for this Combination Payoff Condition.

12.1 Definitions and Interpretation

For the purposes of these Combination Minimum Redemption Payoff Conditions, the following terms shall have the following meanings:

Cap means:

- the percentage or number; or
- Min (Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅); or
- Max (Standard Redemption Payoff₃, Standard Redemption Payoff₄, Standard Redemption Payoff₅),

as specified in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Floor means:

- the percentage or number; or
- Min (Standard Redemption Payoff₆, Standard Redemption Payoff₇, Standard Redemption Payoff₈); or
- Max (Standard Redemption Payoff₆, Standard Redemption Payoff₇, Standard Redemption Payoff₈),

as specified in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Min}(X,Y)$ means whichever is the lesser of component X and component Y.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption Payoff₁ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₂ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₃ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₄ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₅ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₆ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₇ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₈ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₉ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Redemption Payoff, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

12.2 Redemption Payoff

The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Combination Minimum Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

$$\text{Min} \left[\text{Cap}; \text{Max} \left(\text{Floor}; \text{Min} \left(\text{Standard Redemption Payoff}_1, \text{Standard Redemption Payoff}_2 \right) \right) \right]$$

and expressed as a percentage

Combination Payoff Conditions: Part B: Chapter 13: Combination Digital Basket Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Digital Basket Redemption to be applicable.

*The following terms and conditions (the **Combination Digital Basket Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Digital Basket Redemption (the **Combination Digital Basket Redemption**) is applicable. These Combination Digital Basket Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Digital Basket Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

13 COMBINATION DIGITAL BASKET REDEMPTION

The Redemption Payoff is calculated as either (A) if the Underlying Value_i is within the Underlying Value_i Range on each relevant Redemption Observation Date, being the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) the result of Leverage multiplied by Redemption Payoff calculated using Standard Redemption Payoff_i then added to Margin or (B) otherwise, being the Fixed Percentage. The Underlying Value_i reflects the price, level or rate of the Underlying_i or (if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Underlying_{ix} and the price, level or rate of the Underlying_{iy} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying_i (or, as applicable, the relevant Underlying_{ix} and Underlying_{iy}) will therefore affect which rate is used to calculate the Redemption Payoff applicable to the Securities. You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Redemption Payoff (and, if applicable, the Floor and/or the Cap) calculated using the relevant Standard Redemption Payoff_i used as a component for this Combination Payoff Condition.

Where, in relation to these Combination Digital Basket Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable, the Underlying Value may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

13.1 Definitions and Interpretation

For the purposes of these Combination Digital Basket Redemption Payoff Conditions, the following terms shall have the following meanings:

Cap means:

- the percentage or number; or
- Min (Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄); or
- Max (Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄),

as specified in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Commencement Date means the Issue Date or such other date falling prior to the Issue Date and specified as such in the applicable Final Terms.

Early Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Early Redemption Date has the meaning set out in General Condition 24 (*Definitions*).

Fixed Percentage means the percentage specified as such in the applicable Final Terms.

Floor means:

- the percentage or number; or
- $\text{Min}(\text{Standard Redemption Payoff}_5, \text{Standard Redemption Payoff}_6, \text{Standard Redemption Payoff}_7)$; or
- $\text{Max}(\text{Standard Redemption Payoff}_5, \text{Standard Redemption Payoff}_6, \text{Standard Redemption Payoff}_7)$,

as specified in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Instalment Date means each date specified as such in the applicable Final Terms.

Issue Date has the meaning set out in General Condition 24 (*Definitions*).

Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Lower Limit_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i (or, as applicable, to Underlying_{ix} and Underlying_{iy}).

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Max}(X,Y)$ means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Min}(X,Y)$ means whichever is the lesser of component X and component Y.

Range means in respect of Underlying_i, any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms.

Range₁ means that on the relevant Redemption Observation Date the relevant Underlying Value_i is greater than or equal to the Lower Limit_i and less than or equal to the Upper Limit_i.

Range₂ means that on the relevant Redemption Observation Date the relevant Underlying Value_i is greater than the Lower Limit_i and less than the Upper Limit_i.

Range₃ means that on the relevant Redemption Observation Date the relevant Underlying Value_i is greater than or equal to the Lower Limit_i and less than the Upper Limit_i.

Range₄ means that on the relevant Redemption Observation Date the relevant Underlying Value_i is greater than the Lower Limit_i and less than or equal to the Upper Limit_i.

Range₅ means that on the relevant Redemption Observation Date the relevant Underlying Value_i is less than the Lower Limit_i or greater than the Upper Limit_i.

Range₆ means that on the relevant Redemption Observation Date the relevant Underlying Value_i is less than or equal to the Lower Limit_i or greater than or equal to the Upper Limit_i.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Redemption Observation Date means, with respect to a Redemption Observation Period, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days immediately preceding the first or last day of such Redemption Observation Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Redemption Observation Period means:

- (a) with respect to Securities, other than Instalment Securities or for the purposes of calculating an Early Redemption Amount, the period specified as the Redemption Observation Period in the applicable Final Terms; or
- (b) with respect to Instalment Securities, the period from and including the Commencement Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first Instalment Date and each successive period beginning on and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding an Instalment Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the following Instalment Date; or
- (c) for the purposes of calculating an Early Redemption Amount, the period from and including the Commencement Date to and including the date falling such number of Business Days as specified in the applicable Final Terms prior to the Early Redemption Date.

Standard Redemption Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption Payoff₁ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₂ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₃ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₄ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₅ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₆ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₇ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Underlying_i means any Commodity, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms, each an Underlying. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Redemption Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying which is a FX Rate, the relevant rate of exchange; or
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (a) the Underlying Value of an Underlying_i; or
- (b) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Subtraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or

- the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

Underlying Value_i Range means the Range specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i (or, as applicable, to Underlying_{ix} and Underlying_{iy}).

Upper Limit_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i (or, as applicable, to Underlying_{ix} and Underlying_{iy}).

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Redemption Payoff, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

13.2 Redemption Payoff

The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Combination Digital Basket Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

- (a) if each Underlying Value_i is within the Underlying Value_i Range on each Redemption Observation Date, be calculated on the Redemption Determination Date as follows:

$$\text{Min} \left(\text{Cap}, \text{Max} \left(\text{Floor}, \text{Leverage} \times \text{Standard Redemption Payoff}_1 + \text{Margin}_1 \right) \right)$$

and expressed as a percentage;

- (b) otherwise, be calculated on the Redemption Determination Date as equal to Fixed Percentage.

13.3 Relevant Observation

Where, in relation to these Combination Digital Basket Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable, references in these Combination Digital Basket Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Combination Digital Basket Redemption Payoff Condition 13.1 above) shall be deemed to be references to the applicable Relevant Observation. For the purposes of these Combination Digital Basket Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Combination Payoff Conditions: Part B: Chapter 14: Combination Complex Digital Basket Contingency Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Complex Digital Basket Contingency Redemption to be applicable.

*The following terms and conditions (the **Combination Complex Digital Basket Contingency Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Complex Digital Basket Contingency Redemption (the **Combination Complex Digital Basket Contingency Redemption**) is applicable. These Combination Complex Digital Basket Contingency Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Complex Digital Basket Contingency Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

14 COMBINATION COMPLEX DIGITAL BASKET CONTINGENCY REDEMPTION

The Redemption Payoff is calculated on the Redemption Determination Date as either (A) if the Underlying Value_i is within the Underlying Value_i Range on each relevant Redemption Observation Date, being the lesser of (a) Cap and (b) the greater of (i) Floor and (ii) the result of Leverage multiplied by Redemption Payoff calculated using Standard Redemption Payoff₁ then added to Margin or (B) otherwise, being the greater of (a) 0 and (b) Fixed Percentage minus Unwind Costs. The Underlying Value_i reflects the price, level or rate of the Underlying_i or (if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the Underlying_{ix} and the price, level or rate of the Underlying_{iy} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying_i (or, as applicable, the relevant Underlying_{ix} and Underlying_{iy}) will therefore affect which rate is used to calculate the Redemption Payoff applicable to the Securities. You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Redemption Payoff (and, if applicable, the Floor and/or the Cap) calculated using the relevant Standard Redemption Payoff₁ used as a component for this Combination Payoff Condition.

Where, in relation to these Combination Complex Digital Basket Contingency Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable, the Underlying Value may be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

14.1 Definitions and Interpretation

For the purposes of these Combination Complex Digital Basket Contingency Redemption Payoff Conditions, the following terms shall have the following meanings:

Cap means:

- the percentage or number; or
- Min (Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄); or

- Max (Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄),

as specified in the applicable Final Terms. If Cap is specified as 'not applicable', the Cap shall be infinity.

Commencement Date means the Issue Date or such other date falling prior to the Issue Date and specified as such in the applicable Final Terms.

Early Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Early Redemption Date has the meaning set out in General Condition 24 (*Definitions*).

Fixed Percentage means the percentage specified as such in the applicable Final Terms.

Floor means:

- the percentage or number; or
- Min (Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇); or
- Max (Standard Redemption Payoff₅, Standard Redemption Payoff₆, Standard Redemption Payoff₇),

as specified in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Instalment Date means each date specified as such in the applicable Final Terms.

Issue Date has the meaning set out in General Condition 24 (*Definitions*).

Leverage means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Lower Limit_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i (or, as applicable, to Underlying_{ix} and Underlying_{iy}).

Margin means the percentage or number specified as such in the applicable Final Terms. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, be zero (0).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Min means the lesser of the two amounts or values that follow, the amounts or values being separated by a comma. For example Min(X,Y) means whichever is the lesser of component X and component Y.

Range means in respect of Underlying_i (or, as applicable, Underlying_{ix} and Underlying_{iy}), any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms.

Range₁ means that on the relevant Redemption Observation Date the relevant Underlying Value_i is greater than or equal to the Lower Limit_i and less than or equal to the Upper Limit_i.

Range₂ means that on the relevant Redemption Observation Date the relevant Underlying Value_i is greater than the Lower Limit_i and less than the Upper Limit_i.

Range₃ means that on the relevant Redemption Observation Date the relevant Underlying Value_i is greater than or equal to the Lower Limit_i and less than the Upper Limit_i.

Range₄ means that on the relevant Redemption Observation Date the relevant Underlying Value_i is greater than the Lower Limit_i and less than or equal to the Upper Limit_i.

Range₅ means that on the relevant Redemption Observation Date the relevant Underlying Value_i is less than the Lower Limit_i or greater than the Upper Limit_i.

Range₆ means that on the relevant Redemption Observation Date the relevant Underlying Value_i is less than or equal to the Lower Limit_i or greater than or equal to the Upper Limit_i.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Redemption Observation Date means, with respect to a Redemption Observation Period, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days immediately preceding the first or last day of such Redemption Observation Period as specified in the applicable Final Terms, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Redemption Observation Period means:

- (a) with respect to Securities, other than Instalment Securities or for the purposes of calculating an Early Redemption Amount, the period specified as the Redemption Observation Period in the applicable Final Terms; or
- (b) with respect to Instalment Securities, the period from and including the Commencement Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the first Instalment Date and each successive period beginning on and including the date falling such number of Business Days specified in the applicable Final Terms immediately preceding an Instalment Date to but excluding the date falling such number of Business Days specified in the applicable Final Terms immediately preceding the following Instalment Date; or
- (c) for the purposes of calculating an Early Redemption Amount, the period from and including the Commencement Date to and including the date falling such number of Business Days as specified in the applicable Final Terms prior to the Early Redemption Date.

Standard Redemption Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption Payoff₁ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₂ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₃ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₄ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₅ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₆ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₇ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Underlying_i means any Commodity, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms, each an Underlying. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Redemption Observation Date or a Relevant Timing, as the case may be:

- (a) in respect of an Underlying_i which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying_i which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying_i which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying_i which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying_i which is a FX Rate, the relevant rate of exchange; or
- (f) in respect of an Underlying_i which is an ETF, the ETF Closing Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (a) the Underlying Value of an Underlying_i; or
- (b) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable

Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or

- the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
- the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

Underlying Value_i Range means the Range specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i (or, as applicable, to Underlying_{ix} and Underlying_{iy}).

Upper Limit_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i (or, as applicable, to Underlying_{ix} and Underlying_{iy}).

Unwind Costs means, (i) in the case of a Redemption Determination Date corresponding to an Early Redemption Date, zero (0) or (ii) in the case of a Redemption Determination Date corresponding to the Redemption Date or an Instalment Date, an amount, equal to such Security's *pro rata* portion of the value (determined in the currency in which the Securities are denominated) of any losses, expenses and costs to the relevant Issuer and/or any of its Affiliates who may have hedged the price risk of the Securities and any loss of tax relief or other tax consequences of unwinding or adjusting any underlying or related swap agreement or other hedging arrangements, all as calculated by the Calculation Agent in its sole discretion, divided by (a) in the case of Securities represented by a Global Security, the aggregate outstanding nominal amount of the Securities and (b) in the case of each Security in definitive form, the product of the Calculation Amount and the Calculation Amount Factor, expressed as a percentage.

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Redemption Payoff, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

14.2 Redemption Payoff

The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Combination Complex Digital Basket Contingency Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

- (a) if each Underlying Value_i is within the Underlying Value_i Range on each Redemption Observation Date, be calculated on the Redemption Determination Date as follows:

$$\text{Min} \left(\text{Cap}, \text{Max} \left(\text{Floor}, \text{Leverage} \times \text{Standard Redemption Payoff}_1 + \text{Margin} \right) \right)$$

and expressed as a percentage;

- (b) otherwise, be calculated on the Redemption Determination Date as follows:

$$\text{Max} (0, \text{Fixed Percentage-Unwind Costs})$$

and expressed as a percentage.

14.3 Relevant Observation

Where, in relation to these Combination Complex Digital Basket Contingency Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable, references in these Combination Complex Digital Basket Contingency Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Combination Complex Digital Basket Contingency Redemption Payoff Condition 14.1 above) shall be deemed to be references to the applicable Relevant Observation. For the purposes of these Combination Complex Digital Basket Contingency Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

Combination Payoff Conditions: Part B: Chapter 15: Combination Payoff-Linked Digital Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Payoff-Linked Digital Redemption to be applicable.

*The following terms and conditions (the **Combination Payoff-Linked Digital Redemption Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Payoff-Linked Digital Redemption (the **Combination Payoff-Linked Digital Redemption**) is applicable. These Combination Payoff-Linked Digital Redemption Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Payoff-Linked Digital Redemption Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

15 COMBINATION PAYOFF-LINKED DIGITAL REDEMPTION

The Redemption Payoff applicable to the Securities is calculated as either (a) if the Standard Redemption Payoff₂ is within the Range, the Redemption Payoff calculated using Standard Redemption Payoff₁ or (b) otherwise, the Fixed Percentage. The value of the Standard Payoff₂, which may depend on the value of an Underlying, will therefore affect which rate is used to calculate the Redemption Payoff applicable to the Securities. You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Redemption Payoff calculated using the relevant Standard Redemption Payoff used as a component for this Combination Payoff Condition.

15.1 Definitions and Interpretation

For the purposes of these Combination Payoff-Linked Digital Redemption Payoff Conditions, the following terms shall have the following meanings:

Fixed Percentage means the percentage specified as such in the applicable Final Terms.

Lower Limit means the percentage or number specified as such in the applicable Final Terms.

Range means any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms.

Range₁ means that on the relevant Redemption Observation Date the Standard Redemption Payoff₂ is greater than or equal to the Lower Limit and less than or equal to the Upper Limit.

Range₂ means that on the relevant Redemption Observation Date the Standard Redemption Payoff₂ is greater than the Lower Limit and less than the Upper Limit.

Range₃ means that on the relevant Redemption Observation Date the Standard Redemption Payoff₂ is greater than or equal to the Lower Limit and less than the Upper Limit.

Range₄ means that on the relevant Redemption Observation Date the Standard Redemption Payoff₂ is greater than the Lower Limit and less than or equal to the Upper Limit.

Range₅ means that on the relevant Redemption Observation Date the Standard Redemption Payoff₂ is less than the Lower Limit or greater than the Upper Limit.

Range₆ means that on the relevant Redemption Observation Date the Standard Redemption Payoff₂ is less than or equal to the Lower Limit or greater than or equal to the Upper Limit.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Redemption Observation Date means, with respect to a Redemption Determination Date, each date specified as such in the applicable Final Terms or, alternatively, each date falling such number of Business Days specified in the applicable Final Terms immediately preceding the Redemption Determination Date, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Standard Redemption Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption Payoff₁ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₂ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Upper Limit means the percentage or number specified as such in the applicable Final Terms.

For the avoidance of doubt, where multiple Underlyings are used in the calculation of the Redemption Payoff, they will together be treated as a Basket or a Multi-Asset Basket, as applicable (each as defined in the Asset Conditions).

15.2 Redemption Payoff

The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Combination Payoff-Linked Digital Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

- (a) if Standard Redemption Payoff₂ is within the Range on the Redemption Observation Date, Standard Redemption Payoff₁; or
- (b) otherwise, be equal to the Fixed Percentage.

Combination Payoff Conditions: Part B: Chapter 16: Combination Rainbow Performance Redemption

This chapter sets out additional terms and conditions for Securities for which the applicable Final Terms specify Combination Rainbow Performance Redemption to be applicable.

*The following terms and conditions (the **Combination Rainbow Performance Redemption Payoff Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Combination Rainbow Performance Redemption (the **Combination Rainbow Performance Redemption**) is applicable. These Combination Rainbow Performance Redemption Payoff Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Combination Rainbow Performance Redemption Payoff Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

16 COMBINATION RAINBOW PERFORMANCE REDEMPTION

The Redemption Payoff is calculated as (a) if the Rainbow Performance is within the applicable Range on each relevant Redemption Observation Date, the greater of the Rainbow Performance and the Floor or (b) if the Rainbow Performance is not within the applicable Range on any relevant Redemption Observation Date, the Standard Redemption Payoff₁.

The Rainbow Performance is the sum of the performances of all Underlying_i, with each performance weighed in accordance with its rank (from best to worst). The performance for each Underlying_i is expressed as either (a) the Underlying Value_i on the Underlying Observation Date₁ divided by Underlying Value_i on the Underlying Observation Date₂, minus one.

Subject as provided below, Underlying Value_{2i} reflects a specified value or the Underlying Value_i on the Underlying Observation Date₂ and Underlying Value_{1i} reflects the Underlying Value_i on the Underlying Observation Date₁. Subject as provided below, the Underlying Value_i reflects the price, level or rate of the relevant Underlying_i or (if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the Final Terms) the sum of, algebraical difference between, product of or quotient of, the price, level or rate of the relevant Underlying_{ix} and the price, level or rate of the relevant Underlying_{iy} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying_i will therefore affect which rate is used to calculate the Redemption Payoff applicable to the Securities. You should also refer to the relevant Standard Payoff Conditions for an explanation of how to calculate the Redemption Payoff (and, if applicable, the Floor) calculated using the relevant Standard Redemption Payoff₁ used as a component for this Combination Payoff Condition.

Where, in relation to these Standard Rainbow Performance Redemption Payoff Conditions the applicable Final Terms provides that 'Relevant Observation' is applicable in respect of Underlying Value_{1i} and/or Underlying Value_{2i}, the Underlying Value may for the purposes of determining Underlying Value_{1i} and/or Underlying Value_{2i}, as the case may be, be determined by reference to the average, minimum or maximum value of the Underlying, or the change in value of the Underlying, in each case observed by the Calculation Agent over the Relevant Timings specified in the applicable Final Terms, rather than the level, price or value of the Underlying at a specific point in time.

16.1 Definitions and Interpretation

For the purposes of these Combination Rainbow Performance Redemption Payoff Conditions, the following terms shall have the following meanings:

Fixed Percentage means a percentage specified as such in the applicable Final Terms.

Floor means:

- the percentage or number; or
- Min (Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄); or
- Max (Standard Redemption Payoff₂, Standard Redemption Payoff₃, Standard Redemption Payoff₄),

as specified in the applicable Final Terms. If Floor is specified as 'not applicable', the Floor shall be minus infinity.

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Lower Limit means the percentage or number specified as such in the applicable Final Terms.

Max means the greatest of several amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

P(i) means the performance of Underlying Value_i between the Underlying Observation Date₂ and the Underlying Observation Date₁ calculated as:

$$\left(\frac{\text{Underlying Value}_{1i}}{\text{Underlying Value}_{2i}} - 1 \right)$$

Rainbow Performance means the result of the following formula expressed in percentage:

$$\text{Rainbow Performance} = \sum_{i=0}^n (\text{Weight}(i) * P(i)) - \text{Threshold}$$

Rank means the rank of each P(i) ranging from 1 for the highest (best) P(i) numerical value to the highest i number for the lowest (worst) P(i) value; for example, in the case of 5 Underlyings, the highest (best) rank is 1st and the lowest (worst) rank is 5th.

Range means any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms.

Range₁ means that on the relevant Redemption Observation Date, the Rainbow Performance is greater than or equal to the Lower Limit and lower than or equal to the Upper Limit.

Range₂ means that on the relevant Redemption Observation Date, the Rainbow Performance is greater than the Lower Limit and lower than the Upper Limit.

Range₃ means that on the relevant Redemption Observation Date, the Rainbow Performance is greater than or equal to the Lower Limit and lower than the Upper Limit.

Range₄ means that on the relevant Redemption Observation Date, the Rainbow Performance is greater than the Lower Limit and lower than or equal to the Upper Limit.

Range₅ means that on the relevant Redemption Observation Date, the Rainbow Performance is lower than the Lower Limit or greater than the Upper Limit.

Range₆ means that on the relevant Redemption Observation Date, the Rainbow Performance is lower than or equal to the Lower Limit or greater than or equal to the Upper Limit.

Redemption Determination Date has the meaning set out in Annex 9 (*Redemption Method Conditions*).

Redemption Observation Date means Underlying Observation Date₁ or Underlying Observation Date₂.

Standard Redemption Payoff₁ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₂ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₃ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Standard Redemption Payoff₄ means the Standard Redemption Payoff specified as such in the applicable Final Terms.

Threshold means the percentage specified as such in the applicable Final Terms.

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, EFT or Share, as specified in the applicable Final Terms.

Underlying_i means an Underlying corresponding to an i, as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{ix} means an Underlying bearing the subscript "x" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying_{iy} means an Underlying bearing the subscript "y" and corresponding to an i, specified as such in the applicable Final Terms, if applicable. For the avoidance of doubt, all Underlying_i, Underlying_{ix} and Underlying_{iy} together constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Observation Date₁ means, with respect to a Redemption Determination Date and an Underlying, each date falling such number of Business Days specified in the applicable Final Terms immediately preceding the Redemption Determination Date or such date specified as an Underlying Observation Date₁ in the applicable Final Terms or, for the purposes of calculating an Early Redemption Amount, the date falling such number of Business Days as specified in the applicable Final Terms prior to the Early Redemption Date, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Observation Date₂ means each date specified as such in the applicable Final Terms and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Underlying Value means, with respect to a Redemption Observation Date:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;

- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means:

- (i) the Underlying Value of an Underlying_i; or
- (j) if a combination of an Underlying_{ix} and an Underlying_{iy} is specified in the applicable Final Terms for the same i:
 - the sum of the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Addition" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the algebraical difference between the Underlying Value of such Underlying_{ix} and the Underlying Value of such Underlying_{iy}, if "Substraction" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the product of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Multiplication" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}; or
 - the quotient of the Underlying Value of such Underlying_{ix} by the Underlying Value of such Underlying_{iy}, if "Division" is specified in the applicable Final Terms as the relevant formula for the combination of Underlying_{ix} and Underlying_{iy}.

Underlying Value_{1i} means Underlying Value_i on the relevant Underlying Observation Date₁.

Underlying Value_{2i} means the level, percentage, number, price or amount specified in the applicable Final Terms or, if no such level, percentage, number, price or amount is specified, Underlying Value_i on the Underlying Observation Date₂.

Upper Limit means the percentage or number specified as such in the applicable Final Terms.

Weight(i) means, for each P(i), the relevant weight specified for the Rank of such P(i) in the applicable Final Terms.

16.2 Redemption Payoff

The Redemption Payoff applicable to a Redemption Determination Date for Securities for which Combination Rainbow Performance Redemption is applicable shall be calculated on such Redemption Determination Date as follows:

- (a) if the Rainbow Performance is within the Range on each Redemption Observation Date: Max [Floor; Rainbow Performance]
- (b) otherwise: Standard Redemption Payoff₁

and expressed as a percentage;

16.3 Relevant Observation

Where, in relation to these Combination Rainbow Performance Redemption Payoff Conditions, the applicable Final Terms provides that 'Relevant Observation' is applicable, references in these Combination Rainbow Performance Redemption Payoff Conditions to 'Underlying Value' (save for the definition of such term in Combination Rainbow Performance Redemption Payoff Condition 16.1 above) shall be deemed to be references to the applicable Relevant Observation. For the purposes of these Combination Rainbow Performance Redemption Payoff Conditions:

Relevant Observation means, with respect to an Underlying:

- (a) if "Underlying Level" is specified as being applicable in the applicable Final Terms, the Underlying Value at the Relevant Timing;
- (b) if "Average Underlying Level" is specified as being applicable in the applicable Final Terms, the mean average of the Underlying Values for each Relevant Timing;
- (c) if "Minimum Underlying Level" is specified as being applicable in the applicable Final Terms, the lowest of the Underlying Values for the Relevant Timings;
- (d) if "Maximum Underlying Level" is specified as being applicable in the applicable Final Terms, the highest of the Underlying Values for the Relevant Timings; or
- (e) if "Underlying Performance" is specified as being applicable in the applicable Final Terms, the percentage change in the Underlying Value between the first Relevant Timing and the second Relevant Timing specified in the applicable Final Terms,

in each case as determined by the Calculation Agent and, as the case may be:

- subject to a minimum which is equal to the Relevant Observation Floor, if a Relevant Observation Floor is specified in the applicable Final Terms; and/or
- subject to a maximum which is equal to the Relevant Observation Cap, if a Relevant Observation Cap is specified in the applicable Final Terms.

Relevant Timing(s) means each timing (including without limitation any date and/or time and/or other time unit) specified as such in the applicable Final Terms and each Relevant Timing will be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

ANNEX 7 – PAYOFF FEATURE CONDITIONS

The chapters of this annex each set out additional terms and conditions for Securities, which apply one or more features (if any) to the interest and/or redemption mechanics as specified in the applicable Final Terms.

The terms and conditions applicable to Payoff Features shall comprise the General Conditions and the Additional Conditions, in each case subject to completion in the applicable Final Terms. In the event of any inconsistency between the General Conditions and the Additional Conditions, the Additional Conditions shall prevail.

*The following chapters comprise the terms and conditions (the **Payoff Feature Conditions**) that shall apply to Securities if the applicable Final Terms indicate that one or more chapters of the Payoff Feature Conditions is applicable, each such chapter being in respect of, and comprising the terms and conditions in respect of, a **Payoff Feature**. Only those chapters containing a Payoff Feature specified in the applicable Final Terms to be applicable will apply to a particular Series of Securities. The Payoff Feature Conditions are subject to completion in accordance with the applicable Final Terms.*

The Payoff Feature Conditions are set out as follows:

Part A

Interest Payoff Feature Conditions

Investor Interest Switch Payoff Feature Conditions	Chapter 1
Issuer Interest Switch Payoff Feature Conditions	Chapter 2
Knock-out Interest Switch Payoff Feature Conditions	Chapter 3
Knock-out Basket Interest Switch Payoff Feature Conditions	Chapter 4
Target Interest Switch Payoff Feature Conditions	Chapter 5
Shout Option Performance Lock-in Interest Payoff Feature Conditions	Chapter 6
Chooser Decay Interest Switch Option Payoff Feature Conditions	Chapter 7
Memory Option Interest Switch Payoff Feature Conditions	Chapter 8
Flexi Option Interest Switch Payoff Feature Conditions	Chapter 9
Pelican Option Interest Switch Payoff Feature Conditions	Chapter 10
Dual Currency (Interest) Payoff Feature Conditions	Chapter 11
Credit Event Contingency Interest Switch Payoff Feature Conditions	Chapter 12
Reset Option Interest Payoff Feature Conditions	Chapter 13
Single Interest Payment Date Payoff Feature Conditions	Chapter 14

Part B

Redemption Payoff Feature Conditions

Global Cap Payoff Feature Conditions	Chapter 1
Global Floor Payoff Feature Conditions	Chapter 2
Dual Currency (Redemption) Payoff Feature Conditions	Chapter 3
Investor Redemption Switch Payoff Feature Conditions	Chapter 4
Issuer Redemption Switch Payoff Feature Conditions	Chapter 5
Knock-out Redemption Switch Payoff Feature Conditions	Chapter 6

Knock-out Basket Redemption Switch Payoff Feature Conditions	Chapter 7
Shout Option Performance Lock-in Redemption Payoff Feature Conditions	Chapter 8
Reset Option Redemption Payoff Feature Conditions	Chapter 9
Part C	
Interest and Redemption Payoff Feature Conditions	
Additive Payoff Feature Conditions	Chapter 1
Part D	
Performance Payoff Feature Conditions	
Currency Performance Payoff Feature Conditions	Chapter 1
Part E	
Bond Switch Option Payoff Feature Conditions	
Bond Switch Option Payoff Feature Conditions	Chapter 1

Payoff Feature Conditions: Part A: Chapter 1: Investor Interest Switch Payoff Feature Conditions

This chapter sets out additional terms and conditions for Securities in respect of which the applicable Final Terms specify Investor Interest Switch Payoff Feature to be applicable.

*The following terms and conditions (the **Investor Interest Switch Payoff Feature Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Investor Interest Switch Payoff Feature (**Investor Interest Switch Payoff Feature**) is applicable. These Investor Interest Switch Payoff Feature Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Investor Interest Switch Payoff Feature Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

1 INVESTOR INTEREST SWITCH PAYOFF FEATURE

All Securityholders acting together may at their option request or, as applicable, elect to switch the basis on which interest is calculated from (i) calculation of the Linked Interest Rate using Linked Interest₁ to (ii) calculation of the Linked Interest Rate using Linked Interest₂, by sending a notice on or prior to an Investor Interest Switch Expiry Date. You should also refer to the relevant Standard Payoff Conditions or Combination Payoff Conditions for an explanation of how to calculate the Linked Interest Rate calculated using the relevant Standard Interest Payoff or Combination Interest Payoff referred to for this Payoff Feature Condition.

1.1 Definitions and interpretation

For the purposes of these Investor Interest Switch Payoff Feature Conditions, the following terms shall have the following meanings:

Business Day has the meaning set out in General Condition 24 (*Definitions*).

Combination Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Investor Interest Switch Date means the Interest Determination Date on which the Investor Interest Switch Option will take effect, in accordance with these Investor Interest Switch Payoff Feature Conditions.

Investor Interest Switch Expiry Date means the date that is ten (10) Business Days, or such other number of Business Days specified in the applicable Final Terms, prior to each Interest Determination Date or the relevant Interest Determination Dates specified in the applicable Final Terms.

Investor Interest Switch Notice means a written notice given by the Qualifying Securityholders to the relevant Issuer (with a copy to the Principal Paying Agent) in accordance with General Condition 14 (*Notices*) designating an Investor Interest Switch Date and, as the case may be, Linked Interest₂.

Linked Interest₁ means the Standard Interest Payoff or Combination Interest Payoff specified as such in the applicable Final Terms.

Linked Interest₂ means the Standard Interest Payoff or Combination Interest Payoff:

- (a) specified as such in the applicable Final Terms; or

(b) to be specified as such in the Investor Interest Switch Notice,
as indicated in the Final Terms.

Linked Interest Rate has the meaning set out in General Condition 24 (*Definitions*).

Qualifying Securityholders means the Securityholders holding 100 per cent. of the aggregate nominal amount of the Securities outstanding.

Standard Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

1.2 Methodology

If Investor Interest Switch Payoff Feature is specified in the applicable Final Terms to be applicable, the Qualifying Securityholders may, at their option, request (where Linked Interest₂ is to be specified as such in the Investor Interest Switch Notice) or elect (where Linked Interest₂ is specified as such in the applicable Final Terms) to switch the basis on which interest is calculated from Linked Interest₁ to Linked Interest₂ (the **Investor Interest Switch Option**) upon the Qualifying Securityholders delivering an Investor Interest Switch Notice on or prior to an Investor Interest Switch Expiry Date designating an Investor Interest Switch Date and, if applicable, Linked Interest₂. The Qualifying Securityholders may exercise the Investor Interest Switch Option in accordance with the frequency provided for in the applicable Final Terms.

An Investor Interest Switch Notice must include (a) evidence reasonably satisfactory to the Issuer of the relevant Securityholder's holding of the Securities to which the Investor Interest Switch Notice relates and (b) confirmation from the relevant clearing system that such Securities are blocked in the relevant Securityholder's account together with the Securityholder's undertaking that such Securities shall remain so blocked until two Business Days after the Investor Interest Switch Date.

Accordingly, the Linked Interest Rate applicable to the Securities shall be determined by the Calculation Agent:

- (a) if Linked Interest₂ is specified as such in the applicable Final Terms
 - (i) if the Qualifying Securityholders have delivered a valid Investor Interest Switch Notice in accordance with these Investor Interest Switch Payoff Feature Conditions, on each Interest Determination Date up to (but excluding) the Investor Interest Switch Date, in respect of each corresponding Interest Accrual Period in accordance with Linked Interest₁ and on each Interest Determination Date from (and including) the Investor Interest Switch Date, in respect of each corresponding Interest Accrual Period, in accordance with Linked Interest₂;
 - (ii) if the Qualifying Securityholders have not delivered a valid Investor Interest Switch Notice in accordance with these Investor Interest Switch Payoff Feature Conditions, on each Interest Determination Date, in respect of each corresponding Interest Accrual Period, in accordance with Linked Interest₁;
- (b) if Linked Interest₂ is to be specified as such in the Investor Interest Switch Notice
 - (i) if the Issuer accepts Linked Interest₂ notified in the Investor Interest Switch Notice, on each Interest Determination Date up to (but excluding) the Investor Interest Switch Date, in respect of each corresponding Interest Accrual Period in accordance with Linked Interest₁ and on each Interest Determination Date from (and including) the

Investor Interest Switch Date, in respect of each corresponding Interest Accrual Period, in accordance with Linked Interest₂;

- (ii) if the Issuer does not accept Linked Interest₂ notified in the Investor Interest Switch Notice, on each Interest Determination Date, in respect of each corresponding Interest Accrual Period, in accordance with Linked Interest₁.

Payoff Feature Conditions: Part A: Chapter 2: Issuer Interest Switch Payoff Feature Conditions

This chapter sets out additional terms and conditions for Securities in respect of which the applicable Final Terms specify Issuer Interest Switch Payoff Feature to be applicable.

*The following terms and conditions (the **Issuer Interest Switch Payoff Feature Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Issuer Interest Switch Payoff Feature (the **Issuer Interest Switch Payoff Feature**) is applicable. These Issuer Interest Switch Payoff Feature Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Issuer Interest Switch Payoff Feature Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

2 ISSUER INTEREST SWITCH PAYOFF FEATURE

The relevant Issuer may at its option (once during the life of the Securities) elect to switch the basis on which interest is calculated from (i) calculation of the Linked Interest Rate using $Linked\ Interest_1$ to (ii) calculation of the Linked Interest Rate using $Linked\ Interest_2$, by sending a notice on or prior to an Issuer Interest Switch Expiry Date. You should also refer to the relevant Standard Payoff Conditions or Combination Payoff Conditions for an explanation of how to calculate the Linked Interest Rate calculated using the relevant Standard Interest Payoff or Combination Payoff Conditions referred to for this Payoff Feature Condition.

2.1 Definitions and interpretation

For the purposes of these Issuer Interest Switch Payoff Feature Conditions, the following terms shall have the following meanings:

Business Day has the meaning set out in General Condition 24 (*Definitions*).

Combination Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Issuer Interest Switch Date means the Interest Determination Date on which the Issuer Interest Switch Option will take effect, in accordance with these Issuer Interest Switch Payoff Feature Conditions.

Issuer Interest Switch Expiry Date means the date that is ten (10) Business Days, or such other number of Business Days specified in the applicable Final Terms, prior to each Interest Determination Date or the relevant Interest Determination Dates specified in the applicable Final Terms.

Issuer Interest Switch Notice means a written notice given by the relevant Issuer to the Securityholders (with a copy to the Principal Paying Agent) in accordance with General Condition 14 (*Notices*) designating an Issuer Interest Switch Date.

Linked Interest₁ means the Standard Interest Payoff or Combination Interest Payoff specified as such in the applicable Final Terms.

Linked Interest₂ means the Standard Interest Payoff or Combination Interest Payoff specified as such in the applicable Final Terms.

Linked Interest Rate has the meaning set out in General Condition 24 (*Definitions*).

Standard Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

2.2 Methodology

If Issuer Interest Switch Payoff Feature is specified in the applicable Final Terms to be applicable, the relevant Issuer may, at its option, elect to switch the basis on which interest is calculated from Linked Interest₁ to Linked Interest₂ (the **Issuer Interest Switch Option**) upon the relevant Issuer delivering an Issuer Interest Switch Notice on or prior to an Issuer Interest Switch Expiry Date designating an Issuer Interest Switch Date. The relevant Issuer may exercise the Issuer Interest Switch Option once only during the life of the Securities.

Accordingly, the Linked Interest Rate applicable to the Securities shall be determined by the Calculation Agent:

- (a) on each Interest Determination Date up to (but excluding) the Issuer Interest Switch Date, in respect of each corresponding Interest Accrual Period (or, if the relevant Issuer has not delivered a valid Issuer Interest Switch Notice in accordance with these Issuer Interest Switch Payoff Feature Conditions, each Interest Determination Date, in respect of each corresponding Interest Accrual Period), in accordance with Linked Interest₁; and
- (b) on each Interest Determination Date from (and including) the Issuer Interest Switch Date, in respect of each corresponding Interest Accrual Period, in accordance with Linked Interest₂.

Payoff Feature Conditions: Part A: Chapter 3: Knock-out Interest Switch Payoff Feature Conditions

This chapter sets out additional terms and conditions for Securities in respect of which the applicable Final Terms specify Knock-out Interest Switch Payoff Feature to be applicable.

*The following terms and conditions (the **Knock-out Interest Switch Payoff Feature Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Knock-out Interest Switch Payoff Feature (the **Knock-out Interest Switch Payoff Feature**) is applicable. These Knock-out Interest Switch Payoff Feature Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Knock-out Interest Switch Payoff Feature Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

3 KNOCK-OUT INTEREST SWITCH PAYOFF FEATURE

The basis on which interest is calculated will automatically switch from (i) calculation of the Linked Interest Rate using Linked Interest₁ to (ii) calculation of the Linked Interest Rate using Linked Interest₂ if on (if Specified Dates is applicable) any Knock-out Interest Switch Observation Date, or (if American is applicable) at any time during the Knock-out Interest Switch Observation Period the Underlying_{KO} Value is within the relevant Range. The Underlying_{KO} Value reflects the price, level or rate of the Underlying_{KO} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying_{KO} will therefore affect which Standard Payoff Condition or Combination Payoff Condition, as applicable, is used to calculate the Linked Interest Rate applicable to the Securities. For the avoidance of doubt, a Knock-out Interest Switch can occur once only during the life of the Securities. You should also refer to the relevant Standard Payoff Conditions or Combination Payoff Conditions for an explanation of how to calculate the Linked Interest Rate calculated using the relevant Standard Interest Payoff or Combination Interest Payoff referred to for this Payoff Feature Condition.

3.1 Definitions and interpretation

For the purposes of these Knock-out Interest Switch Payoff Feature Conditions, the following terms shall have the following meanings:

Combination Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Knock-out Interest Switch Determination Date means the Interest Determination Date immediately following the occurrence of a Knock-out Interest Switch Event.

Knock-out Interest Switch Event means that the Underlying_{KO} Value is within the Range on (a) if Specified Dates is specified as applicable in the applicable Final Terms, any Knock-out Interest Switch Observation Date, or (b) if American is specified as applicable in the applicable Final Terms, at any time during the Knock-out Interest Switch Observation Period.

Knock-out Interest Switch Notice means a written notice given by the relevant Issuer to the Securityholders (with a copy to the Principal Paying Agent) in accordance with General Condition 14 (*Notices*) informing the Securityholders of the occurrence of a Knock-out Interest Switch Event.

Knock-out Interest Switch Observation Date means each date specified as such in the applicable Final Terms and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Knock-out Interest Switch Observation Period means the period specified as a Knock-out Interest Switch Observation Period in the applicable Final Terms.

Knock-out Lower Limit means the percentage or number specified as such in the applicable Final Terms.

Knock-out Upper Limit means the percentage or number specified as such in the applicable Final Terms.

Linked Interest₁ means the Standard Interest Payoff or Combination Interest Payoff specified as such in the applicable Final Terms.

Linked Interest₂ means the Standard Interest Payoff or Combination Interest Payoff specified as such in the applicable Final Terms.

Linked Interest Rate has the meaning set out in General Condition 24 (*Definitions*).

Range means any one (only) of any one of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms.

Range₁ means that on a Knock-out Interest Switch Observation Date or at any time during the Knock-out Interest Switch Observation Period (as the case may be), the Underlying_{KO} Value is greater than or equal to the Knock-out Lower Limit and less than or equal to the Knock-out Upper Limit.

Range₂ means that on a Knock-out Interest Switch Observation Date or at any time during the Knock-out Interest Switch Observation Period (as the case may be), the Underlying_{KO} Value is greater than the Knock-out Lower Limit and less than the Knock-out Upper Limit.

Range₃ means that on a Knock-out Interest Switch Observation Date or at any time during the Knock-out Interest Switch Observation Period (as the case may be), the Underlying_{KO} Value is greater than or equal to the Knock-out Lower Limit and less than the Knock-out Upper Limit.

Range₄ means that on a Knock-out Interest Switch Observation Date or at any time during the Knock-out Interest Switch Observation Period (as the case may be), the Underlying_{KO} Value is greater than the Knock-out Lower Limit and less than or equal to the Knock-out Upper Limit.

Range₅ means that on a Knock-out Interest Switch Observation Date or at any time during the Knock-out Interest Switch Observation Period (as the case may be), the Underlying_{KO} Value is less than the Knock-out Lower Limit or greater than the Knock-out Upper Limit.

Range₆ means that on a Knock-out Interest Switch Observation Date or at any time during the Knock-out Interest Switch Observation Period (as the case may be), the Underlying_{KO} Value is less than or equal to the Knock-out Lower Limit or greater than or equal to the Knock-out Upper Limit.

Standard Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

Underlying_{KO} means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_{KO} Value means, with respect to a Knock-out Interest Switch Observation Date:

- (a) in respect of an Underlying_{KO} which is a Commodity, the Commodity Reference Price;

- (b) in respect of an Underlying_{KO} which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying_{KO} which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying_{KO} which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying_{KO} which is a FX Rate, the relevant rate of exchange; or
- (f) in respect of an Underlying_{KO} which is an ETF, the ETF Closing Price.

For the avoidance of doubt, the Underlying_{KO} Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying_{KO} Value (if any).

3.2 Methodology

If Knock-out Interest Switch Payoff Feature is specified to be applicable in the applicable Final Terms, the basis on which interest is calculated will automatically switch from Linked Interest₁ to Linked Interest₂ (a **Knock-out Interest Switch**) if during the life of the Securities a Knock-out Interest Switch Event occurs. The relevant Issuer shall, as soon as reasonably practical following the occurrence of a Knock-out Interest Switch Event, deliver a Knock-out Interest Switch Notice. For the avoidance of doubt, a Knock-out Interest Switch can occur once only during the life of the Securities.

The Linked Interest Rate applicable to the Securities shall be determined by the Calculation Agent:

- (a) on each Interest Determination Date up to (but excluding) the Knock-out Interest Switch Determination Date, in respect of each corresponding Interest Accrual Period (or, if a Knock-out Interest Switch Event has not occurred in accordance with these Knock-out Interest Switch Payoff Feature Conditions), in accordance with Linked Interest₁; and
- (b) on each Interest Determination Date from (and including) the Knock-out Interest Switch Determination Date, in respect of each corresponding Interest Accrual Period, in accordance with Linked Interest₂.

Payoff Feature Conditions: Part A: Chapter 4: Knock-out Basket Interest Switch Payoff Feature Conditions

This chapter sets out additional terms and conditions for Securities in respect of which the applicable Final Terms specify Knock-out Basket Interest Switch Payoff Feature to be applicable.

*The following terms and conditions (the **Knock-out Basket Interest Switch Payoff Feature Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Knock-out Basket Interest Switch Payoff Feature (the **Knock-out Basket Interest Switch Payoff Feature**) is applicable. These Knock-out Basket Interest Switch Payoff Feature Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Knock-out Basket Interest Switch Payoff Feature Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

4 KNOCK-OUT BASKET INTEREST SWITCH PAYOFF FEATURE

The basis on which interest is calculated will automatically switch from (i) calculation of the Linked Interest Rate using $Linked\ Interest_1$ to (ii) calculation of the Linked Interest Rate using $Linked\ Interest_2$ if on (if Specified Dates is applicable) any Knock-out Basket Interest Switch Observation Date, or (if American is applicable) at any time during the Knock-out Basket Interest Switch Observation Period the $Basket_{KO}$ Value is within the Range. $Basket_{KO}$ Value means the sum of the individual products of $Leverage_i$ and the Underlying Value of each Underlying_i observed on a relevant date. The Underlying Value reflects the price, level or rate of the Underlying (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of each Underlying_i multiplied by the relevant leverage will therefore affect which Standard Payoff Condition or Combination Payoff Condition, as applicable, is used to calculate the Linked Interest Rate applicable to the Securities. For the avoidance of doubt, a Knock-out Basket Interest Switch can occur once only during the life of the Securities. You should also refer to the relevant Standard Payoff Conditions or Combination Payoff Conditions for an explanation of how to calculate the Linked Interest Rate calculated using the relevant Standard Interest Payoff or Combination Interest Payoff referred to for this Payoff Feature Condition.

4.1 Definitions and interpretation

For the purposes of these Knock-out Basket Interest Switch Payoff Feature Conditions, the following terms shall have the following meanings:

Basket_{KO} Value means, with respect to a Knock-out Basket Interest Switch Observation Date or at any time during the Knock-out Basket Interest Switch Observation Period, as applicable, $\sum (Leverage_i \times Underlying\ Value_i)$.

Combination Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Knock-out Basket Interest Switch Date means the Interest Determination Date immediately following the occurrence of a Knock-out Basket Interest Switch Event.

Knock-out Basket Interest Switch Event means that the $Basket_{KO}$ Value is within the Range on (a) if Specified Dates is specified as applicable in the applicable Final Terms, any Knock-out Basket Interest

Switch Observation Date, or (b) if American is specified as applicable in the applicable Final Terms, at any time during the Knock-out Basket Interest Switch Observation Period.

Knock-out Basket Interest Switch Notice means a written notice given by the relevant Issuer to the Securityholders (with a copy to the Principal Paying Agent) in accordance with General Condition 14 (*Notices*) informing the Securityholders of the occurrence of a Knock-out Basket Interest Switch Event.

Knock-out Basket Interest Switch Observation Date means each date specified as such in the applicable Final Terms and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Knock-out Basket Interest Switch Observation Period means the period specified as a Knock-out Basket Interest Switch Observation Period in the applicable Final Terms.

Knock-out Basket Lower Limit means the percentage or number specified as such in the applicable Final Terms.

Knock-out Basket Upper Limit means the percentage or number specified as such in the applicable Final Terms.

Leverage_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Linked Interest Rate has the meaning set out in General Condition 24 (*Definitions*).

Linked Interest₁ means the Standard Interest Payoff or Combination Interest Payoff specified as such in the applicable Final Terms.

Linked Interest₂ means the Standard Interest Payoff or Combination Interest Payoff specified as such in the applicable Final Terms.

Linked Interest Rate has the meaning set out in General Condition 24 (*Definitions*).

Range means any one (only) of any one of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms.

Range₁ means that on a Knock-out Basket Interest Switch Observation Date or at any time during the Knock-out Basket Interest Switch Observation Period (as the case may be), the Basket_{KO} Value is greater than or equal to the Knock-out Basket Lower Limit and less than or equal to the Knock-out Basket Upper Limit.

Range₂ means that on a Knock-out Basket Interest Switch Observation Date or at any time during the Knock-out Basket Interest Switch Observation Period (as the case may be), the Basket_{KO} Value is greater than the Knock-out Basket Lower Limit and less than the Knock-out Basket Upper Limit.

Range₃ means that on a Knock-out Basket Interest Switch Observation Date or at any time during the Knock-out Basket Interest Switch Observation Period (as the case may be), the Basket_{KO} Value is greater than or equal to the Knock-out Basket Lower Limit and less than the Knock-out Basket Upper Limit.

Range₄ means that on a Knock-out Basket Interest Switch Observation Date or at any time during the Knock-out Basket Interest Switch Observation Period (as the case may be), the Basket_{KO} Value is

greater than the Knock-out Basket Lower Limit and less than or equal to the Knock-out Basket Upper Limit.

Range₅ means that on a Knock-out Basket Interest Switch Observation Date or at any time during the Knock-out Basket Interest Switch Observation Period (as the case may be), the Basket_{KO} Value is less than the Knock-out Basket Lower Limit or greater than the Knock-out Basket Upper Limit.

Range₆ means that on a Knock-out Basket Interest Switch Observation Date or at any time during the Knock-out Basket Interest Switch Observation Period (as the case may be), the Basket_{KO} Value is less than or equal to the Knock-out Basket Lower Limit or greater than or equal to the Knock-out Basket Upper Limit.

Standard Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms, each an Underlying.

Underlying_i means each Underlying corresponding to an *i* as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i together will constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Knock-out Basket Interest Switch Observation Date:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means the Underlying Value of an Underlying_i.

Σ means the sum of the values, which follow in brackets.

Σ (**Leverage_i x Underlying Value_i**) means the sum of the individual products of the Leverage_i and the Underlying Value_i for each *i*.

4.2 Methodology

If Knock-out Basket Interest Switch Payoff Feature is specified to be applicable in the applicable Final Terms, the basis on which interest is calculated will automatically switch from Linked Interest₁ to Linked Interest₂ (a **Knock-out Basket Interest Switch**) if during the life of the Securities a Knock-out Basket Interest Switch Event occurs. The relevant Issuer shall, as soon as reasonably practical following the occurrence of a Knock-out Basket Interest Switch Event, deliver a Knock-out Basket Interest Switch Notice. For the avoidance of doubt, a Knock-out Basket Interest Switch can occur once only during the life of the Securities.

The Linked Interest Rate applicable to the Securities shall be determined by the Calculation Agent:

- (a) on each Interest Determination Date up to (but excluding) the Knock-out Basket Interest Switch Date, in respect of each corresponding Interest Accrual Period (or, if a Knock-out Basket Interest Switch Event has not occurred in accordance with these Knock-out Basket Interest Switch Payoff Feature Conditions), in accordance with Linked Interest₁; and
- (b) on each Interest Determination Date from (and including) the Knock-out Basket Interest Switch Date, in respect of each corresponding Interest Accrual Period, in accordance with Linked Interest₂.

Payoff Feature Conditions: Part A: Chapter 5: Target Interest Switch Payoff Feature Conditions

This chapter sets out additional terms and conditions for Securities in respect of which the applicable Final Terms specify Target Interest Switch Payoff Feature to be applicable.

*The following terms and conditions (the **Target Interest Switch Payoff Feature Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Target Interest Switch Payoff Feature (the **Target Interest Switch Payoff Feature**) is applicable. These Target Interest Switch Payoff Feature Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Target Interest Switch Payoff Feature Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

5 TARGET INTEREST SWITCH PAYOFF FEATURE

The basis on which interest is calculated will automatically switch from (i) calculation of the Linked Interest Rate using Linked Interest₁ to (ii) calculation of the Linked Interest Rate using Linked Interest₂ if a Target Interest Switch Event occurs. A Target Interest Switch Event occurs if the payment of the Interest Amount on an Interest Payment Date results in the aggregate of all Interest Amounts (paid in respect of the aggregate outstanding nominal amount of the Securities (if a Global Security) or the product of the Calculation Amount and the Calculation Amount Factor (if a Definitive Security)) paid up to and including such Interest Payment Date is greater than or equal to the Aggregate Interest Amount Cap. For the avoidance of doubt, a Target Interest Switch can occur once only during the life of the Securities. You should also refer to the relevant Standard Payoff Conditions or Combination Payoff Conditions for an explanation of how to calculate the Linked Interest Rate calculated using the relevant Standard Interest Payoff or Combined Interest Payoff referred to for this Payoff Feature Condition.

5.1 Definitions and interpretation

For the purposes of these Target Interest Switch Payoff Feature Conditions, the following terms shall have the following meanings:

Aggregate Interest Amount Cap means an amount in the Specified Currency per Calculation Amount specified as such in the applicable Final Terms, which shall be multiplied by:

- (a) in the case of Securities represented by a Global Security, the Global Security Calculation Amount Factor; or
- (b) in the case of a Security in definitive form, the Calculation Amount Factor.

Calculation Amount Factor has the meaning set out in General Condition 24 (*Definitions*).

Combination Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

Global Security Calculation Amount Factor means a number equal to the aggregate outstanding nominal amount of the Securities divided by the Calculation Amount.

Interest Amount has the meaning set out in General Condition 24 (*Definitions*).

Interest Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Linked Interest₁ means the Standard Interest Payoff or Combination Interest Payoff specified as such in the applicable Final Terms.

Linked Interest₂ means the Standard Interest Payoff or Combination Interest Payoff specified as such in the applicable Final Terms.

Linked Interest Rate has the meaning set out in General Condition 24 (*Definitions*).

Specified Currency has the meaning set out in General Condition 24 (*Definitions*).

Standard Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

Target Interest Switch Date means the Interest Payment Date on which a Target Interest Switch Event occurs.

Target Interest Switch Event means the payment of the Interest Amount on an Interest Payment Date results in the aggregate of all Interest Amounts (paid in respect of (a) in the case of Securities represented by a Global Security, the aggregate outstanding nominal amount of the Securities and (b) in the case of each Security in definitive form, the product of the Calculation Amount and the Calculation Amount Factor) paid in respect of the Securities up to and including that Interest Payment Date being greater than or equal to the Aggregate Interest Amount Cap.

Target Interest Switch Notice means a written notice given by the relevant Issuer to the Securityholders (with a copy to the Principal Paying Agent) in accordance with General Condition 14 (*Notices*) informing the Securityholders of the occurrence of a Target Interest Switch Event.

5.2 Methodology

If Target Interest Switch Payoff Feature is specified in the applicable Final Terms to be applicable, the basis on which interest is calculated will automatically switch from Linked Interest₁ to Linked Interest₂ (**Target Interest Switch**) if during the life of the Securities a Target Interest Switch Event occurs. The relevant Issuer shall, as soon as reasonably practicable following the occurrence of a Target Interest Switch Event, deliver a Target Interest Switch Notice. For the avoidance of doubt, a Target Interest Switch can occur once only during the life of the Securities.

The Linked Interest Rate applicable to Securities shall be determined by the Calculation Agent:

- (a) on each Interest Determination Date up to (and including) the Target Interest Switch Date, in respect of each corresponding Interest Accrual Period (or, if a Target Interest Switch Event has not occurred in accordance with these Target Interest Switch Payoff Feature Conditions), in accordance with Linked Interest₁,
- (b) on each Interest Determination Date from (but excluding) the Target Interest Switch Date, in respect of each corresponding Interest Accrual Period, in accordance with Linked Interest₂.

Payoff Feature Conditions: Part A: Chapter 6: Shout Option Performance Lock-in Interest Payoff Feature Conditions

This chapter sets out additional terms and conditions for Securities in respect of which the applicable Final Terms specify Shout Option Performance Lock-in Interest Payoff Feature to be applicable.

*The following terms and conditions (the **Shout Option Performance Lock-in Interest Payoff Feature Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Shout Option Performance Lock-in Interest Payoff Feature (the **Shout Option Performance Lock-in Interest Payoff Feature**) is applicable. These Shout Option Performance Lock-in Interest Payoff Feature Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Shout Option Performance Lock-in Interest Payoff Feature Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

6 SHOUT OPTION PERFORMANCE LOCK-IN INTEREST PAYOFF FEATURE

All Securityholders acting together may request to fix the Underlying Value of each relevant Underlying for the purposes of the determination of the Linked Interest Rate applicable to the Securities for the then current Interest Accrual Period at the Shout Option Performance Lock-in Level by delivering a notice on a Shout Option Performance Lock-in Expiry Date. The Issuer has discretion to decline such request or provide the relevant Shout Option Performance Lock-in Level. Each relevant Underlying Value reflects the price, level or rate of the relevant Underlying (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The Securityholders have an ability to request to fix the value of the Underlying used to calculate the Linked Interest Rate applicable to the Securities on a particular date of its choice for the current Interest Accrual Period, although this is subject to the Issuer's discretion to decline such request. The Qualifying Securityholders may exercise the Performance Lock-in Shout Option once only in respect of each Interest Accrual Period.

6.1 Definitions and interpretation

For the purposes of these Shout Option Performance Lock-in Interest Payoff Feature Conditions, the following terms shall have the following meanings:

Business Day has the meaning set out in General Condition 24 (*Definitions*).

Combination Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

Combination Payoff Conditions has the meaning set out in General Condition 24 (*Definitions*).

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Linked Interest Rate has the meaning set out in General Condition 24 (*Definitions*).

Notice Deadline means each time specified as such in the applicable Final Terms.

Potential Shout Option Performance Lock-in Exercise Notice means, with respect to the then current Interest Accrual Period, a written notice given by the Qualifying Securityholders to the relevant Issuer (with a copy to the Principal Paying Agent) in accordance with General Condition 14 (*Notices*) designating a Shout Option Performance Lock-in Date and requesting a Shout Option Performance Lock-in Level.

Qualifying Securityholders means the Securityholders holding 100 per cent. of the aggregate nominal amount of the Securities outstanding.

Shout Option Number means two (2) or such other number specified as such in the applicable Final Terms.

Shout Option Performance Lock-in Date means, with respect to the then current Interest Accrual Period, any Shout Option Performance Lock-in Expiry Date designated as such in the Potential Shout Option Performance Lock-in Exercise Notice.

Shout Option Performance Lock-in Expiry Date means any date that falls in an Interest Accrual Period provided such date falls not later than the date that is ten (10) Business Days, or such other number of Business Days specified in the applicable Final Terms, prior to the end of the relevant Interest Accrual Period.

Shout Option Performance Lock-in Level means, with respect to the then current Interest Accrual Period, the Underlying Value of each relevant Underlying calculated by the Calculation Agent in respect of the relevant Shout Option Performance Lock-in Date.

Standard Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Payoff Conditions has the meaning set out in General Condition 24 (*Definitions*).

Underlying has the meaning set out in the relevant Standard Payoff Conditions or Combination Payoff Conditions (as the case may be) applicable to the Standard Interest Payoff or Combination Interest Payoff specified to be applicable in relation to the then current Interest Accrual Period in the applicable Final Terms.

Underlying Value has the meaning set out in the relevant Standard Payoff Conditions or Combination Payoff Conditions (as the case may be) applicable to the Standard Interest Payoff or Combination Interest Payoff specified to be applicable in relation to the then current Interest Accrual Period in the applicable Final Terms.

Underlying Value Notification means, with respect to a Potential Shout Option Performance Lock-in Exercise Notice, a written notice given by the relevant Issuer to the Qualifying Securityholders (with a copy to the Principal Paying Agent) in accordance with General Condition 14 (*Notices*) notifying the Qualifying Securityholders (i) that it declines the request to provide a Shout Option Performance Lock-in Level for the relevant Shout Option Performance Lock-in Date or (ii) the Shout Option Performance Lock-in Level for the relevant Shout Option Performance Lock-in Date.

6.2 Methodology

If Shout Option Performance Lock-in Interest Payoff Feature is specified in the applicable Final Terms to be applicable, the Qualifying Securityholders may, at their option, request to fix the Underlying Value of each relevant Underlying for the purposes of the determination by the Calculation Agent of the Linked Interest Rate applicable to the Securities in accordance with these Shout Option Performance Lock-in Interest Payoff Feature Conditions (the **Performance Lock-in Shout Option**).

The Qualifying Securityholders may at their option, deliver a Potential Shout Option Performance Lock-in Exercise Notice on or before a Shout Option Performance Lock-in Expiry Date.

A Potential Shout Option Performance Lock-in Exercise Notice must include (a) evidence reasonably satisfactory to the Issuer of the relevant Securityholder's holding of the Securities to which the Potential Shout Option Performance Lock-in Exercise Notice relates and (b) confirmation from the

relevant clearing system that such Securities are blocked in the relevant Securityholder's account together with the Securityholder's undertaking that such Securities shall remain so blocked until two Business Days after the date on which a Underlying Value Notification is delivered by the Issuer.

The relevant Issuer has discretion with respect to any Potential Shout Option Performance Lock-in Exercise Notice to (i) decline the request to provide a Shout Option Performance Lock-in Level for the relevant Shout Option Performance Lock-in Date if in its reasonable opinion the relevant Issuer or its hedging affiliate will not be able to execute the request because of market conditions, time of the request or other reasons (in which case the delivery of the Potential Shout Option Performance Lock-in Exercise Notice will not constitute exercise of the Performance Lock-in Shout Option), or (ii) provide a Shout Option Performance Lock-in Level for the relevant Shout Option Performance Lock-in Date (in which case the receipt of a corresponding Shout Option Exercise Notice (as defined below) will constitute exercise of the Performance Lock-in Shout Option). No later than one (1) hour prior to the final time at which the Underlying Value in relation to Linked Interest Securities or Linked Redemption Securities other than Inflation Linked Securities is able to be determined in accordance with the relevant Asset Conditions on the date of receipt of the Potential Shout Option Performance Lock-in Exercise Notice if the Potential Shout Option Performance Lock-in Exercise Notice is received before the Notice Deadline on that day or otherwise, no later than the Notice Deadline on the following Business Day, the relevant Issuer will deliver an Underlying Value Notification. In relation to Inflation Linked Securities, no later than two (2) Business Days after receipt of the Potential Shout Option Performance Lock-in Exercise Notice, the relevant Issuer will deliver an Underlying Value Notification.

If in the Underlying Value Notification the relevant Issuer notifies the Qualifying Securityholders of the Shout Option Performance Lock-in Level, the Qualifying Securityholders will, at their option, no later than the date falling the Shout Option Number of Business Days after receipt of such Underlying Value Notification, deliver to the relevant Issuer (with a copy to the Principal Paying Agent) a notice (a **Shout Option Exercise Notice**) confirming the exercise of the Performance Lock-in Shout Option following which, for the then current Interest Accrual Period, the Underlying Value of each relevant Underlying will be the Shout Option Performance Lock-in Level for the purposes of the determination by the Calculation Agent of the Linked Interest Rate applicable to the Securities.

A Shout Option Exercise Notice must include (a) evidence reasonably satisfactory to the Issuer of the relevant Securityholder's holding of the Securities to which the Shout Option Exercise Notice relates and (b) confirmation from the relevant clearing system that such Securities are blocked in the relevant Securityholder's account together with the Securityholder's undertaking that such Securities shall remain so blocked until two Business Days after the Shout Option Performance Lock-in Date.

The Qualifying Securityholders may exercise the Performance Lock-in Shout Option once only in respect of each Interest Accrual Period.

Payoff Feature Conditions: Part A: Chapter 7: Chooser Decay Interest Switch Option Payoff Feature Conditions

This chapter sets out additional terms and conditions for Securities in respect of which the applicable Final Terms specify Chooser Decay Interest Switch Option Payoff Feature to be applicable.

*The following terms and conditions (the **Chooser Decay Interest Switch Option Payoff Feature Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Chooser Decay Interest Switch Option Payoff Feature (the **Chooser Decay Interest Switch Option Payoff Feature**) is applicable. These Chooser Decay Interest Switch Option Payoff Feature Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Chooser Decay Interest Switch Option Payoff Feature Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

7 CHOOSER DECAY INTEREST SWITCH OPTION PAYOFF FEATURE

All Securityholders acting together may elect to defer the payment and calculation of interest upon delivering a notice on or prior to a Deferral Option Exercise Date designating a Deferral Option Effective Date until (i) the Securityholders acting together, elect to receive payment of interest in respect of specified Interest Determination Dates and corresponding Interest Accrual Periods upon delivering a notice on or prior to a Resumption Option Exercise Date designating a Resumption Option Reference Date and specifying Resumption Option Specified Effective Dates or (ii) the last Interest Determination Date. The Qualifying Securityholders may exercise the Chooser Decay Deferral Option on any Deferral Option Exercise Date during the life of the Securities and exercise the Chooser Decay Payment Option on any Resumption Option Exercise Date during the term of the Securities. You should also refer to the relevant Standard Payoff Conditions or Combination Payoff Conditions for an explanation of how to calculate the Linked Interest Rate calculated using the relevant Standard Interest Payoff or Combination Interest Payoff referred to for this Payoff Feature Condition.

7.1 Definitions and interpretation

For the purposes of these Chooser Decay Interest Switch Option Payoff Feature Conditions, the following terms shall have the following meanings:

Business Days has the meaning set out in General Condition 24 (*Definitions*).

Combination Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

Deferral Option Effective Date means each Interest Determination Date on which the Chooser Decay Deferral Option will take effect, in accordance with these Chooser Decay Interest Switch Option Payoff Feature Conditions.

Deferral Option Exercise Date means the date that is ten (10) Business Days or such other number of Business Days specified in the applicable Final Terms prior to each proposed Deferral Option Effective Date.

Deferral Option Exercise Notice means a written notice given by the Qualifying Securityholders to the relevant Issuer (with a copy to the Principal Paying Agent) in accordance with General Condition 14 (*Notices*) designating a Deferral Option Effective Date in respect of an Interest Accrual Period.

Final Payment Option Factor means a number determined by the Calculation Agent as:

$$Y + 1$$

Interest Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Linked Interest means the Standard Interest Payoff or Combination Interest Payoff specified as such in the applicable Final Terms.

Linked Interest Rate has the meaning set out in the Terms and Conditions.

N means, in respect of each Resumption Option Reference Date, the number, if any, of previous Interest Accrual Periods corresponding to the Resumption Option Specified Effective Dates specified in the Resumption Option Exercise Notice for that Resumption Option Reference Date

Payment Option Factor means a number determined by the Calculation Agent as:

$$N + 1$$

Qualifying Securityholders means the Securityholders holding 100 per cent. of the aggregate nominal amount of the Securities outstanding.

Resumption Option Exercise Date means the date that is ten Business Days or such other number of Business Days specified in the applicable Final Terms prior to any Interest Determination Date specified in the applicable Final Terms.

Resumption Option Exercise Notice means a written notice given by the Qualifying Securityholders to the relevant Issuer (with a copy to the Principal Paying Agent) in accordance with General Condition 14 (*Notices*) designating a Resumption Option Reference Date.

Resumption Option Reference Date means each Interest Determination Date designated as such in the relevant Resumption Option Exercise Notice.

Resumption Option Specified Effective Date means each Interest Determination Date previously designated a Deferral Option Effective Date that is specified as a Resumption Option Specified Effective Date in a Resumption Option Exercise Notice in respect of which the Qualifying Securityholders elect to receive payment of interest in respect of the corresponding Interest Accrual Period. An Interest Determination Date can be specified as Resumption Option Specified Effective Date only once.

Standard Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

Y means the number, if any, of previous Interest Accrual Periods for which no interest was paid because the corresponding Interest Determination Date was designated as a Deferral Option Effective Date and was not subsequently designated a Resumption Option Reference Date or specified as a Resumption Option Specified Effective Date.

7.2 Methodology

If Chooser Decay Interest Switch Option Payoff Feature is specified in the applicable Final Terms to be applicable, the Qualifying Securityholders may, at their option, elect to defer the payment and calculation of interest on the Securities in respect of an Interest Accrual Period (the **Chooser Decay Deferral Option**) upon the Qualifying Securityholders delivering a Deferral Option Exercise Notice on or prior to a Deferral Option Exercise Date designating a Deferral Option Effective Date. The Qualifying Securityholders may exercise the Chooser Decay Deferral Option on any Deferral Option Exercise Date during the life of the Securities.

A Deferral Option Exercise Notice must include (a) evidence reasonably satisfactory to the Issuer of the relevant Securityholder's holding of the Securities to which the Deferral Option Exercise Notice

relates and (b) confirmation from the relevant clearing system that such Securities are blocked in the relevant Securityholder's account together with the Securityholder's undertaking that such Securities shall remain so blocked until two Business Days after the Deferral Option Effective Date.

The Qualifying Securityholders may, at their option, elect to receive payment of interest on the Securities in respect of an Interest Accrual Period for which a Deferral Option Effective Date was previously designated (the **Chooser Decay Payment Option**) upon the Qualifying Securityholders delivering a Resumption Option Exercise Notice on or prior to a Resumption Option Exercise Date(s) designating Resumption Option Reference Date in respect of one or more Interest Accrual Periods for which no Resumption Option Reference Date has previously been designated. The Qualifying Securityholders may exercise the Resumption Option on any Resumption Option Exercise Date during the term of the Securities.

A Resumption Option Exercise Notice must include (a) evidence reasonably satisfactory to the Issuer of the relevant Securityholder's holding of the Securities to which the Resumption Option Exercise Notice relates and (b) confirmation from the relevant clearing system that such Securities are blocked in the relevant Securityholder's account together with the Securityholder's undertaking that such Securities shall remain so blocked until two Business Days after the Resumption Option Specified Effective Date.

The last Interest Determination Date shall be deemed to be designated as a Resumption Option Reference Date, notwithstanding that the Qualifying Securityholders have not delivered a Resumption Option Exercise Notice.

The Linked Interest Rate applicable to the Securities shall be:

- (a) determined by the Calculation Agent on each Interest Determination Date up to (but excluding) the first Deferral Option Effective Date and each subsequent Interest Determination Date which has not been designated as a Deferral Option Effective Date, a Resumption Option Reference Date or specified as a Resumption Option Specified Effective Date (or, if the Qualifying Securityholders have not delivered a Deferral Option Exercise Notice, each Interest Determination Date), in accordance with the Linked Interest;
- (b) in respect of each Deferral Option Effective Date, 0;
- (c) in respect of each Resumption Option Reference Date designated by a Resumption Option Exercise Notice, in accordance with the Linked Interest multiplied by the Payment Option Factor; and
- (d) in respect of the last Interest Determination Date deemed to be designated as a Resumption Option Reference Date, in accordance with the Linked Interest multiplied by the Final Payment Option Factor.

Payoff Feature Conditions: Part A: Chapter 8: Memory Option Interest Switch Payoff Feature Conditions

This chapter sets out additional terms and conditions for Securities in respect of which the applicable Final Terms specify Memory Option Interest Switch Payoff Feature to be applicable.

The following terms and conditions (the Memory Option Interest Switch Payoff Feature Conditions) shall apply to the Securities if the applicable Final Terms indicate that Memory Option Interest Switch Payoff Feature (the Memory Option Interest Switch Payoff Feature) is applicable. These Memory Option Interest Switch Payoff Feature Conditions are subject to completion in accordance with the applicable Final Terms.

All capitalised terms that are not defined in these Memory Option Interest Switch Payoff Feature Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

8 MEMORY OPTION INTEREST SWITCH PAYOFF FEATURE

The Interest Amount payable on an Interest Payment Date in respect of an Interest Accrual Period in respect of which this Memory Option Interest Switch Payoff Feature applies, shall be equal to, if the interest amount payable in respect of an Interest Accrual Period calculated in accordance with the Linked Interest and the applicable Conditions, prior to application of the Memory Option Interest Switch Payoff Feature is (i) greater than zero (0), then at the amount payable in respect of the relevant Interest Accrual Period calculated using the Linked Interest multiplied by 1 plus the number (if any) of previous Interest Payment Dates for which no interest amount was paid, or (ii) less than or equal to zero (0), then zero (0). You should also refer to the relevant Standard Payoff Conditions or Combination Payoff Conditions for an explanation of how to calculate the Linked Interest Rate calculated using the relevant Standard Interest Payoff or Combination Interest Payoff referred to for this Payoff Feature Condition.

8.1 Definitions and interpretation

For the purposes of these Memory Option Interest Switch Payoff Feature Conditions, the following terms shall have the following meanings:

> means, when placed between two values, that the value before the symbol is greater than the value following the symbol. For example, $X > Y$ means component X is greater than component Y.

\leq means, when placed between two values, that the value before the symbol is less than or equal to the value following the symbol. For example, $X \leq Y$ means component X is less than or equal to component Y.

Combination Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

Interest Amount has the meaning set out in General Condition 24 (*Definitions*).

Interest Payment Date has the meaning set out in General Condition 24 (*Definitions*).

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Linked Interest means the Standard Interest Payoff or Combination Interest Payoff specified as such in the applicable Final Terms.

Linked Interest Rate has the meaning set out in General Condition 24 (*Definitions*).

Standard Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

Unadjusted Interest Amount means the Interest Amount payable in respect of an Interest Accrual Period calculated in accordance with the Linked Interest and the applicable Conditions, prior to application of this Memory Option Interest Switch Payoff Feature.

Y means, in respect of the calculation of an Interest Amount payable on an Interest Payment Date, the number, if any, of previous Interest Accrual Periods (i) for which the Interest Amount was equal to zero and (ii) which have not been taken into account for the calculation of Interest Amounts paid before such Interest Payment Date.

8.2 Methodology

If Memory Option Interest Switch Payoff Feature is specified in the applicable Final Terms to be applicable in respect of an Interest Accrual Period (which may, for the avoidance of doubt, be any Interest Accrual Period or a number of specified Interest Accrual Periods), the Interest Amount payable in respect of that Interest Accrual Period on the related Interest Payment Date shall be calculated as follows:

- (a) if the Unadjusted Interest Amount > 0 , the Unadjusted Interest Amount $\times (Y+1)$; or
- (b) if the Unadjusted Interest Amount ≤ 0 , 0.

Payoff Feature Conditions: Part A: Chapter 9: Flexi Option Interest Switch Payoff Feature Conditions

This chapter sets out additional terms and conditions for Securities in respect of which the applicable Final Terms specify Flexi Interest Switch Option Interest Payoff Feature to be applicable.

*The following terms and conditions (the **Flexi Option Interest Switch Payoff Feature Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Flexi Option Interest Switch Payoff Feature (the **Flexi Option Interest Switch Payoff Feature**) is applicable. These Flexi Option Interest Switch Payoff Feature Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Flexi Option Interest Switch Payoff Feature Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

9 FLEXI OPTION INTEREST SWITCH PAYOFF FEATURE

All Securityholders acting together may elect to switch the basis on which interest is calculated for an Interest Accrual Period from (i) calculation of the Linked Interest Rate using Linked Interest₁ to (ii) calculation of the Linked Interest Rate using Linked Interest₂. The Securityholders may exercise this option the Flexi Interest Switch Option Number of times during the life of the Securities and after this the Linked Interest Rate will be automatically switched to become Flexi Interest Switch Fixed Rate. You should also refer to the relevant Standard Payoff Conditions or Combination Payoff Conditions for an explanation of how to calculate the Linked Interest Rate calculated using the relevant Standard Interest Payoff or Combination Interest Payoff referred to for this Payoff Feature Condition.

9.1 Definitions and interpretation

For the purposes of these Flexi Option Interest Switch Payoff Feature Conditions, the following terms shall have the following meanings:

Business Day has the meaning set out in General Condition 24 (*Definitions*).

Combination Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

Flexi Interest Switch Date means each Interest Determination Date on which the Flexi Interest Switch Option will take effect, in accordance with these Flexi Option Interest Switch Payoff Feature Conditions.

Flexi Interest Switch Fixed Rate means the percentage or number specified as such in the applicable Final Terms.

Flexi Interest Switch Exercise Notice means a written notice given by the Qualifying Securityholders to the relevant Issuer (with a copy to the Principal Paying Agent) in accordance with General Condition 14 (*Notices*) designating the immediately following Interest Determination Date as a Flexi Interest Switch Date.

Flexi Switch Notice Exercise Date means a date that is ten (10) Business Days, or such other number of Business Days as specified in the applicable Final Terms, prior to each proposed Flexi Interest Switch Date.

Flexi Interest Switch Option Number means the number specified as such in the applicable Final Terms.

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Linked Interest₁ means the Standard Interest Payoff or Combination Interest Payoff specified as such in the applicable Final Terms.

Linked Interest₂ means the Standard Interest Payoff or Combination Interest Payoff specified as such in the applicable Final Terms.

Linked Interest Rate has the meaning set out in General Condition 24 (*Definitions*).

Qualifying Securityholders means the Securityholders holding 100 per cent. of the aggregate nominal amount of the Securities outstanding.

Standard Interest Payoff has the meaning set out in General Condition 24 (*Definitions*).

9.2 Methodology

If Flexi Option Interest Switch Payoff Feature is specified in the applicable Final Terms to be applicable, the Qualifying Securityholders may, at their option, elect to switch the basis on which interest is calculated for an Interest Accrual Period from Linked Interest₁ to Linked Interest₂ (the **Flexi Interest Switch Option**) upon the Qualifying Securityholders delivering a Flexi Interest Switch Exercise Notice on or prior to a Flexi Switch Notice Exercise Date designating the immediately following Interest Determination Date as a Flexi Interest Switch Date. A Flexi Interest Switch Exercise Notice must include (a) evidence reasonably satisfactory to the Issuer of the relevant Securityholder's holding of the Securities to which the Flexi Interest Switch Exercise Notice relates and (b) confirmation from the relevant clearing system that such Securities are blocked in the relevant Securityholder's account together with the Securityholder's undertaking that such Securities shall remain so blocked until two Business Days after the Flexi Interest Switch Date.

The Qualifying Securityholders may exercise the Flexi Interest Switch Option on such number of occasions equal to the Flexi Interest Switch Option Number during the life of the Securities. Following exercise by the Qualifying Securityholders of the Flexi Interest Switch Option on such number of occasions equal to the Flexi Interest Switch Option Number, the Linked Interest Rate will automatically become the Flexi Interest Switch Fixed Rate with effect from the Interest Determination Date in respect of the corresponding Interest Accrual Period immediately following the Interest Determination Date on which the relevant Issuer has received the Flexi Interest Switch Option Number of Flexi Interest Switch Exercise Notices.

The Linked Interest Rate applicable to the Securities shall be:

- (a) determined by the Calculation Agent on each Interest Determination Date which is not designated as a Flexi Interest Switch Date (or if the Qualifying Securityholders have not delivered a valid Flexi Interest Switch Exercise Notice, each Interest Determination Date), in accordance with the Linked Interest₁;
- (b) in respect of each Interest Determination Date in respect of which the relevant Issuer has received a valid Flexi Interest Switch Exercise Notice designating the Interest Determination Date a Flexi Interest Switch Date (provided that the relevant Issuer has not received more than, in aggregate, the Flexi Interest Switch Option Number of Flexi Interest Switch Exercise Notices), in accordance with Linked Interest₂; and
- (c) in respect of each Interest Determination Date immediately following the Interest Determination Date in respect of which the relevant Issuer has received, in aggregate, the Flexi

Interest Switch Option Number of Flexi Interest Switch Exercise Notices (if any), equal to the Flexi Interest Switch Fixed Rate.

Payoff Feature Conditions: Part A: Chapter 10: Pelican Option Interest Switch Payoff Feature Conditions

This chapter sets out additional terms and conditions for Securities in respect of which the applicable Final Terms specify Pelican Option Interest Switch Payoff Feature to be applicable.

*The following terms and conditions (the **Pelican Option Interest Switch Payoff Feature Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Pelican Option Interest Switch Payoff Feature (the **Pelican Option Interest Switch Payoff Feature**) is applicable. These Pelican Option Interest Switch Payoff Feature Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Pelican Option Interest Switch Payoff Feature Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

10 PELICAN OPTION INTEREST SWITCH PAYOFF FEATURE

The Interest Amount payable on any Interest Payment Date shall be subject to a maximum equal to the Cap. The amount (if any) by which that interest amount (prior to the application of the Cap) for an Interest Accrual Period exceeds the Cap (being the Interest Amount Excess Amount) shall be notionally allocated to the Reserve. If the amount calculated in respect of an Interest Accrual Period gives rise to an amount that is less than the Cap (being the Interest Amount Shortfall Amount), then the amount paid will be topped up by the lesser of (i) the Interest Amount Shortfall Amount and (ii) the amount notionally credited to the Reserve (being the Interest Amount Top Up Amount). For the avoidance of doubt, Securityholders shall not be entitled to receive any amount notionally credited to the Reserve after the payment of interest calculated in accordance with the Conditions in respect of the final Interest Accrual Period.

10.1 Definitions and interpretation

For the purposes of these Pelican Option Interest Switch Payoff Feature Conditions, the following terms shall have the following meanings:

Calculation Amount Factor has the meaning set out in General Condition 24 (*Definitions*).

Cap means the number per Calculation Amount specified as such in the applicable Final Terms, which shall be multiplied by:

- (a) in the case of Securities represented by a Global Security, the Global Security Calculation Amount Factor; or
- (b) in the case of a Security in definitive form, the Calculation Amount Factor.

Global Security Calculation Amount Factor means a number equal to the aggregate outstanding nominal amount of the Securities divided by the Calculation Amount.

Interest Amount has the meaning set out in General Condition 24 (*Definitions*).

Interest Amount Excess Amount means, in respect of the Interest Amount calculated (prior to the application of the Cap) in respect of an Interest Accrual Period, the amount (if any) by which that amount exceeds the Cap, as determined by the Calculation Agent.

Interest Amount Shortfall Amount means, in respect of the Interest Amount calculated in respect of an Interest Accrual Period, the amount (if any) by which that amount is less than the Cap, as determined by the Calculation Agent.

Interest Amount Top Up Amount means, in respect of an Interest Amount in respect of which an Interest Amount Shortfall Amount has been determined, an amount equal to the lesser of: (a) that Interest Amount Shortfall Amount; and (b) the amount notionally credited to the Reserve.

Interest Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Interest Payment Date has the meaning set out in General Condition 24 (*Definitions*).

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Reserve means a notional reserve which, at any time, equals the aggregate of each Interest Amount Excess Amount (if any) less the aggregate of each Interest Amount Top Up Amount (if any), subject to a minimum of zero (0). For the avoidance of doubt, the amount notionally credited to the Reserve shall not accrue or be deemed to accrue any interest.

10.2 Methodology

If Pelican Option Interest Switch Payoff Feature is specified in the applicable Final Terms to be applicable, the Interest Amount payable in respect of the Securities on any Interest Payment Date will be subject to a maximum equal to the Cap. Each Interest Amount Excess Amount shall be notionally credited to the Reserve. If the Interest Amount calculated in respect of an Interest Accrual Period gives rise to an Interest Amount Shortfall Amount, then an amount equal to the Interest Amount Top Up Amount shall be notionally transferred from the Reserve, and shall form part of the Interest Amount payable in respect of the relevant Interest Accrual Period, and the amount notionally credited to the Reserve shall be reduced accordingly.

For the avoidance of doubt, Securityholders shall not be entitled to receive any amount notionally credited to the Reserve after the payment of interest calculated in accordance with the Conditions in respect of the final Interest Accrual Period.

Payoff Feature Conditions: Part A: Chapter 11: Dual Currency (Interest) Payoff Feature Conditions

This chapter sets out additional terms and conditions for Securities in respect of which the applicable Final Terms specify Dual Currency (Interest) Payoff Feature to be applicable.

*The following terms and conditions (the **Dual Currency (Interest) Payoff Feature Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Dual Currency (Interest) Payoff Feature (the **Dual Currency (Interest) Payoff Feature**) is applicable. These Dual Currency (Interest) Payoff Feature Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Dual Currency (Interest) Payoff Feature Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

11 DUAL CURRENCY (INTEREST) PAYOFF FEATURE

If Dual Currency (Interest) Payoff Feature is applicable the interest amounts (if any) will be paid in any one of the Interest Currencies.

11.1 Definitions and interpretation

For the purposes of these Dual Currency (Interest) Payoff Feature Conditions, the following terms shall have the following meanings:

Conditions has the meaning set out in General Condition 24 (*Definitions*).

Dual Currency Method means (i) if 'multiplication' is specified in the applicable Final Terms, multiplying the Interest Amount by the relevant Dual Currency (Interest) Exchange Rate or (ii) if 'division' is specified in the applicable Final Terms, dividing the interest amount by the relevant Dual Currency (Interest) Exchange Rate.

Dual Currency (Interest) Exchange Rate means, with respect to an Interest Currency, the rate determined in accordance with the definition of "FX Rate" provided for in the FX Linked Asset Conditions. For this purpose, the FX Linked Asset Conditions are incorporated in, and apply *mutatis mutandis* (as though such provisions were set out in full herein) to, these Dual Currency (Interest) Payoff Feature Conditions subject to the following:

- references to the FX Rate shall be deemed to be references to the Dual Currency (Interest) Exchange Rate;
- references to the Base Currency shall be deemed to be references to the Specified Currency;
- references to the Reference Currency shall be deemed to be references to the relevant Interest Currency; and
- references to a relevant Observation Date shall be deemed to be references to the relevant Interest Determination Date.

Interest Currency means each currency specified as such in the applicable Final Terms.

Interest Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Interest Payment Date has the meaning set out in General Condition 24 (*Definitions*).

11.2 Methodology

If Dual Currency (Interest) Payoff Feature is specified as applicable in the applicable Final Terms:

- the interest amount payable on each Interest Payment Date (or, as applicable, on any other relevant payment date) will be payable in any one of the Interest Currencies;
- the Calculation Agent will determine the interest amount to be paid in accordance with the Dual Currency Method on the relevant Interest Determination Date (or, as applicable, any other relevant determination date); and
- any reference to the Specified Currency for the purpose of payment of interest on the Securities will be deemed to be a reference to any of the Interest Currencies.

Payoff Feature Conditions: Part A: Chapter 12: Credit Event Contingency Interest Switch Payoff Feature Conditions

This chapter sets out additional terms and conditions for Securities in respect of which the applicable Final Terms specify Credit Event Contingency Interest Switch Payoff Feature to be applicable.

*The following terms and conditions (the **Credit Event Contingency Interest Switch Payoff Feature Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Credit Event Contingency Interest Switch Payoff Feature (the **Credit Event Contingency Interest Switch Payoff Feature**) is applicable. These Credit Event Contingency Interest Switch Payoff Feature Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Credit Event Contingency Interest Switch Payoff Feature Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

12 CREDIT EVENT CONTINGENCY INTEREST SWITCH PAYOFF FEATURE

If the Calculation Agent determines an Event Determination Date has occurred with respect to the Reference Entity, interest shall cease to accrue with effect from (and including) the Interest Accrual Cessation Date. Credit Events that may or may not happen in respect of the Reference Entity may affect if interest is payable. You should also refer to the Credit Linked Conditions for an explanation of how to determine if an Event Determination Date has occurred.

12.1 Definitions and interpretation

For the purposes of these Credit Event Contingency Interest Switch Payoff Feature Conditions, the following terms shall have the following meanings:

Cash Settlement has the meaning set out in the Credit Linked Conditions.

Credit Event has the meaning set out in the Credit Linked Conditions.

Credit Event Contingency Notice means a written notice specifying the occurrence of an Event Determination Date with respect to the Reference Entity and the Interest Accrual Cessation Date.

Credit Linked Conditions means the Credit Linked Conditions set out at Annex 2 (*Credit Linked Conditions*).

Event Determination Date has the meaning set out in the Credit Linked Conditions.

Interest Accrual Cessation Date means:

- (a) the Interest Payment Date immediately preceding such Event Determination Date (or, if the Event Determination Date occurs during the first Interest Accrual Period, the Interest Commencement Date); or
- (b) the Event Determination Date,

as specified as applicable in the applicable Final Terms.

Obligations has the meaning set out in the Credit Linked Conditions.

Reference Entity has the meaning set out in the Credit Linked Conditions.

Single Reference Entity CLS has the meaning set out in the Credit Linked Conditions.

12.2 Methodology

If Credit Event Contingency Interest Switch Payoff Feature is specified in the applicable Final Terms to be applicable, if the Calculation Agent determines that an Event Determination Date has occurred with respect to the Reference Entity, interest shall cease to accrue with effect from (and including) the Interest Accrual Cessation Date.

As soon as reasonably practicable after the occurrence of an Event Determination Date, the Calculation Agent shall deliver a Credit Event Contingency Notice to the relevant Issuer and the relevant Issuer shall, as soon as reasonably practicable after receipt of such notice, deliver a Credit Event Contingency Notice to the Securityholders (with a copy to the Principal Paying Agent) in accordance with General Condition 14 (*Notices*).

For the avoidance of doubt, the Credit Linked Conditions are referred to in these Credit Event Contingency Interest Switch Payoff Feature Conditions only for the purposes of construing the terms "Event Determination Date" and "Reference Entity" and are not otherwise referred to, and shall not apply, for the purposes of the terms and conditions applicable to the early redemption or final redemption of the Securities.

For the purposes of the construction of the terms "Event Determination Date" and "Reference Entity" in accordance with the foregoing paragraph, such terms should be construed as if:

- (a) unless otherwise provided in these Credit Event Contingency Interest Switch Payoff Feature Conditions, any relevant notices were deemed to be given by the relevant party on the first possible date after the occurrence of the relevant event or the making of the relevant determination;
- (b) Cash Settlement were specified to apply; and
- (c) the Securities were Single Reference Entity CLSs.

The Calculation Agent shall determine whether an Event Determination Date has occurred by reference to the Reference Entity, the Obligations and the Credit Events specified in the applicable Final Terms.

Payoff Feature Conditions: Part A: Chapter 13: Reset Option Interest Payoff Feature Conditions

This chapter sets out additional terms and conditions for Securities in respect of which the applicable Final Terms specify Reset Option Interest Payoff Feature to be applicable.

*The following terms and conditions (the **Reset Option Interest Payoff Feature Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Reset Option Interest Payoff Feature (the **Reset Option Interest Payoff Feature**) is applicable. These Reset Option Interest Payoff Feature Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Reset Option Interest Payoff Feature Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

13 RESET OPTION INTEREST PAYOFF FEATURE

All Securityholders acting together may request to change the basis on which interest is calculated. Following receipt of such request, the Issuer will notify the Qualifying Securityholders of the manner in which it would propose to change the basis on which interest is calculated and the Qualifying Securityholders may agree with the Issuer in implementing such changes, or not. There is no guarantee that any change in the basis on which interest is calculated will be beneficial for Securityholders.

13.1 Definitions and interpretation

For the purposes of these Reset Option Interest Payoff Feature Conditions, the following terms shall have the following meanings:

Business Day has the meaning set out in General Condition 24 (*Definitions*).

Interest Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Potential Switch Notice means a written notice given by the Qualifying Securityholders to the relevant Issuer (with a copy to the Principal Paying Agent) in accordance with General Condition 14 (*Notices*) requesting a change to the basis on which interest is calculated to be applicable for the next Interest Accrual Period and each subsequent Interest Accrual Period until the Qualifying Securityholders deliver another Potential Switch Notice (if any), in each case confirmed pursuant to a Reset Switch Notice.

Qualifying Securityholders means the Securityholders holding 100 per cent. of the aggregate nominal amount of the Securities outstanding.

Reset Notification means, with respect to any Potential Switch Notice, a written notice given by the relevant Issuer to the Qualifying Securityholders in accordance with General Condition 14 (*Notices*) notifying the Qualifying Securityholders of the manner in which it would propose to change the basis on which interest is calculated.

Reset Notification Date means the number of Business Days, as specified in the applicable Final Terms, after receipt of any Potential Switch Notice by the Issuer.

Reset Notification Time means each time specified as such in the applicable Final Terms.

Reset Notice Date means the date that is such number of Business Days as specified in the applicable Final Terms prior to the relevant Interest Determination Dates, as specified in the applicable Final Terms.

Reset Notice Time means each time specified as such in the applicable Final Terms.

Reset Option Number means the number specified as the Reset Option Number in the applicable Final Terms.

Reset Switch Date means, with respect to a valid Reset Switch Notice, the date on which the changes to the basis for calculating interest will take effect which shall be the first day of the Interest Accrual Period falling immediately after the receipt by the Issuer of such valid Reset Switch Notice, in accordance with these Reset Option Interest Payoff Feature Conditions.

Reset Switch Notice has the meaning set out in Reset Option Interest Payoff Feature Condition 13.2 (*Methodology*).

13.2 Methodology

If Reset Option Interest Payoff Feature is specified in the applicable Final Terms to be applicable, the Qualifying Securityholders may, at their option, elect to switch the basis on which interest is calculated in accordance with these Reset Option Interest Payoff Feature Conditions (the **Reset Option**).

The Qualifying Securityholders may, at their option, deliver a Potential Switch Notice (with a copy to the Principal Paying Agent) on any Business Day on or prior to a Reset Notice Date. A Potential Switch Notice must include (a) evidence reasonably satisfactory to the Issuer of the relevant Securityholder's holding of the Securities to which the Potential Switch Notice relates and (b) confirmation from the relevant clearing system that such Securities are blocked in the relevant Securityholder's account together with the Securityholder's undertaking that such Securities shall remain so blocked until two Business Days after the date on which a Reset Notification is delivered by the Issuer.

If the Potential Switch Notice is received by the Issuer prior to the Reset Notice Time on the relevant Business Day, the Issuer will deliver a Reset Notification no later than the Reset Notification Time on that Business Day, otherwise, the Issuer will deliver a Reset Notification no later than the Reset Notice Time on the next following Business Day. If the Reset Notice Time or Reset Notification Time is specified as 'Not Applicable' in the applicable Final Terms, no later than two (2) Business Days after receipt of the Potential Switch Notice, the relevant Issuer will deliver a Reset Notification.

The Qualifying Securityholders will, at their option, no later than two (2) Business Days after receipt of the Reset Notification, deliver to the relevant Issuer (with a copy to the Principal Paying Agent) a notice (a **Reset Switch Notice**) confirming the exercise of the Reset Option, following which the basis for calculating interest set out in the Reset Notification will apply to the Securities in respect of the next Interest Accrual Period and each subsequent Interest Accrual Period until the Qualifying Securityholders deliver another Potential Switch Notice (if any). A Reset Switch Notice must include (a) evidence reasonably satisfactory to the Issuer of the relevant Securityholder's holding of the Securities to which the Reset Switch Notice relates and (b) confirmation from the relevant clearing system that such Securities are blocked in the relevant Securityholder's account together with the Securityholder's undertaking that such Securities shall remain so blocked until two Business Days after the Reset Switch Date.

The Qualifying Securityholders may exercise the Reset Option Interest Payoff Feature the Reset Option Number of occasions during the life of the Securities. For the avoidance of doubt, following the exercise by the Qualifying Securityholders of the Reset Option on such number of occasions equal to the Reset Option Number of times, the interest applicable to the Securities will be calculated in accordance with the last validly exercised Reset Option.

Accordingly, if a Reset Switch Date occurs, the interest applicable to the Securities and applicable to the Interest Accrual Period from (and including) such Reset Switch Date and for each subsequent Interest Accrual Period shall be determined by the Calculation Agent, in accordance with the basis for calculating interest set out in the relevant Reset Notification, subject to any further exercise by the Qualifying Securityholders in accordance with these Reset Option Interest Payoff Feature Conditions.

Payoff Feature Conditions: Part A: Chapter 14: Single Interest Payment Date Payoff Feature Conditions

This chapter sets out additional terms and conditions for Securities in respect of which the applicable Final Terms specify Single Interest Payment Date Payoff Feature to be applicable.

*The following terms and conditions (the **Single Interest Payment Date Payoff Feature Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Single Interest Payment Date Payoff Feature (the **Single Interest Payment Date Payoff Feature**) is applicable. These Single Interest Payment Date Payoff Feature Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Single Interest Payment Date Payoff Feature Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms. You should also refer to the relevant Conditions for an explanation of how to calculate the Interest Amount.

14 SINGLE INTEREST PAYMENT DATE PAYOFF FEATURE

The sum of all Interest Amounts (if any) will be paid on the Single Interest Payment Date. For the avoidance of doubt, the investor will not be entitled to any interest on any Interest Amount determined on an Interest Determination Date for the relevant Interest Accrual Period provided that the Single Interest Amount is paid in full on the Single Interest Payment Date.

14.1 Definitions and interpretation

For the purposes of these Single Interest Payment Date Payoff Feature Conditions, the following terms shall have the following meanings:

Interest Amount has the meaning set out in General Condition 24 (*Definitions*).

Interest Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Interest Payment Date has the meaning set out in General Condition 24 (*Definitions*).

Single Interest Payment Date means each date specified as such in the applicable Final Terms, and each such date shall be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

14.2 Methodology

If Single Interest Payment Date Payoff Feature is specified in the applicable Final Terms to be applicable, notwithstanding that multiple Interest Payment Dates are specified in the Final Terms and used in the determination of the Interest Amount, (a) each Interest Amount will not be paid on the relevant Interest Payment Date, and (b) an amount equal to the sum of all Interest Amounts (the **Single Interest Amount**) will be paid on the Single Interest Payment Date. For the avoidance of doubt, the investor will not be entitled to any interest on any Interest Amount determined on an Interest Determination Date for the relevant Interest Accrual Period provided that the Single Interest Amount is paid in full on the Single Interest Payment Date.

Payoff Feature Conditions: Part B: Chapter 1: Global Cap Payoff Feature Conditions

This chapter sets out additional terms and conditions for Securities in respect of which the applicable Final Terms specify Global Cap Payoff Feature to be applicable.

*The following terms and conditions (the **Global Cap Payoff Feature Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Global Cap Payoff Feature (the **Global Cap Payoff Feature**) is applicable. These Global Cap Payoff Feature Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Global Cap Payoff Feature Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

1 GLOBAL CAP PAYOFF FEATURE

The amount payable on the Redemption Date or an Instalment Date may be reduced by (in the case of the Final Redemption Amount) an amount equal to the Global Cap Amount or (in the case of each Instalment Redemption Amount) the Instalment Cap. The value of an underlying may therefore affect the amount payable on the Redemption Date or an Instalment Date, as the case may be, if the interest amounts are calculated by reference to the value of an underlying.

1.1 Definitions and interpretation

For the purposes of these Global Cap Payoff Feature Conditions, the following terms shall have the following meanings:

Σ Previous Coupons means the sum of all Interest Amounts (paid in respect of (a) in the case of Securities represented by a Global Security, the aggregate outstanding nominal amount of the Securities and (b) in the case of each Security in definitive form, the product of the Calculation Amount and the Calculation Amount Factor) calculated up to and including the Redemption Date or the relevant Instalment Date, as the case may be.

Calculation Amount Factor has the meaning set out in General Condition 24 (*Definitions*).

Final Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Global Cap Amount means an amount determined by the Calculation Agent in accordance with the following formula:

$$\text{Max}(0, \Sigma \text{ Previous Coupons} - \text{Strike Price})$$

Global Security Calculation Amount Factor means a number equal to the aggregate outstanding nominal amount of the Securities divided by the Calculation Amount.

Instalment Cap means, (i) in respect of the first Instalment Redemption Amount, the Global Cap Amount and (ii) in respect of each subsequent Instalment Redemption Amount, an amount equal to the Global Cap Amount minus the aggregate of all amounts that have been deducted from all previous Instalment Redemption Amounts pursuant to Global Cap Payoff Feature Condition 1.2(b), subject to a minimum of zero (0).

Instalment Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Instalment Date has the meaning set out in General Condition 24 (*Definitions*).

Interest Amount has the meaning set out in General Condition 24 (*Definitions*).

Redemption Date has the meaning set out in General Condition 24 (*Definitions*).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example $\text{Max}(X,Y)$ means whichever is the greater of component X and component Y.

Specified Currency has the meaning set out in General Condition 24 (*Definitions*).

Strike Price means an amount in the Specified Currency per Calculation Amount specified as such in the applicable Final Terms, which shall be multiplied by:

- (a) in the case of Securities represented by a Global Security, the Global Security Calculation Amount Factor; or
- (b) in the case of a Security in definitive form, the Calculation Amount Factor.

1.2 Methodology

If Global Cap Payoff Feature is specified in the applicable Final Terms to be applicable

- (a) the Final Redemption Amount shall be an amount calculated following the subtraction of an amount equal to the Global Cap Amount, subject to a minimum of zero; or
- (b) each Instalment Redemption Amount shall be an amount calculated following the subtraction of an amount equal to the Instalment Cap, subject to a minimum of zero.

Payoff Feature Conditions: Part B: Chapter 2: Global Floor Payoff Feature Conditions

This chapter sets out additional terms and conditions for Securities in respect of which the applicable Final Terms specify Global Floor Payoff Feature to be applicable.

*The following terms and conditions (the **Global Floor Payoff Feature Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Global Floor Payoff Feature (the **Global Floor Payoff Feature**) is applicable. These Global Floor Payoff Feature Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Global Floor Payoff Feature Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

2 GLOBAL FLOOR PAYOFF FEATURE

The amount payable on the Redemption Date or the final Instalment Date, as the case may be, may be increased by an amount equal to the Global Floor Amount. The value of an underlying may therefore affect the amount payable on the Redemption Date or the final Instalment Date, as the case may be, if the interest amounts are calculated by reference to the value of an underlying.

2.1 Definitions and interpretation

For the purposes of these Global Floor Payoff Feature Conditions, the following terms shall have the following meanings:

Σ Previous Coupons means the sum of all Interest Amounts (paid in respect of (a) in the case of Securities represented by a Global Security, the aggregate outstanding nominal amount of the Securities and (b) in the case of each Security in definitive form, the product of the Calculation Amount and the Calculation Amount Factor) calculated up to and including the Redemption Date or the final Instalment Date, as the case may be.

Calculation Amount Factor has the meaning set out in General Condition 24 (*Definitions*).

Final Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Global Floor Amount means an amount determined by the Calculation Agent in accordance with the following formula:

$$\text{Max}(0, \text{Strike Price} - \Sigma \text{Previous Coupons})$$

Global Security Calculation Amount Factor means a number equal to the aggregate outstanding nominal amount of the Securities divided by the Calculation Amount.

Instalment Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Instalment Date has the meaning set out in General Condition 24 (*Definitions*).

Interest Amount has the meaning set out in General Condition 24 (*Definitions*).

Redemption Date has the meaning set out in General Condition 24 (*Definitions*).

Max means the greater of the two amounts or values that follow, the amounts or values being separated by a comma. For example Max(X,Y) means whichever is the greater of component X and component Y.

Specified Currency has the meaning set out in General Condition 24 (*Definitions*).

Strike Price means an amount in the Specified Currency per Calculation Amount specified as such in the applicable Final Terms, which shall be multiplied by:

- (a) in the case of Securities represented by a Global Security, the Global Security Calculation Amount Factor; or
- (b) in the case of a Security in definitive form, the Calculation Amount Factor.

2.2 Methodology

If Global Floor Payoff Feature is specified in the applicable Final Terms to be applicable the Final Redemption Amount or final Instalment Redemption Amount, as the case may be, shall be an amount calculated following the addition of an amount equal to the Global Floor Amount.

Payoff Feature Conditions: Part B: Chapter 3: Dual Currency (Redemption) Payoff Feature Conditions

This chapter sets out additional terms and conditions for Securities in respect of which the applicable Final Terms specify Dual Currency (Redemption) Payoff Feature to be applicable.

*The following terms and conditions (the **Dual Currency (Redemption) Payoff Feature Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Dual Currency (Redemption) Payoff Feature (the **Dual Currency (Redemption) Payoff Feature**) is applicable. These Dual Currency (Redemption) Payoff Feature Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Dual Currency (Redemption) Payoff Feature Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

3 DUAL CURRENCY (REDEMPTION) PAYOFF FEATURE

If Dual Currency (Redemption) Payoff Feature is applicable the amount payable on redemption will be payable in any one of the applicable Redemption Currencies.

3.1 Definitions and interpretation

For the purposes of these Dual Currency (Redemption) Payoff Feature Conditions, the following terms shall have the following meanings:

Dual Currency Method means (i) if 'multiplication' is specified in the applicable Final Terms, multiplying the Final Redemption Amount, Early Redemption Amount or Instalment Redemption Amount, as the case may be, by the relevant Dual Currency (Redemption) Exchange Rate or (ii) if 'division' is specified in the applicable Final Terms, dividing the Final Redemption Amount, Early Redemption Amount or Instalment Redemption Amount, as the case may be, by the relevant Dual Currency (Redemption) Exchange Rate.

Dual Currency (Redemption) Exchange Rate means, with respect to a Redemption Currency, the rate determined in accordance with the definition of "FX Rate" provided for in the FX Linked Asset Conditions. For this purpose, the FX Linked Asset Conditions are incorporated in, and apply *mutatis mutandis* (as though such provisions were set out in full herein) to, these Dual Currency (Redemption) Payoff Feature Conditions subject to the following:

- references to the FX Rate shall be deemed to be references to the Dual Currency (Redemption) Exchange Rate;
- references to the Base Currency shall be deemed to be references to the Specified Currency;
- references to the Reference Currency shall be deemed to be references to the relevant Redemption Currency; and
- references to a relevant Observation Date shall be deemed to be references to the Redemption Determination Date.

Early Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Early Redemption Date has the meaning set out in General Condition 24 (*Definitions*).

Final Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Instalment Date has the meaning set out in General Condition 24 (*Definitions*).

Instalment Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Redemption Date has the meaning set out in General Condition 24 (*Definitions*).

Redemption Currency means, with respect to a Redemption Determination Date each currency specified as such in the applicable Final Terms.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Specified Currency has the meaning set out in General Condition 24 (*Definitions*).

3.2 Methodology

If Dual Currency (Redemption) Payoff Feature is specified in the applicable Final Terms as applicable:

- the redemption amount payable on the Redemption Date, Early Redemption Date or Instalment Date, as the case may be (or, as applicable, on any other relevant payment date), will be payable in any one of the applicable Redemption Currencies;
- the Calculation Agent will determine the redemption amount to be paid in accordance with the Dual Currency Method on the relevant date on which the Final Redemption Amount, Early Redemption Amount or each Instalment Redemption Amount, as the case may be (or, as applicable, on any other relevant redemption amount), is to be determined; and
- any reference to the Specified Currency for the purpose of payment of redemption amount in respect of the Securities will be deemed to be a reference to any of the Redemption Currencies.

Payoff Feature Conditions: Part B: Chapter 4: Investor Redemption Switch Payoff Feature Conditions

This chapter sets out additional terms and conditions for Securities in respect of which the applicable Final Terms specify Investor Redemption Switch Payoff Feature to be applicable.

*The following terms and conditions (the **Investor Redemption Switch Payoff Feature Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Investor Redemption Switch Payoff Feature (**Investor Redemption Switch Payoff Feature**) is applicable. These Investor Redemption Switch Payoff Feature Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Investor Redemption Switch Payoff Feature Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

4 INVESTOR REDEMPTION SWITCH PAYOFF FEATURE

All Securityholders acting together may at their option (once during the life of the Securities) request or, as applicable, elect to switch the basis on which the Final Redemption Amount or the Instalment Redemption Amount, as the case may be, is calculated from (i) calculation of the Redemption Payoff using Linked Redemption₁ to (ii) calculation of the Redemption Payoff using Linked Redemption₂, by sending a notice on or prior to an Investor Redemption Switch Expiry Date. You should also refer to the relevant Standard Payoff Conditions or Combination Payoff Conditions for an explanation of how to calculate the Redemption Payoff calculated using the relevant Standard Redemption Payoff or Combination Redemption Payoff referred to for this Payoff Feature Condition.

4.1 Definitions and interpretation

For the purposes of these Investor Redemption Switch Payoff Feature Conditions, the following terms shall have the following meanings:

Business Day has the meaning set out in General Condition 24 (*Definitions*).

Combination Redemption Payoff has the meaning set out in General Condition 24 (*Definitions*).

Early Redemption Date has the meaning set out in General Condition 24 (*Definitions*).

Final Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Instalment Date has the meaning set out in General Condition 24 (*Definitions*).

Instalment Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Investor Redemption Switch Date means the Redemption Determination Date on which the Investor Redemption Switch Option will take effect, which shall be the Redemption Determination Date immediately following receipt by the Issuer of an Investor Redemption Switch Notice given in accordance with these Investor Redemption Switch Payoff Feature Conditions.

Investor Redemption Switch Expiry Date means the date that is ten (10) Business Days, or such other number of Business Days specified in the applicable Final Terms, prior to the relevant Redemption Determination Date.

Investor Redemption Switch Notice means a written notice given by the Qualifying Securityholders to the relevant Issuer (with a copy to the Principal Paying Agent) in accordance with General Condition 14 (*Notices*) designating the exercise of the Investor Redemption Switch Option on the Investor Redemption Switch Date and, as the case may be, Linked Redemption₂.

Linked Redemption₁ means the Standard Redemption Payoff or Combination Redemption Payoff specified as such in the applicable Final Terms.

Linked Redemption₂ means the Standard Redemption Payoff or Combination Redemption Payoff (i) specified as such in the applicable Final Terms or (b) to be specified as such in the Investor Redemption Switch Notice, as indicated in the Final Terms..

Redemption Date has the meaning set out in General Condition 24 (*Definitions*).

Qualifying Securityholders means the Securityholders holding 100 per cent. of the aggregate nominal amount of the Securities outstanding.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption Payoff has the meaning set out in General Condition 24 (*Definitions*).

4.2 Methodology

If Investor Redemption Switch Payoff Feature is specified in the applicable Final Terms to be applicable, the Qualifying Securityholders may, at their option, request (where Linked Redemption₂ is to be specified as such in the Investor Redemption Switch Notice) or elect (where Linked Redemption₂ is specified as such in the applicable Final Terms) to switch the basis on which the Final Redemption Amount or the Instalment Redemption Amount, as the case may be, is calculated from Linked Redemption₁ to Linked Redemption₂ (the **Investor Redemption Switch Option**) upon the Qualifying Securityholders delivering an Investor Redemption Switch Notice on or prior to an Investor Redemption Switch Expiry Date designating an Investor Redemption Switch Date and, if applicable, Linked Redemption₂. The Qualifying Securityholders may exercise the Investor Redemption Switch Option in accordance with the frequency provided for in the applicable Final Terms.

An Investor Redemption Switch Notice must include (a) evidence reasonably satisfactory to the Issuer of the relevant Securityholder's holding of the Securities to which the Investor Redemption Switch Notice relates and (b) confirmation from the relevant clearing system that such Securities are blocked in the relevant Securityholder's account together with the Securityholder's undertaking that such Securities shall remain so blocked until two Business Days after the Investor Redemption Switch Date.

Accordingly, the Redemption Payoff applicable to the Securities shall be determined by the Calculation Agent:

- (a) if Linked Redemption₂ is specified as such in the applicable Final Terms
 - (i) if the Qualifying Securityholders have delivered a valid Investor Redemption Switch Notice in accordance with these Investor Redemption Switch Payoff Feature Conditions
 - (1) in the case of Securities other than Instalment Securities, in accordance with Linked Redemption₂; or
 - (2) in the case of Instalment Securities, on each Instalment Date up to (but excluding) the Investor Redemption Switch Date, in accordance with Linked Redemption₁ and on each Instalment Date from (and including) the Investor Redemption Switch Date, in accordance with Linked Redemption₂;
 - (ii) if the Qualifying Securityholders have not delivered a valid Investor Redemption Switch Notice in accordance with these Investor Redemption Switch Payoff Feature Conditions

- (1) in the case of Securities other than Instalment Securities, in accordance with Linked Redemption₁; or
 - (2) in the case of Instalment Securities, on each Instalment Date, in accordance with Linked Redemption₁;
- (b) if Linked Redemption₂ is to be specified as such in the Investor Redemption Switch Notice
- (i) if the Issuer accepts Linked Redemption₂ notified in the Investor Redemption Switch Notice
 - (1) in the case of Securities other than Instalment Securities, in accordance with Linked Redemption₂; or
 - (2) in the case of Instalment Securities, on each Instalment Date up to (but excluding) the Investor Redemption Switch Date, in accordance with Linked Redemption₁ and on each Instalment Date from (and including) the Investor Redemption Switch Date, in accordance with Linked Redemption₂;
 - (ii) if the Issuer does not accept Linked Redemption₂ notified in the Investor Redemption Switch Notice
 - (1) in the case of Securities other than Instalment Securities, in accordance with Linked Redemption₁; or
 - (2) in the case of Instalment Securities, on each Instalment Date, in accordance with Linked Redemption₁.

Payoff Feature Conditions: Part B: Chapter 5: Issuer Redemption Switch Payoff Feature Conditions

This chapter sets out additional terms and conditions for Securities in respect of which the applicable Final Terms specify Issuer Redemption Switch Payoff Feature to be applicable.

*The following terms and conditions (the **Issuer Redemption Switch Payoff Feature Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Issuer Redemption Switch Payoff Feature (the **Issuer Redemption Switch Payoff Feature**) is applicable. These Issuer Redemption Switch Payoff Feature Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Issuer Redemption Switch Payoff Feature Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

5 ISSUER REDEMPTION SWITCH PAYOFF FEATURE

The relevant Issuer may at its option (once during the life of the Securities) elect to switch the basis on which the Final Redemption Amount or the Instalment Redemption Amount, as the case may be, is calculated from (i) calculation of the Redemption Payoff using Linked Redemption₁ to (ii) calculation of the Redemption Payoff using Linked Redemption₂, by sending a notice on or prior to an Issuer Redemption Switch Expiry Date. You should also refer to the relevant Standard Payoff Conditions or Combination Payoff Conditions for an explanation of how to calculate the Redemption Payoff calculated using the relevant Standard Redemption Payoff or Combination Payoff Conditions referred to for this Payoff Feature Condition.

5.1 Definitions and interpretation

For the purposes of these Issuer Redemption Switch Payoff Feature Conditions, the following terms shall have the following meanings:

Business Day has the meaning set out in General Condition 24 (*Definitions*).

Combination Redemption Payoff has the meaning set out in General Condition 24 (*Definitions*).

Early Redemption Date has the meaning set out in General Condition 24 (*Definitions*).

Final Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Instalment Date has the meaning set out in General Condition 24 (*Definitions*).

Instalment Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Issuer Redemption Switch Date means the Redemption Determination Date on which the Issuer Redemption Switch Option will take effect, which shall be the first Redemption Determination Date immediately following the date of an Issuer Redemption Switch Notice given in accordance with these Issuer Redemption Switch Payoff Feature Conditions.

Issuer Redemption Switch Expiry Date means the date that is ten (10) Business Days, or such other number of Business Days specified in the applicable Final Terms, prior to the relevant Redemption Determination Date.

Issuer Redemption Switch Notice means a written notice given by the relevant Issuer to the Securityholders (with a copy to the Principal Paying Agent) in accordance with General Condition 14 (*Notices*) designating the exercise of the Issuer Redemption Switch Option on the Issuer Redemption Switch Date.

Linked Redemption₁ means the Standard Redemption Payoff or Combination Redemption Payoff specified as such in the applicable Final Terms.

Linked Redemption₂ means the Standard Redemption Payoff or Combination Redemption Payoff specified as such in the applicable Final Terms.

Redemption Date has the meaning set out in General Condition 24 (*Definitions*).

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Redemption Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption Payoff has the meaning set out in General Condition 24 (*Definitions*).

5.2 Methodology

If Issuer Redemption Switch Payoff Feature is specified in the applicable Final Terms to be applicable, the relevant Issuer may, at its option, elect to switch the basis on which the Final Redemption Amount or the Instalment Redemption Amount, as the case may be, is calculated from Linked Redemption₁ to Linked Redemption₂ (the **Issuer Redemption Switch Option**) upon the relevant Issuer delivering an Issuer Redemption Switch Notice on or prior to an Issuer Redemption Switch Expiry Date designating the exercise of the Issuer Redemption Switch Option, provided that no Issuer Redemption Switch Notice may be given on or after the occurrence of an Early Redemption Date. The relevant Issuer may exercise the Issuer Redemption Switch Option once only during the life of the Securities.

Accordingly, the Redemption Payoff applicable to the Securities in respect of the Final Redemption Amount or the Instalment Redemption Amount, as the case may be, shall be determined by the Calculation Agent:

- (a) in the case of Securities (other than Instalment Securities), if the relevant Issuer has not delivered a valid Issuer Redemption Switch Notice in accordance with these Issuer Redemption Switch Payoff Feature Conditions, in accordance with Linked Redemption₁;
- (b) in the case of Securities (other than Instalment Securities), if the relevant Issuer has delivered a valid Issuer Redemption Switch Notice in accordance with these Issuer Redemption Switch Payoff Feature Conditions, in accordance with Linked Redemption₂;
- (c) in the case of Instalment Securities, on each Redemption Determination Date up to (but excluding) the Issuer Redemption Switch Date, in respect of each corresponding Instalment Date (or, if the relevant Issuer has not delivered a valid Issuer Redemption Switch Notice in accordance with these Issuer Redemption Switch Payoff Feature Conditions), in accordance with Linked Redemption₁; or
- (d) in the case of Instalment Securities, on each Redemption Determination Date from (and including) the Issuer Redemption Switch Date, in respect of each corresponding Instalment Date in accordance with Linked Redemption₂.

Payoff Feature Conditions: Part B: Chapter 6: Knock-out Redemption Switch Payoff Feature Conditions

This chapter sets out additional terms and conditions for Securities in respect of which the applicable Final Terms specify Knock-out Redemption Switch Payoff Feature to be applicable.

*The following terms and conditions (the **Knock-out Redemption Switch Payoff Feature Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Knock-out Redemption Switch Payoff Feature (the **Knock-out Redemption Switch Payoff Feature**) is applicable. These Knock-out Redemption Switch Payoff Feature Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Knock-out Redemption Switch Payoff Feature Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

6 KNOCK-OUT REDEMPTION SWITCH PAYOFF FEATURE

The basis on which the Final Redemption Amount or the Instalment Redemption Amount, as the case may be, is calculated will automatically switch from (i) calculation of the Redemption Payoff using Linked Redemption₁ to (ii) calculation of the Redemption Payoff using Linked Redemption₂ if on (if Specified Dates is applicable) any Knock-out Redemption Switch Observation Date, or (if American is applicable) at any time during the Knock-out Redemption Switch Observation Period the Underlying_{KO} Value is within the relevant Range. The Underlying_{KO} Value reflects the price, level or rate of the Underlying_{KO} (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying_{KO} will therefore affect which Standard Payoff Condition or Combination Payoff Condition, as applicable, is used to calculate the Redemption Payoff applicable to the Securities. For the avoidance of doubt, a Knock-out Redemption Switch can occur once only during the life of the Securities. You should also refer to the relevant Standard Payoff Conditions or Combination Payoff Conditions for an explanation of how to calculate the Redemption Payoff calculated using the relevant Standard Redemption Payoff or Combination Redemption Payoff referred to for this Payoff Feature Condition.

6.1 Definitions and interpretation

For the purposes of these Knock-out Redemption Switch Payoff Feature Conditions, the following terms shall have the following meanings:

Combination Redemption Payoff has the meaning set out in General Condition 24 (*Definitions*).

Final Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Instalment Date has the meaning set out in General Condition 24 (*Definitions*).

Instalment Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Knock-out Redemption Switch Date means the Redemption Determination Date immediately following the occurrence of a Knock-out Redemption Switch Event.

Knock-out Redemption Switch Event means that the Underlying_{KO} Value is within the Range on (a) if Specified Dates is specified as applicable in the applicable Final Terms, any Knock-out Redemption Switch Observation Date, or (b) if American is specified as applicable in the applicable Final Terms, at any time during the Knock-out Redemption Switch Observation Period.

Knock-out Redemption Switch Notice means a written notice given by the relevant Issuer to the Securityholders (with a copy to the Principal Paying Agent) in accordance with General Condition 14 (*Notices*) informing the Securityholders of the occurrence of a Knock-out Redemption Switch Event.

Knock-out Redemption Switch Observation Date means each date specified as such in the applicable Final Terms and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Knock-out Redemption Switch Observation Period means the period specified as a Knock-out Redemption Switch Observation Period in the applicable Final Terms.

Knock-out Lower Limit means the percentage or number specified as such in the applicable Final Terms.

Knock-out Upper Limit means the percentage or number specified as such in the applicable Final Terms.

Linked Redemption₁ means the Standard Redemption Payoff or Combination Redemption Payoff specified as such in the applicable Final Terms.

Linked Redemption₂ means the Standard Redemption Payoff or Combination Redemption Payoff specified as such in the applicable Final Terms.

Redemption Date has the meaning set out in General Condition 24 (*Definitions*).

Range means any one (only) of any one of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆, as specified in the applicable Final Terms.

Range₁ means that on a Knock-out Redemption Switch Observation Date or at any time during the Knock-out Redemption Switch Observation Period (as the case may be), the Underlying_{KO} Value is greater than or equal to the Knock-out Lower Limit and less than or equal to the Knock-out Upper Limit.

Range₂ means that on a Knock-out Redemption Switch Observation Date or at any time during the Knock-out Redemption Switch Observation Period (as the case may be), the Underlying_{KO} Value is greater than the Knock-out Lower Limit and less than the Knock-out Upper Limit.

Range₃ means that on a Knock-out Redemption Switch Observation Date or at any time during the Knock-out Redemption Switch Observation Period (as the case may be), the Underlying_{KO} Value is greater than or equal to the Knock-out Lower Limit and less than the Knock-out Upper Limit.

Range₄ means that on a Knock-out Redemption Switch Observation Date or at any time during the Knock-out Redemption Switch Observation Period (as the case may be), the Underlying_{KO} Value is greater than the Knock-out Lower Limit and less than or equal to the Knock-out Upper Limit.

Range₅ means that on a Knock-out Redemption Switch Observation Date or at any time during the Knock-out Redemption Switch Observation Period (as the case may be), the Underlying_{KO} Value is less than the Knock-out Lower Limit or greater than the Knock-out Upper Limit.

Range₆ means that on a Knock-out Redemption Switch Observation Date or at any time during the Knock-out Redemption Switch Observation Period (as the case may be), the Underlying_{KO} Value is less than or equal to the Knock-out Lower Limit or greater than or equal to the Knock-out Upper Limit.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption Payoff has the meaning set out in General Condition 24 (*Definitions*).

Underlying_{KO} means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified in the applicable Final Terms.

Underlying_{KO} Value means, with respect to a Knock-out Redemption Switch Observation Date:

- (a) in respect of an Underlying_{KO} which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying_{KO} which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying_{KO} which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying_{KO} which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying_{KO} which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying_{KO} which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying_{KO} which is a Share, the Share Price.

For the avoidance of doubt, the Underlying_{KO} Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying_{KO} Value (if any).

6.2 Methodology

If Knock-out Redemption Switch Payoff Feature is specified to be applicable in the applicable Final Terms, the basis on which the Final Redemption Amount or the Instalment Redemption Amount, as the case may be, is calculated will automatically switch from Linked Redemption₁ to Linked Redemption₂ (a **Knock-out Redemption Switch**) if during the life of the Securities a Knock-out Redemption Switch Event occurs. The relevant Issuer shall, as soon as reasonably practical following the occurrence of a Knock-out Redemption Switch Event, deliver a Knock-out Redemption Switch Notice. For the avoidance of doubt, a Knock-out Redemption Switch can occur once only during the life of the Securities.

The Redemption Payoff applicable to the Securities in respect of the Final Redemption Amount or the Instalment Redemption Amount, as the case may be, shall be determined by the Calculation Agent:

- (a) in the case of Securities (other than Instalment Securities), if a Knock-out Redemption Switch Event has not occurred in accordance with these Knock-out Redemption Switch Payoff Feature Conditions, in accordance with Linked Redemption₁;
- (b) in the case of Securities (other than Instalment Securities), if a Knock-out Redemption Switch Event has occurred in accordance with these Knock-out Redemption Switch Payoff Feature Conditions, in accordance with Linked Redemption₂;
- (c) in the case of Instalment Securities, on each Redemption Determination Date up to (but excluding) the Knock-out Redemption Switch Date, in respect of each corresponding Instalment Date (or, if a Knock-out Redemption Switch Event has not occurred in accordance with these Knock-out Redemption Switch Payoff Feature Conditions), in accordance with Linked Redemption₁; or
- (d) in the case of Instalment Securities, on each Redemption Determination Date from (and including) the Knock-out Redemption Switch Date, in respect of each corresponding Instalment Date in accordance with Linked Redemption₂.

Payoff Feature Conditions: Part B: Chapter 7: Knock-out Basket Redemption Switch Payoff Feature Conditions

This chapter sets out additional terms and conditions for Securities in respect of which the applicable Final Terms specify Knock-out Basket Redemption Switch Payoff Feature to be applicable.

*The following terms and conditions (the **Knock-out Basket Redemption Switch Payoff Feature Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Knock-out Basket Redemption Switch Payoff Feature (the **Knock-out Basket Redemption Switch Payoff Feature**) is applicable. These Knock-out Basket Redemption Switch Payoff Feature Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Knock-out Basket Redemption Switch Payoff Feature Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

7 KNOCK-OUT BASKET REDEMPTION SWITCH PAYOFF FEATURE

The basis on which the Final Redemption Amount or the Instalment Redemption Amount, as the case may be, is calculated will automatically switch from (i) calculation of the Redemption Payoff using Linked Redemption₁ to (ii) calculation of the Redemption Payoff using Linked Redemption₂ if on (if Specified Dates is applicable) any Knock-out Basket Redemption Switch Observation Date, or (if American is applicable) at any time during the Knock-out Basket Redemption Switch Observation Period the Basket Value is within the relevant Range. Basket_{KO} Value means the sum of the individual products of Leverage_i and the Underlying Value of each Underlying_i, observed on a relevant date. The Underlying Value reflects the price, level or rate of the relevant Underlying (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of each Underlying_i multiplied by the relevant leverage will therefore affect which Standard Payoff Condition or Combination Payoff Condition, as applicable, is used to calculate the Redemption Payoff applicable to the Securities. For the avoidance of doubt, a Knock-out Basket Redemption Switch can occur once only during the life of the Securities. You should also refer to the relevant Standard Payoff Conditions or Combination Payoff Conditions for an explanation of how to calculate the Redemption Payoff calculated using the relevant Standard Redemption Payoff or Combination Redemption Payoff referred to for this Payoff Feature Condition.

7.1 Definitions and interpretation

For the purposes of these Knock-out Basket Redemption Switch Payoff Feature Conditions, the following terms shall have the following meanings:

Basket_{KO} Value means, with respect to a Knock-out Basket Redemption Switch Observation Date or at any time during the Knock-out Basket Redemption Switch Observation Period, as applicable, $\sum (\text{Leverage}_i \times \text{Underlying Value}_i)$.

Combination Redemption Payoff has the meaning set out in General Condition 24 (*Definitions*).

Final Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Instalment Date has the meaning set out in General Condition 24 (*Definitions*).

Instalment Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Knock-out Basket Redemption Switch Date means the Redemption Determination Date immediately following the occurrence of a Knock-out Basket Redemption Switch Event.

Knock-out Basket Redemption Switch Event means that the $\text{Basket}_{\text{KO}}$ Value is within the Range on (a) if Specified Dates is specified as applicable in the applicable Final Terms, any Knock-out Basket Redemption Switch Observation Date, or (b) if American is specified as applicable in the applicable Final Terms, at any time during the Knock-out Basket Redemption Switch Observation Period.

Knock-out Basket Redemption Switch Notice means a written notice given by the relevant Issuer to the Securityholders (with a copy to the Principal Paying Agent) in accordance with General Condition 14 (*Notices*) informing the Securityholders the Securityholders of the occurrence of a Knock-out Basket Redemption Switch Event.

Knock-out Basket Redemption Switch Observation Date means each date specified as such in the applicable Final Terms and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Knock-out Basket Redemption Switch Observation Period means the period specified as a Knock-out Basket Redemption Switch Observation Period in the applicable Final Terms.

Knock-out Basket Lower Limit means the percentage or number specified as such in the applicable Final Terms.

Knock-out Basket Upper Limit means the percentage or number specified as such in the applicable Final Terms.

Leverage_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i. For the avoidance of doubt, this may have a positive or negative value or, in the case of a number, may be one (1).

Linked Redemption₁ means the Standard Redemption Payoff or Combination Redemption Payoff specified as such in the applicable Final Terms.

Linked Redemption₂ means the Standard Redemption Payoff or Combination Redemption Payoff specified as such in the applicable Final Terms.

Redemption Date has the meaning set out in General Condition 24 (*Definitions*).

Range means any one (only) of any one of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆, as specified in the applicable Final Terms.

Range₁ means that on a Knock-out Basket Redemption Switch Observation Date or at any time during the Knock-out Basket Redemption Switch Observation Period (as the case may be), the $\text{Basket}_{\text{KO}}$ Value is greater than or equal to the Knock-out Basket Lower Limit and less than or equal to the Knock-out Basket Upper Limit.

Range₂ means that on a Knock-out Basket Redemption Switch Observation Date or at any time during the Knock-out Basket Redemption Switch Observation Period (as the case may be), the $\text{Basket}_{\text{KO}}$ Value is greater than the Knock-out Basket Lower Limit and less than the Knock-out Basket Upper Limit.

Range₃ means that on a Knock-out Basket Redemption Switch Observation Date or at any time during the Knock-out Basket Redemption Switch Observation Period (as the case may be), the $\text{Basket}_{\text{KO}}$ Value is greater than or equal to the Knock-out Basket Lower Limit and less than the Knock-out Basket Upper Limit.

Range₄ means that on a Knock-out Basket Redemption Switch Observation Date or at any time during the Knock-out Basket Redemption Switch Observation Period (as the case may be), the $\text{Basket}_{\text{KO}}$

Value is greater than the Knock-out Basket Lower Limit and less than or equal to the Knock-out Basket Upper Limit.

Range₅ means that on a Knock-out Basket Redemption Switch Observation Date or at any time during the Knock-out Basket Redemption Switch Observation Period (as the case may be), the Basket_{KO} Value is less than the Knock-out Basket Lower Limit or greater than the Knock-out Basket Upper Limit.

Range₆ means that on a Knock-out Basket Redemption Switch Observation Date or at any time during the Knock-out Basket Redemption Switch Observation Period (as the case may be), the Basket_{KO} Value is less than or equal to the Knock-out Basket Lower Limit or greater than or equal to the Knock-out Basket Upper Limit.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Redemption Payoff has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption Payoff has the meaning set out in General Condition 24 (*Definitions*).

Underlying means any Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, specified in the applicable Final Terms, each an Underlying.

Underlying_i means each Underlying corresponding to an i specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i together will constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Knock-out Basket Redemption Switch Observation Date:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means the Underlying Value of the Underlying_i.

Σ means the sum of the values, which follow in brackets.

Σ (**Leverage_i x Underlying Value_i**) means the sum of the individual products of the Leverage_i and the Underlying Value_i for each i .

7.2 Methodology

If Knock-out Basket Redemption Switch Payoff Feature is specified to be applicable in the applicable Final Terms, the basis on which the Final Redemption Amount or the Instalment Redemption Amount, as the case may be, is calculated will automatically switch from Linked Redemption₁ to Linked

Redemption₂ (a **Knock-out Basket Redemption Switch**) if during the life of the Securities a Knock-out Basket Redemption Switch Event occurs. The relevant Issuer shall, as soon as reasonably practical following the occurrence of a Knock-out Basket Redemption Switch Event, deliver a Knock-out Basket Redemption Switch Notice. For the avoidance of doubt, a Knock-out Basket Redemption Switch can occur once only during the life of the Securities.

The Redemption Payoff applicable to the Securities in respect of the Final Redemption Amount or the Instalment Redemption Amount, as the case may be, shall be determined by the Calculation Agent:

- (a) in the case of Securities (other than Instalment Securities), if a Knock-out Basket Redemption Switch Event has not occurred in accordance with these Knock-out Basket Redemption Switch Payoff Feature Conditions, in accordance with Linked Redemption₁;
- (b) in the case of Securities (other than Instalment Securities), if a Knock-out Basket Redemption Switch Event has occurred in accordance with these Knock-out Basket Redemption Switch Payoff Feature Conditions, in accordance with Linked Redemption₂;
- (c) in the case of Instalment Securities, on each Redemption Determination Date up to (but excluding) the Knock-out Basket Redemption Switch Date, in respect of each corresponding Instalment Date (or, if a Knock-out Basket Redemption Switch Event has not occurred in accordance with these Knock-out Basket Redemption Switch Payoff Feature Conditions), in accordance with Linked Redemption₁; or
- (d) in the case of Instalment Securities, on each Redemption Determination Date from (and including) the Knock-out Basket Redemption Switch Date, in respect of each corresponding Instalment Date in accordance with Linked Redemption₂.

Payoff Feature Conditions: Part B: Chapter 8: Shout Option Performance Lock-in Redemption Payoff Feature Conditions

This chapter sets out additional terms and conditions for Securities in respect of which the applicable Final Terms specify Shout Option Performance Lock-in Redemption Payoff Feature to be applicable.

*The following terms and conditions (the **Shout Option Performance Lock-in Redemption Payoff Feature Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Shout Option Performance Lock-in Redemption Payoff Feature (the **Shout Option Performance Lock-in Redemption Payoff Feature**) is applicable. These Shout Option Performance Lock-in Redemption Payoff Feature Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Shout Option Performance Lock-in Redemption Payoff Feature Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

8 SHOUT OPTION PERFORMANCE LOCK-IN REDEMPTION PAYOFF FEATURE

All Securityholders acting together may request to fix the Underlying Value of each relevant Underlying for the purposes of the determination of the Redemption Payoff applicable to the Securities in respect of the Final Redemption Amount or the relevant Instalment Redemption Amount, as the case may be, for the immediately following Redemption Determination Date at the Shout Option Performance Lock-in Level by delivering a notice on or before a Shout Option Performance Lock-in Expiry Date. The Issuer has discretion to decline such request or provide the relevant Shout Option Performance Lock-in Level. Each relevant Underlying Value reflects the price, level or rate of the relevant Underlying (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The Qualifying Securityholders may exercise the Performance Lock-in Shout Option once only in respect of each Redemption Determination Date in respect of the Final Redemption Amount or the relevant Instalment Redemption Amount, as the case may be.

8.1 Definitions and interpretation

For the purposes of these Shout Option Performance Lock-in Redemption Payoff Feature Conditions, the following terms shall have the following meanings:

Business Day has the meaning set out in General Condition 24 (*Definitions*).

Combination Payoff Conditions has the meaning set out in General Condition 24 (*Definitions*).

Combination Redemption Payoff has the meaning set out in General Condition 24 (*Definitions*).

Early Redemption Date has the meaning set out in General Condition 24 (*Definitions*).

Final Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Instalment Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Notice Deadline means each time specified as such in the applicable Final Terms.

Potential Shout Option Performance Lock-in Exercise Notice means, with respect to the immediately following Redemption Determination Date, a written notice given by the Qualifying Securityholders to the relevant Issuer (with a copy to the Principal Paying Agent) in accordance with General Condition 14 (*Notices*) designating a Shout Option Performance Date and requesting a Shout Option Performance Lock-in Level.

Qualifying Securityholders means the Securityholders holding 100 per cent. of the aggregate nominal amount of the Securities outstanding.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Redemption Payoff has the meaning set out in General Condition 24 (*Definitions*).

Shout Option Number means two (2) or such other number specified as such in the applicable Final Terms.

Shout Option Performance Date means any Business Day designated as such in the Potential Shout Option Performance Lock-in Exercise Notice which shall be on or prior to the Shout Option Performance Lock-in Expiry Date.

Shout Option Performance Lock-in Expiry Date means any date that falls not later than the date that is ten (10) Business Days, or such other number of Business Days specified in the applicable Final Terms, prior to the relevant Redemption Determination Date.

Shout Option Performance Lock-in Level means, with respect to the immediately following Redemption Determination Date the Underlying Value of each relevant Underlying calculated by the Calculation Agent in respect of the relevant Shout Option Performance Date.

Standard Payoff Conditions has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption Payoff has the meaning set out in General Condition 24 (*Definitions*).

Underlying has the meaning set out in the relevant Standard Payoff Conditions or Combination Payoff Conditions (as the case may be) applicable to the Standard Redemption Payoff or Combination Redemption Payoff specified to be applicable in relation to the then current Redemption Determination Date in the applicable Final Terms.

Underlying Value has the meaning set out in the relevant Standard Payoff Conditions or Combination Payoff Conditions (as the case may be) applicable to the Standard Redemption Payoff or Combination Redemption Payoff specified to be applicable in relation to the then current Redemption Determination Date in the applicable Final Terms.

Underlying Value Notification means, with respect to a Potential Shout Option Performance Lock-in Exercise Notice, a written notice given by the relevant Issuer to the Qualifying Securityholders (with a copy to the Principal Paying Agent) in accordance with General Condition 14 (*Notices*) notifying the Qualifying Securityholders (i) that it declines the request to provide a Shout Option Performance Lock-in Level for the relevant Shout Option Performance Date or (ii) the Shout Option Performance Lock-in Level for the relevant Shout Option Performance Date.

8.2 Methodology

If Shout Option Performance Lock-in Redemption Payoff Feature is specified in the applicable Final Terms to be applicable, the Qualifying Securityholders may, at their option, request to fix the Underlying Value of each relevant Underlying for the purposes of the determination by the Calculation Agent of the Redemption Payoff applicable to the Securities in respect of the Final Redemption Amount or the relevant Instalment Redemption Amount, as the case may be, in accordance with these Shout Option Performance Lock-in Redemption Payoff Feature Conditions (**Performance Lock-in Shout Option**).

The Qualifying Securityholders may at their option, deliver a Potential Shout Option Performance Lock-in Exercise Notice on or before a Shout Option Performance Lock-in Expiry Date provided that

no Potential Shout Option Performance Lock-in Exercise Notice may be given on or after the occurrence of an Early Redemption Date.

A Potential Shout Option Performance Lock-in Exercise Notice must include (a) evidence reasonably satisfactory to the Issuer of the relevant Securityholder's holding of the Securities to which the Potential Shout Option Performance Lock-in Exercise Notice relates and (b) confirmation from the relevant clearing system that such Securities are blocked in the relevant Securityholder's account together with the Securityholder's undertaking that such Securities shall remain so blocked until two Business Days after the delivery of an Underlying Value Notification by the Issuer.

The relevant Issuer has discretion with respect to any Potential Shout Option Performance Lock-in Exercise Notice to (i) decline the request to provide a Shout Option Performance Lock-in Level for the relevant Shout Option Performance Date if in its reasonable opinion the relevant Issuer or its hedging affiliate will not be able to execute the request because of market conditions, time of the request or other reasons which, for the avoidance of doubt, (in which case the delivery of the Potential Shout Option Performance Lock-in Exercise Notice will not constitute exercise of the Performance Lock-in Shout Option), or (ii) provide a Shout Option Performance Lock-in Level for the relevant Shout Option Performance Date (in which case the receipt of a corresponding Shout Option Exercise Notice (as defined below) will constitute exercise of the Performance Lock-in Shout Option). No later than one (1) hour prior to the final time at which the Underlying Value (in relation to Linked Interest Securities or Linked Redemption Securities other than Inflation Linked Securities) is able to be determined in accordance with the relevant Asset Conditions on the date of receipt of the Potential Shout Option Performance Lock-in Exercise Notice if the Potential Shout Option Performance Lock-in Exercise Notice is received before the Notice Deadline on that day or otherwise, no later than the Notice Deadline on the following Business Day, the relevant Issuer will deliver an Underlying Value Notification. In relation to Inflation Linked Securities, no later than two (2) Business Days after receipt of the Potential Shout Option Performance Lock-in Exercise Notice, the relevant Issuer will deliver an Underlying Value Notification.

If in the Underlying Value Notification the relevant Issuer notifies the Qualifying Securityholders of the Shout Option Performance Lock-in Level, the Qualifying Securityholders will, at their option, no later than the date falling the Shout Option Number of Business Days after receipt of such Underlying Value Notification, deliver to the relevant Issuer (with a copy to the Principal Paying Agent) a notice (a **Shout Option Exercise Notice**) confirming the exercise of the Performance Lock-in Shout Option following which, for the immediately following Redemption Determination Date in respect of the Final Redemption Amount or the relevant Instalment Redemption Amount, as the case may be, the Underlying Value of each relevant Underlying for the purposes of the determination by the Calculation Agent of the Redemption Payoff applicable to the Securities will be the Shout Option Performance Lock-in Level.

A Shout Option Exercise Notice must include (a) evidence reasonably satisfactory to the Issuer of the relevant Securityholder's holding of the Securities to which the Shout Option Exercise Notice relates and (b) confirmation from the relevant clearing system that such Securities are blocked in the relevant Securityholder's account together with the Securityholder's undertaking that such Securities shall remain so blocked until two Business Days after the relevant Redemption Determination Date. The Qualifying Securityholders may exercise the Performance Lock-in Shout Option once only in respect of each Redemption Determination Date in respect of the Final Redemption Amount or the relevant Instalment Redemption Amount, as the case may be.

Payoff Feature Conditions: Part B: Chapter 9: Reset Option Redemption Payoff Feature Conditions

This chapter sets out additional terms and conditions for Securities in respect of which the applicable Final Terms specify Reset Option Payoff Feature to be applicable.

*The following terms and conditions (the **Reset Option Redemption Payoff Feature Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Reset Option Redemption Payoff Feature (the **Reset Option Redemption Payoff Feature**) is applicable. These Reset Option Redemption Payoff Feature Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Reset Option Redemption Payoff Feature Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

9 RESET OPTION REDEMPTION PAYOFF FEATURE

All Securityholders acting together may request to change the basis on which the Final Redemption Amount or the Instalment Redemption Amount, as the case may be, is calculated. Following receipt of such request, the Issuer will notify the Qualifying Securityholders of the manner in which it would propose to change the Final Redemption Amount or the Instalment Amount, as the case may be, and the Qualifying Securityholders may agree with the Issuer in implementing such changes, or not. There is no guarantee that any change in the Final Redemption Amount or Instalment Redemption Amount, as the case may be, will be beneficial for Securityholders.

9.1 Definitions and interpretation

For the purposes of these Reset Option Redemption Payoff Feature Conditions, the following terms shall have the following meanings:

Business Day has the meaning set out in General Condition 24 (*Definitions*).

Final Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Instalment Redemption Amount has the meaning set out in General Condition 24 (*Definitions*).

Potential Switch Notice means, with respect to the immediate following Redemption Determination Date, a written notice given by the Qualifying Securityholders to the relevant Issuer (with a copy to the Principal Paying Agent) in accordance with General Condition 14 (*Notices*) requesting a change to the Final Redemption Amount or Instalment Redemption Amount, as the case may be, to be applicable on the next Redemption Determination Date unless the Qualifying Securityholders deliver another Potential Switch Notice (if any), in each case confirmed pursuant to a Reset Switch Notice.

Qualifying Securityholders means the Securityholders holding 100 per cent. of the aggregate nominal amount of the Securities outstanding.

Redemption Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Reset Notification means, with respect to any Potential Switch Notice, a written notice given by the relevant Issuer to the Qualifying Securityholders in accordance with General Condition 24 (*Notices*) notifying the Qualifying Securityholders of the manner in which it would propose to change the Final Redemption Amount or Instalment Redemption Amount.

Reset Notification Date means the number of Business Days, as specified in the applicable Final Terms, after receipt of any Potential Switch Notice by the Issuer.

Reset Notification Time means each time specified as such in the applicable Final Terms.

Reset Notice Date means the date that is such number of Business Days as specified in the applicable Final Terms prior to (a) each Redemption Determination Date or (b) the relevant Redemption Determination Dates, in each case as specified in the applicable Final Terms.

Reset Notice Time means each time specified as such in the applicable Final Terms.

Reset Option Number means the number specified as the Reset Option Number in the applicable Final Terms.

Reset Switch Date means, with respect to a valid Reset Switch Notice, the date on which the Reset Option Redemption Option will take effect which shall be the Redemption Determination Date falling immediately after the receipt by the Issuer of such valid Reset Switch Notice, in accordance with these Reset Option Redemption Payoff Feature Conditions.

Reset Switch Notice has the meaning given to it in Reset Option Redemption Payoff Feature Condition 9.2 (*Methodology*).

9.2 Methodology

If Reset Option Redemption Payoff Feature is specified in the applicable Final Terms to be applicable, the Qualifying Securityholders may, at their option, request to switch the basis on which the Final Redemption Amount or the Instalment Redemption Amount, as the case may be, is calculated in accordance with these Reset Option Redemption Payoff Feature Conditions (the **Reset Option**).

The Qualifying Securityholders may, at their option, deliver a Potential Switch Notice on any Business Day on or prior to a Reset Notice Date. A Potential Switch Notice must include (a) evidence reasonably satisfactory to the Issuer of the relevant Securityholder's holding of the Securities to which the Potential Switch Notice relates and (b) confirmation from the relevant clearing system that such Securities are blocked in the relevant Securityholder's account together with the Securityholder's undertaking that such Securities shall remain so blocked until two Business Days after the date on which a Reset Notification is delivered by the Issuer.

If the Potential Switch Notice is received by the Issuer prior to the Reset Notice Time on the relevant Business Day, the Issuer will deliver a Reset Notification no later than the Reset Notification Time on that Business Day, otherwise, the Issuer will deliver a Reset Notification no later than the Reset Notice Time on the next following Business Day. If the Reset Notice Time or Reset Notification Time is specified as 'Not Applicable' in the applicable Final Terms, no later than two (2) Business Days after receipt of the Potential Switch Notice, the relevant Issuer will deliver a Reset Notification.

The Qualifying Securityholders will, at their option, no later than two (2) Business Days after receipt of the Reset Notification, deliver to the relevant Issuer (with a copy to the Principal Paying Agent) a notice (a **Reset Switch Notice**) confirming the exercise of the Reset Option following which the basis for calculating the Final Redemption Amount or the Instalment Redemption Amount, as the case may be, set out in the Reset Notification will apply in respect of the following Redemption Determination Date unless the Qualifying Securityholders exercise the Reset Option again. A Reset Switch Notice must include (a) evidence reasonably satisfactory to the Issuer of the relevant Securityholder's holding of the Securities to which the Reset Switch Notice relates and (b) confirmation from the relevant clearing system that such Securities are blocked in the relevant Securityholder's account together with the Securityholder's undertaking that such Securities shall remain so blocked until two Business Days after the relevant Redemption Determination Date.

The Qualifying Securityholders may exercise the Reset Option Redemption Payoff Feature the Reset Option Number during the life of the Securities. For the avoidance of doubt, following the exercise by the Qualifying Securityholders of the Reset Option on such number of occasions equal to the Reset Option Number of times during the life of the Securities, the Final Redemption Amount or the Instalment Redemption Amount, as the case may be, will be calculated in accordance with the last validly exercised Reset Option.

Accordingly, if a Reset Switch Date occurs, the Final Redemption Amount or the Instalment Redemption Amount, as the case may be, shall be determined by the Calculation Agent on the immediately following Redemption Determination Date in accordance with the basis for calculating the Final Redemption Amount or the Instalment Redemption Amount, as the case may be, set out in the relevant Reset Notification, subject to any further exercise by the Qualifying Securityholders in accordance with these Reset Option Redemption Payoff Feature Conditions.

Payoff Feature Conditions: Part C: Chapter 1: Additive Payoff Feature Conditions

This chapter sets out additional terms and conditions for Securities in respect of which the applicable Final Terms specify Additive Payoff Feature to be applicable.

*The following terms and conditions (the **Additive Payoff Feature Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Additive Payoff Feature (the **Additive Payoff Feature**) is applicable. These Additive Payoff Feature Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Additive Payoff Feature Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

1 ADDITIVE PAYOFF FEATURE

This Additive Feature sets out that any Payoff Feature may be combined with one or more other Payoff Features. You should also refer to the relevant Payoff Feature Conditions for an explanation of the relevant Payoff Features referred to for this Payoff Feature Condition.

1.1 Definitions and interpretation

For the purposes of these Additive Payoff Feature Conditions, the following terms shall have the following meanings:

Payoff Feature means, as applicable, Investor Interest Switch Payoff Feature, Issuer Interest Switch Payoff Feature, Knock-out Interest Switch Payoff Feature, Knock-out Basket Interest Switch Payoff Feature, Target Interest Switch Payoff Feature, Shout Option Performance Lock-in Interest Payoff Feature, Chooser Decay Interest Switch Option Payoff Feature, Memory Option Interest Switch Payoff Feature, Flexi Option Interest Switch Payoff Feature, Pelican Option Interest Switch Payoff Feature, Dual Currency (Interest) Payoff Feature, Credit Event Contingency Interest Switch Payoff Feature, Reset Option Interest Payoff Feature, Single Interest Payment Date Payoff Feature, Global Cap Payoff Feature, Global Floor Payoff Feature, Dual Currency (Redemption) Payoff Feature, Investor Redemption Switch Payoff Feature, Issuer Redemption Switch Payoff Feature, Knock-out Redemption Switch Payoff Feature, Knock-out Basket Redemption Switch Payoff Feature, Shout Option Performance Lock-in Redemption Payoff Feature or Reset Option Redemption Payoff Feature.

1.2 Methodology

If Additive Payoff Feature is specified in the applicable Final Terms to be applicable, any Payoff Feature may be combined with one or more other Payoff Features, as specified in the applicable Final Terms.

Payoff Feature Conditions: Part D: Chapter 1: Currency Performance Payoff Feature Conditions

This chapter sets out additional terms and conditions for Securities in respect of which the applicable Final Terms specify Currency Performance Payoff Feature to be applicable.

*The following terms and conditions (the **Currency Performance Payoff Feature Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Currency Performance Payoff Feature (the **Currency Performance Payoff Feature**) is applicable. These Currency Performance Payoff Feature Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Currency Performance Payoff Feature Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

1 CURRENCY PERFORMANCE PAYOFF FEATURE

If Currency Performance Payoff Feature is applicable, the relevant Linked Interest Rate or Redemption Payoff, or part thereof, will be adjusted by multiplying the relevant percentage by an amount equal to 1 (one) minus the performance of the Reference Currency with respect to a Strike Level.

1.1 Definitions and interpretation

For the purposes of these Currency Performance Payoff Feature Conditions, the following terms shall have the following meanings:

FX_b means the FX Rate or the Strike Level, as specified in the applicable Final Terms.

FX_h means the FX Rate or the Strike Level, as specified in the applicable Final Terms.

FX_l means the FX Rate or the Strike Level, as specified in the applicable Final Terms.

FX Rate has the meaning given to such term in the FX Linked Asset Conditions. For this purpose, the FX Linked Asset Conditions are incorporated in, and apply *mutatis mutandis* (as though such provisions were set out in full herein) to, these Currency Performance Payoff Feature Conditions provided that references to a relevant Observation Date shall be deemed to be references to the Relevant Determination Date.

Interest Payment Date has the meaning set out in General Condition 24 (*Definitions*).

Interest Payoff means the Standard Interest Payoff or the Combination Interest Payoff specified as applicable in the Final Terms.

Linked Interest Rate has the meaning set out in General Condition 5.3(b) (*Linked Interest Rate*).

Redemption Payoff means the Standard Redemption Payoff or the Combination Redemption Payoff specified as applicable in the Final Terms.

Relevant Determination Date means the Interest Determination Date or the Redemption Determination Date applicable in respect of the relevant applicable Interest Payoff or Redemption Payoff.

Strike Level means the rate of exchange of one currency for another currency, expressed as a number of units of the Reference Currency per unit of the Base Currency specified in the Final Terms.

1.2 Methodology

If Currency Performance Payoff Feature is specified as applicable in the applicable Final Terms with respect to an Interest Payoff or a Redemption Payoff, or part thereof, the relevant Linked Interest Rate or Redemption Payoff, or part thereof, as applicable (any of which, the "**Applicable Percentage**") on the Relevant Determination Date will be adjusted by multiplying it by an amount equal to 1 (one) minus the performance of the Reference Currency with respect to a Strike Level (the Strike Level can be any of FX_h , FX_l , and FX_b as specified in the Final Terms) as follows:

$$\text{Applicable Percentage} \times [1 - (FX_h - FX_l) / FX_b]$$

Payoff Feature Conditions: Part E: Chapter 1: Bond Switch Option Payoff Feature Conditions

This chapter sets out additional terms and conditions for Securities in respect of which the applicable Final Terms specify Bond Switch Option Payoff Feature to be applicable.

*The following terms and conditions (the **Bond Switch Option Payoff Feature Conditions**) shall apply to the Securities if the applicable Final Terms indicate that (i) the Bond Linked Conditions are applicable, (ii) the Secured Securities Conditions are applicable and (iii) Bond Switch Option Payoff Feature (the **Bond Switch Option Payoff Feature**) is applicable. These Bond Switch Option Payoff Feature Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Bond Switch Option Payoff Feature Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

1 BOND SWITCH OPTION PAYOFF FEATURE

All Securityholders acting together may request to substitute a Bond by delivering a notice on or before a Bond Switch Option Expiry Date. Following receipt of such request, the Issuer shall provide the relevant Bond Switch Option Pricing. Each relevant Bond Switch Option Pricing reflects the cost or gain of effecting the switch of Bonds requested by the Securityholders, the difference between the market value of the replaced Bond and the replacing Bond and the resulting adjusted Linked Interest Rate applicable to the Securities, in each case at the relevant time. The Securityholders have the ability to request to fix the Bond Switch Option Pricing at a particular level, although this is subject to the Issuer's discretion to decline such request. The Qualifying Securityholders may exercise the Bond Switch Option in accordance with the frequency provided for in the applicable Final Terms.

1.1 Definitions and interpretation

For the purposes of these Investor Bond Switch Option Payoff Feature Conditions, the following terms shall have the following meanings:

Bond Switch Option Date means, with respect to an Interest Accrual Period including or following the date of delivery of a Potential Bond Switch Option Exercise Notice, any date designated as such in the Potential Bond Switch Option Exercise Notice, which is also a Bond Switch Option Expiry Date in respect of such Interest Accrual Period.

Bond Switch Option Expiry Date means, in respect of an Interest Accrual Period including or following the date of delivery of a Potential Bond Switch Option Exercise Notice, any date falling on or before the end of such Interest Accrual Period provided such date falls not later than the date that is ten (10) Business Days, or such other number of Business Days specified in the applicable Final Terms, prior to the end of the relevant Interest Accrual Period.

Bond Switch Option Number means the number specified as such in the applicable Final Terms.

Bond Switch Option Pricing means, with respect to the relevant Interest Accrual Period to which the Potential Bond Switch Option Exercise Notice applies, (i) the cost or gain of effecting the switch of Bonds requested by the Securityholders in the Potential Bond Switch Option Exercise Notice, (ii) the difference between the market value of the Existing Bond and the Replacing Bond and (iii) the resulting adjusted Linked Interest Rate applicable to the Securities, in each case on the relevant Bond Switch Option Date.

Bond Switch Option Pricing Notification means, with respect to a Potential Bond Switch Option Exercise Notice, a written notice given by the relevant Issuer to the Qualifying Securityholders (with a copy to the Principal Paying Agent) in accordance with General Condition 14 (*Notices*) notifying the Qualifying Securityholders of the Bond Switch Option Pricing.

Business Day has the meaning set out in General Condition 24 (*Definitions*).

Interest Accrual Period has the meaning set out in General Condition 24 (*Definitions*).

Interest Determination Date has the meaning set out in General Condition 24 (*Definitions*).

Linked Interest Rate has the meaning set out in General Condition 24 (*Definitions*).

Notice Deadline means each date and time specified as such in the applicable Final Terms.

Potential Bond Switch Option Exercise Notice means a written notice given by the Qualifying Securityholders to the relevant Issuer (with a copy to the Principal Paying Agent) (i) requesting the Existing Bond (as defined below) to be replaced by the Replacing Bond (as defined below), identifying the Existing Bond and the Replacing Bond by, amongst other things, its ISIN or other securities identification number, the exact name of the issuer, the redemption date and any applicable rate of interest, (ii) designating a Bond Switch Option Date and (iii) requesting a Bond Switch Option Pricing.

Qualifying Securityholders means the Securityholders holding 100 per cent. of the aggregate nominal amount of the Securities outstanding.

1.2 Methodology

If Bond Switch Option Payoff Feature is specified in the applicable Final Terms to be applicable, the Qualifying Securityholders may, at their option, request to substitute an existing Bond (the **Existing Bond**) by a replacing Bond (the **Replacing Bond**), by identifying, amongst other things, its ISIN or other securities identification number, nominal amount on issue and any applicable rate of interest, with the Bond Principal Amount of the Replacing Bond being equal to the Bond Principal Amount of the Existing Bond, in accordance with these Bond Switch Option Payoff Feature Conditions (the **Bond Switch Option**).

The Qualifying Securityholders may at their option, deliver a Potential Bond Switch Option Exercise Notice on any Business Day on or before a Bond Switch Option Expiry Date.

A Potential Bond Switch Option Exercise Notice must include (a) evidence reasonably satisfactory to the Issuer of the relevant Securityholder's holding of the Securities to which the Potential Bond Switch Option Exercise Notice relates and (b) confirmation from the relevant clearing system that such Securities are blocked in the relevant Securityholder's account together with the Securityholder's undertaking that such Securities shall remain so blocked until two Business Days after the date on which a Bond Switch Option Pricing Notification is delivered by the Issuer.

No later than the Business Day falling on or immediately after the Notice Deadline following receipt of the Potential Investor Bond Switch Option Exercise Notice, the relevant Issuer will deliver Bond Switch Option Pricing Notification for the relevant Bond Switch Option Date.

The Qualifying Securityholders will, at their option, no later than the date falling the Bond Switch Option Number of Business Days after receipt of such Bond Switch Option Pricing Notification, deliver to the relevant Issuer (with a copy to the Principal Paying Agent) a notice (a **Bond Switch Option Exercise Notice**) confirming the exercise of the Bond Switch Option or providing an alternative proposal for the Bond Switch Option Pricing. A Bond Switch Option Exercise Notice must

include (a) evidence reasonably satisfactory to the Issuer of the relevant Securityholder's holding of the Securities to which the Bond Switch Option Exercise Notice relates and (b) confirmation from the relevant clearing system that such Securities are blocked in the relevant Securityholder's account together with the Securityholder's undertaking that such Securities shall remain so blocked until two Business Days following the Interest Determination Date falling on or after the Bond Switch Option Date.

Upon receipt of a Bond Switch Option Exercise Notice providing an alternative proposal for the Bond Switch Option Pricing, the Issuer has discretion to accept such alternative proposal for the Bond Switch Option Pricing by notifying its acceptance to the Securityholders in accordance with General Condition 14 (*Notices*) on or before the Interest Determination Date falling on or after the Bond Switch Option Date.

Following the receipt by (i) the Issuer of a Bond Switch Option Exercise Notice confirming the exercise of the Bond Switch Option or (ii) by the Securityholders of a confirmation of acceptance by the Issuer of a Bond Switch Option Exercise Notice providing an alternative proposal for the Bond Switch Option Pricing, in respect of the Interest Determination Date falling on or after the Bond Switch Option Date and any subsequent Interest Determination Date:

- the Linked Interest Rate applicable to the Securities will be as set out in the Bond Switch Option Pricing Notification;
- the Existing Bond will be replaced by the Replacing Bond; if the Existing Bond was part of the Collateral Assets, Secured Security Condition 4.5 (*Substitution of Collateral Assets*) will apply to such replacement and; for the purpose of such replacement only, "Collateral Substitution" will be deemed to be applicable (whether or not specified as applicable in the applicable Final Terms) and the Collateral Test will be deemed to be satisfied on the Collateral Business Day immediately following the day on which the Issuer (or the Collateral Manager on its behalf) send or cause to be sent a notice to the Collateral Monitoring Agent and the Custodian in accordance with Secured Security Condition 4.5 (*Substitution of Collateral Assets*); and
- the relevant Issuer shall give notice as soon as practicable to the Securityholders in accordance with General Condition 14 (*Notices*) of the amendments to the applicable Final Terms required to reflect the consequences of the exercise of the Bond Switch Option.

The Qualifying Securityholders may exercise the Bond Switch Option in accordance with the frequency specified in the applicable Final Terms.

ANNEX 8 – EARLY REDEMPTION TRIGGER CONDITIONS

The chapters of this annex each set out additional terms and conditions that may apply to the early redemption in respect of the Securities.

The terms and conditions applicable to the early redemption of Linked Redemption Securities shall comprise the General Conditions and the Additional Conditions, in each case subject to completion in the applicable Final Terms. In the event of any inconsistency between the General Conditions and the Additional Conditions, the Additional Conditions shall prevail.

*The following chapters comprise the terms and conditions (the **Early Redemption Trigger Conditions**) that shall apply to the Securities if the applicable Final Terms indicate that one or more chapters of the Early Redemption Trigger Conditions is applicable. Only those chapters containing an early redemption trigger event specified in the applicable Final Terms will apply to a particular Series of Securities. The Early Redemption Trigger Conditions are subject to completion in accordance with the applicable Final Terms.*

The Early Redemption Trigger Conditions are set out as follows:

Issuer Call Early Redemption Trigger	Chapter 1
Investor Put Early Redemption Trigger	Chapter 2
Knock-out Early Redemption Trigger	Chapter 3
Callable Knock-out Early Redemption Trigger	Chapter 4
Puttable Knock-out Early Redemption Trigger	Chapter 5
Target Early Redemption Trigger	Chapter 6
Knock-out Multi Underlying Redemption Trigger	Chapter 7

Early Redemption Trigger Conditions: Chapter 1: Issuer Call Early Redemption Trigger

This chapter sets out additional terms and conditions applicable to Securities for which the applicable Final Terms specify Issuer Call Early Redemption Trigger to be applicable.

*The following terms and conditions (the **Issuer Call Early Redemption Trigger Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Issuer Call Early Redemption Trigger (the **Issuer Call Early Redemption Trigger**) is applicable. These Issuer Call Early Redemption Trigger Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Issuer Call Early Redemption Trigger Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

1 ISSUER CALL EARLY REDEMPTION TRIGGER

The relevant Issuer may (at its option) give notice to redeem all or some only of the Securities at the Early Redemption Amount with accrued interest, if any, on the corresponding Early Redemption Date.

1.1 Definitions and interpretation

For the purposes of these Issuer Call Early Redemption Trigger Conditions, the following terms shall have the following meanings:

Early Redemption Amount means, in respect of an early redemption of the Securities pursuant to these Issuer Call Early Redemption Trigger Conditions, the amount determined in accordance with the relevant Redemption Method.

Early Redemption Date means, in respect of an early redemption of the Securities pursuant to these Issuer Call Early Redemption Trigger Conditions, the date specified as such in the applicable Final Terms.

Issuer Call Notice means notice by the relevant Issuer to the holders of the Securities given in accordance with General Condition 14 (*Notices*) with a notice period of not less than the Minimum Call Notice Period and, if applicable, not more than the Maximum Call Notice Period, expressing its intention to redeem all or some only of the Securities. A copy of such notice will be given to the Principal Paying Agent or, in the case of redemption of Registered Securities, the Registrar in accordance with General Condition 14 (*Notices*) (which notices shall be irrevocable and shall specify the date fixed for redemption).

Maximum Call Notice Period means, if applicable, the notice period specified as such in the applicable Final Terms.

Maximum Call Nominal Amount means the amount specified as such in the applicable Final Terms.

Minimum Call Nominal Amount means the amount specified as such in the applicable Final Terms.

Minimum Call Notice Period means the notice period specified as such in the applicable Final Terms.

Redemption Method has the meaning set out in Annex 9 (*Redemption Method Conditions*).

1.2 Trigger

If Issuer Call Early Redemption Trigger is specified in the applicable Final Terms to be applicable, the relevant Issuer may give an Issuer Call Notice to redeem all or some only of the Securities then outstanding on the applicable Early Redemption Date and at the Early Redemption Amount together, if appropriate, with interest accrued to (but excluding) the relevant Early Redemption Date.

Any such redemption must be of a nominal amount not less than the Minimum Call Nominal Amount or not more than the Maximum Call Nominal Amount.

In the case of a partial redemption of Securities, the Securities to be redeemed (**Redeemed Securities**) will be selected individually by lot, in the case of Redeemed Securities represented by Definitive Securities, and in accordance with the rules of DTC and/or Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion), in the case of Redeemed Securities represented by a Global Security, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the **Selection Date**). In the case of Redeemed Securities represented by Definitive Securities, a list of the serial numbers of such Redeemed Securities will be published in accordance with General Condition 14 (*Notices*) not less than 15 days prior to the date fixed for redemption. No exchange of the relevant Global Security will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this Issuer Call Early Redemption Trigger Condition 1.2 and notice to that effect shall be given by the relevant Issuer to the Securityholders in accordance with General Condition 14 (*Notices*) at least five (5) days prior to the Selection Date.

In the case of Swedish Securities and Finnish Securities, the notice to the Securityholders shall also specify the Securities or amounts of the Redeemed Securities and the Record Date before the due date for the redemption and the procedures for partial redemptions laid down in the Swedish CSD Rules and the Finnish CSD Rules, respectively, will be observed.

Early Redemption Trigger Conditions: Chapter 2: Investor Put Early Redemption Trigger

This chapter sets out additional terms and conditions applicable to Securities for which the applicable Final Terms specify Investor Put Early Redemption Trigger to be applicable.

*The following terms and conditions (the **Investor Put Early Redemption Trigger Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Investor Put Early Redemption Trigger (the **Investor Put Early Redemption Trigger**) is applicable. These Investor Put Early Redemption Trigger Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Investor Put Early Redemption Trigger Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

2 INVESTOR PUT EARLY REDEMPTION TRIGGER

The investor may give notice, upon the expiry of which the relevant Issuer will redeem (subject to the Minimum Put Number of Securities), in whole (but not, in the case of a Bearer Security in definitive form, in part) the relevant Security(ies) at the Early Redemption Amount with accrued interest, if any, on the corresponding Early Redemption Date.

2.1 Definitions and interpretation

For the purposes of these Investor Put Early Redemption Trigger Conditions, the following terms shall have the following meanings:

Early Redemption Amount means, in respect of an early redemption of the Securities pursuant to these Investor Put Early Redemption Trigger Conditions, the amount determined in accordance with the relevant Redemption Method .

Early Redemption Date means, in respect of an early redemption of the Securities pursuant to the Investor Put Early Redemption Trigger Conditions, the date specified as such in the applicable Final Terms.

Investor Put Notice means a notice by any holder of Securities to the relevant Issuer given in accordance with General Condition 14 (*Notices*) with a notice period of not less than the Minimum Put Notice Period and, if applicable, not more than the Maximum Put Notice Period. A copy of such notice will be given to the Principal Paying Agent or, in the case of a redemption of Registered Securities, the Registrar in accordance with General Condition 14 (*Notices*) (which notice shall be irrevocable and shall specify a bank account (or, if payment is required to be made by cheque, an address to which payment is to be made under this Investor Put Early Redemption Trigger Condition).

Maximum Put Notice Period means, if applicable, the notice period specified as such in the applicable Final Terms.

Minimum Put Notice Period means the notice period specified as such in the applicable Final Terms.

Minimum Put Number of Securities means the number of Securities specified as such in the applicable Final Terms.

Redemption Method has the meaning set out in Annex 9 (*Redemption Method Conditions*).

2.2 Trigger

If Investor Put Early Redemption Trigger is specified in the applicable Final Terms to be applicable, upon the expiry of any Investor Put Notice and subject as provided below, the relevant Issuer will

redeem, in whole (but not, in the case of a Bearer Security in definitive form, in part) the relevant Security(ies) on the Early Redemption Date and at the Early Redemption Amount together, if appropriate, with interest accrued to (but excluding) the Early Redemption Date. Registered Securities may be redeemed in any multiple of their lowest Specified Denomination.

If this Security is in definitive form and held outside Euroclear and Clearstream, Luxembourg to exercise the right to require redemption of this Security, the holder of this Security must deliver at the specified office of any Paying Agent (in the case of Bearer Securities) or the Registrar (in the case of Registered Securities) at any time during normal business hours of such Paying Agent or, as the case may be, the Registrar falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent or, as the case may be, the Registrar (an **Exercise Notice**) and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Investor Put Early Redemption Trigger Condition and, in the case of Registered Securities, the nominal amount thereof to be redeemed and, if less than the full nominal amount of the Registered Securities so surrendered is to be redeemed, an address to which a new Registered Security in respect of the balance of such Registered Securities is to be sent subject to and in accordance with the provisions of General Condition 1.3 (*Transfer of Registered Securities in definitive form*), accompanied by this Security or evidence satisfactory to the Paying Agent concerned or the Registrar (in the case of Registered Securities) that this Security will, following delivery of the Exercise Notice, be held to its order or under its control.

If this Security is represented by a Global Security or is in definitive form and held through DTC, Euroclear or Clearstream, Luxembourg, to exercise the right to require redemption of this Security, the holder of this Security must, within the notice period, give notice to the Principal Paying Agent or, as the case may be, the Registrar (in the case of Registered Securities) of such exercise in accordance with the standard procedures of DTC, Euroclear or Clearstream, Luxembourg (which may include notice being given on his instruction by DTC, Euroclear or Clearstream, Luxembourg or any common depository or common safekeeper, as the case may be for them to the Principal Paying Agent or, as the case may be, the Registrar (in the case of Registered Securities) by electronic means) in a form acceptable to DTC, Euroclear or Clearstream, Luxembourg from time to time.

The Issuer's obligation to redeem this Security following service of an Investor Put Notice shall be subject to the condition that such Investor Put Notice is served in respect of a number of Securities at least equal to the Minimum Put Number of Securities. If an Investor Put Notice is served in respect of a number of Securities less than the Minimum Put Number of Securities, such Investor Put Notice shall not be of any effect and the Issuer shall have no obligations in respect thereof.

An Investor Put Notice must include (a) evidence reasonably satisfactory to the Issuer of the relevant Securityholder's holding of the Securities to which the Investor Put Notice relates and (b) confirmation from the relevant clearing system that such Securities are blocked in the relevant Securityholder's account together with the Securityholder's undertaking that such Securities shall remain so blocked until two Business Days after redemption.

Any Exercise Notice or other notice given in accordance with the standard procedures of DTC, Euroclear and Clearstream, Luxembourg given by a holder of any Security pursuant to this Investor Put Early Redemption Trigger Condition 2.2 shall be irrevocable, except where prior to the due date of redemption an Event of Default shall have occurred and be continuing in which event such holder, at its option, may elect by notice to the relevant Issuer to withdraw the notice given pursuant to this Investor Put Early Redemption Trigger Condition 2.2 and instead to declare such Security forthwith due and payable pursuant to General Condition 10 (*Events of Default*).

Annex 8 – Early Redemption Trigger Conditions

Any Exercise Notice in respect of Swedish Securities will not take effect against the relevant Issuer until the date on which the relevant Swedish Securities have been transferred to the account designated by the Swedish Issuing Agent and blocked for further transfer by said Swedish Issuing Agent.

Any Exercise Notice in respect of Norwegian Securities will not take effect against the relevant Issuer before the date on which the relevant Norwegian Securities have been blocked for further transfer or, if requested by the Norwegian Issuing Agent, transferred to an account designated by the Norwegian Issuing Agent.

Any Exercise Notice in respect of Finnish Securities will not take effect against the relevant Issuer until the date on which the relevant Finnish Securities have been transferred to the account designated by the Finnish Issuing Agent and blocked for further transfer by said Finnish Issuing Agent.

Early Redemption Trigger Conditions: Chapter 3: Knock-out Early Redemption Trigger

This chapter sets out additional terms and conditions applicable to Securities for which the applicable Final Terms specify Knock-out Early Redemption Trigger to be applicable.

*The following terms and conditions (the **Knock-out Early Redemption Trigger Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Knock-out Early Redemption Trigger (the **Knock-out Early Redemption Trigger**) is applicable. These Knock-out Early Redemption Trigger Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Knock-out Early Redemption Trigger Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

3 KNOCK-OUT EARLY REDEMPTION TRIGGER

If on (if Specified Dates is applicable) any Knock-out Observation Date or (if American is applicable) at any time during the Knock-out Observation Period, the Underlying Value of the Underlying_r is within the relevant Range, the relevant Issuer will redeem all of the Securities at the Early Redemption Amount with accrued interest, if any, on the corresponding Early Redemption Date. The Underlying Value reflects the price, level or rate of the Underlying_r (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying_r may therefore affect when the Securities redeem.

3.1 Definitions and interpretation

For the purposes of these Knock-out Early Redemption Trigger Conditions, the following terms shall have the following meanings:

Early Redemption Amount means, in respect of an early redemption of the Securities pursuant to these Knock-out Early Redemption Trigger Conditions, the amount determined in accordance with the relevant Redemption Method.

Early Redemption Date means, in respect of an early redemption of the Securities pursuant to these Knock-out Early Redemption Trigger Conditions, the date specified as such in the applicable Final Terms.

Knock-out Observation Date means each date specified as such in the applicable Final Terms and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Knock-out Observation Period means the period specified as a Knock-out Observation Period in the applicable Final Terms.

Knock-out Trigger means that the Underlying Value is within the Range on any Knock-out Observation Date or at any time during the Knock-out Observation Period, as the case may be.

Knock-out Trigger Date means the last Knock-out Observation Date or date during the Knock-out Observation Period, as the case may be, on which a Knock-out Trigger occurs.

Lower Limit means the percentage or number specified as such in the applicable Final Terms.

Range means any one (only) of any one of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms.

Range₁ means that on each Knock-out Observation Date or at any time during the Knock-out Observation Period (as the case may be), the Underlying Value_r is greater than or equal to the Lower Limit and less than or equal to the Upper Limit.

Range₂ means that on each Knock-out Observation Date or at any time during the Knock-out Observation Period (as the case may be), the Underlying Value_r is greater than the Lower Limit and less than the Upper Limit.

Range₃ means that on each Knock-out Observation Date or at any time during the Knock-out Observation Period (as the case may be), the Underlying Value_r is greater than or equal to the Lower Limit and less than the Upper Limit.

Range₄ means that on each Knock-out Observation Date or at any time during the Knock-out Observation Period (as the case may be), the Underlying Value_r is greater than the Lower Limit and less than or equal to the Upper Limit.

Range₅ means that on each Knock-out Observation Date or at any time during the Knock-out Observation Period (as the case may be), the Underlying Value_r is less than the Lower Limit and greater than the Upper Limit.

Range₆ means that on each Knock-out Observation Date or at any time during the Knock-out Observation Period (as the case may be), the Underlying Value_r is less than or equal to the Lower Limit and greater than or equal to the Upper Limit.

Redemption Method has the meaning set out in Annex 9 (*Redemption Method Conditions*).

Underlying_r means the Commodity, Index, Proprietary Index, Inflation Index, Proprietary Index, FX Rate, Benchmark Rate, ETF or Share, specified as such in the applicable Final Terms.

Underlying Value means, with respect to a Knock-out Observation Date:

- (a) in respect of an Underlying_r which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying_r which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying_r which is an Index or a Proprietary Index, the Index level;
- (d) in respect of an Underlying_r which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying_r which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying_r which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying_r which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_r means the Underlying Value of Underlying_r.

Upper Limit means the percentage or number specified as such in the applicable Final Terms.

3.2 Trigger

If:

- (i) Knock-out Early Redemption Trigger is specified in the applicable Final Terms to be applicable; and
- (ii) if Specified Dates is specified in the applicable Final Terms to be applicable, at any time on any relevant Knock-out Observation Date, a Knock-out Trigger occurs, or
- (iii) if American is specified in the applicable Final Terms to be applicable, at any time during the Knock-out Observation Period, a Knock-out Trigger occurs,

the relevant Issuer will redeem all, but not some only, of the Securities then outstanding on the Early Redemption Date and at the Early Redemption Amount together, if appropriate, with interest accrued to (but excluding) the Early Redemption Date.

Early Redemption Trigger Conditions: Chapter 4: Callable Knock-out Early Redemption Trigger

This chapter sets out additional terms and conditions applicable to Securities for which the applicable Final Terms specify Callable Knock-out Early Redemption Trigger to be applicable.

*The following terms and conditions (the **Callable Knock-out Early Redemption Trigger Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Callable Knock-out Early Redemption Trigger (the **Callable Knock-out Early Redemption Trigger**) is applicable. These Callable Knock-out Early Redemption Trigger Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Callable Knock-out Early Redemption Trigger Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

4 CALLABLE KNOCK-OUT EARLY REDEMPTION TRIGGER

If on a Callable Knock-out Observation Date, the Underlying Value of the Underlying_r is within the relevant Range, the relevant Issuer may (at its option) give notice to redeem all of the Securities at the Early Redemption Amount with accrued interest, if any, on the corresponding Early Redemption Date. The Underlying Value reflects the price, level or rate of the relevant Underlying_r (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying_r may therefore affect when the Securities redeem.

4.1 Definitions and interpretation

For the purposes of these Callable Knock-out Early Redemption Trigger Conditions, the following terms shall have the following meanings:

Callable Knock-out Observation Date means each date specified as such in the applicable Final Terms and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Callable Knock-out Redemption Notice means notice by the relevant Issuer to the holders of the Securities given in accordance with General Condition 14 (*Notices*) with a notice period of not less than the Minimum Callable Knock-out Notice Period and, if applicable, not more than the Maximum Callable Knock-out Notice Period expressing its intention to redeem all or some only of the Securities. A copy of such notice will be given to the Principal Paying Agent or, in the case of redemption of Registered Securities, the Registrar in accordance with General Condition 14 (*Notices*) (which notices shall be irrevocable and shall specify the date fixed for redemption).

Callable Knock-out Trigger means that the Underlying Value_r is within the Range on the relevant Callable Knock-out Observation Date.

Callable Knock-out Trigger Date means any Callable Knock-out Observation Date on which a Callable Knock-out Trigger occurs.

Early Redemption Amount means, in respect of an early redemption of the Securities pursuant to these Callable Knock-out Early Redemption Trigger Conditions, the amount determined in accordance with the relevant Redemption Method.

Early Redemption Date means, in respect of an early redemption of the Securities pursuant to these Callable Knock-out Early Redemption Trigger Conditions, the date specified as such in the applicable Final Terms.

Lower Limit means the percentage or number specified as such in the applicable Final Terms.

Maximum Callable Knock-out Notice Period means, if applicable, the notice period specified as such in the applicable Final Terms.

Maximum Knock-out Call Nominal Amount means the amount specified as such in the applicable Final Terms.

Minimum Callable Knock-out Nominal Amount means the amount specified as such in the applicable Final Terms.

Minimum Callable Knock-out Notice Period means the notice period specified as such in the applicable Final Terms.

Range means any one (only) of any one of means Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms.

Range₁ means that on the relevant Callable Knock-out Observation Date the Underlying Value_r is greater than or equal to the Lower Limit and less than or equal to the Upper Limit.

Range₂ means that on the relevant Callable Knock-out Observation Date the Underlying Value_r is greater than the Lower Limit and less than the Upper Limit.

Range₃ means that on the relevant Callable Knock-out Observation Date the Underlying Value_r is greater than or equal to the Lower Limit and less than the Upper Limit.

Range₄ means that on the relevant Callable Knock-out Observation Date the Underlying Value_r is greater than the Lower Limit and less than or equal to the Upper Limit.

Range₅ means that on the relevant Callable Knock-out Observation Date the Underlying Value_r is less than the Lower Limit and greater than the Upper Limit.

Range₆ means that on the relevant Callable Knock-out Observation Date the Underlying Value_r is less than or equal to the Lower Limit and greater than or equal to the Upper Limit.

Redemption Method has the meaning set out in Annex 9 (*Redemption Method Conditions*).

Underlying_r means the Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified as such in the applicable Final Terms.

Underlying Value means, with respect to a Callable Knock-out Observation Date:

- (a) in respect of an Underlying_r which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying_r which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying_r which is an Index or a Proprietary Index, the Index level;
- (d) in respect of an Underlying_r which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying_r which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying_r which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying_r which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_r means the Underlying Value of Underlying_r.

Upper Limit means the percentage or number specified as such in the applicable Final Terms.

4.2 Trigger

If:

- (i) Callable Knock-out Early Redemption Trigger is specified in the applicable Final Terms to be applicable; and
- (ii) on the relevant Callable Knock-out Observation Date, a Callable Knock-out Trigger occurs,

the relevant Issuer may (at its option) give a Callable Knock-out Redemption Notice to redeem all, but not some only, of the Securities then outstanding on the Early Redemption Date corresponding to the Callable Knock-out Trigger Date and at the Early Redemption Amount together, if appropriate, with interest accrued to (but excluding) the Early Redemption Date. Any such redemption must be of a nominal amount not less than the Minimum Callable Knock-out Nominal Amount or not more than the Maximum Knock-out Call Nominal Amount, in each case as may be specified in the applicable Final Terms.

Early Redemption Trigger Conditions: Chapter 5: Puttable Knock-out Early Redemption Trigger

This chapter sets out additional terms and conditions applicable to Securities for which the applicable Final Terms specify Puttable Knock-out Early Redemption Trigger to be applicable.

*The following terms and conditions (the **Puttable Knock-out Early Redemption Trigger Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Puttable Knock-out Early Redemption Trigger (the **Puttable Knock-out Early Redemption Trigger**) is applicable. These Puttable Knock-out Early Redemption Trigger Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Puttable Knock-out Early Redemption Trigger Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

5 PUTTABLE KNOCK-OUT EARLY REDEMPTION TRIGGER

If on a Puttable Knock-out Observation Date, the Underlying Value of the Underlying_r is within the relevant Range, the Securityholder may (at its option) request the relevant Issuer to redeem in whole the relevant Securities at the Early Redemption Amount with accrued interest, if any, on the corresponding Early Redemption Date. The Underlying Value reflects the price, level or rate of the relevant Underlying_r (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of the Underlying_r may therefore affect when the Securities redeem.

5.1 Definitions and interpretation

For the purposes of these Puttable Knock-out Early Redemption Trigger Conditions, the following terms shall have the following meanings:

Early Redemption Amount means, in respect of an early redemption of the Securities pursuant to these Puttable Knock-out Early Redemption Trigger Conditions, the amount determined in accordance with the relevant Redemption Method.

Early Redemption Date means, in respect of an early redemption of the Securities pursuant to these Puttable Knock-out Early Redemption Trigger Conditions, the date specified as such in the applicable Final Terms.

Lower Limit means the percentage or number specified as such in the applicable Final Terms.

Maximum Puttable Knock-out Notice Period means, if applicable, the notice period specified as such in the applicable Final Terms.

Minimum Puttable Knock-out Notice Period means the notice period specified as such in the applicable Final Terms.

Puttable Knock-out Observation Date means each date specified as such in the applicable Final Terms and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Puttable Knock-out Redemption Notice means notice by any holder of the Securities to the relevant Issuer given in accordance with General Condition 14 (*Notices*) with a notice period of not less than the Minimum Puttable Knock-out Notice Period and, if applicable, not more than the Maximum Puttable Knock-out Notice Period. A copy of such notice will be given to the Principal Paying Agent or, in the case of a redemption of Registered Securities, the Registrar in accordance with General Condition 14 (*Notices*) (which notice shall be irrevocable and shall specify a bank account (or, if

payment is required to be made by cheque, an address to which payment is to be made under this Puttable Knock-out Early Redemption Trigger Condition).

Puttable Knock-out Trigger means that the Underlying Value is within the Range on the relevant Puttable Knock-out Observation Date.

Puttable Knock-out Trigger Date means any Puttable Knock-out Observation Date on which a Puttable Knock-out Trigger occurs.

Range means any one (only) of any one of means Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms.

Range₁ means that on the relevant Puttable Knock-out Observation Date the Underlying Value_r is greater than or equal to the Lower Limit and less than or equal to the Upper Limit.

Range₂ means that on the relevant Puttable Knock-out Observation Date the Underlying Value_r is greater than the Lower Limit and less than the Upper Limit.

Range₃ means that on the relevant Puttable Knock-out Observation Date the Underlying Value_r is greater than or equal to the Lower Limit and less than the Upper Limit.

Range₄ means that on the relevant Puttable Knock-out Observation Date the Underlying Value_r is greater than the Lower Limit and less than or equal to the Upper Limit.

Range₅ means that on the relevant Puttable Knock-out Observation Date the Underlying Value_r is less than the Lower Limit and greater than the Upper Limit.

Range₆ means that on the relevant Puttable Knock-out Observation Date the Underlying Value_r is less than or equal to the Lower Limit and greater than or equal to the Upper Limit.

Redemption Method has the meaning set out in Annex 9 (*Redemption Method Conditions*).

Underlying_r means the Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, as specified as such in the applicable Final Terms.

Underlying Value means, with respect to a Puttable Knock-out Observation Date:

- (a) in respect of an Underlying_r which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying_r which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying_r which is an Index or a Proprietary Index, the Index level;
- (d) in respect of an Underlying_r which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying_r which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying_r which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying_r which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_r means the Underlying Value of Underlying_r.

Upper Limit means the percentage or number specified as such in the applicable Final Terms.

5.2 Trigger

If:

- (a) Puttable Knock-out Early Redemption Trigger is specified in the applicable Final Terms to be applicable; and
- (b) on the relevant Puttable Knock-out Observation Date, a Puttable Knock-out Trigger occurs,

a holder of any Security may give a Puttable Knock-out Redemption Notice to the relevant Issuer, upon the expiry of such Puttable Knock-out Redemption Notice, the relevant Issuer will redeem, in whole (but not, in the case of a Bearer Security in definitive form, in part) the relevant Security on the Early Redemption Date corresponding to the Puttable Knock-out Trigger Date and at the Early Redemption Amount together, if appropriate, with interest accrued to (but excluding) the Early Redemption Date. Registered Securities may be redeemed in any multiple of their lowest Specified Denomination.

A Puttable Knock-out Redemption Notice must include (a) evidence reasonably satisfactory to the Issuer of the relevant Securityholder's holding of the Securities to which the Puttable Knock-out Redemption Notice relates and (b) confirmation from the relevant clearing system that such Securities are blocked in the relevant Securityholder's account together with the Securityholder's undertaking that such Securities shall remain so blocked until two Business Days after the relevant Early Redemption Date. If this Security is in definitive form and held outside Euroclear and Clearstream, Luxembourg to exercise the right to require redemption of this Security, the holder of this Security must deliver at the specified office of any Paying Agent (in the case of Bearer Securities) or the Registrar (in the case of Registered Securities) at any time during normal business hours of such Paying Agent or, as the case may be, the Registrar falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent or, as the case may be, the Registrar (a **Puttable Knock-out Exercise Notice**) and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Early Redemption Trigger Condition and, in the case of Registered Securities, the nominal amount thereof to be redeemed and, if less than the full nominal amount of the Registered Securities so surrendered is to be redeemed, an address to which a new Registered Security in respect of the balance of such Registered Securities is to be sent subject to and in accordance with the provisions of General Condition 1.3 (*Transfers of Registered Securities in definitive form*), accompanied by this Security or evidence satisfactory to the Paying Agent concerned or the Registrar (in the case of Registered Securities) that this Security will, following delivery of the Puttable Knock-out Exercise Notice, be held to its order or under its control.

If this Security is represented by a Global Security or is in definitive form and held through DTC, Euroclear or Clearstream, Luxembourg, to exercise the right to require redemption of this Security, the holder of this Security must, within the notice period, give notice to the Principal Paying Agent or, as the case may be, the Registrar (in the case of Registered Securities) of such exercise in accordance with the standard procedures of DTC, Euroclear or Clearstream, Luxembourg (which may include notice being given on his instruction by DTC, Euroclear or Clearstream, Luxembourg or any common depository or common safekeeper, as the case may be for them to the Principal Paying Agent or, as the case may be, the Registrar (in the case of Registered Securities) by electronic means) in a form acceptable to DTC, Euroclear or Clearstream, Luxembourg from time to time.

Any Puttable Knock-out Exercise Notice or other notice given in accordance with the standard procedures of DTC, Euroclear and Clearstream, Luxembourg given by a holder of any Security pursuant to this Puttable Knock-out Early Redemption Trigger Condition 5.2 shall be irrevocable,

except where prior to the due date of redemption an Event of Default shall have occurred and be continuing in which event such holder, at its option, may elect by notice to the relevant Issuer to withdraw the notice given pursuant to this Puttable Knock-out Early Redemption Trigger Condition 5.2 and instead to declare such Security forthwith due and payable pursuant to General Condition 10 (*Events of Default*).

Any Puttable Knock-out Redemption Notice in respect of Swedish Securities will not take effect against the relevant Issuer until the date on which the relevant Swedish Securities have been transferred to the account designated by the Swedish Issuing Agent and blocked for further transfer by said Agent.

Any Puttable Knock-out Redemption Notice in respect of Norwegian Securities will not take effect against the relevant Issuer before the date on which the relevant Norwegian Securities have been blocked for further transfer or, if requested by the Norwegian Issuing Agent, transferred to an account designated by the Norwegian Issuing Agent.

Any Puttable Knock-out Redemption Notice in respect of Finnish Securities will not take effect against the relevant Issuer until the date on which the relevant Finnish Securities have been transferred to the account designated by the Finnish Issuing Agent and blocked for further transfer by said Agent.

Early Redemption Trigger Conditions: Chapter 6: Target Early Redemption Trigger

This chapter sets out additional terms and conditions applicable to Securities for which the applicable Final Terms specify Target Early Redemption Trigger to be applicable.

*The following terms and conditions (the **Target Early Redemption Trigger Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Target Early Redemption Trigger (the **Target Early Redemption Trigger**) is applicable. These Target Early Redemption Trigger Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Target Early Redemption Trigger Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

6 TARGET EARLY REDEMPTION TRIGGER

If on any Target Redemption Observation Date, the aggregate amount of interest paid on all previous Interest Payment Dates since the Issue Date is greater than or equal to the Target Level, the relevant Issuer will redeem all of the Securities at the Early Redemption Amount on the corresponding Early Redemption Date.

6.1 Definitions and interpretation

For the purposes of these Target Early Redemption Trigger Conditions, the following terms shall have the following meanings:

Calculation Amount Factor has the meaning set out in General Condition 24 (*Definitions*).

Early Redemption Amount means, in respect of an early redemption of the Securities pursuant to these Target Early Redemption Trigger Conditions, the amount determined in accordance with the relevant Redemption Method.

Early Redemption Date means, in respect of an early redemption of the Securities pursuant to these Target Early Redemption Trigger Conditions, the date specified as such in the applicable Final Terms.

Global Security Calculation Amount Factor means a number equal to the aggregate outstanding nominal amount of the Securities divided by the Calculation Amount.

Interest Amount has the meaning set out in General Condition 24 (*Definitions*).

Redemption Method has the meaning set out in Annex 9 (*Redemption Method Conditions*).

Target Level means the number or percentage in the Specified Currency per Calculation Amount specified as such in the applicable Final Terms, which shall be multiplied by:

- (a) in the case of Securities represented by a Global Security, the Global Security Calculation Amount Factor; or
- (b) in the case of a Security in definitive form, the Calculation Amount Factor.

Target Redemption Observation Date means each date specified as such in the applicable Final Terms and each such date shall be deemed to be an "Observation Date" for the purposes of the relevant Asset Conditions.

6.2 Trigger

If:

- (a) Target Early Redemption Trigger is specified in the applicable Final Terms to be applicable; and

- (b) on any Target Redemption Observation Date the aggregate Interest Amounts paid by the relevant Issuer in respect of all Securities on all Interest Payment Dates since the Issue Date is greater than or equal to the Target Level (a **Target Early Redemption Trigger Event**), the relevant Issuer will redeem all, but not some only, of the Securities then outstanding on the Early Redemption Date at the Early Redemption Amount.

Early Redemption Trigger Conditions: Chapter 7: Knock-out Multi Underlying Early Redemption Trigger

This chapter sets out additional terms and conditions applicable to Securities for which the applicable Final Terms specify Knock-out Multi Underlying Early Redemption Trigger to be applicable.

*The following terms and conditions (the **Knock-out Multi Underlying Early Redemption Trigger Conditions**) shall apply to the Securities if the applicable Final Terms indicate that Knock-out Multi Underlying Early Redemption Trigger (the **Knock-out Multi Underlying Early Redemption Trigger**) is applicable. These Knock-out Multi Underlying Early Redemption Trigger Conditions are subject to completion in accordance with the applicable Final Terms.*

All capitalised terms that are not defined in these Knock-out Multi Underlying Early Redemption Trigger Conditions or elsewhere in the Terms and Conditions will have the meanings given to them in the applicable Final Terms.

7 KNOCK-OUT MULTI UNDERLYING EARLY REDEMPTION TRIGGER

If on a Knock-out Observation Date, Basket Value is within the Range, the relevant Issuer will redeem all of the Securities at the Early Redemption Amount with accrued interest, if any, on the corresponding Early Redemption Date. Basket Value on any Knock-out Observation Date is the sum of the individual products of $Leverage_i$ and the Underlying Value of each Underlying_i observed on such Knock-out Observation Date. The Underlying Value reflects the price, level or rate of the relevant Underlying (without regard to any currency of denomination of such price, level or rate, as the case may be) at the relevant time. The value of each Underlying_i will therefore affect when the Securities redeem.

7.1 Definitions and interpretation

For the purposes of these Knock-out Early Redemption Trigger Conditions, the following terms shall have the following meanings:

Basket Value means, with respect to a Knock-out Observation Date, $\sum (Leverage_i \times \text{Underlying Value}_i)$ on such date.

Early Redemption Amount means, in respect of an early redemption of the Securities pursuant to these Knock-out Multi Underlying Early Redemption Trigger Conditions, the amount determined in accordance with the relevant Redemption Method.

Early Redemption Date means, in respect of an early redemption of the Securities pursuant to these Knock-out Early Redemption Trigger Conditions, the date specified as such in the applicable Final Terms.

i means a number, which corresponds to an item specified as such in the applicable Final Terms.

Knock-out Observation Date means each date specified as such in the applicable Final Terms and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Knock-out Multi Underlying Trigger means that the Basket Value is within the Range on the relevant Knock-out Observation Date.

Knock-out Trigger Date means the Knock-out Observation Date on which a Knock-out Multi Underlying Trigger occurs.

Leverage_i means the percentage or number specified as such in the applicable Final Terms and corresponding to the relevant Underlying_i. For the avoidance of doubt, this may have a positive or a negative value or, in the case of a number, may be one (1).

Lower Limit means the percentage or number specified as such in the applicable Final Terms.

Range means any one (only) of Range₁, Range₂, Range₃, Range₄, Range₅ or Range₆ as specified in the applicable Final Terms.

Range₁ means that on the relevant Interest Observation Date the Underlying Value is greater than or equal to the Lower Limit and less than or equal to the Upper Limit.

Range₂ means that on the relevant Interest Observation Date the Underlying Value is greater than the Lower Limit and less than the Upper Limit.

Range₃ means that on the relevant Interest Observation Date the Underlying Value is greater than or equal to the Lower Limit and less than the Upper Limit.

Range₄ means that on the relevant Interest Observation Date the Underlying Value is greater than the Lower Limit and less than or equal to the Upper Limit.

Range₅ means that on the relevant Interest Observation Date the Underlying Value is less than the Lower Limit or greater than the Upper Limit.

Range₆ means that on the relevant Interest Observation Date the Underlying Value is less than or equal to the Lower Limit or greater than or equal to the Upper Limit.

Redemption Method has the meaning set out in Annex 9 (*Redemption Method Conditions*).

Underlying means each Commodity, Index, Proprietary Index, Inflation Index, FX Rate, Benchmark Rate, ETF or Share, specified as such in the applicable Final Terms.

Underlying_i means each Underlying corresponding to _i as specified in the applicable Final Terms. For the avoidance of doubt, all Underlying_i together will constitute a Basket or a Multi-Asset Basket, as applicable (each as defined in the applicable Asset Conditions).

Underlying Value means, with respect to a Knock-out Observation Date:

- (a) in respect of an Underlying, which is a Commodity, the Commodity Reference Price;
- (b) in respect of an Underlying, which is a Benchmark Rate, the Benchmark Rate Level;
- (c) in respect of an Underlying which is an Index or a Proprietary Index, the Index Level;
- (d) in respect of an Underlying, which is an Inflation Index, the Inflation Index Level;
- (e) in respect of an Underlying, which is a FX Rate, the relevant rate of exchange;
- (f) in respect of an Underlying which is an ETF, the ETF Closing Price; or
- (g) in respect of an Underlying which is a Share, the Share Price.

For the avoidance of doubt, the Underlying Value may have a positive value, negative value or may be equal to zero (0) and will be expressed without regard to the currency of denomination of the Underlying Value (if any).

Underlying Value_i means the Underlying Value of Underlying_i.

Upper Limit means the percentage or number specified as such in the applicable Final Terms.

7.2 Trigger

If:

- (a) Knock-out Multi Underlying Early Redemption Trigger is specified in the applicable Final Terms to be applicable; and
- (b) at any time on any Knock-out Observation Date, a Knock-out Multi Underlying Trigger occurs, the relevant Issuer will redeem all, but not some only, of the Securities then outstanding on the Early Redemption Date and at the Early Redemption Amount together, if appropriate, with interest accrued to (but excluding) the Early Redemption Date.

ANNEX 9 – REDEMPTION METHOD CONDITIONS

*This annex sets out additional terms and conditions (the **Redemption Method Conditions**) relating to the redemption payments in respect of a Series of Securities other than a redemption pursuant to General Condition 6.8 (Fair Market Value Redemption Amounts).*

The terms and conditions applicable to a Redemption Method (as defined below) of Linked Redemption Securities shall comprise the General Conditions and the Additional Conditions, in each case subject to completion in the applicable Final Terms.

*The following terms and conditions (the **Redemption Method Conditions**) shall apply to the Securities. Only those Redemption Method Conditions containing an applicable Redemption Method specified in the applicable Final Terms for the purposes of a Redemption Determination Date in respect of the Final Redemption Amount, an Instalment Redemption Amount or an Early Redemption Amount will apply to a particular Series of Securities for determining such amount. These Redemption Method Conditions are subject to completion in accordance with the applicable Final Terms.*

1 DEFINITIONS AND INTERPRETATION

For the purposes of these Redemption Method Conditions, the following terms shall have the following meanings:

Affiliate means, in relation to any entity (the **First Entity**), any entity controlled, directly or indirectly, by the First Entity, any entity that controls, directly or indirectly, the First Entity or any entity directly or indirectly under common control with the First Entity. For these purposes, "control" means ownership of a majority of the voting power of an entity.

Calculation Amount Factor has the meaning set out in General Condition 24 (*Definitions*).

Combination Payoff Conditions has the meaning set out in General Condition 24 (*Definitions*).

Combination Redemption Payoff means the relevant chapter of Part B of the Combination Payoff Conditions.

Early Redemption Amount is the amount determined in accordance with the Redemption Method specified as applicable for Early Redemption Amount in the applicable Final Terms, in each case subject to any applicable Payoff Feature.

Early Redemption Date has the meaning set out in General Condition 24 (*Definitions*).

Final Redemption Amount is the amount determined in accordance with the Redemption Method specified as applicable for the Final Redemption Amount in the applicable Final Terms, in each case subject to any applicable Payoff Feature.

Growth Redemption has the meaning set out in Redemption Method Condition 4 (*Growth Redemption*).

Instalment Amount has the meaning set out in General Condition 24 (*Definitions*).

Instalment Date has the meaning set out in General Condition 24 (*Definitions*).

Instalment Redemption Amount is the amount determined in accordance with the Redemption Method specified as applicable for Instalment Redemption Amount in the applicable Final Terms, in each case subject to any applicable Payoff Feature.

Nominal Amount means:

- (a) for the purposes of determining the Final Redemption Amount:
 - (i) in the case of Securities (other than Instalment Securities) that are represented by a Global Security, the aggregate outstanding nominal amount of the Securities represented by such Global Security; or
 - (ii) in the case of Securities (other than Instalment Securities) in definitive form, the product of the Calculation Amount and the Calculation Amount Factor;
- (b) for the purposes of determining the Instalment Redemption Amount:
 - (i) in the case of Instalment Securities that are represented by a Global Security, the aggregate Instalment Amount of the Securities on the relevant Instalment Date represented by such Global Security; or
 - (ii) in the case of Instalment Securities in definitive form, the Instalment Amount on the relevant Instalment Date; or
- (c) For the purposes of determining the Early Redemption Amount:
 - (i) in the case of Securities that are represented by a Global Security, the aggregate outstanding nominal amount of the Securities represented by such Global Security;
 - (ii) in the case of Securities in definitive form, the product of the Calculation Amount and the Calculation Amount Factor.

Payoff Feature has the meaning set out in General Condition 24 (*Definitions*).

Performance Redemption has the meaning set out in Redemption Method Condition 3 (*Performance Redemption*).

Redemption Determination Date means (a) for the purposes of determining the Final Redemption Amount, the date specified as the Redemption Determination Date in the applicable Final Terms, (b) in the case of Instalment Securities for the purposes of determining an Instalment Redemption Amount, the relevant date specified as the Redemption Determination Date in respect of an Instalment Date, or (c) for the purposes of determining an Early Redemption Amount, the date falling such number of Business Days as specified in the applicable Final Terms prior to the Early Redemption Date, and each such date shall be deemed to be an 'Observation Date' for the purposes of the relevant Asset Conditions.

Redemption Method means each of Standard Redemption, Performance Redemption or Growth Redemption, as applicable for the purposes of a Redemption Determination Date in respect of the Final Redemption Amount, an Instalment Redemption Amount or an Early Redemption Amount.

Redemption Payoff means the relevant redemption payoff determined in accordance with the relevant Standard Redemption Payoff or the relevant Combination Redemption Payoff as specified in the applicable Final Terms for the purposes of a Redemption Determination Date in respect of the Final Redemption Amount, an Instalment Redemption Amount or an Early Redemption Amount.

Redemption Unwind Costs means, in respect of each Security:

- (a) if Payoff Feature Unwind Costs is specified as applicable in the applicable Final Terms (notwithstanding that Redemption Unwind Costs is specified as applicable in the applicable Final Terms), (i) where the Final Redemption Amount or the Instalment Redemption Amount is determined after the basis on which redemption is calculated has been switched in accordance with any applicable Payoff Feature Condition,

an amount, equal to such Security's *pro rata* portion of the value (determined in the currency in which the Securities are denominated) of any losses, expenses and costs to the relevant Issuer and/or any of its Affiliates who may have hedged the price risk of the Securities and any loss of tax relief or other tax consequences of unwinding or adjusting any underlying or related swap agreement or other hedging arrangements, all as calculated by the Calculation Agent in its sole discretion or (ii) where the basis on which redemption is calculated has not been switched in accordance with any applicable Payoff Feature Condition, zero (0).

- (b) subject to (a) above, if Redemption Unwind Costs is specified as applicable in the applicable Final Terms, (i) in the case of an Early Redemption Amount, an amount, equal to such Security's *pro rata* portion of the value (determined in the currency in which the Securities are denominated) of any losses, expenses and costs to the relevant Issuer and/or any of its Affiliates who may have hedged the price risk of the Securities and any loss of tax relief or other tax consequences of unwinding or adjusting any underlying or related swap agreement or other hedging arrangements, as calculated by the Calculation Agent in its sole discretion or (ii) in the case of a Final Redemption Amount or an Instalment Redemption Amount, zero (0);
- (c) if Redemption Unwind Costs and Payoff Feature Unwind Costs are each specified as not applicable in the applicable Final Terms, zero (0).

Reference Price means the percentage of the Nominal Amount of the Securities as specified in the applicable Final Terms or, alternatively, if multiple percentages are specified in the applicable Final Terms, the percentage of the Nominal Amount of the Securities corresponding to the relevant point of determination of the Final Redemption Amount, an Instalment Redemption Amount or an Early Redemption Amount, as the case may be.

Standard Payoff Conditions has the meaning set out in General Condition 24 (*Definitions*).

Standard Redemption has the meaning set out in Redemption Method Condition 2 (*Standard Redemption*).

Standard Redemption Payoff means the relevant chapter of Part B of the Standard Payoff Conditions.

2 STANDARD REDEMPTION

If Standard Redemption is specified in the applicable Final Terms to be applicable for the purposes of a Redemption Determination Date in respect of the Final Redemption Amount, an Instalment Redemption Amount or an Early Redemption Amount, any such amount, as the case may be, will be equal to:

$$\text{Reference Price} \times \text{Nominal Amount} - \text{Redemption Unwind Costs}$$

as determined by the Calculation Agent on the Redemption Determination Date.

3 PERFORMANCE REDEMPTION

If Performance Redemption is specified in the applicable Final Terms to be applicable for the purposes of a Redemption Determination Date in respect of the Final Redemption Amount, an Instalment Redemption Amount or an Early Redemption Amount, any such amount, as the case may be, will be equal to:

$$(\text{Reference Price} + \text{Redemption Payoff}) \times \text{Nominal Amount} - \text{Redemption Unwind Costs}$$

as determined by the Calculation Agent on the Redemption Determination Date.

4 GROWTH REDEMPTION

If Growth Redemption is specified in the applicable Final Terms to be applicable, for the purposes of a Redemption Determination Date in respect of the Final Redemption Amount, an Instalment Redemption Amount or an Early Redemption Amount, any such amount, as the case may be, will be equal to:

$$(Reference\ Price\ x\ Redemption\ Payoff)\ x\ Nominal\ Amount - Redemption\ Unwind\ Costs$$

as determined by the Calculation Agent on the Redemption Determination Date.

ANNEX 10 – SECURED SECURITY CONDITIONS

This annex sets out additional terms and conditions for Secured Securities.

The terms and conditions applicable to Secured Securities shall comprise the General Conditions and the Additional Conditions, in each case subject to completion in the applicable Final Terms. In the event of any inconsistency between the General Conditions and the Additional Conditions, the Additional Conditions shall prevail.

The Secured Security Conditions shall apply to the Securities if the applicable Final Terms indicate that the Securities are Secured Securities. These Secured Security Conditions are subject to completion in accordance with the applicable Final Terms.

1 GENERAL

The Final Terms shall specify, *inter alia*:

- (a) whether Collateral Monitoring applies;
- (b) whether Third Party Security applies; and
- (c) the identity of any Additional Security Document.

2 DEFINITIONS

For the purposes of these Secured Security Conditions, the following terms shall have the following meanings:

Accelerated Secured Security means a Security in respect of which a Secured Security Acceleration Event has occurred;

Additional Charged Document means, in respect of a Series of Secured Securities, any document specified as such in the applicable Final Terms;

Additional Security Document means any additional security document, which is entered into by the Issuer, and/or any Third Party Chargor in respect of a Series of Secured Securities in order to create a security interest over the Collateral Account and/or over the Collateral Assets therein;

Affiliate means in relation to any entity (the **First Entity**), any entity controlled, directly or indirectly, by the First Entity, any entity that controls, directly or indirectly, the First Entity or any entity directly or indirectly under common control with the First Entity. For these purposes **control** means ownership of a majority of the voting power of an entity;

Amount Owed means in respect of a Secured Security, an amount equal to that Security's Early Redemption Amount minus any amounts, which have been paid in respect of that Security by the Guarantor prior to Enforcement;

Charged Documents means each of the Collateral Management Agreement, the Collateral Monitoring Agency Agreement, the Custodian Agreement, the Security Valuation Agency Agreement, the Disposal Agency Agreement and any applicable Additional Charged Document;

Collateral Account has the meaning given to it in Secured Security Condition 4.1;

Collateral Arrangement Party means the Collateral Manager, the Collateral Monitoring Agent, the Custodian, the Security Trustee and the Disposal Agent;

Collateral Assets means, in respect of a Series of Secured Securities, the assets Delivered to the Custodian and held in the Collateral Account relating to such Series of Secured Securities. The Collateral Assets to be Delivered on the Issue Date will be specified in the applicable Final Terms;

Collateral Assets Entitlement means, in respect of a Security in a Series of Secured Securities, the *pro rata* share of (i) the Collateral Assets available for distribution in respect of such Security, subject to a maximum amount of Collateral Assets with value equal to the Amount Owed and (ii) any other amounts available for distribution in accordance with the Security Trust Deed following Enforcement, after (A) payment has been made of all amounts due in respect of such Series of Secured Securities to the Secured Parties ranking prior to the Securityholders in accordance with the Order of Priority specified in the applicable Final Terms and (B) liquidation of any Collateral Assets which are otherwise required to be realised in accordance with these Secured Security Conditions;

Collateral Business Day means a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in the jurisdiction of the currency in which the relevant Collateral Asset is denominated or as may otherwise be specified in the applicable Final Terms;

Collateral Currency Screen Page means the relevant screen page specified in the applicable Final Terms for the purpose of determining the relevant spot exchange rate;

Collateral Currency Specified Time means the specified time specified in the applicable Final Terms for the purpose of determining the relevant spot exchange rate;

Collateral Delivery Date means, in relation to a Series of Secured Securities where Physical Delivery of Collateral Assets on Enforcement is applicable, the date on which the Security Trustee intends to Deliver the Collateral Assets Entitlement to Securityholders;

Collateral Disruption Event means either:

- (a) the Issuer and/or any of its Affiliates considers, in its sole and absolute discretion that it:
 - (i) is unable, as a result of any legal, contractual or other restrictions or constraints (including, without limitation, any laws, regulations, court orders, other governmental or regulatory constraints), adverse market conditions or a lack of liquidity in the market or otherwise, after using commercially reasonable efforts to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) or any futures or option contracts it deems necessary to obtain Collateral Assets; or (B) freely realise, recover, remit, receive, repatriate or transfer the proceeds of any such transactions(s) or assets(s) or futures or option contract(s) or any relevant hedge positions relating to the Collateral Assets; or
 - (ii) would incur a materially increased (as compared with circumstances existing on the date on which the issue of a Series of Secured Securities is first priced) amount of tax, duty, expense, fee (other than brokerage commissions) or other relevant cost (including, for the avoidance of doubt, any funding cost) to (A) acquire, borrow, substitute, or dispose of any Collateral Assets, (B) establish, re-establish, substitute, maintain, unwind or dispose of any transaction entered into by the Issuer or any of its Affiliates in connection with the Collateral Assets or (C) realise, recover or remit the proceeds of any such Collateral Assets; or
- (b) the Issuer is unable, after using commercially reasonable efforts, to find a suitable substitute or replacement Collateral Arrangement Party following the termination of the relevant agreement or resignation or removal for any reason of a Collateral Arrangement Party or the Issuer would incur costs, expenses or other liabilities in excess of those costs, expenses and liabilities which would have

been incurred in the future but for the occurrence of the Collateral Disruption Event in respect of the function performed by the relevant Collateral Arrangement Party (unless Securityholders compensate the Issuer for the excess amount within 2 Business Days of the Issuer notifying Securityholders of the occurrence of this Collateral Disruption Event); or

- (c) except in the case of a Collateral Settlement Disruption, at the end of the Required Settlement Period (i) the External Event(s) continue(s) to exist or (ii) the Collateral Assets for which the regular settlement period is greater than 10 Collateral Business Days under normal market conditions have not been settled. For the avoidance of doubt, it shall constitute a Collateral Disruption Event if, in the case of a Collateral Settlement Disruption, at the end of the 60 Collateral Business Day period (i) the External Event(s) continue(s) to exist or (ii) the Collateral Assets for which the regular settlement period is greater than 10 Collateral Business Days under normal market conditions have not been settled; or
- (d) a failure by the Custodian to comply with or perform any agreement or obligation to be complied with or performed by it in accordance with the Custodian Agreement if such failure is continuing after any applicable grace period has elapsed, the expiration or termination of the Custodian Agreement or the failing or ceasing of the Custodian Agreement to be in full force and effect or the Custodian disaffirms, disclaims, repudiates or rejects, in whole or in part, or challenges the validity of the Custodian Agreement (or such action is taken by any person or entity appointed or empowered to operate it or act on its behalf) (a **Custodian Default**);

Collateral Enforcement Notice means a notice from a Securityholder requesting that the security constituted by the relevant Pledge Agreement and the relevant Security Trust Deed be enforced. Any Collateral Enforcement Notice shall be in writing and delivered in accordance with Secured Security Condition 6.1 (*Acceleration and Enforcement of Collateral*) to the Security Trustee and copied to the relevant Issuer, the Guarantor, and the Principal Paying Agent (and, if applicable the other Paying Agents) and shall include such details as are necessary to establish and verify the Secured Securities held by the Securityholder delivering such notice;

Collateral Enforcement Proceeds means the net proceeds of realisation of, or enforcement with respect to, the Collateral Assets in a Collateral Pool following payment of all amounts payable to the Secured Parties ranking prior to the Securityholders in accordance with the Order of Priority specified in the applicable Final Terms;

Collateral Enforcement Proceeds Share means, in respect of a Series of Secured Securities, the *pro rata* share of the Collateral Enforcement Proceeds attributable to each Secured Security in such Series of Secured Securities, subject to a maximum equal to the Amount Owed;

Collateral Management Agreement means the agreement between, *inter alia*, Crédit Agricole Corporate and Investment Bank as Collateral Manager and the Issuers, as amended, restated and/or supplemented from time to time;

Collateral Manager means Crédit Agricole Corporate and Investment Bank (or any substitute or replacement entity appointed in respect thereof pursuant to the terms of the Collateral Management Agreement and/or these Secured Security Conditions) and, if applicable, any sub-agent of, or any other entity appointed by the Collateral Manager;

Collateral Monitoring means the monitoring of the value of the Collateral Assets on the Issue Date and the Collateral Test Dates in accordance with these Secured Security Conditions, as may be specified as being applicable in relation to a Series of Secured Securities in the applicable Final Terms;

Collateral Monitoring Agency Agreement means the agreement between, *inter alia*, the Collateral Monitoring Agent and the Issuers, as amended, restated and/or supplemented from time to time, which such agreement includes, with respect to a Series of Secured Securities, the terms documented in the related Collateral Monitoring Issue Specific Terms;

Collateral Monitoring Agent means, in relation to a Series of Secured Securities in respect of which Collateral Monitoring is applicable, Citibank N.A., London branch (or any substitute or replacement entity appointed in respect thereof pursuant to the terms of the Collateral Monitoring Agency Agreement and/or these Secured Security Conditions), and, if applicable, any sub-agent of, or any other entity appointed by the Collateral Monitoring Agent;

Collateral Monitoring Agent Notice means, in relation to a Series of Secured Securities in respect of which Collateral Monitoring is applicable, a notice from the Collateral Monitoring Agent to the Collateral Manager providing details of why it considers that the Collateral Test is not satisfied or, if a Collateral Test Notice has been delivered, that the Collateral Test will not be satisfied (or will no longer be satisfied) after taking into account any adjustments specified in such Collateral Test Notice;

Collateral Monitoring Issue Specific Terms means, in relation to a Series of Secured Securities in respect of which Collateral Monitoring is applicable, a document substantially in the form set scheduled to the Collateral Monitoring Agency Agreement, completed so as to document the Supplemental Collateral Monitoring Services to be performed in respect of such Series by the Collateral Monitoring Agent;

Collateralisation Percentage means, in relation to a Series of Secured Securities in respect of which Collateral Monitoring is applicable, the percentage level specified as such in the applicable Final Terms or the percentage level determined through the application of a formula specified in the applicable Final Terms. The applicable Final Terms may specify that the Collateralisation Percentage may vary during the term of the Securities, after a certain date or following the occurrence of a specified event;

Collateral Pool means, in respect of a series of Secured Securities, the pool of Collateral Assets held in the Collateral Account and pledged pursuant to a Pledge Agreement;

Collateral Rules means the collateral rules specified in the applicable Final Terms relating to a Series of Secured Securities which, for the avoidance of doubt, will be satisfied in relation to a Collateral Pool relating to a Series of Secured Securities in respect of which Collateral Monitoring is applicable to the extent that the Collateral Pool comprises Eligible Collateral Assets with a Collateral Value equal to the Required Collateral Value as at the relevant date;

Collateral Settlement Disruption shall have the same meaning attributed to it in the definition of Required Settlement Period;

Collateral Test means, in relation to a Series of Secured Securities in respect of which Collateral Monitoring is applicable, a determination as to whether (i) the Collateral Rules are satisfied and (ii) the Collateral Value is greater than or equal to the Required Collateral Value;

Collateral Test Date means, in relation to a Series of Secured Securities in respect of which Collateral Monitoring is applicable, each periodic date as is specified in the applicable Final Terms and any other date deemed to be a Collateral Test Date in accordance with these Secured Security Conditions;

Collateral Test Dispute Resolution Procedure means, in relation to a Series of Secured Securities in respect of which Collateral Monitoring is applicable, the dispute resolution procedures set out below:

- (i) utilising any calculations, rules or criteria, which the Collateral Manager and the Collateral Monitoring Agent have agreed, are not in dispute;

- (ii) if such dispute relates to the satisfaction of the Eligibility Criteria or the Collateral Rules, appointing an independent third person (acting as an expert and not as an arbitrator) selected by the Collateral Manager and approved by the Collateral Monitoring Agent (such approval not to be unreasonably withheld) to determine whether such Eligibility Criteria and Collateral Rules are satisfied with the determination of any such person being final and binding upon the Collateral Manager and the Collateral Monitoring Agent; and
- (iii) calculating the value of those Collateral Assets the value of which is in dispute by using reasonable endeavours to seek four actual, firm and executable quotations at mid-market for such Collateral Assets with contract sizes approximately equal to the value of such Collateral Assets from leading dealers in assets of the type of the Collateral Assets who are committed to trade with the Issuer or the Collateral Manager, which may include Crédit Agricole Corporate and Investment Bank or any of its Affiliates, as selected by the Collateral Manager in its sole discretion acting in a commercially reasonable manner, and taking the highest of those obtained; provided that if four quotations are not available for a particular Collateral Asset, then fewer than four quotations may be used for that Collateral Asset, and if no quotations are available for a particular Collateral Asset, then the Collateral Manager's original calculations will be used for the Collateral Asset;

The valuation of Collateral Assets comprising cash (the value of which shall be, in respect of any amount of cash, the face amount thereof) shall not be subject to the Collateral Test Dispute Resolution Procedure.

Collateral Test Notice means, in relation to a Series of Secured Securities in respect of which Collateral Monitoring is applicable, a notice sent or caused to be sent by the Collateral Manager to the Collateral Monitoring Agent and the Custodian (copied to the Issuer and the Guarantor, as the case may be) in relation to a particular Collateral Pool specifying that the Collateral Test has not been satisfied on a Collateral Test Date, the reasons for such failure and the adjustments to be made to the Collateral Pool (including *inter alia* the type and quantity of any Collateral Assets to be deposited and/or removed) in order to satisfy the Collateral Test;

Collateral Transaction Documents means the Collateral Management Agreement, the Collateral Monitoring Agency Agreement, the Custodian Agreement, the Security Valuation Agency Agreement, the Disposal Agency Agreement and each relevant Pledge Agreement and Security Trust Deed;

Collateral Valuation Currency means Euro, except where otherwise specified in the applicable Final Terms;

Collateral Valuation at Nominal Value shall have the same meaning attributed to it in the definition of Collateral Value;

Collateral Value means, except if Collateral Valuation at Nominal Value is specified as applicable in the applicable Final Terms, the aggregate value as of the relevant Valuation Point, expressed in the Collateral Valuation Currency, of the Eligible Collateral Assets in a Collateral Pool, in each case taking into account any Haircut applied in relation thereto. The Collateral Manager will determine the Collateral Value on the basis of such valuation method or methods as the Collateral Manager may, acting in good faith and in a commercially reasonable manner, determine in its discretion provided that the value of any Collateral Assets comprising cash shall be the face amount thereof. Where the relevant currency of denomination of a Collateral Asset is other than the Collateral Valuation Currency, the Collateral Manager shall convert the value of such Collateral Asset at the relevant spot exchange rate. The relevant spot exchange rate shall be the rate displayed on the Collateral Currency Screen Page at the Collateral Currency Specified Time or, if no such Collateral Currency Screen Page is specified in the applicable Final Terms or such Collateral Currency Screen Page is not available, the relevant spot rate shall be the rate determined by the Collateral Manager in good faith and in a commercially reasonable manner, at such time as the Collateral Manager may, in its discretion, select. When Collateral Valuation at Nominal Value is specified as applicable in the applicable Final Terms, only debt

instruments and, if applicable, cash denominated in a Relevant Currency shall be considered as Eligible Collateral Assets and the Collateral Value shall be deemed to be equal to the aggregate nominal value of the Collateral Assets constituting Eligible Collateral Assets (after taking into account any Haircut applied in relation thereto, as further described below and provided that the value of any Collateral Assets comprising cash shall be the face amount thereof) and "Collateral Value" shall be construed accordingly throughout these Secured Security Conditions;

Custodian means Citibank Europe plc (formerly, Citibank International Limited (Luxembourg branch)) (or any substitute or replacement entity appointed in respect thereof pursuant to the terms of the Custodian Agreement and/or these Secured Security Conditions) and, if applicable, any sub-custodian of, or any other entity appointed by the Custodian;

Custodian Agreement means the agreement governed by Luxembourg law between, *inter alia*, the Custodian and the Issuers as amended, restated and/or supplemented from time to time;

Deliver means, in respect of any Collateral Asset forming part of a Collateral Assets Entitlement, to deliver, novate, transfer, assign or sell, as appropriate, in a manner customary for the settlement of the applicable Collateral Asset (which shall include executing all necessary documentation and taking any other necessary actions), in order to convey all right, title and interest in the Collateral Asset to the Securityholders free and clear of any and all liens, charges, claims or encumbrances. **Delivery** and **Delivered** will be construed accordingly;

Disposal Agency Agreement means the agreement between, *inter alia*, the Disposal Agent and the Issuers, as amended, restated and/or supplemented from time to time;

Disposal Agent means Citibank N.A., London branch (or any substitute or replacement entity appointed in respect thereof pursuant to the terms of the Disposal Agency Agreement and/or these Secured Security Conditions) and, if applicable, any sub-agent of, or any other entity appointed by the Disposal Agent;

Dispute Notice means, in relation to a Series of Secured Securities in respect of which Collateral Monitoring is applicable, a notice in writing from the Collateral Manager to the Collateral Monitoring Agent notifying the Collateral Monitoring Agent that the Collateral Manager disputes the contents of a Collateral Monitoring Agent Notice;

Dispute Resolution Procedure Notice means, in relation to a Series of Secured Securities in respect of which Collateral Monitoring is applicable, a notice in writing from the Collateral Manager to the Collateral Monitoring Agent confirming that the Collateral Manager intends to commence the Collateral Test Dispute Resolution Procedure to determine the adjustments (if any) to be made to the Collateral Pool;

Early Redemption Amount means, in relation to a Secured Security, its Fair Market Value Redemption Amount determined in accordance with General Condition 6.8 (*Fair Market Value Redemption Amounts*) provided that if:

- (a) Pro Rata Priority is specified as applicable in the Final Terms;
- (b) the Early Redemption Event is as a result of a default of the Issuer or the Guarantor; and
- (c) the Hedge Amount determined under General Condition 6.8 is a positive amount,

then in the determination of the Fair Market Value Redemption Amount the Hedge Amount shall be modified by multiplying it by a fraction equal to $HA/(HA+PAR)$ where **HA** is the Hedge Amount before the adjustment and **PAR** is the aggregate outstanding nominal amount of the Securities;

Eligibility Criteria means, subject as provided below, in relation to a series of Secured Securities to which Collateral Monitoring is specified as applicable in the relevant Final Terms and with respect to a Collateral Asset other than cash, that:

- (a) the obligor in respect of the relevant Collateral Asset operates in any of the Industry Sectors specified in the relevant Final Terms;
- (b) the obligor in respect of that Collateral Asset is incorporated in any of the jurisdictions specified in the relevant Final Terms (each, a **Jurisdiction of Incorporation**);
- (c) the obligor in respect of the relevant Collateral Asset has, at the date specified in the relevant Final Terms, such credit ratings as are specified in the relevant Final Terms (the **Relevant Rating**);
- (d) the aggregate amount outstanding in respect of the asset comprising the Collateral Asset is an amount not less than any minimum amount specified in the relevant Final Terms (the **Minimum Outstanding Amount**) and an amount not greater than any maximum amount specified in the relevant Final Terms (the **Maximum Outstanding Amount**);
- (e) the relevant Collateral Asset is denominated in a Relevant Currency;
- (f) the relevant Collateral Asset is eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem (**ECB Eligible**);
- (g) the relevant Collateral Asset has such ranking(s) (**Collateral Asset Ranking(s)**) relevant to the debt obligations of the obligor in respect of the relevant Collateral Asset as are specified in the relevant Final Terms;
- (h) the relevant Collateral Asset is listed on one of the exchanges (**Listed**) specified in the relevant Final Terms or, if "Any Exchange" is specified in the relevant Final Terms, the Collateral Asset is listed on any exchange;
- (i) the time remaining to maturity of the relevant Collateral Asset is, at the relevant date, not less than the minimum time to maturity specified in the relevant Final Terms (the **Minimum Time to Maturity**) and/or not greater than the maximum time to maturity specified in the relevant Final Terms (the **Maximum Time to Maturity**); and
- (j) when taken together with the other Collateral Assets in the applicable Collateral Pool, the relevant Collateral Asset would not breach such concentration limit(s) as are specified in the relevant Final Terms (the **Concentration Limits**).

If any such Eligibility Criteria are not specified in the Final Terms, they should be deemed not to apply.

Notwithstanding the foregoing, if "Only Initial Collateral Assets are Eligible" is specified in the applicable Final Terms, the only Collateral Assets that will be deemed to meet the Eligibility Criteria will be those, which are of the same type as the Collateral Assets Delivered to the Custodian on the Issue Date.

Eligible Collateral Assets means, in relation to a series of Secured Securities to which Collateral Monitoring is specified as applicable in the applicable Final Terms, cash denominated in a Relevant Currency or Collateral Assets, which satisfy the Eligibility Criteria;

Enforcement means, in relation to a Series of Secured Securities, the taking of any step by the Security Trustee and/or the Pledgee to enforce the security constituted by related Security Trust Deed and/or the Pledge Agreement, respectively;

External Event shall have the same meaning attributed to it in the definition of Required Settlement Period;

First Level Revised Collateral Test Notice means, in relation to a Series of Secured Securities in respect of which Collateral Monitoring is applicable, a revised Collateral Test Notice sent by the Collateral Manager, following receipt by the Collateral Manager of a Collateral Monitoring Agent Notice the contents of which the Collateral Manager is in agreement with. A First Level Revised Collateral Test Notice shall be provided by the Collateral Manager to the Collateral Monitoring Agent (copied to the Issuer and the Guarantor, as the case may be) and shall be prepared in the same way and shall provide the same information as is required to be included in a Collateral Test Notice;

Haircut means, if specified as applicable in the applicable Final Terms in relation to a Series of Secured Securities in respect of which Collateral Monitoring is applicable, the percentage amount by which the value of each type of Collateral Asset contained in a Collateral Pool is discounted, as specified in the applicable Final Terms. For the avoidance of doubt, the applicable Final Terms may specify one Haircut value per type or class of Collateral Asset;

Industry Sector means, in respect of an entity, any of the following industries in which that entity operates: Aerospace and Defence; automobile; banking; beverage, food and tobacco; buildings and real estate; chemicals, plastics and rubber; containers, packaging and glass; personal and non-durable consumer products (manufacturing only); diversified/conglomerate manufacturing; diversified/conglomerate service; diversified natural resources, precious metals; ecological; electronics; finance; farming and agriculture; grocery; healthcare, education and childcare; home and office furnishings, housewares and durable consumer products; hotels, motels, inns and gaming; insurance; leisure, amusement, entertainment; machinery (non-agriculture, non-construction, non-electronic); mining, steel, iron and non-precious metals; oil and gas; personal, food and miscellaneous; printing and publishing; cargo transport; retail stores; telecommunications; textiles and leather; personal transportation; utilities; broadcasting and entertainment; sovereign and supranational;

Liability means, for the purposes of these Secured Security Conditions, any loss, damage, cost, charge, claim, demand, expense, judgment, action, proceeding or other liability whatsoever (including, without limitation, in respect of taxes, duties, levies, imposts and other charges) and including any value added tax or similar tax charged or chargeable in respect thereof and legal fees and expenses on a full indemnity basis (and **Liabilities** shall be construed accordingly);

Minimum Transfer Amount means the amount specified as such in the applicable Final Terms.

Security Valuation Agency Agreement means the agreement between, *inter alia*, Crédit Agricole Corporate and Investment Bank as Security Valuation Agent and the Issuer as amended, restated and/or supplemented from time to time;

Security Valuation Agent means Crédit Agricole Corporate and Investment Bank (or any substitute or replacement entity appointed in respect thereof pursuant to the terms of the Security Valuation Agency Agreement and/or these Secured Security Conditions) and, if applicable, any sub-agent of, or any other entity appointed by Crédit Agricole Corporate and Investment Bank;

Order of Priority means the order specified in the applicable Final Terms by which the Security Trustee shall apply the Collateral Assets (or the proceeds thereof) and any other amounts in respect of the Collateral Assets (or the proceeds thereof) or the Charged Documents received following Enforcement in accordance with Secured Security Condition 6 (*Acceleration, Enforcement and Realisation*). The Order of Priority may be the Standard Order of Priority (as defined below) or any alternative order of item (a), (b), (c), (d), (e) and (f) below, as specified in the applicable Final Terms:

- (a) payment or satisfaction of all Liabilities incurred by or payable to the Security Trustee or, where applicable, the Disposal Agent (which shall include any taxes required to be paid, the costs of realising any security (including the distribution of enforcement proceeds and/or, where Physical Delivery of

Collateral Assets on Enforcement is applicable, Delivery of the Collateral Assets Entitlement to the Securityholders of the related Secured Securities) and the remuneration of the Security Trustee or any appointee of the Security Trustee or, where applicable, the Disposal Agent);

- (b) in payment of any amounts due to be paid or reimbursed to the Custodian by the Issuer;
- (c) payment of any amounts due to be paid or reimbursed to the Collateral Monitoring Agent by the Issuer;
- (d) on a *pro rata* and *pari passu* basis, in payment of the Amount Owed in respect of each Security;
- (e) *pro rata* in payment of any amounts owed to the creditors (if any) whose claims have arisen as a result of the creation, operation or liquidation of the Collateral Assets (save to the extent that the claims of any such creditor fall within paragraphs (a) to (d) above);
- (f) where "Third Party Security" is applicable, payment to the Third Party Chargor of an amount equal to the value of the Collateral Assets Delivered to the Custodian by the Third Party Chargor in accordance with the Pledge Agreement; and
- (g) payment of the balance (if any) to the Issuer;

the "**Standard Order of Priority**" means that the Order of Priority shall follow the order (a), (b), (c), (d), (e), (f), (g) specified above;

Physical Delivery of Collateral Assets on Enforcement means, if specified as applicable in the applicable Final Terms, that upon Enforcement, the Security Trustee will not sell, or cause to be sold, the Collateral Assets (unless there is a Physical Delivery of Collateral Assets Disruption Event and other than in order to pay any amounts payable to the Secured Parties ranking prior to the Securityholders in accordance with the Order of Priority specified in the applicable Final Terms) but will instead Deliver or cause to be Delivered the Collateral Assets Entitlement (after, for the avoidance of doubt, payment has been made of all amounts due in respect of such Securities to the Secured Parties ranking prior to the Securityholders in accordance with the Order of Priority specified in the applicable Final Terms) to each Securityholder in the manner set out in Secured Security Condition 6.8 (*Physical Delivery of Collateral Assets on Enforcement*);

Physical Delivery of Collateral Assets Disruption Event means any event beyond the control of the Issuer, the Collateral Manager or the Security Trustee as a result of which the Relevant Clearing System (as defined in the applicable Final Terms) cannot Deliver some or all of the Collateral Assets Entitlement required to be Delivered pursuant to the terms of these Secured Security Conditions;

Pledge Agreement means a pledge agreement governed by Luxembourg law between the Issuer and/or the relevant Third Party Chargor (where Third Party Security is applicable), the Custodian and the Security Trustee creating security over Collateral Assets contained in one or more Collateral Accounts in favour of the Security Trustee (as **Pledgee**) on behalf of itself and the relevant Securityholders (which such security interest will be held by the Security Trustee pursuant to the Security Trust Deed) and/or, if any Collateral Assets are not held in Luxembourg and/or require a different security interest, any Additional Security Document;

Post Dispute Collateral Test Notice means, in relation to a Series of Secured Securities in respect of which Collateral Monitoring is applicable, a post dispute Collateral Test Notice sent by the Collateral Manager following the conclusion of a Collateral Test Dispute Resolution Procedure. A Post Dispute Collateral Test Notice shall be provided by the Collateral Manager to the Collateral Monitoring Agent (copied to the Issuer and the Guarantor) and shall be prepared in the same way and shall provide the same information as is required to be included in a Collateral Test Notice;

Pre-Enforcement Payment Period means the period of 14 Business Days (or such other number of Business Days as may be specified in the applicable Final Terms) from and including the date on which notice was sent to Securityholders of the occurrence of a Secured Security Acceleration Event;

Relevant Currency means any one of the currencies specified in the relevant Final Terms.

Required Collateral Default means, in relation to a Series of Secured Securities in respect of which Collateral Monitoring is applicable:

- (a) following receipt of a Collateral Monitoring Agent Notice, which indicates that, the Collateral Test is not satisfied (or will not be satisfied after taking into account any adjustments specified in a Collateral Test Notice):
 - (i) no First Level Revised Collateral Test Notice or Dispute Notice has been sent; or
 - (ii) no Second Level Revised Collateral Test Notice or Dispute Resolution Procedure Notice has been sent; or
 - (iii) no Post Dispute Collateral Test Notice has been sent,

in each case on or before the fifth Collateral Business Day following the date on which the Collateral Manager had the obligation to send such notice to the Collateral Monitoring Agent; or

- (b) the Issuer or the Third Party Chargor (where Third Party Security is applicable) or the Collateral Manager (on behalf of the **Issuer**) fails to Deliver the additional necessary Collateral Assets within the Required Settlement Period and such failure results in the Collateral Test not being satisfied for five consecutive Collateral Business Days following the end of such Required Settlement Period (when determining whether the Collateral Test has been so satisfied, only Collateral Assets which have actually been transferred to the relevant Collateral Account shall be taken into account);

Required Collateral Default Notice means, in relation to a Series of Secured Securities in respect of which **Collateral** Monitoring is applicable, a notice from the Collateral Monitoring Agent to the Issuer, the Guarantor, the Collateral Manager, the Custodian and the Security Trustee specifying that a Required Collateral Default has occurred;

Required Collateral Value means, in relation to a Series of Secured Securities in respect of which Collateral Monitoring is applicable:

- (a) if MV Collateralisation is specified as the Type of Collateralisation applicable in the Final Terms relating thereto, the product of (i) the Collateralisation Percentage (ii) the Secured Security Market Value of the Secured Securities for the relevant Series of Secured Securities and (iii) the number of Securities in such Series of Secured Securities;
- (b) if NV Collateralisation is specified as the Type of Collateralisation applicable in the Final Terms relating thereto, the product of (i) the Collateralisation Percentage and (ii) the total aggregate nominal amount of the Securities of the relevant Series of Secured Securities;
- (c) if Min (MV, NV) Collateralisation is specified as the Type of Collateralisation applicable in the Final Terms relating thereto, the lesser of:
 - (i) the product of (A) the Collateralisation Percentage (B) the Secured Security Market Value of the relevant Series of Secured Securities and (C) the number of Securities in such Series of Secured Securities; and

- (ii) the product of (A) the Collateralisation Percentage and (B) the total aggregate nominal amount of the Securities of the relevant Series of Secured Securities; or
- (d) if Max (MV, NV) Collateralisation is specified as the Type of Collateralisation applicable in the Final Terms relating thereto, the greater of:
 - (i) the product of (A) the Collateralisation Percentage (B) the Secured Security Market Value of the relevant Series of Secured Securities and (C) the number of Securities in such Series of Secured Securities; and
 - (ii) the product of (A) the Collateralisation Percentage and (B) the total aggregate nominal amount of the Securities of the relevant Series of Secured Securities; or

in relation to a Series of Secured Securities in respect of which Collateral Monitoring is not applicable, and with respect to any date, the relevant value of Collateral Assets specified in the applicable Final Terms.

In determining the Required Collateral Value, where the Specified Currency of any Secured Security is other than the Collateral Valuation Currency, the Collateral Manager shall convert the value of such Secured Security at the relevant spot exchange rate. The relevant spot exchange rate shall be the rate displayed on the Collateral Currency Screen Page at the Collateral Currency Specified Time or, if no such Collateral Currency Screen Page is specified in the applicable Final Terms or such Collateral Currency Screen Page is not available, the relevant spot rate shall be the rate determined by the Collateral Manager in good faith and in a commercially reasonable manner, at such time as the Collateral Manager may, in its discretion, select;

Required Settlement Period means, in relation to a Series of Secured Securities in respect of which Collateral Monitoring is applicable, the required period for settlement of the Collateral Assets relating to the adjustments to be made to a Collateral Pool in accordance with a Collateral Test Notice, First Level Revised Collateral Test Notice, Second Level Revised Collateral Test Notice or Post Dispute Collateral Test Notice, as applicable. The Required Settlement Period shall be ten Collateral Business Days following delivery of a Collateral Test Notice or, where such Collateral Test Notice is followed by a Collateral Monitoring Agent Notice, 10 Collateral Business Days following delivery of the First Level Revised Collateral Test Notice, Second Level Revised Collateral Test Notice or Post Dispute Collateral Test Notice, as applicable; provided however that this 10 Collateral Business Day period may be extended up to a maximum additional period of 60 Collateral Business Days (i) if the adjustments to be made to the Collateral Pool have not been settled as a result of an event beyond the control of the Collateral Manager, the Collateral Monitoring Agent and the Issuer (including, but not limited to, as a result of a failure or inability of the relevant clearing system to clear the relevant Collateral Assets), an **External Event** or (ii) in relation to Collateral Assets for which the regular settlement period is greater than 10 Collateral Business Days under normal market conditions ((i) and (ii) being referred to as a **Collateral Settlement Disruption**). During the above additional 60 Collateral Business Day period the Collateral Manager may propose the replacement of the affected Collateral Assets by other Collateral Assets complying with the Collateral Rules and the Eligibility Criteria, or propose any other relevant measures so that the Collateral Test be satisfied. If at the end of the 60 Collateral Business Day period (i) the External Event(s) continue(s) to exist or (ii) the Collateral Assets for which the regular settlement period is greater than 10 Collateral Business Days under normal market conditions have not been settled, this shall constitute a Collateral Disruption Event;

Second Level Revised Collateral Test Notice means, in relation to a Series of Secured Securities in respect of which Collateral Monitoring is applicable, a revised Collateral Test Notice sent by the Collateral Manager after having (i) disputed the contents of a Collateral Monitoring Agent Notice, (ii) delivered a Dispute Notice in relation thereto and (iii) resolved and agreed such dispute with the Collateral Monitoring Agent. A Second Level Revised Collateral Test Notice shall be provided by the Collateral Manager to the Collateral Monitoring

Agent (copied to the Issuer and the Guarantor) and shall be prepared in the same way and shall provide the same information as is required to be included in a Collateral Test Notice;

Secured Security Acceleration Event means that a Securityholder has delivered a valid Secured Security Acceleration Notice;

Secured Security Acceleration Notice means a notice delivered by a holder of any Secured Security in respect of which a Secured Security Event of Default has occurred and is continuing, specifying that **the** Securities of such Series held by it are immediately due and repayable at their Early Redemption Amount (or, where Physical Delivery of Collateral Assets on Enforcement is specified as being applicable in the applicable Final Terms, that such Secured Securities will be subject to settlement in accordance with Secured Security Condition 6.8). Any Secured Security Acceleration Notice shall be in writing and delivered to the relevant Issuer, the Guarantor, the Principal Paying Agent (and, if applicable, the other Paying Agents) and the Security Trustee and shall include such details as are necessary to establish and verify the Secured Securities held by the Securityholder delivering such notice;

Secured Security Event of Default means, in relation to a Secured Security, the occurrence of any one or more of the following events:

- (a) an Event of Default has occurred in accordance with any of General Conditions 10(a) to 10(d); or
- (b) a Required Collateral Default Notice is served; or
- (c) a failure by the Issuer or any Third Party Chargor to comply with or perform any agreement or obligation to be complied with or performed by it in accordance with any Security Trust Deed or Pledge Agreement if such failure is continuing after any applicable grace period has elapsed, the expiration or termination of such Security Trust Deed or Pledge Agreement or the failing or ceasing of such Security Trust Deed or Pledge Agreement, or any security granted by the Issuer or any Third Party Chargor, to be in full force and effect prior to the satisfaction of all the obligations of such party under these Secured Security Conditions or the Issuer or any Third Party Chargor disaffirms, disclaims, repudiates or rejects, in whole or in part, or challenges the validity of, such Security Trust Deed or Pledge Agreement (or such action is taken by any person or entity appointed or empowered to operate it or act on its behalf);

Secured Security Market Value means, in respect of a Series of Secured Securities in respect of which Collateral Monitoring is applicable and in relation to which MV Collateralisation, Min (MV,NV) Collateralisation or Max (MV,NV) Collateralisation is applicable, the amount determined by the Security Valuation Agent as the market value applicable to each relevant Secured Security of such Series of Secured Securities as of the Valuation Point and shall be calculated on the basis of such valuation method as the Security Valuation Agent may, acting in good faith and in a commercially reasonable manner and in accordance with the terms of the Security Valuation Agency Agreement, determine in its discretion;

Secured Obligations has the meaning given to it in Secured Security Condition 3.1;

Secured Parties means the parties referred to in sub-paragraphs (a) to (e) (inclusive) of the definition of Order of Priority (each, a **Secured Party**);

Security Trustee means Citicorp Trustee Company Limited (or any substitute or replacement entity appointed in respect thereof pursuant to the terms of the relevant Security Trust Deed and/or these Secured Security Conditions);

Security Trust Deed means a security trust deed governed by English law and entered into by the Security Trustee and the Issuer on the Issue Date specified in the applicable Final Terms for a Series of Secured Securities;

Supplemental Collateral Monitoring Services means with respect to a Series of Secured Securities in respect of which Collateral Monitoring is applicable, the services to be performed in respect of such Series by the Collateral Monitoring Agent, in addition to the general services set forth in Collateral Monitoring Agency Agreement;

Third Party Bidder means any party identified as such in the applicable Final Terms for the purposes of Secured Security Condition 6.6;

Third Party Chargor has the meaning given to it in Secured Security Condition 4.8;

Third Party Security has the meaning given to it in Secured Security Condition 4.8;

Type of Collateralisation means, in relation to a Series of Secured Securities in respect of which Collateral Monitoring is applicable, MV Collateralisation, NV Collateralisation, Min (MV,NV) Collateralisation or Max (MV,NV) Collateralisation as specified in the applicable Final Terms;

Undeliverable Collateral Assets means Collateral Assets which either the Security Trustee or any agent acting on its behalf, as the case may be, is unable to Deliver in accordance with Secured Security Condition 6 due to the occurrence of a Physical Delivery of Collateral Assets Disruption Event; and

Valuation Point means, unless otherwise specified in the applicable Final Terms, the Collateral Business Day immediately preceding the Issue Date or the relevant Collateral Test Date, as the case may be, or, if a valuation of the relevant Collateral Asset or Secured Security, as applicable, is not available on such date, the date of the last available valuation of such Collateral Asset or Secured Security.

3 GENERAL

3.1 Security Trustee

In relation to each Series of Secured Securities, Citicorp Trustee Company Limited shall be appointed as Security Trustee and shall undertake the duties of Security Trustee in respect of the Secured Securities as set out below and in the applicable Final Terms, the relevant Pledge Agreement and in the relevant Security Trust Deed; and the expression "Security Trustee" shall, in relation to the relevant Secured Securities, include any substitute or replacement entity appointed respectively as Security Trustee in respect thereof pursuant to the terms of the relevant Security Trust Deed.

In relation to each Series of Secured Securities, the Security Trustee will enter into a Security Trust Deed. Under the terms of the Security Trust Deed:

- (a) the Issuer will covenant that it will duly and punctually pay or discharge its obligations in respect of the Series of Secured Securities to which the Security Trust Deed relates and under the Collateral Transaction Documents (the "**Secured Obligations**") and that it will punctually pay to the Security Trustee amounts equal to and in the same currency as any Secured Obligations as and when they fall due for payment, so that the Security Trustee will be the obligee of such covenant and may claim performance of such covenant in its own name and not only as agent, representative or trustee acting on behalf of the Secured Parties; and
- (b) the Security Trustee will hold the rights granted to it under the Security Trust Deed and the relevant Pledge Agreement on trust for itself, the Securityholders and the other relevant Secured Parties.

3.2 Collateral Manager

Crédit Agricole Corporate and Investment Bank shall undertake the duties of Collateral Manager in respect of each Series of Secured Securities, as set out in these Secured Security Conditions and in the

applicable Final Terms and as further provided for in the Collateral Management Agreement. The expression "Collateral Manager" shall, in relation to the relevant Secured Securities, include any substitute or replacement entity appointed respectively as Collateral Manager in respect thereof pursuant to the terms of the relevant Collateral Management Agreement.

3.3 Collateral Monitoring Agent

Citibank N.A., London branch shall, in relation to a Series of Secured Securities in respect of which Collateral Monitoring is applicable, undertake the duties of Collateral Monitoring Agent in respect of the relevant Series Secured Securities, as set out in these Secured Security Conditions and in the applicable Final Terms and as further provided for in the Collateral Monitoring Agency Agreement. The expression "Collateral Monitoring Agent" shall, in relation to the relevant Secured Securities, include any substitute or replacement entity appointed respectively as Collateral Monitoring Agent in respect thereof pursuant to the terms of the relevant Collateral Monitoring Agency Agreement.

3.4 Custodian

Citibank Europe plc (formerly, Citibank International Limited (Luxembourg branch)) shall undertake the duties of Custodian in respect of each Series of Secured Securities, as set out in these Secured Security Conditions and in the applicable Final Terms and as further provided for in the Custodian Agreement. The expression "Custodian" shall, in relation to the relevant Secured Securities, include any substitute or replacement entity appointed respectively as Custodian in respect thereof pursuant to the terms of the relevant Custodian Agreement.

3.5 Security Valuation Agent

Crédit Agricole Corporate and Investment Bank shall undertake the duties of Security Valuation Agent in respect of each Series of Secured Securities, as set out in these Secured Security Conditions and in the applicable Final Terms and as further provided for in the Security Valuation Agency Agreement. The expression "Security Valuation Agent" shall, in relation to the relevant Secured Securities, include any substitute or replacement entity appointed respectively as Security Valuation Agent in respect thereof pursuant to the terms of the relevant Security Valuation Agency Agreement.

3.6 Disposal Agent

Citibank N.A., London branch shall, undertake the duties of Disposal Agent in respect of each Series of Secured Securities, as set out in these Secured Security Conditions and in the applicable Final Terms and as further provided for in the Disposal Agency Agreement. The expression "Disposal Agent" shall, in relation to the relevant Secured Securities, include any substitute or replacement entity appointed respectively as Disposal Agent in respect thereof pursuant to the terms of the relevant Disposal Agency Agreement.

Under the Disposal Agency Agreement, the Disposal Agent may dispose of all or some of the Collateral Assets on behalf of and only when instructed to do so by the Security Trustee in accordance with the Security Trust Deed.

3.7 Termination and replacement

Each of the Collateral Transaction Documents contain, or will contain, provisions for the termination of such agreement and, as the case may be, the removal or replacement of the role of the relevant Collateral Arrangement Party appointed thereunder. Any such termination, removal and/or replacement will be effected in accordance with the provisions of such agreements and these Secured Security Conditions and may be effected without the consent of Securityholders. No such termination or removal shall be effective until a replacement entity has been validly appointed. The Issuer shall be

required to give notice to Securityholders of any such termination, removal and/or replacement in accordance with General Condition 14 (*Notices*). Any reference to a Collateral Arrangement Party in these Secured Security Conditions shall be deemed to include a reference to any entity appointed as a replacement thereof pursuant to the terms of the relevant agreement and/or these Secured Security Conditions.

A replacement a Collateral Arrangement Party may only be appointed when certain conditions are fulfilled. Such conditions may include, but are not limited to, a requirement that the replacement Collateral Arrangement Party: (i) is an institution incorporated and in good standing in the United States of America or in a state which is, as at the date of the relevant Collateral Transaction Document, a member state of the European Union; (ii) has the requisite resources and legal capacity to perform the duties imposed upon the relevant existing Collateral Arrangement Party under the relevant Collateral Transaction Document and is a recognised provider of the services provided by such Collateral Arrangement Party; (iii) is legally qualified and has the capacity to act as successor to the relevant Collateral Arrangement Party on the terms of the relevant Collateral Transaction Document; and (iv) whose performance of its duties under the relevant Collateral Transaction Document will not cause the Issuers to become subject to tax in any jurisdiction where such successor is incorporated, established, doing business, has a permanent establishment or is otherwise considered tax resident.

3.8 Notices

Where any provision of these Secured Security Conditions requires one party to deliver a notice to another party, such notice may be delivered in any form agreed between the parties thereto, including but not limited to, by post, electronic message, fax, exchange of electronic files, SWIFT messages, messages through the relevant clearing system or by telephone (provided that any notice given by telephone must, as soon as reasonably practicable, be confirmed in writing between the parties to such telephone conversation).

4 SECURITY

4.1 Security

Save where Third Party Security is applicable in accordance with Secured Security Condition 4.8 (*Third Party Chargor*), the obligations of the Issuer in respect of the Secured Securities will be secured by:

- (a) a Pledge Agreement, pursuant to which the Issuer will grant a first ranking security interest over all of its rights in and to the Collateral Assets Delivered to the Custodian and held from time to time in the relevant securities and/or cash account or accounts established with the Custodian for the purposes of safekeeping such Collateral Assets (such account or accounts together, the **Collateral Account**) together with all the Issuer's receivables, claims, right, title, interest and benefit in, under and to the Custodian Agreement against the Custodian; and
- (b) a Security Trust Deed, pursuant to which the Issuer will grant a first ranking security interest over its right, benefit, interest and title, present and future, in, under and to the Charged Documents (to the extent they relate to the relevant Series of Secured Securities and save for any such rights secured pursuant to the Pledge Agreement),

in favour of the Pledgee and the Security Trustee, respectively, to hold on trust for itself and the relevant Securityholders and the other relevant Secured Parties.

Unless otherwise specified in the applicable Final Terms, no security will be created over any other assets of the Issuer, any interest distributions paid on any Collateral Assets or any other assets in the

Collateral Account, which will remain the property of the relevant Issuer who shall be entitled to sell, dispose of, transfer or otherwise deal with such assets at any time.

4.2 Collateral Pools

Each Series of Secured Securities will be secured by a separate Collateral Pool comprising Collateral Assets in a segregated Collateral Account.

4.3 Initial Collateral Assets

On the Issue Date in respect of a Series of Secured Securities, the Issuer will deposit:

- (a) in the case of Secured Securities in respect of which Collateral Monitoring is applicable, Collateral Assets in the relevant Collateral Account such that the Collateral Test is satisfied on such Issue Date; and
- (b) in the case of Secured Securities in respect of which Collateral Monitoring is not applicable, the Collateral Assets specified in the applicable Final Terms.

4.4 Collateral Monitoring and Adjustments to Collateral Assets

The following provisions of this Secured Condition 4.4 apply to Series of Secured Securities in respect of which Collateral Monitoring is applicable.

The Collateral Manager will determine the Collateral Value, the aggregate Secured Security Market Value and the Required Collateral Value on the Issue Date and each Collateral Test Date.

On each Collateral Test Date, the Collateral Monitoring Agent shall calculate the Collateral Value and the Required Collateral Value and verify that the Collateral Test is satisfied. The Secured Security Market Value determined by the Security Valuation Agent shall bind the Collateral Monitoring Agent for the purposes of the Collateral Monitoring Agent's determination of the Required Collateral Value.

When determining whether the Collateral Test is satisfied, Collateral Assets for which instructions for the transfer to the relevant Collateral Account have been provided on or before such Collateral Test Date will be included for the purposes of such determination and Collateral Assets for which instructions for the removal from the relevant Collateral Account have been provided on or before such Collateral Test Date will be excluded for the purposes of such determination.

Determinations of the Collateral Value and the Required Collateral Value for the purposes of the Collateral Test shall, to the extent reasonably practicable, be made as of the same time.

If on the relevant Collateral Test Date:

- (a) a Collateral Test Notice has been delivered by the Collateral Manager and the Collateral Monitoring Agent determines that the Collateral Test will not be satisfied (including after taking into account any adjustments specified in such Collateral Test Notice); or
- (b) no Collateral Test Notice has been delivered by the Collateral Manager but the Collateral Monitoring Agent has determined that adjustments need to be made to the Collateral Assets so that the Collateral Test be satisfied,

then the Collateral Monitoring Agent shall, on the Collateral Business Day immediately following the relevant Collateral Test Date, send the Collateral Manager a Collateral Monitoring Agent Notice.

Following receipt of a Collateral Monitoring Agent Notice, the Collateral Manager will determine whether it is in agreement with the contents of the Collateral Monitoring Agent Notice. Should the

Collateral Manager agree with the contents of a Collateral Monitoring Agent Notice, the Collateral Manager shall on the Collateral Business Day immediately following receipt of a Collateral Monitoring Agent Notice send or cause to be sent a First Level Revised Collateral Test Notice to the Collateral Monitoring Agent and the Custodian (copied to the Issuer and the Guarantor) specifying the agreed adjustments to be made to the Collateral Pool (including *inter alia* the type and quantity of any Collateral Assets to be deposited and/or removed) such that the Collateral Test will be satisfied, provided that an adjustment will only be made if the nominal amount of Collateral Assets to be deposited in and/or removed from the Collateral Account is at least equal to the Minimum Transfer Amount.

If the Collateral Manager disputes the contents of a Collateral Monitoring Agent Notice, it shall on the Collateral Business Day immediately following receipt of a Collateral Monitoring Agent Notice send the Collateral Monitoring Agent a Dispute Notice and the Collateral Monitoring Agent and the Collateral Manager shall consult with each other in good faith in an attempt to resolve the dispute.

If the Collateral Manager and the Collateral Monitoring Agent are able to resolve the dispute following such consultation by the second Collateral Business Day following delivery of the Collateral Monitoring Agent Notice, the Collateral Manager shall send or cause to be sent a Second Level Revised Collateral Test Notice to the Collateral Monitoring Agent and the Custodian (copied to the Issuer and the Guarantor) specifying the agreed adjustments to be made to the Collateral Pool (including *inter alia* the type and quantity of any Collateral Assets to be deposited and/or removed) such that the Collateral Test will be satisfied.

If the Collateral Manager and the Collateral Monitoring Agent fail to resolve the dispute by the second Collateral Business Day following delivery of the Collateral Monitoring Agent Notice, then the Collateral Manager (on behalf of the Issuer) shall send the Collateral Monitoring Agent a Dispute Resolution Procedure Notice and it will commence the Collateral Test Dispute Resolution Procedure to determine the adjustments to be made to the Collateral Pool.

Following a recalculation pursuant to the Collateral Test Dispute Resolution Procedure, the Collateral Manager shall issue a Post Dispute Collateral Test Notice to the Collateral Monitoring Agent and the Custodian (copied to the Issuer and the Guarantor) containing the Collateral Value, Required Collateral Value and any adjustments to be made to the Collateral Pool such that the Collateral Test will be satisfied, in each case determined in accordance with the Collateral Test Dispute Resolution Procedure, as soon as possible but in any event not later than the 30th Collateral Business Day following delivery of the Collateral Monitoring Agent Notice. A Post Dispute Collateral Test Notice issued following the conclusion of a Collateral Test Dispute Resolution Procedure shall be binding on the Collateral Manager and the Collateral Monitoring Agent and shall not be subject to further verification by the Collateral Monitoring Agent.

Following receipt of a Collateral Test Notice, First Level Revised Collateral Test Notice, Second Level Revised Collateral Test Notice or Post Dispute Collateral Test Notice, as applicable, from the Collateral Manager which indicates that the Collateral Test is not satisfied, the Collateral Manager on behalf of the Issuer will, as soon as reasonably practicable following delivery of such Collateral Test Notice or, where such Collateral Test Notice is followed by a Collateral Monitoring Agent Notice, the First Level Revised Collateral Test Notice, Second Level Revised Collateral Test Notice or Post Dispute Collateral Test Notice, as applicable, and in any event within the Required Settlement Period, Deliver, or procure the Delivery of, additional or replacement Collateral Assets to or from the Collateral Account such that after such adjustment of Collateral Assets the Collateral Test will be satisfied.

Without prejudice to the foregoing, in relation to any Series of Secured Securities in respect of which Collateral Monitoring is applicable, the Collateral Manager may request on behalf of the Issuer that Collateral Assets are withdrawn from the Collateral Account provided that following such withdrawal the Collateral Test will be satisfied.

4.5 Substitution of Collateral Assets

If, in relation to any Series of Secured Securities in respect of which Collateral Monitoring is applicable, "Collateral Substitution" is specified as applicable in the applicable Final Terms, the Issuer or (or the Collateral Manager on its behalf) may withdraw and/or replace Collateral Assets from the relevant Collateral Account provided that following such adjustment the Collateral Test will be satisfied. The Issuer (or the Collateral Manager on its behalf) will send or cause to be sent a notice to the Collateral Monitoring Agent and the Custodian (copied to the Issuer and the Guarantor) specifying the adjustments to be made to the Collateral Pool (including, *inter alia*, the type and quantity of any Collateral Assets to be deposited and/or removed). The Collateral Business Day immediately following a day on which such notice is given by the Issuer (or the Collateral Manager on its behalf) for the substitution of Collateral Assets as described above will be deemed to be a Collateral Test Date.

4.6 Delegation to Collateral Manager

The Issuer may, pursuant to the terms of the Collateral Management Agreement, delegate to the Collateral Manager the role of managing each Collateral Pool to comply with the requirements of these Secured Security Conditions.

4.7 Required Collateral Default

Following the occurrence of a Required Collateral Default, the Collateral Monitoring Agent will be required to send a Required Collateral Default Notice to the Issuer, the Guarantor, the Collateral Manager, the Custodian and the Security Trustee, specifying that a Required Collateral Default has occurred. The Issuer shall give notice in accordance with General Condition 14 (*Notices*) as soon as reasonably practicable to all relevant Securityholders if a Required Collateral Default Notice has been received.

4.8 Third Party Chargor

Where "Third Party Security" is specified as being applicable in the applicable Final Terms, the obligations of the Issuer in respect of the Secured Securities will be secured (such security being Third Party Security) by:

- (a) a Pledge Agreement, pursuant to which an Affiliate of the Issuer (such Affiliate being a Third Party Chargor in respect of such Series of Secured Securities) will grant a first ranking security interest over all of its rights in and to the Collateral Assets Delivered to the Custodian and held from time to time in the Collateral Account, together with all the Third Party Chargor's receivables, claims, right, title, interest and benefit in, under and to the Custodian Agreement against the Custodian; and
- (b) a Security Trust Deed, pursuant to which the Issuer will grant a first ranking security interest over its right, benefit, interest and title, present and future, in, under and to the Charged Documents (to the extent they relate to the relevant Series of Secured Securities and save for any such rights secured pursuant to the Pledge Agreement),

in favour of the Pledgee and the Security Trustee, respectively, to hold on trust for itself and the relevant Securityholders and the other relevant Secured Parties.

Unless otherwise specified in the applicable Final Terms, no security will be created over any other assets of the Third Party Chargor or the Issuer, any interest distributions paid on any Collateral Assets or any other assets in the Collateral Account, which will remain the property of the relevant Third Party Chargor or the Issuer, as the case may be, who shall be entitled to sell, dispose of, transfer or otherwise deal with such assets at any time.

Where Third Party Security is applicable, references in this Secured Security Condition 4 to the "Issuer" shall be deemed to be references to the relevant Third Party Chargor, as the context requires. In addition, where any notice is required to be Delivered to the Issuer pursuant to the applicable Terms and Conditions, such notice shall also be Delivered to the relevant Third Party Chargor to the contact details specified in the applicable Final Terms.

5 COLLATERAL MANAGER, COLLATERAL MONITORING AGENT AND SECURITY VALUATION AGENT

The Collateral Manager, Collateral Monitoring Agent and Security Valuation Agent act solely as agents of the Issuer and do not assume any obligation or duty to, or any relationship of agency or trust for or with, the Securityholders.

All calculations and determinations made in respect of the Secured Securities by the Collateral Manager, Collateral Monitoring Agent and Security Valuation Agent shall (save in the case of manifest error) be final, conclusive and binding on the Issuer, the Guarantor, the Securityholders and the Security Trustee.

Each of the Collateral Manager, Collateral Monitoring Agent and Security Valuation Agent may, with the consent of the Issuer, delegate any of their obligations and functions to a third party as provided for in the Collateral Management Agreement, Collateral Monitoring Agency Agreement and Security Valuation Agency Agreement, as applicable.

6 ACCELERATION, ENFORCEMENT AND REALISATION

6.1 Acceleration and Enforcement of Collateral

If, in relation to a Series of Secured Securities, a Secured Security Acceleration Notice is served, a Secured Security Acceleration Event shall occur and all Secured Securities comprising that Series will become immediately due and repayable at their Early Redemption Amount (or, where Physical Delivery of Collateral Assets on Enforcement is specified as being applicable in the applicable Final Terms, that all Secured Securities comprising that Series will be subject to settlement in accordance with Secured Security Condition 6.8). If a Secured Security Acceleration Event occurs, the Issuer or, failing which, the Security Trustee shall give notice thereof to all relevant Securityholders as soon as reasonably practicable following the occurrence of such event in accordance with General Condition 14 (*Notices*).

If neither the Issuer nor the Guarantor has paid all amounts due to Securityholders of a Series of Securities in relation to which a Secured Security Acceleration Event has occurred within the Pre-Enforcement Payment Period, any holder of Securities of such Series will be entitled to send a Collateral Enforcement Notice to the Security Trustee requesting that the security constituted by the relevant Pledge Agreement and Security Trust Deed be enforced.

The Security Trustee shall, following receipt of a Collateral Enforcement Notice, promptly give notice of the same to the Issuer, the Guarantor, the Collateral Manager, the Custodian and the other Securityholders whose Securities are secured on the Collateral Pool in relation to which such Collateral Enforcement Notice relates.

6.2 Enforcement and Realisation of Collateral Assets

Upon receipt of a Collateral Enforcement Notice, and subject always to the Security Trustee being indemnified and/or secured (including by way of prefunding) against any liability it may incur by so acting, the Security Trustee will enforce the security constituted by the relevant Pledge Agreement and Security Trust Deed in accordance with the terms thereof and these Secured Security Conditions (as completed by the applicable Final Terms) and will (i) give instructions to the Disposal Agent to liquidate or realise some or all of the Collateral Assets in each Collateral Pool which secures a Series of Secured Securities in accordance with Secured Security Condition 6.6 (*Method of realisation of Collateral Assets*) and subsequently distribute the relevant Collateral Enforcement Proceeds Share to relevant Securityholders in accordance with Secured Security Condition 6.5 (*Application and distribution of proceeds of enforcement where Physical Delivery of Collateral Assets on Enforcement is not applicable*) or (ii) where Physical Delivery of Collateral Assets on Enforcement is specified as applicable in the applicable Final Terms, arrange for Delivery of the relevant Collateral Assets Entitlement to the relevant Securityholders in accordance with Secured Security Condition 6.8 (*Physical Delivery of Collateral Assets on Enforcement*), in each case after payment of any amounts payable to the Secured Parties ranking prior to the Securityholders in accordance with the Order of Priority specified in the applicable Final Terms (such amounts to be paid either out of the proceeds of such liquidation or realisation of Collateral Assets or out of the proceeds transferred by the Securityholders in accordance with Secured Security Condition 6.8 (*Physical Delivery of Collateral Assets on Enforcement*)).

6.3 Liability of the Security Trustee

In the absence of any gross negligence, fraud or wilful default on the part of the Security Trustee, the Security Trustee shall not have any liability as to the consequence of any enforcement or realisation action and neither will have regard to the effect of such action on individual Securityholders.

6.4 Enforcement and Realisation by Securityholders

No Securityholder shall be entitled to enforce a Pledge Agreement or Security Trust Deed or to proceed directly against the Issuer or any Third Party Chargor to enforce the other provisions of a Pledge Agreement or Security Trust Deed.

6.5 Application and distribution of proceeds of enforcement where Physical Delivery of Collateral Assets on Enforcement is not applicable

Unless Physical Delivery of Collateral Assets on Enforcement is specified in the applicable Final Terms, following Enforcement and after the realisation and liquidation in full of all the Collateral Assets in a Collateral Pool in accordance with this Condition 6, the Security Trustee shall use the proceeds of such realisation and liquidation of the Collateral Assets to make payment of any amounts payable to the Secured Parties ranking prior to the Securityholders in accordance with the Order of Priority specified in the applicable Final Terms. Following such payment the Security Trustee shall determine the Collateral Enforcement Proceeds Share in respect of each Secured Security and shall notify such amounts to the Securityholders in accordance with General Condition 14 (*Notices*).

Subject as provided below, the remaining proceeds from the realisation of the Collateral Assets in a Collateral Pool will then be applied in meeting the claims of Securityholders under the Secured Securities which are secured by the relevant Collateral Pool (which claim will be equal to the Amount Owed) *pro rata* to the Collateral Enforcement Proceeds Share of each such Secured Security.

6.5.1 Any excess of the Collateral Enforcement Proceeds over the amounts payable prior to Securityholders and to Securityholders shall then be distributed to the Secured Parties ranking

after the Securityholders in accordance with the Order of Priority specified in the applicable Final Terms.

- 6.5.2 Where the Collateral Enforcement Proceeds Share for a particular Secured Security is less than the Amount Owed (such loss amount being a Collateral Enforcement Loss Amount), such Securityholder shall not be entitled to any further recourse against the Issuer or any Third Party Chargor for such Collateral Enforcement Loss Amount, but may claim any payment of such Collateral Enforcement Loss Amount from the Guarantor under the Guarantee.

6.6 Method of realisation of Collateral Assets

Subject as may otherwise be provided for in these Secured Security Conditions or the Final Terms, in effecting the sales, the Disposal Agent (on behalf of the Security Trustee) may sell Collateral Assets in one single transaction or in a number of transactions as it considers appropriate in order to attempt reasonably to maximise the proceeds from such sale. The Disposal Agent may effect sales of Collateral Assets (i) on any securities exchange or quotation service on which the Collateral Assets may be listed or quoted, (ii) in the over-the-counter market or (iii) in transactions otherwise than on such exchanges or in the over-the counter market.

Where the Disposal Agent is required or requested to dispose of any Collateral Assets other than on any securities exchange or quotation service on which the Collateral Assets may be listed or quoted then:

- (a) the Disposal Agent shall seek firm bid quotations from at least three independent dealers in assets similar in nature to the relevant Collateral Assets (and, for such purpose, it may seek quotations in respect of such Collateral Assets in their entirety or in respect of a designated part or proportion thereof, as it considers appropriate in order to maximise the proceeds of the sale of such Collateral Assets);
- (b) for the purposes of obtaining the quotations referred to in (a) above, the Disposal Agent or any Third Party Bidder may itself provide a bid in respect of the relevant Collateral Assets or any part or proportion thereof; and
- (c) the Disposal Agent shall be authorised to accept in respect of each relevant part or proportion of the Collateral Assets or, as applicable, the entirety of the relevant Collateral Assets the highest quotation so obtained (which may be a quotation from the Disposal Agent (when providing such quotations itself, the Disposal Agent shall act in a commercially reasonable manner).

In circumstances where the Disposal Agent cannot act in accordance with this Secured Security Condition 6.6, or does not do so within a reasonable time, the Security Trustee shall effect any sales of the Collateral Assets in accordance with the Security Trust Deed (or may appoint an agent to do so on its behalf).

6.7 Inability to realise Collateral Assets

If the Disposal Agent is unable to sell Collateral Assets on any securities exchange or quotation service on which such Collateral Assets may be listed or quoted or obtain the three quotations required for the sale of one or more Collateral Assets, in each case pursuant to Secured Security Condition 6.6 (*Method of realisation of Collateral Assets*), for a period of one year from the date of the relevant Secured Security Acceleration Event (such Collateral Assets being **Non-Realised Collateral Assets**), then in lieu of cash settlement of such Non-Realised Collateral Assets and notwithstanding any other provision hereof, the Security Trustee (itself or acting through an agent) shall be entitled to Deliver, or procure the Delivery of, such Non-Realised Collateral Assets to the relevant Securityholders in accordance with

Secured Security Condition 6.8 (*Physical Delivery of Collateral Assets on Enforcement*) and the Order of Priority specified in the applicable Final Terms.

If Delivery of any Non-Realised Collateral Assets is illegal, impossible or impracticable due to the occurrence of a Physical Delivery of Collateral Assets Disruption Event for a period of greater than 20 Collateral Business Days, (i) the Disposal Agent (or failing which the Security Trustee or an agent appointed on its behalf) shall be entitled to sell such Non-Realised Collateral Assets by accepting the first available price for such Non-Realised Collateral Assets or (ii) the Security Trustee (itself or acting through an agent) shall Deliver such Non-Realised Collateral Assets if Delivery subsequently becomes possible, legal or practicable, as the case may be.

6.8 Physical Delivery of Collateral Assets on Enforcement

6.8.1 Where Physical Delivery of Collateral Assets on Enforcement is specified in the applicable Final Terms, following Enforcement, the Security Trustee (itself or acting through an agent) will determine the Collateral Assets Entitlement in respect of each Secured Security and shall notify such amounts to the Securityholders in accordance with General Condition 14 (*Notices*).

The Security Trustee will:

- (a) upon transfer by the Securityholders to the Security Trustee of sufficient funds to pay amounts equal to (i) any amounts payable to the Secured Parties ranking prior to the Securityholders in accordance with the Order of Priority specified in the applicable Final Terms and (ii) where the Hedge Amount is a positive sum (as determined in accordance with General Condition 6.8 (*Fair Market Value Redemption Amounts*)), the value of the Hedge Amount, the Security Trustee will pay such amounts to such Secured Parties in accordance with the Order of Priority specified in the applicable Final Terms and secondly, in the case of the Hedge Amount, pay an amount equal to the absolute value of the Hedge Amount to the Issuer; or
- (b) where Securityholders have not elected to make a transfer for the purposes of Secured Security Condition 6.8.1(a) realise, or procure that the Disposal Agent realises and liquidates sufficient Collateral Assets in accordance with Secured Security Condition 6.6 (*Method of realisation of Collateral Assets*) with a value equal to the amounts described in Secured Security Conditions 6.8.1(a)(i) and (ii) and pay such amounts to the Secured Parties and the Issuer, respectively, in accordance with the Order of Priority specified in the applicable Final Terms.

Following such payments, the Security Trustee will notify Securityholders of the relevant Collateral Delivery Date and, subject to Secured Security Condition 6.10 (*Physical Delivery of Collateral Assets Disruption Event*), will Deliver the Collateral Assets Entitlement to the Securityholders of the Secured Securities secured by the relevant Collateral Pool in accordance with Secured Security Condition 6.10 (*Physical Delivery of Collateral Assets Disruption Event*) in lieu of the Amount Owed pursuant to Secured Security Condition 6.1 (*Acceleration and Enforcement of Collateral*).

6.8.2 A Securityholder is only entitled to receive its Collateral Assets Entitlement and Delivery thereof is subject to the provisions of Secured Security Condition 6.10 (*Physical Delivery Procedures*). Any remaining Collateral Assets will be liquidated by the Security Trustee and the proceeds thereof distributed in accordance with the Security Trust Deed to the Secured Parties ranking after the Securityholders in accordance with the Order of Priority specified in the applicable Final Terms.

- 6.8.3 Where the Collateral Assets Entitlement for a particular Secured Security is less than the Amount Owed (such loss amount being a **Collateral Enforcement Loss Amount**), such Securityholder shall not be entitled to any further recourse against the Issuer or any Third Party Chargor for such Collateral Enforcement Loss Amount, but may claim any payment of such Collateral Enforcement Loss Amount from the Guarantor under the Guarantee.

6.9 Physical Delivery of Collateral Assets Disruption Event

- 6.9.1 If, in the opinion of the Security Trustee, Delivery of all or some of the Collateral Assets forming part of the Collateral Assets Entitlement using the method of delivery specified in the applicable Final Terms, or such other commercially reasonable manner as the Security Trustee has determined, is not practicable by reason of a Physical Delivery of Collateral Assets Disruption Event having occurred and continuing on any Collateral Delivery Date, then such Collateral Delivery Date shall be postponed to the first following Collateral Business Day in respect of which there is no such Physical Delivery of Collateral Assets Disruption Event, provided that the Security Trustee may elect in its sole discretion to Deliver the Collateral Assets forming part of the Collateral Assets Entitlement in such other commercially reasonable manner as it may select and in such event the Collateral Delivery Date shall be such day as the Security Trustee deems appropriate in connection with delivery of the Collateral Assets forming part of the Collateral Assets Entitlement in such other commercially reasonable manner.

Where a Physical Delivery of Collateral Assets Disruption Event affects some but not all of the Collateral Assets forming part of the Collateral Assets Entitlement due to be Delivered to a Securityholder, the Collateral Delivery Date for those Collateral Assets forming part of the Collateral Assets Entitlement which are able to be Delivered will be the Collateral Delivery Date on which such Collateral Assets are Delivered.

- 6.9.2 If Delivery of any Collateral Assets forming part of the Collateral Assets Entitlement is not possible due to the occurrence of a Physical Delivery of Collateral Assets Disruption Event for a period of greater than 20 Collateral Business Days (or such other period specified in the Final Terms), then in lieu of physical settlement and notwithstanding any other provision hereof, the Disposal Agent (or failing which the Security Trustee or an agent on its behalf) shall sell or realise the Undeliverable Collateral Assets and deliver the proceeds thereof to Securityholders in the manner set out in Secured Security Condition 6.6 (*Method of realisation of Collateral Assets*).
- 6.9.3 If (i) the Disposal Agent (or the Security Trustee or an agent on its behalf, as the case may be) is unable to sell the Collateral Assets on any securities exchange or quotation service on which the Collateral Assets may be listed or quoted or obtain the three quotations required for the sale of the Collateral Assets or (ii) the Security Trustee (itself or acting through an agent) is unable to Deliver such Collateral Assets due to the continuation of a Physical Delivery of Collateral Assets Disruption Event, for a period of one year from the date of the relevant Secured Security Acceleration Event, the Disposal Agent (or the Security Trustee or an agent on its behalf, as the case may be) shall be entitled to accept the first available price for such Collateral Assets.

The Security Trustee shall give notice as soon as practicable to the Securityholders in accordance with General Condition 14 (*Notices*) that a Physical Delivery of Collateral Assets Disruption Event has occurred. No Securityholder shall be entitled to any payment in respect of the relevant Secured Securities in the event of any delay in the Delivery of the Collateral Assets forming part of the Collateral Assets Entitlement due to the occurrence of a Physical Delivery

of Collateral Assets Disruption Event and no liability in respect thereof shall attach to the Issuer, any Third Party Chargor, the Guarantor or the Security Trustee.

6.10 Physical Delivery Procedures

6.10.1 Procedure by Securityholders

Any Delivery of Collateral Assets shall be in accordance with any applicable securities laws.

In order to receive the Collateral Assets Entitlement, the relevant Securityholder shall (or shall procure that a depository, custodian or entity with which it has a similar relationship in respect of the Securities shall on its behalf):

- (i) if the Secured Securities are represented by a Global Security, present a notice to DTC and/or Euroclear and/or Clearstream, Luxembourg, as the case may be, with a copy to any Paying Agent or the Registrar, as the case may be, the Issuer, the Guarantor and the Security Trustee via the EUCLID System or any equivalent or successor system (a **PD Notice**); or
- (ii) if the Secured Security is in definitive form, surrender to the Paying Agent or the Registrar, as the case may be, the Definitive Security (which expression shall, for the purposes of this Secured Security Condition, include Receipt(s) and, if applicable, all unmaturing Coupons, in accordance with the provisions of General Condition 5 (*Payments*)), a completed Asset Transfer Notice substantially in the form set out in the Agency Agreement (the **Asset Transfer Notice**) (a copy of which may be obtained from the specified office of any of the Paying Agents) with a copy to the Issuer, the Guarantor and the Security Trustee.

A PD Notice or an Asset Transfer Notice, as the case may be, are referred to herein as a **Notice**.

- (iii) The PD Notice referred to above must:
 - (A) specify the name and address of the relevant Securityholder and the person from whom the Security Trustee and/or the Disposal Agent may obtain details for the Delivery of the Collateral Assets Entitlement;
 - (B) specify the number of Secured Securities, which are the subject of such notice and the number of the Securityholder's account at DTC, Euroclear or Clearstream, Luxembourg, as the case may be, to be debited with such Secured Securities;
 - (C) irrevocably instruct and authorise DTC, Euroclear or Clearstream, Luxembourg, as the case may be, to debit the relevant Securityholder's account with such Secured Securities on the date notified by the Security Trustee for such purposes;
 - (D) provide the Securityholder's certification that it is not a U.S. person, or a person acting on behalf of a U.S. person, or a person within the United States (as such terms are defined in Regulation S under the Securities Act); and
 - (E) authorise the production of such PD Notice in any applicable administrative or legal proceedings.

- (iv) The Asset Transfer Notice referred to above must:
 - (A) specify the name and address of the person from whom the Security Trustee and/or the Disposal Agent may obtain details for Delivery of the Collateral Assets Entitlement;
 - (B) authorise the production of such Asset Transfer Notice in any applicable administrative or legal proceedings; and
 - (C) provide the Securityholder's certification that it is not a U.S. person, or a person acting on behalf of a U.S. person, or a person within the United States (as such terms are defined in Regulation S under the Securities Act).
- (v) A PD Notice and an Asset Transfer Notice cannot be delivered in respect of the same holding of Securities; in such an event the PD Notice shall be deemed invalid.
- (vi) No Notice may be withdrawn after receipt thereof by DTC, Euroclear or Clearstream, Luxembourg, the Paying Agent, the Registrar or the Issuer, as the case may be.
- (vii) After delivery of such Notice, the relevant Securityholder may not transfer the Secured Securities, which are the subject of such Notice, and no transfers of the Secured Securities specified therein represented by a Global Security will be effected by DTC and/or Euroclear and/or Clearstream, Luxembourg.
- (viii) Any determination as to whether a notice is valid and has been properly completed and delivered as provided in this Secured Security Condition 6.10.1 shall be made by DTC, Euroclear or Clearstream, Luxembourg or the Issuer, as the case may be, after consultation with the Security Trustee and shall be conclusive and binding on the Issuer and the relevant Securityholder.

6.10.2 Procedure by the Security Trustee and others

Upon receipt of a duly completed Notice and (in the case of Secured Securities in definitive form) the Definitive Security to which such Notice relates, the relevant Paying Agent or the Registrar, as the case may be, DTC, Euroclear or Clearstream, Luxembourg, as the case may be, shall verify that the person specified therein as the accountholder is the holder of the Secured Securities referred to therein according to its books.

Subject as provided in these Secured Security Conditions, in relation to each Secured Security, the Collateral Assets Entitlement will be Delivered as soon as reasonably possible at the risk of the relevant Securityholder in such commercially reasonable manner as the Security Trustee shall, in its sole discretion, determine to be appropriate for such Delivery, provided that the relevant Secured Security in definitive form has been delivered to the Security Trustee.

6.10.3 Delay

For the avoidance of doubt, no Securityholder shall be entitled to any payment or other assets, whether of interest or otherwise, in the event of any delay in Delivery of the Collateral Assets Entitlement due to circumstances beyond the control of the Security Trustee.

If the relevant Securityholder fails to deliver a Notice, or procure that a Notice is validly delivered on its behalf, in the manner set out in these Conditions or, in the case of Secured Securities in definitive form, fails to deliver the Definitive Security related

thereto, or fails to procure that such Definitive Security is delivered, or fails to pay the expenses referred to in Secured Security Condition 6.10.4 (Costs and Expenses), the Issuer, and for the avoidance of doubt, the Guarantor, shall be discharged from its obligation in respect of such Secured Security and shall have no further obligation or liability whatsoever in respect thereof.

6.10.4 **Costs and Expenses**

All expenses including any applicable depository charges, transaction or exercise charges, stamp duty, stamp duty reserve tax and/or other taxes or duties (together **Delivery Expenses**) arising from the Delivery and/or transfer of the Collateral Assets Entitlement shall be for the account of the relevant Securityholder and no Delivery and/or transfer of the Collateral Assets Entitlement shall be made until all Delivery Expenses have been paid to the satisfaction of the Security Trustee.

6.10.5 **Fractional Entitlement**

If the Collateral Assets Entitlement comprises less than a whole number of securities at the relevant time, then (i) the Issuer shall not Deliver and the relevant Securityholder shall not be entitled to receive in respect of its Secured Securities that fraction of a security (the **Fractional Entitlement**) and (ii) to the extent such sums are available from the proceeds of liquidation of Collateral Assets comprising the aggregate Fractional Entitlement, the Issuer shall pay to the relevant Securityholder a cash amount, as determined by the Security Trustee and such cash amount shall be deemed a part of the Collateral Assets Entitlement.

6.10.6 **Delivery at risk of Securityholder**

Delivery of the Collateral Assets Entitlement by the Issuer to the Securityholder shall be at the risk of the Securityholder and no additional payment or delivery will be due to a Securityholder following Delivery of the Collateral Assets Entitlement.

7 SEGREGATION OF COLLATERAL POOLS AND LIMITED RECOURSE

7.1 Limited Recourse

By acquiring and holding Secured Securities issued by either Crédit Agricole CIB FG or Crédit Agricole CIB FS, Securityholders will be deemed to acknowledge and agree that the obligations of the relevant Issuer to the Securityholders are limited in recourse to the Collateral Assets contained in the relevant Collateral Pool securing such Series of Secured Securities. If:

- (a) there are no relevant Collateral Assets in the relevant Collateral Pool remaining, which are capable of being realised or otherwise converted into, cash;
- (b) all amounts available from the relevant Collateral Assets in the relevant Collateral Pool have been applied to meet or provide for the relevant obligations specified in, and in accordance with, the provisions of the relevant Pledge Agreement and these Secured Security Conditions; and
- (c) there are insufficient amounts available from the relevant Collateral Assets in the relevant Collateral Pool to pay in full, in accordance with the provisions of the relevant Pledge Agreement and these Secured Security Conditions, amounts outstanding under the Secured Securities (including payments of nominal, premium (if any) and interest),

then the Securityholders of Secured Securities issued by either Crédit Agricole CIB FG or Crédit Agricole CIB FS shall have no further claim against the relevant Issuer or any Third Party Chargor in respect of any amounts owing to them which remain unpaid (including payments of nominal, premium (if any) and/or interest in respect of the Securities). In particular, no Securityholder shall be entitled to have recourse to the Collateral Assets contained in a Collateral Pool other than the Collateral Pool, which secures the Securities held by such Securityholder.

In such a scenario, Securityholders will continue to be able to claim under the terms of the Guarantee against the Guarantor for any unpaid amounts.

This Secured Condition 7 does not apply to Secured Securities issued by Crédit Agricole CIB and as such, does not limit any recourse Securityholders may have to Crédit Agricole CIB in respect of any such Secured Securities.

8 COLLATERAL DISRUPTION EVENTS

Upon the occurrence, as determined by the Issuer or the Collateral Manager, in each case acting in good faith, of a Collateral Disruption Event, the Issuer may at its option and in its sole discretion give notice to the Securityholders in accordance with General Condition 14 (*Notices*) and redeem all but not some only of the Secured Securities of the relevant Series at the Early Redemption Amount on the date specified by the Issuer in the notice to Securityholders.

9 RELEASE OF SECURITY

The security constituted by the Pledge Agreement and the Security Trust Deed will be released:

- (a) in relation to Collateral Assets that are withdrawn from the Collateral Account in accordance with Secured Security Condition 4.4 (*Collateral Monitoring and Adjustments to Collateral Assets*) or Secured Security Condition 4.5 (*Substitution of Collateral Assets*); and
- (b) on satisfaction of the Issuer's obligations secured thereunder, provided that, where Physical Settlement applies with respect to any Credit Linked Security in accordance with Credit Linked Condition 4 (*Physical Settlement*) or with respect to any Bond Linked Security in accordance with Bond Linked Condition 4 (*Physical Settlement*) and the Issuer intends to Deliver some or all of the relevant Collateral Assets in satisfaction of its obligation to Deliver Deliverable Obligations under Credit Linked Condition 4 or Bonds under Bond Linked Condition 4, as the case may be, such security will be released simultaneously on Delivery of such Deliverable Obligations or Bonds, as the case may be.

10 GOVERNING LAW AND SUBMISSION TO JURISDICTION

The Collateral Management Agreement, the Collateral Monitoring Agency Agreement, the Security Valuation Agency Agreement, the Disposal Agency Agreement and each Security Trust Deed, and any non-contractual obligations arising out of or in connection with them, shall be governed by the laws of England and Wales and subject to the non-exclusive jurisdiction of the courts of England and Wales. The Custodian Agreement and all matters arising from or related to it (whether contractual or non-contractual in nature) shall be governed by the laws of Luxembourg and subject to the exclusive jurisdiction of the courts of Luxembourg-City. Each Pledge Agreement will be governed by Luxembourg law and subject to the non-exclusive jurisdiction of the courts of the district of Luxembourg-City, unless otherwise specified in the applicable Final Terms.

DESCRIPTION OF THE PROPRIETARY INDICES

This section sets out a description of the proprietary indices.

1 INTRODUCTION

Crédit Agricole CIB (or any affiliate or subsidiary designated by it) operates and acts as calculation agent (the **Proprietary Index Calculation Agent**) in respect of three series of proprietary indices: the Crédit Agricole CIB Long Only Strategy Index Series (the **Long Only Strategy Proprietary Indices**), the Crédit Agricole CIB Steepening Strategy Index Series (the **Steepening Strategy Proprietary Indices**) and the Crédit Agricole CIB Momentum Strategy Index Series (the **Momentum Strategy Proprietary Indices**) (each index within such series, a **Proprietary Index** and, together, the **Proprietary Indices**). A description of each of these series is set out below (the **Index Description**). The Proprietary Indices are "price return" indices which measure the returns accrued from notionally investing in certain underlying futures contracts (based on the prices of such futures contracts), which reference government bonds.

2 LONG ONLY STRATEGY PROPRIETARY INDICES

2.1 Purpose of the Long Only Strategy Proprietary Indices

Each Long Only Strategy Proprietary Index is intended to express the notional returns accruing to a hypothetical investor holding a long position in a futures contract referencing certain underlying government bonds, such futures contract stated to be the subject of that Long Only Strategy Proprietary Index in the tables in paragraph 9 (*Proprietary Index Information*) below (the **Long Only Strategy Underlying Constituent**). A "long position" means that the Long Only Strategy Proprietary Index benefits if the price of the Long Only Strategy Underlying Constituent increases and suffers if the price decreases. A Long Only Strategy Proprietary Index will therefore generate positive notional returns if the price of the Long Only Strategy Underlying Constituent increases and generate negative returns if the price of the Long Only Strategy Underlying Constituent decreases.

2.2 Determination of the Long Only Strategy Proprietary Index Level

The Proprietary Index Calculation Agent will calculate the level of the Long Only Strategy Proprietary Index (the **Long Only Strategy Proprietary Index Level**) on each Index Business Day in accordance with the formula set out in paragraph 2.3 (*Formula relating to the Long Only Strategy Proprietary Index Level*) below. The Long Only Strategy Proprietary Index Level will be expressed as a number.

The Long Only Strategy Proprietary Index Level on any Index Business Day other than a Strategy Roll Date will be an amount equal to the sum of (i) the Long Only Strategy Proprietary Index Level on the immediately preceding Strategy Roll Date and (ii) the Closing Level of the Long Only Strategy Underlying Constituent on that Index Business Day minus the Closing Level of the same constituent (i.e. the futures contract that became the Long Only Strategy Underlying Constituent at the immediately preceding Roll) on the immediately preceding Strategy Roll Date.

The Long Only Strategy Proprietary Index Level on an Index Business Day which is also a Strategy Roll Date will be calculated in accordance with the process described above immediately before the Roll (as defined in paragraph 7 (*Rolling of the Proprietary Indices*) below) occurs.

2.3 Formula relating to the Long Only Strategy Proprietary Index Level

Long Only Strategy Proprietary Index Level means, in relation to an Index Business Day_t, and subject to paragraph 6 (*Disruption Events*) below of this Index Description, an amount calculated by the Proprietary Index Calculation Agent in accordance with the following formula:

$$\text{Index}_{k,t} = \text{Index}_k + (S_{k,t} - S_k)$$

where:

Index_{k,t} means the Long Only Strategy Proprietary Index Level on Index Business Day_t;

Index_k means the Long Only Strategy Proprietary Index Level on Strategy Roll Date_k;

S_k means the Closing Level of the Long Only Strategy Underlying Constituent on Strategy Roll Date_k (for the avoidance of doubt, this is the futures contract that became the new Long Only Strategy Underlying Constituent at the Roll in respect of Strategy Roll Date_k);

S_{k,t} means the Closing Level of the Long Only Strategy Underlying Constituent on Index Business Day_t; and

Strategy Roll Date_k means, in relation to an Index Business Day_t, the Strategy Roll Date immediately preceding such Index Business Day_t.

3 STEEPENING STRATEGY PROPRIETARY INDICES

3.1 Purpose of the Steepening Strategy Proprietary Indices

Each Steepening Strategy Proprietary Index is intended to take advantage of a steepening of the yield curve for a relevant government bond. The yield curve at any time reflects the range of yields that investors in a particular government's debt may expect to receive on their investments over a range of terms to maturity. The natural shape of the yield curve is generally considered to be upwards sloping, reflecting the relatively higher yields that an investor in longer term government bonds would generally expect to receive in exchange for investing capital for longer periods of time. A steepening yield curve indicates that the difference between the yields available for longer dated bonds and shorter dated bonds is widening. Conversely, a flattening yield curve indicates that the difference between longer dated bonds and shorter dated bonds is narrowing.

Each Steepening Strategy Proprietary Index seeks to reflect the performance of a notional portfolio consisting of futures contracts referencing a short duration and a long duration government bond. The portfolio is constructed so that the strategy takes a notional "short position" in the long duration futures contract and a notional "long position" in the short duration futures contract. A short position means that the strategy benefits if the price of the relevant futures contract decreases, and suffers if the price increases. Conversely, a "long position" means that the strategy benefits if the price of the relevant futures contract increases and suffers if the price decreases. More specifically, each Steepening Strategy Proprietary Index is intended to track (i) the notional returns accruing to a hypothetical investor holding a short position in a futures contract referencing a government bond of long duration stated to be the subject of that Steepening Strategy Proprietary Index in the tables in paragraph 9 (*Proprietary Index Information*) below (the **Long Duration Steepening Strategy Underlying Constituent**) and (ii) the notional returns accruing to a hypothetical investor holding a long position in a futures contract referencing a government bond of short duration stated to be the subject of that Steepening Strategy Proprietary Index in the tables in paragraph 9 (*Proprietary Index Information*) below (the **Short Duration Steepening Strategy Underlying Constituent** and, together with the Long Duration Steepening Strategy Underlying Constituent, the **Steepening Strategy Underlying Constituents**) multiplied by a duration factor, which is adjusted quarterly so as to ensure a duration neutral position (the **Duration Factor**). The level of a Steepening Strategy Proprietary Index is expected to increase if the yield curve for the relevant government bonds, which are referenced by the Steepening Strategy Underlying Constituents, steepens and decrease if the yield curve for the relevant government bonds, which are referenced by the Steepening Strategy Underlying Constituents, flattens.

3.2 Rebalancing of the Steepening Strategy Proprietary Indices

On each Strategy Roll Date the Duration Factor is recalculated as the ratio of the duration of the Long Duration Steepening Strategy Underlying Constituent divided by the duration of the Short Duration Steepening Strategy Underlying Constituent. The duration of each Steepening Strategy Underlying Constituent is a measure of the sensitivity of the Steepening Strategy Underlying Constituents to a change in interest rates of one basis point, as calculated by the Proprietary Index Calculation Agent.

3.3 Determination of the Steepening Strategy Proprietary Index Level

The Proprietary Index Calculation Agent will calculate the level of the Steepening Strategy Proprietary Index (the **Steepening Strategy Proprietary Index Level**) on each Index Business Day in accordance with the formula set out in paragraph 3.4 (*Formula relating to the Steepening Strategy Proprietary Index Level*) below. The Steepening Strategy Proprietary Index Level will be expressed as a number.

The Steepening Strategy Proprietary Index Level on any Index Business Day other than a Strategy Roll Date will be an amount equal to:

- (i) the Steepening Strategy Proprietary Index Level on the immediately preceding Strategy Roll Date, minus
- (ii) the Closing Level of the Long Duration Underlying Constituent on that Index Business Day minus the Closing Level of the same constituent (i.e. the futures contract that became the Long Duration Underlying Constituent at the immediately preceding Roll) on the immediately preceding Strategy Roll Date, plus
- (iii) the product of (A) the Duration Factor on the immediately preceding Strategy Roll Date, and (B) the Closing Level of the Short Duration Underlying Constituent on that Index Business Day minus the Closing Level of the same constituent (i.e. the futures contract that became the Short Duration Underlying Constituent at the immediately preceding Roll) on the immediately preceding Strategy Roll Date.

The Steepening Strategy Proprietary Index Level on an Index Business Day which is also a Strategy Roll Date will be calculated in accordance with the process described above immediately before the Roll (as defined in paragraph 7 (*Rolling of the Proprietary Indices*) below) occurs (and so will be calculated using the futures contracts and Duration Factor which are applicable immediately before the Roll is effected).

3.4 Formula relating to the Steepening Strategy Proprietary Index Level

Steepening Strategy Proprietary Index Level means, in relation to an Index Business Day_t, and subject to paragraph 6 (*Disruption Events*) below of this Index Description, an amount calculated by the Proprietary Index Calculation Agent in accordance with the following formula:

$$Index_{k,t} = Index_k - (S1_{k,t} - S1_k) + (Duration Factor_k \times (S2_{k,t} - S2_k))$$

where:

Index_{k,t} means the Steepening Strategy Proprietary Index Level on Index Business Day_t;

Index_k means the Steepening Strategy Proprietary Index Level on Strategy Roll Date_k;

S1_k means the Closing Level of the Long Duration Underlying Constituent on Strategy Roll Date_k (for the avoidance of doubt, this is the futures contract that became the new Long Duration Underlying Constituent at the Roll in respect of Strategy Roll Date_k);

S1_{k,t} means the Closing Level of the Long Duration Underlying Constituent on Index Business Day_t;

S2_k means the Closing Level of the Short Duration Underlying Constituent on Strategy Roll Date_k (for the avoidance of doubt, this is the futures contract that became the new Long Duration Underlying Constituent at the Roll in respect of Strategy Roll Date_k);

S2_{k,t} means the Closing Level of the Short Duration Underlying Constituent on Index Business Day_t;

Strategy Roll Date_k means, in relation to an Index Business Day_t, the Strategy Roll Date immediately preceding such Index Business Day_t; and

Duration Factor_k means, in respect of a Strategy Roll Date_k:

$$\frac{S1_{durationk}}{S2_{durationk}}$$

where:

S1_{durationk} means the Duration of the futures contract that became the Long Duration Underlying Constituent immediately following the Roll on Strategy Roll Date_k;

S2_{durationk} means the Duration of the futures contract that became the Short Duration Underlying Constituent immediately following the Roll on Strategy Roll Date_k; and

Duration means the sensitivity of an Underlying Constituent to a change in interest rates of one basis point, as calculated by the Proprietary Index Calculation Agent based on the interest rate sensitivity of that bond among the deliverable bonds specified for the Underlying Constituent, which is the cheapest-to-deliver at the time of determination and that bond's conversion factor.

4 MOMENTUM STRATEGY PROPRIETARY INDICES

4.1 Purpose of the Momentum Strategy Proprietary Indices

Each Momentum Strategy Proprietary Index is intended to identify and capitalise on existing trends in the market for certain government bonds. More specifically, each Momentum Strategy seeks to track the notional returns accruing to a hypothetical investor holding either a long or a short position in a futures contract which references certain underlying government bonds, stated to be the subject of that Momentum Strategy Proprietary Index in the tables in paragraph 9 (*Proprietary Index Information*) below (the **Momentum Strategy Underlying Constituent**) and rebalancing the exposure to the Momentum Strategy Underlying Constituent from short to long and vice versa, depending on certain momentum indicators on certain dates.

A "short position" in a Momentum Strategy Underlying Constituent means a position that benefits if the price of that Momentum Strategy Underlying Constituent decreases, and suffers if the price increases. Conversely, a "long position" in a Momentum Strategy Underlying Constituent means strategy position that benefits if the price of that Momentum Strategy Underlying Constituent increases and suffers if the price decreases. Whether the Momentum Strategy takes a long position or a short position in a Momentum Strategy Underlying Constituent will depend on:

- (i) the difference from time to time between (A) the Short Term Average (as defined below); and (B) the Long Term Average (as defined below); or
- (ii) the difference from time to time between (A) the Positive Directional Indicator (as defined below); and (B) the Negative Directional Indicator (as defined below).

A Momentum Strategy Proprietary Index will generate positive notional returns if (a) the price of the Momentum Strategy Underlying Constituent in respect of which the Momentum Strategy Proprietary Index has a long position (i.e. a positive Exposure as defined below) increases or (b) the price of the Momentum Strategy Underlying Constituent in respect of which the Momentum Strategy has a short position (i.e. a negative Exposure) decreases.

4.2 Rebalancing of the Momentum Strategy Proprietary Indices

The exposure to the Momentum Strategy Underlying Constituent (the **Exposure**) will be rebalanced (from long to short Exposure or alternatively from short to long Exposure) on each Index Business Day upon the occurrence of a Momentum Strategy Rebalancing Event (as defined below) as determined by the Proprietary Index Calculation Agent. A **Momentum Strategy Rebalancing Event** will be deemed to occur in respect of an Index Business Day if:

- (i) (A) the Short Term Average is greater than or equal to the Long Term Average on that Index Business Day; and (B) on the immediately preceding Index Business Day the Short Term Average was less than the Long Term Average; or
- (ii) (A) the Short Term Average is less than the Long Term Average on that Index Business Day; and (B) on the immediately preceding Index Business Day the Short Term Average was greater than or equal to the Long Term Average; or
- (iii) (A) the Positive Directional Indicator is greater than or equal to the Negative Directional Indicator on that Index Business Day; and (B) on the immediately preceding Index Business Day the Positive Directional Indicator was less than the Negative Directional Indicator; or
- (iv) (A) the Positive Directional Indicator is less than the Negative Directional Indicator on that Index Business Day; and (B) on the immediately preceding Index Business Day the Positive Directional Indicator was greater than or equal to the Negative Directional Indicator.

The Index Business Day immediately after the Index Business Day in respect of which a Momentum Strategy Rebalancing Event occurs shall be a **Momentum Strategy Rebalancing Date**.

On a Momentum Strategy Rebalancing Date the Exposure will be adjusted as follows:

- (i) if the Short Term Average is greater than or equal to the Long Term Average on the day in respect of which the Momentum Strategy Rebalancing Event occurred, the Exposure from (but excluding) that Momentum Strategy Rebalancing Date to (and including) the next following Momentum Strategy Rebalancing Date will be +100 per cent.;
- (ii) if the Short Term Average is less than the Long Term Average on the Index Business Day in respect of which the Momentum Strategy Rebalancing Event occurred, the Exposure from (but excluding) that Momentum Strategy Rebalancing Date to (and including) the next following Momentum Strategy Rebalancing Date will be -100 per cent.;
- (iii) if the Positive Directional Indicator is greater than or equal to the Negative Directional Indicator on the Index Business Day in respect of which the Momentum Strategy Rebalancing Event occurred, the Exposure from (but excluding) that Momentum Strategy Rebalancing Date to (and including) the next following Momentum Strategy Rebalancing Date will be +100 per cent.; and
- (iv) if the Positive Directional Indicator is less than the Negative Directional Indicator on the Index Business Day in respect of which the Momentum Strategy Rebalancing Event occurred, the

Exposure from (but excluding) that Momentum Strategy Rebalancing Date to (and including) the next following Momentum Strategy Rebalancing Date will be -100 per cent.

4.3 Determination of the Momentum Strategy Proprietary Index Level

The Proprietary Index Calculation Agent will calculate the level of the Momentum Strategy Proprietary Index (the **Momentum Strategy Proprietary Index Level**) on each Index Business Day in accordance with the formulae set out in paragraph 4.4 (*Formulae relating to the Momentum Strategy Proprietary Index Level*) below. The Momentum Strategy Proprietary Index Level will be expressed as a number.

The Momentum Strategy Proprietary Index Level on any Index Business Day, which is not a Momentum Strategy Rebalancing Date or a Strategy Roll Date (together, a Rebalancing Date), will be an amount equal to:

- (i) the Momentum Strategy Proprietary Index Level on the immediately preceding Rebalancing Date; plus
- (ii) the product of (A) the Exposure applicable from (but excluding) the immediately preceding Momentum Strategy Rebalancing Date, and (B) the Closing Level of the Momentum Strategy Underlying Constituent on that Index Business Day minus the Closing Level of the Momentum Strategy Underlying Constituent on the immediately preceding Rebalancing Date (and, for the avoidance of doubt, if the preceding Rebalancing Date was a Strategy Roll Date, the constituent is the new futures contract that became the Momentum Strategy Underlying Constituent at the Roll on that Strategy Roll Date).

The Momentum Strategy Proprietary Index Level on an Index Business Day, which is also a Momentum Strategy Rebalancing Date, will be calculated in accordance with the process described above immediately before the change to the Exposure.

The Momentum Strategy Proprietary Index Level on an Index Business Day which is also a Strategy Roll Date will be calculated in accordance with the process described above immediately before the Roll (as defined in paragraph 7 (*Rolling of the Proprietary Indices*) below) occurs.

4.4 Formulae relating to the Momentum Strategy Proprietary Index Level

- (i) **Momentum Strategy Proprietary Index Level** means, in relation to Index Business Day_t, and subject to paragraph 6 (*Disruption Events*) of this Index Description, an amount calculated by the Proprietary Index Calculation Agent in accordance with the following formula:

$$\text{Index}_{k,t} = \text{Index}_k + E_k \times (S_{k,t} - S_k)$$

where:

Index_{k,t} means the Momentum Strategy Proprietary Index Level on Index Business Day_t;

Index_k means the Momentum Strategy Proprietary Index Level on Rebalancing Date_k;

S_k means the Closing Level of the Momentum Strategy Underlying Constituent on Rebalancing Date_k (and, for the avoidance of doubt, if Rebalancing Date_k was a Strategy Roll Date, this is the futures contract that became the new Momentum Strategy Underlying Constituent at the Roll on that Strategy Roll Date_k);

S_{k,t} means the Closing Level of the Momentum Strategy Underlying Constituent on Index Business Day_t;

E_k means the Exposure to the Momentum Strategy Underlying Constituent applicable on Rebalancing Date_k determined in accordance with paragraph 4.2 (*Rebalancing of the Momentum Strategy Proprietary Indices*) above; and

Rebalancing Date_k means, in relation to an Index Business Day_t, the Rebalancing Date immediately preceding such Index Business Day_t.

- (ii) **Short Term Average** means, in relation to Index Business Day_t, an amount calculated by the Proprietary Index Calculation Agent as the average of the Closing Levels of the Momentum Strategy Underlying Constituent calculated over a period of n Index Business Days ending on that Index Business Day_t, in accordance with the following formula:

$$\text{Short Term Average}_t = \frac{1}{n} \times \left(\sum_{i=t-n+1}^t \text{UC}_i \right)$$

where:

n is the number of Index Business Days in the Short Term Window ending on Index Business Day_t;

UC_i is the Closing Level of the Momentum Strategy Underlying Constituent on Index Business Day_i; and

Short Term Window means the Short Term Window (specified for such Proprietary Index in the tables in paragraph 9 (*Proprietary Index Information*) below).

- (iii) **Long Term Average** means, in relation to Index Business Day_t, an amount calculated by the Proprietary Index Calculation Agent as the average of the Closing Levels of the Momentum Strategy Underlying Constituent calculated over a period of m Index Business Days ending on that Index Business Day_t, in accordance with the following formula:

$$\text{Long Term Average}_t = \frac{1}{m} \times \left(\sum_{i=t-m+1}^t \text{UC}_i \right)$$

where:

m is the number of Index Business Days in the Long Term Window ending on Index Business Day_t;

UC_i is the Closing Level of the Momentum Strategy Underlying Constituent on Index Business Day_i; and

Long Term Window means the Long Term Window (specified for such Proprietary Index in the tables in paragraph 9 (*Proprietary Index Information*) below).

- (iv) **Positive Directional Indicator (DI_{n,t})** means, in relation to Index Business Day_t, an amount calculated by the Proprietary Index Calculation Agent as the Exponential Moving Average (as defined below) of DM_{t+} divided by the Exponential Moving Average of the True Range over the Directional Movement Window ending on Index Business Day_t, in accordance with the following formula:

$$\text{DI}_{n,t} = \text{Exponential Moving Average (DM}_{t+}, n) / \text{Exponential Moving Average (True Range, n)}$$

where:

$$DM_{t+} = \begin{cases} M_{t+}, & \text{IF } M_{t+} > M_{t-} \text{ - AND } M_{t+} > 0 \\ 0, & \text{IF } M_{t+} < M_{t-} \text{ - OR } M_{t+} < 0 \end{cases}$$

$$M_{t+} = UChigh_t - UChigh_{t-1}$$

$$M_{t-} = UClow_t - UClow_{t-1}$$

UChigh_t is the Highest Level of the Momentum Strategy Underlying Constituent on Index Business Day_t;

UChigh_{t-1} is the Highest Level of the Momentum Strategy Underlying Constituent on the Index Business Day immediately preceding Index Business Day_t;

Highest Level for the above purposes means, in respect of any day, the "high" level published by the Price Source in respect of the Momentum Strategy Underlying Constituent in respect of such day;

UClow_t is the Lowest Level of the Momentum Strategy Underlying Constituent on Index Business Day_t;

UClow_{t-1} is the Lowest Level of the Momentum Strategy Underlying Constituent on the Index Business Day immediately preceding Index Business Day_t;

Lowest Level for the above purposes means, in respect of any day, the "low" level published by the Price Source in respect of the Momentum Strategy Underlying Constituent in respect of such day;

n is the number of Index Business Days in the Directional Movement Window ending on Index Business Day_t; and

Directional Movement Window means the Directional Movement Window specified for such Proprietary Index in the tables in paragraph 9 (*Proprietary Index Information*) below.

- (v) **Negative Directional Indicator** (DI_{n,-}) means, in relation to Index Business Day_t, an amount calculated by the Proprietary Index Calculation Agent as the Exponential Moving Average (as defined below) of DM_{t-} divided by the Exponential Moving Average of the True Range over the Directional Movement Window ending on Index Business Day_t in accordance with the following formula:

$$DI_{n,t} = \text{Exponential Moving Average } (DM_{t-}, n) / \text{Exponential Moving Average } (\text{True Range}, n)$$

where:

$$DM_{t-} = \begin{cases} 0, & \text{IF } M_{t-} < M_{t+} \text{ OR } M_{t-} < 0 \\ M_{t-}, & \text{IF } M_{t-} > M_{t+} \text{ OR } M_{t-} > 0 \end{cases}$$

$$M_{t+} = UChigh_t - UChigh_{t-1}$$

$$M_{t-} = UClow_t - UClow_{t-1}$$

UChigh_t is the Highest Level of the Momentum Strategy Underlying Constituent on Index Business Day_t;

UChigh_{t-1} is the Highest Level of the Momentum Strategy Underlying Constituent on the Index Business Day immediately preceding Index Business Day_t;

Highest Level for the above purposes means, in respect of any day, the "high" level published by the Price Source in respect of the Momentum Strategy Underlying Constituent in respect of such day;

UClow_t is the Lowest Level of the Momentum Strategy Underlying Constituent on Index Business Day_t;

UClow_{t-1} is the Lowest Level of the Momentum Strategy Underlying Constituent on the Index Business Day immediately preceding Index Business Day_t;

Lowest Level for the above purposes means, in respect of any day, the "low" level published by the Price Source in respect of the Momentum Strategy Underlying Constituent in respect of such day;

n is the number of Index Business Days in the Directional Movement Window ending on Index Business Day_t; and

Directional Movement Window means the Directional Movement Window specified for such Proprietary Index in the tables in paragraph 9 (*Proprietary Index Information*) below.

- (vi) **True Range** means, in relation to Index Business Day_t, an amount calculated by the Proprietary Index Calculation Agent in accordance with the following formula:

$$\text{True Range}_t = \text{Max} [\text{Abs} (\text{UChigh}_t - \text{UClow}_t); \text{Abs} (\text{UChigh}_t - \text{UC}_{t-1}); \text{Abs} (\text{UClow}_t - \text{UC}_{t-1})]$$

where:

Abs means, in respect of any number within a set of brackets, the absolute value of that number;

UChigh_t is the Highest Level of the Momentum Strategy Underlying Constituent on Index Business Day_t;

Highest Level means, in respect of any day, the "high" level published by the Price Source in respect of the Momentum Strategy Underlying Constituent in respect of such day;

UClow_t is the Lowest Level of the Momentum Strategy Underlying Constituent on Index Business Day_t;

Lowest Level means, in respect of any day, the "low" level published by the Price Source in respect of the Momentum Strategy Underlying Constituent in respect of such day; and

UC_t is the Closing Level of the Momentum Strategy Underlying Constituent on Index Business Day_t.

- (vii) **Exponential Moving Average** means, in relation to a variable (X), an amount calculated by the Proprietary Index Calculation Agent in accordance with the following formula:

$$\text{EMA} (X,t) = (X,t) \times \text{Exponent} + \text{EMA}(X, t-1) \times (1 - \text{Exponent})$$

where:

EMA (X,t) means the Exponential Moving Average in relation to variable X on Index Business Day_t;

Exponent means $2 / (n + 1)$; and

n means the number of Index Business Days in the moving period over which EMA is to be calculated.

5 DEFINITIONS

In this Index Description:

Change in Law means:

- (a) due to:
 - (i) the adoption of, or any change in, any applicable law, regulation or rule (including, without limitation, any tax law); or
 - (ii) the promulgation of, or any change in, the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law, rule, regulation or order (including, without limitation, as implemented by the U.S. Commodity and Futures Trading Commission or any exchange or trading facility),

in either case, the Proprietary Index Calculation Agent determines in good faith that (x) it is contrary to such law, rule, regulation or order for any market participants that are brokers or financial intermediaries (individually or collectively) to hold, acquire or dispose of (in whole or in part) any Underlying Constituent of the relevant Proprietary Index, any transaction referencing the Underlying Constituent or any component of the Underlying Constituent or, (y) holding a position in any Underlying Constituent of the relevant Proprietary Index, any transaction referencing the Underlying Constituent or any component of the Underlying Constituent is (or, but for the consequent disposal or termination thereof, would otherwise be) in excess of any allowable position limit(s) applicable to any market participants that are brokers or financial intermediaries (individually or collectively) under any such law, rule, regulation in relation to such Underlying Constituent, transaction referencing the Underlying Constituent or component of the Underlying Constituent traded on any exchange(s) or other trading facility (including, without limitation, any relevant exchange); or

- (b) the occurrence or existence of any:
 - (i) suspension or limitation imposed on trading futures contracts (relating to any Underlying Constituent, any transaction referencing the Underlying Constituent or any component of the Underlying Constituent) including without limitation, commodities futures contracts; or
 - (ii) any other event that causes trading in futures contracts (relating to any Underlying Constituent, any transaction referencing the Underlying Constituent or any component of the Underlying Constituent) to cease including without limitation, commodities futures contracts;

Closing Level in respect of an Underlying Constituent, has the meaning set out in the tables in paragraph 9 (*Proprietary Index Information*) below (which shall include such successor or replacement term used by an Underlying Constituent Sponsor, as determined by the Proprietary Index Calculation Agent acting in good faith) subject to paragraph 6 (*Disruption Events*) below of this Index Description;

Currency means, in respect of a Proprietary Index, the Currency of the Index or any Underlying Constituent Currency;

Currency of the Index means, in respect of a Proprietary Index, the currency specified as the Currency of the Index in the table for such Proprietary Index in paragraph 9 (*Proprietary Index Information*) below;

Disrupted Day means, in respect of an Index Business Day, the occurrence or existence of a Proprietary Index Market Disruption Event in respect of an Underlying Constituent for such Index Business Day;

Force Majeure Event means an event or circumstance (including, without limitation, a systems failure, fire, building evacuation, natural or man-made disaster, act of God, armed conflict, act of terrorism, act of state, riot or labour disruption or any similar intervening circumstance) that affects the ability of the Proprietary Index Calculation Agent to calculate or determine the Proprietary Index and which is beyond the reasonable control of the Proprietary Index Calculation Agent;

FX Disruption Event means

- (a) an event in relation to the Currency of the Index (and, where any Underlying Constituent Currency is different from the Currency of the Index, any such Underlying Constituent Currency) which the Proprietary Index Calculation Agent determines has the effect of preventing, restricting or delaying:
 - (i) the convertibility of the Underlying Constituent Currency into the Currency of the Index through customary legal channels; or
 - (ii) the convertibility of the Underlying Constituent Currency into the Currency of the Index at a rate at least as favourable as the rate for domestic institutions located in the country whose lawful currency is the Underlying Constituent Currency (for the purposes of this definition, the **Relevant Country**); or
 - (iii) the delivery of the Underlying Constituent Currency from accounts inside the Relevant Country to accounts outside the Relevant Country; or
 - (iv) the delivery of the Underlying Constituent Currency between accounts inside the Relevant Country or to a party that is a non-resident of the Relevant Country; or
- (b) the imposition by the Relevant Country (or any political or regulatory authority thereof) of any capital controls, or the publication of any notice of an intention to do so, which the Proprietary Index Calculation Agent determines is likely to materially affect one or more market participants' ability to obtain reliable spot exchange rate(s) for the Underlying Constituent Currency from a recognised financial source; or
- (c) the implementation by the Relevant Country (or any political or regulatory authority thereof) or the publication of any notice of an intention to implement any changes to the laws or regulations relating to foreign investment in the Relevant Country (including, but not limited to, changes in tax laws and/or laws relating to capital markets and corporate ownership), which the Proprietary Index Calculation Agent determines are likely to materially affect the ability of one or more market participants to obtain reliable spot exchange rate(s) for the Underlying Constituent Currency from a recognised financial information source;

Hedging Disruption Event means, in respect of a Proprietary Index, that the Proprietary Index Calculation Agent or any of its affiliates or subsidiaries that are engaged in any underlying or hedging transactions in respect of obligations incurred by such entity (the **Hedging Entity**) in relation to investments linked to one or more Proprietary Indices is unable, after using commercially reasonable efforts, either to (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) that the Hedging Entity deems necessary to hedge the price risk of entering into or performing its obligations with respect to investments linked to one or more Proprietary Indices; or (b) realise, recover or remit the proceeds of any such transaction(s) or asset(s);

Inconvertibility Event means any event, which the Proprietary Index Calculation Agent determines, affects the convertibility of any Underlying Constituent Currency into the Currency of the Index on any date and/or at any relevant time;

Increased Cost of Hedging Event means, in respect of a Proprietary Index, that the Hedging Entity in relation to investments linked to one or more Proprietary Indices would incur a materially increased (as compared with circumstances existing on the date that the underlying or hedging transaction was entered into) amount of tax, duty, expense or fee (other than brokerage commissions) either to (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the price risk of entering into or performing its obligations with respect to investments linked to one or more Proprietary Indices; or (b) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Hedging Entity shall not be deemed to be an Increased Cost of Hedging Event;

Index Business Day means, in respect of a Proprietary Index, the index business days specified as such in the table for such Proprietary Index in paragraph 9 (*Proprietary Index Information*) below, subject to adjustment in accordance with paragraph 6 (*Disruption Events*) below of this Index Description;

Index Start Date means, in respect of a Proprietary Index, the date specified as such in the table for such Proprietary Index in paragraph 9 (*Proprietary Index Information*) below;

Index Start Level means, in respect of a Proprietary Index, the level specified as such in the table for such Proprietary Index in paragraph 9 (*Proprietary Index Information*) below;

New York Business Day means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in New York City;

Price Source means, in respect of an Underlying Constituent, the source specified in the tables in paragraph 9 (*Proprietary Index Information*) below (which shall include such replacement services or pages as determined by the Proprietary Index Calculation Agent, acting in good faith), or such other price source for an Underlying Constituent that the Index Calculation Agent may select;

Proprietary Index Level means a Long Only Strategy Proprietary Index Level, a Steepening Strategy Proprietary Index Level or a Momentum Strategy Proprietary Index Level, as applicable;

Proprietary Index Market Disruption Event means, in respect of an Index Business Day, any of the following events occurs:

- (a) the occurrence or existence of an Inconvertibility Event or FX Disruption Event that the Proprietary Index Calculation Agent determines is material; or
- (b) in respect of an Underlying Constituent, (A) the failure by the Price Source to announce or publish the relevant prices required to calculate the Proprietary Index Level in respect of that Underlying Constituent, or (B) the temporary or permanent discontinuance or unavailability of the Price Source;

Strategy Roll Date has the meaning set out in paragraph 7 (*Rolling of the Proprietary Indices*) below;

TARGET2 means the Trans-European Automated Real-time Gross Settlement Express Transfer payment system;

TARGET Day means any day on which TARGET2 is open for the settlement of payments in euro;

Underlying Constituent means a Long Only Strategy Underlying Constituent, a Steepening Strategy Underlying Constituent or a Momentum Strategy Underlying Constituent, as applicable, as set out in the table for the relevant Proprietary Index in paragraph 9 (*Proprietary Index Information*) below; and

Underlying Constituent Currency means, in respect of any Proprietary Index and Underlying Constituent, the currency in which such Underlying Constituent (or any asset or reference basis used for calculating such

Underlying Constituent) is denominated, quoted or with which it is most closely connected, as determined by the Proprietary Index Calculation Agent.

6 DISRUPTION EVENTS

6.1 Proprietary Index Market Disruption Events

If any Index Business Day (including a Strategy Roll Date) of a Proprietary Index is a Disrupted Day for any Underlying Constituent (each such Underlying Constituent, an **Affected Constituent**), the Proprietary Index Calculation Agent, acting in good faith and a commercially reasonable manner, may (but is not obliged to) either:

- (i) calculate and publish its good faith estimate of the Proprietary Index Level for such Index Business Day, using its good faith estimate of the level of the Affected Constituent(s) or any other variable relevant to the calculation of the Proprietary Index Level; or
- (ii) not calculate the Proprietary Index Level for such Index Business Day and suspend the calculation and publication of the Proprietary Index Level until the first succeeding Index Business Day, which is not a Disrupted Day for any Underlying Constituent of the Proprietary Index. The relevant Disrupted Day will not be an Index Business Day for the purposes of the Proprietary Index if the Proprietary Index Calculation Agent makes a determination pursuant to this paragraph (ii).

If an Inconvertibility Event or FX Disruption Event (that the Proprietary Index Calculation Agent determines is material) occurs on any Index Business Day in respect of a Currency relevant to an Index, the Proprietary Index Calculation Agent may (but is not obliged to) adjust any variable relevant to calculation of the Proprietary Index Level on such Index Business Day that it deems appropriate.

6.2 Extraordinary Events

If a Force Majeure Event occurs on an Index Business Day, the Proprietary Index Calculation Agent, acting in good faith and a commercially reasonable manner, may (but is not obliged to):

- (i) calculate and publish its good faith estimate of the Proprietary Index Level for any such Index Business Day; and/or
- (ii) make such amendments to the terms of the rules governing a Proprietary Index as it considers appropriate to determine the Proprietary Index Level on any such Index Business Day; and/or
- (iii) not calculate the Proprietary Index Level for any such Business Day and suspend the calculation and publication of the Proprietary Index Level until the next Index Business Day on which it determines that no Force Majeure Event exists; and/or
- (iv) permanently cease to calculate and publish the Proprietary Index Level.

If the Proprietary Index Calculation Agent, acting in good faith and a commercially reasonable manner, determines that a Hedging Disruption Event or an Increased Cost of Hedging Event has occurred or exists on an Index Business Day, the Proprietary Index Calculation Agent may (but is not obliged to):

- (i) calculate and publish its good faith estimate of the Proprietary Index Level for any such Index Business Day; and/or
- (ii) make such amendments to the terms of the rules governing a Proprietary Index as it considers appropriate to determine the Proprietary Index Level on any such Index Business Day; and/or

- (iii) not calculate the Proprietary Index Level for any such Business Day and suspend the calculation and publication of the Proprietary Index Level until the next Index Business Day on which it determines that no Hedging Disruption Event or Increased Cost of Hedging Event (as applicable) exists; and/or
- (iv) permanently cease to calculate and publish the Proprietary Index Level.

If the Currency of the Index relevant to a Proprietary Index is lawfully eliminated, converted, redenominates or exchanges into a new currency (**Successor Currency**) then such Currency of the Index affected by such elimination, conversion, redenomination or exchange shall be deemed replaced by such Successor Currency with effect from a date determined by the Proprietary Index Calculation Agent who may make such adjustment to the rules governing the Proprietary Index, as it determines in good faith to account for such event.

If in respect of a Proprietary Index, at any time, the licence granted (if required) to the Proprietary Index Calculation Agent (or its affiliates) to use any Underlying Constituent for the purposes of the Proprietary Index terminates, or the Proprietary Index Calculation Agent's rights to use the Underlying Constituent for the purpose of the Proprietary Index is otherwise disputed, impaired or ceases (for any reason), the Proprietary Index Calculation Agent may remove such Underlying Constituent from the Proprietary Index or replace such Underlying Constituent and may make such adjustments to the rules governing the Proprietary Index, each as it determines in good faith to be appropriate to account for such event on such dates as selected by the Proprietary Index Calculation Agent.

Without prejudice to the ability of the Proprietary Index Calculation Agent to amend the rules governing the Proprietary Index, the Proprietary Index Calculation Agent may in respect of a Proprietary Index, acting in good faith and in a commercially reasonable manner exclude or substitute any Underlying Constituent following the occurrence (and/or continuation) of a Change in Law, and if it excludes or substitutes any Underlying Constituent, then the Proprietary Index Calculation Agent may adjust the rules governing the Proprietary Index as it determines in good faith to be appropriate to account for such exclusion or substitution on such date(s) selected by the Proprietary Index Calculation Agent.

7 ROLLING OF THE PROPRIETARY INDICES

Each futures contract which forms the Underlying Constituent for a Proprietary Index is "rolled" quarterly on the 5th Index Business Day before the First Notice Date of the First Expiry Futures Contract (such date, the **Strategy Roll Date**). On each Strategy Roll Date the existing futures position in the First Expiry Futures Contract is liquidated and an equivalent position is entered into in the Second Expiry Futures Contract, with a notional value equal to that previously invested in the First Expiry Futures Contract, effective from the Index Business Day after the Strategy Roll Date (each such reinvestment, a **Roll**). This means that in the period from (but excluding) the Strategy Roll Date to the Expiry Date of the First Expiry Futures Contract, the Active Contract for the Underlying Constituent for a Proprietary Index is the Second Expiry Futures Contract. On the Expiry Date of the First Expiry Futures Contract, the Second Expiry Futures Contract (which the strategy position has already moved into) becomes the First Expiry Futures Contract, as set out in the following timeline:

where:

Active Contract means, in respect of a Proprietary Index, the futures contract in which the Proprietary Index is currently invested;

Expiry Date means, in respect of a futures contract, the date on which that contract expires;

First Expiry Futures Contract means, at any time, the futures contract closest to expiry;

First Notice Date means the first day, varying by contract and exchange on which the contract trades, on which notices of intent to deliver actual financial instruments against futures are authorised; and

Second Expiry Futures Contract means, at any time, the futures contract second closest to expiry.

8 PUBLICATION OF PROPRIETARY INDEX LEVELS

Subject to any Market Disruption Events and Extraordinary Events (as set out in paragraph 6 (*Disruption Events*)) in respect of each Proprietary Index, the Proprietary Index Calculation Agent shall calculate Proprietary Index Level and publish it (in a manner determined by the Proprietary Index Calculation Agent from time to time) in respect of each Index Business Day. All Proprietary Index Levels are rounded to 2 decimal places before being published and calculated in the Currency of the Index.

9 PROPRIETARY INDEX INFORMATION

The following tables set out information for the Long Only Strategy Proprietary Indices:

Name of Proprietary Index	CACIB Index OAT Long Only Strategy
Bloomberg Ticker	As specified in the applicable Final Terms
Currency of the Index	EUR
Index Business Days	TARGET Days
Index Start Date	16/04/2012
Index Start Level	100
Underlying Constituent(s)	Long Term French Government Bond Active Contract
Underlying Constituent Sponsor	Eurex
Price Source	Bloomberg: OATA Comdty
Closing Level	Daily Settlement Price (as defined and determined by the Underlying Constituent Sponsor) or the closing price published on Bloomberg
Calculation Agent	Crédit Agricole CIB

Name of Proprietary Index	CACIB Index BUND Long Only Strategy
Bloomberg Ticker	As specified in the applicable Final Terms
Currency of the Index	EUR
Index Business Days	TARGET Days
Index Start Date	02/01/2008
Index Start Level	100
Underlying Constituent(s)	Long-Term Euro Bund Active Contract
Underlying Constituent Sponsor	Eurex
Price Source	Bloomberg: RXA Comdty
Closing Level	Daily Settlement Price (as defined and determined by the Underlying Constituent Sponsor) or the closing price published on Bloomberg
Calculation Agent	Crédit Agricole CIB

Name of Proprietary Index	CACIB Index BTP Long Only Strategy
Bloomberg Ticker	As specified in the applicable Final Terms
Currency of the Index	EUR
Index Business Days	TARGET Days
Index Start Date	15/09/2009
Index Start Level	100
Underlying Constituent(s)	Long-Term Euro-BTP Future Active Contract
Underlying Constituent Sponsor	Eurex
Price Source	Bloomberg: IKA Comdty
Closing Level	Daily Settlement Price (as defined and determined by the Underlying Constituent Sponsor) or the closing price published on Bloomberg
Calculation Agent	Crédit Agricole CIB

Description of the Proprietary Indices

Name of Proprietary Index	CACIB Index UST2 Long Only Strategy
Bloomberg Ticker	As specified in the applicable Final Terms

USE OF PROCEEDS

This section sets out what the proceeds from the sale of Securities will be used for:

The net proceeds from each issue of Securities will be applied by each of the Issuers for the general corporate purposes of the Crédit Agricole Corporate and Investment Bank group of companies, which include making a profit. If, in respect of any particular issue, there is a particular identified use of proceeds, this will be stated in the applicable Final Terms.

FORM OF GUARANTEE

This section sets out the final Form of the Guarantee given by Crédit Agricole Corporate and Investment Bank in favour of the Securityholders.

DEED OF GUARANTEE

THIS DEED OF GUARANTEE is made on 11 May 2016 (the **Programme Date**) by Crédit Agricole Corporate and Investment Bank (the **Guarantor**) in favour of the Relevant Account Holders (as defined in the Deed of Covenant referred to below) and the holders for the time being of the Securities (as defined below) (the **Securityholders**) and the interest coupons (if any) appertaining to the Securities (the **Coupons**, which expression shall include the receipts for the repayment of nominal in instalments (if any) appertaining to the Securities), the Coupons being attached on issue to Definitive Security(ies) (as defined below). Each Relevant Account Holder, each holder of a Security and each holder of a Coupon is referred to herein as a **Securityholder**.

WHEREAS:

- (A) Crédit Agricole Corporate and Investment Bank, Crédit Agricole CIB Finance (Guernsey) Limited, Crédit Agricole CIB Financial Solutions (together, the **Issuers** and each an **Issuer**) and the Guarantor have entered into a programme agreement (the **Programme Agreement**, which expression includes the same as it may be amended, supplemented or restated from time to time) dated the Programme Date with the Dealers named therein under which each Issuer proposes from time to time to issue securities (the **Securities**), such expression to include each Definitive Security issued by an Issuer and each Global Security issued by an Issuer (where **Definitive Security** and **Global Security** have the meanings ascribed thereto in the Conditions (as defined below) and shall include any coupons for interest and any receipts issued in respect of Securities repayable in instalments under a €50,000,000,000 Structured Debt Instruments Issuance Programme (the **Programme**));
- (B) each Issuer has executed a Deed of Covenant dated the Programme Date (the **Deed of Covenant**) relating to Global Securities issued by that Issuer pursuant to the Programme Agreement;
- (C) the Issuers and the Guarantor have entered into an Agency Agreement (the **Agency Agreement**, which expression includes the same as it may be amended, supplemented or restated from time to time) dated the Programme Date with the agents named therein;
- (D) in respect of Securities issued on or after the Programme Date, this Guarantee replaces the deed of guarantee (the **Previous Guarantee**) dated 6 July 2015 executed by the Guarantor (this does not affect any Securities issued under the Programme prior to the Programme Date); and
- (E) terms defined in the Terms and Conditions of the Securities as provided in the Base Prospectus relating to the Programme (the **Conditions**) shall have the same meaning when used in this Guarantee.

NOW THIS DEED WITNESSES as follows:

- 1.1 **Guarantee:** The Guarantor irrevocably and unconditionally guarantees by way of deed poll to each Securityholder that, if for any reason, an Issuer does not pay any sum payable by it to such Securityholder in respect of any Security or Coupon or under the Deed of Covenant or, in the event that any Physical Settlement Amount (as defined in ETF Linked Asset Condition 2 (*General Definitions relating to ETF Linked Securities*)) in respect of ETF Linked Securities, Share Linked Asset Condition 2 (*General Definitions relating to Share Linked Securities*) in respect of Share Linked Securities, Credit Linked Condition 4 (*Physical Settlement*) in respect of Credit Linked Securities and

Bond Linked Condition 6 (*Definitions*) in respect of Bond Linked Securities) fail to be delivered under the Conditions, fail to pay and deliver such Physical Settlement Amounts in accordance with the Conditions, as the case may be, (including any premium or any other amounts of whatever nature or additional amounts which may become payable under any of the foregoing) as and when the same shall become due under any of the foregoing, the Guarantor will within 14 Business Days after receipt of written notice pay to such Securityholder the amount payable by the relevant Issuer to such Securityholder, or deliver any Physical Settlement Amounts to be paid and delivered in accordance with the Conditions by the relevant Issuer to such Securityholder provided that, where such amounts relate to a Secured Security and are payable or deliverable, as the case may be, following a Secured Security Event of Default, such amounts shall only become payable or deliverable by the Guarantor under this Guarantee following distribution of the related Collateral Enforcement Proceeds Share or Collateral Assets Entitlement, as the case may be, by the Security Trustee in accordance with the applicable Order of Priority. This Guarantee shall apply to all Securities issued on or after the Programme Date and all references herein to Securities shall be construed accordingly. Securities issued prior to the Programme Date shall continue to have the benefit of the Previous Guarantee or, if applicable, any deed of guarantee preceding the Previous Guarantee.

- 1.2 **Guarantor as Principal Debtor:** Without affecting the relevant Issuer's obligations, the Guarantor will be liable under this Guarantee as if it were the sole principal debtor and not merely a surety. Accordingly, it will not be discharged, nor will its liability be affected, by anything which would not discharge it or affect its liability if it were the sole principal debtor (including (a) any time, indulgence, waiver or consent at any time given to the relevant Issuer or any other person, (b) any amendment to any Security, any Coupon or the Deed of Covenant or to any security or other guarantee or indemnity, (c) the making or absence of any demand on the relevant Issuer or any other person for payment, (d) the enforcement or absence of enforcement of any Security, any Coupon, the Deed of Covenant or of any security or other guarantee or indemnity, (e) the release of any such security, guarantee or indemnity, (f) the dissolution, amalgamation, reconstruction or reorganisation of the relevant Issuer or any other person or (g) the illegality, invalidity or unenforceability of or any defect in any provision of any Security, any Coupon or the Deed of Covenant or any of the relevant Issuer's obligations under any of them).
- 1.3 **Guarantor's Obligations Continuing:** Subject as provided below, the Guarantor's obligations under this Guarantee are and will remain in full force and effect by way of continuing security until no sum remains payable under any Security, any Coupon or the Deed of Covenant. Furthermore, these obligations of the Guarantor are additional to, and not instead of, any security or other guarantee or indemnity at any time existing in favour of a Securityholder, whether from the Guarantor or otherwise. The Guarantor irrevocably waives all notices and demands whatsoever. Notwithstanding the foregoing, the Guarantor's liability under this Guarantee in relation to any Series of Securities shall be extinguished automatically and in full following the replacement and substitution of the Issuer of such Series of Securities pursuant to General Condition 17 (*Substitution of the relevant Issuer*) by a Substituted Debtor.
- 1.4 **Repayment to the relevant Issuer:** If any payment received by a Securityholder is, on the subsequent liquidation or insolvency of the relevant Issuer, avoided under any laws relating to liquidation or insolvency, such payment will not be considered as having discharged or diminished the liability of the Guarantor and this Guarantee will continue to apply as if such payment had at all times remained owing by the relevant Issuer.
- 1.5 **Indemnity:** As a separate and alternative stipulation, the Guarantor unconditionally and irrevocably agrees that any sum expressed to be payable by the relevant Issuer under any Security, any Coupon or

the Deed of Covenant but which is for any reason (whether or not now known or becoming known to the relevant Issuer, the Guarantor or any Securityholder) not recoverable from the Guarantor on the basis of a guarantee will nevertheless be recoverable from it as if it were the sole principal debtor and will be paid by it to the Securityholder within 14 Business Days after receipt of written notice. This indemnity constitutes a separate and independent obligation from the other obligations in this Guarantee, gives rise to a separate and independent cause of action and will apply irrespective of any indulgence granted by any Securityholder.

- 1.6 **Status of Guarantee:** The Guarantee will constitute an unconditional and unsecured obligation of the Guarantor and ranks (save for statutorily preferred exceptions) *pari passu* with any other existing or future unsecured and unsubordinated obligations of the Guarantor.
- 1.7 **Incorporation of Conditions:** So long as any of the Securities, Receipts or Coupons remains outstanding (as defined in the Agency Agreement) the Guarantor will comply with the provisions applicable to it in the Conditions of the Securities as though the same were set out in full herein.
- 1.8 **Power to execute:** The Guarantor hereby warrants, represents and covenants with each Securityholder that it has all corporate power, and has taken all necessary corporate or other steps, to enable it to execute, deliver and perform this Guarantee, and that this Guarantee constitutes a legal, valid and binding obligation of the Guarantor in accordance with its terms.
- 1.9 **Deposit of Guarantee:** This Guarantee shall take effect as a Deed Poll for the benefit of the Securityholders from time to time and for the time being. This Guarantee shall be deposited with and held by CACEIS Bank Luxembourg, for the benefit of the Securityholders until all the obligations of the Guarantor have been discharged in full.
- 1.10 **Production of Guarantee:** The Guarantor hereby acknowledges the right of every Securityholder to the production of, and the right of every Securityholder to obtain (upon payment of a reasonable charge) a copy of, this Guarantee, and further acknowledges and covenants that the obligations binding upon it contained herein are owed to, and shall be for the account of, each and every Securityholder, and that each Securityholder shall be entitled severally to enforce the said obligations against the Guarantor.
- 1.11 **Subrogation:** Until all amounts which may be payable under the Securities, the Coupons and/or the Deed of Covenant have been irrevocably paid in full, the Guarantor shall not by virtue of this Guarantee be subrogated to any rights of any Securityholder or claim in competition with the Securityholders against the relevant Issuer.
- 1.12 **Contracts (Rights of Third Parties) Act 1999:** No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Guarantee, but this does not affect any right or remedy of any person, which exists or is available apart from that Act.
- 1.13 **Governing Law and Jurisdiction:** This Guarantee and any non-contractual obligations arising out of or in connection with the Guarantee is governed by and shall be construed in accordance with English law. The Guarantor and each Securityholder hereby agree that the English courts are to have exclusive jurisdiction to settle any disputes which may arise out of or in connection with this Guarantee and that accordingly any suit, action or proceedings (together referred to as **Proceedings**) arising out of or in connection with this Guarantee shall be brought in such courts.

The Guarantor hereby appoints Crédit Agricole Corporate and Investment Bank, London branch, at its registered office for the time being in England (being presently at Broadwalk House, 5 Appold Street, London EC2A 2DA) as its agent for service of process in England in respect of any Proceedings and undertakes that in the event of it ceasing so to act it will appoint another person as its agent for that purpose.

IN WITNESS whereof this Guarantee has been executed as a deed on behalf of the Guarantor.

DESCRIPTION OF THE ISSUERS

This section sets out a description of the Issuers.

Description of Crédit Agricole Corporate and Investment Bank

Information on Crédit Agricole Corporate and Investment Bank (Crédit Agricole CIB) is set out in Crédit Agricole Corporate and Investment Bank's Registration Document 2015 incorporated herein by reference (see "Documents Incorporated by Reference").

Crédit Agricole CIB is a limited liability company incorporated in France as a "*société anonyme*" and having its domicile in France.

The authorised and issued fully paid up share capital of Crédit Agricole Corporate and Investment Bank is €7,327,121,031 divided into 271,374,853 ordinary shares with a par value of €27 each.

At the date of this Base Prospectus there are no conflicts of interest between any duties to Crédit Agricole CIB of the members of the Board of Directors or the Management Board and their private interests and/or other duties.

To the best of its knowledge and belief, Crédit Agricole CIB complies with the corporate governance regime of France.

The objects of Crédit Agricole CIB as set out in article 3 of its Articles of Association include the power, in France and abroad:

- to enter into any banking transactions and any finance transactions, and more particularly:
 - to receive funds, grant loans, advances, credit, financing, guarantees, to undertake collection, payment, recoveries,
 - to provide advisory services in financial matters, and especially in matters of financing, indebtedness, subscription, issues, investment, acquisitions, transfers, mergers and restructurings,
 - to provide custodial, management, purchasing, sales, exchange, brokerage and arbitrage services with respect to all and any stocks, equity rights, financial products, derivatives, currencies, commodities, precious metals and in general all and any other securities of all kinds,
- to provide all and any investment services and related services as defined by the French Monetary and Financial Code and any subsequent legislation or regulation deriving therefrom,
- to establish and to participate in any ventures, associations, corporations, by way of subscription, purchase of shares or equity rights, merger or in any other way,
- to enter into transactions, either commercial or industrial, relating to securities or real estate, directly or indirectly related to any or all of the above purposes or to any similar or connected purposes,
- the foregoing, both on its own behalf and on behalf of third parties or as a partner and in any form whatsoever.

As of 23 June 2015 (last rating action) Fitch Ratings has assigned the following Ratings:

- Short Term IDR: F1

A short term issuer default rating (**IDR**) issued by Fitch reflects a financial institution's vulnerability to default in the short term. For financial institutions and most other issuers, the "short term" typically means up to 13 months.

- Long Term IDR: A, positive outlook

A long term IDR issued by Fitch in respect of a financial institution expresses Fitch's opinion on that institution's relative vulnerability to default on its financial obligations. In accordance with Fitch's rating definitions, the default risk addressed by the IDR is generally that of the financial obligations whose non-payment would "best reflect the uncured failure of that entity". Fitch considers that the obligations of financial institutions whose non-payment would best reflect uncured failure are usually senior obligations to third-party, non-government creditors. IDRs of financial institutions therefore typically opine on the probability of default on such obligations.

The Fitch Ratings group of companies established in the EU, which includes Fitch Ratings Limited, was registered on October 31, 2011 in accordance with the CRA Regulation.

As of 23 June 2015 (last rating action) Moody's Investors Service Ltd has assigned the following Ratings:

- Short Term Debt: Prime-1
- Long Term Debt: A2, positive outlook

Ratings assigned on Moody's global long-term and short-term rating scales are forward-looking opinions of the relative credit risks of financial obligations issued by non-financial corporates, financial institutions, structured finance vehicles, project finance vehicles, and public sector entities. Long-term ratings are assigned to issuers or obligations with an original maturity of one year or more and reflect both on the likelihood of a default on contractually promised payments and the expected financial loss suffered in the event of default. Short-term ratings are assigned to obligations with an original maturity of thirteen months or less and reflect the likelihood of a default on contractually promised payments.

Moody's Investors Service Ltd was registered on 31 October 2011 in accordance with the CRA Regulation.

As of 3 December 2015 (last rating action) Standard & Poor's Rating Services, a division of Standard & Poor's Credit Market Service Europe Limited has assigned the following Ratings:

- Short Term Debt: A-1
- Long Term Debt: A, stable outlook

Standard & Poor's credit ratings express Standard & Poor's opinion about the ability and willingness of an issuer to meet its financial obligations in full - and on time. Beyond that, credit ratings can also speak to the credit quality of an individual debt issue and the relative likelihood that the issue may default. Ratings are expressed as letter grades that range from 'AAA' to 'D' (in the case of long term ratings) or 'A-1' to 'D' (in the case of short term ratings) to communicate Standard & Poor's opinion of relative level of credit risk.

Standard & Poor's Credit Market Service Europe Limited was registered on 31 October 2011 in accordance with the CRA Regulation.

Crédit Agricole CIB is dependent on the performance of its subsidiaries and affiliates.

Audit Committee

Crédit Agricole CIB FS does not have an audit committee.

RECENT DEVELOPMENTS

This section sets out recent developments with respect to the Issuers.

1/ Office of Foreign Asset Control (OFAC)

Following discussions with the US authorities, on 20 October 2015, Crédit Agricole S.A., the Crédit Agricole Group and Corporate Investment Bank (Crédit Agricole CIB) reached agreements with the US federal authorities and the State of New York in connection with the investigation of a series of dollar-denominated transactions with countries under US economic sanctions and subject to certain laws of the State of New York. The events covered by this agreement took place between 2003 and 2008. Crédit Agricole CIB and Crédit Agricole S.A., which cooperated with the US federal authorities and the State of New York during the investigation, agreed to pay a fine of US \$787 million. The payment of this fine was charged against existing provisions. Crédit Agricole S.A. and Crédit Agricole CIB also reached agreements with the Board of Governors of the US Federal Reserve and the Department of Financial Services of the State of New York. Crédit Agricole CIB reached an agreement with the Office of Foreign Assets Control of the US Department of the Treasury. It also signed three-year suspended prosecution agreements with the US Attorney's Office of the District of Columbia (**USAO**) and the District Attorney of New York (**DANY**). The USAO and DANY agreed to drop the charges resulting from the investigation against Crédit Agricole CIB, Crédit Agricole S.A. and Crédit Agricole CIB's subsidiaries and affiliates, provided that Crédit Agricole CIB complies with the obligations imposed upon it under the agreements. Crédit Agricole S.A. Group agreed to tighten its internal procedures and policies on regulatory compliance with international sanctions. It will continue to cooperate fully with the US federal authorities and the State of New York in connection with the case, and with the European Central Bank, the French Regulatory and Resolution Supervisory Authority (ACPR) and regulators throughout its global network.

2/ Switzerland/US programme

As part of the agreement signed between Switzerland and the USA in August 2013 to enable the US authorities to examine the business conduct of Swiss banks with respect to US taxpayers, Crédit Agricole Suisse, which had voluntarily accepted to participate in the US tax programme in December 2013, signed a Non-Prosecution Agreement with the US Department of Justice on 15 December 2015. Under the terms of this agreement, Crédit Agricole Suisse paid a fine, fully provisioned, of US \$99 million. Crédit Agricole Suisse also committed to complying with various obligations assigned to it and to cooperate with the US authorities. Full impairment of CACIB's stake in UBAF CACIB holds a 47.01% stake in UBAF, valued at €156 million at 31 December 2014. In 2015, this holding was fully impaired to take account of UBAF's negative financial outlook due to recurring difficulties (geopolitical crises and oil prices).

3/ Full impairment of CACIB's stake in UBAF

CACIB holds a 47.01% stake in UBAF, valued at €156 million at 31 December 2014. In 2015, this holding was fully impaired to take account of UBAF's negative financial outlook due to recurring difficulties (geopolitical crises and oil prices) affecting its main areas of operation (Middle East and North Africa).

4/ Proposed sale of CA Securities Taiwan

On 31 July 2013, Crédit Agricole CIB withdrew from the brokerage business, with notably the disposal of the CLSA BV Group to CITICS. Since Taiwanese law prohibits ownership of more than 30% of a Taiwanese company by Chinese (PRC) interests, CLSA's operations in Taiwan were hived off and sold to Crédit Agricole Securities Asia BV. In the CLSA BV sale contract, Crédit Agricole Securities Asia BV agreed to maintain brokerage operations in Taiwan for two years. An agreement for the sale of the securities was signed with a new counterparty in the second quarter of 2015. The structure was amended in the third quarter of 2015 in keeping with the recommendation of the Taiwanese regulator. This sale is currently being validated by the local authorities. As IFRS

5 criteria have been met, the entity has been recognised in discontinued operations. The disposal will take place at the net carrying amount of the asset. There is thus no accounting impact on the 2015 financial statements.

5/ Implementation of IFRIC 21

The clarifications on the accounting of taxes and other government levies given in IFRIC Interpretation 21 are described in Note 1 “Group accounting policies and principles, assessments and estimates”. This interpretation of IAS 37 “Provisions, contingent liabilities and contingent assets” mainly concerns the obligating event, and thus the date of recognition of a liability in respect of a tax (excluding income tax as defined in IAS 12 “Income Taxes”). As IFRIC 21 is applicable retrospectively, the data published at 30 June 2014 and 31 December 2014 was restated accordingly; the main impacts of these adjustments are presented in Note 11.

6/ Single Resolution Fund

The Single Resolution Fund (SRF) was established by Regulation (EU) no. 806/2014 as a single funding mechanism for all Member States participating in the single supervisory mechanism (SSM) established by Council Regulation (EU) no. 1024/2013 and in the Single Resolution Mechanism (SRM). The SRF is financed by the banking sector. The target level of the Fund is 1% of the amount of deposits covered by the Deposit Guarantee Fund and must be reached by 31 December 2023. 70% of the contribution to the resolution fund is payable in cash, in the form of an annual contribution. The remaining 30% is the subject of an irrevocable payment commitment, collateralised through a cash security deposit held by the Fund. The deposit will be held for the duration of the commitment. It is repayable at maturity. Thus, for the year 2015, Crédit Agricole CIB Group paid €77 million in respect of the annual contribution, recognised in the income statement in taxes other than on income or payroll-related.

7/ Issue of undated deeply subordinated bonds by Crédit Agricole CIB

On 16 November 2015, as part of the process designed to strengthen the Group’s regulatory capital, Crédit Agricole CIB launched three floating-rate perpetual subordinated Additional Tier 1 bonds for a total of €1.8 billion (i.e. three issues of €0.6 billion each). These perpetual deeply subordinated bonds, which include discretionary clauses concerning the payment of interest, are classed as equity instruments under IFRS and recognised in Share capital and reserves at 31 December 2015 (see Change in shareholders’ equity). The interest paid and the issue premiums are deducted from equity. Pursuant to IAS 12, the tax saving resulting from the payment of interest is recognised in net income for the period so long as this tax is not withheld at source and the interest paid is deducted from Crédit Agricole CIB’s retained earnings. In accordance with the European CRD 4/CRR regulation, these bonds are included in the calculation of Additional Tier 1 capital of Crédit Agricole CIB Group.

BOOK-ENTRY CLEARANCE SYSTEMS

This section sets out the procedures relating to the clearing of certain Securities.

*The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of DTC, Euroclear or Clearstream, Luxembourg (together, the **Clearing Systems**) currently in effect. The information in this section concerning the Clearing Systems has been obtained from sources that the Issuers and the Guarantor believe to be reliable, but none of the Issuers, the Guarantor nor any Dealer takes any responsibility for the accuracy thereof. Investors wishing to use the facilities of any of the Clearing Systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System. None of the Issuers, the Guarantor nor any other party to the Agency Agreement will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Securities held through the facilities of any Clearing System or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.*

Book-entry Systems

DTC

DTC has advised the relevant Issuer that it is a limited purpose trust company organised under the New York Banking Law, a "banking organisation" within the meaning of the New York Banking Law, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to Section 17A of the Exchange Act. DTC holds securities that its participants (**Participants**) deposit with DTC. DTC also facilitates the settlement among Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerised book-entry changes in Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organisations. DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc. Access to the DTC System is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (**Indirect Participants**).

Under the rules, regulations and procedures creating and affecting DTC and its operations (the **Rules**), DTC makes book-entry transfers of Registered Securities among Direct Participants on whose behalf it acts with respect to Securities accepted into DTC's book-entry settlement system (**DTC Securities**) as described below and receives and transmits distributions of nominal and interest on DTC Securities. The Rules are on file with the Securities and Exchange Commission. Direct Participants and Indirect Participants with which beneficial owners of DTC Securities (**Owners**) have accounts with respect to the DTC Securities similarly are required to make book-entry transfers and receive and transmit such payments on behalf of their respective Owners. Accordingly, although Owners who hold DTC Securities through Direct Participants or Indirect Participants will not possess Registered Securities, the Rules, by virtue of the requirements described above, provide a mechanism by which Direct Participants will receive payments and will be able to transfer their interest in respect of the DTC Securities.

Purchases of DTC Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the DTC Securities on DTC's records. The ownership interest of each actual purchaser of each DTC Security (**Beneficial Owner**) is in turn to be recorded on the Direct and Indirect Participant's records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic

statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the DTC Securities are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in DTC Securities, except in the event that use of the book-entry system for the DTC Securities is discontinued.

To facilitate subsequent transfers, all DTC Securities deposited by Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. The deposit of DTC Securities with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the DTC Securities; DTC's records reflect only the identity of the Direct Participants to whose accounts such DTC Securities are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to Cede & Co. If less than all of the DTC Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. will consent or vote with respect to DTC Securities. Under its usual procedures, DTC mails an omnibus proxy to the relevant Issuer as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the DTC Securities are credited on the record date (identified in a listing attached to the omnibus proxy).

Nominal and interest payments on the DTC Securities will be made to DTC. DTC's practice is to credit Direct Participants' accounts on the due date for payment in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on the due date. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC or the relevant Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of nominal and interest to DTC is the responsibility of the relevant Issuer, disbursement of such payments to Direct Participants is the responsibility of DTC, and disbursement of such payments to the Beneficial Owners is the responsibility of Direct and Indirect Participants.

Under certain circumstances, including if there is an Event of Default under the Securities, DTC will exchange the DTC Securities for definitive Registered Securities, which it will distribute to its Participants in accordance with their proportionate entitlements and which, if representing interests in a Rule 144A Global Security, will be legended as set forth under "*Subscription and Sale*".

Since DTC may only act on behalf of Direct Participants, who in turn act on behalf of Indirect Participants, any Owner desiring to pledge DTC Securities to persons or entities that do not participate in DTC, or otherwise take actions with respect to such DTC Securities, will be required to withdraw its Registered Securities from DTC as described below.

The address of DTC is 55 Water Street, New York NY 10041-0099, USA.

Euroclear and Clearstream, Luxembourg

Euroclear and Clearstream, Luxembourg each holds securities for its customers and facilitates the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders. Euroclear and Clearstream, Luxembourg provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream, Luxembourg also deal with domestic securities markets in several countries through established depository and custodial relationships. Euroclear and Clearstream, Luxembourg have established an electronic bridge between their two systems across which their respective participants may settle trades with each other.

Euroclear and Clearstream, Luxembourg customers are world-wide financial institutions, including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to Euroclear and Clearstream, Luxembourg is available to other institutions that clear through or maintain a custodial relationship with an account holder of either system.

The address of Euroclear is 1, boulevard du Roi Albert II, B-1210, Brussels, Belgium.

The address of Clearstream, Luxembourg is 42, avenue J F Kennedy, L-1855, Luxembourg.

Euroclear Sweden

Euroclear Sweden is a subsidiary within the Euroclear group of companies and a limited liability company incorporated in Sweden. It is authorised and regulated by the Swedish Financial Supervisory Authority as a central securities deposit within the meaning of the Swedish Financial Instruments Accounts Act (1998:1479 (as amended)) and as a clearing organisation within the meaning of the Swedish Securities Markets Act (2007:528 (as amended)).

Swedish Securities will be issued in registered, unnoted and dematerialized book-entry form with Euroclear Sweden in accordance with the Swedish CSD Rules. No physical notes, certificates or other physical instruments (whether in global, temporary or definitive form) will be issued in respect of the Swedish Securities other than as specifically allowed in the Terms and Conditions of the Securities.

All transactions relating to the Swedish Securities (such as issuance, sale and transfer, pledge arrangements and other dispositions and redemptions) are executed as computerized book-entry registrations. Consequently, in order to effect such entries holders must establish a book entry account through a credit institution or a securities firm acting as an account operator with Euroclear Sweden. More information regarding Euroclear Sweden and its rules and operating procedures can be found at its internet web site at <http://www.euroclear.eu>.

Book-entry Ownership of and Payments in respect of DTC Securities

The relevant Issuer may apply to DTC in order to have any Tranche of Securities represented by a Registered Global Security accepted in its book-entry settlement system. Upon the issue of any such Registered Global Security, DTC or its custodian will credit, on its internal book-entry system, the respective nominal amounts of the individual beneficial interests represented by such Registered Global Security to the accounts of persons who have accounts with DTC. Such accounts initially will be designated by or on behalf of the relevant Dealer. Ownership of beneficial interests in such a Registered Global Security will be limited to Direct Participants or Indirect Participants, including, in the case of any Regulation S Global Security, the respective depositaries of Euroclear and Clearstream, Luxembourg. Ownership of beneficial interests in a Registered Global Security accepted by DTC will be shown on, and the transfer of such ownership will be effected only through, records maintained by DTC or its nominee (with respect to the interests of Direct Participants) and the records of Direct Participants (with respect to interests of Indirect Participants).

Payments in U.S. dollars of nominal and interest in respect of a Registered Global Security accepted by DTC will be made to the order of DTC or its nominee as the registered holder of such Security. In the case of any payment in a currency other than U.S. dollars, payment will be made to the Exchange Agent on behalf of DTC or its nominee and the Exchange Agent will (in accordance with instructions received by it) remit all or a portion of such payment for credit directly to the beneficial holders of interests in the Registered Global Security in the currency in which such payment was made and/or cause all or a portion of such payment to be converted into U.S. dollars and credited to the applicable Participants' account.

The relevant Issuer expects DTC to credit accounts of Direct Participants on the applicable payment date in accordance with their respective holdings as shown in the records of DTC unless DTC has reason to believe that it will not receive payment on such payment date. The relevant Issuer also expects that payments by Participants to beneficial owners of Securities will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers, and will be the responsibility of such Participant and not the responsibility of DTC, the Principal Paying Agent, the Registrar or the relevant Issuer. Payment of nominal, premium, if any, and interest, if any, on Securities to DTC is the responsibility of the relevant Issuer.

Transfers of Securities Represented by Registered Global Securities

Transfers of any interests in Securities represented by a Registered Global Security within DTC, Euroclear and Clearstream, Luxembourg will be effected in accordance with the customary rules and operating procedures of the relevant clearing system. The laws in some States within the United States require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer Securities represented by a Registered Global Security to such persons may depend upon the ability to exchange such Securities for Securities in definitive form. Similarly, because DTC can only act on behalf of Direct Participants in the DTC system who in turn act on behalf of Indirect Participants, the ability of a person having an interest in Securities represented by a Registered Global Security accepted by DTC to pledge such Securities to persons or entities that do not participate in the DTC system or otherwise to take action in respect of such Securities may depend upon the ability to exchange such Securities for Securities in definitive form. The ability of any holder of Securities represented by a Registered Global Security accepted by DTC to resell, pledge or otherwise transfer such Securities may be impaired if the proposed transferee of such Securities is not eligible to hold such Securities through a direct or indirect participant in the DTC system.

Subject to compliance with the transfer restrictions applicable to the Registered Securities described under "*Subscription and Sale*", cross-market transfers between DTC, on the one hand, and directly or indirectly through Clearstream, Luxembourg or Euroclear accountholders, on the other, will be effected by the relevant clearing system in accordance with its rules and through action taken by the Registrar, the Fiscal Principal Paying Agent and any custodian (**Custodian**) with whom the relevant Registered Global Securities have been deposited.

On or after the Issue Date for any Series, transfers of Securities of such Series between accountholders in Clearstream, Luxembourg and Euroclear and transfers of Securities of such Series between participants in DTC will generally have a settlement date three (3) business days after the trade date (T+3). The customary arrangements for delivery versus payment will apply to such transfers.

Cross-market transfers between accountholders in Clearstream, Luxembourg or Euroclear and DTC participants will need to have an agreed settlement date between the parties to such transfer. Because there is no direct link between DTC, on the one hand, and Clearstream, Luxembourg and Euroclear, on the other, transfers of interests in the relevant Registered Global Securities will be effected through the Registrar, the Principal Paying Agent and the Custodian receiving instructions (and, where appropriate, certification) from the transferor and arranging for delivery of the interests being transferred to the credit of the designated

account for the transferee. In the case of cross-market transfers, settlement between Euroclear or Clearstream, Luxembourg accountholders and DTC participants cannot be made on a delivery versus payment basis. The securities will be delivered on a free delivery basis and arrangements for payment must be made separately.

DTC, Clearstream, Luxembourg and Euroclear have each published rules and operating procedures designed to facilitate transfers of beneficial interests in Registered Global Securities among participants and accountholders of DTC, Clearstream, Luxembourg and Euroclear. However, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued or changed at any time. None of the Issuers, the Guarantor, the Agents or any Dealer will be responsible for any performance by DTC, Clearstream, Luxembourg, Euroclear or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations and none of them will have any liability for any aspect of the records relating to or payments made on account of beneficial interests in the Securities represented by Registered Global Securities or for maintaining, supervising or reviewing any records relating to such beneficial interests.

TAXATION

This section sets out a summary of certain taxation considerations relating to the Securities

All prospective Securityholders should seek independent advice as to their tax position. This summary does not apply when payments of interest and other income with respect to the Securities are made by a paying agent (within the meaning of council directive 2003/48/EC) established in Austria.

TAXATION IN BELGIUM

General

The following summary describes the principal Belgian tax considerations with respect to the holding of the Securities.

This information is of a general nature and does not purport to be a comprehensive description of all Belgian tax considerations that may be relevant to a decision to acquire, to hold or to dispose of the Securities. In some cases, different rules can be applicable. This summary does not describe the tax consequences for a holder of Securities that are redeemable in exchange for, or convertible into assets, of the exercise, settlement or redemption of such Securities or any tax consequences after the moment of exercise, settlement or redemption.

This summary is based on the Issuers' interpretation of Belgian tax legislation, treaties, rules, and administrative interpretations with respect to Belgian income taxes and similar documentation, in force as of 18 February 2016, without prejudice to any amendments introduced at a later date, even if implemented with retroactive effect.

Each prospective holder of Securities should consult a professional adviser with respect to the tax consequences of an investment in the Securities, taking into account the influence of each regional, local or national law.

Taxes on income and capital gains

Resident individual private investors

Individuals who are Belgian residents for tax purposes, i.e. individuals subject to the Belgian individual income tax ("*Personenbelasting*" / "*Impôt des personnes physiques*"), and who hold the Securities as a private investment are subject to the following income tax treatment in Belgium with respect to the Securities. Other tax rules apply to Belgian resident individuals holding the Securities not as a private investment but in the framework of their professional activity or when the transactions with respect to the Securities fall outside the scope of the normal management of their own private estate.

Under Belgian tax law, "interest" income includes: (i) periodic interest income, (ii) any amount paid by the Issuer in excess of the issue price (whether or not on the redemption date), and (iii) if the Securities qualify as "fixed income securities" (in the meaning of article 2, §1, 8° Belgian Income Tax Code), in the case of a realisation of the Securities between two interest payment dates, the interest accrued during the detention period. In general, Securities are qualified as fixed income security if there is a causal link between the amount of interest income and the detention period of the Securities, on the basis of which it is possible to calculate the amount of *pro rata* interest income at the moment of the sale of the Securities during their lifetime.

Payments of interest on the Securities made through a paying agent in Belgium will in principle be subject to a 27 per cent. withholding tax in Belgium (calculated on the interest received after deduction of any non-

Belgian withholding taxes). The Belgian withholding tax constitutes the final income tax for Belgian resident individuals. This means that they are not obliged to declare the interest obtained on the Securities in their personal income tax return, provided withholding tax was levied on these interest payments. They may nevertheless elect to declare interest in respect of the Securities in their personal income tax return.

If the interest is paid outside Belgium without the intervention of a Belgian paying agent, the interest received (after deduction of any non-Belgian withholding tax) must be declared in the personal income tax return.

Interest income, which is declared in the annual personal income tax return, will in principle be taxed at a flat rate of 27 per cent. (or at the progressive personal tax rate taking into account the taxpayer's other declared income, whichever is more beneficial). If the interest payment is declared, any withholding tax retained may be credited and refunded.

Capital gains realised upon the sale of the Securities, are in principle tax exempt, except if the capital gains are realised outside the scope of the normal management of one's private estate or except to the extent that the capital gains qualify as interest (as defined above). Capital losses are in principle not tax deductible.

Tax treatment of resident corporations

Corporations that are Belgian residents for tax purposes, i.e. corporations subject to Belgian Corporate Income Tax ("*Vennootschapsbelasting*" / "*Impôt des sociétés*") are subject to the following income tax treatment in Belgium with respect to the Securities.

Interest derived by Belgian resident investors on the Securities and capital gains realised on the Securities will be subject to Belgian corporate income tax at the ordinary rate of 33.99 per cent. Capital losses on the Securities are in principle tax deductible.

Payments of interest (as defined in the section "Resident individual private investors") on the Securities made through a paying agent in Belgium will in principle be subject to a 27 per cent. withholding tax in Belgium (calculated on the interest received after deduction of any non-Belgian withholding taxes). However, the interest on the Securities (except Zero Coupon Securities and other Securities, which provide for the capitalisation of interest) can under certain circumstances be exempt from withholding tax, provided a special affidavit is delivered. The Belgian withholding tax that has been levied is creditable and refundable in accordance with the applicable legal provisions.

Tax treatment of Organisations for Financing Pensions

Belgian pension fund entities that have the form of an Organization for Financing Pensions ("*OFP*") are subject to Belgian Corporate Income Tax ("*Vennootschapsbelasting*" / "*Impôt des sociétés*"). OFPs are subject to the following tax treatment in Belgium with respect to the Securities.

Interest derived on the Securities and capital gains realized on the Securities will not be subject to Belgian Corporate Income Tax in the hands of OFPs. Any Belgian withholding tax that has been levied on interest payments on the Securities is creditable and refundable in accordance with the applicable legal provisions.

Other resident legal entities

Legal entities that are Belgian residents for tax purposes i.e. that are subject to Belgian tax on legal entities ("*Rechtspersonenbelasting*" / "*impôt des personnes morales*"), are subject to the following withholding tax treatment in Belgium with respect to the Securities.

Payments of interest (as defined above in the section "Resident individual private investors") on the Securities made through a paying agent in Belgium will in principle be subject to a 27 per cent. withholding tax in Belgium and no further tax on legal entities will be due on the interest. However, if the interest is paid outside

Belgium, i.e. without the intervention of a Belgian paying agent and without deduction of the Belgian withholding tax, the legal entity itself is required to declare and pay the Belgian 27 per cent. withholding tax to the Belgian treasury.

Capital gains realized on the sale of the Securities are in principle tax exempt, unless and to the extent that they qualify as interest (as defined above). Capital losses on the Securities are in principle not tax deductible.

Tax treatment of Belgian non-residents

The interest income on the Securities paid to a Belgian non-resident outside of Belgium, i.e. without the intervention of a professional intermediary in Belgium, is not subject to Belgian withholding tax.

Interest income on the Securities paid through a Belgian professional intermediary is in principle subject to a 27 per cent. Belgian withholding tax, unless the holder of Securities is resident in a country with which Belgium has concluded a double taxation agreement that provides for a lower rate and delivers the required affidavit.

Non-resident holders that have not allocated the Securities to business activities in Belgium can also obtain an exemption of Belgian withholding tax on interest if the interest is paid through a Belgian credit institution, a Belgian stock market company or a Belgian clearing or settlement institution and provided that the non-resident (i) is the owner or usufructur of the Securities, (ii) has not allocated the Securities to business activities in Belgium and (iii) delivers an affidavit confirming his non-resident status and the fulfilment of conditions (i) and (ii).

If the holder of a Security is a Belgian branch of a foreign company to which the Securities are attributable, the rules applicable to Belgian corporations (see above) will apply.

EU Savings Tax Directive

Under council Directive 2003/48/EC on the taxation of savings income, Member States were required to provide to the tax authorities of other Member States details of certain payments of interest or similar income paid or secured by a person established in a Member State to or for the benefit of an individual resident in another Member State or certain limited types of entities established in another Member State.

On 10 November 2015 the Council adopted Directive 2015/2060 on taxation of savings income in the form of interest payments. This directive repeals Directive 2003/48/EC as from 1 January 2016 (1 January 2017 in the case of Austria). Some requirements of Directive 2003/48/EC will however, remain applicable for a longer period. The Council adopted Directive 2015/2060 in order to avoid overlap between Directive 2003/48/EC and the new automatic exchange of information regime to be implemented under Directive 2015/2376 amending Directive 2011/16/EU as regards mandatory automatic exchange of information in the field of taxation.

Application of the EU Savings Directive to individuals not resident in Belgium

Interest paid or collected through Belgium on the Securities and falling within the scope of the Savings Directive is subject to the Disclosure of Information Method. Accordingly, a Belgian paying agent within the meaning of the Savings Directive will exchange information with the country of tax residence of the beneficial owner regarding interest payments as defined by the Savings Directive. It concerns payments made to an individual, beneficial owner of the interest payments and resident in another EU Member State or resident in one of the associated and dependant territories. Residual entities (in the meaning of the Savings Directive) are subject to a specific regime. The information disclosed will include the identity and residence of the beneficial owner, the name and address of the paying agent, the account number of the beneficial owner and information concerning the interest payment. The exchange of information cannot be avoided by the submission of an affidavit.

Application of the EU Savings Directive to individuals resident in Belgium

An individual resident in Belgium will be subject to the provisions of the EU Savings Directive, if he receives interest payments from a paying agent (within the meaning of the EU Savings Directive) established in another EU Member State, Switzerland, Liechtenstein, Andorra, Monaco, San Marino, Curaçao, Bonaire, Saba, Sint-Maarten and Sint-Eustatius (former Netherlands Antilles), Aruba, Guernsey, Jersey, the Isle of Man, Montserrat, the British Virgin Islands, the Cayman Islands, Anguilla or the Turks and Caicos Islands.

If the interest received by an individual resident in Belgium has been subject to a Source Tax, such Source Tax does not liberate the Belgian individual from declaring the interest income in the personal income tax declaration. The Source Tax will be credited against the personal income tax. If the Source Tax withheld exceeds the personal income tax due, the excess amount will be reimbursed, provided it amounts to at least EUR 2.50.

Belgian tax on stock exchange transactions

A stock exchange tax ("*Taxe sur les opérations de bourse*", "*Taks op de beursverrichtingen*") will be levied on the acquisition and disposal of existing Securities for consideration on the secondary market in Belgium through a professional intermediary. The tax is due separately from each party to any such transaction, i.e., the seller (transferor) and the purchaser (transferee), both collected by the professional intermediary. The tax rate is 0.09 per cent. with a maximum amount of EUR 650 per transaction and per party.

However, this tax will not be payable by exempt persons acting for their own account, including non-residents (subject to certain formalities) and certain Belgian institutional investors, as defined in Articles 126-1, 2° of the Code on Miscellaneous Duties and Taxes ("*Code des droits et taxes divers*").

Belgian tax on the physical delivery of bearer Securities

A tax of 0.6 per cent. is levied upon the physical delivery of bearer Securities pursuant to their acquisition on the secondary market through a professional intermediary. The same tax applies to the conversion of registered Securities into bearer Securities and to the physical delivery of bearer Securities pursuant to a withdrawal of these Securities from open custody. The tax on the delivery of bearer Securities is due either on the sums payable by the purchaser, or on the sales value of the Securities as estimated by the custodian in the case of a withdrawal from open custody or by the person asking for the conversion of the Securities in case of conversion of a registered Securities in a bearer Securities. The tax is payable by the issuer, the professional intermediary or the custodian.

The physical delivery of bearer Securities to recognised Belgian professional intermediaries (such as credit institutions), acting for their own account, is exempt from the above tax.

TAXATION IN FRANCE

The following is a basic summary of certain tax considerations in France relating to the Securities that may be issued under the Programme to any holder of Securities who does not concurrently hold shares of the Issuer and who is not related to the Issuer within the meaning of article 39, 12 of the French *Code général des impôts* (the French tax code – the "**FTC**"). This summary is based on the tax laws and regulations of France, as currently in effect and applied by the French tax authorities, all of which are subject to change or to different interpretation.

Prospective holders or beneficial owners of the Securities are advised to consult their own appropriate independent and professionally qualified tax advisors as to the tax consequences of any investment in, ownership of, or transactions involving the Securities.

French resident investors

Prospective purchasers of Securities who are French resident for tax purposes or who would hold the Securities through a permanent establishment or a fixed base in France, should be aware that transactions involving the Securities including any purchase or disposal of, or other dealings in the Securities and any transaction involved in the exercise and settlement of the Securities, may have French tax consequences. The tax consequences regarding interest, premium on redemption and capital gains in particular may depend, amongst other things, upon the status of the prospective purchaser (i.e. legal entities or individuals).

Pursuant to Article 125 A of the FTC, subject to certain limited exceptions, interest and assimilated income received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France are subject to a 24% withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding tax at an aggregate rate of 15.5% on interest and assimilated income paid to individuals who are fiscally domiciled (*domiciliés fiscalement*) in France.

Non-French resident investors who would not hold the Securities through a permanent establishment or a fixed base in France

The treatment regarding withholding tax in relation to any Securities will depend on the nature and characterisation of such Securities. Prospective purchasers of Securities should consult their own appropriate independent and professionally qualified tax advisers about the tax consequences of any investment in, ownership of transactions involving the Securities.

Securities issued by Crédit Agricole Corporate and Investment Bank

Securities constituting debt instruments for French tax purposes

Payments with respect to Securities issued as from 1 March 2010 by Crédit Agricole Corporate and Investment Bank which constitute debt instruments for French tax purposes (other than such Securities consolidated (*assimilables* for the purposes of French law) and forming a single series with Securities issued prior to 1 March 2010 with the benefit of article 131 *quater* of the FTC, as further described below) fall under the French withholding tax regime provided by the French *loi de finances rectificative pour 2009 no. 3* (n°2009-1674 dated 30 December 2009) as interpreted by the French tax authorities in their official guidelines (BOI-INT-DG-20-50-20140211), applicable as from 1 March 2010 (the "**Law**"). Payments of interest and assimilated income made by Crédit Agricole Corporate and Investment Bank on such Securities will not be subject to the withholding tax provided by article 125 A III of the FTC unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of article 238-0 A of the FTC (a "**Non-Cooperative State**"). If such payments under such Securities are made in a Non-Cooperative State, a 75% withholding tax will be applicable (regardless of the tax residence of the purchasers of Securities and subject to exceptions certain of which are set out below and to the more favourable provisions of any applicable double tax treaty) by virtue of article 125 A III of the FTC. The list of Non-Cooperative States is published by a ministerial executive order and is updated on an annual basis.

Furthermore, according to article 238 A of the FTC, interest and other income on such Securities may not be deductible from the French Issuer's taxable income, if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid to a bank account opened in a financial institution located in such a Non-Cooperative State. Under certain conditions, any such non-deductible interest and other income may be recharacterised as constructive dividends pursuant to article 109 *et seq.* of the FTC, in which case such non-deductible interest and other income may be subject to the withholding tax provided by article 119 *bis 2* of the FTC, at a rate of 30% or 75%, subject to the more favourable provisions of any applicable double tax treaty.

Notwithstanding the foregoing, the Law provides that neither the 75 % withholding tax provided by article 125 A III of the FTC nor the non-deductibility provided under article 238 A of the FTC will apply in respect of a particular issue of such Securities solely by reason of the relevant payments being made to persons domiciled or established in a Non-Cooperative State or paid in such a Non-Cooperative State if Crédit Agricole Corporate and Investment Bank can prove that the principal purpose and effect of such issue of such Securities were not that of allowing the payments of interest or other income to be made in a Non-Cooperative State (the **Exception**) and that relevant interest or income relate to genuine transactions and are not in an abnormal or exaggerated amount. Pursuant to the official guidelines issued by the French tax authorities (under references BOI-INT-DG-20-50-20140211, no. 990, BOI-RPPM-RCM-30-10-20-40-20140211, no. 70, and BOI-IR-DOMIC-10-20-20-60-20150320 no. 10), an issue of such Securities will benefit from the Exception without the French Issuer having to provide any proof of the purpose and effect of such issue of Securities, if such Securities are:

- (i) offered by means of a public offer within the meaning of article L.411-1 of the French Monetary and Financial Code (*Code monétaire et financier*) or pursuant to an equivalent offer in a State other than a Non-Cooperative State. For this purpose, an "equivalent offer" means any offer requiring the registration or submission of an offer document by or with a foreign Securities market authority; or
- (ii) admitted to trading on a regulated market or on a French or foreign multilateral Securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
- (iii) admitted, at the time of their issue, to the clearing operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of article L.561-2 of the French Monetary and Financial Code (*Code monétaire et financier*), or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Payments of interest and assimilated income with respect to (i) such Securities issued (or deemed issued) outside France within the meaning of article 131 *quater* of the FTC, before 1 March 2010 and (ii) such Securities consolidated (*assimilables* for the purposes of French law) and forming a single series with such first mentioned Securities, will continue to be exempt from the withholding tax provided by article 125 A III of the FTC.

Pursuant to the official guidelines of the French tax authorities (BOI-RPPM-RCM-30-10-30-30-20140211, no. 100), the exemption will also apply if the payments are made outside France in a Non-Cooperative State. Such Securities issued before 1 March 2010, whether denominated in euro or in any other currency, and constituting *obligations* under French law, or *titres de créances négociables* within the meaning of the official guidelines of the French tax authorities (BOI-RPPM-RCM-30-10-30-30-20140211, no. 50), or other debt securities issued under French or foreign law and considered by the French tax authorities as falling into similar categories, are deemed to be issued outside France for the purpose of article 131 *quater* of the FTC pursuant to the above-mentioned guidelines.

In addition, payments made by Crédit Agricole Corporate and Investment Bank of interests or other income on such Securities issued before 1 March 2010 (or such Securities issued on or after 1 March 2010 consolidated (*assimilables for the purpose of French law*) and forming a single series with such first mentioned Securities) will be subject neither to the withholding tax set out in article 119 *bis* 2 of the FTC nor to the non-deductibility provided under article 238 A of the FTC solely on account of their being paid in a Non-Cooperative State or accrued or paid to persons established or domiciled in a Non-Cooperative State.

EU Savings Tax Directive

The EU Savings Tax Directive was implemented into French law under article 242 *ter* of the FTC and articles 49 I *ter* to 49 I *sexies* of Schedule III to the FTC. These provisions impose on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member State (or in certain territories), including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest (within the meaning of the EU Savings Tax Directive) paid to that beneficial owner.

Transfer Tax and other taxes

The following may be relevant in connection with Securities, which are settled or redeemed by way of physical delivery of French shares (or certain assimilated securities):

- the disposal of French shares for consideration is, in principle, subject to a 0.1% transfer tax (the "**Transfer Tax**"), provided, in the case of shares listed on a recognised stock exchange, that the transfer is evidenced by a written deed or agreement;
- a financial transaction tax (the "**French Financial Transaction Tax**") is imposed, subject to certain exceptions, on certain acquisitions of French shares (or certain assimilated securities) which are listed on a recognised stock exchange where the relevant issuer's stock market capitalisation exceeds €1 billion (on 1 December of the previous calendar year). The French Financial Transaction Tax rate is 0.2 % of the acquisition price of the transaction;
- if the French Financial Transaction Tax applies to a transaction, an exemption in respect of the Transfer Tax is applicable.

Securities not constituting debt instruments for French tax purposes

Subject to the immediately following paragraph, payments in respect of Securities issued by Crédit Agricole Corporate and Investment Bank which do not constitute debt instruments for French tax purposes irrespective of their date of issue may either not be subject to French withholding tax, or else benefit from an exemption from French withholding tax provided that the beneficial owner of such Securities and the payment thereunder is resident or domiciled in a country which has entered into an appropriate double tax treaty with France and fulfils the relevant requirements set out in such double taxation treaty.

Under certain circumstances, and subject to the more favourable provisions of any applicable double tax treaty, payments in respect of such Securities may also be recharacterised as constructive dividends and subject to a withholding tax at a rate of 30% or 75 % if they are paid or accrued to persons established or domiciled in a Non-Cooperative State, or paid in such a Non-Cooperative State.

Potential purchasers of Securities which are resident or domiciled in a country which has not entered into an appropriate double tax treaty with France or which are located or established in a Non-Cooperative State are advised to consult their own appropriate independent and professionally qualified tax advisors as to the tax consequences of any investment in, ownership of or transactions involving the Securities.

Securities issued by a non-French resident Issuer

Payments made by a non-French resident Issuer in respect of Securities issued by an Issuer which is a non-French resident for tax purposes and which is not issuing the Securities through a permanent establishment or a fixed base in France should not be subject to French withholding tax.

TAXATION IN THE FEDERAL REPUBLIC OF GERMANY

German tax resident Investors

The following general overview does not consider all aspects of income taxation in the Federal Republic of Germany ("**Germany**") that may be relevant to a holder in the light of the holder's particular circumstances and income tax situation. This general overview is based on German tax laws and regulations, all as currently in effect and all subject to change at any time, possibly with retroactive effect.

As each series of Securities may be subject to a different tax treatment due to the specific terms of such Series as set out in the respective Final Terms, the following section only provides some very general information on the possible tax treatment of a generic Security.

Prospective Holders of Securities are advised to consult their own tax advisors as to the tax consequences of the purchase, ownership and disposal of Securities, including the effect of any state, local or church taxes, under the tax laws of Germany and each country of which they are residents.

German tax resident investors holding Securities as private assets

Taxation of income from the Securities

If the Securities are held as private assets (*Privatvermögen*) by an individual investor whose residence or habitual abode is in Germany, payments of interest under the Securities are generally taxed as investment income (*Einkünfte aus Kapitalvermögen*) at a 25 per cent. flat tax (*Abgeltungsteuer*) (plus a 5.5 per cent. solidarity surcharge (*Solidaritätszuschlag*) thereon and, if applicable to the individual investor, church tax (*Kirchensteuer*)).

The same applies to capital gains from the sale or redemption of the Securities. The capital gain is generally determined as the difference between the proceeds from the sale or redemption of the Securities and the acquisition costs. Expenses directly and factually related (*unmittelbarer sachlicher Zusammenhang*) to the sale or redemption are taken into account in computing the taxable capital gain. Otherwise the deduction of related expenses for tax purposes is not permitted. In case of physical delivery of assets upon redemption of the Securities, generally the fair market value of the assets delivered will be taken into account when determining the amount of proceeds received from the redemption subject to the provisions on the rollover relief described below.

Where the Securities are acquired and/or sold in a currency other than Euro, the acquisition costs will be converted into Euro at the time of acquisition, the sales proceeds will be converted in Euro at the time of sale, and only the difference will then be computed in Euro.

In case of Securities where the Issuer is entitled to physical delivery of shares or securities (*Wertpapiere*), the delivery of the shares or securities may depending on the final terms of the Securities not constitute a taxable event with respect to capital gain or losses built into the Securities at the time of the delivery (so-called rollover relief). In case of the rollover relief being available, the acquisition costs the investor has in the Securities will generally be rolled over into acquisition costs of the shares or securities delivered. Any capital gains or losses built into the Securities would then be taxable upon the sale or redemption of the shares or securities delivered only.

The flat tax is generally collected by way of withholding (see subsequent paragraph – *Withholding tax*) and the tax withheld shall generally satisfy the individual investor's tax liability with respect to the Securities. If, however, no or not sufficient tax was withheld (e.g., in case there is no Domestic Paying Agent, as defined below) the investor will have to include the income received with respect to the Securities in its annual income tax return. The flat tax will then be collected by way of tax assessment. The investor may also opt for

inclusion of investment income in its income tax return if the aggregated amount of tax withheld on investment income during the year exceeded the investor's aggregated flat tax liability on investment income (e.g., because of available losses carried forward or foreign tax credits). If the investor's individual income tax rate, which is applicable on all taxable income including the investment income, is lower than 25 per cent., the investor may opt to be taxed at individual progressive rates with respect to its investment income.

Capital losses from the sales or redemption of the Securities held as private assets should generally be tax-recognised irrespective of the holding period of the Securities. However, in case where no (or only *de minimis*) payments are made to the holders on the redemption date of the Securities, any capital losses might not be recognised by the German tax authorities. Any tax-recognised capital losses may not be used to offset other income like employment or business income but may only be offset against investment income. Capital losses not utilised in one annual assessment period may be carried forward into subsequent assessment periods but may not be carried back into preceding assessment periods.

Individual investors are entitled to a saver's lump sum tax allowance (*Sparer-Pauschbetrag*) for investment income of 801 Euro per year (1,602 Euro jointly assessed husband and wife). The saver's lump sum tax allowance is also taken into account for purposes of withholding tax (see subsequent paragraph – *Withholding tax*) if the investor has filed a withholding tax exemption request (*Freistellungsauftrag*) with the respective Domestic Paying Agent (as defined below). The deduction of related expenses for tax purposes is not permitted.

Withholding tax

If the Securities are kept or administered in a domestic securities deposit account by a German credit institution (*Kreditinstitut*) or financial services institution (*Finanzdienstleistungsinstitut*) (or with a German branch of a foreign credit or financial services institution), or with a German securities trading company (*Wertpapierhandelsunternehmen*) or a German securities trading bank (*Wertpapierhandelsbank*) (altogether a "**Domestic Paying Agent**") which pays or credits the interest, a 25 per cent. withholding tax, plus a 5.5 per cent. solidarity surcharge thereon, resulting in a total withholding tax charge of 26.375 per cent, is levied on the interest payments. The applicable withholding tax rate is in excess of the aforementioned rate if church tax is collected for the individual investor.

Capital gains from the sale or redemption of the Securities are also subject to the 25 per cent. withholding tax, plus a 5.5 per cent. solidarity surcharge thereon, if the Securities are kept or administered by a Domestic Paying Agent effecting the sale or redemption from the time of their acquisition. If the Securities were sold or redeemed after being transferred to a securities deposit account with another Domestic Paying Agent, 25 per cent. withholding tax (plus solidarity surcharge thereon) would be levied on 30 per cent. of the proceeds from the sale or the redemption, as the case may be, unless the investor or the previous depository bank was able and allowed to prove evidence for the investor's actual acquisition costs to the current Domestic Paying Agent. *The* applicable withholding tax rate is in excess of the aforementioned rate if church tax is collected for the individual investor.

German resident investors holding the Securities as business assets

Taxation of income from the Securities

If the Securities are held as business assets (*Betriebsvermögen*) by an individual or corporate investor which is tax resident in Germany (i.e., a corporation with its statutory seat or place of management in Germany), interest income and capital gains from the Securities are subject to personal income tax at individual progressive rates or corporate income tax (plus a 5.5 per cent. solidarity surcharge thereon and church tax, if applicable) and, in general, trade tax. The effective trade tax rate depends on the applicable trade tax factor (*Gewerbsteuer-Hebesatz*) of the relevant municipality where the business is located. In case of individual

investors the trade tax may, however, be partially or fully creditable against the investor's personal income tax liability depending on the applicable trade tax factor and the investor's particular circumstances.

In case of physical delivery of assets upon redemption of the Securities, the delivery will constitute a taxable exchange where the difference amount between the fair market value of the Securities and the tax base of the Securities (i.e., generally book values) will be subject to personal income tax or corporate income tax and, in general, trade tax as described above. Unlike for German tax resident investors holding the Securities as private assets, no rollover relief will be available for German resident investors holding the Securities as business assets.

Capital losses from the sale or redemption of the Securities should generally be tax-recognised and may generally be offset against other income. It can however not be ruled out that certain Securities may be classified as derivative transactions (*Terminingeschäfte*) for tax purposes. In this case, any capital losses from such Securities would be subject to a special ring-fencing provision and could generally only be offset against gains from other derivative transactions.

Withholding tax

If the Securities are kept or administered by a Domestic Paying Agent which pays or credits the interest, a 25 per cent. withholding tax, plus a 5.5 per cent. solidarity surcharge thereon, resulting in a total withholding tax charge of 26.375 per cent, is generally levied on the interest payments. The applicable withholding tax rate is in excess of the aforementioned rate if church tax is collected for the individual investor.

No withholding is generally required on capital gains from the disposal or redemption of the Securities, which is derived by German resident corporate investors and, upon application, by individual investors holding the Securities as assets of a German business, subject to certain requirements.

Any capital losses incurred from the disposal or redemption of the Securities will not be taken into account for withholding tax purposes. The withholding tax does not satisfy the investor's personal or corporate income tax liability with respect to the Securities. The income from the Securities will have to be included in the investor's personal or corporate income tax return.

Any German withholding tax (including surcharges) is generally fully creditable against the investor's personal or corporate income tax liability or refundable, as the case may be.

Non-German tax resident Investors

Income derived from the Securities by investors who are not tax resident in Germany is in general not subject to German income taxation, and no withholding tax shall be withheld, provided however (i) the Securities are not held as business assets of a German permanent establishment of the investor or by a permanent German representative of the investor or (ii) the income derived from the Securities does not otherwise constitute German source income (such as income from the letting and leasing of certain property located in Germany) or (iii) the income is paid by a Domestic Paying Agent against presentation of the Securities or interest coupons (so-called over-the-counter transaction, *Tafelgeschäfte*).

If the income derived from the Securities is subject to German taxation according to (i) through (iii) above, the income is subject to German income taxation and withholding tax similar to that described above for German tax residents. Under certain circumstances, foreign investors may benefit from tax reductions or tax exemptions under applicable double tax treaties (*Doppelbesteuerungsabkommen*) entered into with Germany.

Inheritance tax and gift tax

The transfer of Securities to another person by way of gift or inheritance may be subject to German gift or inheritance tax, respectively, if *inter alia* :

- (i) the testator, the donor, the heir, the donee or any other acquirer had his residence, habitual abode or, in case of a corporation, association (*Personenvereinigung*) or estate (*Vermögensmasse*), has its seat or place of management in Germany at the time of the transfer of property,
- (ii) except as provided under (i), the testator's or donor's Securities belong to business assets attributable to a permanent establishment or a permanent representative in Germany,

Special regulations may apply to certain German expatriates.

Prospective holders are urged to consult with their tax advisor to determine the particular inheritance or gift tax consequences in light of their particular circumstances.

Other taxes

The purchase, sale or other disposal of Securities does not give rise to capital transfer tax, value added tax, stamp duties or similar taxes or charges in Germany. However, under certain circumstances entrepreneurs may choose liability to value added tax with regard to the sales of Securities to other entrepreneurs, which would otherwise be tax exempt. Net wealth tax (*Vermögensteuer*) is, at present, not levied in Germany.

TAXATION IN GUERNSEY

Until 31 December 2007 Crédit Agricole CIB FG was granted tax exempt status in Guernsey pursuant to the Income Tax (Exempt Bodies) (Guernsey) Ordinance 1989. On 30 June 2006, the States of Guernsey resolved to reduce the general rate of income tax paid by Guernsey companies to 0 per cent. Accordingly "The Income Tax (Zero 10) (Guernsey) Law, 2007 was approved by the States of Guernsey in September 2007 and the general rate of income tax to be paid by Guernsey companies was reduced to 0 per cent. with effect from the tax year 2008 and subsequent years. The legislation also partly abolished the exempt company status provisions with effect from the 1 January 2008 and introduced a 10 per cent. company intermediate rate which applies to certain activities carried on by banks licensed under the Banking Supervision (Bailiwick of Guernsey) Law, 1994 and regulated by the Guernsey Financial Services Commission. The 10 per cent. company intermediate rate also applies in relation to the profits arising from the provision of credit facilities by any business in the ordinary course of its business. With effect from 1 January 2013 the 10 per cent. company intermediate rate was extended to include licensed fiduciaries (in respect of regulated activities), licensed insurers (in respect of domestic business), licensed insurance intermediaries and licensed insurance managers in respect of the carrying on of business and acting as such. With effect from 1 January 2015 the 10 per cent. company intermediate rate was further extended to licensed fund administration businesses providing administration services to unconnected third parties. The activities of Crédit Agricole CIB FG will not be subject to the company intermediate rate.

Provided a Noteholder does not carry on business in Guernsey and is not resident in Guernsey for Guernsey tax purposes, he will not suffer any charge to Guernsey income tax on any payments received from Crédit Agricole CIB FG, nor will such a holder be required to file or make any return to the Income Tax Authority in Guernsey. Accordingly no withholding tax will apply to any such payments.

Capital Gains Tax, Wealth Tax, Capital Transfer Tax and Estate or Inheritance Tax do not exist under current Guernsey law and as such no liability to tax will arise on the issue, exercise, transfer, realisation or redemption of Securities issued by Crédit Agricole CIB FG, nor is any stamp duty or similar tax payable in Guernsey on the issue or transfer of Securities.

A holder of Securities who is resident for tax purposes in Guernsey or who carries on a trade in Guernsey through a branch or agency (to which the Securities are attributable) may be subject to Guernsey income tax

on any interest paid in respect of the Securities, and should seek independent tax advice, if necessary, on the liability to tax thereon, and the necessity to disclose the relevant amounts.

EU Savings Tax Directive

On 3 June 2003, the European Council of Economics and Finance Ministers adopted a Directive 2003/48/CE regarding the taxation of savings income in the form of interest payments (the **Directive**). The Directive requires Member States, subject to a number of conditions being met, to provide to the tax authorities of other Member States details of payments of interest and other similar income made by a paying agent located within its jurisdiction to, or for the benefit of, an individual resident in that other Member State, except that, for a transitional period, Austria will instead withhold an amount on interest payments, unless the relevant beneficial owner of such payment elects otherwise. During the transitional period Guernsey either applied retention tax on interest income paid by paying agents in Guernsey to individuals resident in the EU countries with which agreements have been concluded, or alternatively applied automatic exchange of information relating to such payments with those countries.

On 21 June 2004, the States of Guernsey authorised the Chief Minister or other Minister designated for the purpose to sign bi-lateral agreements with EU Member States to implement the "same" measures. Under these agreements, Guernsey either applied a retention tax on interest income paid by paying agents in Guernsey to individuals resident in the EU countries with which agreements have been concluded, or during the transitional period, Guernsey applied automatic exchange of information relating to such payments with those countries. At its meeting on 24 November 2010, the Guernsey States of Deliberation passed a resolution to move to automatic exchange of information and abolish retention tax with effect from 1 July 2011.

On the 10 November 2015 the Council of the European Union repealed the Directive which had implemented the EU Savings Tax Directive. The Directive will cease to apply after 2015 (the exchange of 2015 information will be exchanged by 31 March 2016). The intention is that the EU version of the Common Reporting Standard which is the Directive on Administrative Cooperation (DAC) will replace the EU Savings Tax Directive from the 1 January 2016.

TAXATION IN ITALY

The following is a summary of current Italian law and practice relating to the taxation of the Securities. The statements herein regarding taxation are based on the laws in force in Italy as at the date of this Base Prospectus and are subject to any changes in law occurring after such date, which changes could be made on a retroactive basis. The Issuer will not update this summary to reflect changes in laws and if such a change occurs the information in this summary could become invalid.

The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Securities and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or commodities) may be subject to special rules.

This summary does not describe the tax consequences for a holder of the Securities in case Physical Delivery is provided and, in particular, in respect of Securities that are redeemable in exchange for, or convertible into, shares, of the exercise, settlement or redemption of such Securities and/or any tax consequences after the moment of exercise, settlement or redemption.

With regard to certain innovative or structured financial instruments there is currently neither case law nor comments of the Italian tax authorities as to the tax treatment of such financial instruments. Accordingly, it cannot be excluded that the Italian tax authorities and courts or Italian intermediaries may adopt a view different from that outlined below.

Prospective purchasers are advised to consult their own tax advisers concerning the overall tax consequences of their interest in the Securities.

Tax treatment of the Securities

Securities qualified as bonds or debentures similar to bonds

Legislative Decree No. 239 of 1 April 1996, as subsequently amended, (**Decree No. 239**) provides for the applicable regime with respect to the tax treatment of interest, premium and other income (including the difference between the redemption amount and the issue price, **Interest**) from Securities falling within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) issued, *inter alia*, by non-Italian resident issuers.

For this purpose, securities similar to bonds are debt instruments implying a "use of capital" issued in mass that incorporate an unconditional obligation to pay, at maturity, an amount not lower than their nominal value and that do not allow a direct or indirect participation in the management of the issuer.

Italian resident Securityholders

Where the Italian resident Securityholder who is the beneficial owner of the Securities is (i) an individual not engaged in an entrepreneurial activity to which the Securities are connected (unless he has opted for the application of the *risparmio gestito* regime, see paragraph 2 "Capital gain" below), (ii) a non-commercial partnership, (iii) a non-commercial private or public institution, or (iv) an investor exempt from Italian corporate income taxation, Interest payments relating to the Securities are subject to a withholding tax, referred to as "*imposta sostitutiva*", currently levied at the rate of 26 per cent. (either when the interest is paid by the Issuer, or when payment thereof is obtained by the Securityholder on a sale of the relevant Securities). The *imposta sostitutiva* may not be recovered as a deduction from the income tax due.

In case the Securities are held by an individual or a non-commercial private or public institution engaged in a business activity and are effectively connected with same business activity, the Interest will be subject to the *imposta sostitutiva* and will be included in the relevant income tax return. As a consequence, the interest will be subject to the ordinary income tax and the *imposta sostitutiva* may be recovered as a deduction from the income tax due.

Where an Italian resident Securityholder is a company or similar commercial entity or a permanent establishment in Italy of a foreign company to which the Securities are effectively connected and the Securities are deposited with an authorised intermediary, Interest from the Securities will not be subject to *imposta sostitutiva*, but must be included in the relevant Securityholder's income tax return and are therefore subject to general Italian corporate tax (*imposta sul reddito delle società*, **IRES**), and, in certain circumstances, depending on the "status" of the Securityholder, also to the regional tax on productive activities (*imposta regionale sulle attività produttive*, **IRAP**).

Where the Securityholder is an Italian resident real estate investment funds established pursuant to article 37 of Legislative Decree No. 58 of 24 February 1998 (the **Real Estate Investment Funds**) or a close-ended real estate investment company (the **Real Estate SICAF**), Interest is subject neither to substitute tax nor to any other income tax in the hands of the Fund or SICAF. A withholding tax may apply in certain circumstances at the rate of up to 26 per cent. on distributions made by Italian Real Estate Funds and Real Estate SICAF and, in certain cases, a tax transparency regime may apply in respect of certain categories of investors in the Italian Real Estate Fund/SICAF owning more than 5 per cent. of the fund or SICAF's units.

Where the Securityholder is an Italian investment funds (which includes *Fondi Comuni d'Investimento*, or open-end investment company (*società di investimento a capitale variabile* – **SICAV**) or an close-ended investment company, other than a real estate investment company (*società di investimento a capital fisso* –

SICAF), as well as Luxembourg investment funds regulated by article 11-bis of Law Decree No. 512 of 30 September 1983 (collectively, the **Funds**), Interest is subject neither to substitute tax nor to any other income tax in the hands of the Fund. A withholding tax may apply in certain circumstances at the rate of up to 26 per cent. on distributions made by the Fund, SICAV or SICAF.

Where the Securityholder is a pension fund (subject to the tax regime set forth by article 17 of Legislative Decree No. 252 of 05/12/2005, the **Pension Funds**) Interest is not subject to substitute tax, but must be included in the Pension Fund's annual net accrued result that is subject to a 20 per cent. substitutive tax.

Pursuant to Decree No. 239, *imposta sostitutiva* is applied by banks, SIMs, fiduciary companies, SGRs, stockbrokers and other entities identified by a decree of the Ministry of Economy and Finance (each an **Intermediary**). An Intermediary must (i) be resident in Italy or be a permanent establishment in Italy of a non-Italian resident financial intermediary and (ii) intervene, in any way, in the collection of interest or in the transfer of the Securities. For the purpose of the application of the *imposta sostitutiva*, a transfer of Securities includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant Securities or in a change of the Intermediary with which the Securities are deposited.

Non-Italian resident Securityholders

Where the Securities are not deposited with an Intermediary, the *imposta sostitutiva* is applied and withheld by any entity paying interest to a Securityholder.

Interest payments relating to Securities received by non-Italian resident beneficial owners are generally, provided that certain conditions and formalities are met, not subject to tax in Italy.

Capital gains realised on any sale or transfer of the Securities for consideration or on redemption thereof by Italian resident or non-Italian resident investors is subject to the tax regime described under paragraph "Capital Gain" below.

Securities qualified as Atypical securities

Securities that (i) are not deemed to be bonds (*obbligazioni*), debentures similar to bonds (*titoli similari alle obbligazioni*), shares (*azioni*), or securities similar to shares (*titoli similari alle azioni*) pursuant to Presidential Decree 22 December 1986 n. 917 (**TUIR**) and (ii) generate income from the investment of capital (*reddito di capitale*) pursuant article 44 of TUIR would be considered as "atypical" securities pursuant to article 8 of Law Decree No. 512 of 30 September 1983 converted by Law No. 649 of 25 November 1983. In this event, payments relating to Securities may be subject to withholding tax, levied at the rate of 26 per cent., if made to the following Italian resident Securityholders: (i) individuals, (ii) non-commercial partnerships; (iii) Real Estate Investment Funds, (iv) Funds, (v) Pension Fund and (vi) entities exempt from Italian corporate income tax. Payments made to Italian resident Securityholders, which are companies, or similar commercial entities (including a permanent establishment in Italy of a foreign entity to which the Securities are effectively connected) are not subject to the 26 per cent. withholding tax, but will form part of their aggregate income subject to IRES according to ordinary rules. In certain cases, such amounts may also be included in the taxable base for IRAP purposes.

Payments relating to Securities received by non-Italian resident beneficial owners are generally, provided that certain conditions and formalities are met, not subject to tax in Italy.

This withholding is levied by any entities, resident in Italy, which intervene, in any way, in the collection of payment of income arising from the Securities or in the transfer of the Securities.

Capital gains realised on any sale or transfer of the Securities for consideration or on redemption thereof by Italian resident or non-Italian resident investors is subject to the tax regime described under paragraph 2 "Capital gains" below.

Securities representing financial instruments non-entailing a static use of capital"

Based on the principles stated by the Italian tax authorities in resolution No. 72/E of 12 July 2010, income deriving from Securities representing a securitised derivative financial instrument or a bundle of derivative financial instruments not entailing a static "use of capital" ("*impiego di capitale*"), but rather an indirect investment in underlying financial instruments for the purpose of obtaining a profit deriving from the negotiation of such financial instruments as well as capital gains realised through the sale of the same Securities should be subject to Italian taxation according to the principles provided under paragraph "Capital gains" below.

Capital gains

Where the Italian resident holder of Securities who is the beneficial owner of the Securities is (i) an individual not engaged in an entrepreneurial activity to which the Securities are connected, (ii) a non-commercial partnership, pursuant to article 5 of Presidential Decree No. 917 of 22 December 1986 (with the exception of general partnership, limited partnership and similar entities) (iii) a non-commercial private or public institution, or (iv) an investor exempt from Italian corporate income taxation, and the Securities generate capital gains pursuant to article 67 TUIR, capital gains accrued on the sale of the Securities are subject to a substitute tax (*imposta sostitutiva*) currently levied at 26 per cent.. The recipient who is an Italian resident individual not engaged in an entrepreneurial activity to which the Securities are connected may opt for three different taxation criteria provided for by article 67 TUIR and Legislative Decree No. 461 of 21 November 1997 (**Decree 461**), as subsequently amended:

- under the tax declaration regime (*regime della dichiarazione*), which is the standard regime for taxation of capital gains realised by Italian resident individuals not engaged in an entrepreneurial activity to which the Securities are connected, the *imposta sostitutiva* on capital gains will be chargeable, on a yearly cumulative basis, on all capital gains, net of any offsettable capital loss, realised by the Italian resident individual holding the Securities not in connection with an entrepreneurial activity pursuant to all sales or redemptions of the Securities carried out during any given tax year. Italian resident individuals holding the Securities not in connection with an entrepreneurial activity must indicate the overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax return and pay *imposta sostitutiva* on such gains together with any balance income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years. However due to the recent amendments in the rate of the *imposta sostitutiva*, capital losses in excess of capital gains realised prior to 31 December 2011 may be carried forward against capital gains realised after 1 July 2014 only to the extent of 48.08 per cent. of their amount; whilst capital losses realised from 1 January 2012 to 30 June 2014 may be carried forward against capital gains realised after 1 July 2014 only to the extent of 76.92 per cent. of their amount;
- as an alternative to the tax declaration regime, Italian resident individuals holding the Securities not in connection with an entrepreneurial activity may elect to pay the *imposta sostitutiva* separately on capital gains realised on each sale or redemption of the Securities (the "*risparmio amministrato*" regime provided for by article 6 of the Decree 461). Such separate taxation of capital gains is allowed subject to (i) the Securities being deposited with Italian banks, SIMs or certain authorised financial intermediaries and (ii) an express election for the *risparmio amministrato* regime being timely made in writing by the relevant holder of the Securities. The depository is responsible for accounting the *imposta sostitutiva* in respect of capital gains realised on each sale or redemption of the Securities (as well as in respect of

capital gains realised upon the revocation of its mandate), net of any incurred capital loss, and is required to pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the holder of Securities or using funds provided by the holder of Securities for this purpose. Under the *risparmio amministrato* regime, where a sale or redemption of the Securities results in a capital loss, such loss may be deducted from capital gains subsequently realised, within the same relationship of deposit, in the same tax year or in the following tax years up to the fourth. However due to the recent amendments in the rate of the *imposta sostitutiva*, capital losses in excess of capital gains realised prior to 31 December 2011 may be carried forward against capital gains realised after 1 July 2014 only to the extent of 48.08 per cent. of their amount; whilst capital losses realised from 1 January 2012 to 30 June 2014 may be carried forward against capital gains realised after 1 July 2014 only to the extent of 76.92 per cent. of their amount. Under the *risparmio amministrato* regime, the holder of Securities is not required to declare the capital gains in the annual tax return;

- any capital gains realised or accrued by Italian resident individuals holding the Securities not in connection with an entrepreneurial activity who have entrusted the management of their financial assets, including the Securities, to an authorised intermediary and have opted for the so-called "*risparmio gestito*" regime (provided for by article 7 of the Decree 461) will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a 26 per cent. substitute tax, to be paid by the managing authorised intermediary. Under the *risparmio gestito* regime, any decrease in value of the managed assets accrued at year end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. However due to the recent amendments in the rate of the mentioned substitute tax, the decrease in value accrued prior to 31 December 2011 may be carried forward against 48.08 per cent. of its amount, whilst the decrease in value accrued from 1 January 2012 to 30 June 2014 may be carried forward against increase in value of the investment portfolio accrued after 1 July 2014 only to the extent of 76.92 per cent. of its amount. Under the *risparmio gestito* regime, the holder of Securities is not required to declare the capital gains realised in the annual tax return.

Where an Italian resident holder of the Securities who is the beneficial owner of the Securities is a company or similar commercial entity, or the Italian permanent establishment of a foreign commercial entity to which the Securities are effectively connected, capital gains arising from the Securities will not be subject to *imposta sostitutiva*, but must be included in the relevant holder of Securities' income tax return and are therefore subject to IRES and, in certain circumstances, depending on the "status" of the Securityholder, also as a part of the net value of production for IRAP purposes.

Any capital gains realised on the transfer of or redemption of the Securities by beneficial owners, which are Italian Real Estate Funds and Real Estate SICAFs, are not subject to any substitute tax at the fund level nor to any other income tax in the hands of the fund. Italian Real Estate Funds and Real Estate SICAFs are not subject to any substitute tax at the fund or SICAF level nor to any other income tax in the hands of the fund, whereas a withholding tax at a rate of up to 26 per cent. will be applied under certain circumstances on income realised by the participants to the fund or SICAF on distributions or redemption of the fund or SICAF's units (where the item of income realised by the participants may include the capital gains on the Securities).

Any capital gains realised through the transfer for consideration or redemption of the Securities by beneficial owners, which are Funds, SICAV or SICAF, will not be subject to any withholding or substitute tax applied at source. A withholding tax may apply in certain circumstances at the rate of up to 26 per cent. on distributions or redemptions made by the Fund, SICAV or SICAF to certain categories of investors.

Any capital gains realised through the transfer for consideration or redemption of the Securities by beneficial owners which are Pension Funds subject to the regime provided for by article 17 of Decree 252/2005 are included in the calculation of the management result of the fund, accrued in each year, subject to substitute tax at the current rate of 20 per cent..

Any capital gains realised on the transfer for consideration or redemption of the Securities by non-Italian resident beneficial owners without a permanent establishment in Italy to which the Securities are effectively connected:

- are not subject to taxation in Italy pursuant to article 23 TUIR, in case the Securities are traded in a regulated market. Non-Italian resident beneficial owners may be required to timely produce an appropriate self-declaration stating that they are not resident in Italy for tax purposes, in order to benefit from the exemption from taxation in Italy of capital gains realised on the transfer or the redemption of the Securities;
- are in principle subject to a 26 per cent. substitute tax on capital gains pursuant to article 5 of Decree 461/1997 in case the Securities are held in Italy and are not traded in a regulated markets. However, in such case, pursuant to article 5, paragraph 5 of Decree 461/1997, capital gains are exempt from the 26 per cent. substitute tax if realised by (a) non-Italian resident persons, which are resident for tax purposes in a State or territory with which Italy has an adequate exchange of information (b) international bodies and organisations established in accordance with international agreements ratified in Italy; (c) foreign institutional investors, even if they are not taxable persons, set up in a State or territory with which Italy has an adequate exchange of information; and (d) Central Banks and entities also managing official State reserves. In relation to non-Italian resident investors holding the Securities with an Italian authorised financial intermediary, the exclusion of Italian taxation may be subject to certain procedural formalities.

In case the above exemption does not apply, the provisions of Decree 461/1997 do not preclude the application of more favourable provisions laid down in any applicable double tax treaty entered into by Italy.

Inheritance and gift taxes

Pursuant to Law Decree No. 262 of 3 October 2006 (**Decree No. 262**), converted into Law No. 286 of 24 November 2006, as subsequently amended, the transfers of any valuable asset (including shares, bonds or other securities) as a result of death or donation are taxed as follows:

- (i) transfers in favour of spouses and direct descendants or direct ancestors are subject to an inheritance and gift tax applied at a rate of 4 per cent. on the total value of the inheritance or the gift exceeding €1,000,000 per beneficiary;
- (ii) transfers in favour of relatives to the fourth degree or relatives-in-law to the third degree are subject to an inheritance and gift tax at a rate of 6 per cent. on the entire value of the inheritance or the gift. Transfers in favour of brothers/sisters are subject to the 6 per cent. inheritance and gift tax on the total value of the inheritance or the gift exceeding €100,000 per beneficiary; and
- (iii) any other transfer is, in principle, subject to an inheritance and gift tax applied at a rate of 8 per cent. on the entire value of the inheritance or the gift.

If the beneficiary of any such transfer is a disabled individual, whose handicap is recognised pursuant to Law No. 104 of 5 February 1992, the tax is applied only on the value of the assets (including the Instruments) received in excess of €1,500,000 at the rates illustrated above, depending on the type of relationship existing between the deceased or donor and the beneficiary.

Moreover, an anti-avoidance rule is provided for in case of gift of assets, such as the Securities, whose sale for consideration would give rise to capital gains to be subject to the *imposta sostitutiva* provided for by legislative decree No. 461 of 21 November 1997, as subsequently amended. In particular, if the donee sells the Securities for consideration within five years from their receipt as a gift, the donee is required to pay the relevant *imposta sostitutiva* as if the gift had never taken place.

Transfer Tax

Article 37 of Law Decree No 248 of 31 December 2007, converted into Law No. 31 of 28 February 2008, published on the Italian Official Gazette No. 51 of 29 February 2008, has abolished the Italian transfer tax, provided for by Royal Decree No. 3278 of 30 December 1923, as amended and supplemented by the Legislative Decree No. 435 of 21 November 1997.

Following the repeal of the Italian transfer tax, as from 31 December 2007 contracts relating to the transfer of securities are subject to the registration tax as follows: (i) public deeds and notarised deeds are subject to fixed registration tax at rate of €200; (ii) private deeds are subject to registration tax only in case of use or voluntary registration.

Wealth Tax

According to article 19 of Decree of 6 December 2011, No. 201 (**Decree No. 201/2011**), converted with Law of 22 December 2011, No. 214, Italian resident individuals holding certain financial assets – including the Securities – outside of the Italian territory are required to pay a wealth tax at the current rate of 0.20 per cent.. The tax applies on the market value at the end of the relevant year or – in the lack of the market value – on the nominal value or redemption value of such financial assets held outside of the Italian territory.

Stamp taxes and duties

According to article 19 of Decree No. 201/2011, a proportional stamp duty applies on a yearly basis at the current rate of 0.20 per cent. on the market value or – in the lack of a market value – on the nominal value or the redemption amount of any financial product or financial instruments. The stamp duty, for investors other than individuals, cannot exceed the amount of €14,000. Based on the wording of the law and the implementing decree issued by the Italian Ministry of Finance on 24 May 2012, the stamp duty applies to any investor who is a client (as defined in the regulations issued by the Bank of Italy on 9 February 2011) of an entity that exercises in any form a banking, financial or insurance activity within the Italian territory.

Tax monitoring

Pursuant to Law Decree No. 167 of 28 June, 1990, converted by Law No. 227 of 4 August, 1990, as amended, individuals resident in Italy who, at the end of the fiscal year, hold investments abroad or foreign financial activities must, in certain circumstances, disclose the aforesaid and related transactions to the Italian tax authorities in their income tax return (or, in case the income tax return is not due, in a proper form that must be filed within the same time as prescribed for the income tax return).

Italian Financial Transaction Tax

According to article 1 of Law 24 December 2012, no. 228 and the related implementing regulations, an Italian Financial Transaction tax (**FTT**) applies on the transfer of property rights in shares and other equity instruments issued by Italian resident companies as well as on securities representative of the same shares or other equity instruments issued by Italian resident companies regardless of the tax residence of the issuer of the securities. FTT applies regardless of the tax residence of the parties and/or where the transaction is entered into. FTT applies on the transfer of shares and equity instruments at a rate of 0.20%, reduced to 0.10% if the transaction is executed on a regulated market or a multilateral trading system as defined under Directive 2004/39/CE of States of the European Union or of States of the European Economic Area allowing an

adequate exchange of information with the Italian tax authorities. The taxable base is the transaction value, which is defined as the consideration paid for the transfer or as the net balance of the transactions executed by the same subject in the course of the same day.

Specific exemptions are provided for the transfer of shares and equity instruments under certain transactions (such as repo or securities lending transactions), for the shares and equity instruments traded on regulated markets or multilateral trading systems issued by companies with an average market capitalisation below certain thresholds or for transactions executed by certain parties (such as, for example, mandatory providential entities).

FTT also applies on the execution of transactions on derivative financial instruments as defined under Art. 1, paragraph 3, legislative decree 24 February 1998, n. 58, on securities allowing the purchase or sale of financial instruments referred to under Art. 1, paragraph 1-bis, lett. c) legislative decree 24 February 1998, n. 58 or on securities providing for a cash settlement referred to under Art. 1, paragraph 1-bis, lett. d), legislative decree 24 February 1998, no. 58, if the underlying financial instruments or the underlying reference value is represented for more than 50 per cent. by the market value of shares or equity instruments issued by Italian resident companies or securities representative of the same shares or equity instruments. FTT applies on such derivative financial instruments and securities as from 1 September 2013 at a fixed amount for each transaction, ranging from 0.01875 to 200 euro, depending on the notional value of the instrument and the type of underlying financial instrument. Such amount is reduced to 1/5 in case of transactions executed on regulated markets or on multilateral systems as defined under Directive 2004/39/CE of States of the European Union or of States of the European Economic Area allowing an adequate exchange of information with the Italian tax authorities.

EU Savings Tax Directive

Italy has implemented the EU Savings Tax Directive through Legislative Decree No. 84 of 18 April 2005 (**Decree No. 84**). Under Decree No. 84, subject to a number of important conditions being met, in the case of interest paid to individuals which qualify as beneficial owners of the interest payment and are resident for tax purposes in another Member State, Italian qualified paying agents shall not apply the withholding tax and shall report to the Italian Tax Authorities details of the relevant payments and personal information on the individual beneficial owner. Such information is transmitted by the Italian Tax Authorities to the competent foreign tax authorities of the State of residence of the beneficial owner.

In November 2015, the EU Savings Tax Directive has been repealed by Council Directive No. 2015/2060/EU (the “**Directive No. 2060**”), with effect as of 1 January 2016, in order to reorganise a common reporting standard and to eliminate existing overlaps with other information reporting regimes, enforced by different legislations. In December 2014, the European Council adopted Directive No. 2014/107/EU, which entered into force as of 5 January 2016, amending provisions of Directive 2011/16/EU concerning the mandatory automatic exchange of information between tax administrations.

Following the repeal of the EU Savings Tax Directive and the adoption of the Directive No. 2014/107/EU, Italy implemented such latter Directive through Ministerial Decree 28 December 2015, in force as of 1 January 2016.

TAXATION IN LUXEMBOURG

The statements herein regarding withholding tax considerations in Luxembourg are based on the laws in force in the Grand Duchy of Luxembourg as of the date of this Base Prospectus and are subject to any changes in law.

The following information is of a general nature only, is not intended to be, nor should it be construed to be, legal or tax advice, and does not purport to be a comprehensive description of all the Luxembourg tax considerations which may be relevant to a decision to purchase, own or dispose of the Securities. In particular, such information does not describe the tax consequences for a holder of Securities that are redeemable in exchange for, or convertible into, shares. Each prospective holder or beneficial owner of the Securities should consult its tax advisor with respect to particular circumstances, the effects of state, local or foreign laws, including Luxembourg law, to which they may be subject and as to their tax position, as a result of the purchase, ownership and disposition of the Securities.

Please be aware that the residence concept used under the respective headings below applies for Luxembourg income tax assessment purposes only. Any reference in the present section to a withholding tax or a similar tax, or to any other concepts, refers to Luxembourg tax law and/or concepts only.

Withholding tax

Under Luxembourg tax law currently in effect and with the possible exception of interest paid to Luxembourg resident individual holders of the Securities and certain entities, there is no Luxembourg withholding tax on payments of interest (including accrued but unpaid interest) or upon repayment of principal or premium in case of reimbursement, redemption, repurchase or exchange of the Securities.

Luxembourg non-residents

Under Luxembourg tax laws currently in effect, there is no Luxembourg withholding tax under the Securities on payments of interest (including accrued but unpaid interest) made to non-resident holders of Securities, nor is any Luxembourg withholding tax payable upon repayment of principal or premium in case of reimbursement, redemption, repurchase or exchange of the Securities.

Luxembourg residents

Subject to the Luxembourg law of 23 December 2005, as amended (the **Relibi Law**), there is under Luxembourg tax laws currently in effect no Luxembourg withholding tax under the Securities on payments of interest (including accrued but unpaid interest) made to resident holders of Securities, nor is any Luxembourg withholding tax payable upon repayment of principal or premium in case of reimbursement, redemption, repurchase or exchange of the Securities.

Under the Relibi Law, payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to an individual beneficial owner who is a resident of Luxembourg or a so-called residual entity (within the meaning of the Luxembourg law of 21 June 2005, as amended, implementing the Savings Directive and ratifying the treaties entered into by Luxembourg and certain dependent and associated territories of EU Member States (the **Territories**), as amended) established in an EU Member State (other than Luxembourg) or one of the Territories and securing such payments for the benefit of such individual beneficial owner are subject to a withholding tax of 10%. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent.

TAXATION IN PORTUGAL

The following is a summary of the current Portuguese tax treatment at the date hereof in relation to certain aspects of payments of nominal and income in respect of Securities. The statements do not deal with other Portuguese tax aspects regarding Securities and relate only to the position of persons who are absolute beneficial owners of Securities. The following is a general guide, does not constitute tax or legal advice and

should be treated with appropriate caution. Securityholders who are in any doubt as to their tax position should consult their professional advisers.

The reference to "investment income" and "capital gains" in the paragraphs below means "investment income" and "capital gains" as understood in Portuguese tax law. The statements below do not take any account of any different definitions of "investment income" or "capital gains" which may prevail under any other law or which may be created by the Conditions of the Securities or any related documentation.

Securityholder's Income Tax

Income generated by the holding (distributions) and disposal of Securities is generally subject to the Portuguese tax regime for debt securities (*obrigações*).

Economic benefits derived from amortisation, reimbursement premiums and other types of remuneration arising from Securities are designated as investment income (*rendimentos de capital*) for Portuguese tax purposes.

Withholding tax

Under current Portuguese law, investment income payments in respect of Securities made to Portuguese tax resident companies are included in their taxable income and are subject to Portuguese a corporate income tax at rate of (i) 21 per cent. or (ii) 17 per cent if the taxpayer is a small or medium enterprise, as established in Decree-Law no. 372/2007, of 6 November 2007, with taxable profits up to €15,000 and 21 per cent. on profits in excess thereof. An additional municipal surcharge (*derrama municipal*) may be added of up to 1.5 per cent. of the taxable income. Corporate taxpayers with a taxable income of more than € 1,500,000 are also subject to State surcharge (*derrama estadual*) of (i) 3 per cent. on the part of its taxable profits exceeding €1,500,000 up to €7,500,000, (ii) 5 per cent. on the part of the taxable profits that exceeds €7,500,000 up to €35,000,000, and (iii) 7 per cent. on the part of the taxable profits that exceeds €35,000,000.

As regards to investment income on Securities arising from Crédit Agricole CIB and Crédit Agricole CIB FS made to Portuguese tax resident individuals, they are subject to personal income tax which shall be withheld at the current final withholding rate of 28 per cent. if there is a Portuguese resident paying agent, unless the individual elects to include it in his taxable income, subject to tax at the current progressive rates of up to 48 per cent. An additional income tax rate will be due on the part of the taxable income exceeding Euro 80,000 as follows: (i) 2.5 per cent. on the part of the taxable income exceeding Euro 80,000 up to Euro 250,000, and (ii) 5 per cent. on the remaining part (if any) of the taxable income exceeding Euro 250,000. Additionally, in case the income aggregation is chosen, an additional surcharge is due for the tax year of 2016 according to the taxpayer taxable income, as follows: (i) 0 per cent for taxable income up to EUR 7,070; (ii) 1 per cent for taxable income exceeding EUR 7,070 up to EUR 20,000; (iii) 1.75 per cent for taxable income exceeding EUR 20,000 up to EUR 40,000; (iv) 3 per cent for taxable income exceeding EUR 40,000 up to EUR 80,000 and (v) 3.5 per cent for taxable income above EUR 80,000. In this case, the tax withheld is deemed to be a payment on account on the final tax due.

Investment income payments due by Crédit Agricole CIB and Crédit Agricole CIB FS to Portuguese tax resident individuals are subject to an autonomous taxation at a rate of 28 per cent. whenever those payments are not subject to Portuguese withholding tax unless the individual elects to include it in his taxable income, subject to tax at the current progressive rates of up to 48 per cent. An additional income tax rate will be due on the part of the taxable income exceeding Euro 80,000 as follows: (i) 2.5 per cent. on the part of the taxable income exceeding Euro 80,000 up to Euro 250,000, and (ii) 5 per cent. on the remaining part (if any) of the taxable income exceeding Euro 250,000. Additionally, in case the income aggregation is chosen, an additional surcharge is due for the tax year of 2016 according to the taxpayer taxable income, as follows: (i) 0 per cent for taxable income up to EUR 7,070; (ii) 1 per cent for taxable income exceeding EUR 7,070 up to EUR

20,000; (iii) 1.75 per cent for taxable income exceeding EUR 20,000 up to EUR 40,000; (iv) 3 per cent for taxable income exceeding EUR 40,000 up to EUR 80,000 and (v) 3.5 per cent for taxable income above EUR 80,000. For 1 January 2017 onwards, it is foreseen that such additional surcharge will no longer be applicable. In this case, the tax withheld is deemed to be a payment on account on the final tax due.

Since Crédito Agricole CIB FG is an entity domiciled in a blacklisted jurisdiction for Portuguese tax purposes, investment income payments made by Crédito Agricole CIB FG to Portuguese tax resident individuals are subject to a 35 per cent. withholding tax if there is a Portuguese resident paying agent, or to an autonomous taxation of 35 per cent whenever those payments are not subject to Portuguese withholding tax.

Interest and other investment income ("*colocado à disposição*") paid or made available to accounts in the name of one or more accountholders acting on behalf of undisclosed entities is subject to a final withholding tax at 35 per cent. by, unless the beneficial owner of the income is disclosed, in which case the general rules will apply.

None of the Issuers are responsible for withholding any amount in respect of Portuguese withholding tax, whenever applicable, on interest payments arising from the Securities.

Payments of nominal on Securities are not subject to Portuguese withholding tax. For these purposes, nominal shall mean all payments carried out without any income component.

Capital Gains

Under current Portuguese law, capital gains obtained by Portuguese tax resident companies on the disposal of Securities issued by non-resident entities are included in their taxable income and are subject to IRC corporate income at a rate of (i) 21 per cent. or (ii) 17 per cent if the taxpayer is a small or medium enterprise, as established in Decree-Law no. 372/2007, of 6 November 2007 and with taxable profits up to €15,000 and 21 per cent. on profits in excess thereof. An additional municipal surcharge (*derrama municipal*) may be added of up to 1.5 per cent. of the taxable income. Corporate taxpayers with a taxable income of more than €1,500,000 are also subject to State surcharge (*derrama estadual*) of (i) 3 per cent. on the part of its taxable profits exceeding €1,500,000 up to €7,500,000, (ii) 5 per cent. on the part of the taxable profits that exceeds €7,500,000 up to €35,000,000, and (iii) 7 per cent. on the part of the taxable profits that exceeds €35,000,000.

Capital gains obtained by individuals who are resident in Portugal for tax purposes on the disposal of Securities issued by Crédito Agricole CIB and Crédito Agricole CIB FS are subject to a special tax rate of 28 per cent., levied on the positive difference between the capital gains and capital losses of each year unless the individual opts to include the income in his taxable income, subject to tax at the current progressive rates of up to 48 per cent. An additional income tax rate will be due on the part of the taxable income exceeding Euro 80,000 as follows: (i) 2.5 per cent. on the part of the taxable income exceeding Euro 80,000 up to Euro 250,000, and (ii) 5 per cent. on the remaining part (if any) of the taxable income exceeding Euro 250,000. Additionally, in case the income aggregation is chosen, an additional surcharge is due for the tax year of 2016 according to the taxpayer taxable income, as follows: (i) 0 per cent for taxable income up to EUR 7,070; (ii) 1 per cent for taxable income exceeding EUR 7,070 up to EUR 20,000; (iii) 1.75 per cent for taxable income exceeding EUR 20,000 up to EUR 40,000; (iv) 3 per cent for taxable income exceeding EUR 40,000 up to EUR 80,000 and (v) 3.5 per cent for taxable income above EUR 80,000. For 1 January 2017 onwards, it is foreseen that such additional surcharge will no longer be applicable.

There is no Portuguese withholding tax on capital gains on such cases.

Capital gains obtained by individuals who are resident in Portugal for tax purposes on the disposal of Securities issued by Crédito Agricole CIB FG will be subject to Portuguese taxation at a rate of 35 per cent.

EU Savings Directive

On 10 November 2015 the Council of the European Union adopted the Council Directive (EU) 2015/2060 of 10 November 2015 repealing the EU Savings Directive from 1 January 2017 in the case of Austria and from 1 January 2016 in the case of all other Member States of the European Union (subject to on-going requirements to fulfil administrative obligations such as the reporting and exchange of information relating to, and accounting for withholding taxes on, payments made before those dates). Accordingly, it is expected that Decree-Law no 62/2005, of 11 March 2005, as amended by Law no 39-A/2005, of 29 July 2005 (which has transposed into the Portuguese legislation the EU Savings Directive) will be revoked.

TAXATION IN SPAIN

The following general summary does not consider all aspects of income taxation in Spain that may be relevant to a holder of the Securities in the light of the holder's particular circumstances and income tax situation. This summary applies to holders of the Securities, who are solely tax resident in Spain, and it is not intended to be, nor should it be construed to be, legal or tax advice. It is based on Spanish tax laws and regulations, all as currently in effect and all subject to change at any time, possibly with retroactive effect.

Prospective holders are urged to consult their own tax advisers as to the particular tax consequences to them of subscribing, purchasing, holding and disposing of the Securities, including the application and effect of state, local, foreign and other tax laws and the possible effects of changes in the tax laws of Spain.

Spanish resident individuals***Personal Income Tax (Impuesto sobre la Renta de las Personas Físicas)***

Both interest periodically received and income derived from the transfer, redemption or conversion of the Securities constitute a return on investment obtained from the transfer of a person's own capital to third parties in accordance with the provisions of Article 25 of Law 35/2006, of November 28, on Personal Income Tax (the **PIT Law**) and therefore will form part of the so called savings income tax base pursuant to the provisions of the aforementioned Law and will be subject to the following rates in 2015: (i) income up to €6,000 will be taxed at a flat rate of 19 per cent.; (ii) income between €6,000 and €50,000 will be taxed at a flat rate of 21 per cent.; and (iii) the excess over €50,000 will be subject to a flat rate of 23 per cent.

As a general rule, on the basis that the Issuer is not resident in Spain for tax purposes and does not operate in Spain through a permanent establishment, as defined in the Spanish Tax Law, all payments of nominal and interest in respect of the Securities can be made free of any withholding or deduction for or on account of any taxes in Spain of whatsoever nature imposed, levied, withheld, or assessed by Spain or any political subdivision or taxing authority thereof or therein, in accordance with applicable Spanish law. Notwithstanding the above, please consider the following rules:

The withholding tax regime will be as follows:

- (i) Interest paid to holders who are Spanish resident individuals will be subject to Spanish withholding tax at 19 per cent. to be deducted by the depositary entity of the Securities or the entity in charge of collecting the income derived thereunder, provided such entities are resident for tax purposes in Spain or have a permanent establishment in the Spanish territory.
- (ii) Income obtained upon transfer of the Securities will be subject to Spanish withholding tax at 19 per cent. to be deducted by the financial entity acting on behalf of the seller, provided such entity is resident for tax purposes in Spain or has a permanent establishment in the Spanish territory.

- (iii) Income obtained upon redemption of the Securities will be subject to Spanish withholding tax at 19 per cent. to be deducted by the financial entity appointed by the Issuer (if any) for redemption of the Securities, provided such entity is resident for tax purposes in Spain or has a permanent establishment in the Spanish territory.

In any event, individual Securityholders may credit the withholding against their final PIT liability for the relevant fiscal year.

Net Wealth Tax (*Impuesto sobre el Patrimonio*)

According to Spanish Budget Act for year 2016 (*Ley 48/2015, de 29 de octubre, de Presupuestos Generales del Estado para el año 2016*), Net Wealth Tax has been restored temporarily for tax period 2016.

This tax is levied on the net worth of an individual's assets and rights to the extent that their net worth exceeds €700,000. The marginal rates ranging between 0.2 per cent. and 2.5 per cent. and some reductions could apply. Individuals with tax residency in Spain who are under the obligation to pay Net Wealth Tax must take into account the amount of the Securities, which they hold as at December 31, in each year, when calculating their Net Wealth Tax liabilities. However, Spanish tax resident holders should take into account the specific tax regulations approved by their respective Spanish Autonomous Region, as some of them provides a full relief for Net Wealth Tax.

Inheritance and Gift Tax (*Impuesto sobre Sucesiones y Donaciones*)

Individuals resident in Spain for tax purposes who acquire ownership or other rights over any Securities by inheritance, gift or legacy will be subject to the Spanish Inheritance and Gift Tax in accordance with the applicable Spanish regional and State rules. The applicable tax rates range between 7.65 per cent. and 81.6 per cent., depending on relevant factors. This is nevertheless subject to the specific rules approved by the relevant Spanish Autonomous Regions with respect to this tax.

Legal entities with tax residence in Spain

Corporate Income Tax (CIT) (*Impuesto sobre Sociedades*)

Both interest periodically received and income derived from the transfer, redemption or conversion of the Securities will be included in the CIT taxable income and will be taxed at the general tax rate of 25 per cent. in accordance with the rules for this tax.

As stated above, as a general rule, on the basis that the Issuer is not resident in Spain for tax purposes and does not operate in Spain through a permanent establishment, as defined in the Spanish Tax Law, all payments of nominal and interest in respect of the Securities can be made free of any withholding or deduction for or on account of any taxes in Spain of whatsoever nature imposed, levied, withheld, or assessed by Spain or any political subdivision or taxing authority thereof or therein, in accordance with applicable Spanish law.

Notwithstanding the above, please consider that under certain conditions, withholding taxes may apply to Spanish taxpayers when a Spanish resident entity or a non-resident entity that operates in Spain through a permanent establishment in Spain is acting as depositary of the Securities, as a financial entity appointed by the Issuer or as a collecting agent of any income arising from the Securities (withholding tax at 19 per cent.).

Finally, please note that no withholdings on account of the final CIT liability of Spanish corporate investors will have to be deducted on income derived under the Securities if, and to the extent that, the Securities are listed on an organised market of an OECD country provided that certain requirements are met.

In any event, amounts withheld, if any, may be credited by the relevant investor against its final CIT liability for the relevant fiscal year.

Inheritance and Gift Tax (*Impuesto sobre Sucesiones y Donaciones*)

Legal entities resident in Spain for tax purposes, which acquire ownership or other rights over the Securities by inheritance, gift or legacy, are not subject to the Spanish Inheritance and Gift Tax but must include the market value of the acquired Securities in their taxable income for Spanish CIT purposes.

Net Wealth Tax (*Impuesto sobre el Patrimonio*)

Legal entities are not subject to Net Wealth Tax.

Non-resident investors with a permanent establishment in Spain

A non-resident holder of the Securities who has a permanent establishment in Spain to which the Securities are effectively connected with, will be subject to Spanish Non-Residents' Income Tax on any income under the Securities, including both interest periodically received and income arising on the disposal, redemption or reimbursement of the Securities. In general terms, the tax rules applicable to non-resident investors acting through a permanent establishment in Spain are the same as those applicable to Spanish Corporate Income Tax taxpayers (explained above).

Payments made by the Guarantor

With respect to payments made by a non-Spanish Guarantor (if applicable) to Spanish resident Securityholders or non-resident Securityholders with a permanent establishment in Spain to which the Securities are effectively connected, our understanding of Spanish tax law is that such payments should be treated as a payment made by the Issuer, and thus should be subject to the Spanish tax regime described in the previous paragraphs.

Indirect taxation

Whatever the nature and residence of the holder, the acquisition and transfer of the Securities will be exempt from indirect taxes in Spain, i.e., exempt from Transfer Tax and Stamp Duty and from Value Added Tax.

Reporting obligations to the Spanish Tax Authorities

Spanish resident Securityholders or non-resident Securityholders with a permanent establishment in Spain to which the Securities are effectively connected should seek advice from their tax advisor as to whether they should include the Securities in the annual reporting (Form 720) to the Spanish Tax Authorities declaring the assets and rights held outside Spain.

TAXATION IN UNITED KINGDOM

The comments below are of a general nature based on current United Kingdom tax law as applied in England and Wales and HM Revenue & Customs practice (which may not be binding on HM Revenue & Customs) and are not intended to be exhaustive. They assume that neither interest on the Securities nor payments in respect of the Guarantee have a United Kingdom source and, in particular, that neither the Issuer nor the Guarantor is United Kingdom resident or acts through a permanent establishment in the United Kingdom in relation to the Securities. Any Securityholders who are in doubt as to their own tax position should consult their professional advisers.

Interest on the Securities

Payments of interest on the Securities by the Issuer may be made without withholding or deduction for or on account of United Kingdom income tax.

Payments in respect of the Guarantee

Any payments in respect of the Guarantee may be made without withholding or deduction for or on account of United Kingdom income tax.

Stamp duty/SDRT

A charge to United Kingdom stamp duty liability at 1.5 per cent. will arise on the first transfer by delivery in the United Kingdom of any Definitive Bearer Note.

United Kingdom stamp duty may be required to be paid in relation to the transfer of an asset on redemption of a Security which can be settled by physical delivery of such asset.

Where a Security can be settled by physical delivery of an asset, SDRT may be payable in respect of the agreement to transfer such an asset. However, any such liability to SDRT will be cancelled (or if already paid, will be repaid) if the instrument effecting the transfer is chargeable with stamp duty (or is otherwise required to be stamped) and has been duly stamped within six years of the agreement being made or, in the case of a conditional agreement, within six years of all conditions being satisfied, or if such instrument is not chargeable with stamp duty or otherwise required to be stamped.

Information Reporting

HM Revenue & Customs has powers to obtain information relating to securities in certain circumstances. This may include details of the beneficial owners of the Securities (or the persons for whom the Securities are held), details of the persons to whom payments derived from the Securities are or may be paid and information and documents in connection with transactions relating to the Securities. Information may be required to be provided by, amongst others, the holders of the Securities, persons by (or via) whom payments derived from the Securities are made or who receive (or would be entitled to receive) such payments, persons who effect or are a party to transactions relating to the Securities on behalf of others and certain registrars or administrators. In certain circumstances, the information obtained by HM Revenue & Customs may be exchanged with tax authorities in other countries.

A Global Certificate may be subject to United Kingdom stamp duty if it is executed in the United Kingdom or if it relates to any property situate, or to any matter or thing done or to be done, in the United Kingdom.

If a Global Certificate is subject to United Kingdom stamp duty, but the stamp duty has not been paid, that Global Certificate cannot be used for any purpose in the United Kingdom; for example it will be inadmissible in evidence in civil proceedings in a United Kingdom court.

If a Global Certificate is subject to United Kingdom stamp duty, and it becomes necessary to pay that stamp duty (for example because this is necessary in order to enforce the document in the United Kingdom), interest will be payable (in addition to the stamp duty) in respect of the period from 30 days after the date of execution of the relevant Global Certificate to the date of payment of the stamp duty. Penalties may also be payable if a Global Certificate which was executed outside the United Kingdom is not stamped within 30 days of first being brought into the United Kingdom; or, if the Global Certificate was executed in the United Kingdom, within 30 days of execution. If any United Kingdom stamp duty is required to be paid, it would be payable at a rate of 0.5 per cent. by reference to the amount of consideration given for the issue of Certificates represented by the relevant Global Certificate.

SDRT may be payable in relation to the issue into a clearing system of any Certificate which gives the holder an interest in, or rights arising out of, or the right to acquire, stocks, shares or loan capital, unless such stocks, shares or loan capital would be exempt from all stamp duties.

SDRT may be payable in relation to any agreement to transfer any Certificate which give the holder an interest in, or rights arising out of, or the right to acquire, stocks, shares or loan capital, unless such stocks, shares or loan capital would be exempt from all stamp duties.

United Kingdom stamp duty may be required to be paid in relation to the transfer of an asset on the exercise of a Certificate which can be settled by physical delivery of such asset.

Where a Certificate can be settled by physical delivery of an asset, SDRT may be payable in respect of the agreement to transfer such asset. However, any such liability to SDRT will be cancelled (or, if already paid, will be repaid) if the instrument effecting the transfer is chargeable with stamp duty (or is otherwise required to be stamped) and has been duly stamped within six years of the agreement being made or, in the case of a conditional agreement, within six years of all conditions being satisfied, or if such instrument is not chargeable with stamp duty or otherwise required to be stamped.

UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

General

HOLDERS SHOULD SEEK ADVICE BASED ON THEIR PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISER.

A Final Terms for an issue of Securities may specify with respect to the issue of Securities to which it relates (and where relevant) the potential U.S. federal income tax consequences to Securityholders of the purchase, ownership, disposition, lapse and exercise of the Securities.

Each Issuer will not investigate and will not have access to information that would permit it to ascertain, whether any company, which has issued equity or other instruments to which Securities, relate are passive foreign investment companies for U.S. tax purposes.

A U.S. taxpayer that holds Securities may be subject to a variety of U.S. tax consequences depending on the subject and the terms of the Securities. U.S. taxpayers should consult their own advisers about the tax consequences of purchasing Securities, particularly whether the Securities being acquired could be treated for U.S. tax purposes as debt instruments or as ownership interests in the assets referenced by the Securities.

FATCA Withholding

The foreign account tax compliance provisions of the Hiring Incentives to Restore Employment Act of 2010 (**FATCA**) impose a withholding tax of 30% (**FATCA Withholding**) on certain U.S.-source payments and proceeds from the sale of assets that give rise to U.S.-source interest or dividends (including Dividend Equivalent Payments, as defined below), as well as certain payments by non-U.S. entities to persons that fail to meet certain certification or reporting requirements. Under current law, withholding is currently imposed in respect of certain U.S.-source payments (including interest and dividends) and will be imposed starting (x) 1 January 2019 in respect of proceeds from the sale of assets that give rise to U.S.-source interest or dividends and (y) 1 January 2019, at the earliest, in respect of "foreign passthru payments" (which term is not yet defined under FATCA). The Issuer and other financial institutions through which payments on the Securities are made may be required to withhold on account of FATCA if (a) an investor does not provide information sufficient for the Issuer or the relevant financial institution to determine whether the investor is subject to FATCA Withholding or (b) a "foreign financial institution" (as defined under FATCA) to or through which payments on the Securities are made (including a foreign financial institution that is a beneficial owner of the Securities) is a "non-participating foreign financial institution". No FATCA Withholding will be imposed with respect to any "foreign passthru payments" until the later of 1 January 2019 and the date on which final regulations are issued defining the term "foreign passthru payment."

The application of FATCA to interest, nominal or other amounts paid with respect to the Securities is not clear. Guernsey and France have entered into intergovernmental agreements with the United States to help implement FATCA for certain entities in those jurisdictions. The full impact of such an agreement on the Issuer and its reporting and withholding responsibilities under FATCA is unclear. The Issuer may be required to report certain information on its U.S. account holders to the governments of Guernsey and France (as applicable) in order (i) to obtain an exemption from FATCA Withholding on payments the Issuer receives and/or (ii) to comply with any applicable domestic laws. It is not yet certain how the United States, Guernsey and France will address withholding on "foreign passthru payments" (which may include payments on the Securities) or if such withholding will be required at all.

If an amount in respect of U.S. withholding tax were to be deducted or withheld from interest, nominal or other payments on the Securities, neither the relevant Issuer nor any Agent nor any other person would, pursuant to the conditions of the Securities, be required to pay additional amounts as a result of the deduction or withholding of such tax. As a result, in that case investors would generally receive less interest or nominal than expected. The Securityholders should consult their own tax advisers on how these rules may apply to payments they receive under the Securities.

FATCA is particularly complex and its application is uncertain at this time. The above description is based in part on final and temporary regulations and official guidance that is subject to change. If an amount in respect of U.S. withholding tax were to be deducted or withheld from interest, nominal or other payments on the Securities, the Securities may be, or in certain circumstances will be, redeemed early at their fair market value.

Legislation affecting Dividend Equivalent Payments

Payments on any Security that are, in whole or in part, directly or indirectly contingent upon, or determined by reference to, the payment of a dividend from a U.S. entity (a **Dividend Equivalent Payment**) may become subject to a 30 per cent. U.S. withholding tax when made to non-U.S. persons (as defined below). The imposition of this U.S. withholding tax will reduce the amounts received by non-U.S. persons. Neither the Issuer, the Guarantor, nor the agent nor any other person shall pay any additional amounts to the non-U.S. persons in respect of such U.S. withholding. If a non-U.S. person becomes subject to this withholding tax, the non-U.S. person may be able to claim benefits (i.e., an exemption from or reduction in the rate of such withholding tax) under its applicable double tax treaty with the United States. The application and interpretation of the rules governing U.S. withholding tax on Dividend Equivalent Payments is subject to change.

For these purposes, a non-U.S. person is a beneficial owner of a Security that is not a: (i) a citizen or individual resident of the United States, as defined in Section 7701(b) of the U.S. Internal Revenue Code, as amended, (ii) a corporation, including any entity treated as a corporation for U.S. federal income tax purposes, created or organised in or under the laws of the United States, any State thereof or the District of Columbia; (iii) an estate the income of which is subject to U.S. federal income tax without regard to its source; or (iv) a trust if (x) a court within the United States is able to exercise primary supervision over the administration of the trust, and one or more United States persons have the authority to control all substantial decisions of the trust, or (y) such trust has a valid election in effect under applicable U.S. Treasury Regulations to be treated as a United States person.

TAXATION IN SWITZERLAND

The following is a generic summary only of the Issuer's understanding of current law and practice in Switzerland relating to the taxation of the Securities issued under this Base Prospectus. Because this summary does not address all tax considerations under Swiss law and as the specific tax situation of an investor cannot

be considered in this context, potential investors are recommended to consult their personal tax advisors as to the tax consequences of the purchase, ownership, sale or redemption of and the income derived from the Securities issued under this Base Prospectus including, in particular, the effect of tax laws of any other jurisdiction.

The Swiss Federal Tax Administration has issued on 7 February 2007 a Circular Letter No. 15 regarding Certificates and Derivative Financial Instruments subject to Direct Federal Tax, Withholding Tax and Stamp Tax. The Securities issued under this Base Prospectus will be taxed in accordance with this Circular Letter No. 15 and its appendices. Depending on the qualification of the relevant Security by the competent Swiss tax authorities the taxation of each Security may be different.

The taxation depends on the set-up of each single Security for which reason the following remarks are again only of generic nature.

Income Tax

Securities held as Private Assets by a Swiss Resident Holder:

(a) Structured Products

If a Security classifies as a structured product, its income taxation depends on whether the bond and the derivative financial instrument(s) embedded therein are recorded separately from each other and whether the Security classifies as a structured product with or without a predominant one-time interest payment.

Non-transparent derivative financial instruments: If the embedded bond is not recorded separately from the embedded derivative financial instrument(s), the Security classifies as non-transparent structured product and any return over the initial investment classifies as a taxable interest payment. Non-transparent derivative financial instruments generally include a predominant one-time interest payment. If so, Swiss resident private investors will be taxed on any interest payments and on any gains, including capital and foreign exchange gains, realised on the Securities (differential taxation method).

Transparent derivative financial instruments without a predominant one-time interest payment: If the embedded bond is recorded separately from the embedded derivative financial instrument(s) and the yield-to-maturity predominantly derives from periodic interest payments and not from a one-time interest-payment (see below "Transparent derivative financial instruments with a predominant one-time interest payment"), then any periodic interest payment and the one-time interest payment is taxed when paid to the holder of the Security. A gain, including interest accrued, realised on the sale of a Security is a tax-free private capital gain, whereas a loss is a non-tax-deductible private capital loss (see below "Capital Gains Taxation – Securities held as Private Assets by a Swiss Resident Holder"). The same applies if the Security is redeemed except that interest accrued is taxed when paid.

Transparent derivative financial instruments with a predominant one-time interest payment: If the embedded bond is recorded separately from the embedded derivative financial instrument(s) and the yield-to-maturity predominantly derives from a one-time interest-payment such as an original issue discount or a repayment premium, and not from periodic interest payments, then any periodic interest payments at sale or redemption of the Security as well as the difference between the value of the embedded bond at sale or redemption and its value at issuance or purchase, as applicable, converted, in each case, into Swiss francs at the rate of exchange prevailing at the time of sale, redemption, issuance or purchase constitutes taxable income (modified differential taxation method). A value decrease on the embedded bond realised on the sale or redemption of the Security may be offset against any gains (including periodic interest payments) realised within the same taxation period from all financial instruments with a predominant one-time interest payment. Any residual return realised on the embedded derivative financial instrument(s) is a tax-free private capital gain, and any

residual loss is a non-tax-deductible private capital loss (see below "Capital Gains Taxation – Securities held as Private Assets by a Swiss Resident Holder").

(b) Bonds

Bonds without a predominant one-time interest payment: If a Security classifies as a pure bond without a predominant one-time interest payment (the yield-to-maturity predominantly derives from periodic interest payments and not from a one-time interest-payment), Swiss resident private investors will be taxed on the periodic and any one-time interest payments, converted into Swiss francs at the rate of exchange prevailing at the time of payment. A gain, including interest accrued, realised on the sale of a Security is a tax-free private capital gain, whereas a loss is a non-tax-deductible private capital loss (see below "Capital Gains Taxation – Securities held as Private Assets by a Swiss Resident Holder").

Bonds with a predominant one-time interest payment: If a Security classifies as a pure bond with a predominant one-time interest payment (the yield-to-maturity predominantly derives from a one-time interest-payment such as an original issue discount or a repayment premium and not from periodic interest payments), Swiss resident private investors will be taxed on any periodic interest payments and on any gains, including capital and foreign exchange gains, realised on the Securities (differential taxation method).

(c) Pure Derivative Financial Instruments

Periodic and one-time dividend equalisation payments realised on a Security which classifies as a pure derivative financial instrument (such as pure call and put options, including low exercise price options with a maturity not exceeding one year, pure futures, static certificates replicating an index or a basket of at least five shares and with a fixed maturity or an annual redemption right) and which is held as part of their private assets constitute taxable investment income. Any other return will be classified as a tax-exempt capital gain or a non-tax deductible capital loss (see below "Capital Gains Taxation – Securities held as Private Assets by a Swiss Resident Holder").

(d) Low Exercise Price Options (LEPO):

According to the current practice of the Swiss Federal Tax Administration, low exercise price options are given if the underlying has been pre-financed by at least 50 per cent. at the time of issuance. For low exercise price options with a maturity exceeding one year, the interest component of the low exercise price option (i.e. issue discount) constitutes taxable investment income. Any other return will be classified as a tax-exempt capital gain or a non-tax deductible capital loss (see below "Capital Gains Taxation – Securities held as Private Assets by a Swiss Resident Holder").

(e) Fund-like Products

An individual holding a fund-like product as part of private assets only receives taxable income (which he or she must report annually) over such portion of the distributions (in case the fund is distributing the income realised on the underlying investments) or earnings credits (in case the fund is reinvesting the income realised on the underlying investment) as derived from dividends and interest (less attributable costs) on the underlying instruments. Any distributions or credits deriving from capital gains realised on the underlying investments constitute a tax-free private capital gain and any loss on the underlying investments is a non-tax-deductible private capital loss. Such taxation will only apply if dividend and interest income (less attributable costs) and capital gains and losses are reported and distributed separately. Any gain realised within a taxation period on the sale of a fund-like instrument (including accrued dividends and interest) is exempt from income taxation as a private capital gain, and, conversely, any loss realised is a non-tax-deductible capital loss (see below "Capital Gains Taxation – Securities held as Private Assets by a Swiss resident Holder").

Securities held as Assets of a Swiss Business:

Corporate entities and individuals who hold Securities as part of a trade or business in Switzerland (in the case of residents abroad carried on through a permanent establishment or a fixed place of business in Switzerland) are required to recognise any payments on, and any capital gains or losses realised on the sale or redemption of, such Securities (irrespective of their classification) in their income statement and will be taxed on any net taxable earnings for the respective taxation period.

The same taxation treatment also applies to Swiss-resident individuals who are classified by the tax authorities as "professional securities dealers" for reasons of, inter alia, frequent dealing and leveraged investments in securities.

Capital Gains Taxation

Securities held as Private Assets by a Swiss Resident Holder

A gain or a loss realised by an individual resident in Switzerland upon the sale or other disposal of a Security held as part of his or her private assets, is a tax-free private capital gain or a non-tax deductible capital loss, respectively, unless such individual is classified by the tax authorities as a "professional securities dealer" for reasons of, inter alia, frequent dealing and leveraged investments in securities. If an individual is classified as "professional securities dealer" he or she will be taxed in accordance with the principles set forth above under "Securities held as Assets of a Swiss Business". Concerning the separation into a tax-exempt capital gains or non-tax deductible capital loss component, as applicable, and a taxable income component of a security, see the breakdown principles set forth above with regard to the different instruments under "Income Taxation – Securities held as Private Assets by a Swiss Resident Holder".

Securities held as Assets of a Swiss Business

Capital gains realised on Securities held as assets of a Swiss business are taxed in accordance with the taxation principles set forth above under "Income Taxation – Securities held as Swiss Business Assets".

Withholding Tax

The Swiss Withholding Tax is in principle levied on income (such as, but not limited to, interest, pensions, profit distributions etc.) from, amongst others, bonds and other similar negotiable debt instruments issued by a Swiss tax resident ("Inländer"), distributions from Swiss tax resident corporations, interest on deposits with Swiss banks as well as distributions of or in connection with Swiss tax resident collective investment schemes. For Swiss Withholding Tax purposes, an individual or corporation qualifies as a Swiss tax resident ("Inländer") being subject to withholding taxation if it (i) is resident in Switzerland, (ii) has its permanent abode in Switzerland, (iii) is a company incorporated under Swiss law having its statutory seat in Switzerland, (iv) is a company incorporated under foreign law but with a registered office in Switzerland, or (v) is a company incorporated under foreign law but is managed and conducts business activities in Switzerland. Hence, as long as the Securities are not issued by an issuer qualifying as a Swiss tax resident for the purposes of the Swiss Withholding Tax, income derived from the Securities is in principle not subject to Swiss Withholding Tax.

Transfer and Issue Stamp Tax

Swiss Stamp Tax is, amongst other, either levied as Swiss Transfer Stamp Tax or as Swiss Issuance Stamp Tax.

Dealings in Securities which classify as pure derivative financial instruments (such as pure call and put options, including low exercise price options (LEPOs) with a maturity not exceeding twelve months, pure futures with a maximal pre-financing of 25 per cent., static certificates replicating an index or a basket of at

least five shares and with a fixed maturity or an annual redemption right) are not subject to the Swiss Transfer Stamp Tax.

Dealings in Securities which have been issued by an issuer outside of Switzerland and which classify as structured products, share-like instruments (including low exercise price options on shares with a maturity exceeding twelve months) or fund-like instruments are subject to Swiss Transfer Stamp Tax of 0.3 per cent. on the consideration paid, however, only if a Swiss securities dealer (as defined in the Swiss federal stamp tax act) is a party or intermediary to the transaction and no exemption applies.

Dealings in bonds and structured products with a maturity not exceeding one year are exempt from Swiss Transfer Stamp Tax.

The delivery of an underlying taxable security at exercise or redemption to the holder of the Security is subject to the Swiss Transfer Stamp Tax of 0.3 per cent. in case a security issued by an issuer outside Switzerland is delivered, and of 0.15 per cent. in case a security issued by a domestic issuer is delivered, however, in each case, only if a Swiss domestic securities dealer (as defined in the Swiss Federal Stamp Tax Act) is a party or intermediary to the transaction and no exemption applies.

Swiss Issuance Stamp Tax is levied on the issuance of Swiss shares and similar participation rights by Swiss resident. Hence, the issuance of Securities is not subject to the Swiss Issuance Stamp Tax.

Measures equivalent to the EU Savings Directive

Switzerland has introduced a tax retention (withholding tax) of 35% pursuant to the agreement between the European Community and the Swiss Confederation providing for measures equivalent to those laid down in the Council Directive 2003/48/EC on taxation of savings income in the form of interest payments effective as of 1 July 2005 on interest payments or similar income paid by a Swiss paying agent to an individual resident in an EU Member State, unless the interest payments are made as debt-claims issued by debtors who are residents of Switzerland or pertaining to permanent establishments in Switzerland of non-residents.

The beneficial owner may avoid the retention by expressly authorizing the paying agent in Switzerland to report the interest payments. If the paying agent receives such an authorisation, he reports the interest payment to the Swiss Federal Tax Administration which in turn communicates the information to the competent authority of the EU Member State of residence of the beneficial owner.

Bilateral agreements (Quellensteuerabkommen)

Switzerland has signed agreements on a final withholding tax (Quellensteuerabkommen) with the United Kingdom and with Austria. Furthermore, it is possible that Switzerland will sign similar agreements with other countries in the near future. According to these agreements, qualifying Swiss paying agents levy a final withholding tax on any investment income if the Securities are held in custody account with a qualifying Swiss paying agent and if the custody account is directly or indirectly owned by an individual resident in the other contracting state (e.g. Austria). The applicable final withholding tax rate may vary depending on the applicable tax rate in the other contracting state and the type of realised investment income (dividend, interest, capital gain, etc.). Furthermore, the calculation of the income subject to a final withholding tax may vary depending on the applicable agreement. A person subject to a final withholding tax ("Relevant Person") may avoid such final withholding tax by expressly allowing the qualifying Swiss paying agent to report to the foreign tax authorities in the state of residence of the Relevant Person, amongst others, the identity of the Relevant Person and the amount the realised investment income in a certain period.

ERISA CONSIDERATIONS

Each purchaser or holder of a Security shall be deemed to have represented by such purchase and/or holding that it is not a benefit plan investor, is not using the assets of a benefit plan investor to acquire the Securities, and shall not at any time hold such Securities for or on behalf of a benefit plan investor. For the purposes hereof, "benefit plan investor" means (a) an employee benefit plan (as defined in Section 3(3) of the U.S. Employee Retirement Income Security Act of 1974, as amended, (ERISA)), that is subject to Title I of ERISA (b) a plan described in Section 4975(e)(1) of the U.S. Internal Revenue Code of 1986, as amended, or (c) any entity whose underlying assets include plan assets by reason of a plan's investment in the entity under U.S. Department of Labor Regulations § 2510.3-101 (29 C.F.R. § 2510.3-101), as amended by Section 3(42) of ERISA.

SUBSCRIPTION AND SALE

This section sets out a summary of certain restrictions regarding who can purchase the Securities in certain jurisdictions.

The Dealers have, in an amended and restated programme agreement dated 11 May 2016 (the **Programme Agreement**), agreed with the relevant Issuer a basis upon which they or any of them may from time to time agree to purchase Securities. Any such agreement will extend to those matters stated under "*Form of the Securities*" and "*Terms and Conditions of the Securities*". In the Programme Agreement, the relevant Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Securities under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith. For the avoidance of doubt, references to the Securities include both the Securities and the Guarantee, where applicable.

United States Transfer Restrictions

As a result of the following restrictions, purchasers of Securities that are located in the United States or that are U.S. persons are advised to consult legal counsel prior to making any purchase, offer, sale, resale or other transfer of such Securities.

Each purchaser of Registered Securities or person wishing to transfer an interest from one Registered Global Security to another or from global to definitive form or *vice versa*, will be required to acknowledge, represent and agree as follows (terms used in this paragraph shall have the meaning assigned to them in Rule 144A, Regulation S or Section 3(c)(7) and the rules and regulations thereunder, as applicable):

- (i) that it has received a copy of this Base Prospectus and any applicable supplement to this Base Prospectus relating to the Securities, has carefully read this Base Prospectus and any applicable supplement to this Base Prospectus and understands the risks relating to its purchase of the Securities. The purchaser has such knowledge and experience in business and financial matters as to be capable of evaluating the merits and risks of an investment in the Securities. The purchaser understands that its investment in the Securities is speculative and involves a high degree of risk, including the possible loss of the purchaser's entire investment, and the purchaser is financially able to bear such loss;
- (ii) that either (a) it is a QIB, purchasing (or holding) the Securities for its own account or for the account of one or more QIBs and it is aware that any sale to it is being made in reliance on Rule 144A and, in the case of Securities issued by Crédit Agricole CIB FG or Crédit Agricole CIB FS, it is also a QP purchasing (or holding) the Securities for its own account or for the account of one or more QPs, (b) it is an IAI that, in the case of Securities issued by Crédit Agricole CIB FG or Crédit Agricole CIB FS, is also a QP, who has delivered a duly executed Investment Letter to the Registrar or (c) it is located outside the United States and is not a U.S. person;
- (iii) that the Issuers have not been and will not be registered under the Investment Company Act, and the Securities and the Guarantee are being offered and sold in a transaction not involving a public offering in the United States within the meaning of the Securities Act, that the Securities have not been and will not be registered under the Securities Act or any other applicable U.S. State securities laws and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except as set forth below and, in the case of Securities issued by Crédit Agricole CIB FG or Crédit Agricole CIB FS, neither Crédit Agricole CIB FG nor Crédit Agricole CIB FS have registered, or will register, as an "investment company" under the Investment Company Act, and any transfers of such Securities will only be made in compliance with Section 3(c)(7) thereof;

- (iv) that, in cases where it holds an interest in a Security in reliance on Rule 144A, if in the future it decides to resell, pledge or otherwise transfer (x) any Securities issued by Crédit Agricole CIB or any beneficial interests in such Securities, it will do so, prior to the date which is one year after the later of the last Issue Date for the Series, the last date on which the relevant Issuer or an affiliate of the relevant Issuer was the owner of such Securities, and (y) any Securities issued by Crédit Agricole CIB FG or Crédit Agricole CIB FS at any time, only (a) to the relevant Issuer or any affiliate thereof, (b) inside the United States to a person whom the seller reasonably believes is a QIB purchasing for its own account or for the account of a QIB in a transaction meeting the requirements of Rule 144A and, in the case of Securities issued by Crédit Agricole CIB FG or Crédit Agricole CIB FS, to a person who is also a QP at the time it purchases the Securities, or is purchasing for the account of another QP, (c) if permitted by the terms of the Securities as set out in the applicable Terms and Conditions or Final Terms and the applicable legend, to an IAI that, in the case of Securities issued by Crédit Agricole CIB FG or Crédit Agricole CIB FS, is also a QP, who, prior to such transfer, furnishes to the Registrar a duly executed Investment Letter, (d) outside the United States in compliance with Rule 903 or Rule 904 under the Securities Act, (e) pursuant to the exemption from registration provided by Rule 144 under the Securities Act (if available), and in the case of Securities issued by Crédit Agricole CIB FG or Crédit Agricole CIB FS, to a person who is a QP at the time it purchases any Securities or (f) pursuant to an effective registration statement under the Securities Act, in each case in accordance with all applicable U.S. State securities laws;
- (v) that, in the case of Securities issued by Crédit Agricole CIB FG or Crédit Agricole CIB FS, (a) it is not a participant-directed employee plan; (b) that it was not formed for the purpose of investing in the relevant Issuer unless each of its beneficial owners is a QIB and a QP, (c) it understands that the relevant Issuer may receive a list of participants holding positions in its securities from DTC, Euroclear or Clearstream, Luxembourg, as the case may be, (d) if it is an investment company exempted from the Investment Company Act under Section 3(c)(7) thereof and formed before 30 April 1996, it has received consent from its beneficial owners with respect to the treatment of such entity as a "qualified purchaser" in the manner required by Section 2(a)(51)(C) of the Investment Company Act and the rules and regulations thereunder and (e) it will not have invested more than 40 per cent. of its assets in securities of the relevant Issuer subsequent to any purchase of Securities of the relevant Issuer. Any sales or transfers of Securities in violation of the foregoing and of paragraph (iii) above shall be prohibited and treated by the relevant Issuer or, as the case may be, the Registrar as void *ab initio* and will not be honoured by the relevant Issuer and the relevant Issuer shall have the right at any time, at the expense and risk of the holder of the Securities held by or on behalf of a U.S. person who is not a qualified purchaser at the time it purchases such Securities, (i) to redeem such Securities, in whole or in part, to permit such Issuer to avoid registration under the Investment Company Act or (ii) to require such holder to sell such Securities to a QIB (or an IAI, where transfers to IAIs are permitted pursuant to the Terms and Conditions or Final Terms applying to such Securities) who is also a QP in accordance with Rule 144A or to a non-U.S. person outside the United States in accordance with Regulation S.
- (vi) it will, and will require each subsequent holder to, notify any purchaser of the Securities from it of the resale restrictions referred to in paragraph (iii) above and include as part of such transaction any legends or other disclosure required by such restrictions, if then applicable;
- (vii) that Securities initially offered in the United States to QIBs will be represented by one or more Rule 144A Global Securities, that Securities offered to IAIs will only be in the form of Definitive Registered Securities and that Securities offered outside the United States in reliance on Regulation S will be represented by one or more Regulation S Global Securities;

- (viii) that the Rule 144A Global Securities representing Securities issued by Crédit Agricole CIB will bear a legend to the following effect unless otherwise agreed to by the relevant Issuer:

"THIS SECURITY HAS NOT BEEN REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**"), OR ANY OTHER APPLICABLE U.S. STATE SECURITIES LAWS AND, ACCORDINGLY, THIS SECURITY AND ANY INTEREST THEREIN MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS EXCEPT AS SET FORTH IN THE FOLLOWING SENTENCE. BY ITS ACQUISITION HEREOF, THE HOLDER (A) REPRESENTS THAT IT IS A "**QUALIFIED INSTITUTIONAL BUYER**" (AS DEFINED IN RULE 144A UNDER THE SECURITIES ACT) PURCHASING THE SECURITIES FOR ITS OWN ACCOUNT OR FOR THE ACCOUNT OF ONE OR MORE QUALIFIED INSTITUTIONAL BUYERS; (B) AGREES THAT IT WILL NOT RESELL OR OTHERWISE TRANSFER THE SECURITIES EXCEPT IN ACCORDANCE WITH THE AGENCY AGREEMENT AND, PRIOR TO THE DATE WHICH IS ONE YEAR AFTER THE LATER OF THE LAST ISSUE DATE FOR THE SERIES AND THE LAST DATE ON WHICH THE ISSUER OR AN AFFILIATE OF THE ISSUER WAS THE OWNER OF SUCH SECURITIES OTHER THAN (1) TO THE ISSUER OR ANY AFFILIATE THEREOF, (2) INSIDE THE UNITED STATES TO A PERSON WHOM THE SELLER REASONABLY BELIEVES IS A QUALIFIED INSTITUTIONAL BUYER WITHIN THE MEANING OF RULE 144A UNDER THE SECURITIES ACT PURCHASING FOR ITS OWN ACCOUNT OR FOR THE ACCOUNT OF A QUALIFIED INSTITUTIONAL BUYER IN A TRANSACTION MEETING THE REQUIREMENTS OF RULE 144A, (3) OUTSIDE THE UNITED STATES IN COMPLIANCE WITH RULE 903 OR RULE 904 UNDER THE SECURITIES ACT, (4) PURSUANT TO THE EXEMPTION FROM REGISTRATION PROVIDED BY RULE 144 UNDER THE SECURITIES ACT (IF AVAILABLE) OR (5) PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER THE SECURITIES ACT, IN EACH CASE IN ACCORDANCE WITH ALL APPLICABLE SECURITIES LAWS OF THE STATES OF THE UNITED STATES AND ANY OTHER JURISDICTION; AND (C) AGREES THAT IT WILL DELIVER TO EACH PERSON TO WHOM THIS SECURITY IS TRANSFERRED A NOTICE SUBSTANTIALLY TO THE EFFECT OF THIS LEGEND.

THIS SECURITY MAY NOT BE OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED TO AN EMPLOYEE BENEFIT PLAN WITHIN THE MEANING OF SECTION 3(3) OF THE UNITED STATES EMPLOYEE RETIREMENT INCOME SECURITY ACT OF 1974, AS AMENDED ("**ERISA**"), SUBJECT TO THE PROVISIONS OF PART 4 OF SUBTITLE B OF TITLE I OF ERISA, A PLAN TO WHICH SECTION 4975 OF THE UNITED STATES INTERNAL REVENUE CODE OF 1986, AS AMENDED (THE "**CODE**"), APPLIES, AN ENTITY WHOSE UNDERLYING ASSETS INCLUDE "PLAN ASSETS" BY REASON OF SUCH AN EMPLOYEE BENEFIT PLAN'S OR PLAN'S INVESTMENT IN SUCH ENTITY, OR ANY GOVERNMENTAL, CHURCH OR NON U.S. PLAN (A "**SIMILAR LAW PLAN**") WHICH IS SUBJECT TO FEDERAL, STATE, LOCAL, NON U.S. OR OTHER LAWS OR REGULATIONS THAT ARE SUBSTANTIALLY SIMILAR TO THE PROHIBITED TRANSACTION PROVISIONS OF SECTION 406 OF ERISA AND/OR SECTION 4975 OF THE CODE ("**SIMILAR LAWS**").

EACH HOLDER AND BENEFICIAL OWNER OF A SECURITY THAT IS NOT A "**UNITED STATES PERSON**" (AS DEFINED IN SECTION 7701(A)(30) OF THE CODE) WILL MAKE, OR BY ACQUIRING SUCH SECURITY OR AN INTEREST THEREIN WILL BE DEEMED TO MAKE, A REPRESENTATION TO THE EFFECT THAT EITHER (I) IT IS NOT A BANK EXTENDING CREDIT PURSUANT TO A LOAN AGREEMENT ENTERED INTO IN THE ORDINARY COURSE OF ITS TRADE OR BUSINESS (WITHIN THE MEANING OF SECTION

881(C)(3)(A) OF THE CODE), OR (II) IT IS A PERSON THAT IS ELIGIBLE FOR BENEFITS UNDER AN INCOME TAX TREATY WITH THE UNITED STATES THAT ELIMINATES U.S. FEDERAL INCOME TAXATION OF U.S. SOURCE INTEREST NOT ATTRIBUTABLE TO A PERMANENT ESTABLISHMENT IN THE UNITED STATES, AND (III) IT IS NOT PURCHASING THE SECURITY IN ORDER TO REDUCE ITS U.S. FEDERAL INCOME TAX LIABILITY OR PURSUANT TO A TAX AVOIDANCE PLAN WITH RESPECT TO U.S. FEDERAL INCOME TAXES.

THE FAILURE TO PROVIDE THE ISSUER AND ANY PAYING AGENT WITH THE APPLICABLE U.S. FEDERAL INCOME TAX CERTIFICATIONS (GENERALLY, A U.S. INTERNAL REVENUE SERVICE FORM W-9 (OR SUCCESSOR APPLICABLE FORM) IN THE CASE OF A PERSON THAT IS A "UNITED STATES PERSON" WITHIN THE MEANING OF SECTION 7701(A)(30) OF THE CODE OR AN APPLICABLE U.S. INTERNAL REVENUE SERVICE FORM W-8 (OR SUCCESSOR APPLICABLE FORM) IN THE CASE OF A PERSON THAT IS NOT A "UNITED STATES PERSON" WITHIN THE MEANING OF SECTION 7701(A)(30) OF THE CODE) MAY RESULT IN U.S. FEDERAL BACK-UP WITHHOLDING FROM PAYMENTS TO THE HOLDER IN RESPECT OF THIS SECURITY.

THIS SECURITY AND RELATED DOCUMENTATION (INCLUDING, WITHOUT LIMITATION, THE AGENCY AGREEMENT REFERRED TO HEREIN) MAY BE AMENDED OR SUPPLEMENTED FROM TIME TO TIME, WITHOUT THE CONSENT OF, BUT UPON NOTICE TO, THE HOLDERS OF SUCH SECURITIES SENT TO THEIR REGISTERED ADDRESSES, TO MODIFY THE RESTRICTIONS ON AND PROCEDURES FOR REALES AND OTHER TRANSFERS OF THIS SECURITY TO REFLECT ANY CHANGE IN APPLICABLE LAW OR REGULATION (OR THE INTERPRETATION THEREOF) OR IN PRACTICES RELATING TO REALES OR OTHER TRANSFERS OF RESTRICTED SECURITIES GENERALLY. THE HOLDER OF THIS SECURITY SHALL BE DEEMED, BY ITS ACCEPTANCE OR PURCHASE HEREOF, TO HAVE AGREED TO ANY SUCH AMENDMENT OR SUPPLEMENT (EACH OF WHICH SHALL BE CONCLUSIVE AND BINDING ON THE HOLDER HEREOF AND ALL FUTURE HOLDERS OF THIS SECURITY AND ANY SECURITIES ISSUED IN EXCHANGE OR SUBSTITUTION THEREFOR, WHETHER OR NOT ANY NOTATION THEREOF IS MADE HEREON). FOR THE AVOIDANCE OF DOUBT, REFERENCES TO THE SECURITY HEREIN INCLUDE BOTH THE SECURITIES AND THE GUARANTEE ON THE SECURITIES.

UNLESS THIS GLOBAL SECURITY IS PRESENTED BY AN AUTHORISED REPRESENTATIVE OF THE DEPOSITORY TRUST COMPANY, A NEW YORK CORPORATION, (DTC), TO THE ISSUER OR ITS AGENT FOR REGISTRATION OF TRANSFER, EXCHANGE OR PAYMENT, AND ANY REGISTERED SECURITY ISSUED IN EXCHANGE FOR THIS GLOBAL SECURITY OR ANY PORTION HEREOF IS REGISTERED IN THE NAME OF CEDE & CO. OR IN SUCH OTHER NAME AS IS REQUIRED BY AN AUTHORISED REPRESENTATIVE OF DTC (AND ANY PAYMENT IS MADE TO CEDE & CO. OR TO SUCH OTHER ENTITY AS IS REQUESTED BY AN AUTHORISED REPRESENTATIVE OF DTC), ANY TRANSFER, PLEDGE, OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON OTHER THAN DTC OR A NOMINEE THEREOF IS WRONGFUL IN AS MUCH AS THE REGISTERED OWNER HEREOF, CEDE & CO., HAS AN INTEREST HEREIN.

THIS GLOBAL SECURITY MAY NOT BE EXCHANGED, IN WHOLE OR IN PART, FOR A SECURITY REGISTERED IN THE NAME OF ANY PERSON OTHER THAN THE DEPOSITORY TRUST COMPANY OR A NOMINEE THEREOF EXCEPT IN THE LIMITED CIRCUMSTANCES SET FORTH IN THIS GLOBAL SECURITY, AND MAY NOT BE TRANSFERRED, IN WHOLE

OR IN PART, EXCEPT IN ACCORDANCE WITH THE RESTRICTIONS SET FORTH IN THIS LEGEND. BENEFICIAL INTERESTS IN THIS GLOBAL SECURITY MAY NOT BE TRANSFERRED EXCEPT IN ACCORDANCE WITH THIS LEGEND.";

- (ix) that the Definitive Registered Securities representing Securities issued by Crédit Agricole CIB will bear a legend to the following effect unless otherwise agreed to by the relevant Issuer:

"THIS SECURITY HAS NOT BEEN REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**"), OR ANY OTHER APPLICABLE U.S. STATE SECURITIES LAWS AND, ACCORDINGLY, THIS SECURITY AND ANY INTEREST THEREIN MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS EXCEPT AS SET FORTH IN THE FOLLOWING SENTENCE. BY ITS ACQUISITION HEREOF, THE HOLDER (A) REPRESENTS THAT IT IS A "**QUALIFIED INSTITUTIONAL BUYER**" (AS DEFINED IN RULE 144A UNDER THE SECURITIES ACT) PURCHASING THE SECURITIES FOR ITS OWN ACCOUNT OR FOR THE ACCOUNT OF ONE OR MORE QUALIFIED INSTITUTIONAL BUYERS OR AN "**INSTITUTIONAL ACCREDITED INVESTOR**" (AS DEFINED IN RULE 501(a)(1), (2), (3) OR (7) UNDER THE SECURITIES ACT); (B) AGREES THAT IT WILL NOT RESELL OR OTHERWISE TRANSFER THE SECURITIES EXCEPT IN ACCORDANCE WITH THE AGENCY AGREEMENT AND, PRIOR TO THE DATE WHICH IS ONE YEAR AFTER THE LATER OF THE LAST ISSUE DATE FOR THE SERIES AND THE LAST DATE ON WHICH THE ISSUER OR AN AFFILIATE OF THE ISSUER WAS THE OWNER OF SUCH SECURITIES OTHER THAN (1) TO THE ISSUER OR ANY AFFILIATE THEREOF, (2) INSIDE THE UNITED STATES TO A PERSON WHOM THE SELLER REASONABLY BELIEVES IS A QUALIFIED INSTITUTIONAL BUYER WITHIN THE MEANING OF RULE 144A UNDER THE SECURITIES ACT PURCHASING FOR ITS OWN ACCOUNT OR FOR THE ACCOUNT OF A QUALIFIED INSTITUTIONAL BUYER AND THAT, PRIOR TO SUCH TRANSFER, FURNISHES TO THE REGISTRAR A DULY EXECUTED INVESTMENT LETTER IN A TRANSACTION MEETING THE REQUIREMENTS OF RULE 144A, (3) TO AN INSTITUTIONAL ACCREDITED INVESTOR THAT, PRIOR TO SUCH TRANSFER, FURNISHES TO THE REGISTRAR A DULY EXECUTED INVESTMENT LETTER, (4) OUTSIDE THE UNITED STATES IN COMPLIANCE WITH RULE 903 OR RULE 904 UNDER THE SECURITIES ACT, (5) PURSUANT TO THE EXEMPTION FROM REGISTRATION PROVIDED BY RULE 144 UNDER THE SECURITIES ACT (IF AVAILABLE) OR (6) PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER THE SECURITIES ACT, IN EACH CASE IN ACCORDANCE WITH ALL APPLICABLE SECURITIES LAWS OF THE STATES OF THE UNITED STATES AND ANY OTHER JURISDICTION; AND (C) AGREES THAT IT WILL DELIVER TO EACH PERSON TO WHOM THIS SECURITY IS TRANSFERRED A NOTICE SUBSTANTIALLY TO THE EFFECT OF THIS LEGEND.

THIS SECURITY AND RELATED DOCUMENTATION (INCLUDING, WITHOUT LIMITATION, THE AGENCY AGREEMENT REFERRED TO HEREIN) MAY BE AMENDED OR SUPPLEMENTED FROM TIME TO TIME, WITHOUT THE CONSENT OF, BUT UPON NOTICE TO, THE HOLDERS OF SUCH SECURITIES SENT TO THEIR REGISTERED ADDRESSES, TO MODIFY THE RESTRICTIONS ON AND PROCEDURES FOR REALES AND OTHER TRANSFERS OF THIS SECURITY TO REFLECT ANY CHANGE IN APPLICABLE LAW OR REGULATION (OR THE INTERPRETATION THEREOF) OR IN PRACTICES RELATING TO REALES OR OTHER TRANSFERS OF RESTRICTED SECURITIES GENERALLY. THE HOLDER OF THIS SECURITY SHALL BE DEEMED, BY ITS ACCEPTANCE OR PURCHASE HEREOF, TO HAVE AGREED TO ANY SUCH AMENDMENT OR SUPPLEMENT (EACH OF WHICH SHALL BE CONCLUSIVE AND BINDING ON THE HOLDER HEREOF AND ALL

FUTURE HOLDERS OF THIS SECURITY AND ANY SECURITIES ISSUED IN EXCHANGE OR SUBSTITUTION THEREFOR, WHETHER OR NOT ANY NOTATION THEREOF IS MADE HEREON). FOR THE AVOIDANCE OF DOUBT, REFERENCES TO THE SECURITY HEREIN INCLUDE BOTH THE SECURITIES AND THE GUARANTEE ON THE SECURITIES.

THE FAILURE TO PROVIDE THE ISSUER AND ANY PAYING AGENT WITH THE APPLICABLE U.S. FEDERAL INCOME TAX CERTIFICATIONS (GENERALLY, A U.S. INTERNAL REVENUE SERVICE FORM W-9 (OR SUCCESSOR APPLICABLE FORM) IN THE CASE OF A PERSON THAT IS A "UNITED STATES PERSON" WITHIN THE MEANING OF SECTION 7701(A)(30) OF THE CODE OR AN APPLICABLE U.S. INTERNAL REVENUE SERVICE FORM W-8 (OR SUCCESSOR APPLICABLE FORM) IN THE CASE OF A PERSON THAT IS NOT A "UNITED STATES PERSON" WITHIN THE MEANING OF SECTION 7701(A)(30) OF THE CODE) MAY RESULT IN U.S. FEDERAL BACK-UP WITHHOLDING FROM PAYMENTS TO THE HOLDER IN RESPECT OF THIS SECURITY. "

- (x) that the Rule 144A Global Securities representing Securities issued by Crédit Agricole CIB FG or Crédit Agricole CIB FS will bear a legend to the following effect unless otherwise agreed by the relevant Issuer:

"THIS SECURITY HAS NOT BEEN REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**"), OR ANY OTHER APPLICABLE U.S. STATE SECURITIES LAWS AND THE ISSUER HAS NOT REGISTERED, AND WILL NOT REGISTER, AS AN "INVESTMENT COMPANY" UNDER THE U.S. INVESTMENT COMPANY ACT OF 1940, AS AMENDED (THE "**INVESTMENT COMPANY ACT**"). ACCORDINGLY, THIS SECURITY AND ANY INTEREST THEREIN MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS EXCEPT AS SET FORTH IN THE FOLLOWING SENTENCE. BY ITS ACQUISITION HEREOF, THE HOLDER (A) REPRESENTS THAT (1) IT IS A "**QUALIFIED INSTITUTIONAL BUYER**" (AS DEFINED IN RULE 144A UNDER THE SECURITIES ACT) AND A "**QUALIFIED PURCHASER**" (AS DEFINED IN SECTION 2(a)(51) OF THE INVESTMENT COMPANY ACT AND THE RULES THEREUNDER) PURCHASING THE SECURITIES FOR ITS OWN ACCOUNT OR FOR THE ACCOUNT OF ONE OR MORE QUALIFIED INSTITUTIONAL BUYERS WHO ARE ALSO QUALIFIED PURCHASERS; (2) IT IS NOT A PARTICIPANT-DIRECTED EMPLOYEE PLAN; (3) IT WAS NOT FORMED FOR THE PURPOSE OF INVESTING IN THE ISSUER UNLESS EACH OF ITS BENEFICIAL OWNERS IS A QIB AND A QP; (4) IF IT IS AN INVESTMENT COMPANY EXEMPTED FROM THE INVESTMENT COMPANY ACT UNDER SECTION 3(c)(7) THEREOF AND FORMED BEFORE 30 APRIL 1996, IT HAS RECEIVED CONSENT FROM ITS BENEFICIAL OWNERS WITH RESPECT TO THE TREATMENT OF SUCH ENTITY AS A "QUALIFIED PURCHASER" IN THE MANNER REQUIRED BY SECTION 2(a)(51)(C) OF THE INVESTMENT COMPANY ACT AND THE RULES AND REGULATIONS THEREUNDER (B) AGREES THAT IT WILL NOT RESELL OR OTHERWISE TRANSFER THE SECURITIES EXCEPT IN ACCORDANCE WITH THE AGENCY AGREEMENT AND OTHER THAN (1) TO THE ISSUER OR ANY AFFILIATE THEREOF, (2) INSIDE THE UNITED STATES TO A PERSON WHOM THE SELLER REASONABLY BELIEVES IS A QUALIFIED INSTITUTIONAL BUYER WITHIN THE MEANING OF RULE 144A UNDER THE SECURITIES ACT THAT IS ALSO A QUALIFIED PURCHASER PURCHASING FOR ITS OWN ACCOUNT OR FOR THE ACCOUNT OF A QUALIFIED INSTITUTIONAL BUYER THAT IS ALSO A QUALIFIED PURCHASER IN A TRANSACTION MEETING THE REQUIREMENTS OF RULE 144A, (3) OUTSIDE THE UNITED STATES IN COMPLIANCE WITH RULE 903 OR RULE 904 UNDER THE SECURITIES ACT OR (4) PURSUANT TO THE EXEMPTION FROM

REGISTRATION PROVIDED BY RULE 144 UNDER THE SECURITIES ACT (IF AVAILABLE) TO A PERSON WHO IS A QUALIFIED PURCHASER, IN EACH CASE IN ACCORDANCE WITH ALL APPLICABLE SECURITIES LAWS OF THE STATES OF THE UNITED STATES AND ANY OTHER JURISDICTION; (C) UNDERSTANDS THAT THE ISSUER MAY RECEIVE A LIST OF PARTICIPANTS HOLDING POSITIONS IN ITS SECURITIES FROM DTC, EUROCLEAR OR CLEARSTREAM, LUXEMBOURG AND (D) AGREES THAT IT WILL DELIVER TO EACH PERSON TO WHOM THIS SECURITY IS TRANSFERRED A NOTICE SUBSTANTIALLY TO THE EFFECT OF THIS LEGEND. THE HOLDER FURTHER REPRESENTS AND AGREES THAT ANY SALES OR TRANSFERS OF SECURITIES IN VIOLATION OF THIS LEGEND SHALL BE PROHIBITED AND TREATED BY THE RELEVANT ISSUER OR, AS THE CASE MAY BE, THE REGISTRAR AS VOID AB INITIO AND WILL NOT BE HONORED BY THE RELEVANT ISSUER AND THE RELEVANT ISSUER SHALL HAVE THE RIGHT AT ANY TIME, AT THE EXPENSE AND RISK OF THE HOLDER OF THE SECURITIES HELD BY OR ON BEHALF OF A U.S. PERSON WHO IS NOT A QUALIFIED PURCHASER AT THE TIME IT PURCHASES SUCH SECURITIES, (I) TO REDEEM SUCH SECURITIES, IN WHOLE OR IN PART, TO PERMIT SUCH ISSUER TO AVOID REGISTRATION UNDER THE INVESTMENT COMPANY ACT OR (II) TO REQUIRE SUCH HOLDER TO SELL SUCH SECURITIES TO A QUALIFIED PURCHASER OR TO A NON-U.S. PERSON OUTSIDE THE UNITED STATES. FOR THE AVOIDANCE OF DOUBT, REFERENCES TO THE SECURITIES AND THE SECURITY HEREIN INCLUDE THE GUARANTEE ON THE SECURITIES.

THIS SECURITY MAY NOT BE OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED TO AN EMPLOYEE BENEFIT PLAN WITHIN THE MEANING OF SECTION 3(3) OF THE UNITED STATES EMPLOYEE RETIREMENT INCOME SECURITY ACT OF 1974, AS AMENDED ("**ERISA**"), SUBJECT TO THE PROVISIONS OF PART 4 OF SUBTITLE B OF TITLE I OF ERISA, A PLAN TO WHICH SECTION 4975 OF THE UNITED STATES INTERNAL REVENUE CODE OF 1986, AS AMENDED (THE "**CODE**"), APPLIES, AN ENTITY WHOSE UNDERLYING ASSETS INCLUDE "PLAN ASSETS" BY REASON OF SUCH AN EMPLOYEE BENEFIT PLAN'S OR PLAN'S INVESTMENT IN SUCH ENTITY, OR ANY GOVERNMENTAL, CHURCH OR NON U.S. PLAN (A "**SIMILAR LAW PLAN**") WHICH IS SUBJECT TO FEDERAL, STATE, LOCAL, NON U.S. OR OTHER LAWS OR REGULATIONS THAT ARE SUBSTANTIALLY SIMILAR TO THE PROHIBITED TRANSACTION PROVISIONS OF SECTION 406 OF ERISA AND/OR SECTION 4975 OF THE CODE ("**SIMILAR LAWS**").

EACH HOLDER AND BENEFICIAL OWNER OF A SECURITY THAT IS NOT A "**UNITED STATES PERSON**" (AS DEFINED IN SECTION 7701(A)(30) OF THE CODE) WILL MAKE, OR BY ACQUIRING SUCH SECURITY OR AN INTEREST THEREIN WILL BE DEEMED TO MAKE, A REPRESENTATION TO THE EFFECT THAT EITHER (I) IT IS NOT A BANK EXTENDING CREDIT PURSUANT TO A LOAN AGREEMENT ENTERED INTO IN THE ORDINARY COURSE OF ITS TRADE OR BUSINESS (WITHIN THE MEANING OF SECTION 881(C)(3)(A) OF THE CODE), OR (II) IT IS A PERSON THAT IS ELIGIBLE FOR BENEFITS UNDER AN INCOME TAX TREATY WITH THE UNITED STATES THAT ELIMINATES U.S. FEDERAL INCOME TAXATION OF U.S. SOURCE INTEREST NOT ATTRIBUTABLE TO A PERMANENT ESTABLISHMENT IN THE UNITED STATES, AND (III) IT IS NOT PURCHASING THE SECURITY IN ORDER TO REDUCE ITS U.S. FEDERAL INCOME TAX LIABILITY OR PURSUANT TO A TAX AVOIDANCE PLAN WITH RESPECT TO U.S. FEDERAL INCOME TAXES.

THE FAILURE TO PROVIDE THE ISSUER AND ANY PAYING AGENT WITH THE APPLICABLE U.S. FEDERAL INCOME TAX CERTIFICATIONS (GENERALLY, A U.S.

INTERNAL REVENUE SERVICE FORM W-9 (OR SUCCESSOR APPLICABLE FORM) IN THE CASE OF A PERSON THAT IS A "UNITED STATES PERSON" WITHIN THE MEANING OF SECTION 7701(A)(30) OF THE CODE OR AN APPLICABLE U.S. INTERNAL REVENUE SERVICE FORM W-8 (OR SUCCESSOR APPLICABLE FORM) IN THE CASE OF A PERSON THAT IS NOT A "UNITED STATES PERSON" WITHIN THE MEANING OF SECTION 7701(A)(30) OF THE CODE) MAY RESULT IN U.S. FEDERAL BACK-UP WITHHOLDING FROM PAYMENTS TO THE HOLDER IN RESPECT OF THIS SECURITY.

THIS SECURITY AND RELATED DOCUMENTATION (INCLUDING, WITHOUT LIMITATION, THE AGENCY AGREEMENT REFERRED TO HEREIN) MAY BE AMENDED OR SUPPLEMENTED FROM TIME TO TIME, WITHOUT THE CONSENT OF, BUT UPON NOTICE TO, THE HOLDERS OF SUCH SECURITIES SENT TO THEIR REGISTERED ADDRESSES, TO MODIFY THE RESTRICTIONS ON AND PROCEDURES FOR REALES AND OTHER TRANSFERS OF THIS SECURITY TO REFLECT ANY CHANGE IN APPLICABLE LAW OR REGULATION (OR THE INTERPRETATION THEREOF) OR IN PRACTICES RELATING TO REALES OR OTHER TRANSFERS OF RESTRICTED SECURITIES GENERALLY. THE HOLDER OF THIS SECURITY SHALL BE DEEMED, BY ITS ACCEPTANCE OR PURCHASE HEREOF, TO HAVE AGREED TO ANY SUCH AMENDMENT OR SUPPLEMENT (EACH OF WHICH SHALL BE CONCLUSIVE AND BINDING ON THE HOLDER HEREOF AND ALL FUTURE HOLDERS OF THIS SECURITY AND ANY SECURITIES ISSUED IN EXCHANGE OR SUBSTITUTION THEREFOR, WHETHER OR NOT ANY NOTATION THEREOF IS MADE HEREON).

UNLESS THIS GLOBAL SECURITY IS PRESENTED BY AN AUTHORISED REPRESENTATIVE OF THE DEPOSITORY TRUST COMPANY, A NEW YORK CORPORATION, ("DTC"), TO THE ISSUER OR ITS AGENT FOR REGISTRATION OF TRANSFER, EXCHANGE OR PAYMENT, AND ANY REGISTERED SECURITY ISSUED IN EXCHANGE FOR THIS GLOBAL SECURITY OR ANY PORTION HEREOF IS REGISTERED IN THE NAME OF CEDE & CO. OR IN SUCH OTHER NAME AS IS REQUIRED BY AN AUTHORISED REPRESENTATIVE OF DTC (AND ANY PAYMENT IS MADE TO CEDE & CO. OR TO SUCH OTHER ENTITY AS IS REQUESTED BY AN AUTHORISED REPRESENTATIVE OF DTC), ANY TRANSFER, PLEDGE, OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON OTHER THAN DTC OR A NOMINEE THEREOF IS WRONGFUL IN AS MUCH AS THE REGISTERED OWNER HEREOF, CEDE & CO., HAS AN INTEREST HEREIN.

THIS GLOBAL SECURITY MAY NOT BE EXCHANGED, IN WHOLE OR IN PART, FOR A SECURITY REGISTERED IN THE NAME OF ANY PERSON OTHER THAN THE DEPOSITORY TRUST COMPANY OR A NOMINEE THEREOF EXCEPT IN THE LIMITED CIRCUMSTANCES SET FORTH IN THIS GLOBAL SECURITY, AND MAY NOT BE TRANSFERRED, IN WHOLE OR IN PART, EXCEPT IN ACCORDANCE WITH THE RESTRICTIONS SET FORTH IN THIS LEGEND. BENEFICIAL INTERESTS IN THIS GLOBAL SECURITY MAY NOT BE TRANSFERRED EXCEPT IN ACCORDANCE WITH THIS LEGEND."

- (xi) that the Definitive Registered Securities representing Securities issued by Crédit Agricole CIB FG or Crédit Agricole CIB FS will bear a legend to the following effect unless otherwise agreed by the relevant Issuer:

"THIS SECURITY HAS NOT BEEN REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**"), OR ANY OTHER APPLICABLE U.S. STATE SECURITIES LAWS AND THE ISSUER HAS NOT REGISTERED, AND WILL NOT REGISTER, AS AN "INVESTMENT COMPANY" UNDER THE U.S. INVESTMENT COMPANY ACT OF

1940, AS AMENDED (THE "**INVESTMENT COMPANY ACT**"). ACCORDINGLY, THIS SECURITY AND ANY INTEREST THEREIN MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS EXCEPT AS SET FORTH IN THE FOLLOWING SENTENCE. BY ITS ACQUISITION HEREOF, THE HOLDER (A) REPRESENTS THAT (1) IT IS (Y) A "**QUALIFIED INSTITUTIONAL BUYER**" (AS DEFINED IN RULE 144A UNDER THE SECURITIES ACT) AND A "**QUALIFIED PURCHASER**" (AS DEFINED FOR THE PURPOSES OF SECTION 3(c)(7) OF THE INVESTMENT COMPANY ACT) PURCHASING THE SECURITIES FOR ITS OWN ACCOUNT OR FOR THE ACCOUNT OF ONE OR MORE QUALIFIED INSTITUTIONAL BUYERS WHO ARE ALSO QUALIFIED PURCHASERS OR (Z) OR AN "**INSTITUTIONAL ACCREDITED INVESTOR**" (AS DEFINED IN RULE 501(a)(1), (2), (3) OR (7) UNDER THE SECURITIES ACT AND A QUALIFIED PURCHASER; (2) IT IS NOT A PARTICIPANT-DIRECTED EMPLOYEE PLAN; (3) IT WAS NOT FORMED FOR THE PURPOSE OF INVESTING IN THE ISSUER UNLESS EACH OF ITS BENEFICIAL OWNERS IS A QIB AND A QP; (4) IF IT IS AN INVESTMENT COMPANY EXEMPTED FROM THE INVESTMENT COMPANY ACT UNDER SECTION 3(C)(7) THEREOF AND FORMED BEFORE 30 APRIL 1996, IT HAS RECEIVED CONSENT FROM ITS BENEFICIAL OWNERS WITH RESPECT TO THE TREATMENT OF SUCH ENTITY AS A "QUALIFIED PURCHASER" IN THE MANNER REQUIRED BY SECTION 2(a)(51)(C) OF THE INVESTMENT COMPANY ACT AND THE RULES AND REGULATIONS THEREUNDER (B) AGREES THAT IT WILL NOT RESELL OR OTHERWISE TRANSFER THE SECURITIES EXCEPT IN ACCORDANCE WITH THE AGENCY AGREEMENT AND OTHER THAN (1) TO THE ISSUER OR ANY AFFILIATE THEREOF, (2) INSIDE THE UNITED STATES TO A PERSON WHOM THE SELLER REASONABLY BELIEVES IS A QUALIFIED INSTITUTIONAL BUYER WITHIN THE MEANING OF RULE 144A UNDER THE SECURITIES ACT THAT IS ALSO A QUALIFIED PURCHASER PURCHASING FOR ITS OWN ACCOUNT OR FOR THE ACCOUNT OF A QUALIFIED INSTITUTIONAL BUYER THAT IS ALSO A QUALIFIED PURCHASER AND THAT, PRIOR TO SUCH TRANSFER, FURNISHES TO THE REGISTRAR A DULY EXECUTED INVESTMENT LETTER IN A TRANSACTION MEETING THE REQUIREMENTS OF RULE 144A, (3) TO AN INSTITUTIONAL ACCREDITED INVESTOR THAT IS ALSO A QUALIFIED PURCHASER AND THAT, PRIOR TO SUCH TRANSFER, FURNISHES TO THE REGISTRAR A DULY EXECUTED INVESTMENT LETTER, (4) OUTSIDE THE UNITED STATES IN COMPLIANCE WITH RULE 903 OR RULE 904 UNDER THE SECURITIES ACT OR (5) PURSUANT TO THE EXEMPTION FROM REGISTRATION PROVIDED BY RULE 144 UNDER THE SECURITIES ACT (IF AVAILABLE) TO A PERSON WHO IS A QUALIFIED PURCHASER, IN EACH CASE IN ACCORDANCE WITH ALL APPLICABLE SECURITIES LAWS OF THE STATES OF THE UNITED STATES AND ANY OTHER JURISDICTION; AND (C) AGREES THAT IT WILL DELIVER TO EACH PERSON TO WHOM THIS SECURITY IS TRANSFERRED A NOTICE SUBSTANTIALLY TO THE EFFECT OF THIS LEGEND. THE HOLDER FURTHER REPRESENTS AND AGREES THAT ANY SALES OR TRANSFERS OF SECURITIES IN VIOLATION OF THIS LEGEND SHALL BE PROHIBITED AND TREATED BY THE RELEVANT ISSUER OR, AS THE CASE MAY BE, THE REGISTRAR AS VOID AB INITIO AND WILL NOT BE HONORED BY THE RELEVANT ISSUER AND THE RELEVANT ISSUER SHALL HAVE THE RIGHT AT ANY TIME, AT THE EXPENSE AND RISK OF THE HOLDER OF THE SECURITIES HELD BY OR ON BEHALF OF A U.S. PERSON WHO IS NOT A QUALIFIED PURCHASER AT THE TIME IT PURCHASES SUCH SECURITIES, (I) TO REDEEM SUCH SECURITIES, IN WHOLE OR IN PART, TO PERMIT SUCH ISSUER TO AVOID REGISTRATION UNDER THE INVESTMENT COMPANY ACT OR (II) TO REQUIRE SUCH HOLDER TO SELL SUCH SECURITIES TO A QUALIFIED PURCHASER OR TO

A NON-U.S. PERSON OUTSIDE THE UNITED STATES. FOR THE AVOIDANCE OF DOUBT, REFERENCES TO THE SECURITIES AND THE SECURITY HEREIN INCLUDE THE GUARANTEE ON THE SECURITIES.

THE FAILURE TO PROVIDE THE ISSUER AND ANY PAYING AGENT WITH THE APPLICABLE U.S. FEDERAL INCOME TAX CERTIFICATIONS (GENERALLY, A U.S. INTERNAL REVENUE SERVICE FORM W 9 (OR SUCCESSOR APPLICABLE FORM) IN THE CASE OF A PERSON THAT IS A "UNITED STATES PERSON" WITHIN THE MEANING OF SECTION 7701(A)(30) OF THE CODE OR AN APPLICABLE U.S. INTERNAL REVENUE SERVICE FORM W 8 (OR SUCCESSOR APPLICABLE FORM) IN THE CASE OF A PERSON THAT IS NOT A "UNITED STATES PERSON" WITHIN THE MEANING OF SECTION 7701(A)(30) OF THE CODE) MAY RESULT IN U.S. FEDERAL BACK UP WITHHOLDING FROM PAYMENTS TO THE HOLDER IN RESPECT OF THIS SECURITY.

THIS SECURITY AND RELATED DOCUMENTATION (INCLUDING, WITHOUT LIMITATION, THE AGENCY AGREEMENT REFERRED TO HEREIN) MAY BE AMENDED OR SUPPLEMENTED FROM TIME TO TIME, WITHOUT THE CONSENT OF, BUT UPON NOTICE TO, THE HOLDERS OF SUCH SECURITIES SENT TO THEIR REGISTERED ADDRESSES, TO MODIFY THE RESTRICTIONS ON AND PROCEDURES FOR REALES AND OTHER TRANSFERS OF THIS SECURITY TO REFLECT ANY CHANGE IN APPLICABLE LAW OR REGULATION (OR THE INTERPRETATION THEREOF) OR IN PRACTICES RELATING TO REALES OR OTHER TRANSFERS OF RESTRICTED SECURITIES GENERALLY. THE HOLDER OF THIS SECURITY SHALL BE DEEMED, BY ITS ACCEPTANCE OR PURCHASE HEREOF, TO HAVE AGREED TO ANY SUCH AMENDMENT OR SUPPLEMENT (EACH OF WHICH SHALL BE CONCLUSIVE AND BINDING ON THE HOLDER HEREOF AND ALL FUTURE HOLDERS OF THIS SECURITY AND ANY SECURITIES ISSUED IN EXCHANGE OR SUBSTITUTION THEREFOR, WHETHER OR NOT ANY NOTATION THEREOF IS MADE HEREON). FOR THE AVOIDANCE OF DOUBT, REFERENCES TO THE SECURITY HEREIN INCLUDE BOTH THE SECURITIES AND THE GUARANTEE ON THE SECURITIES."

- (xii) if it is outside the United States and is not a U.S. person, that if it should resell or otherwise transfer (A) any Securities issued by Crédit Agricole CIB prior to the expiration of the Distribution Compliance Period, or (B) any Securities issued by Crédit Agricole CIB FG or Crédit Agricole CIB FS, at any time, it will do so only (a)(i) outside the United States in compliance with Rule 903 or 904 under the Securities Act, (ii) to a QIB in compliance with Rule 144A that, in the case of Securities issued by Crédit Agricole CIB FG or Crédit Agricole CIB FS, is also a QP purchasing the Securities for its own account or for the account of one or more QPs and such interest is exchanged for an interest in a Rule 144A Global Security or (iii) to an IAI that, in the case of Securities issued by Crédit Agricole CIB FG or Crédit Agricole CIB FS, is also a QP, who has delivered a duly executed Investment Letter to the Registrar, and such interest is exchanged for an interest in a Definitive Registered Security and (b) in accordance with all applicable U.S. State securities laws; and it acknowledges that the Regulation S Global Securities will bear a legend to the following effect unless otherwise agreed to by the relevant Issuer:

"THIS SECURITY HAS NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), OR WITH ANY SECURITIES REGULATORY AUTHORITY OF ANY STATE OR OTHER JURISDICTION, AND THE ISSUER OF THIS SECURITY HAS NOT BEEN REGISTERED UNDER THE UNITED STATES INVESTMENT COMPANY ACT OF 1940, AS AMENDED (THE "INVESTMENT COMPANY ACT").

EACH PERSON WHO PURCHASES OR OTHERWISE ACQUIRES AN INTEREST IN THIS SECURITY IS DEEMED TO (1) REPRESENT THAT IT IS (A) NOT A "U.S. PERSON" AND IS ACQUIRING SUCH INTEREST IN AN "OFFSHORE TRANSACTION" PURSUANT TO RULE 903 OR RULE 904 OF REGULATION S UNDER THE SECURITIES ACT AND (B) A "NON-UNITED STATES PERSON" PURSUANT TO THE COMMODITY EXCHANGE ACT, AND (2) AGREE THAT IT WILL NOT OFFER, SELL, PLEDGE OR OTHERWISE TRANSFER SUCH INTEREST EXCEPT (A) TO THE ISSUER, AND (B) IN ACCORDANCE WITH ALL APPLICABLE SECURITIES LAWS OF THE STATES OF THE UNITED STATES. AS USED HEREIN, THE TERMS "OFFSHORE TRANSACTION" AND "U.S. PERSON" HAVE THE MEANINGS GIVEN TO THEM BY REGULATION S UNDER THE SECURITIES ACT AND THE TERM "NON-UNITED STATES PERSON" HAS THE MEANING SET FORTH IN RULE 4.7 UNDER THE COMMODITY EXCHANGE ACT.

TRANSFER IN VIOLATION OF THE FOREGOING WILL BE OF NO FORCE AND EFFECT, WILL BE VOID AB INITIO, AND WILL NOT OPERATE TO TRANSFER ANY RIGHTS TO THE TRANSFEREE, NOTWITHSTANDING ANY INSTRUCTIONS TO THE CONTRARY TO THE ISSUER OF THIS SECURITY OR ANY INTERMEDIARY. IF THE ISSUER DETERMINES THAT ANY BENEFICIAL OWNER OR HOLDER OF THIS SECURITY (i) IS A U.S. PERSON, OR (ii) PURCHASED THIS SECURITY IN BREACH OF THE DEEMED OR ACTUAL REPRESENTATIONS GIVEN BY SUCH HOLDER UPON THE PURCHASE OF THIS SECURITY, THE ISSUER MAY (a) REDEEM THIS SECURITY AT THE EARLY REDEMPTION AMOUNT OR (b) REQUIRE THAT SUCH BENEFICIAL OWNER OR HOLDER SELL ALL OF ITS RIGHT, TITLE AND INTEREST IN THIS SECURITY TO A PERSON WHO IS NOT A U.S. PERSON IN AN OFFSHORE TRANSACTION MEETING THE REQUIREMENTS OF REGULATION S, WITH SUCH SALE TO BE EFFECTED WITHIN 30 DAYS AFTER NOTICE OF SUCH SALE REQUIREMENT IS GIVEN. IF SUCH SALE IS NOT EFFECTED WITHIN SUCH 30 DAYS, UPON WRITTEN DIRECTION FROM THE ISSUER, THE TRUSTEE WILL BE AUTHORISED TO CONDUCT A COMMERCIALY REASONABLE SALE OF SUCH SECURITIES TO A PERSON WHO NOT A U.S. PERSON IN AN OFFSHORE TRANSACTION MEETING THE REQUIREMENTS OF REGULATION S, AND, PENDING TRANSFER, NO FURTHER PAYMENTS WILL BE MADE IN RESPECT OF SUCH SECURITIES OR ANY BENEFICIAL INTEREST THEREIN.

THIS SECURITY MAY NOT BE OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED TO AN EMPLOYEE BENEFIT PLAN WITHIN THE MEANING OF SECTION 3(3) OF THE UNITED STATES EMPLOYEE RETIREMENT INCOME SECURITY ACT OF 1974, AS AMENDED ("ERISA"), SUBJECT TO THE PROVISIONS OF PART 4 OF SUBTITLE B OF TITLE I OF ERISA, A PLAN TO WHICH SECTION 4975 OF THE UNITED STATES INTERNAL REVENUE CODE OF 1986, AS AMENDED (THE "CODE"), APPLIES, AN ENTITY WHOSE UNDERLYING ASSETS INCLUDE "PLAN ASSETS" BY REASON OF SUCH AN EMPLOYEE BENEFIT PLAN'S OR PLAN'S INVESTMENT IN SUCH ENTITY, OR ANY GOVERNMENTAL, CHURCH OR NON U.S. PLAN (A "SIMILAR LAW PLAN") WHICH IS SUBJECT TO FEDERAL, STATE, LOCAL, NON U.S. OR OTHER LAWS OR REGULATIONS THAT ARE SUBSTANTIALLY SIMILAR TO THE PROHIBITED TRANSACTION PROVISIONS OF SECTION 406 OF ERISA AND/OR SECTION 4975 OF THE CODE ("SIMILAR LAWS").

EACH HOLDER AND BENEFICIAL OWNER OF A SECURITY THAT IS NOT A "UNITED STATES PERSON" (AS DEFINED IN SECTION 7701(a)(30) OF THE CODE) WILL MAKE, OR BY ACQUIRING SUCH SECURITY OR AN INTEREST THEREIN WILL BE DEEMED TO MAKE, A REPRESENTATION TO THE EFFECT THAT EITHER (I) IT IS NOT A BANK

EXTENDING CREDIT PURSUANT TO A LOAN AGREEMENT ENTERED INTO IN THE ORDINARY COURSE OF ITS TRADE OR BUSINESS (WITHIN THE MEANING OF SECTION 881(c)(3)(A) OF THE CODE), OR (II) IT IS A PERSON THAT IS ELIGIBLE FOR BENEFITS UNDER AN INCOME TAX TREATY WITH THE UNITED STATES THAT ELIMINATES U.S. FEDERAL INCOME TAXATION OF U.S. SOURCE INTEREST NOT ATTRIBUTABLE TO A PERMANENT ESTABLISHMENT IN THE UNITED STATES, AND (III) IT IS NOT PURCHASING THE SECURITY IN ORDER TO REDUCE ITS U.S. FEDERAL INCOME TAX LIABILITY OR PURSUANT TO A TAX AVOIDANCE PLAN WITH RESPECT TO U.S. FEDERAL INCOME TAXES.

THE FAILURE TO PROVIDE THE ISSUER AND ANY PAYING AGENT WITH THE APPROPRIATE U.S. FEDERAL INCOME TAX CERTIFICATIONS (GENERALLY, A U.S. INTERNAL REVENUE SERVICE FORM W 9 (OR SUCCESSOR APPLICABLE FORM) IN THE CASE OF A PERSON THAT IS A "UNITED STATES PERSON" WITHIN THE MEANING OF SECTION 7701(a)(30) OF THE CODE OR AN APPLICABLE U.S. INTERNAL REVENUE SERVICE FORM W 8 (OR SUCCESSOR APPROPRIATE FORM) IN THE CASE OF A PERSON THAT IS NOT A "UNITED STATES PERSON" WITHIN THE MEANING OF SECTION 7701(a)(30) OF THE CODE) MAY RESULT IN U.S. FEDERAL BACK UP WITHHOLDING FROM PAYMENTS TO THE HOLDER IN RESPECT OF THIS SECURITY.

ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE, AS AMENDED.";

- (xiii) that the relevant Issuer and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements and agrees that if any of such acknowledgements, representations or agreements made by it are no longer accurate, it shall promptly notify the relevant Issuer; and if it is acquiring any Securities as a fiduciary or agent for one or more accounts it represents that it has sole investment discretion with respect to each such account and that it has full power to make the foregoing acknowledgements, representations and agreements on behalf of each such account.

No sale of Legended Securities in the United States to any one purchaser will be for less than U.S.\$100,000 or, in the case of sales to IAIs, U.S.\$500,000 (or its foreign currency equivalent) nominal amount and no Legended Security will be issued in connection with such a sale in a smaller nominal amount. If the purchaser is a non-bank fiduciary acting on behalf of others, each person for whom it is acting must purchase at least U.S.\$100,000 or, in the case of sales to IAIs, U.S.\$500,000 (or its foreign currency equivalent) of Registered Securities.

Selling Restrictions

The following selling restrictions may be modified by the relevant Issuer and the relevant Dealers following a change in the relevant law, regulation or directive and in certain other circumstances as may be agreed between the relevant Issuer and the relevant Dealers. Any such modification may be set out in the subscription agreement (if applicable) in respect of the Tranche to which it is related or in a supplement to this Base Prospectus. For the avoidance of doubt, references to the Securities herein include both the Securities and the Guarantee.

UNITED STATES

The Securities and any Guarantee have not been and will not be registered under the Securities Act, or with any securities regulatory authority of any state or other jurisdiction of the United States and trading in the Securities has not been approved by the Commodity Futures Trading Commission (CFTC) under the Commodity Exchange Act, as amended (CEA), and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

In addition, each of Crédit Agricole CIB FG and Crédit Agricole CIB FS has not been and will not be registered as an investment company under the Investment Company Act by virtue of Section 3(c)(7) of the Investment Company Act which, in general, excludes from the definition of an investment company any issuer whose outstanding securities are owned exclusively by persons who are "qualified purchasers" (as defined in Section 2(a)(51) of the Investment Company Act and the rules and regulations thereunder) and which has not made and does not propose to make a public offering of its securities. Accordingly, any transfer of Securities issued by Crédit Agricole CIB FG and Crédit Agricole CIB FS will also need to comply with the provisions of Section 3(c)(7) of the Investment Company Act.

In connection with any Securities which are offered or sold outside the United States in reliance on an exemption from the registration requirements of the Securities Act provided under Regulation S (**Regulation S Securities**), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or delivered and will not offer, sell or deliver Securities (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution, as determined and certified by the relevant Dealer or, in the case of an issue of Securities on a syndicated basis, the relevant lead manager, of all Securities of the Tranche of which such Securities are a part, within the United States or to, or for the account or benefit of, U.S. persons. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Securities during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Securities within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Until 40 days after the commencement of the offering of any Series of Securities, an offer or sale of such Securities within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Dealers may arrange for the resale of Securities to QIBs pursuant to Rule 144A or to IAIs pursuant to Section 4(2) of the Securities Act and, in the case of Securities issued by Crédit Agricole CIB FG and Crédit Agricole CIB FS, to persons who are also QPs as defined for the purposes of Section 3(c)(7) of the Investment Company Act, and each such purchaser of Securities is hereby notified that the Dealers may be relying on the exemption from the registration requirements of the Securities Act provided by Rule 144A. The minimum aggregate nominal amount of Securities which may be purchased by a QIB pursuant to Rule 144A is U.S.\$100,000 and the minimum aggregate nominal amount which may be purchased by an IAI is U.S.\$500,000 (or, in each case, the approximate equivalent thereof in any other currency). To the extent that each Issuer is not subject to or does not comply with the reporting requirements of Section 13 or 15(d) of the Exchange Act or the information furnishing requirements of Rule 12g3-2(b) thereunder, such Issuer has agreed to furnish to holders of Securities and to prospective purchasers designated by such holders, upon request, such information as may be required by Rule 144A(d)(4).

Each issuance of physically settled Securities, Credit Linked Securities, Commodity Linked Securities or Index Linked Securities shall be subject to such additional U.S. selling and transfer restrictions as the relevant Issuer and the relevant Dealer may agree as a term of the issuance and purchase of such Securities.

US Tax Selling Restrictions

Securities in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations.

Securities that constitute "registration required obligations" under the United States Tax Equity and Fiscal Responsibility Act of 1982, the U.S. Tax Code, or U.S. Treasury regulations and are not considered to be in "registered form" for U.S. federal income tax purposes ("**TEFRA Securities**") are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to or for the account or benefit of a United States person except in certain circumstances, including compliance with (i) U.S. Treas. Reg. §1.163- 5(c)(2)(i)(D) or any successor rules in substantially the same form that are applicable for purposes of Section 4701 of the U.S. Tax Code (the "**TEFRA D Rules**"), or (ii) U.S. Treas. Reg. §1.163-5(c)(2)(i)(C) or any successor rules in substantially the same form that are applicable for purposes of Section 4701 of the U.S. Tax Code (the "**TEFRA C Rules**").

With respect to TEFRA Securities issued in compliance with the TEFRA D Rules, the Issuer and each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (i) except to the extent permitted under the TEFRA D Rules, (a) it has not offered or sold, and during the required restricted period it will not offer or sell such TEFRA Securities to a person who is within the United States or its possessions or to a United States person and (b) it has not delivered and agrees that it will not deliver within the United States or its possessions Securities that are TEFRA Securities that will be sold during the restricted period;
- (ii) it has and agrees that throughout the restricted period it will have in effect procedures reasonably designed to ensure that its employees or agents who are directly engaged in selling such TEFRA Securities are aware that such TEFRA Securities may not be offered or sold during the restricted period to a person who is within the United States or its possessions or to a United States person (except to the extent permitted under the TEFRA D Rules);
- (iii) if it is a United States person, it is acquiring such TEFRA Securities for purposes of resale in connection with their original issuance, and if it retains such TEFRA Securities for its own account, it will do so in accordance with the requirements of the TEFRA D Rules; and
- (iv) with respect to each affiliate or distributor that acquires such TEFRA Securities from the Issuer or a Dealer for the purpose of offering or selling such TEFRA Securities during the restricted period, the Issuer or Dealer either repeats and confirms the representations and agreements contained in Paragraphs (i), (ii) and (iii) above on such affiliate's or distributor's behalf or agrees that it will obtain from such affiliate or distributor for the benefit of the Issuer or Dealer the representations and agreements contained in such Paragraphs.

With respect to TEFRA Securities issued in compliance with the TEFRA C Rules, the Issuer and each Dealer have represented and agreed that:

- (i) it has not offered, sold or delivered, and will not offer, sell or deliver, directly or indirectly, such TEFRA Securities within the United States or its possessions in connection with their original issuance; and

(ii) it has not communicated, and will not communicate, directly or indirectly, with a prospective purchaser if it is within the United States or its possessions or otherwise involve its U.S. office, if any, in the offer or sale of such TEFRA Securities.

Terms used in this Section shall have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended, ("US Tax Code") and the U.S. Treasury regulations promulgated thereunder, including the TEFRA D and TEFRA C Rules.

The Hiring Incentives to Restore Employment Act of 2010 repealed the TEFRA D Securities for TEFRA Securities issued after 18 March 2012. However, in Notice 2012-20, the U.S. Department of Treasury and the U.S. Internal Revenue Service indicated that they intend to provide in regulations that rules identical to the TEFRA D Rules will apply to non-US issuers of TEFRA Securities for purposes of establishing an exemption from the excise tax imposed by Section 4701 of the U.S. Tax Code. (The amount of the excise tax is one per cent. of the principal amount of the obligation, multiplied by the number of calendar years until the obligation reaches maturity.) Consequently, TEFRA Securities issued in accordance with the TEFRA D and TEFRA C Rules should continue to be treated as "foreign targeted obligations" that are exempt from the excise tax.

PUBLIC OFFER SELLING RESTRICTION UNDER THE PROSPECTUS DIRECTIVE

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a **Relevant Member State**), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the **Relevant Implementation Date**) it has not made and will not make an offer of Securities which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to the public in that Relevant Member State, except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Securities to the public in that Relevant Member State:

- (a) if the Final Terms in relation to the Securities specify that an offer of those Securities may be made other than pursuant to article 3(2) of the Prospectus Directive in that Relevant Member State (a **Non-exempt Offer**), in the period beginning on the date of publication of a prospectus in relation to such Securities which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, and ending on the date specified in such prospectus or final terms, as applicable and the relevant Issuer has consented in writing to its use for the purpose of the Non-exempt Offer;
- (b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (c) at any time to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (d) at any time in any other circumstances falling within article 3(2) of the Prospectus Directive,

provided that no such offer of Securities referred to in paragraphs (b) to (d) above shall require the relevant Issuer or any Dealer to publish a prospectus pursuant to article 3 of the Prospectus Directive or supplement a prospectus pursuant to article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an **offer of Securities to the public** in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to

decide to purchase or subscribe the Securities, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression **Prospectus Directive** means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State) and includes any relevant implementing measure in each Relevant Member State and the expression **2010 PD Amending Directive** means Directive 2010/73/EU.

BELGIUM

Offers of Securities, the Base Prospectus and related documents may constitute a public offer in Belgium and may be communicated to or distributed to investors in a way that would constitute a public offer as defined in Article 3 of the Law of 16 June 2006 on the public offer of investment instruments and the admission to trading of investment instruments on a regulated market (*Loi relative aux offres publiques d'instruments de placement et aux admissions d'instruments de placement à la négociation sur des marchés réglementés/Wet op de openbare aanbieding van beleggingsinstrumenten en de toelating van beleggingsinstrumenten tot de verhandeling op een geregelende markt*), as amended or replaced from time to time (the "**Prospectus Law**"). In such circumstances, the offer of the Securities needs to be submitted for prior approval to the Belgian Financial Services and Markets Authority (*Autorité des Services et Marchés Financiers/Autoriteit voor Financiële Diensten en Markten*) (**FSMA**). The FSMA has not commented as to the accuracy or adequacy of any such material or recommended the purchase of the Securities nor will the FSMA so comment or recommend. Any representation to the contrary is unlawful.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme and each other purchaser will be required to represent and agree, that it has not advertised, offered, sold or resold, transferred or delivered and will not advertise, offer, sell, resell, transfer or deliver the Securities, directly or indirectly, to any individual or legal entity in Belgium other than:

- (a) to qualified investors as defined in Article 10 of the Prospectus Law acting for their own account;
- (b) to investors required to invest a minimum of €100,000 (per investor and per transaction);
- (c) in any other circumstances set out in Article 3 §2 of the Prospectus Law; or
- (d) upon prior approval of the Offer of Securities, the Base Prospectus and related documents by the FSMA, as provided above.

FRANCE

Each of the Dealers has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (a) **Offer to the public in France** – it has only made and will only make an offer of Securities to the public in France in the period (i) beginning (A) when a prospectus in relation to those Securities has been approved by the *Autorité des marchés financiers* (**AMF**), on the date of its publication or (B) when a prospectus has been approved by the competent authority of another Member State of the European Economic Area which has implemented the Prospectus Directive 2003/71/EC, as amended, on the date of notification of such approval to the AMF and (ii) ending at the latest on the date which is 12 months after the date of approval of such prospectus – all in accordance with articles L.412-1 and L.621-8 of the French *Code monétaire et financier* and the *Règlement général* of the AMF; or
- (b) **Private placement in France** – it has not offered or sold and will not offer or sell, directly or indirectly, Securities to the public in France, and has not distributed or caused to be distributed and will not distribute or cause to be distributed to the public in France, the Base Prospectus, the applicable Final Terms or any other offering material relating to the Securities, and such offers, sales and

distributions have been and will be made in France only to (i) providers of investment services relating to portfolio management for the account of third parties, and/or (ii) if acting for their own account, to qualified investors (*investisseurs qualifiés*) other than individuals or to a limited group of investors (*cercle restreint d'investisseurs*) – all as defined in, and in accordance with, articles L.411-1, L.411-2, D.411-1 and D.411-4 of the French *Code monétaire et financier* and article 211-2 of the *Règlement général* of the AMF.

REPUBLIC OF GERMANY

The Securities are subject to restrictions provided in the German Securities Prospectus Act (*Wertpapierprospektgesetz*) and any other laws of Germany governing the issue, offering and sale of securities. Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that the Securities have not been and will not be offered or sold or publicly promoted or advertised by it in Germany other than in compliance with the provisions of the German Securities Prospectus Act (*Wertpapierprospektgesetz*) and of the German Asset Investment Act (*Vermögensanlagegesetz*), or of any other laws applicable in Germany governing the issue, offering and sale of securities.

REPUBLIC OF ITALY

The offering of the Securities has not been registered with the *Commissione Nazionale per le Società e la Borsa (CONSOB)* pursuant to Italian securities legislation and, accordingly, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that no Securities may be offered, sold or delivered, nor may copies of the Base Prospectus (including the applicable Final Terms) or of any other document relating to the Securities be distributed in the Republic of Italy, except:

- (a) to qualified investors (*investitori qualificati*), as defined pursuant to article 100 of Legislative Decree No. 58 of 24 February 1998, as amended from time to time (the **Italian Financial Services Act**) and article 34-ter, first paragraph, letter b of CONSOB Regulation No. 11971 of 14 May 1999, as amended from time to time (**Regulation No. 11971**); or
- (b) if it is specified within the relevant Final Terms that a Non-exempt Offer may be made in the Republic of Italy, that each Dealer may offer, sell or deliver Securities or distribute copies of any prospectus relating to such Securities, provided that such prospectus has been (i) approved in another Relevant Member State and notified to CONSOB, and (ii) completed by final terms (if applicable) expressly contemplating such Non-exempt Offer, in an offer of financial products to the public in the period commencing on the date of approval of such prospectus, in accordance with the Prospectus Directive, as implemented in the Republic of Italy under the Italian Financial Services Act and Regulation No. 11971, until 12 months after the date of approval of such prospectus; or
- (c) in any other circumstances which are exempted from the rules on public offerings pursuant to article 100 of the Italian Financial Services Act and article 34-ter of Regulation No. 11971.

In any event, any offer, sale or delivery of the Securities or distribution of copies of the Base Prospectus (including the applicable Final Terms) or any other document relating to the Securities in the Republic of Italy under (a), (b) or (c) above must be:

- (i) made by an investment firm, bank or financial intermediary permitted to conduct such activities in the Republic of Italy in accordance with the Italian Financial Services Act, CONSOB Regulation No. 16190 of 29 October 2007 (as amended from time to time) and Legislative Decree No. 385 of 1 September 1993, as amended (the **Italian Banking Act**);

- (ii) in compliance with article 129 of the Italian Banking Act, as amended, and the implementing guidelines of the Bank of Italy, as amended from time to time, pursuant to which the Bank of Italy may request post-offering information on the issue or the offer of securities in the Republic of Italy; and
- (iii) in compliance with any other applicable laws and regulations or requirement which may be imposed from time to time by CONSOB or any other Italian competent authority.

Investors should note that, in accordance with article 100-bis of the Italian Financial Services Act, where no exemption from the rules on public offerings applies under paragraphs (a) and (c) above, the subsequent distribution of the Securities on the secondary market in Italy must be made in compliance with the public offer and the prospectus requirement rules provided under the Italian Financial Services Act and the Regulation No. 11971. Furthermore, where no exemption from the rules on public offerings applies, the Securities which are initially offered and placed in Italy or abroad to qualified investors only but in the following year are "systematically" distributed on the secondary market in Italy become subject to the public offer and the prospectus requirement rules provided under the Italian Financial Services Act and Regulation No. 11971. Failure to comply with such rules may result in the sale of such Securities being declared null and void and in the liability of the intermediary transferring the financial instruments for any damages suffered by the purchasers of Securities who are acting outside of the course of their business or profession.

PORTUGAL

In relation to the Securities, each Dealer has represented and agreed with the Issuer, and each further Dealer appointed under the Programme will be required to represent and agree, that in relation to any offer or sale of Securities by it in Portugal or to individuals resident in Portugal or having a permanent establishment located in the Portuguese territory, it will comply with all laws and regulations in force in Portugal, including (without limitation) the Portuguese Securities Code (*Código dos Valores Mobiliários* or the *CVM*) enacted by Decree-law nr 486/99, of 13 November 1999 (as amended and restated from time to time), any regulations issued by the Portuguese Securities Market Commission (*Comissão do Mercado de Valores Mobiliários* or the *CMVM*), in particular any regulations on complex financial products (such as CMVM Regulation nr. 2/2012), which requires each Dealer to provide the investors with a key information document in case the complex financial product is offered to at least 5 non-qualified investors (as defined in the CVM) and its individual denomination is less than EUR 100,000), and Commission Regulation (EC) No. 809/2004 implementing the Prospectus Directive, and any the other applicable laws and regulations.

Neither the Securities nor the Base Prospectus have been registered with the CMVM and, accordingly, the Securities may not be offered, sold or distributed in Portugal except:

- (a) in circumstances which do not qualify as a public offer (*oferta pública*) of securities pursuant to the CVM or in circumstances which would not qualify as an issue or public placement of securities in the Portuguese market, such as the offer or sale of Securities to 150 or more addressees who are not qualified investors resident in Portugal (as defined in the CVM); or
- (b) if it has not directly or indirectly distributed and will not, directly or indirectly, distribute to the public in Portugal the Prospectus or any document, circular, advertisements or any other offering material relating to the Securities; or
- (c) if all offers, sales and distributions of the Securities have been and will only be made in Portugal in circumstances that, pursuant to the CVM, qualify as a private placement of Securities (*oferta particular*), all in accordance with the CVM. Furthermore, if the Securities are subject to a placement addressed exclusively to qualified investors as defined in Article 30 of the CVM (*investidores qualificados*), such private placement will be considered as private placement of securities pursuant to the CVM; or

(d) if all offers of the Securities addressed to investors who acquire securities for a total consideration of at least EUR 100,000 per investor, for each separate offer, offers of securities whose denomination per unit amounts to at least EUR 100,000 and offers of securities with a total consideration of less than EUR 5,000,000, which limit shall be calculated over a period of 12 months; or

(e) if the Base Prospectus, the Portuguese version of the Summary and the relevant Final Terms are passported into Portugal.

Pursuant to the CVM, the private placement in Portugal or near Portuguese residents of Securities by public companies (*sociedades abertas*) or by companies that are issuers of securities listed on a market needs to be notified to the CMVM for statistical purposes.

Each Dealer has agreed and each further Dealer appointed under the Programme will be required to agree that it shall comply with all applicable laws and regulations in force in Portugal and with the Directive 2003/71/EC, as amended from time to time, regarding the offer, sale and placement of any Securities in the Portuguese jurisdiction or to any entities which are resident in Portugal, including the publication of a Prospectus, when applicable, and that such placement shall only be authorised and performed to the extent that there is full compliance with such laws and regulations.

SPAIN

Neither the offer of the Securities nor the Base Prospectus have been registered with the Spanish Securities Market Commission (*Comisión Nacional del Mercado de Valores*). Accordingly, the Securities may not be offered, sold or distributed in Spain nor any document or offer material may be distributed in Spain save in compliance with the requirements set out in the Spanish Securities Market Law (i.e. Royal Decree Law 4/2015, of 23 October, which approves the consolidated text of the Securities Market Law /*Real Decreto Legislativo 4/2015, de 23 de octubre, por el que se aprueba el texto refundido de la Ley del Mercado de Valores*), Royal Decree 1310/2005 of 4 November on admission to listing and on issues and public offers of securities, as amended (*Real Decreto 1310/2005 de 4 de noviembre, por el que se desarrolla parcialmente la Ley 24/1988, de 28 de julio, de Mercado de Valores, en materia de admisión a negociación de valores en mercados secundarios oficiales, de ofertas públicas de venta o suscripción y del folleto exigible a tales efectos*), and supplemental rules enacted thereunder or in substitution thereof from time to time.

Accordingly, no Securities may be sold, offered or distributed in Spain except:

(a) in circumstances, which do not constitute a public offering in Spain as per Article 35.2 of the Spanish Securities Market Law and Article 38.1 of Royal Decree 1310/2005, each as amended from time to time, which as of the date of this Base Prospectus include:

(i) an offer of the Securities addressed solely to qualified investors (as they are defined under Article 39.1 of Royal Decree 1310/2005);

(ii) an offer of the Securities addressed to fewer than 150 natural or legal persons per Member State, other than qualified investors;

(iii) an offer of the Securities addressed to investors who acquire securities for a total consideration of at least EUR 100,000 per investor, for each separate offer;

(iv) an offer of securities whose denomination per unit amounts to at least EUR 100,000; and

(v) an offer of securities with a total consideration of less than EUR 5,000,000, which limit shall be calculated over a period of 12 months, or

(b) if the Base Prospectus and the relevant Final Terms are pass-ported into Spain as per Article 39 of the Spanish Securities Market Law (by reference made by Article 34.3 of the Spanish Securities Market Law) and Article 30 of Royal Decree 1310/2005 (by reference made by Article 40 of Royal Decree 1310/2005) and supplemental rules enacted thereunder or in substitution thereof from time to time.

UNITED KINGDOM

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (a) in relation to any Securities issued by Crédit Agricole CIB FG or Crédit Agricole CIB FS having a maturity of less than one year, (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (ii) it has not offered or sold and will not offer or sell any Securities other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or as agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Securities would otherwise constitute a contravention of Section 19 of the Financial Services and Markets Act 2000 (the **FSMA**) by the relevant Issuer;
- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Securities in circumstances in which Section 21(1) of the FSMA does not or, in the case of Crédit Agricole CIB, would not, if it was not an authorised person, apply to the relevant Issuer or (as the case may be) the Guarantor; and
- (c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Securities in, from or otherwise involving the United Kingdom.

CHILE

The Securities may not be offered or sold in Chile, directly or indirectly, by means of a Public Offer (as defined under Law No. 18,045 on Securities Market (the “**Securities Market Law**”) and regulations from the Chilean Securities and Insurance Commission (the “**SVS**”). Chilean institutional investors (such as banks, pension funds and insurance companies) are required to comply with specific restrictions relating to the purchase of the Securities.

HONG KONG

Each Dealer has represented and agreed that and each further Dealer appointed under the Programme will be required to represent and agree that:

- (a) it has not offered or sold and will not offer or sell in Hong Kong, by means of any document, any Securities (except for Securities which are a “structured product” as defined in the Securities and Futures Ordinance (Cap. 571) of Hong Kong) other than (a) to “professional investors” as defined in the Securities and Futures Ordinance and any rules made under that Ordinance; or (b) in other circumstances which do not result in the document being a “prospectus” as defined in the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32) of Hong Kong or which do not constitute an offer to the public within the meaning of that Ordinance; and
- (b) it has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document relating to the Securities, which is directed at, or the contents of which are likely to be accessed or

read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to Securities which are or are intended to be disposed of only to persons outside Hong Kong or only to “professional investors” as defined in the Securities and Futures Ordinance and any rules made under that Ordinance.

JAPAN

The Securities have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Law No. 25 of 1948, as amended; the **FIEA**) and each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that it will not offer or sell any Securities, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Control Law (Law No. 228 of 1949, as amended)), or to others for re-offering or resale, directly or indirectly, in Japan or to a resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and any other applicable laws, regulations and ministerial guidelines of Japan.

SINGAPORE

Each Dealer has acknowledged that this Base Prospectus has not been registered as a prospectus with the Monetary Authority of Singapore (the **MAS**), and the Securities will be offered pursuant to exemptions under the Securities and Futures Act, Chapter 289 of Singapore (the **SFA**). Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer or sell the Securities nor make the Securities the subject of an invitation for subscription or purchase, nor will it circulate or distribute this Base Prospectus or any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Securities, whether directly or indirectly, to persons in Singapore other than (i) to an institutional investor pursuant to Section 274 of the SFA, (ii) to a relevant person pursuant to Section 275(1) of the SFA, or any person pursuant to Section 275(1A) of the SFA, and in accordance with the conditions specified in Section 275 of the SFA or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where Securities are subscribed or purchased under Section 275 of the SFA by a relevant person which is:

(a) a corporation (which is not an accredited investor (as defined in Section 4A of the SFA)) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or

(b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary of the trust is an individual who is an accredited investor,

securities (as defined in Section 239(1) of the SFA of that corporation or the beneficiaries’ rights and interest (howsoever described) in that trust shall not be transferable for six (6) months after that corporation or that trust has acquired the Securities pursuant to an offer under Section 275 of the SFA except:

(i) to an institutional investor or to a relevant person defined in Section 275(2) of the SFA, or to any person arising from an offer referred to in Section 275(1A) or Section 276(4)(i)(B) of the SFA;

(ii) where no consideration is or will be given for the transfer; or

(iii) where the transfer is by operation of law; or

(iv) pursuant to Section 276(7) of the SFA or Regulation 32 of the Securities and Futures (Offer of Investments) (Shares and Debentures) Regulations.

SOUTH KOREA

The Securities have not been and will not be registered under the Financial Investment Services and Capital Markets Act.

The Securities may not be offered, sold or delivered, directly or indirectly, in Korea or to, or for the account or benefit of, any Korean resident (as such term is defined in the Foreign Exchange Transaction Law), except as permitted under applicable Korean laws and regulations. Furthermore, a holder of any Securities will be prohibited from offering, selling or delivering any Securities, directly or indirectly, in Korea or to any resident of Korea, except as permitted by applicable Korean laws and regulations.

SWITZERLAND

Securities qualifying as structured products according to article 5 of the Swiss Collective Investment Schemes Act (the "CISA") may only be distributed to non-qualified investors (*nicht-qualifizierte Anlegerinnen und Anleger*) in or from Switzerland either (i) by means of a listing of such Securities on the SIX Swiss Exchange or (ii) by means of making available a Simplified Prospectus relating to such Securities pursuant to article 5 of the CISA. If neither of these requirements is met, then such Securities may only be distributed to Qualified Investors in or from Switzerland. In such case, this Base Prospectus shall not be despatched, copied to or otherwise made available to, and the Securities may not be distributed to any person in Switzerland, except to Qualified Investors (*qualifizierte Anlegerinnen und Anleger*) as defined in article 10 of the CISA, i.e. to (a) prudentially regulated financial intermediaries such as banks, securities dealers, fund management companies, asset managers of collective investment schemes and central banks, (b) regulated insurance institutions, (c) public entities and retirement benefits institutions with professional treasury departments, (d) companies with professional treasury departments, (e) High-Net-Worth Individuals (as defined below) who confirmed in writing to be Qualified Investors and (f) investors who have concluded a written discretionary management agreement pursuant to article 3 para 2 lit b and c of the CISA, if they have not confirmed in writing that they do not want to be considered as Qualified Investors. "High-Net-Worth Individual" (*vermögende Privatperson*) is a private individual who (i) provides evidence that, based on his/her education and his/her professional experience or based on a comparable experience in the financial sector, he/she has the necessary know-how to understand the risks connected with an investment in the Securities and who owns, directly or indirectly, financial assets of at least CHF 500,000, or (ii) who confirms in writing that he/she owns, directly or indirectly, financial assets of at least CHF 5 million.

Securities qualifying as bonds according to article 1156 of the Swiss Code of Obligation may only be publicly offered in Switzerland (i) by means of a listing of such Securities on the SIX Swiss Exchange or (ii) by means of publication of a prospectus according to article 1156 of the Swiss Code of Obligations. If neither of these requirements is met, then such Securities may only be offered in Switzerland by means of private placement. In such case, this Base Prospectus shall not be despatched, copied to or otherwise made available to, and the Securities may not be publicly offered for sale to any person in Switzerland.

THE PHILIPPINES

THE SECURITIES BEING OFFERED OR SOLD HAVE NOT BEEN REGISTERED WITH THE PHILIPPINE SECURITIES AND EXCHANGE COMMISSION UNDER THE SECURITIES REGULATION CODE. ANY FUTURE OFFER OR SALE THEREOF IS SUBJECT TO REGISTRATION REQUIREMENTS UNDER THE CODE UNLESS SUCH OFFER OR SALE QUALIFIES AS AN EXEMPT TRANSACTION.

TAIWAN

The Securities, if listed on the Taipei Exchange for sale to professional or general investors in Taiwan, may be sold in Taiwan to all professional or general investors, as applicable, or, if not listed in Taiwan, the Securities

may be made available (i) to investors in Taiwan through licensed Taiwan financial institutions to the extent permitted under relevant Taiwan laws and regulations; (ii) to the Offshore Banking Units of Taiwan Banks purchasing the Securities either for their proprietary account or in trust for their non-Taiwan trust clients; (iii) the Offshore Securities Units of Taiwan securities firms purchasing the Securities either for their proprietary account, in trust for their trust clients or as agent for their brokerage clients; (iv) the Offshore Insurance Units of Taiwan Insurance companies purchasing the Securities for their proprietary account or in connection with the issuance of investment linked insurance policies to non-Taiwan policy holders; or (v) outside of Taiwan to Taiwan resident investors for purchase by such investors outside Taiwan, but may not, otherwise be offered, sold or resold in Taiwan.

GENERAL

Each Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree, that it will (to the best of its knowledge and belief) comply with all applicable securities laws and regulations in force in any jurisdiction in which it purchases, offers, sells or delivers Securities or possesses or distributes this Base Prospectus and will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Securities under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries and none of the Issuers, the Guarantor or any of the Dealers shall have any responsibility therefor.

None of the Issuers, the Guarantor and the Dealers represents that Securities may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale.

With regard to each Tranche, the relevant Dealer will be required to comply with such other restrictions as the relevant Issuer and the relevant Dealer shall agree.

GENERAL INFORMATION

This section provides certain additional information relating to all the Securities.

Authorisation

No authorisation procedures are required of Crédit Agricole CIB under French law for the update of the Programme or the giving of the Guarantee. No authorisation procedures are required of Crédit Agricole CIB FS under French law for the update the Programme. However, to the extent that Securities issued under the Programme may constitute *obligations* under French law, issues of such Securities will be authorised as required under French law.

The update of the Programme and the issue of Securities under the Programme have been duly authorised by a resolution of the Board of Directors of Crédit Agricole CIB FG dated 10 May 2016.

In the event that additional authorisation procedures are required in respect of a particular Series of Securities, they will be specified (if required by applicable law) in paragraph 9 of the Final Terms.

Listing of Securities and admission to trading

Securities issued under the Programme may be offered to the public or listed on the Official List and admitted to trading on the Luxembourg Stock Exchange's regulated market and on other stock exchanges and/or regulated markets.

Documents Available

For the period of 12 months following the date of approval of this Base Prospectus, copies of the following documents will, when published, be available for inspection or during normal business hours from the registered office of the relevant Issuer and from the specified office of the Principal Paying Agent for the time being in Luxembourg:

- (i) the *Statuts* (with an English translation thereof) of Crédit Agricole CIB, the Memorandum and Articles of Incorporation of Crédit Agricole CIB FG and the *Statuts* (with an English translation thereof) of Crédit Agricole CIB FS;
- (ii) in the case of Crédit Agricole CIB, as Issuer and Guarantor, the consolidated and non-consolidated audited financial statements in respect of the financial years ended 2014 and 2015 (with an English translation thereof for the consolidated accounts) and in the case of Crédit Agricole CIB FG and Crédit Agricole CIB FS, each as Issuer, the audited financial statements in respect of the financial years ended 2014 and 2015;
- (iii) the most recently published annual audited financial statements and future interim unaudited financial statements of each Issuer and the Guarantor (with an English translation thereof);
- (iv) the Programme Agreement, the Agency Agreement, the Deed of Covenant, the Deed of Guarantee and the forms of the Global Securities, the Securities in definitive form, the Receipts, the Coupons and the Talons and any supplements thereto;
- (v) the Security Valuation Agency Agreement, the Custodian Agreement, the Collateral Management Agreement, the Collateral Monitoring Agency Agreement, the Disposal Agency Agreement, each Pledge Agreement and each Security Trust Deed (save to the extent any such document relates to Private Placement Securities);
- (vi) a copy of this Base Prospectus;

- (vii) any future Base Prospectus and supplements to this Base Prospectus and any other documents incorporated herein or therein by reference;
- (viii) any Final Terms (save that the Final Terms relating to a Security which is neither admitted to trading on a regulated market in the European Economic Area nor offered in the European Economic Area in circumstances where a prospectus is required to be published under the Prospectus Directive will only be available for inspection by a holder of such Security and such holder must produce evidence satisfactory to the relevant Issuer and the Principal Paying Agent as to its holding of Securities and identity); and
- (ix) in the case of each issue of Securities admitted to trading on the Luxembourg Stock Exchange's regulated market subscribed pursuant to a subscription agreement, the subscription agreement (or equivalent document).

Investors should consult the Issuer should they require a copy of the ISDA Definitions or the Credit Derivative Definitions (as such term is defined in the Credit Linked Conditions). In addition, copies of this Base Prospectus and each document incorporated by reference are available on the Luxembourg Stock Exchange's website (www.bourse.lu).

In addition, copies of the applicable Final Terms are available during normal business hours at the specified office of the Registrar and the other Paying Agents and Transfer Agents (save that the Final Terms relating to a Private Placement Security will only be available for inspection by a holder of such Security and such holder must produce evidence satisfactory to the Registrar, other Paying Agents and Transfer Agent as to its holding of Securities and identity).

Copies of each Final Terms relating to Securities, which are admitted to trading on the Luxembourg Stock Exchange's regulated market and each document incorporated by reference, are available on the Luxembourg Stock Exchange's website (www.bourse.lu).

Clearing Systems

The Securities have been accepted for clearance through Euroclear and Clearstream, Luxembourg (which are the entities in charge of keeping the records). The appropriate Common Code and ISIN for each Tranche of Securities allocated by Euroclear and Clearstream, Luxembourg will be specified in the applicable Final Terms. In addition, the relevant Issuer may make an application for any Securities in registered form to be accepted for trading in book-entry form by DTC. The CUSIP and/or CINS numbers for each Tranche of Registered Securities, together with the relevant ISIN and Common Code, will be specified in the applicable Final Terms. If the Securities are cleared through an additional or alternative clearing system the appropriate information will be specified in the applicable Final Terms.

The address of Euroclear is Euroclear Bank SA/NV, 1 Boulevard du Roi Albert II, B-1210 Brussels and the address of Clearstream, Luxembourg is Clearstream Banking, 42 Avenue JF Kennedy, L-1855 Luxembourg. The address of DTC is 55 Water Street, New York, NY 10041-0099.

The address of Euroclear Sweden is Euroclear Sweden AB, Klarabergsviadukten 63, Box 191, SE-101 23 Stockholm, Sweden.

The address of Monte Titoli S.p.A. is Piazza degli Affari 6, 20123 Milan, Italy.

Conditions for determining price

The price and amount of Securities to be issued under the Programme will be determined by the relevant Issuer and the relevant Dealer at the time of issue in accordance with prevailing market conditions.

Yield

An indication of yield in respect of a Series of Fixed Rate Securities will be specified in the applicable Final Terms. The yield is calculated as at the Issue Date of the Securities and on the basis of the relevant Issue Price. As such, the yield specified in the applicable Final Terms reflects the yield to maturity of the relevant Securities as at their Issue Date and is not be an indication of future yield.

Credit Ratings

The rating(s) of the Securities (if any) will be specified in the applicable Final Terms, including as to whether or not such credit ratings are issued by credit rating agencies established in the European Union, registered (or which have applied for registration) under Regulation (EC) No 1060/2009 of the European Parliament and of the Council dated 16 September 2009, as amended by Regulation (EU) No 513/2011 of the European Parliament and of the Council dated 11 May 2011 (the **CRA Regulation**) and are included in the list of registered credit rating agencies published on the website of the European Securities and Markets Authority (www.esma.europa.eu).

Of the Issuers, only Credit Agricole CIB is rated, and such ratings are specified in the section of this Base Prospectus entitled "*General Description of the Issuers*". The Credit Ratings referred to in that section have been assigned by Fitch Ratings Limited, Moody's Investor Services Ltd and Standard & Poor's Credit Market Service Europe Limited each of which is a credit rating agency established in the European Union, registered under the CRA Regulation and are included in the list of registered credit rating agencies published on the website of the European Securities and Markets Authority referred to above. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency without notice.
